Upon a call of the roll the Commissiners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we,Anna C.Fox as principal and H.A.Belleville and Roy Boggs as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($300.00) Three Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 31st,day of July 1939.

The condition of the above obligation is such,that,whereas,on the 7th,day of August 1939,the above bound Anna C.Fox,H.A.Belleville and Roy Boggs,filed their petition with the Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of the Infirmary Ditch in Taylor and Paris Townships,petitioned for by Anna C.Fox,on the course as described in the petition as named above.

Now,if the said Anna Fox et al,will pay all costs,if the prayer of the petition is not granted or if for any cause the petition is dismissed,then this obligation shall be void;otherwise to remain in full force and effect in law.

Anna C.Fox.
H.A.Belleville.
Roy Boggs.

The above bond is approved this 7th,day of August 1939.

OBJECTIONS

The Honorable Board of County Commissioner, Watervile,Ohio.Aug.30,1939.
Union County,Marysville,Ohio.

In RE-Infirmary Ditch.

Gentlemen;

Lest I may not be able to appear Tuesday,Sept,5th,at the hearing on the application in re the cleaning etc,of the above named Ditch I take this opportunity of presenting my objections to the granting of the application.

The application asks that siad ditch be cleaned,etc,from a certain point thereon to the old channel of Mill Creek and there terminate,that being the lower terminus of said Ditch.This point is on my north line,my lands lying on the opposite side of said old channel,and being bounded thereby.

In this connection may I not call your attention to the fact that when the Mill Creek Cut-off was constructed more than fifty years ago,and the dam constructed near the upper end of the Cut-Off to prevent the creek waters from passing through said old channel the old channel was abandoned as a creek and since that time has not beeh a creek.Nor is it a County or Township Ditch.

When you viewed the Ditch yesterday you noticed and your attention was called to the conditions existing at and immediately below the junction of said ditch with the oled channel.You observed that the old channel is filled with silt from the Infirmary Ditch so that there is in reality no outlet for said ditch through the old channel,and that in times of high water coming down said ditch finds its outlet partly through and over my lands.Any thing that will hasten the flow of water through said ditch will add to an increase the damage to my land.Consequently I do not believe it right or just that you should grant the prayer of the application as made to you,or that you have any legal right to do so.

Generally speaking I have a great deal of sympathy for those whose lands are not properly drained,but I believe I may be excused for saying I have no sympathy with those who will drain their own lands by running it onto their neighbors and leaving it there.I hope and wish to believe that those who signed the application had no knowledge as to how it would affect me and others of my neighbors,else they would not have filed this application.

Again may I call your attention to conditions existing in the new channel of Mill Creek between the lands of Mr.Lash and me where stone,gravel,silt and debris has been carried from long distances up stream and deposited almost entirely filling up the stream from one bank to the other and for a distance of several hundred feet along the stream,so effectually blocking the flow of water that even in dry weather the water is backed up both in the old channel and in the new.In the old channel,except in dry weather it is backed up far above the so-called outlet of the Infirmary ditch, and even into the ditch itself.I also call to your attention that a few years ago under a promise of cleaning out the old channel the W.P.A.felled large trees in the old channel and left them there, thus backing up the water;also they cut down willow trees along the bank and threw branches in the water where they have grown up making a growth so dense that the flow of water is greatly retarded.

All this no doubt contributes to the trouble of those whose lands lie along the Infirmary Ditch.Perhaps those who signed the application were not aware of these facts,and do not know that even if the prayer of the petition should be granted,that the water will, in flood times,back up into the ditch so they will not get relief they are expecting to get.

Now I believe there is a way whereby we may cooperate and those owning lands on said ditch may get relief without damage to me or any one else.and I suggest that the applicants file an amended petition or a new petition asking not only for the cleaning of the Infirmary Ditch,but also for the construction of as an outlet thereof of a new ditch,or continuation of the Infirmary Ditch, along the oled channel of Mill Creek to its intersection with the present channel of Mill Creek and for the deepening and cleaning of Mill Creek far enough to give a sufficient outlet for said ditch.

When this is done I will be pleased to cooperate as long as the new ditch follows the course of the old channel,provided of course,that my assessment is just and in proportion to that of others assessed and benefited,and is not more than the benefits to be received,But unless and until this is done I do protest the granting of the prayer of said application and reserve the right to pursue all legal means to prevent any act that will hasten the flow of water through said ditch.

If I am not present at the hearing will you please file and consider this letter as a protest against the granting of the prayer of the application.

Yours very truly,
Arthur C.Longbrake.

To the Union County Board of Commissioners, Marysville,Ohio.Sept,5,1939.

Sirs;since I find it impossible to personally attend the hearing on this date on the proposed Cross Ditch improvement,I wish to make the following statement,unless provisions are included in this or previously made,to take off the water thus dumped on my lands,by affording sufficient outlet to and beyond the junction of the old channel and Mill Creek,we cannot cooperate in the proposed improvement, but shall protest against such action most vigorously.

Respectfully,
Frank Ruppecht.

IN THE MATTER OF THE INFIRMARY DITCH NO.1278-FIRST HEARING.

Auditor's Office,Sept.5,1939.
Commissioners Journal Vol.23 Page 139.

The petition to the Board of County Commissioners,signed by Anna C.Fox,requesting the improvement of the Infirmary Ditch No.1278,located in Taylor and Paris Townships,was read by the Clerk.

A bond,in the amount of $300.00 with Anna C.Fox and H.A.Belleville and Roy Boggs as principal and sureties respectfully,conforming to all the provisions of Section No.6446 of the General Code was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and that it will be conducive to the public welfare,it was moved by Mr.Spain and seconded by Mr. Hamilton that the prayer of the petition be granted,excepting that the termination of the ditch be no further than necessary to give the petitioner a sufficient outlet,and further that the Engineer be directed to make the necessary survey,prepare specifications and apportionment estimated cost of construction and report to the Board of Commissioners on or before the 6th, day of November 1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

IN THE MATTER OF THE ENGINEERS REPORT ON GRASSY FORK DITCH NO.1279.

Auditor's Office,Jan.29,1940.
Commissioners Journal Vol.23 Page 198.

The County Engineer,this daypresented his report,including the estimated cost,assessments, plans and specifications for the proposed improvement of Grassy Fork Ditch No.1279,located in Allen and Paris Townships.

It was moved by Mr.Spain and seconded by Mr.Hamilton that the public hearing on assessments be held in the office of the Union County Commissioners on Monday February 19th,1940,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

HEARING ON ASSESSMENTS ON
GRASSY FORK DITCH NO.1279.

Auditor's Office,Feb.19,1940.
Commissioners Journal Vol.23.Page 211.

The petition for the improvement of Grassy Fork Ditch No.1279,located in Allen and Paris Townships and petitioned for by Chas.W.Barnes et al,was read by the Clerk.

The result of the County Engineer's report containing the number of acres assessed and the apportionment estimated cost of construction was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings the Commissioners rendered the following decisions;

That the Engineer be directed to recheck or resurvey,if necessary,the number of acres assessed against Cecil & Dora Kitchen,Wm.E.& Stella Lester,Louis F.Amrine and George W.Hamilton.

That the Engineer be directed to repair the six or eight inch tile ditch,as requested by George W.Hamilton,across the State Highway No.33,and the lands of Otto Amrine,into Grassy Fork Open ditch,

That the number of acres assessed against Chas.W.Barnes be reduced from 30 to 22 acres.

That Philip Vandereau be assessed for the drainage of 3 acres,which is not entered on the assessment sheet.

At the request of John Gray,representing the estate of Silas Gray,deceased,for the repair of the short tile lateral on his lands be granted and that the expense thereof be assumed by the County,but if a headwall will be requird the cost thereof is to be assumed by Mr.Gray.

That the proposed improvement is necessary and will be conducive to the public welfare,and that the cost will be less than the benefits to be derived.

That the Engineer be directed to advertise for bids on Section No.1.The date of sale to be Monday,March 4th,1940 at two o'clock P.M.

That Section No.2.be constructed by force account.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Engineer's report be accepted as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the construction of the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye" and Mr.Hamilton "aye".

To the Board of Commissioners,
Union County,Ohio.

County Engineer's Office ,March 4,1940.

In obedience to your direction and also in pursuance of the notice duly given as required by law,bids for the work of construction and furnishing materials for the above named improvement were received by me as follows:

E.M.Weston & Son Excavation and Grubbing $300.00 Cash $20.00

I recommend the following bid as the best,E.M.Weston & Son.

Walter E.Griffith,
Engineer.

IN THE MATTER OF CHANGE FROM OPEN TO TILE
DITCH OF GRASSY FORK DITCH NO.1279.

Auditor's Office,March 11,1940.
Commissioners Journal Vol.23 Page 222.

Charles W.Barnes,petitioner for the improvement of Grassy Fork Ditch No.1279,and John Gray,representing the estate of John Gray deceased,appeared before the Board this day,the latter peoposing that the type of improvement of said ditch,from Station 0.00 to Station 2.80,be changed from an open ditch to a 20inch tile ditch through his lands,Mr.Gray agreed to pay an extra assessment of $98.00 and Mr.Barnes agreed to pay an extra assessment of $10.00,the balance of the extra cost of the change from open to tile ditch to be assumed by the County as road benefits.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the bid of E.M.Weston and Son,in the amount of $300.00,received March 4th,1940,be rejected and that the entire improvement be constructed by force account.

Upon a call of the roll the Commissioners voted as follows:Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF APPOINTMENT OF CHAIRMAN OF BOARD OF COMMISSIONERS. Commissioners Journal Vol.23 Page 174.

John B.Gault and Clyde T.Parish recently appointed by the Common Pleas Court to act as County Commissioners in the proceedings to be held on the proposed improvement of Mill Creek No. 1280 met the 28th,day of November with Commissioner L.G.Spain to appoint a Chairman to act in said proceedings.

It was therefore moved by Mr.Gault and Seconded by Mr.Parish to appoint Mr.Spain as Chairman of t said Board.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Parish "aye" and Mr.Gault "aye".

The Commissioners,thereupon,proceeded to view the proposed improvement in accordance with their decision of October 30th,1939.

IN THE MATTER OF THE FIRST HEARING ON MILL CREEK IMP.NO.1280. Auditor's Office,Dec.12,1939. Commissioners Journal Vol.23.Page 178.

Commissioners L.G.Spain and the legally appointed Commissioners,John B.Gault and Clyde T.Parish met this day in special session,in the matter of the proposed improvement of Mill Creek No.1280.

Because of inadequate seating facilities in the office of the Commissioners it was necessary that the hearing be held in the Common Pleas Court Room.

The petition to the Board of Commissioners,signed by Longbrake Bros.,Frank M.Rupprecht and others,requesting the improvement of Mill Creek No.1280,was read by the Clerk.

The bond,in the amount of $600.00,with Frank M.Rupright and Rolla C.Belt as sureties,conforming to all the provisions of Section 6446 of the General Code,was also read by the Clerk.

The record of all previous proceedings as entered in the Journal of the Commissioners was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that a portion of the proposed improvement is necessary and that it will be conducive to the public welfare,it was moved by Mr.Parish and seconded by Mr.Spain that the prayer of the petition be granted ,excepting that the proposed improvement be terminated at approximately 1000 feet below the intersection of what is known as the old channel and the main channel and further that the Engineer be directed to make the necessary survey,prepare plans and specifications and apportionment estimated cost of construction and report to the Commissioners on or before the February 15th,1939.

Upon a call of the roll the Commissioners voted as folows;Mr.Spain "aye".Mr.Gault "aye". and Mr.Parish "aye".

Upon a call of the roll the Commissioners voted as follows;Mr.Sapain "aye",Mr.Gault "aye" and Mr.Parrott "aye".

IN THE MATER OF THE HEARING ON ASSESSMENTS
ON MILLCREEK IMP.NO.1280.

Auditor's Office,March 12th,1940.
Commissioners Journal Vol.23 Page 2

Commissioner L.G.Spain and the legally appointer Commissioners,John B.Gault and Clyde T.Parish met this day in special session,,in the matter of the proposed improvement of Mill Creek No.1280.

The petition to the Board of Commissioners for the improvement of Mill Creek No.1280,petitioned for by Longbrake Bros.,Frank M.Rupprecht and others and the minutes of the first hearing were read by the Clerk.

The result of the Engineer's report of survey,containing the number of acres assessed and the apportionment estimated cost of construction was also read by the Clerk.

A remonstrance against the construction of the proposed improvement,signed by C.B.Isaac,Omar and 32 other interested landowners was presented and read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, the Commissioners rendered the following decisions.

That the number of acres assessed against Will M.Longbrake and Pearl Longbrake be reduced from 60.60 to 31.00 acres.

That reductions of estimated assessments bd made as follows:

Will M.& Pearl Longbrake	31.00	acres	from	$206.16	to $80.30
Same	26.75	"	"	1179.07	" 96.14
Same	78.50	"	"	600.79	" 1300.00
Pearl D.Longbrake	9.09	"	"	69.83	" 33.47

That increases in estimated assessments be made as follows:

Fred & Marea E.Lash	17.00	Acres	from	$218.03	to 268.03
Arthur C.Longbrake	72.50	"	"	1351.58	" 1404.58
Frank M.Rupprecht	49.00	"	"	535.26	585.26
Union County Home	157.00	"	"	241.21	341.21
Union County Fair Grounds	50.00	"	"	123.46	" 273.46
Union County Roads				270.12	" 413.06

That the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived.

That the County Engineer be directed to advertise for bids,the date of sale to be Monday April 8th,1940,at two o'clock P.M.

It was moved by Mr.Gault and seconded by Mr.Parish that the report of the Engineer be accepted as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the cinstruction of the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Gault "aye" and Mr.Parish "aye".

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF ADDITIONAL WORK ON ARTHUR LONGBRAKE FARM-MILL CREEK NO.1280.

Auditor's Office.Oct.7,1940.
Commissioners Journal Vol.23 Page 300.

At the request of Arthur C.Longbrake,and interested landowner on Mill Creek Ditch No.1280 the Commissioners and Engineer viewed the outlet of the old channel into the main channel of Mill Crek and believe that he is justified in requesting that said outlet be improved.

Therefore,this Board hereby directs the County Engineer to straighten the main channel from a point approximately 200 feet below said outlet to a point approximately 300 feet above said outlet as agreed upon at the site.Also that the officials of Marysville be contacted for the purpose of said village assuming part of the costs as it will be a benefit as an outlet for the disposal plant.

This Board further instructs the Engineer to remove the deposits of earth materials at the outlet of the Infirmary Ditch into the Old Channel and to cooperate with Mr.Longbrake in levelling the spoil bank along the old channel by using the necessary county equipment.

IN THE MATTER OF SPREADING SPOIL BANK MILL CREEK IMP.NO.1280.

Auditor's Office,Dec.16,1940.
Commissioners Journal Vol.23 Page 323.

To the Board of Commissioners,
Union County,Ohio.

Marysville,Ohio.Dec.16,1940.

In the matter of spreading the spoil bank along Mill Creek (Old Channel) Ditch No.1280.

Dear Sir: Since the contract of the Matthews Construction Co.,was completed according to the plans and specifications and it was impossible to spread the spoil bank so that it may be cultivated, I think the county should furnish a tractor,grader and two operators to those landowners on which there is a spoil bank in order to get this work done during the spring or summer of 1941.

Walter E.Griffith,Engineer.

A motion was offered by Mr.Hamilton and seconded by Mr.Spain that the recommendation of the County Engineer,as entered above,be approved.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

IN THE MATTER OF EXTRA ASSESSMENTS ON MILL CREEK DITCH NO.1280.

Auditor's Office,Feb.9,1942.
Commissioners Journal Vol.23 Page 444.

After consulting with the Prosecuting Attorney regarding a threatened suit against the County by Arthur C.Longbrake for extra assessments for the spreading of spoil bank along Mill Creek No.1280, which was not in accordance with directions of the Commissioners under date of Dec.16th,1940,a motion was offered by Mr.Hamilton and seconded by Mr.Shaw that the County Auditor be directed to remove said assessments in the total amount of $165.50 from the tax duplicate.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

Feb.9,1942

The opinion of the Prosecuting Attorney is as follows;

To the Board of Commissioners;
Union County,Ohio.

Gentlemen;

In reply to your question for an opinion concerning the added assessments placed on the tax duplicate for the work of levelling or grading the banks on said ditch,I am submitting my opinion herewi th.

I am of the opinion that the said additional levy was an illegal one,because of the fact that the same was never placed in the hands of the County Commissioners for their approval.General Code Section 6484 sets forth very clearly the procedure which must be followed in approving assessments levied.This section of the code can mean but one thing,and that is that all assessments must be approved by the Commissioners before such assessments can be placed on the tax duplicate. Inasmuch as this procedure was not followed in the case in question,the added assessment is therefore illegal.

It therefore now becomes your duty to pass a resolution setting forth this illegality of assessment and directing the County Auditor to remove such from the tax duplicate.

Respectfully submitted,

William L.Coleman,
Prosecuting Attorney.

IN THE MATTER OF THE FIRST HEARING ON CURRIER DITCH NO.1281.

Auditor's Office,March 4,1940.
Commissioners Journal Vol.23 Page 217.

The petition to the Board of County Commissioners,signed by Frank Cary,requesting the improvement of Currier Ditch No.1281,located in Jerome Township,was read by the Clerk.

The Bond in the amount of $250.00,with Frank Cary as principal and Elton M.Kile and Fay Mosier as sureties,conforming to all the provisions of Section No.6446 of the General Code,was also read by the Clerk.

Comments from interested landowners present were invited by the Clerk.

Albert Hammond requested that the tile ditch be extended through his lands to the Frank Cary line,a distance of approximately 150 feet,also that a rip rap headwall be erected.

Harry Marsh requested that the extension of the Currier Ditch be cleaned out and repaired to the Clark and Martin Road and that a lateral to the Currier ditch,known as the Mitchell ditch,be cleaned out and repaired through his lands.

The County Engineer is hereby directed to include in his report an estimate on a new line tile of sufficient size,commencing on the lands of Sarah Mitchell and continuing as far as necessary for proper drainage.

After having heard and carefully considered all of the evidence offered in the proceedings it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.It was therefore moved by Mr.Hamilton and seconded by Mr.Spain that the prayer of the petition and the requests of Mr.Hammond,Mr.Marsh and Sarah Mitchell be granted and that the Engineer be directed to make the necessary survey,prepare plans and specifications and apprortionment assessments and estimated cost of construction and report to this Board of County Commissioners on or before Monday May6,1940.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye". and Mr.Spain "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS ON CURRIER DITCH NO.1281

Auditor's Office Nov.4,1940.
Commissioners Journal Vol.23 Page 308.

The County Engineer this day presented his report,including the estimated cost,assessments, plans,specifications for the proposed improvement of the Currier Ditch No.1281,located in Jerome Township.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the estimated assessments be confirmed and that a public hearing thereon be held in the office of the County Commissioners on Monday December 2d,1940,at ten o'clock A.M.

Upon a call of the the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain"Aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON CURRIER DITCH NO.1281.

Auditor's Office,Dec.2,1940
Commissioners Journal Vol.23 Page 318.

The minutes of the first hearing,under date of March 4th,1940,were read by the Clerk.

After having heard and considered all of the evidence offered in the proceedings the Commissioners rendered the following decisions.

That the number of acres assessed against W.L.& Nora M.Anderson be rechecked and corrected if found to be in error.

That the construction of Section No.1 be withdrawn and the reduction in estimated assessments for said Section be prorated to the drainage area.

That a new 10 inch tile be placed paralell to the 8 inch tile beginning near a tile well on the lands of Harry A.Marsh and continuing to the lands of Sarah Mitchell.

HEARING ON ASSESSMENT S CONTINUED.

That the estimated assessment against James E.& Martha Woods be reduced from $55.96 to $10.91, and that a pipe be placed west of the road on his lands for a crossing.

That the estimated assessments against John and Bertha Schreck be reduced from $60.61 to $45.61.

That the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived.

That the County Engineer be directed to advertise for bids.The date of sale to be Saturday December 28th,1940 at two o'clock P.M.

A motion was offered by Mr.Hamilton and seconded by Mr.Spain that the prayer of the petition be granted and that the report of the Engineer be accepted,as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the construction of the improvement.

Upon a call of the roll the Commissioners voted as followsl Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

OBJECTIONS TO ASSESSMENTS

Mr.F.E.Smith
Auditor of Union County,O.

Plain City,Ohio,Nov.29,1940

Dear Sir;

For benefits derived we believe we are asessed to high on Currier Ditch No.1281, we are to pay our share for repairing present tile,doing away with tile wells and cleaning out of open ditch from and of present tile to Sugar Run or as far as necessary.We would be in favor of a new 8 inch tile crossing road near northwest corner of our farm instead of taking up of present tile and replacing with a larger one.

Respectfully,
John & Bertha Schreck.

Auditor of
Union County.

Plain City,Ohio,Nov.30,1940.

Dear Sir;

For benefits derived we are objecting on our assessment on construction of Currier Ditch No.1281.In a letter to Commissioners we fully explain our stand on this project.If ditch is finaly granted as now planned we will expect damagees to our sod near barn.We will expect 3¢ sq,yd for all that is damaged in any way.We will try to have sod renewed and sold if possible.

Respectfully,

Clarence & Clara Vowell.

IN THE MATTER OF THE ENGINEER(S REPORT ON STONY RUN DITCH NO.1283.

Auditor's Office,June 17,1940.
Commissioners Journal Vol.23 Page 261.

The County Engineer this day presented his report,including the estimated Cost,assessments, plams and specifications for the proposed improvement of Stony Run Ditch No.1283,located in Millcreek Township.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the estimated assessments be confirmed and that a public hearing thereon be held in the office of the Commissioners on Monday July 16,1940 at ten o'clock A.M.

Upon a call of the roll the Commisioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON STONY RUN DITCH NO.1283.

Auditor's Office,July 15,1940.
Commissioners Journal Vol.23 Page 270.

The petition for the improvement of Stony Run Ditch No.1283,located in Millcreek Township, and petitioned for by M.P.& Mildred Haggard,was read by the Clerk.

The result of the Engineer's report and survey,containing the number of acres assessed and apportionment estimated cost of construction of the proposed improvement was also read by the Cle

J.F.Haggard requested that the 12 or 13 inch tile be extended through his lands to the line of his lands and of Norman C.Bown and Mr.Bown requested that said tile be extended 50 feet from that point through his lands.

It was therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the hearing be adjourned untol Monday July 29th,1940 at ten o'clock A.M.and further that the County Engineer be directed to submit,at that time,the estimated cost in accordance with the requests as entered above.

HEARING ON ASSESSMENTS CONTINUED

Auditor's Office,July 25.1940.
Commissioners Journal Vol.23.Page 275.

The minutes of the preceeding hearing on assessments,under date of July 15,1940,were read by the Clerk.

Norman C.Bown withdrew his request that the 12 or 13 inch tile ditch be extended from the line of the lands of J.F.Haggard,t50 feet through his lands.

By reason of an omission on the estimated apportionment assessments as previously submitted for an open ditch J.F.Haggard & Tella Graham were not assessed for grubbing on their lands,in the amount of $65.00,Mr.Haggard therefore,agreed to assume this cost,thus increasing their estimated assessments from $173.89 to $238.98.

The County Engineer estimated that the tile ditch, as requested by J.F.Haggard,would cost approximately $55.00 more than the cost of the open ditch through his lands to the lands of Norman C.Bowen.

It was therefore agreed that J.F.Haggard & Tella Graham assume $37.10 of the extra cost,that $2.00 be assessed to the County Roads and that all other lands affected be assessed an extra 10 pe acre excepting Norman Bown whose lands lay below the terminus of said tile.

After having heard and carefully considered all of the evidence offered in the proceedings it was the opinion of the Commissioners that the proposed improvement is necessary,and will be conducive to the public welfare,and that the cost will be less than the benefits to be derived,,if constructe it was therefore,moved by Mr.Spain and seconded by Mr.Hamilton that the prayer of the petition be granted and that the report of the Engineer be accepted,as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the construction of Section No.1 by force account and to advertise for bids on Sections 2,3,4,the date of sale to be Saturday August 24th,1940 at two o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye", and Mr.Spain "aye".

Arthur F.Bywater has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a 15 inch tile in the line between the lands of Julius Kezertee and Aline W.Bywater;thence following the center line of the open ditch,or near thereto in a southeasterly direction,through and across the lands of said Aline W.Bywater,George W.& Bessie Amrine,Charles W.Schwab to the Maskill-Wolford Road;thence across said road and the lands of D.M.Lee and Addison J.Lee to the Marysville-Marion State Road,and there terminate,or far enough to drain the lands drained therein or affected by this proposed improvement.

The following is the nature of the work petitioned for;The reconstruction of said Lee Ditch by straightening,deepening and widening.

The County Commissioners will view this proposed improvement on the 5th,day of April 1940, Commencing at the upper terminus thereof at ten o'clock A.M.and the first hearibg thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 8th,day of April 1940,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,Co.Auditor.

Auditor's Vault Box No.521 LEE DITCH NO.1284 Transcribed Aug.20,1947.

REMONSTRANCE.

We the undersigned real estate owners,hereby protest against the improvement known as the Lee Ditch,starting on State Route No.4 and ending at the intersection of lands of Bywater and Kezerta,for the following reasons,to-wit;

1st.Said improvement is unnecessary to drain any of the lands through which said proposed improvement passes;that sufficient tile and drainage is now in the lands through which said proposed improvement passes.

2nd. That said improvement will cost more to the property owners than any benefits can be derived from the same.

3rd. That said improvement will not be conducive to the public welfare.

4th. That said lands can be properly drained through existing tiles and drainage now on said lands.

George Amrine, Bessie Amrine, H.B.Brooks, Imo Brooks, S.T.Campbell, Bertha R.Jewell, Kelvin A.Payne, James Nelson, D.M.Lee, Chas.Schwab.

IN THE MATTER OF THE FIRST HEARING ON LEE DITCH NO.1284.

Auditor's Office,April 8,1940. Commissioners Journal Vol.23 Page 234.

The petition to the Board of Commissioners,signed by Arthur F.Bywater,requesting the improvment of the Lee Ditch No.1284,located in Taylor Township,was read by the Clerk.

The bond,in the amount of $200.00,with Arthur F.Bywater as principal and Julius Kezerta and Francis Drumm as sureties,conforming to the provisions of Section Section 6446 of the General Code was also read by the Clerk.

Mr.Bywater asked that the Engineer submit figures for both an open ditch and tile ditch through his lands including a headwall at the outlet of the tile.

After having heard and carefully considered all of the evidence offered in the proceedings it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.It was therefore moved by Mr.Hamilton and seconded by Mr.Spain that the request of Mr.Bywater and the prayer of the petition be granted excepting that said proposed improvement,because of sufficient fall,be terminated on the lands of George W.& Bessie Amrine and further that the Engineer be directed to make the necessary survey,to allow outlet for the 20 inch tile.prepare plans specifications and apportionment estimated cost of construction and report to the Board of Commissioners on or before Monday May 6th,1940.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Sapin "aye".

SPECIFICATIONS

Said ditch and its branches shall be constructed along the line as located by the stakes, and the center shall be 3 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through,shall be covered with broken pieces of til

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners,and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of tile.and in all places it must be covered at least 24 inches,except at t filters.

The tile shall be of the following sizes;
From Sta.0.00 To Sta.10.00 7 inch tile
" " 10.00 " " 17.16 8 " "

At the outlet of each line of tile an iron pipe of the same lineal dimensions lo feet long shall be placed in such manner as to receive the line of tile and not obstruct the flow of the water.

All growing timber standing within 20 feet of the line of the ditch shall be deadened,and all brush must be cut off even with the surface of the ground, and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the landowners to furnish the tile and keep his section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

HEARING ON ASSESSMENTS ON HINES DITCH NO.1285.

Auditor's Office,March 31,1941.
Commissioners Journal Vol.23.Page 357.

The petition for the improvenent of Hines Ditch No.1285,located in Washington Township, and petitioned for by W.H.Hinesmwas read by the Clerk.

The result of the Engineer's survey,containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

The following claim for damages was presented by John H.Montgomery:

In the Matter of the Hines County Ditch,No.1285. March 27,1941.

To the Board of Commissioners of
Union County

The undersignes being the owner of 98 3/4 acres of land situated in the Township of Washington,in the County of Union,and in the State of Ohio,affected by the above named improvment petitioned for by W.H.Hines and others,represents that if said improvement be established upon the route decided upon by your Board,That will sustain damages to the lands owned by him in the sum of $25.00 for the following reasons;By girdling one maple tree,two oak trees,and five elms within 20 feet of either side of the ditch of the above named improvement.

He therfore asks that said sum of $25.00 be allowed to him as damages that will accrue to him from the construction of said improvement.

Signed;
John Montgomery.

After having heard and considered all of the evidence offered in the proceedings,the Commissioners rendered the following decisions;

That the number of acres assessed against Sherman & Elizabeth Creviston be rechecked and corrected if found in error.

That the claim for damages by John H.Montgomery be disallowed but that his proportionate estimated cost be reduced from $46.56 to $31.50 and that the Engineer be directed to remove only those trees on his lands that are absolutely necessary.

That the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived.

That the proposed improvement shall be constructed under proposal No.1 of the Engineer's report.

That the Enginer be directed to advertise for bids.The date to be Monday April 21st 1941 at two o'clock P.M.

A motion was offered by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted and that the report of the Engineer be accepted,as submitted,with theexceptions and provisions as entered above and that he be directed to proceed with the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

Board of Union County Commissioners,
Marysville,Ohio.

Gentlemen;
the above bids are the result of sale of Hines Ditch No.1285.I recommend the contract to Clark & Still at their bid of $114.04 for Section No.2.Also $12.32 extra allowed.

As decided at your meeting of this date concerning the request of O.W.Fisher for the additional estimate,I recommend the award of the contract be delayed until we can reach a satisfactory agreement.

In view of the fact there was no bids received as sealed form for Section No.1,I recommend the contract to Willims McIntine Co.,Marysville,Ohio,at their bid oraly of 7¢ per foot for 7 inch tile delivered,material to meet specifications as required.

Respectfully submitted,
Claude F.Skidmore,Engineer.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the bid of Clark and Still for Section No.2,be approved and accepted providing that proper bond is offered,accepted and filed according to statute. and that the oral bid of Williams & McIntire for the furnishing and deliveri tile also be accepted.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

BOND OF CONTRACTOR.

Clark & Still whose bid of $126.36 for the construction of Section No.2 of the Hines Ditch No.1285,was accepted and approved by the Board of Commissioners,with Clark & Still as principal andH.S.Roosa and Frank Mader as sureties.

It was moved by Mr.Spain and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

To the Board of Commissioners, Marysville,Ohio.April 5,1941.
Union County,Ohio.

Gentlemen;
In the matter of the Hines Ditch No.1285,I wish to make the following report concerning the recheck of the area of the lands of Sherman & Elizabeth Creciston drained by this ditch, according to your request of March 31st, 1941.

I made the recheck Wednesday April 2nd,by placing stakes on the crest of the watershed by taking levels.After the stakes were located,the area was calculated from measurements made to these stakes.

The conslusions made from the survey were that the natural watercourse shed of the Hines Ditch No.1285 drain 16 acres of Sherman & Elizabeth Creviston 21 acre tract and that Union County Roads should be assessed for 1/2 acre.

Mr.Creviston witnessed the work and stated that he had two 5 inch tile draining across t divide taking some water from this watershed.

I recommend that the area for the Creviston lands be not less than that set up the Original Estimate of March 10th,1941.

Respectfully submitted.
Claude F.Skidmore,
Engineer.

IN THE MATTER OF THE ENGINEERS REPORT ON ASSESSMENTS

Auditor's Office,June 23,1941.
Commissioners Journal Vol.23 Page 381.

The County Engineer this day presented his report including the estimated cost,plans,and specifications for the proposed improvement of the Pettey Ditch No.1286,located in Liberty Township and petitioned for by E.G.Pettey.

A motion was made by Mr.Hamilton and seconded by Mr.Shaw that a public hearing be held on assessments,in the Commiss ioners office on Monday July 14th,1941.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON PETTEY DITCH.

Auditor's Office,July 14,1941.
Commissioners Journal Vol.23 Page 387.

The petition for the improvement of the Pettey ditch No.1286,located in Liberty Township and petitioned for by E.G.Pettey,was read by the Clerk.

The result of the Engineer's survey,containing the number of acres assessed and the apportionment estimated cost of construction of the propowed improvement was also read by the Clerk.

Acting upon the complaints of interested landowners,the County Engineer rechecked the number of acres assessed against Lewis R.& Mary Miller and advised that the number of acres should be increased from 2.10 acres to 6.25 acres and that the estimated assessment be increased from 11.38 to 35.65.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the report of the /Engineer be corrected accordingly.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye", and Mr.Hamilton "aye".

The following request for a extension by J.S.Robb & Son had been accepted and the estimated cost thereof included in the Engineer's report.

Union County Commissioners,
Marysville,Ohio. 4/19/41

Sirs;

We are hereby making a request that 20 rods of the ditch on our farm that empties into the Pettey Ditch at our line.

J.S.Robb & Son.

Roy Robb,representing John S.& Roy Robb requested and received the approval of the Commissioners to withdraw the above request for extension.

At the suggestion of the petitioner E.G.Pettey,and the approval of the affected landowners present and the Commissioners it was decided to eliminate that portion of the proposed improvement between Station 0.00 and Station 22.80 of the amin ditch.It was further agreed that ,that poetion of the engineering and other expensed already incurred on that section be prorated to Lewis R.and Mary Miller,W.J.Davie,Arthur W.Lockwood,John S.Robb & Son and Chancie Rogers.

After having heard and carefully considered all of the evidence presented at the proceedings, it was the opinion of the Commissioners that the improvement is necessary and will be conducive to thenpublic welfare and that the cost will be less than the benefits to be derived,if constructed. It was therefore,moved by Mr.Hamilton and seconded by Mr.Shaw that the County Engineer be directed to revise the estimated assessment s and present his report to this Board as agreed by all present at this hearing and further that he be directed to proceed with the construction of said improvement in accordance with the decision as entered above,by advertising for bids.The date of sale to be Monday July 28,1941 at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye".Mr.Shaw "aye" and Mr.Hamilton "aye".

Sworn to before me and subscribed in my presence this 25th,day of June 1940.

Richard L.Cameron,
Judge of Court of Common Pleas.

IN THE MATTER OF THE FIRST HEARING ON RUFFNER DITCH NO.1287.

Auditor's Office,July 22,1940.
Commissioners Journal Vol.23 Page 272.

Walter Robinson,having been appointed by the Court of Common Pleas and having taken the oath of freeholder,acted as Commissioner in the place of O.H.Shaw,an interested landowner.

The petition to the Board of Commissioners,signed by Ray Ruffner,requesting the improvement of Ruffner Ditch No.1287,located in Taylor Township,was read by the Clerk.

The bond,in the amount of $200.00,with Ray Ruffner as principal and W.E.Zolman and George Singer as sureties,conforming to the provisions of Section No.6446 of the General Code was also read by the Clerk.

O.H.Shaw requested the extension of the main tile approximately 1000 feet through his land to the lands of Frank Wilson also a lateral of approximately 350 feet of 8 inch tile to the lands of Frank Wilson.

Frank Wilson requested that the proposed 8 inch tile lateral be extended approximately 1000 feet from the lands of O.H.Shaw west,through his lands.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.It was therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the prayer of the petition be granted and that the Engineer be directed to make the necessary survey,prepare plans and specifications and apportionment estimated cost of construction and report to the Board of Commissioners on or before the 26th,day of August 1940.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Robinson "aye".

OBJECTIONS

To the Board of County Commissioners Marysville,Ohio.Aug.18,1941.

Gentlemen;

I,Mrs.Myrtle Kilgore,present owner of certain real estate in Millcreek Township,Union County,Ohio,hereby place a formal objection to the proposed construction of Liggett Run Ditch No. 1288,My objections are two-fold as follows;

1. At the time said project was first mentioned to my husband,Tom Kilgore,and myself,it was pointed out that our assessment would probably only run two Hundred Dollars,instead of$700.00 as proposed assessmenr bears out.

2. As a further objection,I wish to state that these premises had been sold to the Farm Security Administration under the Bankhead-Jones Farm Tenancy Act,and therefore the purchasers from the Farm Security Administration and the Farm Security Administration itself should have the opportunity to determine for themselves whether or not this project is feasible.

Therefore ,as the objections stated above point out,I,as present title-holder to the premises, object to the project in its entirety.

Mrs.Myrtle Kilgore.

SPECIFICATIONS TILE DITCH.

Said Ditch and Branches Myrtle Kilgore shall be constructed along the line as located by the stakes,and the center shall be feet to the left thereof,and straight,except at the angles, which shall be made in easy rounding curves.
The right of way to be 30 feet each side of ditch.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.
The tile shall be of full capacity and of the best quality,and shall benlaid in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through shall be covered with broken pieces of tile.
No tile shall be laid until they have been examined and approved by the Engineer or Commissioner and after being laid they must be fastened and left uncovered until they have been examined by the Engineer.after which they they shallbe covered to a depth of original surface in all places.

At line between Myrtle Kilgore and N.W.Life Ins,Co.and between Derio and N.W.Life Ins.Co. inlets shall be constructed as follows Sta.19.80 Main Ditch.at fence on Kilgore lateral.by use of standard "T"s and tile drops.

The tile shall be of the following sizes;

Main Ditch.						
475	feet from	Sta. 0.05	to	Sta. 4.80	-14 inch	tile
1600	" "	" 4.80	"	" 20.80	12 "	"

Kilgore Branch						
100					8 "	"
Lateral No.1.						
76		0.32		0.9	16 "	"

At the outlet of each line of tile an iron pipe of the same lineal dimensions on the inside as the line of tile on the outside and 10 feet long shall be placed in the trench in such manner as to receive the line of tile and not tp obstruct the water.

All growing timber standing within 25 feet of the line of the tile must be deadened and all brush must be cut off even with the surface of the ground and said widths shall constitute the right of way.
The contractor must be required to make all connections with all existing lines of tile, the property to furnish the necessary tile,and to keep his section in order until finally completed and accepted.
Repair of this ditch is to mean the removing of the existing tile,grading to the new establishe grade and replacing only tile in good condition.

All tile to be cleaned shall be removed from the trench.

Any broken tile removed from the old ditch shall be placed beyond the spoil bank,accessable to haul away by land owner,and are not to be placed in the ditch with the backfill.

Credit to excavation Contractor for reclaimed tile will be calculated upon the difference in length of new tile and the measured tile in place

Commissioners Journal Vol.23 Page 438.

Ostrander,Ohio.Dec.15,1942.

To the County Commissioners,
Union County.

Gentlemen;
Due to weather conditions making it impossible for me to do excavation on account of frozen ground,I will be unable to finish my work on the Liggett Run Ditch No.1288,on December 15th, 1941 as per specifications.
Pursuant to Section 6487 General Code may I ask for an extension of time 105 days on this contract? Making completion date April 1st,1942.

Yours truly,
R.P.Murphy per P.W.S.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the contractor be granted the extension of time as requested.

IN THE MATTER OF THE FIRST HEARING ON LEEPER DITCH NO.1289.

Auditor's Office,Jan.13,1942.
Commissioners Journal Vol.23 Page 337.

The petition to the Board of Commissioners,signed by Harry Leeper and Harvey S.Wilt,requesting the improvement of the Leeper Ditch No.1289,located in Taylor and Leesburg Townships were read by the Clerk.

The bond,in the amount of $200.00,with Harry Leeper as principal and G.W.Amrine and Kelvin A.Payne as sureties,conforming to the provisions of Section No.6446 of the General Code was read by the Clerk.

Edith Stump made the following request.

Jan,13.1941.

To the Board of County Commissioners
Union County,Ohio.

The undersigned requests an extension of the work petitioned for in a previous petition to continue on to the outlet in BluesCreek.

The work to be of the same nature of the work described in the first petition.

Continuing across the lands of Lottie Cook,Ed Michael,J.G.Smallwood and Edith Stump to terminus of ditch emptying into Blues Creek.

Edith Stump,Per.LeRoy Stump.

Claude Laird stated that all of his land drained into Mill Creek,Lee Staley and Infirmary Lateral ditches for which he was paying assessments at the present time.

After haveing heard and carefully considered all of the evidence offered in the proceedings it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.It was therefore moved by Mr.Shaw and seconded by Mr.Hamilton that the prayer of the petition and the request of the extension,as entered above,be granted and that the County Engineer be directed to make the necessary survey,prepare plans,and specifications and apportionment estimated cost of construction and report to the Board of Commissioners on or before April 7th,1941.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye". and Mr.Hamilton "aye".

EXTRA WORK.

Auditor's Office,June 20,1942.
Commissioners Journal Vol.23 Page 483.

Board of County Commissioners,
Union County.

Gentlemen;
R.P.Murphy,Ostrander,Ohio,was awarded the contract of furnishing the labor for repair of certain tile laterals emptying into the portion of the Leeper Ditch No.1289,the work was estimated based upon such survey and observations as could be made before the construction of the open ditch.

Now,upon the completion of the open ditchmit is found that there laterals to the left of the ditch at Sta.24.50,to the left at about Sta.40.00,and to the right at Sta.29,00 which require repair to place them in working order.

Also the extra work was necessary in repairing of the 6 inch lateral at Sta.29.00 and the 10 inch lateral at Sta.13.80 due to the fact that the spoil bank from the open ditch was placed over the tile.

The following is an itemized account of the cost necessary for the satisfactory completion of the project over and above that contracted.

Sta.13.80	Extra excavation for 10 inch lateral	4.10
" 27.30	" " " 6 " "	1.00
" 29.00	Cleaning and replacing 14' 6" Tile	1.00
" 24.50	Excavating and placing 28' 6" tile	1.50
40.00	" " " 28' 6" tile	1.50
Total		9.10

I would recommend your approval of this extra work inasmuch as the actual cost is considerable under that estimated.

Respectfully submitted,
Claude F.Skidmore,Engineer.

The above request is hereby granted and approved.

OBJECTION.

County Commissioners of
Union County,Ohio.

Cleveland,Ohio.Jan.17,1941.

Dear Sirs.

I recently received a notice from the County Auditor's office regarding the proposed improvement of Albert Ditch No.1290,which passes through and empties into Rush Creek on my farm in Washington Township,Union County.

Not long ago,I examined that part of this ditch that is on my farm and I found that it was in satisfactory condition.There is plenty of fall to the creek and the water is carried off without any trouble.Under the circumstances,I believe that the proposed improvement of this ditch,at least of the lower end is entirely unnecessary and that the expense thereof would not be justified. Accordingly,I object to the petition filde by Dallas J.Heenan requesting the reconstruction of this ditch by grubbing,deepening,straightening and widening,insofar as thee same pertains to that part which is located on my property.

I understand that you will view this proposed improvement on January 22,1941 and will commence hearings thereon January 27th.I would appreciate being kept advised of these proceedings and the ultimate outcome of the hearings.

Very sincerely yours,
Wm.L.West.Individually &
As Agent for Elanor W.Young & Alice W.Williams

IN THE MATTER OF THE FIRST HEARING
ON ALBERT DITCH NO.1290.

Auditor's Office,Jan.27,1941.
Commissioners Journal Vol.23 Page 340.

The petition to the Board of County Commissioners,signed by Dallas J.Heenan,requesting the improvement of the Albert Ditch No.1290,located in Washington Township,was read by the Clerk.

The bond,in the amount of $300.00,with Dallas J.Heenan as principal and Ella J.Heenan and J.T.Heenan as sureties,was also read by the Clerk.

John Sullivan made the following request;

I would like for you to look at the ditch on the Lewis Cooley lands.I want it cleaned out up to where it is tiled and fixed where the tile is broken down.

John Sullivan.

After having heard and carefully considered all of the evidnce offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,the request of Lewis Cooley for a headwall are necessary,It was therefore moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition,except that it ne terminated at the intersection of Silver Run,the request for a headwall be granted and that the County Engineer be directed to make the necessary survey,prepare plans and specifications and apportionment estimated cost of construction and report to the Board on or before March 10,1941

Upon a call of the roll thenCommissioners voted as follows;Mr.,Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT

Auditor's Office Sept.15,1941.
Commissioners Journal Vol.23.Page 404.

The County Engineer this day presented his report,including the estimated cost,plans and specifications for the proposed improvement of the Albert Ditch No.1290,located in Washington Township,and petitioned for by Dallas J.Heenan.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that a public hearing be held in the office of the County Commissioners on Monday October 6,1941 at ten o'clock A.M.

Upon a call of the roll the Commiss ioners voted as follows;Mr.Sapin "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE HEARING
ON ASSESSMENTS

Auditor's Office,Oct.6,1941.
Commissioners Journal Vol.23 Page 411.

The petition for the improvement of the Albert Ditch No.1290,located in Washington Township, and petitioned for by Dallas J.Heenan,was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,and that the cost will be less than the benefits to be derived.It was therefore moved by Mr.Shaw and seconded by Mr.Hammilton that the prayer of the petition be granted,that the report of the Engineer be accepted,as submitted,and further that the Engineer be directed to proceed with the construction of the improvement by advertising for bids,The date to be Saturday November 1,1941 at ten o'clock A.M.

CORRECTION OF ASSESSMENT

Auditor's Office,Dec.6,1941.
Commissioners Journal Vol.23 Page 428.

To the Board off County Commissioners, Marysville,Ohio.Dec.2,1941.
Marysville,Ohio.

Gentlemen;
On November 6th,1941 Forrest Clapsaddle came in my office contending that there was no more than one acre of his farm draining into the Albert Ditch No.1290.Because of work on the farm he said that it was impossible fro him to be present at the hearing on assessments,therefore he made his claim at this time.
On December 1st,Mr.Morse checked this territory in the field,the original territory being taken from former ditches.It is found that there is no more than one and one tenth acre drained instead of 3 acres as set forth in the Engineer's report.
I am submitting this information to you so that you may make an adjustment in your minutes.
I feel that it is just and should be made even though he was slow to make the complaint.

The ditch sold for sufficient less that the estimate that the correction can be made in the final cost.

Respectfully submitted,
Claude F.Skidmore,Engineer.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the recommendation of the County Engineer be approved and that the amount involved be prorated over the drainage area.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

The petition to the Board of Commissioners,signed by Retta Barnett,requesting the improvement of the Retta Barnett Ditch No.1291.located in Taylor Township,was read by the Clerk.

The Bond in the amount of $250.00,with Retta Barnett as principal and Max S.Barnett and J. H.Clark as sureties,conforming to the provisions of Section 6446 of the General Code was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted and that the Engineer be directed to make the necessary survey,prepare plans and specifications and apportionment estimated cost of construction and that he be further directed to start to clean out the open ditch approximately one foot lower than the outlet of the tile and that it be terminated on the lands of Chas.W.& Marjorie Green far enough for a sufficient outlet.The date of the Engineer's report to be July 14,1941

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

OBJECTIONS TO ASSESSMENTS

To the Commissioners of Union County.

Whereas on the 24th,day of June 1941,We the undersigned received notice from the Union Coun Auditor that there would be a final hearing on the Retta Barnett Ditch No.1291,wherein we the undersigned were assessed the sum of $50.00 for the drainage of 25 acres of lands.

We hereby file our objections to the above assessment of $50.00 or any other sum for the follosing reasons.

1st.-That the said improvement would not be of any benefit to us.

2nd.-The damages to our lands would more than exceed the assessment.

3rd.-That the ditch as it now does not hold any water back on any farms above our lands.

4th.-That the outlet asked for in the original petition could be made without entering our lands.

5th.-That should the improvement be carried out would damage our lands more than $50.00 by having dirt piled up on the banks of the siad ditch,and would also be a damage to fences and trees along the ditch.

For the above reasons we hereby file this our objections to the assessments as per notice b the Union County Auditor under date of June 24,1941.

IN THE MATTER OF THE REPORT
OF THE ENGINEER

Auditor's Office,Sept.2,1941. 399
Commissioners Journal Vol.23.Page

The County Engineer,this day presented his report,including the estimated cost,plans and specifications for the proposed improvement of the Mill Race Ditch No.1292,located in Union Township,and petitioned for by Anna Homsher.

It was moved by Mr.Spain and seconded by Mr.Hamilton that a public hearing on assessments be held in the office of the County Commissioners on Monday September 29,1941,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

OBJECTIONS TO ASSESSMENTS

Marysville,Ohio.Sept.29,1941

I,Anna Homsher,do hereby object to assessments of $180.00 against my lots draining into Mill Race Ditch No.1292.

It seems that I am assessed more in proportion than others land owners draining therein.

Anna Homsher.

OBJECTIONS CONTINUED.

To the Commissioners
Union County.

Marysville,Ohio.Sept.7,1941.

I hereby object to the estimated assessment of $80.00 for the improvement of Mill Race Ditch No.1292.
I believe the estimated cost to be greater than the benefits that may be derived.

Minnie C.Lawrence.

Marysville,Ohio.Sept.23,1941

I,Alice H.Howard,hereby object to the number of acres assessed to us on Mill Race Ditch No.1292.I am assessed for 47.50 acres.It is my opinion that 37.50 acres drain into Treacles Creek and the and the other empties into Darby about the dump,thus leaving about 10.00 acres into Mill Race Ditch.

Alice H.Howard,
By Cone Howard.

IN THE MATTER OF THE REPORT OF ENGINEER ON ASSESSMENTS.

Auditor's Office,Aug.18,1941.
Commissioners Journal Vol.23 Page 395.

The County Engineer,this day presented his report,including the estimated cost of construction,assessments,plans and specifications,for the proposed improvement of the Turner Ditch No.1293,located in Paris Township,was read by the Clerk.

It was moved by Mr.Hamilton and seconded by Mr.Spain that a public hearing on assessments be held in the office of the County Commissioners on Monday September 8,1941.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS

Auditor's Office Sept.8,1941.
Commissioners Journal Vol.23 Page 402.

The petition for the improvement of the Turner Ditch No.1293,located in Paris Township,and petitioned for by P.D.Longbrake,was read by the Clerk.

The result of the County Engineer's survey Proposal No.2 containing the number of acres assessed and the apportionment estimated cost of construction or the proposed improvement was also read by the Clerk.

It was the decision of the Commissioners that the estimated cost assessed against P.D. Longbrake,in the amount of $330.26 be reduced to $290.26 actual cost,providing that the actual cost of construction is sufficiently less than the estimated cost to assume said reduction of part thereof.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted and that the report of the Engineer,Proposal No.2 be accepted,as submittedmwith the exception as entered above and further that the Engineer be directed to proceed with the construction of the improvement by advertising for bids.The date of sale to be Monday October 6,1941 at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

Auditor's Office,Aug.29,1941.

Landowners affected by Dixon Ditch No.1294.

Elmer and Anna K.Sivey has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the 15 inch tile on the east margin of the Robinson and Dixon Township Road and the west line of the lands of Elmer and Anna K.Sivey;thence in a southerly and easterly direction across the lands of said Sivey to the Marion-Esses and Byhalia Road,now State Route No.739;thence southerly across said road and the lands of the Prudential Ins Co. to Rush Creek or far enough for a good and sufficient outlet.

The following is the nature of the work petitioned for;the extension of the existing tile to the Marion-Esses and Byhalia Road by using 18 inch tile or tile of sufficient size;thence by deepening, straightening,widening the open ditch to Rush Creek.Also repair of existing tile wherever necessary, beginning at the west line of Elmer and Anna K.Sivey's 50 acre tract in V.M.S.No.10408 to the present outlet.

The County Commissioners will view this proposed improvement on the 19th,day of September 1941,beginning at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners on the 22nd,day of September 1941 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change of route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Frank E.Smith,
Auditor.

IN THE MATTER OF THE FIRST HEARING ON DIXON DITCH NO.1294.

Auditor's Office,Sept.22,1941.
Commissioners Journal Vol.23 Page 406.

The petition to the Board of Commissioners,signed by Elmer and Anna K.Siveylrequesting the improvement of the Dixon Ditch No.1294,located in Jackson Township,was read by the Clerk.

The bond in the amount of $250.00,with Elmer and Anna K.Sivey as principal and J.W.Dysert and Clyde E.Carter as sureties conforming to the provisions of Section No.6446 of the General Code.

The following requests were made for Laterals.

Board of County Commissioners,
Marysville,Ohio.

Richwood,Ohio,Sept.22,1941

Gentlemen;

I hereby request an extension of Dixon Ditch No.182 by checking an old lateral at a point from main ditch thence westerly across the lands of Ray Harriman and into the lands of C.W.Blue far enough for a good and sufficient outlet.New tile to be placed if needed.

I also request the checking of a lateral from a point of the main ditch and across the lands of Ray Harriman in into the lands of C.W.Blue.This lateral being a part of Dixon Ditch as shown on plat.

C.W.Blue.

Richwood,Ohio.Sept.22,1941

We hereby request the checking of the Dixon Ditch from the outlet of the 15 inch tile as stated in the petition;thence northwesterly across thenlands of Roy Harriman,C.W.Blue,Elmer Sivey and into the lands of Leonard Temple.

C.W.Blue & Leonard Temple.

Richwood,Ohio.Sept.22,1941.

I hereby request an extension of Dixon Ditch No.1294 by examination and repair as needed of an existing lateral,draining land east of the Dixon Township Road westerly across said road and on the lands of Leroy Harriman to the main ditch.

Elmer Sivey.

After having heard and carefully considered all of the evidence offered in the proceedings,it was the opinion of the Commissioners that the proposed improvement and the three requests for laterals,as entered above,are necessary and will be conducive to the public welfare. It was,therefore moved by Mr.Shaw and seconded by Mr.Hamilton that the prayer of the petition and the request for said laterals be granted and that the County Engineer be directed to make the necessary survey,prepare plans and specifications and apportionment estimated cost of construction and report to the Board of Commissioners on or before the 1st,day of December 1941.He is further directed to make seperate reports on laterals as requested.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

The County Engineer this day presented his report,including the estimated cost,plans and specifications for the proposed improvement of the Dixon Ditch Np.1294,located in Jackson Township and petitioned for by Elmer & Anna K.Sivey.

It was moved by Mr.Hamilton and seconded by Mr.Spain that a public hearing be held on assessments be hàld at the office of the Commissioners on Tuesday February 24,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye",Mr.Shaw "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON DIXON DITCH No.1294.

Auditor's Office,Feb.24,1942.
Commissioners Journal Vol.23 Page 449.

The petition for the improvement of the Dixon Ditch No.1294,located in Jackson Township and petitioned for by Elmer and Anna Sivey was read by the Clerk.

The result of the Engineer's report containing the num er of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

Upon the recommendation of the County Engineer the number of acres assessed against Charles M.Hodge was increased from 1.00 to 3.10 and the estimated cost from $2.63 to $8.15.

The County Engineer having presented four proposals for the consideration of the interested landowners and the County Commissioners,a motion was made by Mr.Hamilton and seconded by Mr.Spain that proposal No.1 be accepted and further that this hearing be adjourned until Monday March 2, 1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE ADJOURNED HEARING ON ASSESSMENTS

Auditor's Office,March 2,1942.
Commissionerss Journal Vol.23,Page 451.

The minutes of the preceeding hearing on assessments,under date of February 24,1942 were read by the Clerk.

There being no objections offered in the proceedings,it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,and that the cost will be less than the benefits to be derived.It was moved by Mr.Hamilton and seconded by Mr. Spain that the report of the Engineer be approved as submitted and further that the Engineer be directed to proceed with the construction of the improvement by advertising for bids.The date of sale to be Saturday March 28,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye". and Mr.Hamilton "aye".

IN THE MATTTER OF THE ENGINEERS REPORT

Auditor's Office,April 13,1942.
Commissioners Journal Vol.23 Page 465.

The County Engineer this day presented his report,including the estimated cost,plans and specifications for the proposed improvement of the Wolf Run Ditch No.1295,located in Dover Township and petitioned for by Walter C.Rickard.

It was moved by Mr.Spain and seconded by Mr.Hamilton that the public hearing on assessments be held in the office of the County Commissioners on Monday May 17,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

OBJECTIONS TO ASSESSMENTS

County Commissioners
Union County,Ohio.

Marysville,Ohio.May 9,1942.

Gentlemen;

I hereby make objection to my assessment of $42.00 in connection with the construction of the proposed Wolf Run Ditch No.1295 as set forth in the attached card.

Because of the small benefit to be derived from such construction it would seem to me that half the above figure would ne more nearly the correct amount.

Respectfully yours,
Mrs.Avis G.Collier.

To the Honorable Board of
County Commissioners,
Union County,Ohio.

May 8,1942.

In reference to the assessments on account of the proposed construction of Wolf Run Ditch No.1295,Dover Township.

We the undersigned,do hereby object to the proposed assessment as assessed against us and each of us for the following reasons;

1st.our lands would receive but little benefit from the construction of the proposed improvement.

2nd.,that the assessment as proposed on the various tracts and parcels of land alleged to be benefitted is excessive and out of proportion to the benefits that be received if said ditch was constructed as proposed.

3rd.,we have ample and sufficient outlet for the drainage of said land,and have kept the same in repair at our own expense.

4th.,that if the property owners and petitioners along and through the location of said run had not carelessly and negligently permitted their livestock to run in and along said run as now constructed,and or permitted trees and shrubs to grow therealong on their premises,then,the cleaning out of the run as now proposed would not be necessary.

IN THE MATTER OF HEARING
ON ASSESSMENTS

Auditor's Office,May 11,1942.
Commissioners Journal Vol.23 Page 472.

The petition for the improvement of Wolf Run Ditch No.1295,and the minutes of the preceeding hearing,under date of March 23,1942,were read by the Clerk.

The result of the Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the propowed improvement was also read by the Clerk.

Objections to the amount of estimated assessments on the basis that their share of the cost of the proposed improvement will exceed the benefits to be derived therefrom,if constructed,were presented by J.G.B.F.Bump and Annie Anthony,Everett Bump,James I.Myers,Ethel Myers and Avis Collier.

After considerationo of the testimony offered in the proceedings,a motion was made by Mr. Hamilton and seconded by Mr.Spain that the Engineer be directed to prepare revised apportionment estimated cost of construction starting at the outlet of a 15 inch tile,Station 15.00,on the lands of Walter C.Rickard et al continuing to Duns Run or far enough for a good and sufficient outlet and further that this hearing be adjourned until Monday June 1,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE ADJOURNED HEARING ON ASSESSMENTS

Auditor's Office,June 1,1942.
Commissioners Journal Vol.23 Page 476.

The minutes of the preceeding hearing on assessments,under date of Maynll 1942,were read by the Clerk.

An estimated cost of construction starting at the outlet of a 15 inch tile on the lands of Walter C.Rickard was presented by the County Engineer.

The Engineer also presented an informal report of the prpbable cost of construction by blasting which interested the landowners present.

After having heard all of the evidencr offered in the proceedings,it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the Engineer be directed to proceed with the construction of the improvement by advertising for bids.The date to be Saturday June 27,1942.

The Engineer is further directed to defer the letting of the contract and to receive further information in regard to blasting by force account.

Upon a call ofmthe roll the Commissioners voted as follows;Mt.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

Coons et al to W.H.Hines et al;and there terminate,or far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Reconstruction by excavating and grubbing.

The County Commissioners will view this proposed improvement on the 30th,day of April 1942, Commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 4th,day of May 1942 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and the ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE FIRST
HEARING ON FULTON CREEK DITCH NO.1296.

Auditor's Office,May 4,1942.
Commissioners Journal Vol.23 Page 470.

The petiotion to the Board of County Commissioners signed by Gaylord and Howard Lingerel, requesting the improvement of Fulton Creek Ditch No.1296,located in Washington and York Townships, was read by the Clerk.

The bond,in the amount of $350.00,with Gaylord & Howard as principals and C.R.Ballinger and J.H.Jolliff as sureties was also read by the Clerk.

The following request was made for an extension:

Greenville,Ohio.April 15,1942.

Board of County Commissioners
Marysville,Ohio.

Gentlemen;

Referring to petition of Lingerel Brothers,Washington Township clean out Fulton Creek Ditch-petition states cleanout will start at Butler Farm.

I have had a matter of a cleanout or rather straightening of the channel on the Cahill farm at outlet of tile on Cahill farm.Request that your viewing of ditch on April 30, start at this point. We have no objections to clean out but something must be done to channel at outlet of tile mentioned.

Very respectfully,
Alice I.Kinsey,
Per.A.M.Wallace.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the above request be rejected because they c cannot connect with each other consequently constitute two seperate improvements.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye". and Mr.Hamilton "aye".

After further consideration of all of the evidence offered in the proceedings,it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,.It was,therefore,moved by Mr.Spain and seconded by Mr.Hamilton that the prayer of the petition be granted and that the Engineer be directed to make the necessary survey, prepare plans and specifications and apportionment estimated cost of construction and report to the Board of County Commissioners on or before the 29th,day of June 1942.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT

AUDITORS OFFICE NOV.9,1942.
Commissioners Journal Vol.23 Page 507.

The County Engineer this day presented his report,including the apportionment estimated cost,plans and specifications for the proposed improvement of Fulton Creek No.1296,located in Washington Township and petitioned for by Gaylord and Howard Ligerel.

It was moved by Mr.Hamilton and seconded by Mr.Spain that a public hearing be held on assessments in the office of the Commissioners on Monday November 30,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS

Auditor's Office,Nov.30,1942.
Commissioners Journal Vol.23 Page 511.

The minutes of the previous hearing,under date of May 4,1942 were read by the Clerk.

A remonstrance against the proposed improvement,signed by E.C.Butler ,M.J.McElroy et al, on the basis that the cost will exceed the benefits to be derived therefrom,was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard all of the evidence offered in the proceedings the Commissioners made the following decisions.

That the estimated cost for excavation and spreading 5559 cu.yds of material removed be reduced from 30; to 26¢ per cu.yd.

That the estimated assessments against Herbert Coons be reduced to $70.00,Arland Coons to $94.00,Sherman Creviston to $96.00 for the reason that their land,being at the lower end of the ditch,may not be benefited as much as was originally estimated.

That the following recommendation of the County Engineer be approved;

"The Board of County Commissioners,Union County,Ohio, Nov.30.1942.

Gentlemen;At the request of Ora L.Bonham the acreage has been checked in a field and found to be 8.0 acres drained into Fulton Creek ditch instead of 26.67 acres as was formally assessed. I would recommend that this be changed by your Board to 8.0 acres and the cost assessed be altered to $9.20.It is suggested that the difference in the amount,$20.06 be prorated over the balance of th the terrotory,

Respectfully submitted,Claude F.Skidmore,Engineer.

That the proposed improvement is necessary and will be conducive to the public welfare,.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Shaw,that the estimated assessments with the exceptions and provisions as entered above be approved and that the County Engineer be directed to proceed with the construction of the improvement by advertising for bids,the date of sale to be Saturday December 26,1942 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

After having heard and carefully considered all of the evidence offered in the proceedings, granted the affected landowners,at their request,the opportunity to cooperatively clean out the open ditch and repair by replacing the tile on the lands of Grace Kersey and the removal of obstructions to the 10 inch tile lateral at the outlet and in the vicinity of the orchard on the lands of Edward Ehret.It was therefore moved by Mr.Hamilton and seconded by Mr.Spain that the hearing be adjourned until Monday June 22,1942 at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF THE ADJOURNED HEARING ON BIXLER DITCH NO.1297

Auditor's Office,June 22.1942.
Commissioners Journal Vol.23 Page 481

The minutes of the preceeding hearing,under date of May 25,1942,were read by the Clerk.

After discussing the proposed improvement the landowners requested an extension of time to cooperatively clean out the open ditch and repair the tile ditch,as entered in the minutes of the above date.It was,therefore,moved by Mr.Spain and seconded by Mr.Hmailton that the hearing be adjourn until Monday August 31,1942 at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton "aye".

IN THE MATTER OF ADJOURNED HEARING ON BIXLER DITCH NO.1297

Auditor's Office,Aug.31,1942.
Commissioners Journal Vol.23 Page 496.

After further discussion of the proposed improvement by the landowners present,it was the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.

A motion was therefore offered by Mr.Shaw and seconded by Mr.Hamilton that the prayer of the petition be granted using a new line of tile beginning at the line between the land of Eva M. Temple and B.H.Matteson with a 6 inch tile running across the low ground of said Matteson land. thence using 7 inch tile to the line of Edward B.Eheret,thence an 8 inch tile connecting with the old tile at the upper end of the lo inch tile.The tile to cross to the west side of Ehret's hedge fence at his line and being entirely to the west of the original line of tile.And further that the Engineer be directed to make the necessary survey,prepare plans and specifications,and apportionment estimated cost of construction,and reprt to the Board of Commissioners on or before the 12th,day of October 1942.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw"aye",Mr.Spain "aye" and Mr.Hamilton "aye".

EXTENSION OF TIME FOR ENGINEER'S REPORT.

Auditor's Office,Dec.13,1943.
Commissioners Journal Vol.23 Page 580.

Acting upon the request of the County Engineer it was moved by Mr.Farrington and seconded by Mr.Shaw that the time for the filing the Engineer's report on plans and specifications and apportionment estimated cos construction of the Cat Tail Swamp Ditch No.1298,due this date,be extended until Monday December 20,1943.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Farrington "aye".

IN THE MATTER OF THE REPORT OF THE ENGINEER.

Auditor's Office,Dec.20,1943.
Commissioners Journal Vol.23 Page 581.

The County Engineer this day presented his report,including the estimated cost,plans and specifications for the proposed improvement of Cat Tail Swamp Ditch No.1298 petitioned for by George Thiergartner et al.

It was moved by Mr.Hamilton and seconded by Mr.Farrington that a public hearing on assessments be held in the office of the County Commissioners on Monday January 17,1944 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Farrington "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS

Auditor's Office,Jan.17,1944.
Commissioners Journal Vol.23 Page 586.

The result of the County Engineer's survey,containing the number of acres assessed and the apportionment of estimated cost of construction of the proposed improvement was read by the Clerk.

Richard C.Bishop objected to the number of acres draining in to said ditch,which objection was referred to the County Engineer for further investigation.

The following communication from the Pennsylvania Railroad Co. was presented for consideratio

January 12,1944

Commissioners of Union County
Marysville,Ohio.

Gentlemen;

The estimate of cost relative to the above improvement now includes the item of $574.20 for excavation and construction of a rip rap wall at the Pennsylvania Railroad Bridge l.e.bridge No.15 at Station 1279 plus 25.9 on the prints by the County Engineer.

The railroad complny has commenced the construction at said bridge of tie-crib retaining walls at each of the four corners of the bridge whcih will serve the purpose as the rip rap wall included in the estimate above referred tO,The tie-crib walls should be completed by February lst.

Your estimates and assessments pursuant thereto should therefore be revised by eliminating the item above referred to.

In event,you conclude not to revise your estimate and assessments in the manner above suggested, please consider this letter an objection to and a protest against the proposed imp-assessment.

Yours very truly,
R.H,Telfinger
District Solicitor.

After having heard all of the evidence offered in the proceedings, the Commissioners made the following decisions;

That the estimated assessments against the Pennsylvania Railroad Co. in the amount of $574.20 be reduced to $60.00 providing the tie-crib retaining walls,as referred to above,be constructed by Feb.lst,1944.and approved by the County Engineer.

That the estimated assessment against G.C.& M.Scheiderer be reduced form $22.40 to $16.00.

That the estimated assessment on the 64 acre tract in the name of George Thiergartner be reduced from $268.80 to $218.80.

That the total amount of reduced assessments over and above the amount of $60.0 being Commissioners fees charged in error in the cost of construction,be charged to the Union County, Roads.

That the proposed improvement is necessary and will be conducive to the public welfare.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Farrington that the estimated assessments as presented,with the exceptions and provisions as entered above be approved and that the County Engineer be and is hereby directed to proceed with the construction of the improvement by advertising for bids,the date of sale to be Friday February 11,1944 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Farrington "aye".

IN THE MATTER OF BIDS RECEIVED

IN THE MATTER OF THE REPORT OF THE ENGINEER

Auditor's Office Dec.18,1939.
Commissioners Journal Vol.23 Page 182

County Engineer,Walter E.Griffith,this day presented his report,including the estimated cost assessments,plans and specifications for the proposed improvement of the Kimball Joint Ditch located in Rush Township,Champaign County and Allen Township Union County.

After conferring with the Commissioners of Champaign County,it was moved by Mr.Spain and seconded by Mr.Shaw that the public hearing be held on assessments on Jan.15,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS.

Auditor's Office,Jan.15,1940.
Commissioners Journal Vol.23 Page 192.

All members of the Joint Board of Commissioners of Champaign and Union Counties were present.

The petition for the improvement of Kimball Joint County Ditch was read by the Clerk.

The result of the County Engineer's survey,containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings it was the opinion of the Joint Board of Commissioners that the proposed improvement is necessary and that the cost will be less tha n the benefits derived,if constructed,it was therefore moved by Mr.Robison and seconded by Mr.Spain that the report of the Engineer be accepted and that be be instructed as follows;

Confer with the Engineer of Champaign County in reference to the number of acres assessed against Emma O.McCormick and W.H.Davisson and if necessary resurvey their lands.

Advertise for bids on excavation in Section No.1 The date of sale to be Monday Jan.29,1940 at two o'clock P.M.

Proceed with the remainder of the improvement by force account.

OBJECTIONS TO ASSESSMENTS

Milford Center,Ohio.Feb.19.1940

Dear Sir,To whom it may concern,Concerning the big ditch on our place,it seems to me that it is plent high enough estimate.I had a big tile ditch put in last spring on that side of the road and drained to the creek,I expect 9 or ten acers goes under the road through the culvert the other side of our house.France Goff done the work,and when he got through,he said it would drain nine acres,that will certainly will have to come off,there had not ever been an estimate without seeing me,that ditch is a big damage to me every year and I did not sign the petition because I said it would dot do me ten c cents worth of good,to have the ditch repaired,tax the farms that is benefited,I do not ditch into it,someone will have to come out here and look this over.

J.A.& Alice Connor.

To whom it may concern, Milford Center,Ohio.March 7,1940

I think you Commissioners took in plenty of territory for my appraisment,there is 10 or 12 acres of what you have me assessed for drains to the creek,I put in a 5 inch tile last spring that drains all of that low ground on the south side of that ridge that extends from Smith Woods fence to the Butler road goes through the culvert the other side of our house,I do not want to pay for that on that big ditch assessment if I am taxed any more than about $70.00 I will lose confidence in our Commissioners,it takes me a full week to keep the ditch mowed and cleaned.

Yours truly

F.A.Connor.

Dear Mr.Smith; Feb.28,1940.

In regard to the assessment on the ditch,I was very much surprised when I received your card at the amount,I expected it would be about double,but certainly not over four times as much.and it sounds like a joke.It was $48.00 before and $190.50 this time,I was the one to help get the signers,but I did not think of such an expense as that,and there are others who will derive much more benefit than me,and I hope that I may have quite a reduction on mine.

Sincerely,

Mrs.Rosa Kreamer

Auditor(s Office Union County,Ohio.

Received notice of an assessment on a ditch No.1172in Union Township.This ditch does not run through my lot,neither is there any ditch runnning into it,The ditchis on the Ellsworth Ohnsman farm just north of my lot of 1.15 acres.This land formerly belonged to Thomas Stillings deceased, I dont see why I should be assessed.

Stella S Davis

IN THE MATTER OF THE REPORT OF THE ENGINEER.

Auditor's Office,May 20,1940.
Commissioners Journal Vol.23 Page 250.

The County Engineer this day presented his report,including the estimated cost,assessments, plans and specifications for the proposed improvement of Benedict Joint County Ditch,located in York and Bokescreek Townships,Logan and Union Counties respectively.

After conferring with the Commissioners of Logan County,it was moved by Mr.Shaw and seconded by Mr.Spain that the estimated assessments be confirmed and that a public hearing be held thereon in the office of the Union County Commissioners on Saturday June 15,1940 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING
ON ASSESSMENTS

Auditor's Office,June 15,1940.
Commissioners Journal Vol.23 Page 258.

Commissioners L.H.Archer,R.L.Stout and P.A.Wortman of Logan County and O.H.Shaw,George R. Hamilton and L.G.Spain of Union County met in special session,in the matter of the proposed improvement of Benedict Joint County Ditch.

The petition for the improvement of the Benedict Joint County Ditch was read by the Clerk.

The result of the County Engineer's survey,containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, the Joint Board of Commissioners rendered the following decisions;
That the claim for compensation for damages,in the amount of $800.00,presented by Effie M.Jordan et al,be rejected.
That the Engineer be directed to recheck or resurvey,if necessary,the number of acres assessed against Rebecca M.Hines and Ray Peterson.
That the 12 inch tile from Sta.25.27 to Sta.41.20 be omitted and that the 15 inch tile between the above stations be taken up and regraded..
That the proposed improvement is necessary and will be conducive to the pyblic welfare,and that the cost will be less than the benefits to be derived.
That the Engineer be directed to advertise for bids,The date of sale to be Saturday July 20, 1940,at two o'clock P.M.
That a maximum of 10 years shall be given the owners of land benefited to pay the assessments made for the improvement.
It was moved by Mr.Archer and seconded by Mr.Spain that the prayer of the petition be granted and that the report of the Engineer be accepted,as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the construction of the improvement.

Upon a call of the roll the Commissioners all voted "aye".

OBJECTIONS.TO ASSESSMENTS.

West Mansfield,Ohio.5/29/40

Mr.Frank Smith,
Marysville,Ohio.

Sir,in regard to my assessment on Benedict ditch,would say I probaly have about 1/2 asmuch land draining indirectly into it as indicated in notice.However my assessment is not much and will not object to it if they will clean out and slope the banks of the open ditch along the road into which my water goes directly or tile same which would make it still better and safer.I spoke to assistant Engineer about it and he said it would probably be taken care of with the other or by maintainance department,I shall object unless this is taken care of in some manner.

Yours truly
C.C.Wynn.

Mr.Frank Smith,Auditor
Of Union County,Ohio.

West Mansfield,Ohio.May 4,1940.

Dear Sir;We have had notice of the Benedict ditch and wish to say the ditch benefits us in no way,as the water of our farm flows almost in the opposite direction.We wish this to be filed with the County Auditor before the day of hearing,15th,day of June ,and oblige,

Rebecca M.Hines

Mr.Frank E.Smith,
Auditor of Union County.

Dear Sir;In replying to the enclosed card,the proposed ditch work is really a damage to us,however,knowing that our neighbors asking for same need an outlet,we do not think of asking damages,but, feel the assessment is entirely out of proportion as we do not receive any benefit.
It is almost necessary to be on the location to explain and understand this,which I would be glad to do/
Therefore,we feel an amount much less than half would be more equitable,trusting you give this just consideration.

Sincerely,
R.B.Harvey.
6/11/40 West Mansfield,Ohio.

To the Board of County Commissioners,
Union County,Ohio.

Effie M.Jordan et al.
Objection to Assessment and to
Proposed Construction.
Also Claim for Compensation & Damages.

Nw comes Effie M.Jordan and says that she is the owner and tennant in common with Joseph W. Benedict,Alta E.Yore.Ella J.Benedict,Josephine Wallace and Atwell Wallace,in the real estate hereinafter described,and fóles this objection and claim for compensation and damages on behalf of herself and her said co-tenants to the construction and/or assessment therefor of the proposed construction of Benedict Ditch.That she and they are the owners of the following premises,situated in the County of Union,in the State of Ohio,and in V.M.S Survey No.6154 and bounded and described as follows;
Beginning at a stone in the original line of said survey North East corner to a tract of 50 acres heretofore sold to James S.Benedict;thence N.7' E.65 2/3 poles to a stone in Thomas Skidmore's South linelthence S.7' W 65 2/3 poles to a stone in the center of a county Road (at the end);thenc S.83' E.120 poles 7 11 feet to the place of beginning,containing 50 acres more or less

Your claimants object to the proposed construction of said ditch and to being assessed therefor for the following reasons,to-wit;
1. That there is now a 15 inch tile ditch extending across their said farm at the same location and place where the proposed Benedict Ditch is proposed to be located and constructed as shown by the maps,blue prints and plans and specifications on file in office of the County Engineer of Union County,Ohio;that the present ditch is now in use,is in good condition,ample,and fully sufficient and adequate for the drainage of the lands of these claimants;that the said proposed construction of said Benedict Ditch is not necessary or required to drain the lands of these claimants and of no benefit,whatever,to them;

CLAIM FOR DAMAGES CONTINUED.

2.That by the construction of the proposed Benedict Ditch no additional lands of these claimants will be drained,that is in addition to what are now drained by the present ditch now in use,(aforesaid);and that the costs of the said proposed Benedict Ditch would be without benefit and purely loss and expense to the claimants; and that any assessment therefor is and would be unreasonable,unjust,arbitary,and amount to a taking of claimants' property without authority of law.

3.Claimants therefore,and further say that the said assessment of $415.92 against the lands aforesaid,of these claimants was and is not made upon the basis of benefits to their said lands, above described,as required by law;and should be disapproved and wholly set aside.

Your claimants further say that they have not been informed as to all the plans and specifications of the said proposed ditch and that among other things the said construction of the proposed Benedict Ditch will be detrimental to them and a damage to them,to-wit;

That the said proposed construction is for the benefit,exclusively,of upper owners,and no benefit to themse claimants,and that these claimants should be compensated on account of the additional servitude and the taking and using of their said lands therefor;that farming operations will be hindered and same will interfere with the use and occupation and quiet enjoyment of their said premises;that crops will be damaged and destroyed;that the fertility of the soil will be lessened;that the tillability of the soil in proximity to said ditch will be made more difficult; that there will be damage to fencesland there will be other injury,inconvenience,loss and damages; and thse claimants therefore claim damages herein in the amount of Eight Hundred dollars ($800.00)

Wherefore,your claimant,for the reasons herein stated objects to the said assessment and asks that the same be declared illegal and set aside and held for naught;that said proposed construction be not granted; and that these claimants may have compensation and damages in the sum of $800.00 andfor all other and further relief to which they may be entitled.

Fred Markley
Attorney for Claimants.

The State of Ohio.
Hardin County,SS.

Effie M.Jordan being first sworn says that she is one of the claimants herein,that the facts stated and the allegations contained in the foregoing objection to assessment and to proposed construction and claim for compensation and damages are true as she verily believes.

Effie M.Jordan,

Sworn to before me and subscribed in my presence this 11th day of June 1940.

Fred Markley,
Notary Public,Hardin County.

Petitioners.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Engieer be directed to make the necessary survey,prepare the estimated cost of repair and make his report to the Board of Commissioners for their consideration.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

To the Board of Commissioners,
Union County,Ohio.

Engineer's Office,Oct.9,1940.
Marysville,Ohio.

In the matter of the repair of the Landon-Patton Ditch No.380 (tile section) as requested by Clara E.Price et al.

Gentlemen;

I proceeded to make the necessary examinations,March 6,1940, on said tile and have that portion of the ditch repaired which is located between the MarionOEssex-Byhalia Road Route 739 and the Huber & Hazen Road-County Highway No.316.

Approximately 3300 feet had to be excavated and taken up,cleaned,regraded and relayed in order to have them drain properly.Most of the grubbing along the line of the ditch was done by the landowners.

The 24" line of tile located between the county road and the open ditch being approximately 2800 feet,should be taken up,regraded and relayed so that the tile will drain properly,and should be lowered at least one foot at the outlet as a portion of said tile is 6 inches below grade.

The estimate cost does not include the repair of the 24 inch line of tile since the number of signers were not sufficient on the petition.

Respectfully submitted,
Walter E.Griffith,Engineer.

OBJECTIONS TO ASSESSMENTS & CLAIM FOR DAMAGES

Frank E.Smith,
Co.Auditor of Union Co.

Marion Ohio.Dec.26,1940

Dear Sir;
I received notice of assessment on Landon Patton Ditch and it is out of reach for me,I still have a couple of payments on the last special tax on that same ditch,I am not able to pay cash and I am not paying one red cent on it until they finish the work as they promised.This ditch work has been a dirty deal as we were supposed to have a hearing on assessments to see if we could see our way through,which we did not get,I also hear that they took off $9.00 on Mr.Kersey's part of special tax,If there is no way to help this situation you will havto extend the time for the next ten years,I am making an awful effort to pay for a small addition to my farm which bought 3 years ago and when you give half to get it done you do not have much left to pay expenses with when taxes assessed payments are made,at prices we get,I certainly like a square deal.

Yours truly

Della Reeley Tilton.

P.S.Do not put any assessment on this coming tax duplicate.

November 11,1940.

Dear Sir;
Will you please sheck acreage of our farm drained by Landon Run Ditch.

We are at end of ditch and in previous taxes have been listed as having 6 acres drained by it,while this last notice gives 12 acres.Think there must have been some mistake in this estimate

C.E.Kersey

Claim for Damage.

Richwood,Ohio.Oct.30,1940.

The undersigned,Emmett Decker,of Jackson Township,Union County,Ohio,submits this claim to the Commissioners of Union County,Ohio,based on damage done to the field and soy beans therein located on the farm of 100 acres in Jackson Township,Union County,Ohio,in connection with the repair of the County ditch commonly known as Landon Run.

Claimant states a strip 418 feet long by 10 feet wide,another 912 feet long and 10 feet wide and another 760 feet long and 10 feet wide,a total of 20,900 sq.ft of soy beans,were completely destroyed of the 1940 crop and deep wheel tracks were made along said ditch in the process of said repair.

Claimant therefore submits his claim for said damages in the amount of Twenty-five Dollars.

Emmett Decker.

IN THE MATTER OF THE ENGINEER'S REPORT

Auditor'snOffice,Oct.14,1940.
Commissioners Journal Vol.23 Page 302.

The County Engineer this day presented his report including the estimated cost and assessments plans and specifications for the proposed improvement of the LandonOPatton Run Ditch Repair No.380 located in Jackson Township.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the estimated assessments be confirmed and that a public hearing be held in the office of the County Commissioners on Tuesday November 12th,1940 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS

Auditor's Office,Nov.12,1940.
Commissioners Journal Vol.23 Page 310.

The petition for the repair of Landon-Patton Ditch No.380 in Jackson Township and petitioned for by Clara E.Price et al,was read by the Clerk.

The result of the Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard from the interested landowners present it was moved by Mr.Spain and seconded by Mr.Hamilton that the hearing be adjourned until Thursday November 14th,1940 at one o'clock P.M.in order that the County Engineer may be consulted in reference to the drainage area.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS

Auditor's Office,Nov.14,1940.
Commissioners Journal Vol.23 Page 311.

The minutes of the preceeding hearing under date of November 12th,1940,were read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Commissioners that the proposed improvement is necessary and that the cost will be less than the benefits to be derived,if repaired,It was,therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the prayer of the petition be granted,that the request for damages by Emmett Decker in the amount of $25.00 be allowed,that the Engineer be directed to recheck and correct, if necessary,the number of acres assessed against Everet B.Markey,C.E.Kersey,Earl Patterson and Lillie L Price and proceed with the construction of the improvement fy force account.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

It was moved by Mr.Hamilton and seconded by Mr.Spain that the estimated assessments be confirme and that a public hearing thereon be held in the office of the Union County Commissioners on Thursday August 15.1940 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Griffith "aye",Mr.Lott "aye", Mr.Rowlands "aye",?r.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS

Auditor's Office,August 15.1940.
Commissioners Journal Vol.23 Page 281.

Commissioners Floyd Griffith,Homer Lott and Paul Rowlands of Delaware County,and O.H.Shaw, Geo.R.Hamilton and L.G.Spain of Union County met this day in special session,in the matter of the proposed improvement of the Liggett Joint County Ditch.

The petition for the improvement of the Liggett Joint County Ditch,located in Delaware and Union Counties and petitioned for by Leroy Larcomb et al was read by the Clerk.

The result of the Engineers survey,containing the number of acres assessed and the apportionmen estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings, it was the opinion of the Joint Board of Commissioners that the propowed improvement,is necessary and that the cost will be less than the benefits to be derived,if constructed.

A motion was offered by Mr.Griffith and seconded by Mr.Hamilton that the report of the Engineer on Section No.1.considting of deepening,straightening and widening the open ditch from Sta.).00 to Sta.28.12 be approved as submitted eexcepting that the estimated assessment of J.Calvin Calhoun be reduced 50% and that the banks be sloped in such a manner as to provide an easyycrossing at a place designated by Mr.Calhoun and further that the Engineer be directed to advertise for bids by posting in the usual place.The date of sale to be Monday September 9,1940.

Upon a call of the roll the Commissioners voted as follows;Mr.Griffith "aye",Mr.Lott "aye", Mr.Rowlands "aye",Mr.Shaw "aye",Mr.Hamilton "aye".and Mr.Spain "aye".

A second motion was offered by Mr.Hamilton and seconded by Mr.Lott that the final decision on Section No.2 located entirely in DUnionre County ,consisting in repairing the tile ditch draining into the open ditch be delegated to the Commissioners of Union County and further that the County Engineer be directed to recheck the number of acres assessed and present a revised report on estimated assessments to the Union County Board on or before Monday August 26.1940.

Upon a call of the roll the Commissioners voted as follows;The Joint Board all voted "aye".

REPORT OF ENGINEER ON TILE SECTION REVISED.

Auditor's Office,Aug.26,1940.
Commissioners Journal Vol.23 Page 285.

The County Engineer this day presented his report on the tile section of the proposed Liggett Larcomb Joint County Ditch,located in Delaware and Union Counties,as directed by the Joint Board of Commissioners on August 15,1940,including the estimated cost,assessments,plans and specifications.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the estimated assessments be confirmed and that a public hearing thereon be held in the office of the County Commissioners on Monday September 16,1940 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS

Auditor's Office,Aug.16,1940.
Commissioners Journal Vol.23 Page 293.

The minutes of the preceeding hearing,uder date of August 15,1940,were read by the Clerk.

The result of the County Engineer's survey,containing the revised number of acres assessed and the apportionment estimated cost of construction of the proposed improvement,was also read by the Clerk.

R.C.Keckel and K.M.Moore,assistant Engineers for the C.C.C.& St.Louis R.R.Co.agreed to the proposal that,in lieu of their estimated assessment lf $15.00,their company place the necessary tile on the grade as laid out by the County Engineer,within their right-of-way.The drainage area to furnish alll required material.

After having heard and considered all of the evidence offered in the proceedings,it was the opinion of the Commissioners that the proposed improvement is necessary and that the cost will be less than the benefits to be derived,if constructed,it was therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the prayer of the petition be granted,the agreement with the C.C.C.& St.Louis R.R.Co. be accepted and that the report of the Engineer be approved,as submitted,with the exception as entered above and that he be directed to proceed with the improvement by force account.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye" and Mr.Spain "aye".

John M.Noelp asked that a record be made of his request that a larger pipe be submitted for the present pipe on the railroad right-of-way in the event that said pipe does not prove adequate for proper drainage.

IN THE MATTER OF ORGINIZATION OF A JOINT COUNTY BOARD OF COMMISSIONERS.

Auditor's Office,Nov.12,1943.
Commissioners Journal Vol.23 Page 574.

The Madison and Union County Boards of Commissioners met this day,in special session,with the following members present;Mr.Armstrong,Mr.Mink and Mr.Plymell of Madison County,and Mr.Hamilton, Mr Shaw and Mr.Farrington of Union County.

As provided for in Section No.6538 of the General Code the Commissioners in each of the Counties affected by the proposed improvement shall meet and organize a Joint Board of Commissioners by electing one of their members president.

A motion was,therefore made by Mr.Mink and seconded by Mr.Farrington that Mr.Hamilton be desiginated as President of said Joint Board of Commissioners.

Upon a call of the roll the members of the Joint Board all voted "aye".

The Jpint Board of County Commissioners thereupon proceeded to view the proposed improvement as provided for in Section No.6450 of the General Code.

IN THE MATTER OF THE FIRST HEARING ON THE SWEENEY JOINT COUNTY DITCH.

Auditor's Office,Nov.15,1943.
Commissioners Journal Vol.23 Page 576.

The Madison and Union Boards of County Commissioners met this day in special session,with the following members present;Mr.Armstrong,Mink and Plymell of Madison County and Hamilton,Shaw and Farrington of Union County.

The petition to the Joint Board of Commissioners,signed by W.W.Randolph,John J.Scott and H.W.Boerger,requesting the improvement of the Sweeney Joint County Ditch,was read by the Clerk.

The bond,in the amount of $350.00,with W.W.Randolph as principal and B.E.Thomas and Alice Randolph Stilleings as sureties was also read by the Clerk.

Henry W.Boerger requested that a headwall be constructed at the outlet of a 24 inch tile on his lands.

Herman M.Mayer requested that a sewer be constructed across S.H.No.161 with the approval of the State Highway Department.

After having heard and carefully considered all of the evidence offered in the proceedings, it is the opinion of the Joint Board of Commissioners that the proposed improvement is necessary and will be conducive to the public welfare.

A motion was,therefore,made by Mr.Mink and seconded by Mr.Shaw that the prayer of the petition the requests of Henry W.Boerger and Herman M.Mayer,as entered above,be granted,and further that the Union County Engineer be designated and is hereby directed to make the necessary survey,prepare plans specifications and apportionment estimated cost of construction and report to this Joint Board on February 14th,1944.

Upon a call of the roll the Joint Board of Commissioners all voted "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS.

Auditor's Office,March 18,1946.
Commissioners Journal Vol.24 Page 149.

Claude F.Skidmore,County Engineer,this day filed his report on the estimated cost and assessments on Dun's Run Ditch No.1300,located in Dover and Paris Townships,Union County,Ohio,with the Board of County Commissioners for their consideration.

After that all parties affected or benefited by the proposed improvement,had been notified according to law,that it would be conducive to the public welfare of the general public,Mr.White moved that we adopt the Engineer's report except as amended,by reducing James H.Gay's assessment $100.00 due to the fact ehat he had done some of the grubbing on his land at his own expense,also reducing the assessment of W.B.Smith's land $50.00 if the sale price makes it possible,and by reducing Stanley Belleville by 1 1/4 acres and in the amount of $3.00 if sale price provides.

And that the County Auditor be directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in semi-annual installments.

Mr.Farrington seconded the motion of the aforesaid and upon roll call the Commissioners voted as follows;Mr.Robinson "aye",Mr.White "aye" and Mr.Farrington "aye".

Also a motion by Mr.Farrington and seconded by Mr.White that the Engineer be directed to advertise according to law,and sell to the lowest bidder according to the plans approved.

Upon a call of the roll the Commissioners voted as follows;Mr.Robinson "aye",Mr.White "aye" and Mr.Farrington "aye".

IN THE MATTER OF BIDS RECEIVED

IN THE MATTER OF THE FIRST HEARING ON ASSESSMENTS.

Auditor's Office,May 28,1945.
Commissioners Journal Vol.24 Page 75.

The petition for the improvement of the Crippen Ditch No.1301,located in Dover Township, petitioned for by Leroy Larcomb,was read by the Clerk.

The result of the Engineer's report containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard all of the evidence offered in the proceedings,the Commissionered rendered the following decisions;That the ditch be granted as the Engineer's report shows the apportionment ,except that the assesment upon Clyde B.Thompson's land be reduced to $2.50 per acre,the reduction to be assumed by any saving in the sale of the work or charged to the road benefit if reduction by sale is not sufficient.

That the Engineer be directed to advertise for bids,according to law,for the sale and construction of the work,The date of sale to be Monday June 25th,1945.

A motion was made by Mr.Robinson and seconded by Mr.White that the prayer of the petition be granted and that the report of the Engineer be accepted,as submitted,with the exceptions and provisions as entered above,and that he be directed to proceed with the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Farrington "aye",Mr.White "aye" and Mr.Robinson "aye".

In the matter of the morris Ex.Ditch-Filing of petition.

Auditor's Office,Nov.19,1945.
Commissioners Journal Vol.24 Page 120

The Union County Auditor,this day presented a petition,signed by Lotta Morris,requesting the Re-location,reconstruction and repair by tileing,grubbingmetc,of the Morris Extension Ditch located in Leesburg Township V.M.S.3693 and 6033,on the course hereinafter set forth.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termino of said proposed improvement,to-wit; Commencing with the line of tile at the point where the Morris Ex.Ditch crosses the north line of V.M.S.3693 on the 40 acres owned by L.Morris and Louise Morris Clark near the east line of the Kinney Pike;thence leaving the old tile in an easterly directin to the north easterly corner of said 40 acres tract; thence northerly on the 75 acre tract owned by Daniel M.Eddy a distance of approximately three rods to join the old ditch at the point where the old tile bends to the northerly direction.

Also a lateral to the above,beginning at the existing tile in the east ditch of the Kinney Pike and near the north line of said 40 acre tract owned by L.Morris and Louise Morris Clark; thence in a southeasterly direction to the point of joining the above described main ditch.

The following is the nature of the work petitioned for;reconstruction of the old tile ditch by placing a new tile on the line as described above to eliminate the portion of the old tile filled with roots and hereafter avoid the root hazard prevalent with the fence row along the south lime of said Daniel M.Eddy's 75 acre tract.Also the cleaning and grubbing of the main ditch below the points where necessary.

Names and addresses,where known,of the landowners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

OBJECTIONS

July 29,1946.

Gentlemen;

I object to the construction of the Cow Run Ditch on my farm at this time when prices are so high.I just cannot pay such a price and I ask that the construction of this ditch be postponed.

I also wish to state I think there is a mistake in the estimated number of acres of my farm that the Cow Run drains.

Dollie Opphile.

To whom it may concern. Marysville,Ohio.7/26/46

Dear Sirs;

This is to inform you that the assessment made against me on the Cow Run Ditch is not in line with other taspayers.

If I would be taxed on the low land there are only about 4 acres that need the ditch to drain into,the balance of the land taxable lay high enough to drain naturally and therefore would be rated at a lower rate.

Yours very truly
Paul K.Boerger.

Board of County Commissioners
Union County,Ohio. Marysville,Ohio.July 29,1946.

Gentlemen;

The undersigned hereby remonstrate against the proposed ditch improvement as numbered and designated as "Proposed Cow Run Ditch No.1305"for the following reasons.

1.That the costs of the proposed improvement is more than the benefits.
2.That the amount of land assessed against the undersigned is more land than is benefited by said improvement.
3.That the amount of the proposed assessment is more than the benefits to lands owned by the undersigned.
4.That not more than 20 acres of land owned by the undersigned will be benefited by the proposed improvement in any manner;that all of the land of the undersigned is naturally drained and that no increased benefit will accrue to any land owned by the undersigned.

Respectfully submitted,
Belle Dailey.

Of Union County.
In reply to information attached,I now have,it would be impossible for me to run tile from my land to proposed ditch unless I was to cross other lines of tile on the next farm to get to the new line of tile.
Assessmnt objected to.

Union County Commissioners,
Marysville,Ohio.

Marysville,Ohio.Feb.13.1947.

Gentlemen;I,hereby object to the assessments made against me for McKitrick Ditch No.1308. This imposes a charge of $23.49 per acre on me and is a duplication of the ditch that is in exixtence.This ditch can be repaired at a small cost and will give the same service as a new ditch. I would not receive any benefit whstsoever from a new ditch.

Howard Mack.

OBJECTIONS

Union County Commissioners.
Marysville,Ohio.

Columbus,Ohio.Nov.2,1946

Gentlemen;In regard to petition filed by D.E.Miller for improvement of Shea Run and Treacles Creek.

as one of landowners involved,I hereby file protest against said petition as it would be of no benefit to my property.

Will you kindly read this protest at hearing of this case November 4th.

Yours Truly,
Benedict Shea.

OBJECTIONS CONTINUED.

Union County Commissioners, Milford Center,Ohio.Nov.1,1946
Marysville,Ohio.

Gentlemen;
We,the undersigned property owners of Union Township,Union County,Ohio,wish to express our disapproval at this time of the proposed improvement in Shea Run & Treacles Creek as per petition filed by D.E.Miller.

Walter Howard & Ancie Lincoln.

Mechanicsbyrg,Ohio.Nov.2,1946.

Union Cpunty Commissioners

Dear Sirs;
We the undersigned are against any proposed improvement or any change of route or termini of said Shea Run or Treacles Creek
This improvement would without a doubt cause Treacles Creek to completely dry up on our farm at the time we need the water the most for livestock.

Howard & Vivian Westfall.

F.T.McCurdy, Mechanicsburg,Ohio.Oct.18.1946.
Auditor of Union Co.
Marysville,Ohio.
Dear Sir.
In reply to your letter conserning the hearing on the ditch,I wish to object on the grounds that the water drainage from my land does not go to Treacles Creek.
Furthermore I cannot see why we should be taxed when we are so far away and will not benefit in any way whatsoever.
Since the water from my place does not drain into Treacles Creek and feeling it is unfair to me,I sincerely object to the procedure.
Hoping to get a just and fair decision on the matter,I am
yours truly
Merrill Jones.

Mechanicsburg,Ohio.Nov.4,1946.

To the Honorable Commissioners,
of Union County,Ohio.

In the MATTERof the petition of David Niller for
improvement of Shea Run & Treacles Creek.

The undersigned register their opposition to the granting of the petition for the following reasons:
1.This is improper time for such improvement due to high cost of labor and other services.

2.Our land will bedamaged by the improvement on account of speeding up the water flow.

3.Our land will not be benefited by the improvement.

4.There is no need for the improvement as prayed for in the petition.

WHEREFORE,we respectfully request that the Commissioners refuse to grant the said petition.

Earl E.Evans
Wallace W.McCoy,Executor of
the Estate of Orian W.Evans.deceased.

NOTICE OF APPEAL FROM FINAL ORDER DISMISSING
PETITION TO COURT OF COMMON PLEAS.

In the matter of the cleaning out and Marysville,Ohio.Nov.23,1946
repair of Shwa Run & Treacles Creek.
Joint Ditch.

To the Baard of Commissioners of Union County.

Notice is hereby given of the intentionof the undersigned,interested in the above mamed matter,to appeal to the Court of Common Pleas of said County from the following final order of the Board of County Commissioners dismissing his petition made in the preceeding and entered upon their Journal on the 4th,day of November 1946,to-wit;
"In the matter of the Shea Run and Treacles Creek Joint Ditch No.1312 first hearing--Having viewed the said proposed improvement on the 31st,day of October 1946,said matter came on this day for further consideration,after some discussion of said matter,it was moved by Mr.Charles Stevens of Champaign County that the petition for same filed by D.E.Miller be not granted,the motion was seconded by Mr.H.B.Robinson,Union County,and on roll call the following is a result of the vote; Mr.Robinson "aye",Mr.White "aye" and Mr.Farrington "aye" of Union County and Mr.Charles Stevens "aye" and Mr.Hunter "aye" of Champaign County".

Said Board of County Commissioners erred in dismissing D.E.Miller's petition in that they did not determine whether or not the cost of said improvement would be equal to or greater than the benefits which will be derived therefrom,if constructed;nor dit it determine whether or not said improvement was necessary;nor did they determine whether or not said improvement would be conducive to the public welfare;nor dit they enter upon their journal their findings in said matter, if they did make such findings,as required by Section 6451 of the General Code of Ohio.

Appellant says that said proposed improvement is necessary,that the benefits derived therefrom if constructed,will be equal to or greater than the cost,and that said improvement will be conducive to the public welfare.

D.E.Miller,
Appellant.

DITCH APPEAL BOND

KNOW ALL MEN BY THESE PRESENTS,That we,David E.Miller,J.O.Evans and L.W.Shaw,are held and firmly bound unto the State of Ohio,in the penal sum of One Hundred dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 23rd,day of November 1946.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH THAT?Whereas,in the matter of the cleaning out or repair of Shea Run and Treacles Creek in V.M.S.No.1312 before the County Commissioners of said County,the said David E.Miller has taken appeal to the Court of Common Pleas of said County from the final order of judgment of said County Commissioners in said proceeding,dismissing David E. Miller's petition for reconstruction by straightening,deepening,widening,diking and grubbing of Shea Run and Treacles Creek in V.M.S.5475,Union Township,Union County.

Now,if the said David E.Miller pays all the costs on appeal,if the decision or judgement appealed from be sustained on the hearing or trial thereof,then this obligation shall be void;otherwise it shall be and remain in full force and virtue in law.

Executed in presence of

D.E.Miller.
J.O.Evans
L.W.Shaw

I approve the above bond with the sureties thereto this 23rd,day of November 1946.

Me in my work upon this improvement,to be established elevation of981.89 of the geological survey of the United States,in the county as follows;Iron Post 0.3 M.South of Marion and Union county line at T-Road in Union County

I also made a schedule of the work proposed to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,wth a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicates of the county and have entered in said schedule the proximate number of acres benefited by the proposed improvement and the amount that said land,in my opinion,ought to be assessed, according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins,retaaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sect ons as were deemed expedient.

The said survey maps,profiles,schedules,and reports are hereto attached and made a part hereof. My estimate of the cost of the construction of said improvement is as follows;

OBJECTION.

Jan.6,1947.

Honorable Board of County Commissioners
Union County,Marysville,Ohio.

Gentlemen;

I,C.W.McLaughlin hereby object to the foregoing improvement for the reason that said improvement will not benefit my farm and is absolutely unnecessary.The proposed ditch is not open on my farm,but is completely covered and has been paid for by myself and this proposed improvement would not benefit none whstsoever.

I therefore request that said petition be dismissed or that my land be released from Assessment.

Respectfully submitttd,

C.W.McLaughlin.

IN THE MATTER OF THE FIRST HEARING
ON REED EX.DITHC #1312

Auditor's Office,Jan.22,1947.
Commissioners Journal Vol.24,Page 246.

Pursuant to adjournment on January 6th,1947,the Union County Board of Commissioners having viewed the proposed improvement on the 15th,day of January 1947,met this day in special session, with all members present,for the first hearing on the Reed Ex.Ditch #1312,Lateral to Romine Ditch 1311,petitioned for by H.C.Reed,located in V.M.S.5506-6010-5870,Leesburg Township,Union County,Ohio.

Several interested landowners were present with William J.Porter representing H.L.Reed,Estate, whom all were asked to express their views on the proposed improvement,after some discussion on the different angles of the proposed improvement,a motion was made by Mr.Farrington and seconded by Mr.Robinson,that the prayer of the petitioner be granted in part,only,as follows;Beginning at a point 50 ft above a 9" tile west of Farm Bridge on Reed Farm and continuing far anough to give a good and sufficient outlet.

The remaining portion of the petition we hereby do not see fit to grant,as we do not deem it conducive to the public welfare,due to the excessive cost of same as compared to the benefits derived therefrom.

And the County Engineer is authorized and is hereby directed to go upon the line of the proposed improvement and perform his duties thereon,as required by statute.

On question of adoption of the foregoing the following vote was had,Mr.White "aye" Mr.Farrington "aye" and Mr.Robinson "aye".

REPORT OF ENGINEER. Engineer's Office,Mar.29,1948.

To the Board of Commissioners
Union County,Ohio.

The undersigned County Engineer,in obedience to the order to your Honorable Body,made on the 22nd,day of January 1947,proceeded in the above matter,and visited the proposed location of said improvement and made the necessary survey for the proposed improvement,as found by the Commissioners,and suitable maps showing the location of the land proposed to be assessed,and profiles showing the cutting and gradient of the improvement;and an estimate of the cost of construction of said improvement;and set proper construction stakes,beginning at the upper terminus of the improvement, and noted the intersection of the line of the improvement with the land boundries of separate owners,township and county lines,natural land marks,road crossings,or other lines or marks;and took and noted necessary levels of the lines of improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement.

I also established,at intervals of not less than one on each mile,in the most practicable permanent forms,and in locations where destruction or disturbance is improbable,bench marks from which the original levels of the improvement can be established.The relation of the assumed elevation used by me in my work upon this improvement.

I also made a schedule of the work proposed to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of the land owner,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,acdording to benefits.

I also prepared proper working specifications for the constuction of the improvement,including catch basins,retaining walls,size and kind if tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said maps,profiles,schedules,and reports are hereto ataached and made a part hereof.

My estimate of the cost of construction of said improvement is as follows;

SPECIFICATIONS.

Location

The above improvement and laterals shall be constructed on the lines as surveyed by the Engineer,and as described in this report and on the profile thereof,which profile in its entirety is hereby made a part of these specifications.All Stations are 100 ft. on length,and at each station a numbered side stake is driven to the right or left of line at such convenient distances as the nature of the case requires.The distance direction of each stake is shown on the profile.These distances right or left are determined in the direction of the survey,i.e.looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor unless authorized by these specifications,or on order of the Engineer.

All deflections shall be made at points as shown on the profile,in easy curves,shifting center line of ditch at curve to a distance proportionate to angle.No angle shall be made at points designated on the profile,and the ditch shall be made straight between angles.The level of the ground surface at the foot and on the ditch side of each side stake and the depths from same as shown by the profile will be the guide for contracting as to the depth of the ditch.

Each bidder will examine the location of the work and judge for himself as to all circumstances affecting it.

No information derived from an official or other sources will relieve the contractor from fulfilling all the conditions of the contract.

Right of way

The right of way width for constructing this improvement shall be 50 feet each side of center line;but where the line of this improvement crosses along side of a public road or private driveway,the construction of the work must be so managed as not to interfere with travel along said road or driveway.Contractors have the privelege of using the full of right of way for depositing materials removed in construction,excepting in the case of roads or driveways as stated above.

Valuable timber,fences,growing crops and other property within the rightofway shall be preserved uninjured as far as possibel by the contractor.

Whenmin order to properly construct this improvement,it becomes necessary to remove any fences, the contractor will be required to remove said fences to the limit of the right ofway,and leave the materials in good condition to be replaced by the land owner after the ditch is constructed.

Grubbing.

All timber,brush and other obstructions which fall within the space required for ditch banks made by new excavation shall be removed.All timber 4 inches or less in diameter at the stump and standing within 20 feet of the edge of the bank slopes shall be cut off level with the surface of All down timber,logs and brush removed as above required,shall be piled at least 20 feet from outside of enbankment and left in convenient shape for burning.

Excavation.

The ditch shall be constructed to the width in the bottom as shown by the profile.The bottom of the ditch shall be cut true and smooth with uniform grades between changes as shown by the profile

Ditch banks shall be cut to a regular straight slope from top to bottom,and not steeper in any part than designed by the profile.An excess slope on one bank will not be allwed to offset a sh shortage in slope of opposite bank.The width of the ditch on top,as shown by the profile at each station,is computed from the height of the peg at the station,and the widths so given are correct for that height only.

As a guide to the contractor slope stakes will be set by the Engineer at the point which is to be the top of the new slope in accordance with the typical section.

Open Ditch.

Enbankment

All materials obtained shall be distributed and the surface shall be leveled so that the depth of the excavated materials shall not be greater than 18".No deviation from this requirement shall be allowed unless approved by the Engineer and County Commissioners.Places where levees are required excepted.

At all times the Engineer shall have the power to designate the palaces where openings must be left to allow laterals to empty.If at any place along the improvement the Engineer deems it advisable to pàace a part or all of the excavated materials on either side of the improvement, same shall be done by the contractor/

Side slopes for enbankment shall not be made steeper than that specified for the ditch at the same place.All earth or other materials obtained in excavation must be removed to a distance of not less than 5 feet from edge of ditch on either side.

Slope stakes will be set by the Engineer as a guide to the contractor in fixing the top of the new slopes.

The old channel must be filled up level with the embankment at all places where the said old channel lies wholly outside of new ditch,and not exceeding 30 feet therefrom.

The term "old channel" as used in this paragraph is understood to mean the channel of ditch or stream whish is cut in making this improvement.No excavated materials shall be placed within the banks of the old channel except at cut offs.At all culverts and bridge crossings of public roads,the excavated materials must be removed ffom between abutments.At all paints where the ditches lie wholly within the bounds of a dirt road,the excavated materials deposited within said bounds shall be placed along the center thereof so as to form a road bed,side slopes true and smooth,and not steeper than 2 feet horizontal to 1 vertical.In case of improved roads the materials may be placed along sides of road-bed in such shape to widen and improve the same if approved by the Engineer.

Outlets.

Contractors will be required upon the completion of each section to remove all silt or other obstructions which may have collected in the bottom of the ditch on the next section below after the same was completed and accepted to a distance of 500 feet below the upper end of said lower section.

The contractor will be required to keep clear and open all laterals,tile and open ditch, emptying into the completed sections of the ditch so that flow of said laterals is not obstructed.

Repairs.

Each contractor will be required to keep his work in good repair until the same is fully completed and accepted by the Engineer;also all work and materials are to be at the risk of the contractor until accepted by the Engineer.

Estimates.

Estimates shall be made as the work progresses;but proportionate estimates will not be made on any section unless the whole job amounts to more than one thousand cubic yards.

Estimates will not be made until at least 25 per cent of the contract is completed in accordance with the specifications and the County Auditor will upon the presentation of such estimate to draw him his warrant on the treasurer for not more than 75 per cent of the amount,and the

ESTIMATES CONTINUED.

And the treasurer will pay the same out of any funds in the treasury applicable to such purposes.Upon the completion of any section or contract,and the acceptance of the same by the Engineer, final estimates will be given.

Requirements.

Each contractor will be required to furnish all labor and materials necessary,and to do all the work in a speedy and workmanlike manner,within the time specified in the contract.

No extra compensation will be allowed except for such work and materials as have been herein specially provided for.

Any contractor failing to fulfill his contract within the time specified,will hereby forfeit his contract and become liable on his bond for all damages caused by reason of such failure,but the Commissioners may for good cause give further time to the contractor not to exceed 120 days.An extension of time by the Commissioners,as above set forth,will be made in writing,copies thereof will be furnished by them to the contractor and Engineer.

Supervision.

All the foregoing work shall be done under the supervision and direction of the Engineer and all work and materials shall be made to his satisfaction,and the Board of County Commissioners. When the term "Engineer" is used,it is held to mean County Engineer of Union County,Ohio,or his deputy.

The Engineer's decisions,direction and certifications on all matters pertaining to this work shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

All measures of quanities and inspection of materials shall be made by the Engineer,and his measurements so made,and his acceptance or rejection of materials shall be final and conclusive as between parties.Final examination for acceptance of completed contracts will be made within 10 days after date.The contractor shall have notified the Engineer in writing that his contract is completed.Any contractor causing examination,as above described,in these specifications before any part of his work is finished will be charged with the Engineer's fees,and all other costs accruing therefrom, and said fees and costs shall be deducted by the Engineer from the contract price on settlement.

Bridges.

Whenever it becomes necessary for the proper construction of this impeovement to remove a county or private bridge,the same shall be done at the contractor's expense,and a manner approved by the Engineer.Should any of the parts of the bridge in moving they shall be replaced at the expense of the contractor.All bridges shall be replaced in good condition as when taken down,and to the satisfaction of the Engineer.

The contractor shall notify the Engineer of his intention of moving a county bridge at least 5 days before moving same.Therefore the Engineer and contractor shall jointly examine the bridge to agree upon the condition of same before moving,and decide upon the best manner of moving same.

The contractor shall have permission to move a county bridge as soon as necessary for the proper construction of the improvement,provided said bridge shall not be out of use by the general public for not more than 15 days,The County will consider itself damaged to the extent of $25.00 per day for each day exceeding the above 15 days unless the Commissioners order said bridge shall not be replaced.

The contractor shall place all barricades necessary for proper protection of the public and shall be responsible for all damage that may occur due to his obedience of this claim.

The contractor shall not transfer,or assign this Contract,or sublet any part of the work without first securing the Written consent of the Engineer and Commissioners.

Dimensions Required.

The trench shall be of the following widths in the bottom;

From.Sta.o.50 to 12.00 6 feet

The side slopes shall be such that the ration of the horizontal to the vertical shall not be less than as follows.

From Sta.0.50 to 12.00 1½ Feet

The Board of Union County Commissioners met this day in special session,with the following members present;Frank White,Walter Farrington and H.B.Robinson,for the first hearing on Dunbar Ditch #1315,petitioned for by Noarman Dunbar et al,located in Jackson Township,Union County,Ohio.

Having viewed the proposed improvement on the 26th,day of March 1947,said matter came on this day for further hearing.

The following interested landowners were present;Norman Dunbar,Mr.& Mrs Samuel Miley,who were invited for comments by the Chairman.

After some discussion of said matter,and finding that all parties benefited by the proposed improvement had been notified according to law,and there were no serious objections offered,and that the cost of said improvement would be less than the benefits derived therefrom,the Commissioners were of the opinion that the improvement was necessary and would be conducive to the public welfare, it was moved by Mr.Farrington and seconded by Mr.Robinson that the prayer of the of the petition be granted as petitioned for,also a lateral requested by Ernest G.Burnside,Beginning at a point approximately 150 to 200 feet south of the residence on the lands of Ernest G.Burnside;thence with the tile ditch in a westerly direction across said lands of Ernest G.Burnside;thence continuing in a westerly direction across gravel road onto the lands of Katie Sivey et al;thence continuing westerly direction across the lands of Katie Sivey et al to the Dunbar Ditch #1315 and there to terminate.

Also that the County Engineer be authorized and is hereby directed to make the necessary survey as to plans and specifications,estimated assessments and cost of construction and make his report to the Board of Commissioners at the earliest convenient date.

Upon a call of the roll the Commissioners voted as follows;Mr.White "aye",Mr.Farrington "aye" and Mr.Robinson "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON DUNBAR DITCH #1315.

Auditor's Office,April 19,1948 Commissioners Journal Vol.24,Page 352.

The County Engineer,this day presented his report,including the estimated cost of construction,plans and specifications for the proposed improvement of Dunbar Ditch #1315,located in Jackson Township,Union County,Ohio.

A motion was made by Mr.Robinson and seconded by Mr.White that a public hearing on assessments of said ditch be held on the loth,day of May at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.White "aye",Mr.Farrington "aye" and Mr.Robinson "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON DUNBAR DITCH #1315

Auditor's Office,May 10th,1948. Commissioners Journal Vol.24,Page 358.

The petition for the improvement of the Dunbar ditch #1315,located in Jackson Township,and petitioned for by Norman Dunbar et al,was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After considering all of the evidence offered in the proceedings,a motion was made by Mr. White and seconded by Mr.Robinson that,the Engineer's report be accepted as read,with the exception of the following;The Assessment of Mr.Burnside be decreased $9.00 and the assessment of the County Road be increased $9.00,and that

The County Engineer is hereby authorized to advertise for sealed bids according to the General Code of Ohio,bids to be received until the 7th,day of June 1948,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.White "aye",Mr.Farrington "aye" and Mr.Robinson "aye".

ENGINEER'S REPORT.

Engineer's Office,Union County,Ohio.
April 12,1948.

To The Honorable Board of County Commissioners,
Union County,Ohio.

The undersigned Engineer,in obedience to the order of your Honorable Body,made on the 31st, day of March 1947,proceeded in the above matter, and visited the proposed location of said improvement and made the necessary survey for the proposed improvement,as found by the Commissioners,and suitable maps showing the location of the land proposed to be assessed,and profiles showing the cutting and gradient of the improvementland an estimate of the cost of construction of said improvement;and set proper construction stakes,beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundries of separate owners, township and county lines,natural land marks,road crossings,or other lines or marks;and took and noted necessary levels of the lines of the improvement of contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement.

I also established at intervals of not less than one in each mile,in the most practicable, permanent forms,and in locations where the destruction or disturbance is improbable,bench marks from which the original levels of the improvement can be established,The relation of the assumed elevation used by me in my work upon this improvement,to the established elevation of U.S. Geological Survey Datum Plane used.

I also made a schedule of the work proposed to be done,showing the fall,depth,the excavating to be done,the location of the permanent benches marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins,retaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey,maps,profiles,schedules,and reports are hereto attached and made a part hereof.

My estimate of the cost of the construction of said improvement is as follows;

Honorable Board of County Commissioners
Union County,Ohio.

May,27,1949

Dear Sirs;I do hereby request an extension of tile until July 18th,1949 for the completio of the Hamilton Ditch #1316,Claibourne and Jackson Townships.

We had progressed with the main ditch by May 1st to the road retaining wall but since that time the inclement weather and securing the 20" tile has impeded our finishing the project.

I sincerely hope that you will grant this extension and I assure you that in the future we will expedite the work as fast as possible.

Respectfully,
Wendell E.Knowlton.

Acting upon the request of Wendel E.Knowlton for an extension of time for the completion of Hamilton Ditch #1316,located in Claibourne and Jackson Townships,a motion was made by Mr.White and seconded by W.W.Robinson that Mr.Knowlton be granted his request for an extension of time unti July 18th,1949,for the completion of said project.

Upon a call of the roll the Commissioners voted as follows;Mr.H.Robinson "aye",Mr.White "aye" and W.Robinson "aye".

IN THE MATTER OF THE HEARING ON BEERY DITCH #1319-ADJOURNED HEARING

Auditor's Office,June 9th,1947.
Commissioners Journal Vol.24,Page 282.

Pursuant to the adjournment of the hearing on said ditch of June 2,1947,said matter came on this day for further consideration as follows;due to the excessive cost through the Patterson Woods the following suggestion was signed and presented to the Board of Commissioners that the alignment of the Beery Ditch be changed out of the natural cousrs of said ditch and be extended 50 feet north and parallel with property line of Bernard C.Gray & Dorthea E.Gray's 130.90 acre tract and 93.34 acre tract of Susie Patterson leaving the ditch as petitioned in S.E.Corner of Robert A.Ports,Sr,75.00 acre tract 150 feet W.of Ports and Grays P/L a distance of approximately 75 rods to the junction of ditch as petitioned,signed by by Stanley S.Beery,Bernard C.Gray,Susan Patterson,Ernest Doudna and Robert A. Ports.Sr.

After further consideration of said matter and finding that the construction of said improvement would be conducive to the public welfare,it was moved by Mr.Robinson and seconded by Mr,Farrington the improvement be granted as petitioned and corrected.

Also that the County Engineer be directed to go upon the line of the proposed improvement and make the necessary survey,prepare specifications and estimated costs and file his report with the Board of Commissioners at the earliest convenient date.

Upon a call ofmthe roll the Commissioners voted as follows;Mr.White "aye",Mr Robinson "aye " and Mr.Farrington "aye".

IN THE MATTER OF MITCHELL DITCH #1321-FILING OF PETITION.

Auditor's Office,May 17,1948.
Commissioners Journal Vol.24 Page 359.

F.T.McCurdy,County Auditor,this day filed a copy of a ditch petition to the Board of County Commissioners,filed by John E.Scott ,for the construction of Mitchell Ditch #1321,located in Jerome Township.

The petitioners state that the construction of the proposed improvement is neccessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit;Beginning in the open ditch between the 58.40 acre tract of John E.& Virginia Scott and Ellsworth and Marjorie Ohnsman 174.13 acre tract in V.M.S.Survey #6581 in Jerome Township,being the north east corner of said 58.40 acre tract;thence with the open ditch with the approximate property line of said Ohnsman & Scott in a southerly direction crossing C.H.#9 onto the 10.00 acre tract of John E.and Virginia Scott southeasterly far enough for a good and sufficient outlet and there to terminate.

Depp Lateral #1.

Beginning in the east Road Ditch of State Highway #33 approximately 26 feet easterly of the S E corner of Ada Z Hooper's 117.12 acre tract and N.E.corner Margaret B.McKitrick's 11.50 acre tract in V.M.S.5134.also center line State Highway #33;thence in a southeasterly direction across the lands of John E.& Virginia Scotts 10.00 acre tract to the main ditch.Nature of work,Same.

Lateral #2.

Beginning in the east road ditch along State Highway #33 in V.M,S.7058 and between the property line of John E.& Virginia Scott 10.00 acre tract and John H.Penrod's 84.38 acre tract and approximately 26 feet east of McKitrick's property line being center line of State Highway #33;thence in an easterly direction with the said property lines to the main ditch.the work to be the same.

The following is the nature of the work petitioned for;reconstruction,by cleaning,straightening grubbing,widening and spreading of spoil bank of the open ditch.

John E.Scott,
Petitioner.

As provided by Section 6442 of the General Code of Ohio,we hereby fix the 8th,day of June 1948 for the viewing of said improvement,beginning at the upper terminus thereof at ten o'clock A.M. and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio. on the 14th,day of June 1948,at ten o'clock A.M.

On question of adoption of the foregoing the following vote was had,Farrington "aye", Robinson "aye" and White "aye".

The petitioner filed with the petition a surety bond in the amount of $250.00,with John E.Scott as principal and Margaret H.McKitrick and Kelton A.McKitricknas sureties and conditioned for the payment of all costs if the prayer of the petition is not granted.

A motion was made by Mr.Robinson and seconded by Mr.White that the above bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Farrington "aye",White "aye" and Robinson "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,Taht we,John E.Scott et al,are held and firmly bound unto the State of Ohio,in the sum of Two Hundred fifty dollars,to the paynent of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,oyr heirs,executors and administrators.

Signed by us and dated this 10th,day of May 1948.

The condition of the above Obligation is such,that,Whereas,on the loth,day of May,1948,the above bound John E.Scott filed his petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction by cleabing,straightening grubbing and widening of the Mitchell Ditch #1321 in Jerome Township,petitioned for by John E.Scott. on the course as described in the petition above.

Now,if the said John E.Scott will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

John E.Scott.
Margaret B.McKitrick
Kelton A.McKitrick

The above bond is approved this 13th, day of May 1948.
F.T.McCurdy,Auditor.

ENGINEERS REPORT.

To the Honorable Board of County Commissioners Union County,Oct.10.1949

The undersigned County Engineer,in obedience to the order of your Honorable Body,made on the ;7th,day of June 1948,proceeded in the above matter,and visited the proposed location of said improvement and made the necessary survey for the proposed improvement,as found by the Commissioners,and suitable maps showing the location of the land proposed to be assessed,and files showing the cutting and gradient of the improvement;and an estimate of the cost of construction of said improvement;and set proper stakes,beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundaries of separate owners,township and county lines,natural kand marks,road crossings,or other lines or marks;and took noted necessary levels of the lines of the improvement for contour purposes,to determine the area of land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement

ENGINEER'S REPORT CONTINUED.

I,also established,at intervals of not less than one in each mile,in the most practicable permanent forms,and in locations where destruction or disturbance is imporobable,bench marks from which the original levels of the improvement can be established.The relation of the assumed elevation used by me in my work upon the improvement,to the established elevation of the geological survey of the United States,in the County,is as follows;U.S.Geological Elevations used.

I,also made a schedule of the work proposed to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion ought to be assessed,according to benefits.

I alsonprepared proper working specifications for the construction of the improvement,including catch basins,retaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey,maps,profiles,schedules,and reports are hereto attached and made a part hereof.

My estimate of the cost of construction of said improvement is as follows;

N.G.W.Dep.

IN THE MATTER OF THE FIRST HEARING ON RAUSCH-SCHEIDERER DITCH #1324.

Auditor's Office,Oct.11,1948
Commissioners Journal Vol.24,Page395.

Having viewed the proposed improvement on the 6th,day of October 1948,the Union County Board of Commissioners met this day in special session,for the first hearing on the Rausch-Scheiderer Ditch #1324,petitioned for by George J.Scheiderer and Henry Blumenschein,located in V.M.S.#4065 Paris & Darby Townships,Union County.

After some discussion of said matter,a motion was made by Mr.Robinson and seconded by Mr.White that,the County Engineer be instructed to go upon the line of the proposed improvement and make the necessary survey and make an estimate of the cost of the improvement,and another hearing thereon will be held when his report is submitted to the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Mr.Farrington "aye",Mr.Robinson "aye" and Mr.White "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS ON RAUSCH-SCHEIDERER DITCH #1324.

Auditor's Office,August 1st,1949.
Commissioners Jour.Vol.24 Page 476.

F.T.McCurdy,County Auditor,this day filed with the Board of County Commissioners the Engineer's report on the Rausch-Scheiderer Ditch #1324,located in Paris and Darby Townships,including the estimated assessments,maps,plans and specifications for the construction of the improvement.

A motion was made by Mr.Robinson and seconded by Mr.White that August 22nd,be fixed as the time for holding a public hearing on said Engineer's report,at the office of the County Commisioners, Marysville,Ohio.at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.White "aye" and Mr.Robinson "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON RAUSCH-SCHEIDERER DITCH # 1324.

Auditor's Office,Aug.29,1949.
Commisssioners Jour.Vol.24 Page 482.

The petition for the improvement of Rausch-Scheiderer Ditch #1324,filed by George J.Scheiderer ,located in Paris and Darby Townships,was read by the Clerk.

The result of the Engineer's report containing the number of acres assessed and the estimated apportionment of cost of construction of said improvement was also read by the Clerk.

After receiving comments from the interested landowners,it was the opinion of the Commissioners that the proposed improvrment was necessary and would be conducive to the public welfare and that the cost would be less than the bendfits derived,therefore a motion was made by Mr.White and seconded by Mr.Robinson that the prayer of the petition be granted,and that the Engineer's report on estimated assessments be approved as submitted and that he be authorized to proceed with the construction of the improvenent according to law.

Upon a call of the roll the Commissioners voted as follows;Mr.H.B.Robinson "aye",Mr.White "aye" and Mr.W.Robinson "aye".

IN THE MATTER OF THE FIRST HEARING ON BIG SWALE DITCH #1326.

Auditor's Office,Feb.21,1949.
Commissioners Journal Vol.24.Page.429.

The Union County Board of Commissioners met this day in special session with following members present;H.B.Robinson and Frank White and County Auditor F.T.McCurdy acting as Clerk.for the first hearing on Big Swale Ditch #1326,located in Claibourne Township.

(CONTINUED ON NEXT PAGE)

FIRST HEARING CONTINUED.

Having viewed the proposed improvement on the 16th,day of February 1949,said matter came on this day for further consideration.The following requests were presented to the Board of County Commissioners for their consideration;Walter H.Davis requested that the obstructions in a large tile ditch on the Gale Engle farm emptying into Big Swale Ditch be removed and some new tile being replaced so as to put the tile ditch in working condition.

Dick Snowden,O.R.McCoy and H.C.LeMasters request the repair of tile as needed from header back lands Harley LeMasters & Gettman farm for adequate outlet of said ditch as part of improvement of Big Swale Ditch #1326 as petitioned by Gettman et al.

Ralph Matlack and Samuel Burbaugh request the repair of tile from header at the beginning of petition 1326 as petitioned by R.L.Gettman et al,repair as far back as necessary for adequate outlet on the lands of Donald Hoskins,Ralph and Edith Matlack and Samuel Burbaugh,Mr Swartz requested extension at outlets of tile ditch on Cheney Farm.

After having heard all of the evidence offered in the proceedings it was the opinion of the Commissioners that the construction of the proposed improvement,and the additional requests are necessary and will be conducive to the public welfare,and that the cost of same would be less than the benefits derived therefrom;It was therefor moved by Mr.White and seconded by Mr.Robinson that the said petition be granted together with the above requests as entered.Also that the Engineer is hereby authorized to go upon the line of the proposed improvement and perform his duties therein as required by statute,and make his report to the Board of Commissioners at the earliest convenient date.

Upon a call of the roll the following vote was had.Mr.Robinson "aye" and Mr.White "aye".

OBJECTIONS.

226 Santa Clara Ave.
Dayton 5,Ohio.

F.T.McCurdy,Co.Auditor,
Marysville,Ohio.

We have your communication of January 25,1949,relative to a petition for work on Big Swale Ditch #1326.

We have carefully considered this proposal with reference to benefits that will accrue to us if the proposal is granted,We can see no immediate benefit and only limited long time benefit. So far as we have been able to determine the present state of the facillities adequately take care of th the surplus water from our farms.

Therefore we wish to protest the rebuilding of this ditch on the following grounds.

1. Our drainage facilities are at present adequate.
2. Present construction costs are too high and bid fair to be materially lower within a year or so.
3. We have recently had assessed against our returns from our farms,heavy amounts for other such ditch repair.In the face of falling Farm Income we must make every effort to reduce expense.
4. Land Owners in the lower reaches of the project will receive most of the benefits, and any work at the present time should be limited to local repairs until costs for labor and material are more in line with farm income.

Respectfully,

A.O.Grooms

OBJECTIONS TO ASSESSMENTS.

Richwood,Ohio.Jan.22,1951.

Mr.F.T.McCurdy,
Auditor of Union County.

In regard to the Big Swale Ditch,I think my assessment is just outrageous,I have worked all my life to have a little home ,then something like this comes along to deprive me of it.I just cannot see where that cement business is any benefit to me,so if it is such a necessity why not let the ones that want it so badly and get the benefit pay a little more.You did reduce my assessment two dollars,no one to help me so will you please lool into this business.

Thanks for all the trouble,
Mrs.Lelia Chapman. Ransome Rd.R.R.2.

Richwood,Ohio.Feb.5,1951

To the Commissioners of Union County.

Marysville,Ohio

Gentlemen:Concerning the assessments on account of the construction of the proposed Big Swale Ditch #1326.I wish to say I object to this assessment.I think it is unfair and inasmuch as the ditch is not being cleaned on my farm,I think the figures quoted are decidedly unfair.
I repeat the statement,I object to t his assessment.

Respectfully,

Mrs.Florence Ramsome.

Union County Auditor's Office
Attn.Mr.Lee Co.Engineer

Richwood,Ohio.Jan.30,1950.

Dear Mr.Lee;
In accordance with our conversation of date I am writing this to confirm my protest of the tax assessment for the Big Swale Ditch Project.
There two reasons for making this protest.
First;I have previously complained about the whole project because I feel,as do many others,that there would be little or no benefit to the majority of the property owners involved because during high water period the flood water from Rush Creek at Essex actually flows southward toward the Big Swale due to the fact that the water cannot move through Rush Creek to the Scioto River.

Second;I have been assessed on the "Burbaugh,Matlack,Hoskins" tile drain project and recent investigation reveals that the back corner of my farm which is assessed on that project does not drain into that tile ditch but rather has its own tile line running very close to the south line until it reaches the line of the Hoskins farm at my west line.From there it runs west by north to the Big Swale Ditch.
This a separate line installed by Mr.Anderson,the former owner of my farm who paid for his own tile line to the Swale Ditch both from the south and the north side of the farm.
That even
In view of the above I feel though the Big Swale project does go through I should not be taxed for the Burbaugh,Matlack Hoskins tile ditch because no water from my farm moves into it.
Thanking you for your kind interest and attention,I remain,

Very truly yours,
R.J.Burdick.

Mr.F.T.McCurdy, Jan.8,1951.
Dear Sir,There is a mistake in the number of acres of my farm draining into the Swale Ditch which would like rectified.I cannot possibly drain more than 8 or nine acres,

C.W.Parish.

F.T.McCurdy, Richwood,Ohio. Jan.1,1951.
Auditor of Union County.
Dear Sir;In answer to your card notified assessment of the Big Swale Ditch we object to the construction,because it will do us more harm than good.

Yours truly,
James M.& Verdie E.Baker.

OBJECTIONS TO ASSESSMENTS.

Jan.3.1951

F.T.McCurdy,

Dear Sir; Why is my assessment $42.38 on 7.55 worthless acres (except the house) no farm land whatsoever,Mr.Elmer Parish is #32.85 on 120 acres,Mr Bakers by the side of mine $80.00 on 50 acres and they do farm theirs.It is only a hindrance to any of us that near Essex and I was under the impression we were not to be taxed much that it did not benefit.I think $6.00 an acre is to much,what do you think?

Mrs.Amy Parish.

Our men folks say this patch will be ruined for what little pasture there in the fall.

Collumbus,Ohio.303 E.Broad St.

Mr.F.T.McCurdy,
County Auditor.
Marysville,Ohio. Re.Big Swale Ditch #1326.

Dear Sir;I have your notice of the hearing on the question of the numbered ditch improvement to be held Feb.21,1949 at ten oclock A.M,

I own approximately 287 acres at the head of source Big Swale Ditch and am quite convinced that the improvement is absolutely necessary.It has been long overdue.

The situation has already damaged a great deal of farm land on my farmand,if it continues it will,of course damage more.

If you view the premises on the 16th,day of February,I will ask that the ditch improvement begin at the beginning of my open ditch at the north edge of my woods.

Very truly yours,

Donald J.Hoskins.

ENGINEER'S REPORT.

Union County,Ohio.
April 12,1950.

To the Honorable The Board of County Commissioners
Union County,Ohio.

The undersigned County Engineer,in obedience to the order of your Honorable Body made on the 25th,day of October 1948,proceeded in the above matter,and visited the proposed location of said improvement and made the necessary survey of the proposed improvement,as found by the Commissioners,and suitable maps and showing the location of the land proposed to be assessed,and profiles showing the cutting and gradient of the improvementland an estimate of the cost of construction of said improvement;and set proper stakes,beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundaries of separate owners,township and county lines,natural land marks,road crossings,or other lines or marks; and tool and noted necessary levels off the lines of the improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefitted by the construction of the improvement.

I also established,at intervals of nor less than one in each mile,in the most practicable, permanent forms,and in locations where destruction of disturnance is improbable,bench marks from which the original levels of the improvement can be established.the relation of the assumed elevation used by me in my work upon this improvement,U,S.Geological Elevations used.

I also made a schedule of the work proposed to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of yhe land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion ought to be asessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins,retaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey,maps,profiles,schedules and reports are hither to attached and made a part hereof.

My estimate of the cost of construction of said improvement is as follows:

Open Ditch Excavation 8717.0 Cu.yds @ 30¢	$2615.10

ENGINEER'S REPORT. July 19,1950.

To the Honorable The Board of County Commissioners,Union County,Ohio.

The Undersigned County Engineer,in obedience to the order of your honorable body,made on the 18th,day of July 1949,proceeded in the above matter,and visited the proposed location of the proposed improvement and made the necessary survey for the proposed improvement,as found by the Commissioners,and suitable maps showing the location of the land proposed to be assessed,and profiles showing the cutting of the improvement;and an estimate of the cost of construction of said improvement;and set proper stakes,beginning at the upper terminus thereof,and noted the intersection of the line of the improvement with the land boundaries of separate owners,township and county lines,natural land marks,road crossings,or other lines or marks;and took and noted necessary levels off the lines of the improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement.

I also established,at intervals of not less than one in each mile,in the most practicable, permanent forms,and in locations where destruction or disturbance is improbable,bench marks from which the original levels of the improvement can be established.The relation of the assumed relation used in my work upon this improvement,U.S.Geological Elevations

I also made a schedule of the work proposed to be done,showing the fall,depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base,elevationused,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I Believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins,retaining walls,size and kind of tile.

I made estimates of the cost of excavating and the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey,maps,profiles,schedules,and reports are hereto attached and made a part hereof.

My estimate of the cost of construction is as follows:

OBJECTION TO ASSESSMENT. Marysville,Ohio,June 13,1951

Commissioners of Union Co.

Gentlemen;

I am writing in regard to the Trapp-Barnett Ditch 1332 and 1334 to object to the assessment of $78.00 on 28 acres.It is too high and will be of no benefit to me at all,and feel it should be lowered very much at least.

I wand to attend the hearing but if hindered you will know my sentiments about the ditch.

Yours truly
Molton L.Huey.

CONTRACT OF CONTRACTOR.

THIS AGREEMENT,made and entered into on this 23rd,day of July 1951,by and between the County Commissioners of Union County,Ohio,and hereinafter designated as "First Party",and O.E. Liller,London,Ohio,hereinafter designated as "Second Party".

IN THE MATTER OF ADJOURNED HEARING ON GRASSY FORK DITCH #1335

Auditor's Office,June 5,1950.
Commissioners Jour.Vol.24 Page 384.

The Union County Board of Commissioners met this day with the following members present; Frank White,W.W.Robinson and Harry Reed,for the adjourned First hearing on Grassy Fork Ditch #1335 located in Paris & Allen Townships.

As H.B.Robinson,County Commissioner being an interested party in the above named ditch, Common Pleas Judge,Leroy Allen appointed Harry Reed to serve on the Board of County Commissioners in the place of Mr.Robinson.

After some discussion of all of the evidence offered in the proceedings,it was the opinion of the Board of County Commissioners,that the construction of the proposed improvement in part,would be conducive to the public welfare,therefore a motion was made by Walter W.Robinson and seconded by Harry Reed the Grassy Fork Ditch petition along with the Barnes Amendment and Walter M.Staley,Jr. Amendment and Paragraph #2 of the Thrush & Dillon Amendment,be granted.

Paragraph #1 and 3 rejected.

Also that the Engineer be authorized to go upon the line of the proposed improvement and perform his duties thereon according to statute and file his report the the Board of Commissioners at the earliest convenient date.

Upon a call of the roll the Commissioners voted as follows;Frank White "aye", W.W.Robinson "aye" and Harry Reed "aye".

OBJECTIONS TO ASSESSMENTS

County Commissioners Nov.1,1951

We wish to object to said estimated assessments on the Grassy Fork Ditch #1335 is far out of reason.We feel sure that not over 25 sq,ft of water on our property and its very doubtful if any water at all from our place emptys into this ditch,may we ask that this be brought to your attention.

Mr.& Mrs,Floyd Hagenderfer
Marysville 5,Ohio.

F.T.McCurdy,Auditor Union Co.
Marysville,Ohio. Lewistown,Ohio.Oct.30.1951

Dear Sir.

Please register this as a remonstrance for the assessments made against three tracts of land which I own in Allen Township,for the proposed improvement of Grassy Fork Ditch #1335.I consider the assessment against the 70 acres tract and the 39.50 A.Tract as unreasonable as the lateral draining this is so plugged with undergrowth as to give me no drainage whatever.I understood this lateral which we applied for was dropped because I was not able to attend the hearing.

I consider the whole program as unreasonable because Buck Run which receives the water of this Grassy Fork Ditch is clogged to the extent that it will not carry the water now coming into it slowly.To hurry into Buck Run without improving the outlet will damage my land seriously.

Martin V.Thrush & Helen A.Thrush.

In reply to to notice of assessment on Marysville,Ohio.Oct.22,1951.
Grassy Fork Ditch,I have about 22 acres that drain into the ditch instead of 30.

Auditor of Union County,

Marysville,Ohio.

Dear Sir;

We have received two notices of possible operations on Ditch #1335.

Inasmuch as we would derive no benefit from this ditch,if it means extra assessment or increase in our taxes,kindly accept this as our remonstrance against it.

Yours very truly

IN THE MATTER OF THE SHULER DITCH #1336-FIRST HEARING

Auditor's Office,May 8th,1950.
Commissioners Jour.Vol.24 Page 548.

The Union County Board of Commissioners met this day in special session,with all members present for the first hearing on Shuler Ditch #1336,located in Dover Township.

The petition for said ditch was read by the Clerk.

After some discussion of said matter and haveing considered all of the evidence offered in the proceedings,the Commissioners were of the opinion that the construction of said improvment would be conducive to the public welfare,and that the cost would be less than the benefits derived therefrom,therefore a motion was made by H.B.Robinson and seconded by W.W.Robinson that the prayer of the petition be granted,together with the following amendment;

Commencing at the south line of State Route #36 in the Village of New Dover at the lands of Pearl & Evelyn Shuler and leo R.& Claudia M.Fleck thence in a southerly direction through the lands of said Pearl & Evelyn Shuler,Pearl & Wilma Taylor to said beginning point of original petition. REPORT OF COUNTY ENGINEER.

Union County,Ohio,Jan.29,1952

To The Honorable Board of County Engineers.,Union County,Ohio.

The undersigned County Engineer,in obedience to the order of your Honorable Body,made on the 15th,day of May 1950,proceeded in the above matter,and visited the proposed location of said improvement and made the necessary survey for the proposed improvement,as found by the Commissioners, and suitable maps showing the location of the land proposed to be assessed,and profiles showing the cutting and gradient of the improvement;and an estimate of the cost of the construction of said improvement;and set proper construction stakes,beginning at the upper terminus of the improvement with the land boundries of separate owners,township and county lines,natural land marks road crossings,or other lines or marks;and took and noted necessary levels off the lines of the improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement.

I also established,at intervals of not less than one in each mile,in the most practicable, permanent forms,and in locations where destruction or disturbance is improbable,bench marks from which the original levels of the improvement can be established.

ENGINEER'S REPORT CONTINUED.

The relation of the assumed elevation used by me in my work upon this improvement,to be the established elevation of the geological survey of the United States,in the county as follows:

U.S Geological Elevations Used.

I also made a schedule of the work proposed to be done,showing the fall,the deptch,the excavating to be done,the location of the permanent bench marks,and their actual elevation above or below base elevation used,the nature of the excavation,and the location of quicksand or rock etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule thenproximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared working specifications for the construction of the improvement,including catch basins,retaining walls,size and kind ofmtile used,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey maps,profiles,schedules,and reports are hereto attached and made a part hereof.
My estimate of the cost of construction of said improvement is as follows:

Main Ditch-Labor and Material	$2920.10
Tile Repair " " "	89.00
Headwall Construction-Labor & Material	469.15
Survey,Plans and Estimates	321.80
Engineering & Inspection	200.00
Other Expenses	34.21
Total Estimated Cost	4034.26

I estimate the cost of inspecting the work as it progresses to be 200.00
The following is an itemized bill of the costs and expenses incurred in the discharge of the foresaid duties:

Estimated Cost.Engineer's Report.

County Engineer's Office,
Union County,Jan.30,1952.

To the Honorable Board of County Commissioners
Union County,Ohio.

The undersigned County Engineer,in obdience fo the order of your Honorable Body,made on the 22nd,day of May 1950.proceeded in the above matter,and visited the proposed location of said improvement,as found by the Commissioners,and suitable maps showing the location of the land proposed to be assessed,and profiles,showing the cutting and gradient of the improvement;and an estimate of the cost of the construction of said improvement;and set proper stakes beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundries of separate owners,township and county lines,natural marks,road crossings,orother lines or marks.and took and noted the necessary levels of the lines of the improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the land that will be specially benefited by the construction of the improvement.

I,also established,at intervals of not less than one in each mile,inthe most practable,permanent forms,and in locations where destruction or disturbance in improbable,bench marks from which the originals levels of the improvement can be established.The relation of the established elevation used by me in my work upon this improvement,U,S.Geological Elevation used.

I also made a schedule of the work to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement,including catch basins,retaining walls,size and kind of tile etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey,maps,profiles,schedules,and reports are hereto attached and made a part hereof/

My estimate of the cost of the construction of said improvement is as follows:

Main Ditch-Labor & Material	$3833.32
Morris Tile Repair-Labor & Material	266.20
Parish Tile Repair-Labor & Material	1003.94
Engineering,survey,plans,supervision etc	1377.90
Total Estimated Cost	6481.36

I estimate the cost of inspecting the work as it progresees to be 450.00

IN THE MATTER OF THE WILLIS DITCH #1339-FIRST HEARING

Auditor's Office, Jan.2,1951.
Commissioners Jour.Vol.24,Page 604.

The Board of County Commissioners met this day in special session,with all members present, for the first hearing on Willis Ditch #1339,located in Taylor Township,petitioned for by Wm.H.Elliott et al.

The Commissioners having viewed this proposed improvement on the 23rd,day of December 1950, said matter came up for further consideration.

The petition was read by the Clerk.

The Chairman called for comments from the interested landowners present.

An Amendment to the original petition was presented by S.G.Watts and R.C.Turney,requesting the repair of the tile from existing headwall or new location of headwall as petitioned for in Mae Smith Middleton' tract of 16.93 acres formerly known as Wilgus Ditch #1069 including both main and laterals through the lands of Middleton crossing S.H.347,S.G.Watts,Arthur Temple or as far as may be found necessary.

After some discussion of all of the evidence offered in the proceedings,the Commissioners were of the opinion that the construction of the proposed improvement would be conducive to the public welfare and that the cost would be less than the benefits derived therefrom,therefore a mition Was made by H.B.Robinson and seconded by Frank White that,the prayer of the petition be granted as petitioned for in the original petition,slso the amendment requested by Mr.Watts and Mr.Turney.

Also that the Engineer be authorized to go upon the line of the proposed improvement and perform his duties thereon as provided by statute,and make his report to the Board of County Commissioners at the earliest convenient date.

Upon a call of the roll the Commissioners voted as follows;W.W.Robinson "aye",H.B.Robinson "aye" and Frank White "aye".

REPORT OF ENGINEER

Jan.30,1952.

To the Honorable Board of County Commissioners,
Union County,Ohio.

The undersigned County Engineer,in obedience to the order of your Haonorable Body,made on the 2nd,day of January 1951,proceeded in the above matter,and visited the proposed location of said improvement and made necessary survey for the proposed imptovement,as found by the Commissioners, amd suitable maps showing the location of the land proposed to be assessed and profiles showing the cutting and gradient of the improvement;and an estimate of the cost of construction of said improvement;and set proper construction stakes,beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundries of separate owners, Township and county lines,natural land marks,road crossings,or other lines of marks;and took and noted necessary levels of the lines of the improvement for contour purposes,to determine the area of the land subject to drainage,and to determine the area of land thatwill be specially benefited by the construction of the improvement.

I also established,at intervals of not less than one in each mile,in the most practicable, permanent forms,and in locations where destruction is improbable,bench marks from which the original levels of the improvement can be established.The relation of the assumed elevation used,U.S.Geological Elevation used.

I also made a schedule of the work proposed to be done showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement,including catch basins,retaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvement into such work sections as were deemed expedient.

The said survey,maps,profiles,schedules,and reports are hereto attached and made a part hereof.

ENGINEER'S REPORT CONTINUED.

My estimate of the cost of construction of said improvement is as follows:

Commissioners Jour.Vol.25 Page 60.

The County Engineer this day filed his report with the Board of County Commissioners ,the estimated approtionment assessments on Willis Ditch #1339,located in Taylor Township.

A motion was made by Frank White and seconded by W.W.Robinson that a public hearing be held on the assessments on the above ditch on the 27th,day of February 1952 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;H.B.Robinson "aye" Frank White "aye" and W.W.Robonson "aye".

IN THE MATTER OF THE HEARING ON ESTIMATED ASSESSMENTS ON WILLIS DITCH #1339.

Auditor's Office,Feb.27,1952.
Commissioners Jour.Vol.25 Page 67

The Union County Board of Commissioners met this day in special session,with the following members present;for the hearing on the assessments on Willis ditch #1339,located in Taylor Township,H.B.Robinson,Frank White and W.W.Robinson,with County Auditor F.T.McCurdy acting as Clerk.

After some discussion of all of the evidense offered in the proceedings,the Commissioners were of the opinion that the cost of the construction of the proposed improvement would be more than the benefits derived therefrom,and that it would not be conducive to the public welfare; therefor a motion was made by Frank White and seconded by W.W.Robinson that the petition for said ditch be dismissed.

Upon a call of the roll the Commissioners voted as follows;H.B.Robinson "aye",Frank White "aye" and W.W.Robinson "aye".

IN THE MATTER OF THE BARGDILL DITCH #1340-FILING OF PETITION

Auditor's Office,Apr.23,1951.
Commissioners Jour.Vol.24 Page 633.

County Auditor,F.T.McCurdy,this day filed with the Board of County Commissioners a copy of a ditch petition,filed by A.M.Wallace,et al,requesting the reconstruction of Bardgill Ditch #1340, located in Washington and York Townships.

The petitioners state that the construction of the propowed improvement will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit;Commencing at the south side of the bridge on C.H.#311 on the A M.Wallace property;thence following the course of said Bardgill Ditch Open,in a northeasterly direction through said A.M.Wallace lands,E.K.Stokes, Lowell B Harris,John R.Jolliff,Wynter Moody,or far enough for a good and sufficient outlet.

Also,the repair of 12" tile ditch known as the Turner Ditch,commencing at the west property line of said A.M.Wallace;thence following the line of said Turner Ditch through said A.M.Wallace's land & E.L.Stokes to an outlet in said Bardgill Ditch.

Also,the construction of a headwall at the outlet of said Turner Ditch of size and design as determined by County Engineer.

The following is the nature of the work petitioned for;reconstruction,cleaning,deepening, widening and straightening of open ditch;repair of tile ditch and headwall construction.

Signed by,
A.M.Wallace
Milburn Baker
John R.Jolliff
J.H.Jolliff

The petitioners filed with the petition a Surety Bond in the amount of $200.00.with A.M.Wallace, Milburn Baker and John R.Jolliff as sureties and conditioned for the payment of all costs if for any cause said petition is dismissed.

A motion was made by H.B.Robinson and seconded by Frank White that May 16th,1951,be fixed as the date for the viewing of said ditch,beginning at the upper terminus thereof at ten o'clock A.M., and the first hearing thereon will be held on the 21st,day of May 1951,at the office of the County Commissioners,Marysville,Ohio,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;W.W.Robinson "aye",H.B.Robinson "aye" and Frank White "aye".

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS,That we A.M.Wallace,et al,are held and firmly bound unto the State of Ohio,in the sum of Two hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dateed this day of 19

The condition of the above obligation is such that,Whereas,on the day of 19 the above bound A.M.Wallace and others filed their petition with the County Auditor of Union County, Ohio,making application to the County Commissioners,praying for the Reconstruction,cleaning, deepening,widening and straightening of open ditch;repair of tile ditch and headwall construction. petitioned for by A.M.Wallace et al;

The following is the course and termini of said proposed improvement,to-wit:Commencing at the south side of the bridge on C.H.311 on the A.M.Wallace property;thence following the course of said Bardgill Open Ditch in a northeasterly direction through said A.M.Wallace lands,E.L.Stokes, Lowell B.Harris,John R.Jolliff,Wynter Moody,or far enough for a good and sufficient outlet.

Also the repair of 12" tile ditch known as the Turner Ditch,commencing at the west property line of said A.M.Wallace;thence following the line of said Turner Ditch through said A.M.Wallace's land and E.L.Stokes to an outlet in said Bargdill Ditch.Also the construction of a headwall at the outlet of said Turner Ditch of size and design as determined by County Engineer.

Now,if the said A.M.Wallace will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this abligation to be void;otherwise to remain in full force and virtue in law.

A.M.Wallace,
John R.Jolliff
Milburn Baker.

The above Bond is approved this 16th, day of May 1951.

REPORT OF COUNTY ENGINEER

To the Honorable Board of County Commissioners
Union County,Ohio.

County Engineer's Office,Apr,23,1952.

The Undersigned County Engineer,in obedience to the order of your Honorable Body,made on the 18th,day of June 1951,proceeded in the above matter,and visited the proposed location of said improvement and made the necessary survey for the proposed improvement,as found by the Commissioners, and suitable maps showing the location of the land proposed to be assessed,and profiles showing the cutting and gradient of the improvement;and an estimate of the cost of said improvement;and set proper construction stakes,beginning at the upper terminus of the improvement,and noted the intersection of the line of the improvement with the land boundries of seperate owners,township and county lines,natural land marks,road crossings,or other lines or marks;and took and noted necessary levels off the lines of the improvement for contour purposes,to determine the area of the land subject to drainage and to determine the land that will be specially benefited by the construction of the improvement.

I also established,at intervals of not less than one in each mile,in the most practicable, permanent forms,and in locations where destruction or disturbance is improbable,bench marks from which the original levels of the improvement can be established.the relation of the assumed elevation,U.S.Geological Elevztions used.

I,also made a schedule of the work proposed to be done,showing the fall,the depth,the excavating to be done,the location of the permanent bench marks and their actual elevation above or below the base elevation used,the nature of the excavation,and the location of quicksand or rock,etc.

I also prepared a schedule containing the name of each owner of land,with a description of the land which I believe to be benefited by the proposed improvement,taken from the tax duplicate of the county,and have entered in said schedule the proximate number of acres benefited by the proposed improvement,and the amount that said land,in my opinion,ought to be assessed,according to benefits.

I also prepared proper working specifications for the construction of the improvement,including catch basins,retaining walls,size and kind of tile,etc.

I made estimates of the cost of excavating and of the cost of material and divided the construction of said improvementinto such working sections as were deemed expedient.

The said survey,maps,profiles,schedules and reports are hereto ataached and made a part hereof.

My estimate of the cost of construction of said improvement is as follows:

Bargdill Ditch,Labor and Materials	664.25
Turner Tile Lateral,Labor & Materials	163.50
" " " Retaining Wall at outlet	69.88
Survey,Plans,and estimate	295.74

IN THE MATTER OF THE FIRST HEARING ON ELLIOTT DITCH #1341.

Auditor's Office,July 16,1951.
Commissioners Jourrnal Vol.25,Page 15.

The Union County Board of Commissioners met this day for the first hearing on Elliott Ditch #1341,petitioned for by John Sidle,et al,located in Leesburg Township.

The Commissioners having viewed this proposed improvement on the 11th,day of July 1951,said matter came on this day for further consideration.

The following amendment was presented by Glenn Davis,et al,requesting the reconstruction and repair of the Snider Ditch and new line of tile;Commencing at a lateral 7" tile of the Snider Ditch in V.M.S.#5646 in Taylor Township,on the lands of John P.Livingston;thence in an easterly direction through said Livingston's land to and crossing the Erie Railroad;thence continuing in an easterly direction on the lands of A.J.and E.Thompson;thence to County Highway #215 A on the land of A.J.& E.Thompson;thence in an easterly direction through said Thompson's land to the lands of Clyde and Ruby Jolliff;thence in an easterly direction through said Jolliff's land to County Highway #197 E;thence crossing said County Highway #197 E on the lands of Arthur Potts;thence in a northeasterly direction to the north line of said Potts the beginning point of said ElliottmDitch.

Also,an amendment was presented by J.C.Hull,requesting the repair and reconstruction of Peacock Branch Ditch,a lateral to said Elliott Ditch,wherever found necessary.Also grubbing and deadening of trees.

Also construction of new headwall at the west side of Co.Highway #197 E.

Also deadening of trees and grubbing wherever found necessary on Snider Ditch.

After hearing and weighing allof the evidence offered in the proceedings,the Commissioners were of the opinion that the construction of the proposed improvement is necessary and that the benefits derived therefrom would not exceed the cost of construction,and it would be conducive to the public welfare,therefore a motion was made by H.B.Robinson and seconded by Frank White that, the prayer of the petition begranted,together with the amendments as petitioned for,and that the Engineer be authorized to go upon the line of the proposed improvement and perform his duties thereon,as prescribed by law,and make his report to the Board of County Commissioners at the earliest convenient date.

Upon a call of the roll the Commissioners voted as follows;H.B.Robinson "aye",Frank White "aye" and W.W.Robinson "aye".

OBJECTIONS TO ASSESSMENTS.

July 12,1952.

This is to object to the number of acres,37.50 on which we are being assessed on the Elliott Ditch.We believe that we do not have moere than 22 Acres draining to that ditch.

IN THE MATTER OF THE POSTPONED FIRST HEARING ON POWDEL LICK RUN DITCH #1346.

Auditor's Office,Mar.9th,1953.
Comms.Jour.Vol.25.Page 159.

The Union County Board of Commissioners met this day in regular session with all members present for the postponed First Hearing on Powder Lick Run Ditch and Stalder Ex.Ditch,located in York and Liberty Townships.

After hearing and considering all of the evidence offered in the proceedings,the Commissioners were of the opinion that the construction of the improvement would not be conducive to the public welfare,therefore a motion was made by Mr.Reed and seconded by Mr.Tallman that the petition be dismissed.

Upon a call of the roll the Commissioners voted as follows;Mr.Robinson "aye".Mr.Reed "aye" and Mr.Tallman "aye".

OBJECTIONS TO CONSTRUCTION OF SAID DITCH.

The undersigned respectfully represents;

That they are interested in the project to reconstruct,clean,deepen,straighten,widen and grub the Powder Lick Run Ditch in V.M.S.3238-3387 and 5387,being the owners of land to be specially taxed or assessed for the said improvement being made for the reason that the public convenience and welfare does not require it;and for further reason that said improvement is not necessary for control drainage or any land or for irrigation,or to prevent the overflow of any land,and further that the cost of the proposed improvemtnt will be more than the benefits confereed by the construction of the proposed improvement.

Therefore,the undersigned request that the proceeding herin be dismissed.

IN THE MATTER OF THE ADJOURNED HEARING OF FEB.14-WOLFORD DITCH #1352.

Auditor's Office,March 12,1956.
Comm.Jour.Vol.25 Page 434.

The Board of County Commissioners met this day in regular session with all members present for the hearing adjourned as of Feb.14,1956,on the estimated assessments on Wolford Ditch #1352 located in Taylor Township.

The following remonstrance was filed with the Board of Commissioners,objecting to the improvement,for the following reasons:

1st, the cost of the improvement will be greater than the benefits which will be derived therefrom if constructed.

2nd. The improvement is not necessary for the public welfare.

3rd. There are no special benefits to any lands needing improvement.

Therefore we the undersigned request that the proceeding herein be dismissed.

Signers,

G.E.Guthrie	Mary Guthery	Margaret D.Stiles	Wayne Stiles	Marie G.Spain
Robert L.Spain	W.A.Gibson	Louise Gibson	Harry O.Retterer	Mary G.Retterer
Ernest Wolford	Cecil Wolford	Erma Green	Carry B.Groom	

After considering all of the evidence offered in the proceedings by the ~~by the~~ interested land owners present,the Board of Commissioners were of the opinion that the construction of the proposed improvement would not be conducive to the public welfare,therefore a motion was made by Mr.Harry Reed and seconded by Mr.Paul A.Tallman to dismiss the petition.

Upon a call of the roll the following vote was had: Mr.Robinson "aye",Mr.Reed "aye". and Mr.Paul A.Tallman "aye".

IN THE MATTER OF FIRST HEARING
ON FLAT BRANCH DITCH #1355

Auditor's Office,June 17,1957.
Comm.Jour.Vol.25.Page 544.

The Commissioners having viewed the proposed construction of Flat Branch Ditch #1355 in Liberty Township, on the 12th day of June 1957, said matter came up this day for further consideration.

After the County Commissioners had considered all of the evidence offered by the interested land owners present, the Commissioners were of the opinion that the construction of the proposed improvement would not be conducive to the public welfare, and that the cost would be greater than the benefits derived therefrom, therefore a motion was made by Mr.Walter W.Robinson and seconded by Mr.Paul A.Tallman that the petition be dismissed.

Upon a call of the roll the Commissioners voted as follows: Mr.Reed "aye",Mr.Tallman "aye" and Mr.Robinson "aye".

COPY OF BOND.

KNOW ALL MEN BY THESE PRESENTS, That we, Charles Collins, as principal and C. B. Hobson and James E. O'Brien as suerties, are held and firmly bound unto the State of Ohio, in the sum of Two Hundred and 30/cents Dollars to the payment of which sum, well and truly to be made, we do hereby jointly and severally bind ourselver, our heirs, executors and administrators.

Signed by us and dated at Marysville, Ohio, this 8th day of December,1958.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, That, Whereas, on the 8th day of December, 1958, the above bound Charles Collins, C. B. Hobson and James E. O'Brien filed their petition with the Clerk of the County Commissioners of Union County, Ohio, making application to the County Commissioners to Reconstruct the Blues Creek Open Ditch petitioned for by Charles Collins and others, the following being the course and termini of said proposed improvement, to wit:

Commencing at the West line of the Charles Collins tract of 34 acres, in V.M.S. No. 829 in Taylor Township; thence in a general Easterly and Southeasterly direction following the line of said Blues Creek Open Ditch through the following described properties; said Charles Collins tract of 34 acres, Henry J. Coleman tract of 84.70 acres, Crossing S. H. No. 347 and continuing on the Joseph & Ruby Spicer tract of 100 acres, Cecil B. & Alice I. Hobson tract of 44.50 acres, Bernard H. & Marion B. Anderson tract of 341.40 acres, Francis Parrish tract of 70 acres, Josephine B. Ritchie tract of 120.45 acres, crossing C. H. No. 129 F and continuing on the Rosetta Hall tract of 50 acres, James E. & Sara E. O'Brien tract of 85 acres, J. E. & Eunice Rinehart tract of 87.50 acres, crossing C. H. No. 129 E and continuing of the G. J. & E. M. Weber tract of 1.75 acres, Richard Simkins tract of 49.34 acres crossing C. H. No. 129 D and continuing on the Ward G. & Rowena Johnson tract of 109 acres, Harry O. Retterer tract of 23.50 acres, Geo. Opphile tract of 23.75 acres, Clara Wykoff tract of 314.14 acres, Charles B. Cook tract of 50 acres, Gale E. & Ruth W. McAllister tract of 199.44 acres, Fred F. & Donna Riedmiller tract of 50.75 acres, Arthur R. & Ramona Kirkpatrick tract of 92.25 acres, crossing C. H. No. 196 B and continuing on the Charles W. & Marjorie Green tract of 111.25 acres to the West right of way line of S. H. No. 4, or far enough for a good and sufficient outlet.

Now, if the said Charles Collins will pay the cost of notices, plus any other incidental expenses, except the cost made by the Engineer in making his survey, maps, plans, profiles and schedules, if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation shall be vold; otherwise it shall be and remain in full force and virtue in law.

The above bond is approved this 15th day of December 1958.

PRELIMINARY REPORT OF COUNTY ENGINEER

In the Matter of the Blues Creek Open Single County Ditch No. 1359 Petitioned for by Charles Collins and others.	County Engineer's Office, Union County, Ohio March 9, 1959 Proceedings to Reconstruct Blues Creek Open Ditch No. 1359 in Taylor and Leesburg Township and amendments thereto

To the Board of County Commissioners Union County, Ohio:

The undersigned County Engineer, in obedience to the order of your Board, made on the 12th day of January, 1959, proceeded in the above matter, and visited the proposed location of said improvement and in my opinion based on actual view and under requirements of Section 6131.09 of the Revised Code, I estimate the cost of construction of said improvement with my further findings as follows:

The original petition for this work was filed December 8th, 1958 and included approximately 7.7 miles of ditch between the west line of Charles Collins 34 acre tract east of State Highway No. 31 to the west Right-of-way of State Route No. 4. This work was extended upstream by amendment dated December 29, 1958 to the Erie Railroad Right-of-way, an additional distance of 0.5 mile. By amendment dated February 2, 1959 the project was further extended to a point approximately 800 feet west of the intersection of County Highway NOS. 222 and 221, an additional distance of 1.3 miles.

On December 29th, 1958 an amendment was made which added the Willis Ditch to the project. This work was to extend from the south right-of-way line of State Highway NO. 347 along the line of the Willis Tile and Open Ditch to the point of juncture with Blues Creek Open Ditch, a distance of 2.1 miles.

The Gibson Lateral was also added by amendment dated January 22, 1959. This lateral extends from the east property line of the Woodrow and Louise Gibson 172 acre tract to the juncture with the Blues Creek Open Ditch a distance of 1.4 miles.

The preliminary survey and design investigation indicates that appreciable silting and filling from bank erosion has occurred through the reach between the Juncture of the Barnett and Trapp Ditches and a point about 1.6 miles upstream from State Highway NO. 4. The grade of the ditch can be materially improved between these limits by deepening and widening the channel. The depth of excavation ranges up to a maximum of about 4 feet with the average being about 1.5 feet. The width of the proposed channel would vary from 8 feet at the Erie Railroad and above to 13 feet at the downstream terminus. The portion of the ditch upstream from the juncture of Barnett and Trapp Ditches is essentially at the same grade provided when this ditch was improved in 1951 or 1952. Consequently no excavation is considered necessary. The grade of the 1.6 miles of ditch immediately upstream from State Highway NO. 4 is approximately at the natural valley slope and no extensive localized filling was noted. Consequently improvement of this reach is not recommended, since an adequate outlet can be obtained at the proposed terminus. Accordingly it is recommended that the improvement of the main Ditch begin at the Juncture of the Barnett and Trapp Ditches at or near the east property line of the Amer L. & Leona Mae Rausch 136 Acre Tract and terminate approximately 8500 feet upstream from State Highway NO. 4, about 1600 feet west of the East property line of the 199.44 acre tract of Gale E. & Ruth W. McAllister. The overall length of this improvement would be about 9.2 miles. It is proposed to provide about 16 feet of corrugated metal pipes at the outfall of tile laterals instead of concrete Headwalls. The estimated cost of the main ditch is as follows:

Excavation - 93000 cu. yds.	27,900.00
Clearing & Grubbing	3,000.00
Tile outlets & structures	2,500.00
Surveys	8,500.00
Inspection & miscellaneous	1,500.00
Total Estimated Cost	$43,400.00

The Gibson Lateral is estimated as an open ditch with 3 feet bottom width for the entire length. Corrugated metal pipe outlets 16 feet in length will be provided for lateral tiles. The estimated cost of the Gibson Lateral is as follows:

Excavation 9000 cu. yds.	2,700.00
Clearing & Grubbing	700.00
Tile outlets & structures	200.00
Surveys	1,200.00
Inspection & Miscellaneous	200.00
Total Estimated Cost of Gibson Lateral	$5,000.00

The portion of the Willis Ditch included in this improvement consists of about 400 feet of 16 inch tile south of State Highway NO. 347 and the remainder is open ditch. This tile is badly broken and the headwall has been broken and overturned. An 18" and a 12" tile from the village of Broadway also empty into the ditch near the outlet of the Willis Tile. These two tiles apparently carry considerable sewage and septic tank effluent from the Broadway area. To eliminate obnoxious odors it is proposed to extend the Willis Tile to intercept those two tiles and carry the combined flow approximately 500 feet further downstream in a 24 inch pipe, terminating with corrugated metal pipe in the existing open ditch. The estimated cost of this work is as follows:

Excavation 5500 cu. yds.	1,650.00
Clearing & Grubbing	700.00
New pipe, pipe outlets & Structures	6,000.00
Surveys	1,950.00
Inspection & Miscellaneous	500.00
Total Estimated Cost of Willis Lateral	$10,800.00

It is also recommended that a program for maintenance of the project be set up in conformance with the current ditch laws. It is also recommended that the project, if approved, include an item for seeding the slopes of the ditches as a part of the construction cost. This item has not been included in the preceding estimate.

Other Expenses $_____

TOTAL $ 59,200.00

RESOLUTION--COMMISSIONERS' FINDING FOR THE IMPROVEMENT

In the Matter of the Blues Creek Open Single County Ditch No. 1359 Petitioned for by Charles Collins, and others.) Office of the Board of County Commissioners, Union County, Ohio March 9, 1959

The Board of County Commissioners of Union County, Ohio, met in regular session on the 9th day of March, 1959, at the office of County Commissioners with the following members present:

Mr. Harry E. Reed
Mr. Paul A. Tallman
Mr. Eugene Amrine

Mr. Paul A. Tallman moved the adoption of the following Resolution:

Whereas, This being the day fixed by said Board in its order dated the 15th day of December, 1958, for the hearing on the petition in the above named improvement, the said Board met at its office, and conducted said hearing by causing the petition to be publicly read, together with all applications for change or extension of the improvement, previously filed in writing; and

Whereas, After proper examination, said Board finds that due and legal notice has been given in the manner and for the length of time required by law, to all owners of land affected by said improvement; and

Whereas, Said Board has made an actual view of said proposed improvement and has heard either in person or by counsel all evidence offered by an owner of land for or against the granting of the proposed improvement, or for or against the granting of any laterals, brances, or spurs or change of route, course, termini, or manner of construction described in the petition, or in any application therefor; therefore, be it

Resolved, By the Board of County Commissioners that said Board hereby finds that the said proposed improvement petitioned for is necessary and will be conducive to the public welfare, and it is reasonably certain that the cost thereof will be less than the benefits, and the prayer of the petition is hereby granted; and it further finds that the following described route and termini of the proposed improvement and of the branches, spurs and laterals thereof, and the manner of constructing the same are the best and the same are hereby adopted and prescribed by said Board:

Commencing as stated on petition and amendments.

and be it further

Resolved, That the County Auditor be authorized to transfer from the general revenue funds of the county, not otherwise appropriated, to the general drainage improvement fund the sum of Five thousand, Thirty Two & No/100 ($5,032.00); and be it further

Resolved, That the County Engineer be and he is hereby directed to cause to be made the necessary survey for the proposed improvement, plans for the structures, maps showing the location of the land proposed to be assessed, and profiles showing the cuttings and gradient of which shall include actual construction cost of engineering and the cost of notices, publication and other incidental expenses; and set proper construction stakes, beginning at the upper terminus of the improvement, and perform such other duties as required by Section 6131.14 of the Revised Code of Ohio; and be it further

Resolved, That the 11th day of May, 1959, at 10 o'clock A.M., be and the same is hereby fixed as the time for filing with the Clerk of the County Commissioners all of said maps, profiles, schedules and reports prepared by said County Engineer; and be it further

Resolved, That further hearing on said improvement be and the same is hereby adjorned to the date above fixed for the filing of the reports and schedules by the County Engineer.

Mr. Eugene Amrine seconded the resolution and the roll being called upon its adoption, the vote resulted as follows:

Mr. Harry E. Reed "Yes"
Mr. Paul A. Tallman "Yes"
Mr. Eugene Amrine "Yes"

In the Matter of the Blues Creek Open Single County Ditch No. 1359 Petitioned for by Charles Collins, and others.) County Engineer's Office Union County, Ohio June 15, 1959 Proceedings to reconstruct the Blues Creek Open Ditch No. 1359 in Taylor and Leesburg Townships

To the Board of County Commissioners Union County, Ohio:

The undersigned County Engineer, in obedience to the order of your Board, made on the 9th day of March, 1959, proceeded in the above matter and visited the proposed location of said improvement, and made the necessary survey for the proposed improvement, as found by the Commissioners, plans for structures, maps showing the location of the land proposed to be assessed, and profiles showing the cutting and gradient of the improvement and made an estimate of the actual cost of the construction together with the cost of engineering and the cost of notices, publication and other incidental expenses of said improvement; and set proper construction stakes, beginning at the upper terminus of the improvement, and noted the intersection of the line of the improvement with the apparent land boundaries of separate owners, township and county lines, natural land marks, road crossings, or other lines or marks; and took and noted necessary levels off the lines of the improvement for contour purposes, to determine the area, of the land subject to drainage, and to determind the extent of benefits to the land affected by the construction of the improvement.

I also established, at intervals of not less than one in each mile, in the most practical, permanent form, and in locations where destruction or disturbance is improbable, bench marks from which the original levels of the improvement can be established. Used by me in my work upon this improvement, is that of the geological survey of the United States, in the County, is as follows:

I also made a schedule of the work proposed to be done, showing the fall, the depth, the excavating to be done, the location of the permanent bench marks and their actual elevation above or below the base elevation used, the nature of the excavation, and the location of quick-sand or rock, or other special features.

I also prepared a schedule containing the name of each owner of land, with a description of the land which I believe to be benefited by the proposed improvement, taken from the tax duplicates of the County, and have entered in said schedule the proximate number of acres benefited by the proposed improvement, and the amount that said land, in my opinion, ought to be assessed according to benefits.

I also prepared proper working specifications for the construction of the improvement, including catch basins, retaining walls, size and kind of tile, and included an easement of sufficient width for permanent maintenance, etc.

I made estimates of the cost of excavating and of the cost of materail and divided the construction of said improvement into such working sections as were deemed expedient.

The said survey, maps, profiles, plans, schedules, and reports are hereto attached and made a part hereof.

I hereby recommend the formation of a new maintenance district in which this improvement shall be placed, and I have included $ 0.00 in the construction costs for the maintenance of said district for one year.

My estimate of the cost of the construction of said improvement is as follows:

In the Matter of BLUES CREEK AND WILLIS DITCH LATERAL

Gentlemen:

The undersigned land owners affected by Blues Creek and Willis Ditch Lateral hereby request that the Petition and Amendments thereto for this improvement be dismissed for the reason that the cost of the improvement to the various land owners will be greater than the benefits which will be derived from the improvement, if carried out. The undersigned protest against the excessive cost and request the Board to set aside any orders heretofore made in favor of said improvement and dismiss the Petition as amended as being economically impractical and further to consider this a remonstrance whereby all signers ask their names be considered removed from the Petition for improvement and any amendments thereto.

Dear Sir:

This letter has reference to your notice of an assessment on account of the reconstruction of the Blues Creek Open Ditch # 1359 in the estimated amount of $657.80.

The claim for the amount of this assessment should be filed with the Sundry Claims Board, State House, Columbus, Ohio. The claim should be submitted in quintuplicate form, one original and four copies, and should list the location of the property, and any other pertinent information.

If there is any questions regarding the filing of this claim it is suggested you contact the Board of Sundry Claims, at the above address.

Very truly yours,

E. L. Sheley

Gentlemen:

Inspection of the Willis Ditch, Broadway, Ohio reveals a condition resulting in poor drainage. It is the recommendation of this department that the ditch be covered by means of a permanent cement sewer, in order to provide a safe and sufficient outlet through the pasture field to the open ditch. This type of construction would prevent the stock crushing the outlet, resulting in a condition of stagnation and a health nuisance.

Respectfully,

J. P. Owens, M. D.
Health Commissioner

RESOLUTION--COMMISSIONERS' FINDING SETTING ASIDE FORMER ORDER AND DISMISSING PETITION

In the Matter of the Blues Creek Open)
Single County Ditch No. 1359)
Petitioned for by Charles Collins, and others.)

Office of the Board of County Commissioners,
Union County, Ohio.
August 24, 1959

The Board of County Commissioners of Union County, Ohio, met in regular session on the 24th day of August, 1959, at the office of County Commissioners with the following members present:

Mr. Harry E. Reed
Mr. Paul A. Tallman
Mr. Eugene Amrine

Mr. Paul A. Tallman moved the adoption of the following Resolution:

Whereas, This being the day fixed by the said Board in its order dated the 20th day of July, 1959, for the adjourned final hearing on the Reports and Schedules of the County Engineer, on the estimated assessments, on claims for compensation or damages, and on the proceedings for the improvement, and on application filed for change of route or change in the nature, kind and extent of the work proposed to be done; and

Whereas, Said Board has heard all the evidence offered in the proceedings, and received and considered all the schedules and reports filed by the County Engineer; therefore, be it

Resolved, That said Board review and reconsider its former order made on and dated the 9th day of March, 1959, in favor of said improvement; and

Whereas, Said Board finds that the cost of improvement will be equal to or greater than the benefit which will be derived therefrom if constructed, that the improvement is not necessary, that the improvement will not be conducive to the public welfare; therefore, be it

Resolved, That said former order finding in favor of said improvement made at the first hearing on the 9th day of March, 1959, be and the same is hereby set aside; and be it further

Resolved, That said petition be and the same is hereby dismissed; and be it further

Resolved, That all the costs in said proceedings, save and except the costs made by the County Engineer in making his surveys, reports, and schedules, be and the same are hereby ordered to be paid by the petitioner.

Mr. Eugene Amrine seconded the resolution and the roll being called upon its adoption, the vote resulted as follows:

Mr. Harry E. Reed, Yes
Mr. Paul A. Tallman, Yes
