DITCH RECORD NO. 33

Auditor's Vault Box No.229 LEE DITCH No.1193 Transcribed January 22, 1944.

IN THE MATTER OF THE LEE DITCH No.1193 (Paris Twp.)

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed

Commissioners Journal, Volume 20 - - Page 283, July 28, 1925.

With him by D. M. Lee, et al praying for the location of a certain ditch the general location of which is as follows: Beginning in the line of the Phelps Ditch No.209, at the line between the Townships of Leesburg and Paris; thence following the line of the Phelps Run Ditch thru and along the lands of J. C. Reed, Addison J. Lee, T. W. & B. Jewell, J. M. Lee heirs, et al far enough to give a good and sufficient outlet.

As provided by Section 6447 G. C. we hereby fix the 19th day of August, 1925, for viewing said proposed improvement, beginning at the upper terminus thereof at 10:00 o'clock A.M. and we also fix the 22nd day of August at the office of the County Commissioners, Marysville, Ohio, at 10:00 o'clock A.M. as the time and place for hearing thereon. On question of adoption of the foregoing the following vote was had: Cashell "Aye"; Staley "Aye"; Crandell "Aye."

PETITION Marysville, Ohio, March 19, 1925. Petition for Single County Ditch.

To the Honorable Board of County Commissioners, Union County, Ohio:

The undersigned hereby petition your honorable body for the improvement of a watercourse on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement, to-wit: Commencing in the line of the Phelps ditch No.208, at the line between the townships of Paris and Leesburg thence following the line of said Phelps Run Ditch, through and along the lands of J. C. Reed, Addison J. Lee, T. W. & B. Jewell, J. M. Lee heirs, and others far enough to give a good and sufficient outlet.

We ask that said ditch be improved by cleaning out, deepening, widening, straightening, etc.

The following is the nature of the work petitioned for: Cleaning out, deepening, widening, straightening, etc.

Names and addresses, where known, of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement:

Service of Notice of Filing the Petition shall be obtained by publication or personal service.

D. M. Lee)
A. J. Lee) Petitioners.

BOND Know All Men by These Presents, That we, D. M. Lee, Walter Jewell, and A. J. Lee are held and firmly bound unto the State of Ohio, in the sum of Two hundred Dollars, to the payment of which sum, well and truly to be made, we do hereby jointly and severally bind ourselves, our heirs, executors and administrators.

Signed by us and dated this 19th day of March, 1925.

The Condition of the above Obligation is such, that, Whereas, on the __ day of __, 19__, the above bound filed their petition with the County Auditor of Union County, Ohio, making application to the County Commissioners, praying for the improvement of a watercourse petitioned for by D. M. Lee and others; the following is the course and termini of said proposed improvement, to-wit: Commencing in the line of the Phelps Run Ditch, No.208 at the line between the townships of Paris and Leesburg; thence following the line of said Phelps Run Ditch through and along the lands of J. C. Reed, Addison J. Lee, T. W. & B. Jewell, J. M. Lee heirs and others far enough to give a good and sufficient outlet.

We ask that said ditch be improved by cleaning out, deepening, widening, straightening, etc.

Now, if the said D. M. Lee et al will pay all costs, if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation to be void; otherwise to remain in full force and virtue in law.

Walter Jewell
D. M. Lee
A. J. Lee

Auditor's Vault Box No.229 LEE DITCH No.1193 Transcribed January 22, 1944.

NOTICE TO LANDOWNERS

Auditor's Office, Union County, Ohio, Marysville, Ohio, July 28th, 1925.
Landowners affected by Lee Ditch No.1193: D. M. Lee has filed a petition with the County Auditor requesting the improvement of a ditch beginning in the line of the Phelps Ditch No.208, at the line between the Townships of Paris and Leesburg; thence following the line of said Phelps Run Ditch thru and along the lands of J. C. Reed, Addison J. Lee, T. W. & B. Jewell, J. M. Lee heirs, et al, far enough to give a good and sufficient outlet. We ask that said ditch be improved by cleaning out, deepening, widening and straightening.

The county commissioners will view this proposed improvement on the 19th day of August, 1925; commencing at the beginning thereof at 10 o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners, Marysville, Ohio, on the 22nd day of August, 1925, at 10 o'clock A.M.

Applications for the granting of the above proposed improvement, remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners, confirming the assessments and ordering the sale of said ditch.

Respectfully, Lemeul P. Sherman, County Auditor.

IN THE MATTER OF THE LEE DITCH No.1193.

Pursuant to adjournment of July 28th, 1925, the Board of County Commissioners of Union County, Ohio met this day in special session with Messrs. Staley, Crandell, and Cashell present for the first hearing on the Lee Ditch No.1193, located in Paris Township, Union County, Ohio.

Commissioners Journal, Volume 20 - Page 287, August 22, 1925.

After having viewed said proposed improvement on the 19th day of August, said matter came on this day for further consideration, and after finding that all parties affected by said improvement had been notified according to law, the following laterals were asked for, in writing.

Lateral No.1 Beginning at the east line of the lands of Julia Hazen, thence easterly to the beginning of said petition. Signed - Julius Kezertee Julia Hazen.

Lateral No.1 Beginning at the east line of the lands of Julia Hazen, thence easterly to the beginning of said petition. (Duplicate of above)

Lateral No.2 Beginning at the Wolford and Maskill Road, thence southeasterly to the beginning of the present petition. Signed - Chas. Boerger.

Lateral No.3 Beginning at the end of the present ditch as petitioned for thence across the lands of John Kandel, George Blumenschein, et al to Mill Creek.

Signed - John Kandel, John W. Moder, George Blumenschein, and Henry Kandel.

We hereby fix the 12th day of September, 1925 for viewing said proposed laterals and extensions and we also fix the 14th day of September for hearing thereon. On roll call the following vote was had: Staley "Aye"; Cashell "Aye"; and Crandell "Aye."

REQUESTS FOR EXTENSIONS

1. We, the undersigned, request your honorable Board, the extension of the ditch petitioned for by D. M. Lee et al, to begin at the Maskill and Wolford Road; thence southeasterly to the beginning of the present petition.

Signed - Chas. Boerger.

2. We, the undersigned, request the extension of the ditch, petitioned for by D. M. Lee et al, across the lands of John W. Moder, John Kandel, George Blumenschein et al, to Mill Creek.

Signed - John Kandel, John N. Mader, Geo. Blumenschein, and Henry Kandel.

3. In the matter of the Lee Ditch No.1193, we request that said ditch be extended to begin at the east line of the lands of Julia Hazen; thence easterly to the beginning of said petition.

Signed - Respectfully, Julius Kezerta and Julia Hazen.

4. In the matter of the Lee Ditch, we the undersigned landowners herewith request the improvement of the Waldo Ditch, Commencing at the outlet of the tile along the Waldo Road, near the residence of J. T. Vance; thence following the open part of said ditch along and across said road, and onto and across the lands of Calvin Stewart and George Blumenschein to said proposed Lee Ditch.

We ask that this part of said ditch be improved by cleaning out, etc.

(Signed) C. J. Asman and Geo. Blumenschein.

IN THE MATTER OF THE LEE DITCH No.1193 (Paris Twp.)

Pursuant to adjournment of August 22nd, 1925, the Board of County Commissioners of Union County, Ohio, met this day in special session with Messrs. Staley, Crandell, and Cashell Commissioners present for further consideration in the matter of the Lee Ditch No.1193 located in Paris Township, Union County, Ohio.

Commissioners Journal, Volume 20 - - Page 293, September 14th, 1925.

Having viewed said ditch on the 19th day of August, 1925, and re-viewed said ditch for the purpose of determining on the laterals asked for on the 12th day of September, 1925, the matter came on this day for consideration and after finding that all parties benefitted or affected by said improvement had been notified according to law, and that no written objections had been filed, and that the construction of the proposed improvement would be conducive to the health, convenience and welfare of the general public, Mr. Cashell moved that the main ditch be granted as far as the south line of Kendals land, or far enough to give a good and sufficient outlet, and also that all laterals be granted as petitioned for, and also that Alvi Graham, County Surveyor, be directed to go upon the line of the improvment and perform his duties thereon as provided by Section 6454, General Code of Ohio, and file his completed report with this Board on or before the __ day of __, 1925. Mr. Crandell seconded the motion and on roll call the following vote was had: Staley "Aye"; Crandell "Aye"; Cashell "Aye."

Auditor's Vault Box No.229 LEE DITCH No.1193 Transcribed January 22, 1944.

Auditor's Vault Box No.229 LEE DITCH No.1193 Transcribed January 24, 1944.

SPECIFICATIONS For Lee Ditch No.1193. Located in Taylor, Paris, and Dover Townships, Union County, Ohio.

OPEN DITCH

1. Said ditch shall be constructed along the line as located by the stakes, and the center shall be __ feet to the original thereof and straight, except at the angles, which shall be made in easy, rounding curves by shifting the center line _ feet on each side of the angles thereof.

2. The banks shall have a slope of 1½ horizontal to 1 perpendicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps, and debris of every kind must be removed from the ditch, even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

3. The trench shall be 2' wide to Sta. 155 and 3' wide to outlet, in the bottom, and excavated to the depth at each stake as shown by the profile. The bottom must be true and smooth and have a regular grade. All depths are to be measured from the plug stakes at the foot of the numbered stakes.

4. All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 30 feet of the bank slopes,and spread, leaving the surface in good condition for farming.

5. At the outlet end of each cut-off in the old channel, a levee shall be made 12 inches higher than the adjacent embankment and not less than 2 feet wide on top.

6. The right way shall be 40 feet on each side of the ditch. Valuable timber, fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

7. All fallen timber, flood-wood, etc. shall be cleared away from the ditch banks to a distance of 40 feet therefrom.

8. The Contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted, and to keep his section in order until finally accepted.

9. All trees and brush within 10 feet of either bank of the ditch 4" in diameter, or under, shall be grubbed out and over 4" in diameter shall be cut off at the surface of the ground.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work, and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the Contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch, shall be final and conclusive, unless countermanded by a majority of the Board of County Commissioners.

OBJECTIONS April 11, 1927.

To the Honorable Board of Commissioners, Union County, Ohio.
Gentlemen: We hereby wish to enter protest against the amount of our assessment on the Lee Ditch. While true that the ditch drains the 97 acre tract, it is also true that we have to forfeit about 3 acres of land for the ditch and others drain in on us to the extent that the benefit is more to them than to us. (Signed) Elmer Drumm and Mary B. Drumm.

April 19, 1927.

To the Board of Commissioners.
Gentlemen: I hereby object to my assessment on the Lee Ditch for the reason that I am assessed on more acres than can possibly drain into this improvement.
The amount per acre is satisfactory, and if the correct number of acres are assessed I will have no objection. (Signed) Bertha R. Jewell

OBJECTIONS (Concluded)

April, 19, 1927.

To the Board of County Commissioners, Union Coutny, Ohio.

In the matter of the Lee Ditch.

I hereby object to my assessment on account of the constructions of the Lee Ditch for the reason that said ditch improvement is terminated on my land at a place where damages will be sustained by me on account of water standing on my fields.

If this improvement is extended farther, I see no reason to object.

(Signed) Geo. Blumenschein.

DAMAGE CLAIM

Marysville, O., April 19, 1927.

I hereby ask for reasonable amount of damage to fences and crops which may be done in cleaning out Lee Ditch in Paris Township. (Signed) J. W. Leibold.

IN THE MATTER OF THE LEE DITCH No. 1193 Final Hearing

The board of County Commissioners of Union County met this day in special session with Messrs. Crandell, Cashell, and Staley, Commissioners present for the final hearing of the Lee Ditch No.1193, located in Taylor, Paris, and Dover Townships, Union County, Ohio, and after finding that all parties benefited or affected by said improvement had been properly notified and that the construction of said improvement would be conducive to health, convenience, and welfare of the general public, Mr. Crandell moved that the report of the Engineer be adopted as amended together with the schedule of the assessments as amended. And also reduce the following assessments as follows: Chas. Boerger 50 A. tract to 46 A. Assessment to $60.00. Addison J. Lee 71.10 A. to 65 A. Assessment to $55.00, Same 61.50 A. to 20 A. Assessment to $15.00. Walter Jewell 33.13 A. to 28 A. Assessment to $18.25. And reduce the Estimate cost a like amount.

And that the County Auditor be directed to place the several assessments as amended on a special duplicate and certify the same to the County Treasurer for collection in 10 semi-annual installments. Mr. Staley seconded the motion on roll call and the following vote was had: Cashell "Aye", Crandell "Aye", Staley "Aye."

Commissioners Journal, Volume 20 - Page 429.

IN THE MATTER OF THE BOND AND CONTRACT OF THE LEE DITCH No.1193.

Alvi Graham, County Surveyor, this day filed the bond and Contract of the Lee Ditch Section No.1 with the Board of County Commissioners for their approval. Section No.1 - D. B. Patch Contract $185.45 Bond $186.00 Sureties, D. B. Patch, H. L. Patch, & Geo. Schlegel. Section No.3 D. B. Patch Contract $500.00 Bond $500.00 Sureties, D. B. Patch, H. L. Patch, and L. W. Hazen.

Commissioners Journal, Volume 20 - Page 547.

CONTRACT FOR LABOR OF CONSTRUCTION

Auditor's Office, Union County, Marysville, Ohio, July 16, 1927. Lee Ditch No.1193, Section No.1, From Station No.235 to Station No.200- 3500 Rods. Portion of the Ditch - Main Ditch.

It is hereby certified by Alvi Graham the duly appointed Engineer, of said improvement, that after legal notice of sale, he has this day sold to D. B. Patch, Contractor the work of Constructing Section No.1 of said Ditch for the sum of ($185.45) One hundred eighty-five and 45/100 Dollars, which work the said contractor hereby agrees to complete according to Specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio, on or before the 1st day of October, 1927.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expirations of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Sub-contracts which shall transfer the Supervision of any part of the work of constructing said Ditch Improvement, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County, Ohio.

(Signed) Alvi Graham, Engineer. (Signed) D. B. Patch, Contractor.

CONTRACTORS BOND

Know all men by these presents: That D. B. Patch as principal and ___ and ___ as sureties, are held and bound unto the State of Ohio, for the use of Union County, in the penal sum of ($186.00) One hundred eighty-six Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 16th day of July, 1927.

The condition of this obligation is such, that whereas the above bound D. B. Patch has this day bid off the work of constructing Section No.1 of Lee Ditch No.1193 and has entered into the above contract, subject to the approval of the Commissioners of Union County, Ohio.

Now, if the said Contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

(Signed) D. B. Patch, H. L. Patch, and Geo. Schlegel.

This Contract and Bond are hereby approved this 10th day of October, 1927.

(Signed) T. B. Cashell, G. W. Crandell, and W. M. Staley, Commissioners of Union County, Ohio.

CONTRACT FOR LABOR OF CONSTRUCTION

Auditor's Office, Union County, Marysville, Ohio, September 1st, 1927. Lee Ditch No.1193, Section No.2, From Station No.200 to Station No. 175.70. 147.5 Rods. Portion of the Ditch - Open.

It is hereby certified by Alvi Graham the duly appointed Engineer of said improvement, that after legal notice of sale, he has this day sold to D. B. Patch Contractor the work of Constructing Section No.2 of said Ditch for the sum of ($175.70) One Hundred Seventy-five and 70/100 Dollars, which work the said contractor her by agrees to complete according to Specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio, on or before the 1st day of November, 1927.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Sub-contracts which shall transfer the Supervision of any part of the work of constructing said Ditch Improvement, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approvedby the Commissioners of Union County, Ohio.

(Signed) Alvi Graham, Engineer. (Signed) D. B. Patch and H. L. Patch, Contractors.

CONTRACTORS BOND

Know all men by these presents: That D. B. Patch as principal and ___ and ___ as sureties, are held and bound unto the State of Ohio, for the use of Union County, in the penal sum of ($200.00) Two Hundred Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 10th day of September, 1927.

The condition of this obligation is such, that whereas the above bound D. B. Patch has this day bid off the work of constructing Section No.2 of Lee Ditch No.1193 and has entered into the above contract, subject to the approval of the Commissioners of Union County, Ohio.

Now, if the said Contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

(Signed) D. B. Patch, H. L. Patch, and Ode Still.

This Contract and Bond are hereby approved this 3rd day of October, 1927.

(Signed) T. B. Cashell, G. W. Crandell, and W. M. Staley, Commissioners of Union County, Ohio.

CONTRACT FOR LABOR OF CONSTRUCTION

Auditor's Office, Union County, Marysville, Ohio, July 16th, 1927. Lee Ditch No.1193, Section No.3, From Station No.175.7 to Station No. 135. 246.6 Rods. Portion of the Ditch - Open.

It is hereby certified by Alvi Graham the fuly appointed Engineer, of said improvement, that after legal notice of sale, he has this day sold to D. B. Patch, Contractor the work of Constructing Section No.3 of said Ditch for the sum of($500.00) Five Hundred Dollars, which work the said contractor hereby agrees to complete according to Specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio, on or before the 1st day of December, 1927.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Sub-contracts which shall transfer the Supervision of any part of the work of constructing said Ditch Improvement, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County, Ohio. (Signed) D. B. Patch, Contractor.

CONTRACTORS BOND

Know all men by these presents: That ___ as principal and ___ and ___ as sureties, are held and bound unto the State of Ohio, for the use of Union County, in the penal sum of ($500.00) Dollars, for the payment of which we jointly and severally bind ourselves by these presents this ___ day of ___, 192_.

The condition of this obligation is such, that whereas the above bound have this day bid off the work of constructing Section No.3 of Lee Ditch No.1193 and have entered into the above contract, subject to the approval of the Commissioners of Union County, Ohio.

Now, if the said Contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

(Signed) D. B. Patch, H. L. Patch, and S. W. Hazen.

This Contract and Bond are hereby approved this 10th day of October, 1927.

(Signed) T. B. Cashell, G. W. Crandell, and W. M. Staley, Commissioners of Union County, Ohio.

Auditor's Vault Box No.229 LEE DITCH No.1193 Transcribed January 25, 1944.

CLAIM FOR DAMAGES

To County Commissioners: April 2, 1927.

In regard to the Lee Ditch. You have us assessed with too many acres for the back end of the farm has a 12 inch outlet by way of Asman and Easton ditch which takes in 32 or more acres. I therefore ask compensation enough to take care of the difference. (Signed) C. J. Asman and Katherine Asman.

IN THE MATTER OF THE HOLYCROSS JOINT DITCH (Union & Madison Counties)

The County Auditor this day delivered to the Joint Board of County Commissioners of Union and Madison Counties, Ohio, a copy of

Commissioners Journal, Volume 20 - - Page 291, September 1st, 1925.

a ditch petition filed with him by L. H. Holycross, et al, praying for the location and construction of a certain ditch the general location of which is as follows: Beginning at the outlet of the tile on the Holycross Ditch at the line between the lands of L. H. Holycross and B. W. Converse; thence following the line of said Holycross Ditch across the lands of said B. W. Converse, the P.C.C. & St. L. Ry. and others far enough to give a good and sufficient outlet for the lands drained therein.

Said improvement to be made by deepening, straightening, and widening.

As provided by Section 6442, et al, we hereby fix the 29th day of September, 1925, for viewing said proposed improvement, beginning at the upper terminus thereof at 10.00 o'clock A. M. and we also fix the 30th day of September, 1925, at the office of the County Commissioners, Marysville, Ohio, at 10.00 o'clock A.M. as the time and place for the first hearing thereon. On question of adoption of the foregoing the following vote was had: Robinson "Aye"; Foster "Aye"; Johnson "Aye"; Cashell "Aye"; Crandell "Aye."

On motion of Mr. Cashell, seconded by Mr. Johnson, each member voting "Aye" on roll call, Mr. Crandell was elected Chairman of the Joint Board.

PETITION Marysville, Ohio, June 1, 1925. Petition for the reconstruction of a joint county ditch.

To the Honorable Board of County Commissioners, Union and Madison Counties, Ohio:

The undersigned hereby petition your honorable body for the reconstruction of a joint county ditch on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement, to-wit: Commencing at the outlet of the tile of the Holycross ditch at the line between the lands of L. H. Holycross and B. W. Converse; thence following the line of said Holycross ditch, across the lands of said B. W. Converse, the P.C.C. & St. L. R.R. , and others far enough to give a good and sufficient outlet for the lands drained therein.

The following is the nature of the work petitioned for: We ask that said ditch be improved by deepening, straightening, and widening.

Names and addresses, where known, of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement:

Scheiderer, John - Plain City
Holycross, L. H. - Plain City
Nicol, George - Plain City
Debolt, Leroy - Plain City
Smith, Mert - Plain City
Brown, Fred - Unionville
Mayer, Herman - Plain City
Rausch, Albert - Plain City
Rausch, Philip - Plain City
Doellinger, John G. - Plain City
Rausch, Michael - Plain City
Converse, S. E.
P.C.C. & St. L. R.R.
Doellinger, George - Plain City
Rausch, Philip - Plain City
Smith, Adaline - Iula Ave., Columbus
Kaline, Minnie M. - Plain City
Converse, B. W. - Unionville
Young, Bertha - Plain City
Kilbury, Mary - Unionville
Nicol, Geo. - Plain City
Watson, Tina - Plain City
Rausch, Geo. Adam - Unionville
Gross, A. D.
Robinson, Lula R. - Unionville
Union County

Service of notice of filing the petition shall be obtained by 25 notices.

(Signed) J. G. Dellinger, L. H. Holycross, Philip Rausch, John G. Nicol, and J. G. Nicol, Petitioners.

BOND Know all men by these presents, That we are held and firmly bound unto the State of Ohio, in the sum of Two hundred and fifty Dollars, to the payment of which sum, well and truly to be made, we do hereby jointly and severally bind ourselves, our heirs, executors and administrators.

Signed by us and dated this __ day of __ 19__.

The Condition of the above Obligation is such, that, Whereas, on the _ day of __, 19__, The above bound filed their petition with the County Auditor of Union and Madison Counties, Ohio, making application to the County Commissioners, praying for the reconstruction of a joint county ditch petitioned for by L. H. Holycross and others; the following is the course and termini of said proposed improvement, to-wit: Commencing at the outlet of the tile of the Holycross ditch at the line between the lands of L. H. Holycross and B. W. Holycross and B. W. Converse; thence following the line said Holycross ditch, across the lands of said B. W. Converse, the P.C.C. & St. L. R.R., and others far enough to give a good and sufficient outlet for the lands drained therein.

Now if the said L. H. Holycross will pay all costs, if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation to be void;otherwise to remain in full force and virtue in law.

(Signed) L. H. Holycross, Philip Rausch, John G. Nicol, J. G. Nicol, and G. Dellinger.

NOTICE TO LANDOWNERS Auditor's Office, Union County, Ohio, Marysville , September 1st, 1925.

Landowners affected by Holycross Joint Ditch. L. H. Holycross has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Holycross Ditch at the line between the lands of L. H. Holycross and B. W. Converse; thence with the line of the Holycross Ditch thru the lands of B. W. Converse, the P.C.C & St.L. Ry., et al, far enough to give a good and sufficient outlet. We ask that said ditch be improved by deepening, widening, and straightening.

The County Commissioners will view this proposed improvement on the 29th day of September, 1925; Commencing at the beginning thereof at 10 o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners, Marysville, Ohio, on the 30th day of September, 1925, at 10 o'clock A.M.

Applications for the granting of the above proposed improvement, remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners, confirming the assessments and ordering the sale of said ditch.

(Signed) Respectfully, Lemuel P. Sherman, County Auditor.

LETTERS OF OBJECTION.

1. The undersigned further objects to the construction of ditch as petitioned for by L. H. Holycross, et al, because of the damage it would cause to his farming lands and drainage system as it now exists. (Signed) B. W. Converse.

2. We, the undersigned, do hereby object to the deepening, widening, and straightening of ditch crossing lands of B. W. Converse as petitioned for by L. H. Holycross, et al. Because- the present channel always has taken care of all waters drained into it, never overflowing its banks, except in case of excessive floods (as of 1913)- also, because it would be a tax upon landowners draining into it without any material benefit to any person or persons. (Signed) B. W. Converse, Mary L. Kilbury, F. F. Brown, H. M. Mayer, Bertha Young, Minnie M. Kaline, Mike Rausch, Adam Rausch, Albert Rausch, and Lulu R. Robinson.

IN THE MATTER OF THE HOLYCROSS JOINT DITCH (Union & Madison Counties)

The Joint Board of County Commissioners of Union and Madison Counties met this day in special session with Messrs. Staley, Cashell, and Crandell of Union County and Robinson, Foster, and Johnson of Madison County present, for further consideration in the matter of the Holycross Joint Ditch located in Union and Madison Counties.

Commissioners Journal, Volume 20 - - Page 296, September 30th, 1925.

Having viewed said proposed improvement on the 29th day of September, 1925, said matter came on this day for further consideration and after finding that all parties benefitted or affected by said proposed improvement had been notified according to law, and that no written objections had been filed, and that the construction of said proposed improvement would be conducive to the health, convenience and welfare of the general public and that the cost thereof would not be excessive in view of the public utility thereof, Mr. Foster moved that said improvement be granted as petitioned for, and also that Alvi Graham, County Surveyor of Union County, Ohio be directed to go upon the line of said proposed improvement and perform his duties thereon as provided by Section 6454, et al, of the General Code of Ohio, and file his completed report with this Board on or before the __ day of __, 1925. Mr. Staley seconded the motion and on roll call the following vote was had: Robinson "Aye" Foster "Aye"; Johnson "Aye"/ Staley "Aye"; Cashell "Aye"; Crandell "Aye."

IN THE MATTER OF THE HOLYCROSS JOINT DITCH.

Alvi Graham, County Surveyor, this day filed his completed report and schedule of assessments on the Holycross Joint Ditch, located in Union and Madison Counties, Ohio, and on motion of Mr. Cashell, seconded by Mr. Crandell, each member voting "Aye" on roll call we hereby fix the 24th day of February, 1926 at the office of the County Commissioners, Marysville, Ohio, at 10.00 o'clock A.M. as the time and place for final hearing thereon by the Joint Board of Commissioners of Union and Madison Counties.

SPECIFICATIONS For Holycross Joint Ditch located in Darby and Darby Townships, Union and Madison Counties, Ohio.

OPEN DITCH

1. Said ditch shall be constructed along the line as located by the stakes, and the center shall be about 12 feet to the right thereof and straight, except at the angles, which shall be made in easy, rounding curves by shifting the center line __ feet on each side of the angles thereof.

2. The banks shall have a slope of 1½ horizontal to 1 perpendicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps, and debris of every kind must be removed from the ditch, even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

3. The trench shall be 2 feet wide in the bottom, and excavated to the depth at each stake as shown by the profile. The bottom must be true and smooth and have a regular grade. All depths are to be measured from the plug stakes at the foot of the numbered stakes.

4. All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes, and spread, leaving the surface in good condition for farming.

5. At the outlet end of each cut-off in the old channel, a levee shall be made _ inches higher than the adjacent embankment and not less than __ feet wide on top.

6. The right way shall be 40 feet on each side of the ditch. Valuable timber, fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

7. All fallen timber, flood-wood, etc. shall be cleared away from the ditch banks to a distance of __ feet therefrom.

8. The Contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted, and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work, and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the Contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch, shall be final and conclusive, unless countermanded by a majority of the Board of County Commissioners.

At the outlet of the tile a concrete header shall be constructed joining the present abutment on the west and extending westward about 28 feet, and to be placed at a depth of at least 30 inches below the surface of the ground in the lowest place, and being in all 6 feet high, 18 inches wide at the bottom, and 12 inches at the top, in all about 8 cu. yd. of concrete.

The present stone abutment shall take to such level as directed by the Engineer, so as to provide and overflow.

(Signed) Alvi Graham, Engineer.

Marysville, Ohio,
January 20, 1926.

APPORTIONMENT OF ESTIMATED COST. To the Commissioners of Union County:

I, the undersigned, County Surveyor, in obedience to your order of __, 192_, do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will be benefited, with an apportionment of the location and construction of the improvement in money according to benefits which will result to each. Alvi Graham, County Surveyor.

Alvi Graham, County Surveyor, Union Co.

Lemuel P. Sherman, Auditor,
Marysville, Ohio.

Sir: You have assessed me for the construction of the proposed Holycross Joint Ditch on 70 acres more than I own in Union County.
I have 44.15, 19.05, and 45.38 acres making a total of 108.58 acres.
I enclose Treasurers statement of taxes, in proof. Please make the correction.
(Signed) Yours, Adeline T. Smith.

Feb. 6th, 1926.

IN THE MATTER OF THE HOLYCROSS JOINT DITCH

Pursuant to adjournment of February 1st, 1926, the Joint Board of County Commissioners of Union and Madison Counties met this day in special session with Staley, Cashell and Crandell of Union County and Johnson, Foster and Robison of Madison County present, and after finding that all parties affected by said improvement had been notified according to law and that no written objections to said improvement had been filed in writing and that the construction of said improvement would be conducive to the health, convenience and welfare of the general public, and that the cost thereof would not be excessive in view of the public utility thereof, Mr. Cashell made a motion that the report of the Engineer together with the plans, specifications, etc. and schedule of assessments be approved as read. Mr. Foster seconded the motion and on roll call the following vote was had: Johnson "Aye"; Foster "Aye"; Robinson "Aye"; Crandell "Aye"; Staley "Aye"; Cashell "Aye"; and the County Auditor of Union County is hereby directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in two equal semi-annual installments.

Commissioners Journal, Volume 20 - Page 329, February 24th, 1926.

CONTRACT FOR LABOR OF CONSTRUCTION

Auditor's Office, Union County, Marysville, Ohio, March 13th, 1926. Holycross Joint Ditch, Section No.1, from Station No.0 to Station No.25. 151.5 Rods. Portion of the Ditch - Open Ditch.

It is hereby certified by Alvi Graham, the duly appointed Engineer, of said improvement, that after legal notice of sale, he has this day sold to A. D. Chapman, Contractor the work of Constructing Section No.1 of said Ditch for the sum of ($543.00) Five hundred-forty-three Dollars, which work the said contractor hereby agrees to complete according to Specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio, on or before the 1st day of July, 1926.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Subcontracts which shall transfer the Superivision of any part of the work of constructing said Ditch Improvement, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County, Ohio.

(Signed) Alvi Graham, Engineer. (Signed) A. D. Chapman, Contractor.

CONTRACTORS BOND

Know All Men by These Presents: That A. D. Chapman as principal and ___ and ___ as sureties, are held and bound unto the State of Ohio, for the use of Union County, in the penal sum of ($543.00) Five hundred forty-three Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 13th day of March, 1926.

The condition of this obligation is such, that whereas the above bound A. D. Chapman has this day bid off the work of constructing Section No.1 of Holycross Ditch and has entered into the above contract, subject to the approval of the Commissioners of Union County, Ohio.

Now, if the said Contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixedtherein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

(Signed) A. D. Chapman, A. M. Kagay, and J. A. Yealey.

This Contract and Bond are hereby approved this 3rd day of May, 1926.

(Signed) W. M. Staley, T. B. Cashell, and G. W. Crandell, Commissioners of Union County, O.

CONTRACT FOR LABOR OF CONSTRUCTION

Auditor's Office, Union County, Marysville, Ohio, March 13th, 1926. Holycross Joint Ditch, Section No.2, From Station No. __ to Station No.2__. Portion of the Ditch - Headwall.

It is hereby certified by Alvi Graham the duly appointed Engineer, of said improvement, that after legal notice of sale, he has this day sold to C. O. Longacre, Contractor the work of Constructing Section No.2 of said Ditch for the sum of ($105.00) One hundred five Dollars, which work the said contractor hereby agrees to complete according to Specifications of the same under thesupervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio, on or before the 1st day of September, 1926.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may re re-estimated and re-sold by the Engineer orcompleted by said Engineer at the expense of the Contracotr and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Subcontracts which shall transfer the Supervision of any part of the work of constructing said Ditch Improvement, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County, Ohio.

(Signed) Alvi Graham, Engineer. (Signed) C. O. Longacre, Contractor.

CONTRACTORS BOND

Know All Men by These Presents: That C. O. Longacre as principal and John Kramer and John Richter as sureties, are held and bound unto the State of Ohio, for the use of Union County, in the penal sum of ($110.00) One Hundred Ten Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 13th day of March, 1927.

The condition of this obligation is such, that whereas the above bound C. O. Longacre has this day bid off the work of constructing Section No.2 of Holycross Ditch and has entered into the above contract, subject to the approval of the Commissioners of Union County, Ohio.

Now, if the said Contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same asagreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

(Signed) C. O. Longacre, John Kramer, and John Richter.

This Contract and Bond are hereby approved this 13th day of March, 1927.

(Signed) T. B. Cashell, G. W. Crandell, and W. M. Staley, Commissioners of Union County, O.

2	84.13	79.14	4.99	26
3	84.43	79.00	5.43	25

SPECIFICATIONS.

The above improvement and the laterals shall be constructed on the lines as surveyed by the Engineer,and as described in his report and on the profile thereof,which profile in its entirety is hereby made a part of these specifications. All stations are 100 feet in length, and at each station a numbered stake is driven to the right or left of center line at such convenient distances as the nature of the case requires. The distance of each stake is shown on the profile. These distances right or left are determined in the direction of the survey,ie,. looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor unless authorized by these specifications,or on order by the Engineer.

All deflections shall be made at points as shown on profile,in easy curves,by shifting center line of ditch at curve to a distance proportinate to angle.No angles shall be made except at points designated on profile,and the ditch shall be made straight between angles. A wooden peg is driven to the level of ground surface at the foot of each side stake, and the depths from each of said pegs as at first driven, and as shown by theprofile, will be the guide for contracting as to the depth of the ditch. All pegs are liable to be raised by frost,or displaced by other natural causes,and the contractor is required to use due care to discover any such change of position and replace the pegs so moved to their original depths,and in case of his inability to do so he shall call the Engineer's attention thereto.

Each bidder will examine the location of the work and judge for himself as to all circumstances affecting it, No information derived from official or other sources will relieve the contractor from fulfilling all the conditions of the contract.

RIGHT-OF-WAY-The width of right-of-way for constructing this improvement shall be 50 feet each side of center line; but where the line of this improvement crosses or follows along side of public road or private driveway,the construstion of the work must be so managed as to not interfere with travel along said road or driveway. Contractors have the privilege of using the full right-of-way for depositing materials romoved in construction,excepting in the case of roads or driveways as stated above. Valuable timber,fences,growing crops and other property within the right-of-way shall be preserved uninjured,as far as possible,by the contractor.

When, in order to properly construct this improvement,it becomes necessary to remove fences,the contractor will be required to remove said fences to the limits of the right-of-way, and leave the materials in good condition to be replaced by the land-owner after the ditch is constructed.

GRUBBING AND CLEARING,All timber,brush and other obstructions,which fall within the space required for ditch banks made by new excavation shall be removed. All timber 4 inches or less in diameter at the stump,and standing within 20 feet of the center of the ditch shall be cut off level with the ground surface. All down timber,logs and brush removed as above required, shall be piled up on the outside of embankment,and left in convenient shape for burning.

EXCAVATION

The ditch shall be excavated to the width in the bottom as shown by the profile.The bottom of the shall be cut smooth and true, with uniform grades between changes,as shown by the profile.Ditch banks shall be cut to a regular straight slope from top to bottom,and not steeper in any part then designed by profile. An excess slope on one bank will not be allowed to offset a shortage in slope of opposite bank. The width of the ditch on top, as shown by the profile at each station, each station, is computed from the height of the peg at the station,and the widths so given are correct for that height only.

OPEN DITCHES

EMBANKMENT,All materials obtained in excavation shall be distributed,and the surface shall be left as near level as practicable,the intention being to level the dirt as much as possible as it is being dug,excepting at such places where levees are required,(See specifications for levees) At all times the Engineer shall have the power to desiginate the places where openings must be left to allow laterals to empty. If at any place along the improvement,the Engineer deems it advisable to place part or all of the excavated material on either side of the improvment,same shall be done by thecontractor. Side slopes for embankment shall not be made steeper than that specified for the ditch at the same place. All earth or other mater materials obtained in excavation must be removed to a distance of not less than three feet from edge of ditch on each side. The old channel must be filled level with embankment at all places where said old channel lies wholly outside of the new ditch,and not exceeding 30 feet therefrom. The term"old" channel" as used in this paragraph is understood to mean the channel of ditch,or stream which is cut off in making this improvement. No excavated materials shall be placed within the banks of old channel,except at cut-offs.At all culverts and bridge crossings of public roads excavated materials must be removed from between abutments. At all points where the ditches lies partly or wholly within the bounds od a dirt road,the excavated materials deposited within said bounds shall be placed along the center thereof so as to form a road bed,side slopes true and uniform, and not steeper than 2 feet horizontal to 1 vertical. And in case of pikes or other gravel roads the materials may be placed along sides of roadbed in such a shape to widen and improve the same if approved by the Engineer.

OUTLETS.

Contractors will be required upon the completion of each section, to remove all silt or other obstructions which may have collected in thenbottom of the dithh on the next section below, after the same was completed and accepted to a distance of 500 feet below the upper end of said lower section.

REPAIRS

Each contractor will be required to keep his work in good repair until the same is fully completed and accepted by the Engineer;also all work and materials are to be at the risk of the contractor is accepted by the Engineer.

SPECIFICATIONS CONTINUED.

ESTIMATES

Estimates will be made as the work progresses; but proportinate estimates will not be made on any section unless the whole job amounts to more than 1000 cubic yards. Estimates will not be made until at least 25 per cent of the contract is completed in accordance with the specifications, and the County Auditor will,upon the presentation of such estimate to draw him his warrant on the treasurer for not more than 75 per cent of the amount and the Treaserer will pay the same out of any funds in the Treasury applicable to such purposes. Upon the completion of any section or contract,and the acceptance of the same by the Engineer,final estimates will be given.

REQUIREMENTS

Each contractor will be required to furnish all labor labor necessary,and to do all work in a speedy workmanlike manner, within the time specified in this contract.

No extra compensation will be allowed except for such work and materials as have been herein specially provided for. Any contractor failing to fulfill his contract within the time specified,will therefore forfeit his contract and become liable on his bond for all damages or losses caused by reason of such failure,but the Commissioners may,for good cause,give further time to the contractor,not to exceed 120 days. An extension of time by the Commissioners, as above set forth will be made in writing,and copies thereof will be furnished by them to the contractor and Engineer.

SUPERVISION

All the foregoing work shall be done under the immediate supervision and direction of the Engineer,and all work and materials shall be made to his satisfaction of the Board of County Commissioners. When the term "Engineer" is used,it is held to mean the County Surveyor of Union County,Ohio, or his deputy. The Engineer's decisions,directions and certificates on all matters pertaining to this work,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners. All measurements of quanities and inspection of materials shall be made by the Engineer,and his measurements so made and his acceptance or rejection of materials shall be final and conclusive as between parties.

Final examination for acceptance of completed contracts will be made within ten days after date. The Contractor shall have notified the Engineer,in writing,that his contract is completed. Any Contractor causing examination as above described,to be made before any part of his work is finished,will be charged with the Engineer's fees and all other costs accruing therefrom,and said fees and costs shall be deducted by the Engineer from the contract price on settlement.

BRIDGES

Whenever it becomes necessary for the proper construction of this improvement to remove a County or private bridge,the same shall be done at the contractors expense and in a manner approved by the Engineer. Should any of the parts of the bridge be damaged in moving,they shall be replaced at the expense of the contractor, All bridges shall be placed in as good condition as when taken down and to the satisfaction of the Engineer.

The Contractor shall notify the Engineer of his intention of moving a County bridge at least 5 days before moving same. Therefore the Engineer and contractor shall jointly examine the bridge to agree upon the condition of same before moving and decide upon the best manner of moving same.

The contractor shall have permission to move a County bridge as soon as necessary for the proper construction of the improvement,provided said bridge shall not be out of use by the general public for more than 15 days. The County will consider itself damaged to the extent of twenty-five (25) dollars per day for each day exceeding the above 15 days unless the Commissioners order that said bridge shall not be replaced.

The Contractor shall place all barricades necessary for the proper protection of the public and shall be responsible for all damage that may occur,due to his disobedience of this claim.

The contractor shall not transfer or assign this contract,or sublet any part of the work without first securing the WRITTEN consent of the Engineer and Commissioners.

IN THE MATTER OF THE FINAL HEARING ON FULTON CREEK.

Auditor's Office,Union County Ohio.
Marysville,Ohio.Dec.27th,1927.
Commissioners Journal No.20.Page 575.

The Board of County Commissioners met this day in special session,with Messers Cashell,Crandell and Staley present for the hearing on the assessments on the proposed Fulton Creek,after some discussion on said matter it was asked by the interested land owners that a extension to said ditch be added,and it was moved by Mr.Cashell,seconded by Mr.Crandell that we adjourn till said extensions be viewed,and have st the 21st,day of January 1928,for the viewing of said extensions and have and have set the 23rd,day of January 1928,for the hearing on same.

On question of adoption of the foregoing the following vote was had,Cashell "aye" Crandell "aye" Staley "aye".

IN THE MATTER OF THE FULTON CREEK EXTENSION.

January 23rd,1928.
Commissioners Journal No.21.Page 5.

It was moved by Mr Cashell that we grant the extension of said Fulton Creek as asked, Beginning at the lands of Louisa Stahls as requested,also grant the lateral requested by Mr.Turner,also lateral requested bu Louise Stahl,

The foregoing was seconded by Mr.Crandell and on roll call the following vote was had, Staley "aye" Cashell "aye" Crandell "aye".

EXTENSIONS ASKED FOR.

To the Board of Commissioners, Union County,Ohio. Nov.11,1925.

Gentlemen;

In the matter of the Fulton Creek Improvement,petitioned by George Williams, and others,we hereby request that said improvement be extended so as to begin at the east lime of the lands of William Stahl; thence easterly across the lands of O.G.Bolenbaugh,and J.D.Coe heirs,to the begimning of said proposed improvement.

We also request that all dirt be spread back covering a distance of thirty feet from the banks of said improvement.

O.G.Bolenbaugh.

To the Board of Commissioners. Union County,Ohio. Nov.11.1925.

Gentleman;

In the matter of the Fulton Creek improvement,petitioned for by George Williams,and others,we hereby request that said improvement be extended so as to begin at the east line of the lands of Mary Coons;thence easterly across the lands of Malen Wright heirs, R.H.&.S.E.Montgomery,William Stahl,and others to the beginning of said improvement.

EXTENSIONS ASKED FOR CONTINUED.

We also request that all dirt be spread back covering a distance of thirty feet from the banks of said improvement.

L.M.McCoy,Executor of
Will of Malen Wright,Deceased.

Richwood,Ohio.Nov.13th,1925

To the Commissioners of
Union County,Ohio.

Gentlemen;

In the matter of the Fulton Creek improvement petitioned for by W.H.Taylor and others, we hereby request that said improvement be extended so as to begin at the east line of the lands of Malen Wright heirs;thence easterly across the land of R.H. & S.E. Montgomery,William Stahl and others to the beginning of said improvement.

That in making said improvement a dredge be used for deepning and widening and the earth removed be spread evenly on either side for a distance of thirty feet.

We also ask for an open lateral;beginning at the outlet of the Stults tile (10inch) on the lands of R.H. & S.E.Montgomery;thence northly to Fulton Creek.

S.E.Montgomery.
J.H.Montgomery.

Marysville,Ohio.Dec.27th,1927

In the matter of the Fulton Creek improvement No.1194.We the undersign request the North Branch of said ditch be improved from the outlet of the tile part of said ditch on the lands of J.H.Montgomery,thence following the open part of the ditch through the lands of said Montgomery and David Ogan to the Main Ditch. We ask this part of said ditch be improved by cleaning,deepning,widening etc.

Wm.Turner.
L.E.Turner.

Marysville,Ohio.Dec.28th,1927.

To the Board of County Commissioners
Union County,Ohio.

Gentlemen;

In the matter of the Fulton Creek improvement No.1194,we,the undersign,ask that said ditch be extended to a point 10 rods west of the line between the lands of Ida R. Lingerell and Louisa Stahl;thence following the line of said Fulton Creek,through and along the lands of Ida R.Lingerell,Lousia Stahl,Sylvia Miller,H.C.Lingerell,Sherman Creviston, A.T.Coons and others to the Main Ditch.

We ask that this be made a part of the Main Ditch.

Respectfully,
N.H.Lingerell
Louisa Stahl.

IN THE MATTER OF THE FINAL HEARING
ON THE FULTON CREEK DITCH NO.1194.

Marysville,Ohio.April 2nd,1928.
Commissioners Journal No.21
Page 18.

Alvi Graham County Surveyor,this day filed the plans and specifications on the Fulton Creek Ditch No.1194,with the Board of Commissioners,and they are now on file at the office of the County Auditor for the examination of any interested persons.

The Commissioners have fixed the 2nd,day of May,1928,at their office in Marysville,Ohio. at 10 o'clock A.M. as the time and place for the hearing of objections to said improvement,all objections must be in writing and must be filed with this board on or before the time for the hearing on same.

OBJECTIONS.

West Mansfield,Ohio.Dec.26th,1927.

Auditor's Office.

Gentlemen;

I have your notice regarding the Fulton Creek Ditch.The amount is exceedingly high and not much income to meet the demand,if this construction goes through and more costs added than $24.00,then I must object.

Respectfully,
Mrs.Elsie Turner.

Auditor of Union County.
Marysville,Ohio.

Richwood,Ohio.Dec. 12th,1927.

As to the dredging of Fulton Creek,we do not see why we should be assessed so heavily because our farm is used purely as pasture land,also what water drains off of our place goes into a branch of Fulton and we understand that it will be dredged at all.

We do not see as yet how the dredging of Fulton Creek will benefit our place at all.

Yours truly,
Goldie M & O.W.Fisher.

OBJECTIONS CONTINUED.

West Mansfield,Ohio.
Dec.26th,1945.

Auditor's Office.

Dear Sir;
In regard to the Fulton Creek ditch notice which I received,wish to say that all my land 11.75 acres is rough pasture.Therefore do not have much return from it. If work on said creek is necessary,please do not add any more expense than the amount given,$6.50,as i object to more.

Respectfully,
Mrs,Martha Poike.

Auditor and Commissioners.

I,C.E.Mosher have no objections to the assessment as they now stand.But I do Object to taking it off the acres that is benefitted and improved and will double pay the assessment every year and is possible to save one crop that would pay the entire assessment. And as to my farm it would not be benefitted at all in valuation to the farm or crops and i have no outlet only an open ditch which i have to keep clean myself other than a County ditch which is supposed to be put in which will drain five acres.

C.E.Mosher.

Elyria,Ohio.Dec.24th,1927.

Mr.Eber N.Dillon,Auditor.
Marysville,Ohio.

Kind Sir; In looking through the Richwood Gazett I see where there is to be a hearing on the 28th,of December in regards to the ditch which my land is connected with,and you ask an assessment of $33.00,which I am not in favor of,as the interest and taxes are so high on the land that I did not make any thing off from it last year,and then for you to ask an amount of $33.00, I think it out of order.I Have notified C.M.Vanausdle at Byhalia to look after this,as he is taking care of this land for me.
Hoping this will help to stop this assessment,I remain,
Yours,

P.C.Biddle.

Richwood,Ohio.May 2nd,1928.

Alvi Graham
Board of County Commissioners,
Union County,Ohio.

Gentlemen;
In regard to assessment on land in name of Sylvia Miller,Washington Township,Fulton Creek improvement.Mrs.Miller only has around 22 acres that drain direct into this improvement and possibly 10 or 12 acresindirectly through tile ditch passing through the land of Casper A Haines and land formerly owned by Benj.Rogers.If you will kindly look this up you will find we are assessed much moremthan we have draining into this improvement.

Yours very truly,

Sylvia J.Miller
Per.A.J.Miller.

DAMAGES CLAIMED.

Richwood,Ohio.Nov.23rd,1925.

To the Board of County Commissioners.
Marysville,Ohio.
Gentlemen;
In regard to the Fulton Creek Improvement through the farm of the Malen Wright Heirs,I hereby request that all damages to bridges,fences,crops and so on caused by said improvement,be taken care of by your Board of County Commissioners of Union County.

Yours,
L.J.McCoy
Executor of the will of
Malon Wright,Deceased.

Marysville,Ohio.April,28th,1928.

To the Commissioners.

Gentlemen;
In the matter of the Fulton Creek improvement,I request damages moved or damaged by the construction of said creek.

Respectfully,
A.T.Coons.

Richwood,Ohio.Nov.23rd,1925.

To the Board of County Commissioners.
Marysville,Ohio.
Gentlemen;
In regard to the Fulton Creek improvement through the farm of O.G.Bolenbaugh, I hereby request that all damages to bridges,fences,crops and so on,caused by said improvement, be taken care of by your Board of Commissioners Of Union County.

Yours,
O.G.Bolenbaugh.

To the Board of County Commissioners.
Union County,Ohio.

The undersign,being the owner of the following described land,being 98-3/4 acres, situated in the Township of Washington,County of Union and the State of Ohio,and affected by the above named proposed improvement petitioned for by one W.H.Taylor et al,represents that if the said improvement be made upon the route decided upon by your Board that he will sustain damages

DAMAGES CLAIMED CONTINUED.

to his lands by reason thereof as follows to-wit:

1. By removal and replacement of 106 rods of fence at $.50 per rod $53.00
2. For spreading of dirt thrown on bank of the ditch so lands can be cultivated. 108.00
3. Damage to crops and loss of use of two acres of land during time of construction. 50.00
4. Damage to bridge,the amount of which at this time cannot be estimated.
5. Damage for loss of use of bridge,lf removed which at this time cannot be estimated.

He therefore asks that the said sums of $209.00 as stated in Items 1,2 and 3,and in addition thereto any damage done to said bridge and the loss of the use of said bridge be allowed and paid to him.

Dated this 30th,day of April,1928. J.H.Montgomery.

To the Board of County Commissioners.
Union County,Ohio.

The undersign,being the owners of the following described lands, being 102-1/2 acres, situated in the Township of Washington,Union County and State of Ohio, and of record in the names of R.H. and S.E.Montgomery;which lands are affected by the above named contemplated improvement petitioned for by one W.H.Taylor et al,represent that if said improvement be made as decided upon the route by your Board the undersign will sustain damages to their land by reason thereof in the following respects and amounts to-wit:

No. 1 Removal of 175 rods of fence and rebuilding the same at .50¢ per rod $87.50
2. Spreading dirt thrown on bank of ditch so lands can be re-cultivated 218.00
3. Damage to crops and loss of use of six acres of land during time of Construction. 150.00
4. Damage to bridge,the amount of which cannot be estimated at this time, in the sum of;
5. Damage for loss of use of bridge,if removed, which amount cannot be estimated at this time.

They therefore ask that the said sum of $455.00 as stated in Items 1,2 and 3 be allowed and paid,and in addition thereto any damages done to said bridge and the loss of use of same be allowed to them that may be caused from the construction of the proposed improvement.

S.E.Montgomery.
Dated this 30th,day of April,1928. J.H.Montgomery.

IN THE MATTER OF THE FULTON CREEK IMPROVEMENT,FINAL HEARING

Auditor's Office,Union County,Ohio.
Marysville,Ohio,May,2nd,1928.
Commissioners Journal No.21.Page 26.

Pursuant to adjournment,The Board of County Commissioners met this day in special session with Messers Crandell,Cashell and Staley Commissioners and Eber N.Dillon Clerk of said Board present for the final hearing in the matter of the Fulton Creek improvement,located in Washington,York,Jackson and Claibourne Township in Union County,Ohio, and after finding that all parties that are benefitted or affected by the said improvement had been notified according to law,and that it would be conducive to the health,convenience and general public.Mr. Cashell moved that we approve and adopt the report of the Engineer together with the assessments as amended and that the County Auditor is hereby directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in 10 semi-annual installments.

It was also approved that we allow damages for fences along the line of the said ditch, that are damaged and damages as asked for,at the rate of $,50 per rod.

Mr.Staley seconded the motion and on roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye"

IN THE MATTER OF THE LETTING OF THE CONTRACT OF FULTON CREEK.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,May 28th,1928.
Commissioners Journal No.21.Page 30.

Auditor's Vault Box.No.229 LOCKWOOD DITCH NO.1195. Transcribed Oct.22.1945.

IN THE MATTER OF THE
LOCKWOOD DITCH NO.1195.LIBERTY TWP.

Commissioners Journal Volume 20 Page 295.Sept.28th,1925.

PETITION.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed with him by T.F.Lockwood praying for the lacation and construction of a certain ditch,the general location of which is as follows: Beginning in a basin at the easterly line of the lands of S.F.Simkins and the westerly line of the lands of T.F.Lockwood;thence in a northeasterly direction acrpss said T.F.Lockwoods lands to an open ditch. The following is the nature of the work petitioned for;that said ditch be constructed of tile of sufficient capacity to properly dtain the lands drained therein.

As provided by Section 6442 G.C. We hereby fix the 22nd,day of October 1925 for viewing said proposed improvement,beginning at the upper terminus thereof at 10.00 o'clock A.M. and we also fix the 26th,day of October,1925, at the office of the County Commissioners,Marysville,Ohio. at 10.00 o'clock A.M. as the time and place for hearing thereon.

On question of adoption of the foregoing the following vote was had;Staley "aye" Cashell "aye",Crandell "aye".

Marysville,Ohio.Sept.28th,1925.

Petition for the location and construction of a single county ditch

To the Honorable Board of County Commissioners,of Union County,Ohio; the undersign hereby petition your honorable body for the location and construction of a ditch on the course hereinafter set forth,

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;commencing in a basin at the easterly line of the lands of S.F.Simkins,and the westerly line of the lands of T.F.Lockwood; thence in a northeasterly course across said T.F.Lockwood's land to an open ditch.

The following is the nature of the work petitioned for;we ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the construction of the proposed improvement.

T.F.Lockwood-------Peoria,R.R.2. S.T.Simkins-----West Mansfield.R.

Service of Notice of Filing the Petition shall be obtained by mailing notices or publication.

T.F.Lockwood,Petitioner.

BOND FILED WITH PETITION.

KNOW ALL MEN BY THESE PRESENTS,That we are held and firmly bound unto the State of Ohio,in the sum of Two-Hundred Dollars, to the payment of which sum,wellhandstruly made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 28th,day of September,1925.

The condition of the above Obligation is such,that,whereas,on the Day of 19 The above bound filed his petition with the County Auditor of Union,County, Ohio,making application to the County Commissioners,praying for the location and construction of a single County Ditch petitioned for by T.F.Lockwood and others:the following is the course and termini of said proposed improvement,to-wit;Commencing in a basin at the easterly line of the lands of S.F.Simkins and the westerly line of T.F.Lockwood;thence in a northeasterly course across said T.F.Lockwood's land to an open ditch. We ask that thid ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Now,if the said T.F.Lockwood will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

T.F.Lockwood.
W.C.Moore.
F.E.Moore.

The above bond is approved this 28th.
day of September,1925.

Lemuel P Sherman, County Auditor
By,Dillon.

SPECIFICATIONS OPEN DITCH

1.Said ditch shall be constructed along the line as located by stakes,and the center shall be about 6 feet to the right thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

2. The banks shall have a slope of 1-1/2 horizontal to 1 perpendicular and must be true and smooth.All loose dirt over hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch, even if they do nor come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

3. The trench shall be 1 feet wide in the bottom,and excavated to the depth at each stake as shown by profile.The bottom must be true and smooth and have a gegular grade.all depths are to be measured from the plug stakes at the foot of the numbered stakes.

4. All excavated earth shall be remove at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

5. At the outlet end of each cut-off in the old channel.a levee shall be made inches higher than the adjacent embankment and not less than feet wide on top.

6. The right way shall be 25 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

7. All fallen timber,flood wood,etc,shall be cleared away from the ditch banks to a distance of feet there from.

8. The Contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount of the purchase bid.

SPECIFICATIONS OF OPEN DITCH CONTINUED.

The Engineer shall have the power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

SPECIFICATIONS OF TILE DITCH.

1. Said ditch and branches shall be constructed along the line by the stakes,and the center shall be 4 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

2. The trench shall be excavated to the depth in the bottom at each stake indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

3. The tile shall be of full capacity and of the best quality, and shall be laid in a straight line(except at the angles) and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

4. No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to depth of at least 18 inches except at the filters as hereinafter specified.

6. The tile shall be of the following sizes;

Main Ditch From Sta.	0.00	to Sta	3.36	8 inch tile
" " " "	3.36	"	9.57	10 " "
Lateral 1. " "	0.00	"	0.64	6 " "

8. All growing timber standing within 16.5 feet of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall cinstitute the right of way.

9. The Contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

10/ The 10 inch tile to be select seconds.

The Engineer and Commissioners reserve the righ to make any changes they may desire innsaid work,and a corresponding change shall be made in the amount paid for rhe same rate of the purchase bid.

The Engineer shall have power to place laborers and materials on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters shall be final and conclusive, unless counterminded by a majority of the Board of Commissioners.

SPECIFICATIONS.

CONKLIN DITCH NO.1196.OPENDITCH

1. Said ditch shall be constructed along the line as lacated by the stakes,and the center ahall be about 8 feet to the right thereof and straight,except at the angles, which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

2. The banks shall have a slope of 1-1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

3. The trench shall be 2 feet in the bottom,and excavzted to the depth at each stake as shown by the profile,The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

4. All excavated earth must be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 30 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

5. At the outlet end of each cut-of in the old channel,a levee shall be made 12 inches higher than the adjacent embankment and not less than 2 feet wide on top.

6. The right way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

7. All fallen timber,flood-wood,etc,shall be cleared away from the ditch banks to a distance of 35 feet therefrom.

8. The Contractor will be required to remove all dirt washed from his Section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted..

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the payment for the same at the rate of the purchase bid.

9. All brush and trees within 10' of either bank under 4" in diameter shall be cut at the surface of the ground.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham,
Engineer.

Marysville,Ohio 192

To the Commissioners of Union County,

I the undersign,County Surveyor,in obedience to your order of 192 do hereby return a schedule of all lots and lands and public or corporate roads or railroads that will be benefitted,with an apportionment of the location and construction of the improvment in money according to benefits which will result to each.

County Surveyor.

NOTICE TO LANDOWNERS

Notice to land owners affected by Peoria Ditch No.1197.

C.C.Mobley has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake on the north side of Central Avenue in the village of Peoria and near the lot and lands of S.A.Jewell and M.Jewell;thence crossing the said Central Avenue and following the natural watercourse across the lots and lands of J.H.Sarver, Frank & Mary Coder, T.C.Anderson, J.N.Grant,C.A.Underhill,et al,thence across Suddeth Street or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 25th,day of March 1926,commencing at the beginning thereof at 10.00 o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio. on the 29th,day of March 1926,at 10.00 o'clock A.M.

Application forsthe granting of the above proposed improvement,remonstrances against or petition for any changes in the route or termini may be filed at any time before the final order of the County Commissioners ,confirming the assessments and ordering the sale of said ditch.

Lemuel P,Sherman
Auditor.

Auditor's Vault Box.No.298. PEORIA DITCH NO.1197. Transcribed Oct.26th.1945.

PETITIONERS BOND.

KNOW ALL MEN BY THESE PRESENTS:That We C.A.Underhill,Frank Channel,J.H.Sarver,S.A.Jewell and A.B.Thompson are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dallars,to the payment of which sum, well and truly to be made,we hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 1st,day of February 1926.

The condition of the above obligation is such,that,whereas on the 1st,day of February 1926,C.A.Underhill et al,filed his petition with the County Auditor of Union County, Ohio, making application to the County Commissioners,praying for the location,construction,etc.

The following is the course and termini of said proposed improvement,tO-wit; Commencing at a stake on the north side of Central Avenue in the village of Peoria,and near the lot and lands of S.A.& M.Jewell;thence crossing said Central Avenue and following the natural watercourse across the lots and lands of J.H.Sarver, Frank & Mary Coder,T.C.Anderson, J.N.Grant,C.A.Underhill,and others;thence across Suddeth St. or far enough to give a good and sufficient outlet.We ask that this part of said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Now,if said C.A.Underhill et al, will pay all costs,if the prayer of the petition is not granted or if said petition for any cause dismissed,then this obligation to be void; otherwise to remain in full force and virtue in law.

SPECIFICATIONS.

TILE DITCH.

1. Said ditch and branches shall be constructed along the line as located by the stakes,and the center shall be about 4 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

2. The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile; and the bottom shall be true and smooth and have a regular grade.

3. The tile shall be of full capacity and of the best quality, and shall be laid in a straight line (except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints. Any joints large enough to let the dirt through must be covered with broken pieces of tile.

4. No tile shall be laid until they are examined and approved by the Engineer or Commissioners; and after being laid they shall be fastened and left uncovered until examined by the Engineer; after which the trench shall be so filled that the excavated earth will settle on the line of the tile; and all places it must be covered to a depth of at least 18 inches,except at the filters as hereinafter specified.

5. At Station 12.00-Sta.-Sta.10.00-Sta.0.00 inlets shall be constructed as follows;One-fourth yard of coarse stone or bolders shall be placed in the trench over the tile.

6. The tile shall be of the following sizes;Main Ditch-from Sta.0.00 to Sta.10.00-10 inch tile
" " " " 10.00 " " 12.00-12 " "
" " " " 12.00 " " 17.45-15 " "

The 15 inch tile to be Select seconds

Lateral 1. from Sta. 0.00 to Sta. 2.96-5 inch tile
Lateral 2. " " 0.00 " " 5.87-6 " "

7. At the outlet of each line of tile an iron pipe of the same lineal dimensions on the inside as the line of tile on the outside and 6 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow of the water.

8. All growing timber standing within 16 feet of the line of tile must be thoroughly deadened, and all brush or bushes within said limit must be cut off even with the ground and said widths shall constitute the right of way.

9. The Contractor must be required to make all connections with present existing lin e of tile, the property owner to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

10. The Contractor will be required to clean out the present open ditch sufficient to give a good outlet for the tile.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham,
County Surveyor.

Auditor's Vault Box.No.298. PEORIA DITCH NO.1197. Transcribed Oct.29th,1945.

APPORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County,

I,the undersign,County Surveyor,in obedience to your order of 192 ,do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will be benefitted,with an apportionment of the location and construction of the improvement in money according to benefits which shall result to each.

Alvi Graham,
County Surveyor.

OBJECTIONS.

County Commissioners
Union County,Ohio.

Gentlemen;

The undersign,T.G.Anderson,hereby objects to the assessment made against him on Peoria Ditch No.1197,for the reason that said assessment is excessive and for the further rezson that said proposed ditch does not benefit his lands,and for the further reason that said proposed ditch will not beenfit any of the lands drained thereby.

T.G.Anderson.

County Commissioners
Union County,Ohio.

Gentlemen;

The undersign,T.G.Anderson,respectfully represents that the proposed Peoria Ditch No.1197, if constructed will damage his lands by destroying a strip 16 feet wide across said lands sown to clover and will further damage his said lands by making it difficult to secure access to a portion thereof.

That the amount of said damage will be One Hundred Dollars,and the undersign hereby claims said amount from said Commissioners as compensation and damages.

T.G.Anderson.

To the Board of County Commissioners, Marysville,Ohio,Feb.16th,1927.
Union County.

Gentlemen;

I hereby object to the assessment against my lot in the Suddeth Addition to the village of Peoria for the reason that the amount of the assessment is very much in excess of the benefits derived.

If you will look up the valuation ypu will find that this assessment is almost as much as the duplicate value of the lot,and I ask that my assessment be materially reduced.

Very respectfully,
Belle L.Beecher.

Mr.Lemuel P Sherman,Auditor, Peoria,Ohio.Jan.21st,1927.
Marysville,Ohio.

Sir;Your notice of assessments on ditch No.1197,which you have assessed on my property amounts to $400.00,would beg to advise that this ditch does not benefit me in any way as water from my lots drains in opposite direction from this ditch,also would have to cross the public highway, if water was inclined to drain in direction of this ditch No.1197.Therefore would ask you to please recall this assessment.

Yours respectfully,
Oscar S.& G.M.Clark.

County Commissioners, Peoria,Ohio.Feb.14th,1927.

I am not in favor of the proposed Mobley Ditch as I do not see how it will benefit me any as the ditch already in seems to take care of everything except unusal rain.

Edgar M.Welch.

To the County Commissioners Peoria,Ohio.Feb.12th,1927.
of Union County,Marysville,Ohio.

Dear Sirs;

In regards to me signing the Petition for the Peoria Ditch I wish to state that at the time I was a stranger here. In looking the matter up I find that I have a ditch on two sides of my property and they are working in good order.It is not necessary for me to pay assessments on something that is of no account.I am not financially able to pay out $60.00 for anything of this nature. Looking over the estimate I find others with more property and receiving the real benefit from this ditch are paying only $.50.

Therefore please accept the above as my objections.

Yours truly

Frank Channel.

OBJECTIONS CONTINUED

To the County Commissioners
Of Union County.

Peoria,Ohio.Feb.14th,1927.

Gentlemen;

When I signed the Petition for the Peoria Ditch the facts were misrepresented to me.They stated it would not cost much,and since that time of signing have traced the ditch now in use and find it in good working order.The only trouble I did find is that one or two have not got them in the right position to drain their cellars. If these were fixed right I am sure they would not have any more trouble in having damp cellars.

The assessments on my lots are more than some of them are worth.It is of no account to me in any way,even have lots in this assessments that do not drain that way. Think it is very unjust as some do not pay very much that receive the benefit.Also the ditch does not follow the regular water course as the Petition states.

I object to the ditch in every way.

Respectfully,
C.C.Mobley.

Mr,Lemuel P.Sherman,
Marysville,Ohio.

Peoria,Ohio.Jan.27th,1927.

Sir;

Your notice of assessment received,which I find an error,and out of place,as this ditch 1197,does not benefit me any,I am on the west side of highway,and my lots drain opposite direction from this ditch 1197, so please rectify this mistake.

And oblige,
Mrs.Mary Dillon.
Peoria.O.

IN THE MATTER OF THE
PEORIA DITCH NO.1197.
FINAL HEARING

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.15th,1927.
Commissioners Journal Vol.20.Page 414.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with Messers.Cashell,Crandell and Staley Commissioners present for the final hearing in the matter of the Peoria Ditch No.1197.Located in Liberty Township,and in the village of Peoria,and after finding that all parties benefitted or affected by said improvement had been notified according to law,the testimony of interested landowners who were present was taken and after some discussion,on motion ofMr.Crandell.seconded by Mr.Staley,each member voting "aye" on roll call,said matter was adjourned to the 21st,day of February,1927 at 10.00 o'clock A.M. at the Commissioners office,Marysville,Ohio. for further consideration.

IN THE MATTER OF THE
PEORIA DITCH NO?1197.

County Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.21st,1927.
Commissioners Journal Vol.20.Page.415.

Pursuant to adjournment of February 14th,1927,said matter came on this day for further consideration and after finding that the construction of said improvement would be conducive to the health,convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Crandell moved that the report of the Engineer be approved and adopted together with the schedule of assessments,which are ammended as follows;

Add to the assessment of	A.B.Thompson	$10.00	on Lot	12
" " " "	" Union County	25.00		
Assess	Duwamish Lodge	8.00		
Reduce Assessment of	T.G.Anderson	3.34	" "	126
" " "	" "	3.33	" "	127
" " "	" "	3.33	" "	128
" " "	Belle L Beecher	5.00	" "	123
" " "	Frank Channel	15.00	" "	130
" " "	C.R.Underhill	5.00	" "	124
Drop "	O.S.& G.M.Clark	"	"	.13 A
" " "	" " "	"	"	.16 A
" " "	May Dillon	"	"	.25 A
" " "	" "	"	"	.17 A

Mr.Staley seconded the motion,and on roll call the following vote was had,Cashell "aye" Crandell "aye" Staley "aye",and the County Auditor is hereby directed to place the several assessments on a special duplicate and certify the same to the Treasurer for collection in six (6(semi-annual installments,as provided by law.

IN THE MATTER OF THE
PEORIA DITCH NO.1197.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,March 14th,1927.
Commissioners Journal Vol.20.Pg.422.

Alvi Graham County Surveyor this day filed the following contracts and Bonds on the Peoria Ditch No.1197.

W.L.Williams
C.R.Underhill.

Section 2. Hack Johnson Contract $184.80 Bond $185.00 Sureties Hack Johnson
C.R.Underhill
William McIntire

Mr.Cashell moved the approval of the foregoing contracts and bonds Mr.Crandell seconded the motion and on roll call each member voted "aye".

AUDITORS OFFICE,UNION COUNTY

Marysville,Ohio.March 12th,1927.

CONTRACT FOR LABOR OF CONSTRUCTION PEORIA DITCH NO.1197.

Auditors Vault Box.No.298. PEORIA DITCH NO.1197. Transcribed Oct.31st,1945.

CONTRACT FOR LABOR OF CONSTRUCTION OF PEORIA DITCH NO.1197,SEC.1.

Marysville,Ohio,March 12th,1927.

Portion of the ditch furnishing tile.

It is hereby certified by Alvi Graham,the duly appointed Engineer,of said improvement, that after legal notice of sale, he has this day sold to Williams & McIntire Co.,Contractor the work of constructing Section No.1, of said ditch for the sum of ($397.45)Three Hundred Ninety seven and 45/100 Dollars, which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of April,1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and B Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of t of the failure to complete the work within the time aforesaid.

The contractor will be required to give the worl personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Williams & McIntire Co. Contractor.

CONTRACTORS BOND.

KNOW ALL MEN BY THESE PRESENTS; That Williams & McIntire Co. as principal and W.L.Williams and C.R.Underhill as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($398.00) Three Hundred ninety eight Dollars, for the payment of which we jointly bind ourselves by these presents this 12th,day of March,1927.

The condition of this obligation is such,that whereas the above bound Williams & McIntire Co. have this day bid off the work of Constructing Section No.1 of Peoria Ditch No.1197, and have entered into the above contract, subject to the approval of the Commissioners of Union County,Ohio.

Now if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay all labor and material and for all debts incurred for this Section,then this obligation shall be void,otherwise to be in full force and effect in law.

Williams & McIntire Co.
W.L.Williams
C.R.Underhill

This contract and bond are hereby approved this 14th,day of March,1927.

T.B.Cashell
G.W.Crandell
W.M.Staley.
Commissioners of Union County.

CONTRACT OF SECTION NO.2.

Marysville,Ohio.March 12th,1927.

Peoria Ditch No.1197.

Section No.2	From	Station	0.00	to Station	17.45	M.D.
"	"		0.00	" "	2.50	Lat.1.
"	"		0.00	" "	5.87	Lat.2.

Portion of the Ditch and Lateral 1 & 2.

It is hereby certified by Alvi Graham,the duly appointed Engineer,of said improvement,that after legal notice of sale,he has this day sold to Hack Johnson Contractor the work of constructing Section No.2 of said ditch for the sum of ($184.80) One Hundred eighty four and 80/100 Dollars, which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of the Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of May 1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by the Engineer at the expense of the contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention, and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Hack Johnson, Contractor.

CONTRACTORS BOND.

KNOW ALL MEN BY THESE PRESENTS: That Hack Johnson as principal and C.R.Underhill and Williams & McIntire Co. as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($185.00) One Hundred eighty five Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 12th,day of March 1927.

The condition of this obligation is such,that whereas the above bound Hack Johnson has this day bid off the work of Constructing Section No.2 of Peoria Ditch No.1197, and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Mow,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay all labor and material and for all debts incurred for this Section, then this obligation shall be void, otherwise to be in full force and effect in law.

Hack Johnson.
C.R.Underhill.
Williams McIntire Co.

This contract and Bond are hereby approved this 14th,day of March 1927.

T.B.Cashell.
G.W.Crandell.
W.M.Staley.

Commissioners of
Union County.

Auditor's Vault Box.No.298. RUPRIGHT DITCH NO.1198. Transcribed Nov.7th,1945.

IN THE MATTER OF THE
RUPRIGHT DITCH NO.1198. (PARIS TWP.)

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 5th,1926.
Commissioners Journal Vol.20.Page 342.

The County Auditor this day delivered to the Board of County Commissioners of Union County, Ohio,a copy of a ditch petition filed with him by John M.C.Rupright,et al praying for the location and construction of a certain ditch,the general location of which is as follows;Beginning at the line between the Townships of Taylor and Paris and in the line of an open ditch;thence following said open ditch through the lands of Herman J.Scheiderer,et al,John M.C.Rupright and the lands of J.W.Elbin to Mill Creek,said ditch to be improved by cleaning out deepning,widening,straightning etc.

As provided by Section 6442 G.C.we hereby fix the 27th,day of April,1926, at 10.00 o'clock A.M. for viewing said improvement,beginning at the upper terminus thereof,and we also fix the 29th,day of April ,1926,at the office of the County Commissioners,Marysville,Ohio, at 10.00 o'clock A.M. as the time and place for the hearing thereon.

On question of adoption of the foregoing,the following vote was had,Cashell "aye" Stayley "aye" Crandell "aye.

Service of notice of filing the Petition shall be obtained by publication. or mailing notices.

John M.C.Rupright,
Petitioner.

BOND FILED WITH PETITION

KNOW ALL MEN BY THESE PRESENTS,That we John M.C.Rupright,Philip Rupright, and W.C.Moore are held and firmly bound unto the State of Ohio, in the sum of Two Hundred Dollars.to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 29th,day of March 1926..

The condition of the above obligation is such,that,whereas,on the 29th day of March John M.C.Rupright filed his petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the construction of a County ditch petitione for by John M.C.Rupright and others; The following is the course and termini of said proposed improvement,to-wit; Commencing at the line between the Townships of Paris and Taylor and in the line of an open ditch;thence following said open ditch through and along the lands of Herman J.Scheiderer,et al,John M.C.Rupright,and the lands of J.W.Elbin to Millcreek.

We ask that said ditch be improved by cleaning out,deepning,widening,straightning,etc.

Now,if the said John M.C.Rupright will pay all costs,if the prayer of the petition is not granted or if said petition if for any cause dismissed, then this obligation to be void; otherwise to remain in full force and virtue in law.

John Rupright.
Phil Rupright.
W.C.Moore.

The above Bond is approved this
Day of 19

NOTICE TO LANDOWNERES

Auditor's Vault Box.No.298 RUPRIGHT DITCH NO.1198. Transcribed Nov.17.145

NOTICE TO LAND QWNERS.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 5th,1926.

Landowners affected by

Rupright Ditch No.1198.

John M.C.Rupright has filed a petition with theCounty Auditor requesting the improvement of a ditch beginning at the line between the Townships of Paris and Taylor and in the line of an open ditch;Thence following said open ditch through and along the lands of Herman J.Scheiderer et-al,John M.C.Rupright and J.W.Elbin to Mill Creek.

The County Commissioners will view this proposed improvement on the 27th. day of April 1926;Commencing at the beginning thereof at 10:00 o'clock A.M. and the first hearing thereon will be held at the Office of the County Commissioners,Marysville,Ohio,on the 29th, day of April 1926,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petion for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Lemuel P.Sherman,
County Auditor.

REQUESTS FOR LATERALS

Marysville,Ohio.April 17th.1926.

To the County Commissioners,

In the matter of the Rupright Ditch petitioned for by John Rupright et al, we request that said be extended so as to begin at the line between the lands of J.M.Fox and Lydia A wenger Thence southerly and with the line of an open ditch across said Wengers land and the lands of Arthur Bywqter,Peter Lyons and others to the originel petition;We ask that said ditch be improved by cleaning out and deepning,etc.

J.M.Fox.

Marysville,Ohio.April 19th.1926.

To the Board Of County Commissioners
Union County,Ohio.

Gentlemen;

In regard to the Rupright Ditch petitioned by J.M.Rupright and others,we, the undersigned,request a lateral to saidditch,Commencing at the Marysville-Kenton improved road,and in the line of an open ditch;thence following said open ditch westerly,through the lands of said J.M.Rupright,andHerman J Scheiderer et al to the open ditch.

Herman J.Scheiderer.

IN THE MATTER OF THE
RUPRIGHT DITCH NO.1198.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,April 29th,1926.
Commissioners Journal Vol.20.Page 351.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with Messers.Staley,Cashell and Crandell present for further consideration in the matter of the Rupright Ditch No.1198 located in Paris Township,Union County,Ohio,

Having viewed said proposed improvement on the 27th,day of April 1926,said matter came on this day for further consideration and after finding that all parties benefitted or affected by said improvement had been notified according to law, and that no written objections had been fi filed ,and that the construction of said improvement would be conducive to the health,convenience and welfare of the general public,Mr.Cashell moved that the granting of said ditch together with the following laterals,as requested,commencing at the Marysville-Kenton Road and in the line of an open ditch,thence following said open ditch westerly through the lands of J.M.Rupright and Herman J.Scheiderer et-al to the main ditch;also lateral beginning at the line between the lands of J.M.Fox and Lydia Wenger thence southerly with the line of an open ditch across said Wengers landand the lands of Arthur Bywater,Peter Lyons et-al,to the original petition,and also that Alvi Graham,County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C. and file his completed report with the Board on or before the Day of 1926.Mr.Crandell seconded the motion and on roll call the following vote was had, Staley "aye" Cashell "aye" Crandell "aye".

SPECIFICATIONS OPEN DITCH.

1. Said ditch shall be constructed along the line as located by the stakes,and the center shall conform to the original thereof and straight,except at the angles,which shall be made in easy, rounding curves by shifting the center line feet on each side of the angles thereof.

2. The banks shall have a slope of 15 horizontal to 1 perpendicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

3. The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

4. All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

5. At the outlet and of each cut-off in the old channel,a levee shall be made inches higher thantthe adjacent embankment and not less than feet wide on top.

6. The right way shall be 35 feet on each side of the ditch. Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

7. All fallen timber,flood-wood,etc.shall be cleared from the ditch banks to a distance of 35 feet there from.
8. The Contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in good order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

SPECIFICATIONS TILE DITCH.

1. Said ditch and branches Main Ditch and Lateral No.1 shall be constructed along the line as located by the stakes,and the center shall be feet to the right thereof,and straight,except at the angles,which shall be made in easy round curves.

2. The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile; and the bottom shall be true and smooth and have a regular grade.

3. The tile shall be of full capacity and of the best quality and shall be laid in a straight line(except at the angles) and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.
4. No tile shall be laid until they have been examined and approved by the Engineer or Commissioners; and after being laid they shall be fastened and left uncovereduntil examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile,and in all places it must be covered to a depth of at least 18 inches,except at the filters as hereinafter specified.

5. The tile shall be of the following sizes;

Main Ditch from Sta.0 to Sta.15.80 12 inch tile
Lat. Nol " ") " " 2.11 10 " "

SPECIFICATIONS OF TILE DITCH CINTINUED.

6. At the outlet of each line of tile an iron pipe of the same dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow of the water.

7. All growing timber standing within feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

8. The Contractor must be required to make all connections with present existing lines of tile, the property owner to furnish the necessary tile,and to keep his Section in order until fanally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conslusive,unless countermanded by a majority of the Board of Commissioners.

APPOORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County; Marysville,Ohio.Sept.15th,192

I the undersign,County Surveyor,in obedience to your order of 192 do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will be benifited with an apportionment of the location and construction of the improvement in money according to benefits which shall result to each.

Alvi Graham,
County Surveyor.

OBJECTIONS.

Sept.30,1927.
Columbus,Ohio.

Mr.Eber Dillon;
Dear Sir;

Having just heard of the proposed Rupright Ditch No.1198. I am writing my objections,this ditch I believe entail a large and needless expense. I am very much opposed to tile being used in the improvement of this ditch.The tile would have to be very large to be of any benefit at all and would be to much a burden to the taxpayers. I regret that I will be,

Ruth M.Brown.

Marysville,Ohio,
Sept.1.1927.

We respectfully object to our assessment on the Rupright Ditch No.1198,located in Taylor Township,Union County,Ohio,for the following reasons;

First. The present ditch is furnishing us with sufficient drainage without tile.

Second. The construction of this proposed ditch will necessitate an open ditch much larger than the old one,which will be a damage to our land.

Third. The assessment against our land for the construction of this improvement is much greater than the benefits derived.

Respectfully,
Nellie B Lee.

Marysville,Ohio.
Sept.1.1927.

We respectfully object to our assessment on the Rupright Ditch located in Taylor Township,Union County,Ohio,for the following reasons;

First. The present ditch is furnishing sufficient drainage without tile.

Second. The construction of this proposed ditch will necessitate an open ditch much larger than the old one,which will be a damage to our land.

Third.The Assessment against our land for the construction of this improvement is much greater than the benefits derived.

Respectfully,
A.C.Lee.

In the matter of the Rupright Ditch through the land of J.W.Elbin,Paris Township,objection is hereby filed to number of acres assessed.there is only 13 acres draining into the ditch. The balance of the land drains into the old channel and into the creek. Objection is filed against deepning,of cleaning out the old channel,as that would benefit no one,and would be a damage to me,as it is the water all drains out when the creek is low, and we can cross with a team and stock.

If it was deepened the water from the creek would back in and lay all the time. this would result in a damage to me of at least one hundred dollars.as I would have to build a bridge.

The Old channel is part of the creek a natural waterway and have no right to pay for water drainage into it any more than the creek.

We respectfully submit,
J.W.Elbin.

SPECIFICATIONS*-TILE DITCH.

Said ditch and branches shall be constructed along the line as located by stakes,and the center shall be 3 feet to the left thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and have a regulargrade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line(except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be civered with broken pieces of tile.

No tile shall be laid until they have been examined by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to a depth of at least inches, except at the filters as hereinafter specified.

The tile of the following sizes;

Main Ditch	From Sta.	0.00 to	Sta. 1.50	-6 inch tile
		0.00 "	7.60	-8 " "
		0.00 "	14.00	-10 " "

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened, and all brush or bushes sithin said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile, and to keep his Section in order until finally completed and accepted.

A concrete bulkhead of the size and dimensions as shown on profile shall be constructed at Station 14 the end of 12 inch tile. The concrete shall be of 1-2-3 1/2 mix i.e.One part Portland cement,2 parts clean sand and 3 1/2 parts clean hard limestone or gravel sized from 1/4" to 1 1/2".Only enough water shall be used in mixing to make the concrete workable. The concrete shall be thoroughly mixed before placing in the forms.

The Engineer and Commissioners reserve the right to make any changees they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the at the expense of the contractor whenever the work is not properly progressing.

The Engineers directions and decisions on all matters pertaining to the ditch shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

OBJECTIONS

Lemuel P.Sherman,Union County Auditor
Marysville,Ohio.

Plain City,Ohio.Feb.18.1927.

You are hereby notified that I object to my assessment on the proposed Foreman Ditch No.1200 on 25 acres,218 dollars,for the reason that the amount is an excessive and exorbitanttax,practically confiscation of the land at present values, and further for the reason that the present open ditch serves every purpose needed to drain that 25 acres.

This touches lands of Josephine Barnes,deceased now transferred to me.I object to the assessment on these same ground as on the above mentioned 25 acres.

Respectfully,
Cleo.T.Florence.

Union County Commissioners.

IN THE MATTER OF THE
LAUGHREY DITCH NO.1200-B.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.25th,1926.
Commissioners Journal Vol.20.Page 390.

The County Auditor this day presented a petition to the Union County Board of Commissioners praying for the construction and completion of a certain ditch,filed with him by S.A.Laughrey et-al,the following is the general location; Commencing at a stake in the line of a 7 inch tile on the land of S.A.Laughrey,and about 30 rods west of the lands of M.C.Westlake;thence following the line of said ditch across said lands and the lands of M.C.Westlake.

We ask that the ditch be improved by taking up the old tile and replacing same with tile of sufficient capacity to a point about 60 rods on the land of M.C.Westlake;thence with an open ditch far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for: Reconstruction.

As provided by Section 6442 G.C.we hereby fix the 17th,day of November 1926,for viewing said improvement,beginning at the upper termini thereof at 10.00 o'clock A.M.,and we also fix the 24th,day of November 1926,at the Office of the Union County Commissioners,Marysville,Ohio. at 10.00 O'clock A.M.as the time and place for the first hearing thereon.

On question of adoption of the foregoing the following vote was had,Staley "aye" Cashell "aye" Crandell "aye".

SINGLE COUNTY DITCH PETITION.

Marysville,Ohio.Sept.27,1926.

Petition for construction of a single County Ditch in Virginia Military Survey No.5269, Taylor Township.

To the Honorable Board of County Commissioners,Union County,Ohio; The undersign hereby petiti petition your honorable body for the construction of a single County Ditch on the course hereby set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;Commencing at in the line of a 7 inch tile on the land of S.A.Laughrey,about 30 rods west of the lands of M.C.Westlake;thence following the line of said ditch across the lands of M.C.Westlake.

We ask that the ditch be improved by taking up the old tile and replacing same with tile of sufficient capacity to a point about 60 rods on the lands of M.C.Westlake;thence with an open ditch far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Reconstruction.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the construction of the proposed improvement.

Beauchamp Carter	Marysville,R.D.	Bolenbaugh Fred & Lulu	Marysville R.D.
Laughrey S.A.	"	Price JohnC.& Mary	"
Westlake M.Christian	"	Wolford Leroy	"

Service of notice of filing the petition shall be obtained by mailing notices and publication.

S.A.Laughrey,
Petitioner.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That we S.A.Laughrey,William Conrad and Chris Mader are held and firmly bound unto the State of Ohio,in the sum of Two-Hundred Dollars,in the payment of which sum well and truly to be made.we do hereby jointly and severally bind ourselves our executors,heirs and adminsirators.

Signed by us and dated this 27th,day of September 1926,

The condition of the above obligation is such,that,whereas,on the 27th,day of September 1926, the above bound S.A.Loughrey filed his petition with the County Auditor of Union County Ohio,making application to the County Commissioners,praying for the construction of a Single County Ditch in Taylor Township.petitioned for by S.A.laughrey and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at a stake in the line of a 7 inch tile on the land of S.A.Laughrey and about 30 rods west of the lands of M.C.Westlake; thance following the line of said ditch across said lands and the lands of M.C.Westlake;

We ask that this ditch be improved by taking up the old tile and replacing same with tile of sufficient capacity to a point about 60 rods on the land of M.C.Westlake;thence with an open ditch far enough to give a good and sufficient outlet.

Now,if the said S.A.loughrey will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation to be void;otherwise to remain in full force and virtue in law/

S.A.Laughrey.
Wm.J.Conrad.
Chris Mader.

The above bond is approved this
day of 19

Auditor's Vault Box.No.229. LAUGHREY DITCH NO.1200-B. Transcribed Dec,15,1945.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.25th,1926.

Landowners affected by Laughrey Ditch No.1200-B.

S.A.Laughrey has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake in the line of a 7 inch tile on the land of S.A. Laughrey,and about 30 rods west of the land of M.C.Westlake;thence following the line of said ditch across said lands and the lands of M.C.Westlake.

We ask that this ditch be improved by taking up the old tile and replacing same with tile of sufficient capacity to a point about 60 rods on the land of M.C.Westlake;thence with an open ditch far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 17th,day of November 1926,at 10.00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners on the 24th,day of November 1926 at 10.00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,

Lemuel P.Sherman,
Auditor.

REQUEST FOR LATERAL

To the Board of County Commissioners
Union County,Ohio.

Marysville,Ohio.Nov.23.1926.

Gentlemen;
We the undersign land owner request that the tile on the ditch petitioned by Allen Laughrey be extended so as to cross the lands of M.C.Westlake to the Marysville and Kenton Road.

M.C.Westlake.

IN THE MATTER OF THE
LAUGHREY DITCH NO.1200-B.

Auditor's Office,Union County,Ohio
Marysville,Ohio.Nov.24th,1926
Commissioners Journal Vol.20.Pg.398.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messers.Staley Cashell and Crandell Commissioners present for further consideration in the matter of the Laughrey Ditch No.1200-B located in Taylor Township,Union County,Ohio.

Having viewed said improvement on the 17th,day of November 1926,said matter came on this day for further consideration and after finding that all parties benefitted or affected by said improvement had been notified according to law,and that the construction of said improvement would be conducive to the health convenience and welfare of the general public,Mr.Cashell moved the granting of the improvement together with the following extension;Extend tile so as to cross the lands of M.C.Westlake to the Marysville and Kenton Road,also that Alvi Graham County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C.and file his complete report with this board on or before day of 1927.

Mr.Crandell seconded the motion and on quwstion of adoption the following vote was had, Staley"aye" Sashell "aye" Crandell "aye".

SPECIFICATIONS

1.Said ditch and Branches shall be constructed along the line as located by thee stakes, and in the center shall be 2 feet to the left thereof,and straight,except at the angles,which shall be made in easy rounding curves:

2. The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile:and the bottom shall be true and smooth and have a regular grade.

3. The tile shall be of full capacity and of the best quality.and shall be laid in a straight line(except at the angles(,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

4. No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile; and in all places it must be covered to a depth of at least 24 inches,except at the filters as hereinafter specified.

5. At inlets shall be constructed as follows;
the trench shall be excavated inches in width at the top and bottom and to distance of feet;after which the tile must be laid in true line and one inch apart and the trench filled and rounded up with small cobble stone.

6. The tile shall be of the following sizes:

From Sta.0.00 to Sta.7.00-10 inch tile
7.00 " " 22.00-12 " "

7. At the outlet of each line of tile iron corrugated pipe of the same lineal dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such a manner as to receive the line of tile and not obstruct the flow of the water.

8. All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

9. The contractor must be required to make all connections with present existing lines o f tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed abd accepted.

10. The Corrugated iron pipe shall be Toncan metal or its equal.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid. The Engineer shall have power to pàace laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.
The Engineers directions and decisionsonall matters pertaining to the ditch shall be final and conclusive,unless countermanded by a mojority of the Board of County Commissioners.

Alvi Graham.
County Surveyor.

OBJECTIONS.

To the Commissioners of Union County.

In regard to the Laughrey Ditch No.1200,I consider my assessment entirely too high.there is 45 rd of the ditch on my farm,first grade tile is $2.65 per rod,total $119.25. but second grade was to be used,the excavating would not be over $27.00,totaling $146.25. nearly $200.00 over,for other expenses.I am willing to pay a reasonable apportionment,but as every thing as it stands the figures are too high.

S.A.Laughrey.

Commissioners of Union County.

IN THE MATTER OF THE
DOYLE DITCH NO.1201.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.26,1927.
Commissioners Journal Vol.20.Page 391.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed with him by Rolly Doyle praying for the location and completion of a certain ditch improvement,the general location of which is as follows;Commencing at a stake on the east side of the Marysville-Kenton State Road,and near a line of seven inch tile;thence crossing said road and onto the lands of Owen Beem;thence following the water course onto and across the lands of Sherman Hill to the Orders Ditch;thence following said Orders ditch crossing said Hill's land and the lands of Nanch C.Irwins to Bokes Creek.

We ask that said ditch be improved by tiling with tile of sufficient capacity as far as said Orders Ditch;thence by taking up tile on said Orders Ditch and replacing same with tile of sufficient capacity to present outlet of said ditch;thence with an open ditch far enough for a good and sufficient outlet;also a Bateral:commencing on the east side of said Marysfille-Kenton Road and south of the residence of R.H.Doyle;thence crossimg said road and onto the lands of said Sherman Hill to the Main Ditch.

As provided by Section 6442 G.C.we hereby fix the 17th,day of November,1926for viewing said improvement beginning at the upper terminus thereof at 10:00 o'clock A.M. and we also fix the 22nd day of November 1927 at the Offide of the County /Commissioners Marysville,Ohio,at 10:00 o'clock A.M. as the time and place for the first hearing thereon;On question of adoption of the foregoing the following vote was had,Staley "aye" Cashell "aye" Crandell "ave".

SINGLE COUNTY DITCH PETITION.

Marysville,Ohio.Sept.25 1926.

Petition for the reconstruction,etc.of a County Ditch in York Township.

To the Honorable Board of County Commissioners,Union County,Ohio. The undersign hereby petition your honorable body for the reconstruction,etc. on the course hereinafter set forth,

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;

Commencing at a stake on the east side of the Marysville-Kenton State Road,and near a lin of seven inch tile;thence crossing said road and onto the lands of Owen Beem;thence following the water course onto and across the lands of Sherman Hill to the Orders Ditch;thence following said Orders Ditch crossing said Hill's land and the lands of Nancy C.Irwin to Bokes Creek. We ask that said ditch be improved by tiling with tile of sufficient capacity as far as said Orders Dit Ditch;thence by taking up tile on said Orders Ditch and replacing same with tile of sufficient capacity the present outlet of said tile ditch;thence with an open ditch far enough for a good and sufficient outlet;also a Lateral-Commencing on the east side of said Marysville-Kenton Road and south of the residence of R.H.Doyle;thence crossing said road and onto the lands of said Sherman Hill to the Main Ditch.We ask that this be constructed of tile.

The following is the nature of the work petitioned for:Tiling,Replacing tile on Orders Ditch.cleaning out Open Ditch,etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted by the construction of the proposed improvement:

Beem A.O;& R.C.	Richwood,R.3.	Hill Sherman	Richwood
Coons ClaraM.	"	Lewis John E.	"
Citizens' Home and Savings Co.	Marysville,O.	Losey Andrew D.	"

Service of notice of filing the Petition shall be obtained by mailing notices and publication.

Rolly H.Doyle.
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS?That we Rolly H.Doyle,Bessie L.Doyle and F.A.McAllister are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves our heirs,executors and administrators.

Signed by us and dated this 25th,day of September 1926.

The condition of the above obligation is such,that,whereas,on the 25th,day of Sept,1926, the above bound Rolly H.Doyle and Bessie L.Doyle and F.A.McAllister filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction etc,of a County Ditch in York Township,petitioned for by Rolly H.Doyle,the follOwing is the course and termini of said proposed improvement,to-wit;Commencing at a stake on the east side of the Marysville-Kenton State Road and near a line of seven inch tile;thence crossing said road onto the lands of Owen Beem;thence following the water course onto and across the lands of Sherman Hill to the Orders Ditch;thence following said Orders Ditch crossing said Hill's land and the lands of Nancy C.Erwin to Bokes Creek.We ask that said ditch be improved by tiling with tile of sufficient capacity as far as said Orders Ditchlthence by taking up tile on said Orders Ditch and replacing same with tile of sufficient capacity to the present outlet of said tile ditch;thence with an open ditch far enough for a good and sufficient outlet.

Also a Lateral:Commencing on the east side of said Marysville-Kenton Road and south of the residence of R.H.Doyle;thence crossing said road ont the lands of said Sherman Hill to the Main Ditch.We ask that this be constructed of tile.Now,if the said will pay all costs. if the prayer of the petition is not granted or if said petition is for any reason dismissed then this obligation to be void;otherwise in full force and virtue in law.

The above is approved this day of 19

Rolly H.Doyle
Bessie L.Doyle
F.A.McAllister.

Auditor's Vault Box.No.298. DOYLE DITCH NO.1201. Transcribed Dec.28,1945.

NOTICE TO LANDOWNERS.

Landowners affected by,

Doyle Ditch No.1201.

Auditor's Office,Union County.Ohio.
Marysville,Ohio.Oct.26,1926.

Rolly H.Doyle has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake on the east of the Marysville-Kenton State Road and near the lin of a seven inch tile;thence crossing the road onto the lands of Owen Beem;thence following the water course onto and across the lands of Sherman Hill to the Orders Ditch;thence following said Orders Ditch crossing said Hill's land and the land of Nancy C.Erwin to Bokes Creek.We ask that said ditch be improved by tiling with tile of sufficient capacity as far as said Orders Ditch;thence by taking up tile on said Orddrs Ditch and replacing same with tile of sufficient capacity to the present outlet of said tile ditch;thence with an open ditch far enough for a good and sufficient outlet. Also a Lateral:Kenton Road South across the lands of Hill and Doyle to Main Ditch.

The County Commissioners will view this proposed improvement on the 18th,day of Nov. 1926.Commencing at the beginning thereof at 10:00 o'clocl A.M. and the first hearing thereon will be held at the County Commissioners Office,Marysville.Ohio,on the 22nd.day of Nov.1926 at 10.00 o'clock A.M..

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final ord order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Lemuel P.Sherman,
County Auditor.

REQUEST FOR LATERAL

Marysville,Ohio,Nov.22,1926.

To the Commissioners of Union County.

We the undersign taxpayers on the ditch petitioned for by R.H.Doyle and others,request that said ditch be extended so as to begin at the south line of Owen Beem and crossing the lands of R.H.Doyle to the beginning of said petition, also for a lateral to said extension to commence at the south line of said Beem and extend across said Doyle's land to said Main Ditch.

Clara M.Coon.

IN THE MATTER OF THE
DOYLE DITCH NO.1201.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Nov.22,1926.
Commissioners Journal Vol.20.Page 397.

The Board of County Commissioners of Union CountymOhio,met this day in special session, with Messers,Staley,Cashell and Crandell Commisssioners present for further consideration in the matter of the Doyle Ditch No.1201,located in York Township,Union County,Ohio.

Having viewed the proposed improvement on the 18th,day of November,1926,said matter came on this day for further consideration and after finding that all parties benefitted or affected by said proposed improvement had been notified according to law,and tnat no written objections had been filed and that the construction of said improvement would be conducive to the health convenience and welfare of the general public Mr.Crandell moved the granting of saidmimprovement together with the following laterals;as asked for by Clara M.Coons;Beginning at the south line of the said Beem and extend across the said R.H.Doyle to the beginning of the ditch as described in the original petition,and also for a lateral to said extension commencing at the south line of said Beems land and extending across said Doyles land to said Main Ditch.Also that Alvi Graham,County Engineer be directed to go upon the line of said ditch and perform his duties thereon as provided by Section 6454 G.C. and file his completed report with this Board on or before the day of 1927.

Mr.Cashell seconded the motion and on question of adoption the following vote was had, Staley "aye" Cashell "aye" Crandell "aye".

SPECIFICATIONS TILE DITCH.

Said Ditch and Branches 1-2 & 3 shall be constructed along the line as located by the stakes,and the center shall be 3 feet to the left thereof,and straight.except at the angles.which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile:and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line(except at the angles),and in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or commissioners:and after being laid they shall be fastened and left uncovered until examined by the Engineer:after whichnthe trench shall be so filled that the excavated earth will all settle on the line of the tile:and in all places it must be covered to depth of at least 18 inches except at the filters as hereinafter specified.

The tile shall be of the following sixes

Main Ditch From Sta	0.00	to Sta.	9.00	6	inch	tile
	9.00	" "	15.00	8	"	"
	15.00	" "	27.00	10	"	"
	27.00	" "	38.44	12	"	"
	38.44	" "	44.40	15	"	"
Lateral No.1.	0.00	" "	1.60	6	"	"

SPECIFICATIONS TILE DITCH.

Lateral No.2. From Sta. 0.00 to Sta 5.33 6 inch tile

Lateral No.3. " " 0.00 " " 8.03 5 " "

At the outlet of each line of tile a corrugated iron pipe of the same dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow oof the water.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile, and to keep his Section in order until finally completed and accepted.

The 12 inch tile now in place from Station 38.44 to Station 44.40 shall be removed and used where 12"tile is called for on profile.

This ditch to be so constructed as not to interfere with the 7 inch tile now in place from Station 0,00 to Station 9,00

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch, shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,
County Surveyor.

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be original thereof, and straight.except at the angles.which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof,

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt overhanging or loose sods and roots and stumps.and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified and no branches or set-offs are to be left in the sides of the ditch.

The trench shall be made 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade. All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 15 feet of the bank slopes, and spread,leaving the surface in good condition for farming.

The right way shall be 40 feet on each side of the ditch.Valuable timber,fences.growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc.shall be cleared away from the ditch banks to a distance of 40 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted, and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work and a corresponding change will be made in the amount paid for the same at the rate of the purchase bis.

All trees and brush 4" in diameter and under within 10 feet of either bank shall be grubbed out.

All trees and brush over 4" in diameter shall be cut off even with the surface of the ground.

The Engineer shall power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

APPORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County; Marysville,Ohio.January 29,1927.

I,the undersign, Couty Surveyor,in obedience to your order of 192 do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will be benefitted with an apportionment of the location and construction of the improvment in money according to benefits which will result to each.

Alvi Graham.

NOTICE TO LANDOWNERS.

Landowners affected by Evans Ditch No.1203.

Job E.Stevenson has filed a petition with the County Auditor,requesting the improvment of a ditch beginning at the outlet of a 22 inch tile on the lands of Josephine McIntosh. in Washington Township,V.M.Survey No.12105:thence following the Rocky Fork Ditch in an easterly direction thru the lands of said McIntosh,Florence Wellwood,et al.to the stone quarry on the lands of Howard E.Gray.

We ask that this ditch be cleaned out and deepened,also that the open ditch on the lands of F.P.Stevenson,extending in a southwesterly direction from Rocky Fork Ditch be cleaned out, deepened.etc.up to the outlet of the tile.

The County Commissioners will view this proposed improvement on the 20th,day of November,1926;commencing at the beginning thereof at 10.00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 29th,day of November,1926 at 10.00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Lemuel P.Sherman.
County Auditor.

REQUESTS

To the Commissioners of Union County,Ohio. Marysville,Ohio.April 18,1927

Gentlemen;

I herewith request that the outlet of 13 1/2 inch tile be repaired at the outlet,also that there be a head wall constructed at the outlet.

L.J.Temple.

To the Hon County Commissioners of Union County,

The undersign respectfully represents that she will be unable to be present at the hearing for the proposed improvement of the Evans Ditch inWashington Township ,Union County Ohio,Petitione for by one Job E.Stevenson.She further represents that she is the owner of Forty acres of land east of said Stevenson between the land of Spain and Hager which will be affected by said improvement,She does not feel that said improvement is essential at present so far as she is concerned,but if your Honorable body does deem it necessary she requests that there may be two water gaps one between she and Spain.the other between she and and the road.She also requests that the dirt from said ditch be spread on the north and east sides of the ditch so that itwill not interfere with the Tenant in his farming the same,Also that her fences will not be torn down or injured,that the dirt be spread enough and far enough from the ditch that the tenant will not be interfered with the same.She will also claim any damages that may accrue to he her by deepning or widening said ditch more than it is necessary to her forty acres or any damage that may accrue to the fence of the land by reason of the dirt.

Respectfully yours

Clara A.Moffitt.

IN THE MATTER OF THE
ROCKY FORK DITCH NO.1203.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,November 29.1926.
Commissioners Journal Vol.20.Page 399.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with Messers.Staley,Cashell and Crandell Commissioners present for further consideration in the matter on the Rocky Fork Ditch No.1203 located in Washington Township,Union County,Ohio.

Having viewed said proposed improvement on the 20th,day of November 1926,said matter came on this day for further consideration and after finding that all parties benefitted or affected by said improvement had been notified according to law,and that the construction of said improvement would be conducive the the health,convenience and welfare of the general public, and that no written objections had been filed,Mr.Cashell moved the granting of the improvement together with all laterals asked for and also that Alvi Graham County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C. and file his report with this Board on or before the day of 192 Mr.Crandell seconded the motion,and upon a call of the roll the following vote was had,Mr.Staley "aye" Cashelll "aye" Crandell "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be to the right thereof and straight, except at the angles,which shall be made in easy, rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be smooth and true.all loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be made 2' Sta.0 to 67,3'Sta.67 to end feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least five feet from the bank slope and deposited iin the old channel and low places along the line of the ditch when the same lie within 25 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood wood,etc,shall be cleared away from the ditch banks to distance of 35 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

All brush and trees within 10 feet of either bank of the ditch under 4 inches in diameter shall be grubbed and over 4 inches in diameter shall be cut off at the surface of the ground.

The Engineer shall have power to place laborers along the line of the ditch atthe expense of the contractor whenever the work is not properly progressing.

The Engineers directions and decisions on all matters pertaining to the ditch. shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

SPECIFICATIONS TILE DITCH

Said dithc and branches shall be constructed along the line as located by the stakes,and the center shall be made feet to to the thereof,and straight,except at the angles,which shall be made in easy r rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile,and the bottom shall be true and have a regular grade

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line (except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they are examined and approved by the Engineer or Commissioners and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and all places it must be covered to depth of at least 24 inches, except at the filters as hereinafter specified.

The tile shall be of the following sizes:From Sta.0.00 to Sta.1.25-20 inch tile from Sta. 0.75 to Sta. 1/25-13 1/2 inch tile.

SPECIFICATIONS OF TILE DITCH CONTINUED.

A concrete Bulkhead shall be built to conform to the dimensions as shown on the profile.

The concrete shall be of 1-2-3 1/2,i.e.1 part Portland Cement,2 parts clean sand and 3 1/2 parts clean hard limestone or gravel,sized from 1/4in to 1 1/2 in. In no case will bank run gravel,or ready mixed aggregates be allowed.The concrete to be thoroughly mixed using only enough water to make the cement workable.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The Contractor must be required to make all connections with present existing line of tile the property to furnish the necessary tile. and to keep his section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work.and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham,
County Engineer.

APPORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County. Marysville,Ohio.March 15.1927.

I,the undersign,County Surveyor,in obedience to your order of 19 do hereby return a schedule of all lands and lots and public or corporate roads or railroads that will be benefitted,with an apportionment of the location and construction of the improvement in money according to benefits which will result to each.

Alvi Graham,
County Surveyor.

OBJECTIONS

Marysville,Ohio.April 16,1927

To the Commissioners of Union County,

Gentlemen;

In the matter of the Rocky Fork Ditch No.1203,I herewith request damages for fences along the line of said ditch by the construction thereof,as I now have practically a new fence for a distance of about 80 rods and same cannot be removed and replaced without a damage to be worth at least $40.00.

Yours respectfully,
F.S.Hager.

Marysville,Ohio. April 18,1927.

To the Commissioners of Union County,

Gentlemen;

I herewith request damages for fences in the construction of the Rocky Fork Ditch in case said fence,should have to be removed.

C.C.Sewell.

Marysville,Ohio.April 18,1927.

To the Commissioners of Union County,

Gentlemen;

In the matter of the Rocky Fork Ditch,I herewith request damage for fences in case same are removed in the construction of said ditch. L.J.Temple,L.G.Spain.Per A.T.Coons.

OBJECTIONS CONTINUED.

West Mansfield,Ohio.April 15,1927.

Auditor of Union County.
Marysville,Ohio.

Dear Sir;

With regard to the Rocky Fork Ditch which has a hearing the 18th,will say I am not satisfied with the amount assessed me,being $219.00 which I feel is entirely to much,and if you will look up the records I was assessed beginning Dec.1908,which has been paid semi-annually in my tax.for labor and tile complete on this farm,and now while the Stevensons farm and others have allowed the outlet to fill up by turning hogs in on standing corn which I have seen,I dont think it right to tax me a little more than half the the first cost of the ditch.is why I am asking consideration.I feel that half the amount would be sufficient.

Yours respectfully,
O.M.Bird.

West Mansfield,Ohio.April 13,1927.

Dear Sir;

Am not satisfied with the assessment of said ditch have paid for my outlet once. At the end they dam it up to water stock out of and make a hot over the ditch,I think one dollar an acre would be plenty and they have assessed $116.00,would like to have it adjusted some.

Mr.A.C.& Flora Fout.

IN THE MATTER OF THE
ROCKY FORK DITCH NO.1203.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 18,1927.
Commissioners Journal Vol.20.Page 429.

The Board of County Commissioners,of Union County met this day in special session,with Messers.Cashell,Crandell and Staley Commissioners present for the final hearing in the matter of the Rocky Fork Ditch No.1203 located in Washington Township,Union County, Ohio,and after findi ing that all parties benefitted or affected by said improvement had been properly botified and that the construction of said improvement would be conducive to the health,convenience and welfare of the general public,Mr.Crandell moved that the report of the Engineer be adopted as amended together with the schedule of the assessments as amended.Also reduce the following assessments,Frankie & Austin Baker $39.50 .Andrew L.Baker $13.40,Sylvester Clapsaddle $12.80, Charles Donivan $10.50,Calvin Sewell $10.00,George Sewell $20.75,Total $106.95.

And Increase assessments of the following;Union County $41.50,Frank P.Stevenson $65.45, Total 106.95.Also assessments of L.J.Temple,E.Sherwood,M.Williams,Wm McIntyre,Jennings & Williams, Edna D Wright.

Also allow damages to F.S.Hager, C.C.Sewell,L.G.Spain,L.J.Temple at 50¢ per rod for fence if removed.

And also for abutment and repair on Temple Ditch.

And that theCounty Auditor be directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection,as amended in ten semi-annually installments.Mr.Staley seconded the motion and on roll call the following vote was had,Staley "aye" Crandell "aye" Crandell "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be original to the left thereof and straight,except at the angles,which shall be made in,easy rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or set-offs are to be left on the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The Bottom must be true and smooth and have a regular grade.

SPECIFICATIONS CONTINUED.

All depths are to be measured from the plug stakes at the foot of the numbered stakes.
All excavated earth shall be removed at least 5 feet from the banks slope and deposited in the old channel and low places along the line of the ditch when the same lie within 20 feet of the bank slopes,and spread.leaving the surface in good condition for farming.

The right way shall be 35 feet on each side of the ditch.Valuable timber,fences.growing crops and other property within the rightof way shall be preserved uninjured as far as possible.
All fallen timber,flood-wood,etc.,shall be cleared away from the ditch banks to a distance of 20 feet there from.
The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally completed.
The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.
All trees and brush within 10 feet of either bank of the ditch 4 inches in diameter or under shall be grubbed out and over 4 inches in diameter shall be cut off at the surface of the ground.
The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.
The Engineer's directions and decisions shall be final and conclusive on all matters pertaining to the ditch,unless countermanded by a majority of the Board oc County Commissioners.

Take up,clean and relay 167 feet of 15 inch tile
Excavate for and lay 33 feet of new 15 inch tile
Make connection of 6 inch tile.

Station 0-1 to Station 1
118 lineal feet 15 inch tile estimated only, Amount used to be paid for.

On the farm of Hutson,Arch and Fred Smith,southeast part repair 12 inch tile in five different places. Total estimate 36 lineal feet.

Between 2nd and 3rd broken places take up clean and relay 100 lineal feet.

86 lineal feet of new tile estimated.
Amount of material used and work actually done to be paid for.

APPORTIONMENT OF ESTIMATED COST

To the Commissioners of Union County; Marysville,Ohio.April 5,1927
I the undersign,County Surveyor,in obedience to your order of 192 do hereby return a schedule made of all lots and lands and public or corporate roads and railroads that will be benefitted,with an apportionment of the lacation of the improvement in money according to benefits which will result to each.

Alvi Graham,
County Surveyor.

OBJECTION TO ASSESSMENT.

West Mansfield,Ohio.Oct.26,1927.

Mr.Eber N.Dillon,

Sir your card,in ragard to the proposed Smith Ditch no.1204 on 9o acres $135.00 it is absolutely to much,we have all the outlet we need,have not had any trouble about the water at all,Mr.Smith is the one that should stand the most expense of this ditch as it benefits him more than any one else.I do not object to paying a reasonable amount for an outlet,but $135.00 is unreasonable.

Respectfully,

Carrie E.Holloway,Guardian of,
John H.& Charles E.Holloway.

IN THE MATTER OF THE
SMITH DITCH NO.1204.

Auditor's Office,Union County.
Marysville,Ohio.Nov.7th.1927
Commissioners Journal Vol.20 Page 553.

The Board of Commissioners of Union County,Ohio met this day in special session,with Messers.Cashell, Crandell and Staley Commissioners present and Eber N.Dillon clerk of said Board for the final hearing in the matter of the Smith Ditch No.1204 Olcated in York Township, Union County,Ohio,and after finding that all parties that are benefitted or affected by the said improvement had been notified according to law,and that it would be conducive to the health,conveninence to the general public, Mr.Crandell moved that we amend the report of the Engineer by reducing the assessment of Jay P.Holloway $15.00 and Union County-assess same $15.00.

And that the County Auditor be directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in 6 semi-annually installments.

Mr.Staley seconded the motion and on roll call the following vote was had,Cashell "aye" Crandell "aye" Staley "ave".

Auditor's Vault Box No.298. STALEY DITCH NO.1205. Transcribed Jan.17,1946.

IN THE MATTER OF THE
STALEY DITCH NO.1205
FILING OF PETITION.

Auditor's Office,Union County.
Marysville,Ohio.March 7th,1927.
Commissioners Journal Vol.20.Page 420

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch filed with him by M.L.Staley praying for the lacation and construction of a ditch the general location of which is as follows;Commencing at a stale in a basin on the lands of Leroy and Mary Wolford;thence westerly across said lands,crossing the Marysville and Kenton Gravel Road onto and across the lands of M.L.& S.L.Staley following the water course to the Hamilton Ditch a distance of about 90 rods.We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

As provided by Section 6442 C.C.we fix the 30thday of March 1927,for viewing said proposed improvement beginning at the terminus thereof at 10:00 o'clock A.M. and we also fix the 4th.day of April 1927,at the office of the County Commissioners,Marysville,Ohio,at 10:00 A.M. as the time and place for the first hearing thereon.

On the questio of qdoption the following vote was had,Staley "aye" Cashell "aye" Crandell "aye".

SINGLE COUNTY DITCH PETITION.

To the Honorable Board of County Commissioners Marysville,Ohio.Feb.19.1927.

The undersign hereby petition your honorable body for the location and construction of a County Ditch on the course hereinafter set forth;

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit; Commencing at a stake in a basin on the lands of Leroy and Mary Wolford:thence westerly across sa said lands,crossing the Marysville and Kenton Gravel Road onto and across the lands of M.L.& S.L.Staley following the water course to the Hamilton Ditch,a distance of about 90 rods.

The following is the nature of the work petitioned for;We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Names and addresses ,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the construction of the proposed improvement;

Beachamp Carter	Marysville.O.	Wolford Leroy	Marysville,O
Ginn Samuel B.	Girard "	Wolford Mary	"
Staley M.L.	Marysville.O	Union County	
Staley S.L.	"		

Service of Notice of Filing the Petition shall be obtained by Personal Service, publication or mailing notices.

M.L.Staley.
Sylvester Wilson,
Petitioners.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS:That we M.L.Staley,Sylvester Wilson and S.J.Elliott are held and firmly bound unto the State of Ohio, in the sum of ($200.00)Two Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves by these presents,our heirs,executors and adminsitratots.

Signed by us and dated this day of 19

The condition of the above obligation is such,that,whereas on the day of 19 The above bound M.L.Staley et al filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners for the location and construction of a county ditch petitioned for by M.L.Staley and Sylvester Wilson and others; te following is the course and termini of said proposed improvementmtO-wit;Commencing at a stake in a basin on the lands of Leroy and Mary Wolford;thence following westerly across said lands. crossing the Marysville and Kenton Gravel Road onto and across the lands of M.L.Stalesy & S.L. Staley,following the watercourse to the Hamilton Ditch,a distance of about 90 rods.We ask that said ditch be constructed of tile of sufficient capacity to drain the lands drained therein.

Now,if the said M.L.Staley and others will pay all costs,if the prayer of the petition is not granted or if said petition for any cause dismissed,then this obligation to be void; otherwise to remain in full force and virtue in law.

M.L.Staley
Sylvester Wilson
S.J.Wlliott.

The above Bond is approved this day of 19 .

NOTICE TO LANDOWNERS

Landowners affected by

Staley Ditch No.1205.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.March 7,1927.

M.L.Staley has filed a petition with the Clunty Auditor requesting the improvement of a ditch beginning at a stake in a basin on the lands of Leroy and Mary Wolford,thence in a westerly course across the said lands crossing the Marysville and Kenton State Road and onto the lands of M.L.& S.L.Staley following the watercourse to the Hamilton Ditch,a distance of about 90 rods.We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

The County Commissioners will view this proposed improvement on the 30th,day of March 1927;commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 4th,of April 1927, at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any changes in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully, Eber N.Dillon,County Auditor.

REQUESTS.

To the Commissioners of Union County,O. Marysville,Ohio.April.2,1927.

Gentlemen;

In the matteres of the Staley Ditch petitioned for by M.L.Staley, I hereby request a lateral to begin in the line of a tile ditch on the north side of the Cotton Slash Road;thence following the line of said tile crossing said road and the lands of M.L.& S.L.Staley and the public road to the Main Ditch.We ask that said tile be taken up and r replaced with tile of sufficient capacity to properly drain the lands drained therein.

W.C.Beachamp.

Girard--4.4/27.

Mr.Alvi Graham,
County Surveyor.

Dear Sir;

In regard to proposed Staley Ditch;If possible I would like to have a 6 inch branch of this ditch extended upon my property about 300 feet along road,this will add little to cost and will benefit my property.Mr.Turner is familiar with the situation,

Yours truly.
S.B.Ginn.

IN THE MATTER OF THE
STALEY DITCH NO.1205
FIRST HEARING

Auditor's Office,Union County.
Marysville,Ohio.April 4,1927.
Commissioners Journal Vol.20.Page 426.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messers.Cashell,Crandell and Staley,Commissioners present for the first hearing in the matter of the Staley Ditch No.1205,located in Taylor Township,Union County,Ohio.

Having viewed said imporvement on the 30th,day of March 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof Mr Crandell moved that said improvement be granted,and to end at the Hamilton Ditch,also request thqt the tile used in said improvement be of sufficient capacity to properly drain the lands drained therein.

And that Alvi Graham,County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C.and file his report with this Board on or before the day of 1927.

Mr.Staley seconded the motion and upon a call of the roll the following vote was had, Cashell "aye" Crandell "ave" Staley "aye".

SPECIFICATIONS.TILE DITCH

Said Ditch and Branches shall be constructed along the line as located by the stakes,and the center shal shall be 2 feet to the left thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line (except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered at least 18 inches ,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

Main Ditch	From Station	0.00	to Station	4.00	6	inch tile
" "	" "	4.00	" "	4.08	8	" "
" "	" "	4.08	" "	12.34	10	" "
" "	" "	12.34	" "	19.84	12	" "
		Two 10" x 12" Y's				
		12 feet 12 two C.I.P at outlet				
Lateral 1.						
" "		0.00	"	3.90	6	" "

At the outlet of each line of tile an iron pipe of the same lineal dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow of the water.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened, and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

Where the ditch crosses the 7" line of tile now in place the contractor will join the two ditches with two 12" x 10" Y's.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive unless countermanded by the Commissioners.

Alvi Graham,
County Surveyor.

IN THE MATTER OF THE
STALEY DITCH NO.1205
FINAL HEARING

Auditors Office ,Union County,
Marysville,Ohio.Sept.13,1927.
Commissioners Journal Vol.20.Page 536.

The Board of County Commissioners of Union County,met this day in special session with Messrs Cashell,Crandell and Staley present for the final hearing of the Staley Ditch No.1205 located in Taylor Township,Union County,Ohio,and after finding that all parties benefitted or affected by said improvement had been notified and that the construction of said improvment would be conducive to the health convenience and welfare of the general public,Mr Crandell moved that the report of the Engineer be adopted as amended,that is to reduce the size of the tile from lo inch to 8 inch and from 12 inch to 9 inch and also increase the assessment of Union County to $50.00 also proportion reduction of the cost by per cent.

And that the County Auditor be directed to place the several assessments as amended on a special duplicate and certify same to the County Treasurer for collection in 10 semiannualy installments.MrStaley seconded the motion,and on roll call the following vote was had, Cashell "ave" Crandell "ave Staley "ave".

IN THE MATTER OF THE TILE ON SECTION
NO.1 OF THE STALEY DITCH NO.1205.

Auditor's Office,Union County
Marysville,Ohio.Sept.21.1927.
Commissioners Journal Vol.20.Page.564.

The Contract and Bond of Eilliams & McIntire Co.for furnishing the tile on Section No.1 on the Staley Ditch No.1205,was filed this day with the board of County Commissioners for their approval.

Section No.1Williams & McIntire Co.Contract $250.00,Bond $250.00,Sureties
Williams & McIntire Co.

C.L.Williams.

CONTRACT FOR FURNISHING TILE.

Section No.1 Marysville,Ohio.Oct,22,1927.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale, he has this day sold to Williams & McIntire & Co the work of constructing Section No.1 of said ditch for the sum of ($250.00) Two Hundred Fifty Dollars, which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio on or before the 1st,day of November 1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by the said Engineer at the expense of the contractor and Bondsmen according to law.

And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give th e work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Williams & McIntire Co, Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That Williams & McIntire Co as principal and W.L.Williams and C.L.Williams as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($250.00) Two Hundred Fifty Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 22nd day of October,1927.

The condition of this obligation is such,that whereas the above bound Williams & McIntire Co.have this day bid off the work of constructing Section No.1 of Staley Ditch No.1205 and have entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damageswhich may accrue by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and pay for all debts incurred for thisSection,then this obligation shall be void,otherwise to be in full force and effect in law.

Williams & McIntire Co.

FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.March 28th,1927.
Commissioners Journal Vol.20.Page 424.

The CountyAuditor this day delivered to the Board of County Commissioners a copy of a ditch filed with him by Mr.Elmer Cowgill,J.O.Wynn and C.J.Moore praying for the lacation and construction of a ditch the general location of which is as follows;Beginning at the outlet of the tile of the Hamilton Ditch on the west side of the Rush Road,thence following the line of the said ditch through and along the lands of Albert Merriott,John A.McDaniel,crossing the Hamilton Gravel Road,and lands of Elmer Cowgill,and others to the Big Swail Ditch.

Also asking for a lateral commencing at the outlet of the tile on the Hodge Ditch,line between the lands of James Moore and Albert Merriott;thence continuing with the open part of said ditch,through the lands of Albert Merriott to the Main Ditch.

Also a lateral commencing at the outlet of the tile on the Wiley Ditch on the lands of M.L.Fox,crossing the Hamilton Pike and the lands of Milton L.& Gertrude Dickason,J.B.Davis Walter h. & Vesta Davis,Rush Cheney and others to the Main Ditch.

We ask that said ditches be constructed of tile of sufficient capacity tp properly drain the lands drained therein.

As provided by Section 6442 G.C.we hereby fix the21st,day of April 1927,for the viewing said proposed improvement,commencing at the terminus thereof at 10:00 o'clock A.M.and we also fix the 25th,day of April 1927 at the office of the County Commissioners,Marysville,Ohio,at 10:00 A.M. as the time and place for the first hearing thereon.

On the question of adoption the following vote was had,Staley "aye" Crandell "aye".

SINGLE COUNTY DITCH PETITION.

To the Honorable Board of County Commissioners.
Union County,Ohio.

Marysville,Ohio,Feb.28,1927

The undersign hereby petition your honorable body for the reconstruction,straightning, deepning,widening,etc. on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit:Commencing at the outlet of the tile of the Hamilton Ditch on the west side of the Rush Road;thence following the line of said ditch,through and along the lands of Albert Marriott,John A.McDaniel. crossing the Hamilton Gravel Road,and the lands of Elmer Cowgill,and others to the Big Swail Ditch.

We also ask for a lateral-Commencing at the outlet of the tile on the Hodge Ditch at the line between th the lands of James Moore and Albert;thence continuing with the open part of said ditch,through the lands of Albert Marriott to the Main Ditch.

Also for the following lateral:Commencing at the outlet of the tile on the Wiley Ditch on the lands of M.L.Fox;thence following the tile on the wiley ditch on the lands of M.L.Fox; thence follosing the line of said ditch,through and along and through the lands of M.L.Fox crossing the Hamilton Pike and the lands of Milton & Gertrude Dickason,J.B.Davis,Walter H.& Vesta Davis,Rush Cheney,and others to the Main Ditch.

The following is the nature of the work petitioned for:cleaning out,deepning,straightening widening,etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the proposed improvement.

Petitioners.

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we Elmer Cowgill,J.O.Wynn and C.J.Moore are held and firmly bound unto the State of Ohio,in the sum of ($400.00)Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs executors and adminsitrators.

Signed by us and dated this day of 19

The condition of the above obligation is such,that,whereas, on the day of 19 the above bound Elmer Cowgill,J.O.Wynn and C.J.Moore filed their petition with the County Auditor of Union County,Ohio.making application to the County Commissioners,praying for the reconstruction,straightning deepning and widening,etc,petitione for by Elmer Cowgil,C.O.Wynn and C.J.Moore and others:the follosing course and termini of said proposed improvement,to-wit; Commencing at the outlet of the tile of the Hamilton Ditch on the west side of the Rush Road;thence following the line of the said ditch through and along the lands of Albert Marriott;John A. McDaniel crossing the Hamilton Gravel Road,and the lands of Elmer Cowgill and others to big Swale Ditch.

WE also ask for a lateral;Commencing at the outlet of the tile on the Hodge ditch,at the line between the lands of James Moore and Albert Marriott;thence continuing with the open part of said ditch,through the lands of Albert Marriott to the Main Ditch.

BOND OF PETITIONERS CONTINUED.

Also the follosing Lateral;Commencing at the outlet of the tile on the Wiley ditch on the lands of M.L.Fox,crossing the Hamilton Pike and the lands of Milton L. & Gertrude Dickason,J.B.Davis,Walter H.& Vesta Davis,Rush Cheney,and orhers to the Main Ditch.

Now,if the said "ill pay all costs, if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

Elmer Cowgill
J.O.Wynn.
C.J.Moore.

NOTICE TO LANDOWNERS.

Auditors Office,Union County,Ohio.
Landowners affected by Marysville,Ohio.March 28th,1927.

Marriott Ditch No.1206.

Elmer Cowgill has filed a petition with the County Auditor requesting the reconstruction of a ditch the general location of which is as follows:Beginning at the outlet of the Hamilton Ditch on the west side of the Rush Road;thence following the line of said ditch through and along the lands of Albert Marriott,John A.McDaniel.crossing the Hamilton Gravel Road and lands of Elmer Cowgill,and others to the Big Swale Ditch. Also asking for a Lateral commencing at the outlet of the tile on the Hodge Ditch,line between the lands of James Moore and and Albert Marriott;thence continuing with the open part of said ditch,through the lands of Al Albert Marriott to the Main Ditch.

Also a lateral commencing at the outlet of the tile on the Wiley Ditch on the lands of M.L.Fox crossing the Hamilton Pike and the lands of Milton & Gertrude Dickason,J.B.Davis Walter H.& Vesta Davis,Rush Cheney and others to the Main Ditch.

WE ask that said ditches be constructed of tile of sufficient capacity to properly drain the lands drained therein.

As provided by Section 6442 G.C.we hereby fix the 21st,day of April 1927,for the viewing said improvement,commencing at the terminus thereof at 10:00 o'clock A.M.and we also fix the 25th,day of April 1927 at the office of the County Commissioners,Marysville,Ohio,as the time and place for the first hearing thereon.

On the question of adoption the following vote was had,"staley "aye" Crandell "aye".

REQUEST Eber N.DillonmCo.Auditor.

Richwood,Ohio,April 25,1927.

In the matter of the Marriott Ditch No.1206 in Claibourn and Jackson Townships I herewith request to have the tile repaired on the Fox lateral above the open ditch,where necessary,also we ask for a new line of tile from the junction of the 2 line of 18 inch tile to the outlet of present tile.

Gomer Pritchard.

REMONSTRANCE

We the undersign owners of lands affected by the Proposed improvement of Marriott Ditch No.1206 located in Jackson Township,Union County,Ohio,respectfully request this Board of County Commissioners to discontinue all of the part of said improvement that is proposed to be done on Lateral No.2 and 3,viz;-

The cleaning out of open ditch and grubbing from the outlet of 18 inch tile on the lands of M.L.Fox to the outlet of said open ditch into the Marriott Ditch approximately 60 rods west of Big Swale Ditch and the purchasing and laying of 18 inches in size from the junction of the fifteen and eighteen inch tile on the lands of Gomer Pritchard to the mouth of the 18 inch tile on the lands of M.L.Fox.

We further recommend that said ditch ever hereafter on maps and in all legal notices or petitions or proposed improvements be known and designated as Wiley Ditch,as heretofore known and designated to avoid confusion and misunderstandings as to the nature and extent of any future proposed improvements as between the ditches known as Marriott Ditch which is the outlet of this said Wiley Ditch and this said Wiley Ditch as formerly known. We suggest the abandonment of this said part of the proposed improvement for the following reasons to-wit;

1. There is an adequate and sufficient outlet for all normal conditions and for the tile now in place.
2. The cost of said suggested method of improvement and tiling is prohibitive.
3. The proposed improvement is unnecessary.
4. The costs of said method of improvement is greater than the benefits conferred.
5. Said improvement will not be conducive to the public welfare.

IN THE MATTER OF THE MARRIOTT DITCH NO.1206.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 25,1927.
Commissioners Journal Vol.20.Page 430.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with Messrs.Crandell,Cashell and Staley,Commissioners present for the first hearing in the matter of the Merriott Ditch No.1206.located in Jackson and Claibourne Townships,Union County Ohio.

After having viewed the said improvement on the 21st,day of April 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Crandell moved that said improvement be granted,and also all laterals and extensions as requested.

And that Alvi Graham,County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided in Section 6454 G.C. and file his report with this board on or before day of 1927

Mr.Crandell seconded the motion and upon a call of the roll the following vote was had, Cashell "aye" Crandell "aye" Staley "ave".

SPECIFICATIONS TILE DITCH.

Said Ditch and Branches Lateral No.2 shall be constructed along the line as located by the stakes, and the center shall follow the channel thereof,and straight,except at the angles which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile,and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle in the line of the tile;and in all places it must be covered to the depth of at least 18 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

Lateral No.2. from Station 0 to Station 30,18 inch tile,to be of select seconds

At the outlet of each line of tile,The Contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

SPECIFICATIONS OF TILE DITCH CONTINUED.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Enginner shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes, and the center shall conform to the Original thereof and straight,except at the angles, which shall be made in easy,rounding curves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 15 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind mu must be removed from the ditch,even if they do not come within the bounds herein specified and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured fro the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least lo feet from the bank slope and deposited in the old channel and law places along the line of the ditch when the same lie within 10 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right of way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared away from the ditch banks to distance of 35 feet therefrom.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

All bushes etc,less than 4 inches in diameter at the top shall be grubbed and all timber etc, shall be cut off even with surface of the ground to distance of lo feet from the bank slope unless ordered by Engineer.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not progressing properly.

The Engineer's directions and decisions on all matters pertainimg to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Apportionment of estimated cost.

To the Commissioners of Union County: Marysville,Ohio.

I,the undersign,County Surveyor,in obedience to your order of 1927,do hereby return a schedule made of all lots and public or corporate roads or railroads that will benefitted with an apportionement of the location and construction of the improvement in money according to benefits which will result to each

County Surveyor

OBJECTIONS TO ASSESSMENTS.

Richwood,Ohio.8/2/27

Auditor of Union County,
Marysville,Ohio.

Dear Sir,I wish to file an objection to the assessment on the Marriott Ditch No. 1206 as the benefit does not justify the taxation of $100.00.I can take a team and one man and in one day make an outlet as good as I would otherwise have and need.

Respectfully,
Geo.S.Cowgill.

County Auditor, Sept,24.1927.

To whom it may concern,I wish to file a protest against my assessment of $182.00 on the proposed Marriott Ditch No.1206.This ditch practically usrless and a damage to me.It simply furnishes a dumpimg place for the water above,one branch runs entirely through the woods.I have a tile running full length of ditch from the land of Elmer Cowgill to Swale. said tile not averaging more than twenty rods from proposed ditch.Also have a tile on the south of said ditch running to Swale which drains most of the land on that side the remaining part is in easy access to swale.I dot consider that this ditch No.1206 drains an acre of my land never has and never will as it is totally unnecessary as a damage system.

Rush B.Cheney.

IN THE MATTER OF THE
MARRIOTT DITCH NO.1206.
FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.3,1927.
Commissioners Journal Vol.20.Page 546.

The Board of County Commissioners met this day in special session with Mesrrs.Cashell, Crandell and Staley present for the final hearing in the matter of the Marriott Ditch No.1206 located in Claibourne and Jackson Townships,Union County,Ohio.,and after finding that all parties had been notified that are benefitted or affected by said improvement,and that it would be conducive to the welfare and convenience of the general public,Mr.Staley moved that we ammend the report of the Engineer by omitting the tile on Lateral No.2 and confirm as amended.

And that the County Auditor be directed to place the several assessments on a special duplicate and certify same to the County Treasure for collwction in semi-annually installments,Mr.Crandell seconded the motion and upon roll call the following vote was had,Staley "aye" Crandell "aye" Cashell "aye".

Commissioners of Union County,Ohio.

CONTRACT FOR CONSTRUCTION OF SECTION NO.4.

Marysville,Ohio. Oct.31,1927.

TILE REPAIR:

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has sold to Fred Sidle the work of constructing Section No. 4 of said ditch for the sum of ($40.00)Forty Dollars,which work the said contractor hereby agree to complete according to the specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 31st,day of October 1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

CONTRACT OF FRED SIDLE CONTINUED.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Subcontracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Fred Sidle, Contractor.

IN THE MATTER OF THE MARRIOT DITCH NO.1206.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Aug.27,1929.
Commissioners Journal Vol.21.Page 69.

It was suggested by Alvi Graham,County Surveyor,that the Board of Commissioners give him permission to offer for sale Section No.1 of the Marriott ditch,,as there were no bidders on the said Section the first time it was offered.

It was moved by Mr.Cashell and seconded by Mr.Crandell that we authorize Alvi Graham,County Surveyor, to make another estimate of Section No.1 of the Marriott Ditch and offer same for sale.

On the question of adoption of the foregoing the vote was as follows Crandell "aye " Cashell "aye"

Auditor's Vault Box.No.502. HICKOK DITCH NO.1207. Transcribed Jan.26,1946.

IN THE MATTER OF THE HICKOK DITCH NO.1207. FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 2nd,1927.
Commissioners Journal Vol.20.Page 431.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed with him by Wm.Hickok praying for the lacation and construction of a ditch the general location of which is as follows:Beginning at the outlet of the tile of the Rosecrans Ditch on the lands of Edward Kennedy;thence following said ditch through the lands of said Edward Kennedy,Fred Romine,crossing the Grassy Run Road onto and across the lands of George Jolliff;thence northerly following near the Grassy Run Ditch,crossing the Liggitt Gravel Road and onto and across the lands of Jesse Kagay,and others to the open part of said ditch;thence with said ditch far enough to give a good and sufficient outlet.

As provided by Section 6442 G.C.we hereby fix the 24th,day of May,1927,for viewing said improvement,beginning at the upper terminus thereof at 10:00 o'clock A.M.and we also fix the 31st,day of May 1927,at the office of the County Commissioners Marysville,Ohio,at 10:00 o'clock A.M.as the time and place for the first hearing thereon.

On the question adoption of the foregoing the following vote was had,Staley "aye" Cashell "aye" Crandell "aye".

SINGLE COUNTY DITCH PETITION.

PETITION FOR LACATION AND CONSTRUCTION. Marysville,Ohio.Feb.19th,1927.

To the Honorable Board of County Commissioners,Union County;

The undersign hereby petition your honorable body for the Location and Reconstruction on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of the tile of the Rosecrans Ditch,on the lands of Edward Kennedy;thence following said ditch through and along the lands of said Edward Kennedy,Fred Romine,crossing the Grassy Run Road and onto and through the lands of George Jolliff;thence northerly and following near the Grassy Run Ditch,crossing the Liggett Gravel Road and onto and across the lands of Jesse S.Kagay and others to the open part;thence continuing with said open ditch far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;by tiling as far as the present o outlet of the tile on the said Grassy Run Ditch,thence with an open ditch far enough to secure a good and sufficient outlet for said tile.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the construction of the proposed improvement.

County Auditor

Auditor's Vault Box.No502. HICKOK DITCH NO.1207. Transcribed Jan,26,1946.

NOTICE TO LANDOWNERS

Landowners affected by
Hickok Ditch No.1207.

Auditor's Office,Union County,Ohio.
May 2,1927

has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the Rosecrans Ditch on the lands of Edward kennedy;thence following said ditch through the lands of said Edward Kennedy,Fred Romine, crossing the Grassy Run Road and onto and across the lands of George Jolliff thence northerly following near the Grassy Run Ditch crossing the Ligitt Gravel Road and onto and across the lands of Jesse Kagay and others to the open part of said ditch thence with said ditch far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 24th,day of May 1927, Commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 31st,day of May 1927,at 1o:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners.confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE
HICKOK DITCH NO.1207
FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.May 31st,1927.
Commissioners journal Vol.20 Page 442.

The Board of County Commisioners of Union County,Ohio,met this day in special session, with Messrs.Crandell,Cashell and Staley Commissioners and Eber N.Dillon Clerk of said Board present.for the first hearing in the matter of the Hickok Ditch No.1207.located in Leesburg Township.Union County.Ohio.

Having viewed said proposed improvement on the 24th.day of May 1927,said matter came on this day for further consideration and after finding that all the parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health,convenience and welfare of the public welfare,and that the cost there of would not be excessive in view of the public utility thereof,Mr.Crandell moved that said improvement be granted as follows by discontinuing the tile on the lands of J.S.Kagay and carrying the present line of 15 inch tile to the open part of said ditch, also repair the present line of 18 inch tile and place a concrete buttment at the end of the 18 inch tile and also a concrete buttment at the end of the 15 inch tile,and that Alvi Graham,County Surveyor,be directed to go upon the line of said proposed improvement an perform his duties thereon as provided by Section 6454 G.C. and file his report with this Board on or before the day of 1927.

Mr.Cashell seconded the motion and on roll call the following vote was had,Staley "aye" Crandell "ave" Cashell "ave".

Auditor's Vault Box No.296. WOLFORD DITCH NO.1208. Transcribed Jan.30,1946.

IN THE MATTER OF THE
WOLFORD DITCH NO.1208.
FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.May 3rd,1927
Commissioners Journal Vol.20.Page 432.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by Leroy Wolford praying for the location and construction of a ditch the general location of which is as follows:beginning at the outlet of a tile at the line between the lands ofCapitola Engle and Ellen R.Scott;thence following an open ditch the lands of Ellen R.Scott and C.O.Merriott,and the lands of I.N.Collins,or far enough to give a good and sufficient outlet.

As provided in Section6442 G.C.we hereby fix the 25th,day of May 1927 for viewing said proposed improvement,beginning at the upper terminus thereof at 1:00 o'clock A.M.and we also fix the first day of June 1927 at the Union County Commissioners Officem,Marysville,Ohio, at 10:00 o'clock A.M. as the time and place for the first hearing thereon.

On the question of adoption of the foregoing the following vote was had.Staley "aye" Crandell "aye" Cashell "aye".

Leroy Wolford,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS:That we Leroy Wolford,M.L.Staley and W.C.Beauchamp are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and adminsitrators.

Signed by us and dated this 4th,day of April 1927.

The condition of the above obligation is such,that,whereas.on the day of 19 the above bound filed his petition with the County Auditor of Union County, Ohio,making application to the County Commissioners,praying for the reconstruction of a single County Ditch, petitioned for by Leroy Wolford and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of a tile at the line between the lands of Capitola Engle and Ellen R.Scott;thence following an open ditch,crossing the lands of Ellen R.Scott and C. O.Merriott,and the land of I.N.Collins,or far enough to give a good and sufficient outlet.

We ask that said ditch be imoroved by cleaning out,deepening,widening,etc.

Now, if the said Leroy Wolford and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void, otherwise to remain in full force and effect in law.

The above bond is approved this
day of 19

Leroy Wolford
M.L.Staley
W.C.Beauchamp.

County Auditor

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
May 3,1927.

Landowners affected by

Wolford Ditch No.1208

Leroy Wolford has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile at the line between the lands of Capitola Engle and Ellen RlScott;thence following an open ditch,crossing the lands of Ellen R,Scott and Co,Merriott

NOTICE TO LANDOWNERS CONTINUED.

And the lands of I.N.Collins,or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 25th, day of May 1927,Commencing at the beginning thereof at 10:00 o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio, on the first day of June 1927,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

OBJECTIONS

My objections to the Wolford Ditch No.1208,First because it is woods and pasture Second it is of no benefit to me and is not worth the cost of it.

Mrs.D.M.Fogle.

1.As the land is used mostly for pasture the improvement will not recompense for cost
2.Unfair assessment for why should improvement of one acre of clay ground cost $5.00 and land that will produce double as much cost $2.80 and $3.00 per acre
3.The farmers outlook is too discourageing for expensive improvements.
4.I do not want the ditch for reasons mentioned aboce.

Ellen R.Scott.

IN THE MATTER OF THE
WOLFORD DITCH NO.1208
FIRST HEARING

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 1st,1927.
Commissioners Journal Vol.20.Page443.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messrs.Crandell,Cashell and Staley Commissioners and Eber N.Dillon present for the first hearing in the matter of the Wolford Ditch No.1208 located in Taylor Township,Union County, Ohio.

Having viewed the said improvement on the 25th,day of May 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost would not be excessive in view of the public utility thereof,MrStaley moved that said improvement be granted,instead of ending o on the lands mentioned in the petition to continue on across the road and on to the creek if necessary to give a good outlet and that Alvi Graham,County Surveyor,be directed to go upon the line of said improvement and perform his duties thereon as provided by Section6454 G.C. and file his report with this Board on or before the day of 1927.

On question of adoption of the foregoing the following vote was had, Cashell "aye" Crandell "aye" Staley "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes, and the center shall conform to the original thereof and straight,except at the angles,shich shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 15 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are t to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditchwhen the same lie within 25 feet of the bank slopes and spread,leaving the surface in good condition for farming.

At the outlet end of each cut-off in the old channel,a levee shall be made 12 inches hi higher than the adjacent embankment and not less than 3 feet wide on top.

The right way shall be 40 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved ininjured as far as possible.

All fallen timber,flood wood,etc.shall be cleared away from the ditch banks to distance of 40 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed,and to keep his section in order until finally accepted.

The Engineer reserve the right to make any changes they may desire in said work and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not progressing properly.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

WOLFORD DITCH NO.1208.
FINAL HEARING*POSTPONEMENT.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.12th,1927.
Commissioners Journal Vol.20.Page 533.

The Board of County Commissioners met this day in special session with Messrs.Cashell Crandell and Staley present for the final hearing in the matter of the Wolford Ditch No.1208 after some discussion in the matter of the assessments said hearing was postponed to 22nd,day of September 1927,for further consideration.

IN THE MATTER OF THE
WOLFORD DITCH NO.1208.
FINAL HEARING.

Auditor's Office,Union County,Ohio,
Marysville,Ohio.Sept.22,1927.
Commissioners Journal Vol.20.Page541.

Pursuant to adjournment of September 12th,The Board of County Commissioners met this day in special session with Messrs,Cashell,Crandell and Staley present for the final hearing in the matter of the Wolford Ditch No.1208,located in Taylor Township,Union County,Ohio,and after finding that all parties that are benefitted or affected by said improvement had been notified according to law,and that said improvement would be conducive to the general public,Mr. Cashell moved that we amend the Engineer's report by stopping the improvement at Station 14 and that we take up the present line of 8 inch tile and replace same to proper grade from Station 0 to Station 10 or at the line of Scott and Fogle;thence with an open ditch to Station No.14.

Also increase the assessments of Ernest and Cecil Wolford $17.00. The assessment of Capitola Engle and Frank Wolford are confirmed with the remainder of the assessments adopted.

Also that the County Auditor be directed to place the several assessments as amended on a special duplicate and certify same to the County Treasurer for collection in semianually installments,Mr.Crandell seconded the motion and on roll call the following vote was had, Cashell "aye" Crandell "aye" Staley "aye".

IN THE MATTER OF THE
SULLIVAN DITCH NO.1209.
FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.May 3rd,1927.
Commissioners Journal Vol.20.Page 432.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by John Sullivan praying for the lacation and construction of a ditch the general location of which is as follows;Beginning at the outlet of a tile on the Silver Run Ditch on the lands formerly owned by Francis J.Foreman;thence with the open part of said ditch through and along the lands of B.F.Cronley far enough to secure a good and sufficient outlet.

As provided by Section 6442 G.C.we hereby fix the 26th,day of May 1927 for viewing said proposed improvement,beginning at the upper terminus at 10:00 o'clock A.M.and we also fix the 2nd,day of June 1927,at the Office of the Commissioners,Marysville,Ohio at 10:00 o'clock A.M. as the time and place for the first hearing thereon.

On question of qdoption of the foregoing the following vote was had,Crandell "aye" Staley "aye Cashell "aye".

SINGLE COUNTY DITCH PETITION

Marysville,Ohio.Feb.14th,1927.

Petition for reconstruction,etc.

To the Honorab;e Board of County Commissioners,

Union County,Ohio.

The undersign hereby petition your honorable body for the reconstruction,etc,on the course hereinafter set forth;

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and terminus of said proposed improvement,to-wit: Commencing at the outlet of the tile of the Silver Run Ditch on the lands formerly owned by Francis J.Foreman;thence with the open part of said ditch,through and along the lands of said Foreman,and the lands of B.F.Cronley far anough to secure a good and sufficient outlet.

The following is the nature of the work petitioned for;That it be improved by cleaning out,deepening and widening,etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damaged by the construction of the proposed improvement.

Bealer Clifford H.		McIntosh Josephine

Auditor's Vault Box No.298. SULLIVAN DITCH NO.1209. Transcribed Feb.2,1946.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
May 4th.1927

Landowners affected by
Sullivan Ditch No.1209.

Has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Silver Run Ditch on the lands formerly owned by Francis J.Foreman;thence with the open part of the ditch through and along the lands of said Foreman, and the lands of B.F.Cronley far enough to secure a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 26th, day of May 1927;Commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 2nd.day of June 1927,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon
County Auditor.

IN THE MATTER OF THE
SULLIVAN DITCH NO.1209.
FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 1st,1927.
Commissioners Journal Vol.20.Page 443.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messrs.Crandell,Cashell and Staley Commissioners present of the first hearing in the matter of the Sullivan Ditch,No.1209,located in Washington Township,Union County,Ohio.

After having viewed the said improvement on the 26th,day of May 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the general public,and that the cost thereof would not be excessive in view of the public utility thereof,MrCrandell moved that said improvement be granted with the following additions to the petition,repair and tile a branch on the lands of Wm.Wellwood,Wm.Healer and J.C.Bird as requested,also all laterals and extensions as requested.

And that Alvi Graham,County Surveyor,be directed to go upon the line of said proposed improvement and perform his duties thereon as provided in Section 6454 G.C. and file his report with this Board on or before the day of 19.

Mr.Staley seconded the motion and on roll call the following vote was had,Staley "aye" Crandell "aye" Cashell "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be the original thereof and straight,wxcept at the angles,which shall be made in easy rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 15 horizontal to 1 perpindicular and must be true and smooth.All loose dirt overhanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade. All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within feet of the bank slope,and spread,leaving the surface in good condition for farming.

The right way shall be 35 feet on each side of the ditch,Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood wood,etc.,shall be cleared away from the ditch banks to a distance of 35 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

All bushes etc,less than 4 inches at the top shall be grubbed and all timber etc,over 4 inches shall be cut off even with the surface of the ground to a distance of 10 feet from the banks of the slope unless ordered by the Engineer. The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Auditor's Vault Box No.298. SULLIVAN DITCH NO.1209. Transcribed Feb.6th,1946.

SPECIFICATIONS TILE DITCH.

Said ditch and branches shall be constructed along the line as located by the stakes,and the center shall be feet to the left thereof, and straight, except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom as indicated by the stakes by the profile:and the bottom shall be true and smooth and have a regular grade.

The tile shall of full capacity and of the best quality,and shall be laid in a straight line(except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined by the Engineer or Commissioners: and after being laid they shall be fastened and left uncovered un til examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to a depth of at least 18 inches, except at the filters as hereinafter specified.

The tile shall be of the following sizes:

Main Ditch From Station 0 to Station 13 9 inch tile

Main Ditch " " 13 " " 26 10 inch "

All growing timber standing within 20 feet of the line of tile must be thoriughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor mus be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

From Station 0 to Station 6.86.tile now in place to be removed.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will made in the amount paid for the same at the rate of the pu purchase bid.

The Engineer shall have power to place laborers and materials on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters petaining to the ditch ahsll be final and conslusive,unless countermanded by a majority of the Board of County Commissioners.

APPORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County. Marysville,Ohio.

I,the undersign,County Surveyor, in obedience to your order of 192 do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will benefitted,with an apportionment of the location and construction of the improvement in money to benefits which will result to each.

Auditor's Vault Box.No.296. JONES DITCH NO.1210. Transcribed Feb.8,1946.

IN THE MATTER OF THE BELLE JONES DITCH NO.1210.FILING OF PETITION.

Auditor's Office,Uniom County Ohio.
Marysville,Ohio.May 5th,1927.
Commissioners Journal Vol.20.Page 432.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by Belle Jones praying for the location and construction of a ditch the general direction of which is as follows;Beginning at a stake in the line of a tile ditch on the land of William H.Taylor (formerly the J.D.Coe land(;thence easterly following said tile ditch on the and across the land of Belle B.Jones,and onto the lands of Carrie S.Williams and continuing to a 10 or 12 inch tile at the Miller and Richwood Gravel Road,or if necessary continue to Fulton Creek.

As provided by Section 6442 G.C.we hereby fix the 27th,day of May 1927,for viewing said proposed improvement,beginning at the upper terminus thereof at 10:00 o'clock A.M.and we also fix the 3rd,day of June 1927 at the office of the County Commissioners,at Marysville,Ohio,at 10:00 o'clock A.M.as the time and place for the first hearing thereon.

On question of adoption of the foregoing the following vote was had,Cashell "aye Crandell "aye" Cashell "aye".

SINGLE COUNTY DITCH PETITION.

Marysville,Ohio.March 28,1927.

Petition for reconstruction,etc,.

To the Honorable Board of County Commissioners,Union County,Ohio:

The undersign hereby petition your honorable body for the reconstruction,etc.of a County Ditch on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare. The following is the course and termini of said proposed improvement,tO-wit; Commencing at a stake in the line of a tile on the lands ofWilliam H.Taylor (formerly the J.D. Coe land);thence easterly following said tile across the lands of Belle Jones and onto the lands of Carrie S.Williams and continuing to 10 or 12 inch tile at the Richwood and Miller Gravel Road, or if necessary to continue to Fulton Creek.

The following is the nature of the work petitioned for;taking up said tile and replacing same with tile of sufficient capacity to properly drain the lands drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefit4ed or damaged by the construction of the proposed improvement.

Jones Belle B.	Richwood.	Williams Carrie S.	Richwood,
Mosier C.E.	"	Union County.	
Taylor Wm.H.	"		

Service of Notice of Filing the Petition shall be obtained by mailing notices.

Belle B.Jones,
Petitioner.

BOND OF PETIONER

KNOW ALL MEN BY THESE PRESENTS:That we Belle B.Jones,J.A.Elliott and A.M.Kagay are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves, our heirs,executors and administrators.

Signed by us and dated this 28th,day of March 1927.

The condition of the above obligation is such that,whereas.on the day of 19 The above bound Belle B.Jones filed her petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction etc.petitioned for by Belle B.Jones and others;the following is the course and termini of said proposed improvement,towit;Commencing at a stake in the line of a tile ditch on the lands of William H.Taylor(formerly the J.D.Coe land);thence easterly following said tile across the lands of Belle B.Jones,and onto the lands of Carrie S.Williams and continuing to 10 or 12 inch tile at the Richwood and Miller Gravel Road,or if necessary continue to Fulton Creek. We ask that this ditch be improved by taking up said tile and replacing same with tile of sufficient capacity to properlu drain the lands drained therein.

Now,if the said Belle B.Jones and others will pay all costs,if the prayer of the petition is not granted or if said petion for any cause is dismissed,then this obligation to be void,otherwise to remain in fill force and effect and virtue in law.

The Above Bond is approved this day of 19

Belle B.Jones
J.A.Elliott
A.M.Kagay.

County Auditor.

NOTICETO LANDOWNERS

Auditor's Office Union County,Ohio.
May. 5,1927

Landowners affected by

Belle Jones Ditch No.1210,has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the stake in the line of a tile ditch on the lands of William Taylor (formerly the lands of J.D.Coe);thence easterly following said tile across the lands of Belle Jones and onto the lands of Carrie S.Williams and continuing to 10 inch or 12 inch tile at the Richwood and Miller Gravel Road,or if necessary to continue to Fulton Creek.

The County Commissioners will view this proposed improvement on the 27th,day of May 1927,Commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing will be held at the County Commissioners office marysville,Ohio,on the 3rd,day of June 1927 at 10:00 o'clock A.M.

REQUESTS

To the Board of County Commissioners;
Union County,Ohio.

We the undersigned,property owners request further lqterqls for outlets for the farm of Belle Jones,situated in the Township of York,in the county of Union,and in the State of Ohio.S Said laterals to be granted under the proposed improvement,Ditch No.1210 on the lands of William Taylor,Belle Jones,and Carrie Williams.

Carrie S.Williams.
Geo.O.Williams.

IN THE MATTER OF THE BELLE JONES DITCH NO.1210-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 3rd,1927.
Commissioners Journal Vol.20.Page 444.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messrs.Crandell,Cashell and Staley Commissioners present for the first hearing in the matter of the Belle Jones Ditch No.1210 located in York Township,Union County,Ohio,

After having viewed said proposed improvement on the 27th, day of May 1927,said matter came on this day for further consideration and after finding that all parties affected by the said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the costs thereof would not be excessive in view of the public utility thereof,Mr.Crandell moved that said improvement be granted,as petitioned for and also all laterals requested and that Alvi Graham,County Surveyor, be directed to go upon the line of said proposed improvement and perform his duties thereon as directed by Section 6454 G.C. and file his report on or before the day of 192

Mr.Crandell seconded the motion and on roll call the following vote was had,Staley "aye" Crandell "aye Cashell "aye".

SPECIFICATIONS TILE DITCH

Said ditch and Branches No's.1-2-1 on 2 and 3 shall be constructed along the line as located by the stakes,and the center shall follow old tile line thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line (except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints,Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to a depth of at least 18 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

Main Ditch	From	Station	0	to	Station	7-700'	6	inch tile
	"	"	11	"	"	11-400'	8	" "

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
May 6,1927.

Landowners affected by

Miller Ditch No.1211. has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile at the line between the lands of Ray A Brake and Dennis A-F.C.Mitchell;thence following the watercourse easterly across the lands of said Mitchell and Frank and Frank P.& Ella Miller to Buck Run.The County Commissioners will view this proposed improvement on the 28th,day of May 1927:commencing at the beginning thereof at 10:00 o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners, Marysville,Ohio,on the 4th,day of June 1927,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

OBJECTIONS.

Milford Center,Ohio.
9/7/27.

Mr.Eber N.Dillon,
Auditor of Union County

Dear Sir;

On proposed Miller Ditch No.1211,I am filing an objection. First I am taxed with 22 acres to Miller Ditch and had to pay for 14 acres in Fullington Ditch in all 36 acres of which I only own 31 acres 130 poles,next if tiled through Mitchell woods timber should be cleared for 20 feet each side of tile so as to keep roots from stopping the tile up and making extra expense.as to my outlet it is an encumberance on Mitchell's woods formerly owned by Joseph Davis and given to me by him before his death.I dont object t an open ditch,If my acres were adjusted correct but as to a tile said timber should be cleared and stumps out at least 3 years before tiling.Please give this your prompt attention.

Yours truly
Ray A.Brake.

IN THE MATTER OF THE MILLER DITCH NO1211-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 4th,1927.
Commissioners Journal Vol.20.Page 444.

The Board of County Commissioners of Union County,Ohio,met this day in special session with Messrs.Crandell,Cashell and Staley present for the first hearing in the matter of the Miller Ditch No.1211,located in Union Township,Union County,Ohio.

Having viewed said improvement on the 28th,day of May 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Crandell moved that said improvement be granted with the following change to be made by changing the tile to a open ditch,and that Alvi Graham, County Surveyor,be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C.and file his completed report with this Board on or before the day of 1927.

Mr.Cashell seconded the motion and on roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

SPECIFICATIONS.

TILE DITCH.

Said ditch and branches shall be constructed along the line as located by the stakes, and the trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line (except at the angles) and in the bottom of the trench in a workmanlike manner so as to make good joints;Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to depth of 18 inches,except at the filters as hereinafter specified. At 18.12 inlets shall be constructed a as follows;2 ft.x 2 ft. Concrete box.

SPECIFICATIONS CONTINUED.

The tile shall be of the following sizes;
Main Ditch from Station 0.00 to Station 18.00 8 inch tile.
" " 18.00 " " 29.26 12 inch tile.

At the outlet of each line of tile an iron pipe of the same lineal dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow of the water.

All growing timber standing within 20 feet of the line of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to leep his Section in order until finally completed and accepted.

Bulkhead;
Station 18.50 -20 feet long,4.5 ft.high,1.5 ft. wide in the bottom and 1 ft. wide on top.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not progressing properly.

The Engineer's directions and decisions on all matters pertaining to the ditch shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham
County Surveyor.

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be to the original thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch, even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 25 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

At the outlet of each cut-off in the old channel.a levee shall be made 12 inches higher than the adjacent embankment and not less than 3 feet wide. on top.

The right of way shall be 40 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc.,shall be cleared away from the ditch banks to a distance of 10 feet there from.

The contractor will be required to remove all dirt washed from his Section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at any time at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,
County Surveyor.

IN THE MATTER OF THE MILLER DITCH NO.1211-FINAL HEARING

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.20,1927
Commissioners Journal Vol.20.Page 539.

The Board of County Commissioners met this day in special session with Messrs.Cashell, Crandell and Staley present for the final hearing in the matter of the Miller Ditch No.1211 located in Union Township,Union County,Ohio,and after finding that all parties benefited or affected by szid improvement had been notified according to law,and that the construction of said improvement would be conducive to the health,convenience and welfare of the general public,MrCrandell moved that we adopt the Engineer's report on open ditch and confirm assessments as amended and that the County Auditor be directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in semiannually installments.

Mr.Staley seconded the motion and on roll call the following vote was had,Cashell "aye Crandell "aye" Staley "aye".

CONTRACT FOR CONSTRUCTION

Marysville,Ohio.Oct.22,1927.

Section No.1 From Station No.19 to Station No.29.26-62.2 rods,

Portion of the ditch Excavating Open Ditch.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement that after legal notice of sale,he has this day sold to F.P/Miller contractor the work for constructing Section No.1 of said ditch for the sum of (4142.80)One Hundred forty-two and80/100 Dollars, which work the said contractor agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of January 1928.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and resold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer; Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

F.P.Miller

Alvi Graham,
Engineer

George Hill
Jacob McIntire, Contractor

Auditor's Vault Box.No.296. MILLER DITCH NO.1211. Transcribed Feb.21.1946.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That F.P.Miller as principal and George Hill and Jacob McIntire as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sumcof ($143.00)One Hundred forty-three Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 22nd,day of October 1927.

The condition of this obligation is such,that whereas the above bound F.P.Miller has this day bid off the work of constructing Section No.1of the Miller Ditch No.1211 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract,and complete t the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this Section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.P.Miller,

This Contract and Bond are hereby approved this 14th,day of November,1927.

T.B.Cashell,
G.W.Cramdell,
Commissioners of Union County,Ohio.

IN THE MATTER OF THE LEMASTERS DITCH NO.1212-FILING OF PETITION.

Auditor's Office Union County,Ohio.
Marysville,Ohio.May 9th,1927.
Commissioners Journal Vol.20.Page 434.

The County Auditor delivered to the Board of County Commissioners this day a copy of a ditch petition filed by Oro O.LeMasters praying for the location and construction of a ditch the general location which is as follows;Commencing at the line between the lands of Ora LeMaster and E.C.Shireman and in the line of an open ditch;thence following the line of said ditch through and along the lands of said LeMaster,the Hamilton Gravel Road,the lands of E.G. Petty,W.H.Sidle to the Big Swale.

As provided by Section 6442 G.C.we hereby fix the 7th,day of June 1927,for the viewing of the said proposed improvement,beginning at the upper terminus thereof at 10:00 o'clock A.M. and we also fix the 13th,day of June at the Commissioners office Marysville,Ohio,at 10:00 o'clock A.M.1927,as the time and place for the first hearing thereon.

On question of adoption the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

PETITION.

Marysville,Ohio.May.6th,1927.

Petition for Reconstruction,deepening,straightening,widening,etc,.of a County Ditch.

To the Honorable Board of Commissioners of Union County,Ohio;

The undersign hereby petition your honorable body for the Ceconstruction,deepening, straightening,widening,etc.on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit; Commencing at the line between the lands of Ora LeMaster and E.C.Shireman and in the line of an open ditch;Thence following the line of said ditch through and along the lands of said LeMaster,the Hamilton Gravel Road,the lands of E.G.Petty,W.H .Sidle to the Big Swale.

The following is the nature of the work petitioned for; Deepening,straightening, widening etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Osa D.LeMasters,
Petitioner.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we Osa LeMasters,Fred Kile are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 9th,day of May 1927.

The condition of the above obligation is such,that,whereas,on the 9th,day of May 1927,the al above Osa LeMasters filed her petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the Reconstruction deepening,straightening widening etc.of a County Ditch petitioned for by Osa LeMasters and others;the following is the course and terminu of said proposed improvement,to-wit;Commencing at the line between the lands of Osa LeMasters and E.C.Shireman and in the line of an open ditch through and along the lands of said LeMasters,The Hamilton Gravel Road,the lands of E.G.Petty,W.H.Sidle to the Big Swale. Ditch.

Now,if the said Osa LeMasters will pay all costs,if the prayer of the petition is not granted or if said petition for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

The above bond is approved this day of 192

County Auditor.

Osa.D.Lemasters,
Fred Kile
Geo.Schlegel,Jr.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
May 9th,1927.

Landowners affected by
LeMaster Ditch No.1212.

Osa D.Lemasters has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the line between the lands of Osa Lemasters and E.C.Shireman and in the line of an open ditch;thence following the line of said ditch through and along the lands of said Lemasters,the Hamilton Gravel Road and the lands of E.G.Petty,W.H.Sidle to the Big Swale Ditch.

The County Commissioners will view the proposed improvement on the 7th,day of June 1927; Commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 13th,day of June 1927,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfilly,

Eber N.Dillon,
County Auditor.

REQUESTS FOR LATERALS

To the Board of County Commissioners,and
The County Surveyor,of Union County,Ohio.

Marysville,Ohio.July 9,1928.
Commissioners Journal Vol.21
Page 41.

The undersign being the owner of lands through which LeMaster Ditch No.1212 passes, and against which said lands assessment has been levied for the construction of said ditch hereby certifies that he requested said County Surveyor for the construction of Section 2 of said ditch be 6 inches deeper than required by the plans and specifications therefor for that portion thereof extending from the south line of said lands of the undersigned to the south line of the wood lot on said lands,and that a new channel be cut at a certain point where indicated to said Surveyor for the elimination of a sharp turn in the line of said ditch;that for this extra work the undersigned agreed to pay the additional sum of $105.00,said additional sum to be paid to said contractor and to be added to the amount of the assessment against said lands on account of said ditch construction.The undersigned hereby confirms said agreement and authorizes the proper officials of Union County,Ohio,to carry out the provisions thereof.

Dated this 27th,day of June 1928

Eugene C.Shireman,
By-George E.Meyers.

Title is held by Mr.Shireman.

Richwood,Ohio.June 7th,1927

To the Board of Commissioners,
Union County,Ohio.

Gentlemen;

We the undersigned ask your Honorable Board to extend the improvement of the County Ditch petitioned for by O.D.Lemasters,called the Lemasters Ditch No.1212,up to the beginning of the open ditch on the lands of David Fish in Claibourne Township.

David Fish.
Cecil Rush.

Marysville,Ohio.June 13,1927.

To the Board of Commissioners,
Of Union County,Ohio.

I hereby ask for a lateral beginning south of the timberland of D.F.Fish then westerly about 45 rods,15 rods to be open work and 30 rods to be tile.

Respectfilly,
D.F.Fish.

IN THE MATTER OF THE LEMASTER DITCH NO.1212.-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 13th,1927.
Commissioners Journal Vol.20.Page 446.

The Board of CountyCommissioners met this day in special session with Messrs.Staley, Cashell and Crandell Commissioners present for the first hearing in the matter of the LeMaster Ditch located in Jackson Township,Union County,Ohio.

Having viewed the proposed improvement on the 7th,day of June 1927,said matter came on this day for further consideration,and finding that all parties affected by said improvement had been notified according to law,and that it would be conducive to the health,convenience and the welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr Crandell moved that the improvement be granted with the following described lateral,beginning on the south of the timber land of D.F.Fish thence westerly about 45 rod 45 rods,15 rods to be open work and 30 rods to be tile,and that Alvi Graham,County Surveyor be directed to go upon the line of said proposed improvement and perform his duties thereon as provided by Section 6454 G.C. and file his completed report with this Board on or before the June 1927.

Mr.Crandell seconded the motion and on roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes, and the center shall conform to the original thereof and straight,except at the angles,shich shall be made in easy,rounding curves.

The trench shall be 2 & 4 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared awayfrom the ditch banks to a distance of 10 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and corresponding change will be made in the amount paid for the same at the rate of th the purchase bid.

Repair tile ditch at 103

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matter pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

SPECIFICATIONS OF TILE DITCH

Said ditch and branches shall be constructed along the line as located by the stakes,and the center shall conform to the ditch thereof,and straight,except at the angles,shich shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line(except at the angles(.and in the bottom of the trench in a workmanlikemanner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer of Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to a depth of at least 18 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;
Lateral Nol.From Station 0 to Station 5-46 8 inch tile.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

BULKHEAD*-A bulkhead to be constructed at Station 5-46 on Lateral No.1-15 feet long 4 feet high 1.5 feet wide at the bottom 1 foot wide at the top,The bottom of the bulkhead to be 1 foot below the bottom of tile.Concrete to be of the following proportions,1 sack of cement 25 cu.ft of sand 4 cu.ft of stone or gravel.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for same at the rate of the purchase bid.

Auditor's Vault Box.No.296. LEMASTER DITCH NO.1212. Transcribed Feb.24,1946.

SPECIFICATIONS OF TILE DITCH CONTINUED.

The Engineer shall have power to place laborers along the line of the ditch whenever the work is not properlyprogressing at the expxnse of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive on all matters pertaining to the ditch,unless countermanded by a majority of the County Commissioners.

APPORTIONMENT OF ESTIMATED COST

To the Commissioners of Union County; Marysville,Ohio.

I,the undersign,County Surveyor,in obedience to your order of 1927,do hereby return a schedule made of all lots and lands and public or corporate roads or railroads that will be benefited with an apportionment of the location of the improvement in money according to benefits which will result.

County Surveyor

OBJECTIONS TO ASSESSMENTS.

Board of County Commissioners
Union County,Ohio.

Gentlemen;

I hereby object to my assessment on the proposed LeMasters Ditch for the rea reason that the drainage from lands is taken care of by other water courses and this ditch would of no benefit to me.

Respectfully,
Amanda McMillen.

IN THE MATTER OF THE LEMASTER DITCH NO.1212-Final Hearing

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.10,1927.
Commissioners Journal Vol.20.Page 548.

The Board of County Commissioners met this day in special session with Messrs.Cashcell, Crandell and Staley Commissioners and Eber N.Dillon clerk of said board present for the final hearing in the matter of the Lemaster Ditch No.1212,located in Claibourne and Jackson townships. Union County,Ohio,and after finding that all parties affected or benefited by the proposed improvement had been notified according to law,and that it would be conducive to the health, convenience and welfare of the general public,Mr Staley moved that the Engineer's report be amend by reducing the assessments of the following;

David Fish 120 acre tract from $234.00 to 90.00

Alex Hatcher 63 acre tract from 86.00 to 77.00
C.C.& Ida L.Fish 150 acre tract from 150.00 to 125.27
Union Central Life Ins.Co.362 acre tract 416.00 to 362.00
Benj.F.Snowden 49.25 acre tract 140.00 to 80.00
Same 48.75 acre tract from 140.00 to 80.00
A.L.& Anna Ransom 51.75 acre tract from 60.00 to 50.00
Wm.Sidle 126 acre tract from 100.00 to 75.00
Martha Sidle 97 acre tract from 44.50 to. 29.00
Andrew McMillen 54 acre tract from 13.00 to 7.00

And increase the assessments of David Fish on a 12 acre tract from 18.00 to $58.25.and increase the estimated cost fron Station 0 to Station 74 $388.31.by changing the grade and changing the width of the bottom of the ditch too 1 foot wide,and confirm same as amended, and that the County Auditor be directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in semiannually installments, Mr.Crandell seconded the motion and on roll call the following vote was had,Cashell "aye" Crandell "aye",Staley "aye".

Section No.3.From Station 0.00 to Station 74-448.5 rods
Portion of the ditch-Old Ditch-excavating,grubbing,etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement that after legal notice of sale,he has this day sold to Oliver Cowgill contractor the work of constructing of Section No.3 of said ditch for the sum of ($615.84) Six Hundred fifteen Dollars, which the work the said contractor agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of October 1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no SubOcontracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Oliver Cowgill, Contractor.

Auditor's Vault Box No.296. LEMASTER DITCH NO.1212 Transcribed Feb.27,1946.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS: Marysville,Ohio,Oct.31st,1927

That Oliver Cowgill as principal and Ira E.Cowgill and Sherman Cowgill as sureties.are held and bound unto the State of Ohio.for the use of Union County Ohio,in the penal sum of (4620.00)Dollars for the payment of which we jointly and severally bind ourselves by these presents this 29th,day of October,1927.

The condition of this obligation is such,that whereas the above bound Oliver Cowgill has this day bid off the work of constructing Section No.3 of Lemaster Ditch No.1212,and has entered into the above contract.subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract. and complete the work within the time fixed therein.and pay all damages which may occur by reason of a failure to complete the work as agreed upon in said contract.and pay for all labor and material and pay for all debts incurred for this Section,then this obligation shall be void otherwise to be in full force and effect in law.

Oliver Cowgill.
Ira E.Cowgill
Sherman Cowgill.

L.J.Temple.

This Bond is approved this day of 19

Auditor

NOTICE TO LANDOWNERS

Auditor's Office,5/19/27

Landowners affected by

Jones Ditch No.1213.

M.P.Jones has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Brush Run Ditch on the lands of J.W.Albert; thence following the open part of the said Brush Run Ditch across the public road and onto and across the lands of and onto and across the lands of Christopher Smaltz,and onto and across the lands of Wm.Lawrence far enough far enough for a good and sufficient outlet.

The Commissioners will view this proposed improvement on the 8th,day of June 1927: commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio. on the 14th,day of June 1927, at 1:00 o'clock A.M.

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE JONES DITCH NO.1213.-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 14,1927.
Commissioner Journal Vol.20.Page 447.

The Board of County Commissioners met this day in special session with Messrs.Crandell Staley and Cashell Commissioners present for the first hearing in the matter of the Jones Ditch No.1213,located in Washington Township,Union County,Ohio.

Having viewed the proposed improvement on the 8th,day of June 1927,said matter came on this day for further consideration,and after finding that all parties affected by said improvment had been notified according to law,and that said improvement would be conducive to the health,convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Crandell moved that the said improvement be granted as asked for,together with the repairing of tile and wall at the outlet of tile,and that Alvi Graham, County Surveyor,be directed to go upon the line of said proposed improvement and perform his duties thereon as provided in Section 6454 G.C.and file his completed report with this board on or before the day of June 1927.

Mr.Crandell seconded the motion and on roll call the following vote was had,Staley "aye" Cashell "aye" Crandell "aye".

SPECIFICATIONS OPEN DITCH.

Said dithc shall be constructed along the line as located by the stakes,and the center shall conform to the original thereof and straight,except at the angles,which shall be made in,easy rounding curves.

The banks shall have a slope of 1.5 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specifies,and no branches or off-sets are to be left in the sides of the ditch.The trench shall be 2 feet wide in the bottom and excavated to the depth at each stake as shown by the profile.The bottom must be true and smmoth and have a regular grade.All depths are to be measured from the plug stakes at the food of the numbered stakes.

SPECIFICATIONS CONTINUED.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes and spread,leaving the surface in good condition for farming.

The right way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared away from the ditch banks to distance of 35 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

All bushes etc,less than 4 inches at the top shall be grubbed and all timber etc,4 inches or over shall be cut off even with the surface of the ground to distance of 10 feet from the bank slope unless ordered by the Engineer.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's decisions and directions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Bulkhead-A bulkhead shall be constructed at Station 3.90-20 feet long-5 feet high 18 inches wide at the bottom-12 inches wide at the top.Concrete to be of the following proportions-one sack of cement-2.5 cu ft of sand-4 cu.ft of sand or gravel.

Under the direction of the Engineer repair broken tile between Station 0 and 3. Also take up,clean and replace 150 feet of tile between Station 2.50 and 4.

The Joint Board of Commissioners of Union and Champaign Counties of Ohio met this day in special session, with Messrs.Crandell,Cashell and Staley Union County Commissioners of Union County,Ohio,and Long,Evilsizer and Bowan Commissioners of Champaign County,Ohio,present for the first hearing in the matter of the Stillings Ditch No.1214 in Union Township,Union County. Ohio.

Having wiewed the proposed improvement on the 28th,day of June 1927,said matter came on this day for further consideration after finding that all parties affected by said improvement had beeb notified according to law, and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost would not be excessive in view of the public utilith thereof,Mr.Evilxizer moved that said improvement be granted as the prtition ask for,and that Alvi Graham be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C.and file his completed report with this Board on or before the 24th,day of August 1927.

Mr.Cashell was appointed Chairman of the Joint Board of Commissioners.

Mr.Staley seconded the motion and on roll call the following vote was had,Long "aye" Bowen "aye" Evilsizer "aye" Cashell "aye" Crandell "aye" Staley "aye".

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be to the original thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches of off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 30 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

At the outlet end of each cut-off in the old channel,a levee shall be made 12 inches higher than the adjacent embankment and not less than 3 feet wide on top.

The right way shall be 40 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared from the ditch banks to distance of 10 feet therefrom.

The contractor will be required to remove all ditt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,except when countermanded by a majority of the Board of Commissioners.

Alvi Graham,
Engineer.

Auditor's Vault Box No.298. STILLINGS JOINT DITCH NO.1214. Transcribed March 7th,1946.

APPORTIONMENT OF ESTIMATED COST.

To the Commissioners of Union County: Marysville,Ohio,August 1,1927.

I the undersign,County Surveyor,in obedience to your order Of 192 do hereby return a schedule of all lots and lands and public or corporate roads or railroads that will be benefited,with an apportionment of the location and construction of the improvement in money according to the benefits which will result to each.

Alvi Graham,
County Surveyor.

IN THE MATTER OF THE LEO.RAUSCH DITCH NO.1215.FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 5th,1927.
Commissioners Journal Vol.20.Page 453.

The County auditor delivered to the Board of County Commissioners tbis day a ditch petition filed by C.L.Koerner praying for the location and construction of a ditch located in Jerome Township,Union County,Ohio,the general location is as follows;Commencing at the line between the lands of John Moder and Leo P.Rausch and in the line of the Rausch Ditch No.110; thence following said Rausch Ditch through and along the lands of Leo P.Rausch,crossing the Crottinger Stone Road onto the lands of Philip Kasper,Ollie Page crossing the Marysville and Columbus State Road and the lands of C.L.Koerner,Homer Dodge,crossing said Marysville and Columbus State Road and the lands of Agnes G.Dodge,Richard Stewart and others to the Sugar Run Ditch or far enough to secure a good and sufficient outlet.

The following is the nature of the work petitioned for;Reconstruction,deepening,s straightening,widening,etc.

As provided by Section 6442 G.C.we hereby fix the 28th,day of July 1927 for the viewing of said proposed improvement,beginning at the upper terminus thereof,at 10:00 o'clock A.M.and we hereby fix the 6th,day of August 1927 for the first hearing on the ditch at the Office of the County Commissioners,Marysville,Ohio.

On the question of adoption of the foregoing the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

PETITION

Marysville,Ohio.June 25th,1927.

Petition for reconstruction,deepening,straightening,widening,etc,;

To the Honorable Board of County Commissioners,Union County,Ohio:

The undersign hereby petition your honorable body for the reconstruction,deepening, straightening,widening,etc. on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit: Commencing at the line between the lands of John Moder and Leo P.Rausch and in the line of the Rausch Ditch No.110:thence following said Rausch Ditch through and along the lands of Leo.P Rausch,crossing the Crottinger Stone Road and onto the lands of Philip Kasper,Ollie Page, crossing the Marysville and Columbus State Road and the lands of C.L.Koerner,Homer Dodge,crossing said Marysville and Columbus Road and the lands of Agnes G.Dodge and others to the Sugar Run Ditch or far enough to secure a good and sufficient outlet.

The following is the nature of the work petitioned for:Reconstruction,deepening, straightening,widening etc.

Names and addresses,where known,of all land owners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement:

C.L.Koerner,
Petitioner.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we C.L.Koerner mJohn and others are held and firmly bound unto the State of Ohio,in the sum of Three hundred Dollars, to the payment of which sum well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 25th,day of June 1927.

The condition of the above obligation is such,that,whereas, on the 25th,day of June 1927, the above bound C.L.Koerner,John Mader and others filed his petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction, deepening,straightening,widening etc, of a County Ditch petitioned for by C.L.Koerner and others;

The following is the course and termini of said proposed improvement,tO-wit;Commencing at the line between the lands of John Mader and Leo.P.Rausch and in the line of the Rausch Ditch No.110;thence with said Rausch Ditch through and along the lands of Leo.P.Rausch,crossing the Crottinger Stone Road and onto the lands of Phipip Kasper,Ollie Page crossing the Marysville and Columbus State Road and the lands of C.L.Koerner,Homer Dodge,crossing said Marysville and Columbus State Road and the lands of Agnes G.Dodge,Richard Stewart and others to the Sugar Run Ditch or far enough to secure a good and sufficient outlet.

Now,if the said C.L.Koerner will pay all costs,if the prayer of the petition is not granted or if said petition for any cause dismissed,then this obligation to be void;otherwise to remain full force and virtue in law.

C.L.Koerner
John L.Mader.
J.M.Lentz

This Bond is approved this
day of 192

County Auditor.

NOTICE TO LANDOWNERS

Auditor's Office Union County,Ohio.
7/6/27.

Landowners affected by
Koerner Ditch No.1215.

C.L.Koerner has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the line between the lands of John Mader and Leo.P.Rausch and in the line of the Rausch Ditch No.110;thence with said Rausch Ditch through and along the lands of Leo.P.Rausch,crossing the Crottinger Stone Road and onto the lands of Philip Kasper,Ollie Page crossing the Marysville and Columbus State Road and the lands of C.L.Koerner,Homer Dodge crossing said Marysville and Columbus State Road and the lands of Agnes G.Dodge,Richard Stewart and others to Sugar Run Ditch or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 28th,day of July 1927;commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 6th,day of August 1927,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,

Eber N.Dillon,
Co.Auditor.

IN THE MATTER OF THE LEO.P.RAUSCH DITCH NO.1215-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,OhiomAugust 6,1927.
Commissioners Journal Vo.20.Page 517.

The Board of County Commissioners met this day in special session with Messrs.Cashell, Crandell and Staley present for the first hearing in the matter of the of the Koerner ditch No. 1215 located in Jerome Township,Union County,Ohio.

After having made actual view of said improvement on the 28th,day of July 1927 ,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr Crandell moved that said improvement be granted,and also the laterals and extensions as requested.

And that Alvi Graham,County Surveyor be directed to go upon the line of said improvement and perform his duties thereon as provided by Section 6454 G.C.and file his report with this Board on or before day of 192

Mr.Staley seconded the motion and on roll call the following vote was had,Crandell "aye" Staley "aye" Cashell "aye".

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be to the Original thereof and straight,except at the angles,which shall be made in easy, rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris or every kind must be removed from the ditch,even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 and 3 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.

All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope.

The right way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as faf as possible.

All fallen timber,flood-wood,etc,shall be cleared from the ditch banks to a distance of 35 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted, and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

All trees and brush within lo feet of either bank of the ditch 4 inches or under in diameter shall be grubbed out.

All trees and brush over 4 inches in diameter shall be cut off at the surface of the ground within 10 feet of either bank of the ditch.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions ahall be final in all matters pertaining to the ditch unles countermanded by a majority of the Board of Commissioners.

APPORTIONMENT OF ESTIMATED COST.

Marysville,Ohio.August 15,1927.

To the Commissioners of Union County;

I the undersign Alvi Graham County Surveyor,in obedience to your order of August 6, 1927,do hereby return a schedule of all lots and public or corporate roads or railroads that will be benefited,with an apportionment of the location and construction of the improvement in money according to benefits which will result to each.

Alvi Graham,
County Surveyor.

OBJECTION TO ASSESSMENT

Mr.Dillon, Marysville,Ohio.Sept.21,1927.
County Auditor.

Dear Sir;
About Rausch's Ditch,you got me assessed $94.00.This seems unreasonable where other people have more land drained in this ditch than I have and dont have to pay as much.When this same ditch was cleaned out before the others are assessed about twice as much now as then and now I am assessed about four times as much. I will try and meet you at the hearing.

Respectfully,
Mathias Fladt.

IN THE MATTER OF THE LEO RAUSCH DITCH NO.1215-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.23,1927.
Commissioners Journal Vol.20.Page 540.

The Board of County Commissioners met this day in special session with Messrs.Cashell, Crandell and Staley present for the final hearing in the matter of the Leo Rausch Ditch No. 1215 located in Jerome Township,Union County,Ohio,and after finding that all parties affected by said improvement had been notified according to law,and that it would be conducive to the health,convenience and welfare of the general public,Mr.Staley Moved that we adopt the Engineer's Report on the Rausch ditch,trouble at the railroad will be taken care of.

And that the County Auditor be directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in semiannually installments,MrCrandell seconded the motion and on roll call the following vote was had, Cashell "aye" Crandell "aye" Staley "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF F.A.MCALLISTER.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Dec.5,1927.
Commissioners Journal Vol.20.Page569.

The contract and bond of F.A.McAllister for the construction and completion of Sections No.1-2-3- of the Leo Rausch Ditch was filed this day with the Board of County Commissioners for their approval.

Section.1-2-3.F.A.McAllister,Contract $1789.00.Bond $1800.00,Sureties,F.A.McAllister
Mabel T.McAllister
Milo Strosnider.

CONTRACT OF CONTRACTOR.

Marysville,Ohio.Nov.26,1927.

Portion of Ditch-All Sections 1-2-3.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has this day sold to F.A.McAllister the work of constructing Sections No.1-2-3 of said ditch for the sum of ($1789.00) Seventeen Hundred eighty nine, Dollars which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day ofSeptember 1927.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete daid work by the time hereinbefore named,then the said

CONTRACT OF CONTRACTOR CONTINUED.

THEN THE SAID work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

F.A.McAllister,
Contractor.

Alvi Graham,
Engineer.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I.McAllister and Milo Strosnider as sureties.are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($1800.00)Eighteen Hundred Dollars, for the payment of which we jointly and severally bind ourselves by these presents this 26th.day of November 1927.

The condition of this obligation is such,that whereas, the above bound F.A.McAllister has this day bid off the work of constructing Sections No.1-2-3 of the Leo Rausch Ditch No.1215 and has entered into the above contract.subject to the approval of the Commissioners of Union County.Ohio.

Now,if the said contractor shall well and truly perform the the obligations of said contract,and complete the work within the time fixed therein, and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this Section,then this obligation shall be void, other wise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
Milo Strisnider.

This contract and bond are hereby approved this 5th.day of December 1927.

T.B.Cashell.
G.W.Crandell.
W.M.Staley.
Commissioners of Union County,Ohio.

(PAPERS COULD NOT BE FOUND WHEN TRANSCRIBED.)

Auditor's Vault No. HERD DITCH NO.1216. Transcribed Mar.8,1946.

IN THE MATTER OF THE HERD DITCH NO.1216-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.August 6,1927.
Commissioners Journal Vol.20.Page 518.

The Union County Auditor delivered to the Board of Commissioners this day a ditch petition filed by Homer Herd praying for the lacation and construction of a ditch located in Darby and Millcreek Townships,Union County,Ohio,the general direction which is as follows;Beginning at the outlet of the tile on the Boerger Ditch on the lands of Geo.C.Scheiderer;thence in a northerly and easterly direction with the open part of said Boerger ditch,through the lands of Geo.C.Scheiderer,the lands of T.O.C.Railroad Co.and the lands of Martin Colrath,Chas.O.Herd, Henry Burns,John Opphile and others or far enough to give a good and sufficient outlet.

As provided by Section 6442 G.C. we hereby fix the 30th,day of September 1927 for the viewing of said improvement,beginning at the upper terminus thereof at 10:00 o'clock A.M. and we hereby fix the 6th,day of September for the first hearing thereof at 10:00 o'clock A.M. at the office of the County Commissioners,Marysville,Ohio.

On question of qdoption of the foregoing the folloseing vote was had,Crandell "aye" Staley "aye" Cashell "aye".

IN THE MATTER OF THE HERD DITCH NO.1216-FIRST HEARING.

Auditor's Office.Union County,Ohio.
Marysville,Ohio.Sept.6,1927.
Commissioners Journal Vol.20.Page 532.

The Board of County Commissioners met this day in special session with Messrs.Cashell, Crandell and Staley present for the first hearing in the matter of the Herd Ditch No.1216, located in Paris Township,Union County,Ohio.

After having made actual of said improvement on the 30th,day of August 1927,said matter came on this day for further consideration and after finding that all parties affected by said improvement had been notified according to law,and after some discussion of said matter it was deemed necessary to postpone said matter to some future date for further consideration.

Mr.Crandell seconded the motion and on roll call the following vote was had,Staley "ave" Cashell "aye" Crandell "aye".

(NO RECORD OF FIRST HEARING.)

IN THE MATTER OF THE HERD DITCH NO.1216.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 23,1928.
Commissioners Journal Vol.21.Page 43.

Alvi Graham County Surveyor,this day filed plans,specifications on the Herd Ditch No.1216,with the Board of Commissioners,for their approval,and they also fixed the 18th,day of August 1928,as the time for the hearing on same.

IN THE MATTER OF THE HERD DITCH NO.1216-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.August 18,1928.
Commissioners Journal Vol.21.Page 62.

The Board of County Commissioners met this day in special session with the follosing members present,Crandell,Cashell and Staley Commissioners and Eber N.Dillon Clerk of the Board present in the matter of the final hearing on the Herd Ditch No.1216,located in Millcreek Township,Union County,Ohio,and after finding that all of the parties benefited ar affected by said improvement had been notified according to law,that it would be conducive to the health convenience and welfare of the general public,Mr.Cashell moved that we amend the Engineer's report by reducing the assessment of Peter Renners 121 acre tract $14.00 and increase the assessment of George Rausch 89.45 acre tract $14.00 and adopt same as amended.

And the County Auditor be directed to place the several assessments as amended on a special duplicate and certify same to the County Treasurer for collection in 10 semi-annual installments,Mr.Staley seconded the motion and on roll call the following vote was had, Cashell "aye" Crandell "aye Staley "aye.

Leeper Chas.W.		Vannatta Alva (Arnold Vannatta)	
Leeper Clarissa J.		Vaughn Alvis M. (To Mrs.John Shelton)	
Lowe Freeman D.			

Service of Notice of Filing the Petition shall be obtained by mailing notices or publication.

Taylor Major.
H.L.Reed.
Petitioners.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we Taylor Major,Mary S.Major,H.L.Reed,F.D.Lowe are held and firmly bound unto the State of Ohio,in the sum of Three Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves ,our heirs,executors and administrators.
Signed by us and dated this 20th,day of August 1927.

The condition of the above obligation is such,that,whereas,on the day of 192 the above bound Taylor Major,H.L.Reed et al filed their petition with the County Auditor of Union County,making application to the County Commissioners,praying for the reconstruction,etc,of a single county ditch,petitioned for by Taylor Major,H.L.Reed and others;Commencing at the outlet of the tile on the Grassy Brook ditch at the line between the lands of W.C.Moore and W.D.& Alma Stricker thence following the open parts of tsaid ditch,through and along the lands of W.D.& Alma Stricker, Taylor Major and Mary Major, Freeman D.Lowe,Linna E.Rogers,Elbert W.Bonnett and others to Grassy Run Ditch,or far enough to give a good and sufficient outlet.

BOND OF PETITIONER CONTINUED.

Now,if the said will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void otherwise to remain in full force and virtue in law.

Taylor Major.
Mary S.Major.
H.L.Reed.
F.D.Lowe.

The above bond is approved this day of 192

County Auditor.

REQUESTS

Marysville,Ohio.Sept,1927.

We the undersigned taxpayers on the Grassy Brook Ditch No.1217 request to hqve said ditch extended so as to include the Grassy Run Ditch from the outlet of said Grassy Brook Ditch through and along the lands of Elbert Bonnett and others to Bluescreek.

E.W.Bonnette.
I.F.McCracken.

Marysville,Ohio.Oct.24,1927.

To the Commissioners

Union County,Ohio.

Gentlemen;

In the matter of the Grassy Brook Ditch,petitioned for by Taylor Major and others,we herewith ask to have that part of Grassy Run Ditch north of the outlet of said Grassy Brook Ditch improved by tileing from a point about 25 rods north of the south line of the lands of William Hickok,thence following said Grassy Run Ditch southerly across the lands of William Hickok,C.& G.Lowe,F.D.Lowe and others to said outlet of Grassy Brook Ditch.

William Hickok.

NOTICE TO LANDOWNERS.

Land owners affected by
Grassy Brook Ditch No.1217.

Auditor's Office,Aug,23,1927.

Taylor Major et al has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Grassy Brook Ditch,at the line between the lands of W.C.Moore and W.D.& Alma Stricker;thence following the open parts of said Grassy Brook Ditch,through and along the lands of W.D.& Alma Stricker,Taylor Major and Mary S.Major,Freeman D.Lowe.Linna E.Rogers,Elnert W.Bonnette,and others to Grassy Run Ditch,or fa far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 17th,day of Sept. 1927;commencing thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 19th,day fo September 1927 at 10:00 A.M.

Applications for the granting of the above proposed improvement,remonstrance against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Eber N.Dillon,
County Auditor.

OBJECTIONS.

County Auditor
Union County,Marysville,Ohio.

Sept.15,1927.

Dear Sir;

The writer is the Attorney for Oliver M.Johnson,and heereceived your notice dated August 23,1927,in re:Grassy Brook Ditch No.1217,and notice that the Commissioners will view said ditch on 17th of September.

This is to advise that Oliver M.Johnson is opposed to any proceedings regarding said ditch that will cause an assessment to be levied against his lands,As my client has informed me that there is a ditch across his farm,and that this ditch takes care of all water that comes on to his farm.

My understanding is that the proposed improvement is to clean out the open ditch on the farms on either side of the farm owned by Mr.Johnson.

My client informs me that the proposed improvement will not benefit his lands.

Very truly yours,

Oliver M.Johnson.
By-Daniel Nevins,
His Attorney.

IN THE MATTER OF THE GRASSY BROOK DITCH NO.1217-EXTENSIONS.

Auditor's Office,Uniom County,Ohio.
Marysville,Ohio.Nov,14,1927.
Commissioners Journal Vol.20.Page 560.

The Board of County Commissioners met this day ins special session with Messrs.Cashell, Crandell and Staley Commissioners present for the first hearing in the matter of the Grassy Brook Ditch extensions located in Leesburg Township,Union County,Ohio.

After having made actual view of the proposed extensions said matter came on this day for further consideration and after finding htat all parties had been notified according to law,that are benefitted or affected by said improvement,and that said improvement would be conducive to the health convenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public htility thereof.Mr.Cashell moved that the proposed extensions be granted as requested.

HEARING CONTINUED.

And that Alvi Graham County Surveyor be directed to go upon the line of the proposed improvement and perform his duties thereon as provided by Section 6454 G.C. and file his report with this board on or before the day of 192.

Mr.Staley seconded the motion and on roll call the following vote was had,Staley "aye" Crandell "aye" Cashell "aye".

OBJECTIONS TO ASSESSMENTS

To the Board of County Commissioners:
Union County,Ohio.

Gentlemen:

I hereby protest against the assessments placed against my lands for the construction of the Grassy Brook Ditch No.1217 for the reason that said assessments are in excess of the benefits derived.

My tile have a good outlet and if some of the ones below had kept their ditch clean there would be no need of the cleanout.

In view of the fact these land owners have neglected their ditch and caused this expxnse,let them pay the bill.

Respectfully yours,
O.M.Johnson.

To the Board of County Commissioners:
Union County,Ohio.

Gentlemen:

I hereby object to my assessments in the matter of the Grassy Brook Ditch improvement for the reason that my assessment is in excess of the benefits derived drom said improvement.

Respectively submitted,

W.D.Stricker.

IN THE MATTER OF THE FILING OF THE PLANS OF THE GRASSY BROOK DITCH NO.1217.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 23,1928.
Commissioners Journal Vol.21.Page 43.

CONTRACT FOR CONSTRUCTING SECTION NO.1.

Marysville,Ohio.August 28,1928

Section No.1 From Station 123 to Station 219.48-5847 rods

Portion of the ditch,M.D.Excavating-grubbing,etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has this day sold to F.A.McAllister the work of constructing Section No.1 of said ditch for the sum of ($1604.65)Sixteen Hundred and four and 65.100,Dollars, which work said contractor agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of June 1929.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bond smen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention, and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without t e written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

F.A.McAllister,
Contractor.

Alvi Graham,Engineer.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I.McAllister and Milo Strisnider as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of (1605.00) Sixteen hundred Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 28th,day of August 1928.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1 of the Grassy Brook Ditch No.1217 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this Section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
Milo Strosnider.

This Contract and Bond are hereby approved this 15th,day of April 1929,

IN THE MATTER OF THIERGARTNER DITCH NO.1218-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.17,1927.
Commissioners Journal Vol.20.Page 549.

The County Auditor delivered to the County Board of Commissioners,this day a ditch petition filed by Fred Thiergartner and others praying for the location and construction of ditch in Union Township,Union County,Ohio,the general direction of which is as follows;

Beginning at a stake in a basin at the line between the lands of Henry Moodie and Fred G.Thiergartner and about 20 rods from the Sabine and Biglow Road;thence following the natural water course in an easterly direction about 60 rods,thence north easterly to the P.C.C.&St.L.Ry.right of way,thence crossing said right of way and onto the lands of Clara R. Robinson and along the Public Road to Prarie Run Ditch.

The following is the nature of the work petitioned for;Location and Tiling.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Bishop Philip	Marysville.) O.	Moodie Henry	Milford Center
Robinson Clara R.	Milford Center	P.C.C.& St.L.Ry.Co	
Thiergartner Fred G.	" "	Union County.	

(Signed By) Fred G.Thiergartner,
Petitioner.

As provided by Section G.C.of Ohio,we hereby fix the 17th,day of November 1927,for the viewing of the said improvement,beginnining at the upper terminus thereof,at 10:00 o'clock A.M. and we also fix the 21st,day of November 1927for the first hearing on the ditch at the office of the County Commissioners,Marysville,Ohio.

On question of adoption of the foregoing the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

RE--GRANTING OF DITCH NO DATE ON MINUTES.

A motion was made by Crandell and seconded by Staley that the Ditch be granted as petitioned for.

On roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
October,20th,1927.

Landowners affected by

Thiergartner Ditch No.1218.

Fred Thiergartner and others has filed a petitition with the County Auditor requesting the improvement of a ditch beginning at the stake in a basin of the line between the lands of Henry Moodie and Fred Thiergartner and about 20 rods from the Sabine and Biglow Gravel Road thence northeasterly to the P.C.C.& St..L.Ry. right of way thence crossing onto the lands of Clara Robinson and along the Public Road to Prarie Run Ditch.

The County Commissioners will view this proposed improvement on the 17th,day of November 1927 at 10:00 o'clock A.M. and the first hearing thereon will be held at the Office of the County Commissioners,Marysville,Ohio,on the 21st,day of November 1927 at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming th e assessments and ordering the sale of the ditch.

Respectfully,
Eber N.Dillon.
County Auditor.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS:That we Fred G.Thiergartner and Wm.J.Conrad and Frank Dilsaver are held and firmly bound unto the State of Ohio,for the use of Union County,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made we do hereby jointly and severally bind ourselves,our heirs,executors and administratots.

Signed by us and dated this 10th,day of October 1927.

The condition of the above obligation is such,that,whereas on the loth,day of October 1927 ,the above bound Fred G.Thiergartner filed his petition with the County Auditor of Union County,making application to the County Commissioners,praying for the location and tiling of a ditch petitione for by Fred Thiergartner and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at a stake in a bssin in the line between the lands of Henry Moodie and Fred Thiergartner;thence following the natural water course easterly about 80 rods ,thence northeasterly to the P.C.C.& St.L.Ry. right of way,thence crossing said right of way and onto the lands of Clara Robinson and along the Public Road to Prairie Run Ditch.

Now,if the said Contractor will pay all costs,if the prayer of the petition is not granted or if said petition is for any reason dismissed,then this obligation to be void;other wise to remain in full force and virtue in law.

Fred G.Thiergartner.
Wm.J.Conrad.
Frank Dilsaver.

The above bond is approved this day of 192.

22				Main Ditch.	

SPECIFICATIONS

Said Ditch and Branshes shall be constructed along the ine as located by the stakes,and the center shall be about 3 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quqlity,and shall be laid in a straight line except at the angles, and in the bottom of the trench in a sorkmanlike manner so as to make good Joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth sill all settle on the line of the tile;and in all places it must be covered to depth of at least 18 inches.except as hereinafter specified.

The tile shall be of the following sizes;

Main Ditch From Station 0.00 to Station 9.50 6 inch tile.
" " " " 9.00 " " 19.50 7 " "

SIZE OF TILE CONTINUED.

Main Ditch	From Station	19.50	to Station	22.00	10	inch	tile
" "	" "	22.00	" "	26.00	15	"	"
" "	" "	26.00	" "	35.00	18	"	"
Lateral No.1	"	0.00	" "	8.00	10	"	"
" " "	"	8.00		20.00	12	"	"

At the outlet of each line of tile an iron paipe of the same lineal dimensions on the inside as the line of tile on the outside and 12 feet long shall be placed in the trench in such manner as to receive the line of tile and not obstruct the flow of the water.

All growing timber standing within 16 feet of the line of tile must be thoroughly deadened,and all brush within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to mqke all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

The contractor shall use Cast Iron Pipe under the embankment and tracks of the P.C.C. & St.L.Ry. and outside of said embankment V.S.P.and placed in a manner approved by said Ry.Co.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineers directions and decisions shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham,
Engineer.

OBJECTOIN TO ASSESSMENT

To the Board of County Commissioners
Union County,Ohio.

Gentlemen;I hereby object to my assessment on the Thiergartner Ditch for the reason that the acreage drained is not as much as your schedule calls for.and also that the amount of the assessment is in excess of the benefits derived.

Respectfully yours,

Henry Moodie.

IN THE MATTER OF THE THIERGARTNER DITCH-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 16th.1928.

Auditor's Vault Box.No.296. HAINES DITCH.NO.1219. Transcribed March 23,1946.

IN THE MATTER OF THE HAINES DITCH NO.1219-FILING OF PETITION.

Auditors Office,Union County,Ohio.
Marysville,Ohio.Dec.19.1927.
Commissioners Journal.Vol.20.Page 572.

The County Auditor delivered to the Board of County Commissioners a ditch petition filed by Z.T.Haines praying for the location and construction of a ditch in Liberty Township,Union County,Ohio.the general description which is as follows;Beginning at the line of a tile ditch on the lands of Z.T.Hains and on the north side of the Raymond and Middleburg Road thence following the line of said ditch,or near thereto,crossing the Raymond and Middleburg Gravel Road,and onto and across the lands of the T.& O.C.R.R.Byron Blake,C.Fox and others to the outlet of said ditch,or far enough to give a good and sufficient outlet.

As provided by Section 6442 G.C.Of Ohio,we hereby fix the 12th,day of January 1928,for the viewing of the said proposed improvement beginning at the upper terminus thereof at 10:00 o'clock A.M.and we also fix the 16th,day of January 1928 for the first hearing of said ditch at the office of the County Commissioners at Marysville,Ohio,

On question of adoption of the foregoing the following vote was had, Cashell "aye Crandell "aye" Staley "aye".

They state that the construction of the improvement is necessary and will be conducive to the public welfare.

The following is the nature of the work petitioned for;Using tile of sufficient capacity to properly drain the lands drained therein,or by taking up said tile and replacing with tile of sufficient capacity.

Names and addresses of of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Dec,20th,1927.

Landowners affected by
Haines Ditch No.1219. Has filed a petition with the County Auditor,requesting the improvement of a ditch beginning in the line of a tile ditch on the lands of Z.T.Haines,and on the north side of the Raymond and Middleburg Gravel Road,thence following the line of said ditch,or near thereto,crossing the Raymond and Middleburg Gravel Road and onto and across the lands of The T.O.C.R.R.Byron Blake,C.Fox and others or far enough to give a good and sufficient outlet.

The Commissioners will view thr proposed improvement on the 12th,day of January 1928, commencing at the beginning thereof at 10:00 o'clock A.M. and the first hearing will be held at the o fice of the ounty Commissioners,Marysville,Ohio,on the 16th,day of January 1928,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE HAINES DITCH NO.1219-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Jan.16,1928.
Commissioners Journal Vol.21.Page 4.

The Board of County Commissioners met this day in special session with Messrs.Cashell Crandell and Staley present for the first hearing in the matter of the Haines Ditch No.1219 located in Liberty Township,Union County,Ohio.

After having viewed the proposed improvement on the 12th,day of January 1928,said matter came on this dy for further consideration in the matter of said ditch,and after finding that all parties benefited or affected by said ditch and that it would be consucive to the healthmconvenience and welfare of the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Cashell moved that the improvement be granted with the following additions to the petition that said old ditch be improved by taking up the tile and replacing where necessary and if necessary by changing the line of said ditch on the lands of the T.&.O.C.R.R. Co.

And That Alvi Graham County Engineer be directed to go upon the line of said proposed improvement and perform his duties thereon as provided by Section 6454 G.C. of Ohio and file his report with this board on or before the day of 192

Mr.Staley seconded the motion and on roll call the following vote was had Crandell "aye" Cashell "aye" Staley "aye".

(DISMISSED)

Auditor's Vault Box No.296. CONRAD DITCH NO.1220. Transcribed March 26,1946.

IN THE MATTER OF THE CONRAD DITCH NO.1220-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Jan.30th,1928.
Commissioners Journal Vol.21.Page 6.

The County Auditor delivered to the Board of County Commissioners a ditch petition filed by Dr.J.F.Conrad and others praying for the location and construction of a ditch in Leesburg Township and in and in the villiage of Magnetic Springs,Union County,Ohio,the general description of the ditch is as follows;Beginning at the intersection of Park Street with Willsjohn Street about 8 rods to an alley; thence in an easterly direction with said Park ditch easterly across the lands of S.A,Hoskins to Bokes Creek or far enough to give a good and sufficient outlet,we also ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Names and addresees,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Welch P.B.			

Signed by,
Jessie F.Conrad,
Petitioner.

As provide by Section 6442 G.C.of Ohio,we hereby fix the 23rd,day of February 1928,at 10:00 o'clock A.M.for the viewing of the proposed improvement beginning at the upper terminus thereof,and we hereby fix the 27th,day of February 1928,at 10:00 o'clock A.M.at the office of County Commissioners,Marysville,Ohio.for the first hearing on said ditch.

On question of adoption of the foregoing the following vote waw had,Mr.Staley "aye" Cashell "aye" Crandell "aye".

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we Dr,J.F,Conrad,J.A.Yealey and Lemuel P.Sherman are held and firmly bound unto the State of Ohio,in the sum of $200.00-Two Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.
Signed by us and dated this day of 192

The condition of the above obligation is such,that,whereas, on the day of 19 the above bound J.F.Conrad filed his petition with the County Auditor of Union County,Ohio. making application to the County Commissioners,praying for the location,construction,etc. Petitioned for by Dr.J.F.Conrad and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at the intersection of Park Street with Willsjohn Street in the village of Magnetic Springs;thence in an easterly direction with said Park Street about 8 rods to an alley;thence northerly with said alley about 8 rods to another alley;thence easterly with said alley and continuing easterly across the lands of S.A.Hoskins to Bikes Creek,or far enough to give a good and sufficient outlet.We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Now,if the said Dr.J.F.Conrad will pay all costs,if the prayer of the petition is not granted or if said petition is for any reason dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

J.F.Conrad,M.D.
J.A.Yealey.
Lemuel P.Sherman.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
Jan.30th,1928.

Landowners affected by,
Conrad Ditch No.1220.

Dr.J.F.Conrad has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the intersection if Park Street with Willsjojn Street in the village of Magnetic Springs;thence in an easterly direction with said Park Street about 8 rods to an alley;thence northerly with said alley about 8 rods to another alley;thence easterly with said alley and continuing easterly across the lands of S.A.Hoskins to Bokes Creek or far enough to give a good and sufficient outlet.

The Commissioners will view this proposed improvement on the 23rd,day of February 1928, commencing at the beginning thereof at 10:00 O'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 27th,day of February 1928 at 10:00o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch

Respectfully,
Eber N.Dillon,
County Auditor.

Auditor's Vault Box.No.296. CONRAD DITCH NO.1220. Transcribed March 26,1946.

IN THE MATTER OF CONRAD DITCH
NO 1220.-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Feb.27,1928.
Commissioners Journal Vol.21.Page 10.

The Union County Board of Commissioners met this day in special session with Messrs. Crandell,Cashell and Staley present for the first hearing in the matter of the Conrad Ditch No.1220 located in Leesburg Township,Union County,Ohio.

Having viewed the said proposed improvement on the 23rd,day of February 1928,said matter came on this day for further consideration and after finding that all parties affected or benefited by said improvement had been notified according to law,and that said improvement would be conducive to the health convenience and welfare of the general publicl and that the cost thereon would not be excessive in view of the public utility thereof,Mr.Cashell moved that we grant the said improvement with the following additions to the petition,that said ditch commence at the junction of Willsjohn Street with Park Street,thence easterly with said Park Street following the water course and the line of the tile ditch to the outlet of said ditch,and tile also a lateral commencing in an alley on the rear of the lot of P.W.Welch thence eawterly to main ditch.

And that the Coundy Surveyor be directed to go upon the line of the said proposed improvment and perform his duties thereon as provide by Section 6454 G.C.of Ohio,and file his report with this board on or before the day of 19

Mr.Staley seconded the motion and on roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

SPECIFICATIONS TILE DITCH.

Said Ditch and Branches shall be constructed along the line as located by the stakes,and the center shall be 3 feet to the right thereof,and straight,except at the angles.which shall be made in easy rounding curves.

The trench shall be excavated in the bottom to the depth at eash stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quqlity,and shall be laid in a straight line,except at the angles, and in the bottom of the trench in a workmanlike manner so as to make good joints,any joinds large enough to let dirt through
must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered at least 18 in inches,except at the filters as hereinafter specified.

The tile shall be of tthe of the following sizes;

Main Ditch	From Sta.	0.00	to	Sta.	4.60	10 inch tile.
Lateral	"	" 0.00	"	"	2.50	6 " "

All growing timber standing within 16 1/2 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to mqke all connections with present existing lines of tile,the property to furnish the necessary tile,and to keep his Section in order until finally completed and accepted.

TheEngineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive,unless counter manded by a majority of the Board of County Commissioners.

Alvi Graham,
County Engineer.

Audiror's Vault Box.No.296. FRY DITCH 1221. Transcribed March 28,1946.

IN THE MATTER OF THE FRY DITCH
NO 1221-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.March 19th,1928.
Commissioners Journal Vol.21.Page 13.

The County Auditor delivered to the Board of County Commissioners a ditch petition filed by N.R.Fry and others praying for the construction and location of a ditch in Millcreek and Jerome Townships,Union County,Ohio,the general description of said ditch which is as follows;Beginning at the outlet of the tile on the Belt Run Ditch No.332 at the line between the lands of W.J.& S.P.Neil and Frank Herriott;thence following the line of said open part of said ditch through and along the lands of Frank Herriot,Alfred H.Fry,Asbury McKitrick,Wm.Pennybacker,Florence M. Dort and others far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;We ask that this ditch be improved by tiling across the lands of Frank Herriot to a point about 80 rods on the lands of Alfred H.Fry;thence by deepening,straightening,widening etc.

Names and addresses,where known,of all owners of the land which the petitioners claims will be benefited or damaged by the construction of the proposed improvement.

BOND PRESENTED BY PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we Alfred H.Fry,Cleland McKitrick and N.R.Fry are held and firmly bound into the State of Ohio,in the sum of Three Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.
Signed by us and dated this 27th,day of February 1928.

The condition of the above obligation is such,that,whereas,on the 27th,day of February 1928 the above bound Alfred H.Fry,cleland McKitrick amd W.R.Fry filed his petition with the County Auditor of Union County,Ohio.making application to the Commissioners,praying for the reconstruction,deepening,etc.petitioned for by Alfred H.Fry and others; the course is as stated in petition above.
Now,if the said Alfred H.Fry will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

Alfred H.Fry.
Cleland McKitrick.
W.R.Fry.

The above Bond is approved this

Day of 19

As provided by Section 6442 G.C.of Ohio,we hereby fix the 18th,day of April 1928,at 10:00 o'clock A.M.for the viewing of the said proposed improvement beginning at the upper terminus thereof,and we hereby fix the 23rd,day of April 1928 for the first hearing on same at 10:00 o'clock A.M.At the office of the County Commissioners,Marysville,Ohio.

On question of qdoption of the foregoing the following vote was had,Cashell "ave" Crandell "aye" Staley "aye".

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
March 20th,1928.

Landowners affected by
N.R.Fry Ditch No.1221.

N.R.Fry has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Belt Run Ditch No.332 at the line between the lands of W.J.& S.P.Neill and Frank Herriott;thence following the line of the open part of said ditch through and along the lands of Frank Herriott,Alfred H.Fry,Asbury Mckitrick,William Pennybacker,Florence M.Dort and others or far enough to give a good and sufficient outlet.

The Commissioners will view this proposed improvement on the 12th,day of April 1928; Commencing at the beginning thereof at 10 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio, on the 23rd,day of April 1928, at 10 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

Auditor's Vault Box No. 296. FRY DITCH NO.1221. Transcribed March 29,1946.

IN THE MATTER OF THE FRY DITCH NO.1221-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,April 23,1928.
Commissioners Journal Vol.21.Page 24.

The Board of County Commissioners met this day in special session with Messrs.Crandell Cashell and Staley commissioners present for the first hearing in the matter of the Fry Ditch No.1221,located in Millcreek and Jerome Townships,Union County,Ohio.

After having viewed the said proposed improvement on the 12th,day of April 1928,said matter came on this day for further consideration and after finding that all parties benefited of affected had been notified according to law, and that said improvement would be conducive to the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Cashell moved that we grant said improvement by cleaning out from the line Harriott O Neill to a point south of the State Road,sufficient to give a good outlet.

And that the Surveyor be directed to go upon the line of the said improvement and perform his duties thereon as provided by Section 6454 G.C.of Ohioand file his report with this board on or before the day of 1928.

Mr.Staley seconded the motion and on roll call the following vote was had,Crandell "aye" Cashell "aye" Staley "aye".

SPECIFICATIONS OPEN DITCH

Said shall be constructed along the line as located by the stakes,and the center shall be to the right thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps and debris of every kind must be removed form the ditch,even if they do not come within the bounds herein specified,and no branches or set-offs are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 15 feet of the bank slopes and spread,leaving the surface in good condition for farming.

The right of way shall be 40 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of wayshall be preserved uninjured as far as possible.

All fallen timber,flood wood,etc shall be cleared from the ditch banks to distance of 10 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have pow er to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive unless countermanded by a majority of the Board of Commissioners.

Said Section Nol must be completed on or before the lst,day of June 1929.

Auditor's Vault Box.No.296 FRY DITCH NO.1221. Transcribed March 29,1946.

IN THE MATTER OF THE FRY DITCH
NO 1221 ENGINEERS REPORT.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.4,1929.
Commissioners Journal Vol.21.Page 115

Alvi Graham,County Surveyor this day filed his report of the Fry Ditch with the Board of County Commissioners,and they have fixed the 25th,day of February1929 ,at ten o'clock A.M. as the time for the hearing thereon.

IN THE MATTER OF THE FRY DITCH
NO.1221-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.25th,1929.
Commissioners Journal Vol.21.Page 120.

The Board of County Commissioners met this day in special session, for consideration in the matter of the final hearing of the Fry Ditch No.1221,after some consideration of the matter it was moved by Mr.Crandell seconded by Mr.Cashell that we adopt the Engineer's report by changing the following;Reduce the assessment of Calvin Liggits 46.18 tract $10.00,and increase the assessments of the following Ida G.Belt 8.00 tract to $10.40,Ida Belt 5.50 acre tract to $7.50,Rella C.Currier 17 acre tract to $13,90,Wm.Ebright .63 acre tract to $1.50,Frank D.Henderson 8 acre tract to $10.40,Frank D. Henderson 10.00 acre tract $13.00,Frank Herriott 30 acre tract $137.50,Pearl Herriott 23 acre tract to $27.00,Leonard D.Kalties 2 acre tract to $2.60,J.E.Lake 1.25 acre tract to $1.50,J.L. Lake 5 acre tract to $7.00,Jessie McIntire 1.10 acre tract to $1.50,Jessie McIntire 5 acre tract to $7.00,F.A.& Imo McKitrick 10.00 acre tract to $13.00,F.A.& Imo McKitrick 15 acre tract to $19.50,Samuel Neil 6.50 acre tract to $16.50,Wm.J.& Samuel P.Neil 40.25 acre tract to $55.00, Wm.J.& Samuel P.Neil 3 acre tract to$3.90,W.H. & Elizabeth Shreve 27 acre tract to $35.00, J.H.& Mary C.Ebright .47 acre tract to $1.50,J.H.& Mary C.Ebright .25 acre tract to $1.50, A.C.Wolford 10.75 acre tract to $13.75, and Union County to $50.00.

And also change the open part of the said ditch on the lands of Frank Herriott to tile and adjust the assessments to take care of the extra cost,and also if there is a change in the channel of the ditch on the lands of O.W.U. that the old channel shall be filled and be under the direction of Alvi Graham County Engineer.

On the question of adoption of the foregoing the following vote was had Staley "aye" Crandell "aye" Cashell "aye".

Auditor's Vault Box.No.296. MCKITRICK DITCH NO 1222. Transcribed April 4th,1946.

IN THE MATTER OF THE MCKITRICK DITCH NO.1222.FILING PETITION.

AuditorIs Office,Union County,Ohio.
Marysville,Ohio.June 25,1928.
Commissioners Journal Vol.21.Page 36.

The County Auditor delivered to the Board of Commissioners a ditch petition filed by L.W.McKitrick and others,praying for the location and construction of a ditch in Jerome Township,Union,County Ohio.the general description of said ditch is as follows;beginning at a stake in a basin on the lands of L.W.McKitrick;thence following the water course,across the lands of said McKitrick and onto the lands of Frank P.Carry to an open ditch at the line between the lands of said Carry and J.H.Weaver;thence following said open ditch crossing said Weavers land and the lands of William Fulk to an open ditch.

The Petitioner states that the improvement is necessary and will be conducive to the public welfare.

The following is the nature of the work petitioned for;That said ditch be constructed of tile of sufficient capacity to drain the lands drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefitted or damages by the construction of the proposed improvement.

L.W.McKitrick	Kileville.).	William Fulk	Amline
Frank Cary	"	N.C.McMillin	"
J.H.Weaver	Columbus	Mary Davis (Harvey Davis)	Kileville.

Service of notice of filing the petition shall be obtained by mailing notices and publication.

L.W.McKitrick.
Petitioner.

As provided by Section 6442 G.C.of Ohio,we hereby fix the 25th,day of July 1928 at 10:00 A.M.as the time for viewing said proposed improvement beginning at the upper terminus thereof,and we hereby fix the 30th,day of July 1928 for the first hearing thereon at the office of the County Commissioners,Marysville,Ohio,at 10:00 o'clock A.M.

On question of adoption of the foregoing the following vote was had,Crandell "aye" Staley "aye" Cashell "aye".

BOND FILED FILED BY PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we L.W.McKitrick,E.M.Kile and L.A.Mosier are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars, to the payment of which sum,well and truly made.we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this day of 19

The condition of the above obligation is such,that,whereas, on the day of 19 the above bound L.W.McKitrick filed his petition with the County Auditor of Union County,Ohio, making application to the County Commissioners,praying for the location and construction and reconstruction of a single county ditch,located in Jerome Township,Union County,Ohio. petitioned for by L.W.McKitrick and others;the folowing is the course and termini of said proposed improvement,to-wit; commencing at a stake in a basin on the lands of L.W.McKitrick;thence easterly following the water course.across the lands of said McKitrick and onto the lands of Frank P.Cary to an open ditch at the line between the lands of said Carry and J.H.Weaver;thence following said open ditch crossing said Weavers land and the lands of William Fulk to an open ditch.

We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Now,if the said L.W.McKitrick and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void; other wise to remain in full force and virtue in law.

L.W.McKitrick.
E.M.Kile
L.A.Mosier.

The bond is approved this day of 19

County Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
June 25th,1928.

Landowners affected by,

McKitrick Ditch No.1222.

L.W.McKitrick and others has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake in a basin on the lan ds of L.W.McKitrick,thence easterly following the water course.across the lands of said McKitrick and onto the lands of Frank P. Carry to an open ditch at the line between the lands of said Carry and J.H.Weavers land and the lands of William Fulk to an open ditch.

The County Commissioners will view the proposed improvement on the 25th,day of July 1928,commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysvillle,Ohio,on the 30th,day of July 1928 at 10:00 O'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or ternini may be filed before the final order of the sale Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
Union County Auditor.

IN THE MATTER OF THE HEARING ON THE MCKITRICK DITCH NO.1222.-ADJOURNMENT.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,July 30th,1928.
Commissioners Journal Vol.21.Page 53.

Mr.Cashell moved the following,that we adjourn the hearing on the McKitrick Ditch until the County Surveyor,Alvi Graham can go upon the line of the proposed ditch and locate the proper water course of said ditch,said matter was adjourned until August 6th,1928.

Mr.Crandell seconded the motion and on roll call the following vote was had,.Cashell "aye" Crandell "aye" Staley "aye".

IN THE MATTER OF THE FIRST HEARING ON THE MCKITRICK DITCH NO.1222.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,August 6th,1928.
Commissioners Journal Vol.21.Page 56.

The Board of County Commissioners met this day in special session, with Messrs. Crandell,Cashell and Staley present for the first hearing in the matter of the McKitrick Ditch No.1222.located in Millcreek Township,Union County,Ohio.

After having viewed the said proposed improvement on the 25th,day of July 1928,said matter came on this day for further consideration and after finding that all parties bebefited or affected by said improvement had been notified according to law,and that said improvement would be conducive to the general public,and that the cost thereof would not be excessive in view of the public utility thereof,Mr.Cashell moved that we grant the said McKitrick ditch as petitioned for,commencing on the lands of L.W.McKitrick;thence crossing the lands of Frank Cary to the open part of said ditch on the line of Wm.Weaverto the point where an outlet can be secured.

And that the County Surveyor,is hereby directed to go upon the line of the said ditch and perform his duties thereon as provided by Section 6454 G.C.of Ohio, and file his report on or before the day of 19

Mr.Crandell seconded the motion and on roll call the following vote was had,Cashell "aye" Crandell "aye" Staley "aye".

SPECIFICATIONS TILE DITCH

Said ditch and branches shall be constructed along the line as located by the stakes and the center shall be about 2 feet to the right thereof,and straight ,except at the angles which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quqlity,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined by the Engineeror Commissioners, and approved.and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so covered that the excavated earth will all settle on the line of the tile;and in all places it must be covered to depth of at least 18 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

Main Ditch	From Station	0	to Station	8	6	inch tile.
	" "	8	" "	16	8	" "
	" "	16	" "	20.48	10	" "

All growing timber standing within 16 1/2 feet of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to mqke all connections with present existing lines of tile,the property to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

At the outlet of the lines of tile a concrete head wall shall be constructed 14x5x1 with a flood way 6" lower than Main wall and 5' long.

SPECIFICATIONS CONTINUED.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work.and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not porperly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conslusive,unles countermanded by a majority of the Board of County Commissioners.

Adeline T.Smith	Columbus,Ohio.	George Nicol	" "
Albert Rausch	Plain City	Amanda P Smith	On,Fryman,Columbus,O.
Mrs.Althea Holycross	" "		

Service of notice of filing of petition shall be obtained by Mailing Notices.

Philip Rausch,
Petitioner.

As provided by Section 6442 G.C.of Ohio,we hereby fix the 16th,day of August 1928,at 10:00 o'clock for the viewing of the same beginning at the upper terminus thereof,and we do hereby fix the 17th,day of August 1928,as the time for the first hearing on said Improvement at the office of the County Commissioners in Marysville,Ohio.

On question of adoption of the foregoing the following vote was had,Staley "aye", Crandell "aye",Cashell "aye",Foster "aye",Johnson "aye",Guy "aye".

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
July 23,1928.

Landowners affected by,

Sager Run Ditch.

Philip Rausch et al has filed a petition with the County Auditor requesting the improvement of a ditch beginning on the lands of Philip Rausch in Darby Township,V.M.No.7393 and about 30 rods west of the Debolt Road;thence in an easterly and northerly direction following the old ditch through the lands of Philip Rausch,George Nicol,Adeline T.Smith, and Althea Holycross a distance of about one and one quarter miles.

The County Commissioners will view this proposed improvement on the 16th,day of August 1928 at 10:00 O'clock A.M.commencing at the beginning thereof,and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 17th,day of August 1928,at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we Philip Rausch,Mrs.Althea Holycross,J.L.DeBolt and J.M.Scheiderer are held and firmly bound unto the State of Ohio,in the sum of ($300.00) Three Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 7th,day of July 1928.

The condition of the above obligation is such,that,Whereas, on the 9th,day of July 1928,the above Philip Rausch filed his petition with the County Auditor of Union County,Ohio, making application to the County Commissioners,praying for the reconstruction of a Joint County Ditch petitioned for by Philip Rausch and others;The following is the course and termini of said proposed improvement,towit;Commencing on the lands of Philip Rausch in Darby Township, Survey No.7393 and about 30 rods west of the DeBolt Gravel Road;thence in an easterly and northerly direction following the old ditch through the lands of Philip Rausch,George Nicol, Adeline T.Smith,and Althea Holycross,a distance of about 1 1/4 miles.

We ask that the old ditch be deepened(but not too deep as to damage the tile) and cleaned out so as too allow the flood water to get away more rapidly.

BOND OF PETITIONER CONTINUED.

Now,if the said Philip Rausch and others will pay all costs,if the prayer of the petition is not granted or if said petition for any cause dismissed,then this obligation to be void; otherwise to remain in full force and virtue in law.

Philip Rausch.
Mrs,Althea Holycross.
J.L.DeBolt.
J.M.Scheiderer.

The above bond is approved this day of 19

County Auditor.

REQUEST FOR CHANGE.

Marysville,Ohio.Dec.24,1928

To the Joint Board of Commissioners,
Union and Madison Counties.

Gentlemen;

In the matter of the Sager Run Joint Ditch,I request that said improvement be changed as follows;Commencing at the junction of a 12 inch tile with the present line of tile on the lands of John G.Nicol;thence northerly following near the line of said tile of the Sager Run Ditch,crossing the Post Road and the lands of Amanda Smith and Althea Holycross to the outlet of the present tile at the north line of the lands of said Althea Holycross.

We ask that this part of said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Respectfully yours,
J.G.Nicol.

IN THE MATTER OF THE VIEW
OF SAGER RUN JOINT DITCH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.August 16,1928.

SPECIFICATIONS

Said ditch shall be constructed along the line as located by the stakes,and the center shall be 12 feet to the left thereof and straight,except at the angles,shich shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 2 : 1 horizontal to 1 perpindicular and must be true and smooth.All loose dort overhanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds therein specified,and no branches or set-offs are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.all depths to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 15 feet from the bank slope and deposited in the old channel and low places along the line of the ditch,and spread,leaving the surface in good condition for farming.

The right way shall be 30 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted, and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,
Engineer.

IN THE MATTER OF THE SAGER RUN JOINT DITCH-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Oct.29,1928.
Commissioners Journal Vol.21.Page 89.

The Joint Board of County Commissioners of Union and Madison Counties met this day in special session with the following members present,Messrs,Crandell,Cashell and Staley of Union County,and Messrs.Guy,Foster and converse of Madison County,after some discussion on the said matter it was moved by Mr.Guy that we adopt the Engineer's report without any changes and allow Mr.John G.Nicol $100.00 damages.

Seconded by Mr Crandell and the vote was as follows,Foster "aye",Converse "aye",Guy "aye",Cashell "aye",Crandell "aye" and Staley.

REQUEST FOR DAMAGES.

Marysville,Ohio.Dec.24,1928.

To the Joint Board of Commissioners,
Union and Madison Counties.

Gentlemen;

In the matter of the Sager Run Joint Ditch,I request damages for the construction of said ditch,for lands taken;also damages to my lands caused by water being emptied on my lands,and no outlet for said water,and for which I ask damages to the amount of $500.00.

Respectfully yours,
J.G.Nicol.

IN THE MATTER OF THE SAGER RUN JOINT DITCH-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Dec.28,1928.
Commissioners Journal Vol.21.Page 102.

Petitioners.

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we Stephen Long,Israel Stewart,R.P.Murphy and others are held and firmly bound unto the State of Ohio, in the sum of Two Hundred Dollars, to the payment of which sum,well and truly to be made, we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 28th,day of July 1928.

The condition of the above obligation is such,that,Whereas,on the day of 19 the above bound Stephen Long,Israel Stewart,R.P.Murphy and others have filed their petition with the County Auditor of Union County,making application to theCounty Commissioners,praying for the reconstruction of a single county ditch petitioned for by Stephen Long and others; The following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of the tile on the Pounds ditch at the north side of the Long and Brown Gravel Road in Millcreek Township;thence following the open part of said ditch through and along the lands of Jacob Pounds,crossing the Fish and Myers Road,and onto and across the lands of L.L.& Alma Barry and Emma Liebold,crossing the Smart and Cole Road and onto and across the lands of Fred E.Parsons and others,far enough to give a good and sufficient outlet.

Now,if the said Stephen Long and others will pay all costs,if then prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void, otherwise to remain in full force and virtue in law.

Stephen Long.
Israel Stewart.
R.P.Murphy.
Geo Orahood.
W.Blinn.

As provided by Section No.6442 G.C.of Ohio,we hereby fix the 24th,day of August 1928,as the time for viewing of said proposed improvement, beginning at the upper terminus thereof,and we hereby fix the 27th,day of August 1928, as the time for the first hearing on same at the office of the County Commissioners,Marysville,Ohio,at 10:00 o'clock A.M.

On question of adoption of the foregoing the following vote was had.Crandell "aye" Cashell "aye" Staley "aye".

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
July 30th,1928.

Landowners affected by,
Pounds Ditch No.1223.

Stephen long has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Pounds Ditch on the north side of the Long and Brown Gravel Road in Millcreek Township;thence following the open part of the ditch through and along the lands of Jacob Pounds,crossing the Fish and Myers Road,and onto and across the lands of L.L.& Alma Barry and Emma Liebold,crossing the Smart and Cole Road and onto and across the lands of Fred E.Parsons and others ,far enough to give agood and sufficient outlet.

MOTICE TO LANDOWNERS CONTINUED.

The County Commissioners will view this proposed improvement on the 24th,day of August 1928.commencing at the beginnining thereof at 10:00 o'clock A.M. and the first hearing thereon willbe held at the office of the County Commissioners,Marysville,Ohio, on the 27th, day of August 1928, at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon
County Auditor.

IN THE MATTER OF THE POUNDS DITCH NO.1223.-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Aug.27th,1928.
Commissioners Journal Vol.21.Page 69.

The Board of County Commissioners met this day in special session with the following members present,Crandell,Cashell and Staley ,for the first hearing in the matter of the Pounds Ditch located in Millcreek Township,Union County,Ohio.

After having viewed the following ditch on the 24th,day of August 1928,said matter came on this day for further consideration and after finding that all parties had been notified according to law,and that it would be conducive to the health snd welfare of thengeneral public, and that the cost thereof would not be excessive in view of the public utility thereof,Mr. Staley moved the following amendment which was duly seconded by Mr.Cashell that the petition be granted as requested,the ditch to be cleaned out far enough to give a good and sufficient outlet.

And that the County Surveyor be directed to go upon the line of the proposed improvement and perform his duties thereon as provided by Section 6454 G.C.of Ohio,laws,and file his report with this board on or before the day of 1928.

On question of adoption of the foregoing the following vote was had,Staley "aye" Cashell "aye" Crandell "aye".

REQUEST

Marysville,Ohio.Aug.27,1928

To Board of Commissioners,
Union County,Ohio.

I hereby request that tile on Pounds Ditch be repaired and cleaned where necessary.

Frank Smith.

SPECIFICATIONS

OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 12 feet to the right thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to 1 perpindicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps, and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or Off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a gegular grade.All depths are to be measured at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 15 feet of the bank slopes,and spread.leaving the surface in good condition for farming.

Auditor's Vault Box No.296 POUNDS DITCH NO.1223. Transcribed April 29,1946.

SPECIFICATIONS CONTINUED.

The right of way shall be 40 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible,.

All fallen timber,flood-wood,etc.shall be cleared away from the ditch banks to distance of 10 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,
County Engineer.

Marysville,Ohio.October 10th,1928.
Commissioners Journal Vol.21 Page 86.

After having viewed the Gregg Ditch,on the 5yh,day of October,1928,said matter came on this day for further consideration in the matter of the first hearing,and after some discussion on said matter it was moved by Mr.Staley seconded by Mr.Crandell that we adjourn said matter till October 15th,1928,at 1:30 P.M.
On question of the foregoing the result of the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE GREGG DITCH
POSTPONED HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.October 15,1928.
Commissioners Journal Vol.21.Page 88.

Pursuant to adjournment of October 15th,1928,The Board of County Commissioners went upon the line of said Gregg Ditch,and the following suggestions and requests were asked for.

I hereby request that the following extension be added to the petition on the Gregg Ditch therefore being an open ditch be cleaned out far enough below cement header to give tile already there a good and sufficient outlet also cement header be lowered enough to allow flood water to pass o to pass over.

W.B.Davis and Chester Lowe.

IN THE MATTER OF THE GREGG DITCH
NO.1224-GRANTING OF DITCH.

Auditor's Office,Union County,Ohio.
Marysville Ohio.January 21st,1930.
Commissioners Journal Vol.21 Page 228.

The Board of County Commissioners of Union County,Ohio,met this day in special session with the following members present;Messrs.Cashell Crandell and Staley and Eber N.Dillon clerk of the said board present,after the reading of the minutes of the preceeding meetings the following business proceedings were had.

Pursuant to adjournment of October 22,1928,the said matter came on this day for further consideration,and after some discussion it was moved by Mr.Crandell that we grant the said petition filed by George B.Gregg and others,commencing at a point about 60 rods west of said Gregg east line and near an 12 inch tile thence easterly following near said tile in the most practical course to an 18 inch tile on the lands of the heirs of Clark Spurgeon,thenabove was seconded by Mr.Cashell and the roll call resulted as follows Staley "aye",Cashell "aye" and Crandell "aye".

SPECIFICATIONS

Said Ditch and Branches shall be constructed along the line as located by the stakes, and the center shall be 3 feet to the left thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at esch stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled thet the excavated earth will all settle on the line of the tile;and all places it must be covered to depth of at least 18 inches,except at the filters as hereinafter specified.

SPECIFICATIONS CONTINUED.

The tile shall be of the following sizes:

From Station	31.83	to Station	12.50	12 inch	tile
" "	12.50	" "	9.00	10 "	"
" "	9.00	" "	0.00	8 "	"

All growing timber standing within 30 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,to keep his Section in order until finally c completed and accepted.

All private ditches crossing proposed improvement shall be cut off and connected to said improvement. Present County tile ditch,in place,shall be connected in two places with the proposed improvement by using 8 inch tile.

This work to be done under the direction of the Engineer.

Outlet of present 12 inch tile in place shall be changed by taking up 100 feet of tile and relaying so that it will enter the 18 inch tile at about a 45' angle.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

To Be Completed by June 14.1930.

Alvi Graham,
Engineer.

OBJECTION TO ASSESSMENT.

Marysville,Ohio. R.D.3.
April 24,1930.

Eber N.Dillon
County Auditor

Dear Sir;

We received your notice on the Gregg Ditch No.1224 stating that the hearing will be on the 28th,of April 1930,I note that the assessment against the estate of Clark Spurgeon is $44.00 on six acres which we think is about twice too much.

If the open ditch below us is cleaned out we could get along very well without any more tile in this field that is being taxed on this ditch.THere is already a 12 inch tile and 8 inch tile in this 6 acres field.

For a very few dollars we could have put in some laterals and taken care of the water The ones living west of us are getting the benefit of this new ditch and we think they had ought to pay for it.

Yours respectfully,
Ethel Fickle
L.E.Spurgeon.

IN THE MATTER OF THE GREGG DITCH NO.1224.-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,April 28,1930
Commissioners Journal Vol.21 Page 246.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with all the members present,after the reading of minutes of the preceeding meetings the following business proceedings were had,Pursuant to the first hearing on the Gregg Ditch No.1224,said matter came on this day for further consideration and after some discussion of the matter it was moved by Mr.Crandell seconded by Mr.Czshell that we adjourn until 1:30 o'clock P.M.Vote Staley "aye",Crandell "aye" and Cashell "aye".

Pursuant to adjournment from the A.M.Session business was taken up again with all members present,after some deliberation on the matter it was moved by Mr.Cashell and seconded by Mr.Crandell that the Engineer's report on assessments be approved as read by making the following changes,drop the acreage and also the assessment of Freeman D.Lowe tract of three acres and also the assessment of $7.50 and add same to Union County,making the county assessment $38.10.

And the County Auditor is hereby directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in ten semi-annually installments.

On question of adoption of the foregoing the following vote was had,Staley "aye", Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE BARNETT
DITCH NO.1225-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.17,1928.
Commissioners Journal Vol.21.Page.81.

The County Auditor delivered to the Board of County Commissioners on this day a copy of a ditch petition filed by Max Barnett and others,praying for the location and construction of a ditch in Taylor Township,Union County,Ohio.the general description which is as follows;Beginning at the outlet of the tile of the Goff Ditch in Taylor Township;thence following the line of said ditch through and along the public road,the lands of North western Mutual Life Insurance Co.and max S.Barnett, crossing the public road and the lands of Maggiie J.& Dolph H.Moore,William H.Goff and others to Blues Creek,or far enough to give a good and sufficient outlet.

As provided by Section 6442 G.C.of Ohio,we hereby fix the 9th,day of October 1928,at 10:00 O'clock A.M.as the time for viewing same,beginning at the upper terminus thereof,and we also fix the 15th,day fo October 1928,as the time for the hearing on same at the Commissioners office,Marysville,Ohio,at 10:00 o'clock A.M.

On question of adoption of the foregoing the vote was as follows,Crandell "aye",Cashell "aye" and Staley "aye".

COPY OF PETITION.

Marysville,Ohio.Sept 17,1928.

The petitioners state that the construction of the improvement is necessary and will be conducive to the public welfare.

The following is the nature of the work petitioned for:said ditch be constructed of tile of sufficient capacith to properly drain the lands drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will benefited or damaged by the construction of the proposed improvement.

Barnett Max	Peoria R.2	Beecher Belle L.	Marysville,804.W.5th,St.

Max S.Barnett
L.H.Collins.
Petitioners.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS:That Max S.Barnett,L.H.Collins and T.B.Collins are held and firmly bound unto the State of Ohio,in the sum of Two hundred ($200.00) Dollars,to the payment of which sum,well and truly to be made.we do hereby jointly and severally bind ourselves, our heirs,executors and administrators.

Signed by us and dated this 5th,day of September 1928.

The condition of the above obligation is such,that,whereas,on the 10th,day ofSeptember 1928,the above bound Max S.Barnett and L.H.Collins filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the construction of a single county ditch petitioned for by Max S.Barnett and others;the following is the course and termini of said proposed improvement,to-wit:Commencing at the outlet of the tile of the Goff Ditch in Taylor Township;thence following the line of said ditch through and along the public road,the lands of the North Western Mutual Insurance Co.and Max S.Barnett,crossing the public road and the lands of Maggie J.& Dolph H.Moore,William H.Goff,andothers to Blues Creek.

We ask that the ditch be constructed of tile of sufficient capacity to properly drain the lands of the petitioners and Max S.Barnett and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void, otherwise to remain in full force and virtue in law.

Max S.Barnett.
L.H.Collins.
T.B.Collins.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
September 17th,1928

Landowners affected,by

Barnett Ditch No.1225.

Max S.Barnett et al,has filed a petition with the County Auditor requesting the improvment of a ditch beginning at the outlet of the tile on the Gollg Ditch in Taylor Township;thence following the line of said ditch through and along the public road,lands of the North Western Mutual Life Insurance Co.,Max S.Barnett crossing the public road and the lands of Maggie J & Dolph H.Moore,William H.Goff and others,to Blies Creek or far enough to give a good and sufficient outlet.

The Commissioners will view the proposed improvement on the 9th,day of September 1928; commencing at the beginning thereof at 10:00 o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysvill,Ohio,on the 15th,day of September 1928 at 10:00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor of Union County.

Auditor's Vault Box No.296. BARNETT DITCH NO.1225. Transcribed May 21,1946.

REQUEST

To the Board of County Commissioners, Marysville,Ohio,Dec.17,1928.
Union County,Ohio.

Gentlemen;
In the matter of the Barnett Ditch No.1225 located in Taylor Township,we the undersigned interested land owners,request that the tile on the upper part of said ditch be taken up and replaced with tile of sufficient capacity from the end of the two lines of 12 inch tile on the south side of the Barnett and Collins Road to the upper terminus of the Goff Ditch No.185 on the land of W.H.Goff

W.H.Goff,Per.W.W.Goff.
L.H.Collins.
C.E.Fox.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;
I hereby ask for a lateral on the proposed Barnett Ditch No.1225.Commencing at a point near the Barnett and Collins road and in the line of the proposed Barnett Ditch;thence in a westerly direction and ending at the corner of the lands of Smallwood and Davies on the line of the Barnett and Collins road.
I ask that this lateral be constructed of tile of sufficient capacity to thoroughly drain the lands draining therein.

Respectfully yours,
David Davies
By-Robert M.McAllister,
Agent.

IN THE MATTER OF THE
BARNETT DITCH NO.1225.

Union County,Auditor's Office.
Marysville,Ohio,October 10,1928
Commissioners Journal Col.21.Page 87.

It was moved by Mr.Staley and seconded by Mr,Crandell that we adjourn said hearing to October 29th,1928,until the surveyor can go upon the line of said ditch and take some levels and see just what is needed a tile ditch or open ditch.
The result of the vote on the above is as follows.Cashell "aye",Crandell "aye" and Staley "aye".

IN THE MATTER OF THE BARNETT
DITCH NO.1225.

November 12,th 1928,
Commissioners Journal Vol.21.Page 93.

Pursuant to adjournment of October 15th,1928,said matter came on this day for further consideration,and after some consideration on said matter it was moved by Mr.Cashell seconded by Mr.Staley that we grant said improvement for tile on the east side of the Yearsley road and open ditch from there to Blues Creek.
On question of adoption of the foregoing the vote was as follows,Crandell "aye" Cashell "aye" and Staley "aye".

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 8 feet to the left thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or set-offs are tombe left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at ea ch stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 15 feet of the bank slopes,and spread.leaving the surface in good condition for farming.

The right of way shall be 40 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,floodwood,etc,shall be cleared away from the ditch banks to distance of 15 feet ther therefrom.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Alvi Graham,
Engineer.

SPECIFICATIONS TILE DITCH.

Said ditch and branches shall be construc ted along the line as located by the stakes, and the center shall be about 4 feet to the left thereof,and straight,except at the angles, which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth.and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints. Any joints large enough to let through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners.

SPECIFICATIONS OF TILE DITCH CONTINUED.

And after laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile,and in all places it must be covered to depth as hereinafter specified.

At Station 0.15;19.90;30;37.80.inlets shall be constructed as follows:Place a 12 inch tile vertically over and of the proper size in the line of tile,securely cementing the joint at the junction and cover with a cast inlet.

The tile shall be of the following sizes;

Main Ditch	From	Station	0.00	to	Station	18.00	15	inch	tile.
"	"	"	18.00	"	"	30.00	18	"	"
"	"	"	30.00	"	"	43.00	20	"	"
"	"	"	43.00	"	"	54.00	22	"	"

All growing timber standing within 16.5 feet of the line of the tile must be thoroughly deadened, and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

At the outlet of the line of tile a concrete head wall shall be constructed.

The Engineer and the Commissioners reserve the right to make any changes they may desire insaid work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive on all matters pertaining to the ditch,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,
Engineer.

Auditor's Vault Box No.296. BARNETT DITCH NO.1225. Transcribed May 27,1946.

IN THE MATTER OF THE ASSESSMENTS
ON THE BARNETT DITCH NO.1225.

Auditors Office Union County,Ohio.
Marysville,Ohio.November 19,1928.
Commissioners Journal Vol.21.Page 91.

Alvi,Graham County Surveyor this day filed the plans and specifications of the Barnett Ditch with the Board of County Commissioners,and after careful examination of same it was moved by Mr.Cashell seconded by Mr.Crandell that we have the hearing on same on the 17th,day of December 1928, the vote on the above was follows,Staley "aye",Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE BARNETT DITCH
NO.1225.-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.December 17,1928.
Commissioners Journal Vol.21.Page 100.

The Board of County Commissioners of Union County,Ohio,met this day in special session with the following members present,Crandell,Cashell and Staley and Eber N.Dillon Clerk of said board in the matter of the final hearing on the Barnett ditch No.1225,located in Taylor Township and York Township,Union County,Ohio,after finding that all parties benefited or affected by the proposed improvement had been notified according to law,and that it would be conducive to the health,convenience and welfare of the general public and to add the two laterals asked for by W.H.Goff,L.H.Collins and C. E.Fox,We ask that the tile on the upper end of the said ditch be taken up and replaced with tile sufficient in capacity from the end of the two lines of 12 inch tile on the south side of the road to the upper terminus of the Goff ditch No.185 on the lands of W.H.Goff,Lateral No.2 commencing at a point near the Barnett and Collins road and the line of the proposed Barnett Ditch thence in a westerly direction and ending at the corner of the lands of Smallwood and Davies on the line of the Barnett and Collins Road.I ask that this lateral be constructed of tile of sufficient in capacity to thoroughly drain the the lands drained therein.Signed,David Davies,Robert M.McAllister,Agent.

Mr.Cashell moved that we adopt the assessments on the Barnett Ditch along with the added assessments of the above described laterals,the increases of the assessments are as follows;Eva Laird 24 acres to $242.00,T.B.Collins 25 acres to 116.00,Alice A.Collins 38 acres to 342.00,L.H.Collins 18 acres to 227.00,David Davies 50 acres to 238.00,Wm.H.Goff 55 qcres to 350.00,Max Barnett 65.35 qcres to 705.00,Columbia and C.E.Fox 12 acres to 136.00,George A.& Martha Smallwood 70 acres to 200.00 and Union County to 170.00

The above was seconded by Mr.Staley and the vote was as follows;Crandell "aye",Cashell "aye" Staley "aye".

Petitioners.

BOND OF PETIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we James B.Rogers,W.J.Dearth and A.T.Weaver are held and firmly bound unto the State of Ohio,for the use of Union County,Ohio,in the sum of ($200.00) Two Hundred Dollars, to the payment of which well and truly to be made,we jointly and severally bind ourselves,our heirs,executors and adminstrators,firmly by these presents.

Witness our hands and seals,this day of A.D.192

TheThe condition of the above obligation is such that whereas the above bound James S,Rogers and others have this day filed with the Commissioners of Union County,Ohio,a petition for the following described ditch,drain or water course,commencing at the outlet of the tile on the Mud Run Ditch,No.155,on the lands of David M.Skidmore and at the south margin of thenDavis Road; thence following the open part of said ditch,crossing said Davis Road,thence onto and crossing the lands of J.R.& E.B.Rogers,A.F.Drake,C.S.Coons,,Sarah O.Coons,Rebecca Drake,C.F.Stalder and others,far enough to give a good and sufficient outlet for said tile ditch.

Now if the said James R.Rogers and others shall well and truly pay all costs if the prayer of the petition be not granted,or be dismissed for any cause,then the above obligation to be void, other wise to be and remain in full force and virtue in law.

James R.Rogers.
W.J.Dearth.
A.T.Weaver.

Auditor's Vault Box No.296. MUD RUN DITCH NO.1226. Transcribed May 29,1946.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
Oct.29,1928.

Landowners affected by

Mud Run Ditch No.1226.

D.M.Skidmore and others has filed a petition with the County Auditor requesting the improfement of a ditch beginning at the outlet of the tile on the Mud Run Ditch No.155,on the lands of David M.Skidmore and at the south margin of the Davis Road;thence following the open part of said ditch crossing said Davis Road,thence onto and across the lands of J.R.& E.B. Rogers,A.F.Drake,C.S.Coons,et al or far enough to give a good and sufficient outlet for the tile ditch.

The County Commissioners will view this proposed improvement on the 27th,day of Nov. 1928;commencing at the beginning thereof at 10:00o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 3rd,day of December 1928,at 10;00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,

Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE MUD RUN DITCH NO.1226-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,December 3,1928.
Commissioners Journal Vol.21.Page 96.

The Board of County Commissioners met this day in special session with all of the members present for the first hearing in the matter of the Mud Run Ditch No.1226 located in Liberty and York Townships,Union County,Ohio.

After having viewed the said proposed improvement on the 27th,day of November 1928,said matter came on this day for further consideration and after finding that all parties that are benefited or affected by the said proposed improvement had been notified according to law, and that it would be conducive to the health,convenience of the general public,and that the cost would not be excessive in view of the public utility thereof,Mr.Cashell moved that we grant the said petition as asked,it was seconded by Mr.Staley,and that the County Engineer be directed to go upon the line of said ditch and perform his duties thereon,and file his report with then board on or before the day of 192.

On question of adoption of the foregoing the following vote was had,Cashell "aye",Crandell "aye"and Staley "aye".

SPECIFICATIONS.

OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be feet to the left thereof and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to 1 perpendicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at eash stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

The excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 40 feet of the bank slopes,and spread,leaving the surface in good condition for farmeing.

The right of way shall be 50 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved as far as possible.

All fallen timber,flood wood,etc,shall be cleared away from the ditch banks to distance of 16 1/2 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progrrssing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Said Section must be completed on or before the 1st,day of June 1929.

OBJECTIONS TO ASSESSMENTS.

Mr.Eber N.Dillon West Mansfield,O.Feb.1929.
Auditor of Union County,Ohio.
Dear Sir;My notice of amount drained into ditch to be cleaned is as follows; on west side of road 13.A.is correct,but on east side of road the back 20 A.is all drained by ditch that crosses the road east of Will Figley residence and all of the 15 acres field south of it but 2 acres foes the ssme way,So east of the road I have minus (20 plus 13) or 32 acres that drains into the cleanout ditch. So you can see you are taxing me on 13 acres too mush,I am showing you a rough sketch of farm with drains and water sheds,I am asking my assessment be cut on east side of road to $16.00 instead of $22.50.

Dr,G.F.Plotner.

OBJECTIONS TO ASSESSMENTS CONTINUED.

Mr.Eber N.Dillon, West Mansfield Ohio.Feb.26,1929.
Auditor of Union County,Ohio.

Dear Sir;
in regard to my assessment on Mud Run Ditch No.1226,I feel that I am taxed on too many acres,In the field lying East of said ditch containing eleven acres there at least 7 1/2 or 8 acres of the east part of this field that has its outlet about 300 feet below the point where the proposed construction of said ditch begins.as I understand the assessments they are not on any land that has its outlet below where the construction or cleaning out begins.

In regard to my assessment pe acre am willing to pay the same as others adjoining said ditch on all lands that have their outlet above where the construction begins.

Kindly give this your consideration,and oblige,

Yours truly,
Mrs Rebecca Drake.

IN THE MATTER OF THE MUD RUN DITCH NO.1226-ASSESSMENT DATE FIXED.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Feb.4th,1929.
Commissioners Journal Vol.21 Page 115.

Alvi Graham,County Surveyor this day filed the report of the Mud Run Ditch with the Board of County Commissioners and they have set the 28th,day of February 1929 at ten O'clock as the time for the hearing on same at the office of the County Commissioners,Marysville,Ohio.

IN THE MATTER OF THE MUD RUN DITCH NO.1226-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.28,1929.
Commissioners Journal Vol.21.Page 121.

The Board of County Commissioners of Union County,Ohio,met this day in special session with the following members present,Mr.Crandell,Mr.Cashell and Mr.Staley Commissioners and Eber N.Dillon clerk of said Board present for the final hearing in the matter of the Mud Run Ditch No.1226 located in York and Liberty Townships,Union County,Ohio,and after finding that all parties interested had been notified according to law,it was moved by Mr.Crandell seconded by Mr. Cashell that we adopt the Engineer's report by increasing the acreage of Jefferson Bechtel to 18 acres adn assess same $7.50,and reduce the assessment of Sarah O Coons 41.10 acre tract from $59.00 to $54.00 and 10.10 acre tract from $17.00 to 13.50,and add $5.00 to Union County making $15.00.

And the County Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in semi-annually installments.

On question of adoption of the foregoing the following vote was had,Staley "aye", Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF H.N.PRETTYMAN.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,April 15,1929.
Commissioners Journal Vol.21.Page 135.

A copy of contract and bond was filed this day by H.N.Prettyman with the Board of County Commissioners for their approval,for the construction and completion of Section No.1 of Mud Run Ditch No.1226.

CONTRACT FOR CONSTRUCTION OF SECTION NO.1.

Marysville,Ohio March 16,1929.

Section No.1From Station 0.00 to Station 34.00-206.06 rod.

Excavating,grubbing,etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement that after legal notice of sale,he has this day sold to H.N.Prettyman the work of constructing Section No.1 of said ditch for the sum of ($294.00)Two Hundred Ninety-four Dollars,which work the saod contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Enginaer and the Commissioners of Union County on or before the 14th,day of September 1929.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the Supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall of no force or effect until approved by the Commissioners of Union County,Ohio.

H.N.Prettyman,
Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That H.N.Prettyman as principal and Oliver Cowgill and Sherman Cowgill as sureties,are held and bound unto the State of Ohio,for the use of Union County in the penal sum of ($315.00)Three Hundred fifteen Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 16th,day of March 1929.

The condition of this obligation is such,that whereas the above bound H.N.Prettyman has this day bid off the work of constructing Section No 1/ of Mud Run Ditch No.1226 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall we l and truly perform the obligations of said contract, and co complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect inn law.

H.N.Prettyman,
Sherman Cowgill.
Oliver Cowgill.

This Contract and Bond are hereby approved this 22nd,day of April 1929.

IN THE MATTER OF THE NOTEMAN DITCH NO.1227-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.11,1929.
Commissioners Journal Vol.21 Page 118

The County Auditor delivered this day to the Board of County Commissioners a copy of a ditch petition praying for the construction of a ditch ;Beginning at the junction of the tile on a branch of the Cattail Swamp Ditch in Jerome Township,on the lands of Aaron Noteman,thence following near the line of said tile of the branch of the Cattail Swamp Ditch,crossing said lands,the Darby and Sager Run Gravel Road,and onto and across the lands of Harriett Butler to the outlet of the tile of said Cattail Seamp Ditch at the south line of lands of said Butler.

We ask that this part of said ditch be improved by constructing another line of tile near the present ditch large enough to secure a good and sufficient outlet.

We also ask that the open part of said ditch be cleaned out far enough to give a good and sufficient outlet.

As provided by Section 6442 G.C.of Ohio,we hereby fix the 5th,day of March 1929 commencing at the beginning thereof at 10:00 O'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 11th,day of March 1929 at 10:00 A.M.

On question of adoption of the foregoing the following vote was had,Staley "aye" Crandell "aye" and Cashell "aye".

COPY OF PETITION

Petition for the reconstruction of a County Ditch
In Jerome Township,Union County,Ohio.

Marysville,Ohio.Feb.2nd,1929.

To the Honorable Board of County Commissioners
Union County,Ohio.

The undersign hereby petition your honorable body for the reconstruction of a County Ditch on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit; Commencing at the junction of the tile on a branch of the Cattail Swamp Ditch in Jerome Township, on the lands of Aaron Noteman;thence following near the line of said tile of the branch of the Cattail Swamp Ditch,crossing said lands,the Darby and Sager Run Gravel Road,and onto and across the lands of Harriett Butler to the outlet of the tile of said Cattail Swamp Run Ditch at the south line of the lands of said Butler.

We ask that this part of said ditch be improved by constructing an other line of tile near the present ditch large enough to secure a good and sufficient outlet.

We also ask that the open part of said ditch be cleaned out far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Reconstruction by tiling,etc.

Names and addresses.where known,of all owners of the land which the petitioner claims will benefited or damaged by the construction of the proposed improvement.

Service of Notice of Filing of Petition shall be obtained by Mailing.

Chas.D.Brown,
Petitioner.

PETITIONERS BOND.

KNOW ALL EMN BY THESE PRESENTS:That we Chas.D.Brown,A.N.Noteman and C.M.Jones are held and firmly bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs, executors and administrators.

Signed by us and dated this 4th,day of February 1929.

The condition of the above obligation is such,that whereas,on the 4th,day of February the above bound Chas,D.Brown,A.N.Noteman and C.M.Jones filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the Reconstruction of a County Ditch petitioned for by Chas D.Brown and others;Commencing at the junction of the tile ditch on a branch of the Cattail Swamp Run Ditch in Jerome Township,on the lands of Aaron Noteman.thence following near the line of said ditch of the Cattail Swamp Run Ditch crossing said lands,the Darby and Sager Run Gravel Road and onto and across the lands of Harriett Butler to the outlet of the tile of the Cattail Swamp Run Ditch at the south line of said Butlers land.

We ask that this part of said ditch be improved by constructing another line of tile near the present ditch large enough to secure a good and sufficient outlet.

We also ask the open part of said ditch be cleaned out far enough to give a good and sufficient outlet.

Now,if the said Chas.D.Brown will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

Chas.D.Brown
A.N.Noteman.
C.M.Jones.

The above bond is approved this
day of 19

Co.Auditor.

Auditor's Vault Box No.515 NOTEMAN DITCH NO.1227. Transcribed June 6th,1946.

NOTICE TO LANDOWNERS

Landowners affected by
Noteman Ditch No.1227.

Marysville,Ohio.February 11th,1929

Chas.D.Brown et al has filed a petition with the County Auditor requesting the improvment of a ditch beginning at the junction of the tile on a branch of the Cattail Swamp Run Ditch in Jerome Township,on the lands of Aaron Noteman,thence following near the line of said tile of said branch,crossing said lands the Darby and Sager Run Gravel Road,and across the lands of Harriett Butler to the outlet of the tile of said Cattail Swamp Run Ditch at the south line of the lands of said Butler.We ask that this part of said ditch be improved by construc another line of tile near the present line large enough to secure a good and sufficient outlet.

The County Commissioners will view the proposed improvement on the 5th,day of March 1929;Commencing at the beginning thereof at 10;00 A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 11thday of March 1929 at 10;00 o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
Co.Auditor.

REQUEST FOR LATERAL

Marysville,Ohio,March 11,1929.

We the undersign request a lateral to said Cattail Swamp Ditch commencing on the lands of Daisy H.Noteman,thence easterly across said lands and the land of Aaron Noteman to the Main Ditch.

Daisy H.Noteman.

IN THE MATTER OF THE NOTEMAN DITCH NO.1227-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.March 11th.1929
Commissioners Journal Vol.21 Page 124.

The Board of County Commissioners met this day in special session with the Board all present,for the consideration on the matter of the first hearing in the matter of the Noteman Ditch No.1227,after finding that all parties benefited or affected by the said proposed improvement had been notified according to law,and after some discussion on the matter,and after having viewed said proposed improvement on the 5th,day of March 1929,and found that it would be conducive to the health and public convenience and it was moved by Mr.Crandell seconded by Mr.Cashell that we grant said petition by changing the following;Beginning at the junction of the 10 inch tile on the lands of Harriett Butler thence south parallel near said 18 inch tile to the outlet of the present tile also a lateral as requested,description pf lateral Commencing on the lands of Daisy H.Noteman thence easterly across said lands and the lands of Aaron Noteman to the Main Ditch,and also to clean and repair open ditch at outlet.

On question of the foregoing the vote was follows,Staley "aye",Cashell "aye" and Crandell "aye".

SPECIFICATIONS OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 20 feet to the right thereof and straight,except at thenangles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of i 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt ocer-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line when the same lie within 40 feet of the bank slopes leaving the surface in good condition for farming.

The right way shall be 50 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared away from the ditch banks to a distance of 20 feet therefrom.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the ra purchase bid.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

Engineer

Said Ditch No.1228 must be completed on or before the 1st,day of October 1929.

IN THE MATTER OF THE WOOD EXTENSION DITCH NO.1228-FINAL HEARING.

Auditor's Office,Union County,Ohio
Marysville,Ohio.Aug.21st,1929
Commissioners Journal Vol.21.Page 193.

The Board of County Commissioners of Union County,Ohio,met this day in special session with the following members present,Messrs.Crandell and Staley Mr.Cashell being absent,Eber N.Dillon Clerk of said Board present,after some discussion on the matter it was moved by Mr.Crandell that the Engineer's report be adopted along with the said assessments.(Mr.Cashell came in late)

And the County Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in 10 semi-annually installments.

Mr.Staley seconded the motion and on roll call the following vote was had,Crandell "aye",Staley "aye" and Cashell "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF F.A.MCALLISTER.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.9th,1929.
Commissioners Journal Vol.21.Page 197.

F.A.McAllister this day filed a copy of the contract and bond for the construction and completion of Section No.1.of the Wood Extension Ditch.

Contract,$974.00,Bond $974.00,Sureties, F.A.McAllister.
Mable McAllister.
Milo Strosnider.

CONTRACT OF CONTRACTOR

Marysville,Ohio.Sept.3,1929.

Section No1.From Station 0.00 to Station 61.00-369.7 rods.Excavating,grubbing,etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has this day sold to F.A.McAllister contractor the work of constructing Section No.1.of said Ditch for the sum of ($974.00(Nine Hundred seventy four Dollars,which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 15th,day of November 1929.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said Contractor shall further be liable for alll delays after the expiration of the time named above for the completion fo the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts shich shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio..

Alvi Graham.
Engineer.

F.A.McAllister,
Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and M.J.McAllister and Milo Strosnider as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($974.00)Nine Hundred seventy four Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 3rd,day of September 1929.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1.of Wood Extension Ditch No.1228 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio,

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
Milo Strosnider.

This Contract and Bond are hereby approved this 9th,day of September 1929.

W.M.Staley.
T.B.Cashell.
G.W.Crandell.
Commissioners of Union County,Ohio.

IN THE MATTER OF THE FULTON CREEK EXTENSION DITCH NO.1229-FILING PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 8th,1929.
Commissioners Journal Vol.21.Page 133.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition praying for the location and construction and dredging of Fulton Creek Extension Ditch No.1229 located in York,Claibourn and Leesburg Townships,Union County,Ohio,the general description which is as follows,Beginning near the bridge in the Kinney Gravel Road in Claibourne Township and on the lands of Otis Durfey,being in the line of Fulton Creek;thence with said Creek straightning the channel thereof in a practical manner and changing sufficiently to take out the abrupt bends in an easterly course passing through the lands of Otis Durfey,D.M.& M.W.L. Worthington,R.B.Ross,J.W.& A.M.Kinnikin,Ralph B.And Margaret Dildine,thence easterly through and along the lands of J.E.Cramer,Adam Rider,arthur & Myrtle Waterman,Frank Dilsaver,Louisa Mather,D.&.D.L.Cushman,Ora Neil,Isaac Smart,Walter T.T.Hartman,William Freshwater and others to the Delaware County line.

As provided by Section No.6442 G.C.Of Ohio,we hereby fis the 8th,day of May 1929 as the tir time for viewing the proposed improvement,and also fix the 22nd,day of May 1929 at 10:00 o'clock A.M.as the time and place for the first hearing thereon.

On question of adoption of the foregoing the result of the vote on roll call was follows, Staley "aye",Crandell "aye" and Cashell "aye".

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS:That we J.E.Cramer,Mrs J.E.Cramer and Arthur Waterman are held and firmly bound unto the State of Ohio,in the sum of Five Hundred Dollars,to the payment of which we jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 20th,day of March 1927.

The condition of the above obligation is such that whereas,on the 20th,day of March 1927 the above bound J.E.Cramer and others filed their petition with the County Auditor of Union County,Ohio.making application to the County Commissioners,praying for the re-construction,petitioned for by J.E.Cramer,Arthur Waterman and others;the following is the course and termini of said proposed improvement ,to-wit;Commencing near the Bridge on the Kinney Gravel Road in Claibourne Township and on the lands of Otis Durfey,being in the line of Fulton Creek; Thence with said creek straightning the channel thereof in a practical manner and changing sufficiently to take out the abrupt bends in an easterly course passing through and along the lands of Otis Durfey,D.M.& M.L.W.Worthington,R.B.Ross;thence southerly across the lands of R.B.Ross,D.W.Bwckley,J.W.& A.M.Kinnikin,Ralph B.& Margaret Dildine,J.E.& Nina Cramer and others crossing the Blair Gravel Road thence easterly through and along the lands of J.E.Cramer,Adam Rider Heirs,Arthur & Myrtle Waterman,Frank Dilsaver,Lousia Mather,D.& L.Cushman,Ora Neel, Isaac Smart,Walter T.R.Hartman,William Freshwater and others to the Deleware County,Line.

Now if the said J.E.Cramer will pay all costs,if the prayer of the petition is not grant or if daid petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

J.E.Cramer.
Mrs.J.E.Cramer.
William Hickook.

IN THE MATTER OF THE FULTON CREEK EXTENSION DITCH NO.1229-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,May 22nd,1929.
Commissioners Journal.Vol21.Page 149.

The Board of County Commissioners of Union County,Ohio,Messrs,Crandell,Cashell and Staley being present met this day in special session for the hearing on Fulton Creek Extension Ditch No.1229.after some discussion on the matter it was moved by Mr.Crandell that the petition for the improvement of the Fulton Creek Extension Ditch No.1229 be dismissed,under Section No. 6451 G.C.of Ohio,for the reason that in our opinion the cost of said proposed improvement would be greater than the benefits derived of said proposed improvement is constructed.

COPY OF PETITION

To The Board of County Commissioners,
Union County,Ohio.

Gentlemen:

The undersigned petitioners to your Honorable Board represent as follows;That th they are owners of lots and lands in Claibourne Township,Union County,Ohio,living along and adjacent to Fulton Creek,which will be drained and benefited by the improvement of the channel of said Fulton Creek by straightning,widening and deepning the same,along the following route in said County,to-wit;

Commencing near the Bridge on the Kinney Road in Claibourne Township,,and on the lands of Otis Durfey,being in the line of said Fulton Creek;thence with said Creek, straightning,the channel thereof in a practical manner and changing sufficiently to take out the abrupt curves,in and easterly direction passing through the lands of Otis E.Durfey,D.M.& M.L. Worthington,R.B.Ross;thence southerly across the lands of R.B.Ross,D.W.Beckley,J.W.& A.M.Kinnikin Ralph B.& Margaret Dildine,J.E.& Nina Cramer,and others crossing the Blair Gravel Road;thence east easterly through and along the lands of J.E.Cramer,Adam Rider heirs,Arthur andMyrtle Waterman Frank Dilsaver,Louisa Mather,D.& L.A.Cushman,Ora Neel.Isaac Smart,Walter T.R.Hartman,G.E.Freeman, William Freshwater,and others to the Deleware County line.

Your petitioners further say that the said Fulton Creek is a living stream or creek within said County,Ohio;that the improvement of the channel of that portion of said stream or creek,above described,by straightning,widening and deepning is necessary to drain lots and lands public roads and railroads adjacent thereto and to carry off the surplus water which accumulates upon and covers the greater part of said land during winter,spring and the first part of summer,rendering the same unfit for occupancy or cultivation and producing unhealthy conditions injurious to the welfare of the public and the inhabitants of the neighborhood thereof;that in consequence of the increasing amount of tiling and improved drainage of the lands draining into the said creek above described,the bottom lands and the low lands adjacent thereto are frequently flooded causing great destruction of crops and the deposits of quanities of unwholesome and noxious decayed animal and vegetable matter and said flooded conditions are growing worse from year to year.

Petition continued

Your petitioners say that the improvement of the channel of Fulton Creek by straightning, widening and deepning,will be conducive to public health and welfare by preventing and flooding and overflow and said noxious and unwholesome conditions.

Petitioners Names.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we J.F.Wood,Bent Cahill and I.Z Zuspan are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs, executors and administrators.

Signed by us and dated this 18th,day of March 1929.

The condition of the above obligation is such,that,whereas,on the day of 19 tha abo above bound J.F.Wood,Bent Cahill and I.Z.Zuspan filed their petition with the Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a Single County Ditch,located in Claibourne Township petitioned for by J.F.Wood,H.C.Stiggers,Guy Cramer et al;the following is the course and termini of said proposed improvement,to-wit; Commencing at the outlet of the tile on the Ottawa Run Ditch in Claibourne Township,at the north side of the Richwood & Hoskins Improved Road;thence following said open ditch through and along the lands of J.M.Hughes,Maud Hughes A.E.Fields,Verne & B.E.Shirk,Frank McDaniel,Hulda & William Decker,E.B.& Ada Taylor,and others,to and across the Marysville & Marion State Road ,or far enough to give a good and sufficient outlet.

Now,if the said J.F.Wood and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed, then thisnobligation to be void; otherwise to remain in full force and virtue in law.

J.F.Wood.
Bent Cahill
I.Z.Zuspan.

The above bond is approved this 24th,day of April 1929.

Eber N.Dillon,
County Auditor.

Auditor's Vault No.500 OTTAWA RUN DITCH NO.1230 Transcribed June 19,1946.

SPECIFICATIONS.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 15 feet to the left thereof and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindichlar and must be true and smooth.All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed fro the ditch,even if they do not come within the bounds herein specified, and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 3 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom,must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 15 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right way shall be 30 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood.etc,shall be cleared away from the ditch banks to a distance of 20 feet therefrom.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers if work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

This Section No.1.must be completed on or before the 1st,day of May 1930.

IN THE MATTER OF THE OTTAWA RUN DITCH NO.1230-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 3rd,1929.
Commissioners Journal Vol.21 Page 152.

The Board of County Commissioners met this day in special session with all of the mambers present and also Eber N.Dillon Clerk of the Board present,for the first hearing in the matter of the said Ottawa Run Ditch No.1230,located in Claibourne Township,Union County,Ohio,after some discussion of the matter there was two requests asked for that was not included in the original petition,they were added,First request as follows, we the undersigned land owners on the Ottawa Run ditch,petitioned for by J.F.Wood et al.request that the tile on the upper part of said ditch be repaired and put in proper condition.

Signed;
J.F.Wood.
I.C.Zuspan.

Second request;

We the undersigned interested land owners on the Ottawa Run ditch,located in Claibourne Township,Union County,Ohio,petitioned for by J.F.Wood et al,request for a lateral of said ditch commencing at the outlet of the tile on the lands of Ralph Lenox;thence following the open part of said ditch across the lands of Perry Baker,Q.M.Fields,et al to the Main Ditch.We also ask that this part of said ditch be improved by cleaning out deepened etc.

Signed;
C.O.Griffith.

It was moved by Mr Crandell seconded by Mr.Cashell that we adjourn said hearing until the lateral can be viewed,and the date for view set for June 14th,1929 at 10:00 o'clock A.M. and the hearing on same set for June 17th,1929 at 10:00 o'clock A.M.

The vote on the follosing is as follows,Staley "aye",Cashell "aye" and Crandell "aye".

IN THE MATTER OF THE HEARING ON OTTAWA RUN DITCH NO.1230-ADJOURNED MEETING

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 17th,1929.
Commissioners Journal Vol.21.Page 163.

Pursuant to adjournment of June 3rd,1929,said matter came on this day for further consideration and after some consideration of the said matter it was moved by Mr.Cashell that we adjourn the said hearing on Ottawa Run Ditch to July 24th,1929,and order the Engineer to investigate the request for the repairs of the tile and make a report at the set time or July 24th,1929.

Mr.Staley seconded the motion and on roll call the vote was as follows,Crandell "aye", Cashell "aye" and Staley "aye".

INTHE MATTER OF THE PLANS AND SPECIFICATIONS OF THE OTTAWA RUN DITCH NO.1230.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Oct.28,1929.
Commissioners Journal Vol.21.Page 204.

Alvi Graham,County Surveyor this day filed the plans and specifications on the Ottawa Run Ditch No.1230,and the County Commissioners have hereby fixed the 26th,day of November 1929 at their office Marysville,Ohio,at 10;00 o'clock A.M. at their office as the time and place for the hearing on same.

REGULAR SESSION ADJOURNED OF OTTAWA RUN DITCH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Nov.26,1929.
Commissioners Journal Vol.21.Page 212.

The Board of County Commissioners met this day in special session with the following members present,Messrs.Crandell and Cashell Commissioners and Eber N.Dillon clerk of said Boardpresent,a after the reading of the minutes of the preceeding meetings the following business proceedings were had.

Pursuant tomthe mailing of notices of the final hearing of the Ottawa Run Ditch No.1230 The Board met this day for consideration in the matter of the assessments,after some discussion it was moved by Mr Cashell seconded by Mr.Crandell that we approve the assessments as read as there were no objections filed,and the County Auditor is hereby directed to place the several asse assessments on as special duplicate and certify same to the County Treasurer for collection in semiannual installments.

On question of the foregoing the following vote was had,Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF E.E.KOFFROTH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.April 14,1930
Commissioners Journal Vol.21.Page 243.

The contract and Bond of E.E.Koffroth for the construction and completion of Section No.1.of the Ottawa Run Ditch was filed this day for their approval of the County Commissioners ontract $368..00,Bond $370.00,Sureties E.E.Koffroth.
E.P.Hull.
N.W.Spratt.

On question of adoption of the foregoing the vote was follows,Staley "aye",Crandell "aye and Cashell "aye".

CONTRACT OF CONTRACTOR.

Marysville,Ohio.December 7,1929.

Section No1. From Station 0.00 to Station 28.00
Excavating and grubbing.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement that after notice of legal sale,he has this day sold to E.E.Koffroth contractor the work of constructing Section No.1 of said ditch,for the sum of ($368.00)Three Hundred sixty eight Dollars which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance to said Engineer and the Commissioners of Union County,Ohio on or before the 1st,day of April 1930.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervisoin of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

E.E.Koffroth, Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That E.E.Koffroth as principal and E.P.Hull and N.W. Spratt as sureties,are held and bound unto the State of Ohio,for the use of Union County,inthe penal sum of ($370.00)Three Hundred Seventy Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 7th,day of December 1929.

The condition of this obligation is such,that whereas the above bound E.E.Koffroth has this day bid off the work of constructing Section No.1 of Ottawa Run Ditch No.1230,and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, other wise to be in full force and effect in law.

E.E.Koffroth.
E.P.Hull.
N.W.Spratt.

This Bond and Contract are hereby approved this 14th,day of April 1930.

W.M.Staley.
T.B.Cashell.
G.W.Crandell
Commissioners of Union County,Ohio.

IN THE MATTER OF THE BLUES CREEK DITCH NO.1231-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.June 10,1929.
Commissioners Journal Vol 21.Page 155.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by Mr.W.F.Anderson et al praying for the location and construction or re-construction and deepening etc,of Blues Creek ditch in Taylor and Leesburg Townships,Union County,Ohio, the general description is as follows;beginning at the junction of the Barnett Ditch No.1225 with Blues Creek in Taylor Township,on the lands of W.H.Goff;thence with said Blues Creek through and along the lands of Louis Freeman,Elma A.Johnson,R.H.Willis,crossing State Route 31;thence onto and across the lands of W.H.Goff,John Kearns,Samantha Blue,etal,W.H.Eliott,William F. Anderson,Josephine B.Richey,et al and Howard Hall;thence into Leesburg Township through and along the lands of Richard and Merle Simpkins,E.J./and Mary Rhinehart,Fred H.& Anna E.Kandel,Joseph White George and carrile Ppphile.E.W.Dangler,Perry and Hellen Comisford,Henry Barber,Enos J.Rausch, C.W.McLaughlin,Rose Hill,and otherso or far enough to give a good and sufficient outlet,the following is the nature fo the work petitioned for;cleaning out and deepening.

As provided by section of the Geberal Code of Ohio,we hereby fis the 10th,day of July 1929, at 10:00 o'clock A.M.as the time for viewing of the said proposed imptovement,beginning at the upper terminus thereof,and continuing to the outlet or as far as petitioned for,and we also fix the 17th,day of July 1929 at 10:00 o'clock A.M.1929,at the office of the County Commissioners, Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows,Crandell "aye" Cashell "aye" and Staley "aye".

The Petitioners state that the construction of the proposed improvement is necessary and would be conducive to the general public.

Names and addresses,where known, of all landowners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

BOND OF PETIONERS

KNOW ALL MEN BY THESE PRESENTS:That William Anderson,Mame L.Anderson and D.H.Moore are held and firmly bound unto the State of Ohio,in the sum of($300.00)Three Hundred Dollars to the payment of which sum.well and truly to be made.we do hereby jointly and severally bind ourselves our heirs,executors and administrators.

Signed by us and dated this day of 1929.

The condition of the above obligation is such,that,whereas,on the day of 19 the above bound William F.Anderson et al filed their petition with the County Auditor of Union County,Ohio.making application to the County Commissioners,praying for the reconstruction of Blues Creek.

Petitioned for by William F.Anderson and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at the junction of the Barnett Ditch No. 1225 with Blues Creek in Taylor Township on the lands of W.H.Goff;thence with said Blues Creek through and along the lands of Elma Johnson,R.H.Willis,crossing State Road No.31;thence onto and across the lands of W.H.Goff,John W.Kwens,Samantha J.Blue,et al,W.H.ElliottmWilliam F.Anderson. Josephine B.Richey et al,and Howard Hall;thence into Leesburg Township through the lands of Richard & Merle Simpkins,E.J.&Mary Rinehart,Fred H.& Anna E.Kandel,Joseph White.George & Carrie Opphile,E.W.Dangler,Perry & Helen Comisford,Henry Barber,Enos J.Rausch,C.W.McLaughlin,Rose Hill, and others,or far enough to give a good and suffi ient outlet.

Now if the said William F.Anderson and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismeissed,then this obligation to be void;otherwise to remain in full force and virtue in Law.

W.F.Anderson
Mame L.Anderson.
D.H.Moore.

The above bond is approved this day of 19.

County Auditor.

Auditor's Vault Box No.511 BLUES CREEK DITCH NO.1231 Transcribed June 24,1946.

NOTICE TO LANDOWNERS.

Auditor's Office Union County,Ohio.
June 10th,1929

Landowners affected by
Blues Creek Ditch No.1231.

W.F.Anderson et al has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the junction of the Barnett Dich No.1225 with Blues Creek in Taylor Township on the lands of W.H.Goff,thence with said Blues Creek through and along the lands of Elma Johnson, R.H.Willis,crossing state Route No.31.thence onto and across the lands of W.H.Goff, John W. kerns,Samantha J.Blue,et al,W.H.Elliott,William F.Anderson,Josephine B.Rochey and Howard Hall, thence into Leesburg Township through and along the lands of Richard & Merle Simpkins, E.J.& Mary Rinehart,Fred H. and Anna E.Kandel,Joseph White.Geo. and Carrie Opphile,E.W.Dangler,Perry and Helen Comisford,Henry Barber,Enos J.Rausch,C.W.McLaughlin,Rose Hill et al,or far enough to give a good and sufficient outlet.

The County Commissioners will view the proposed improvement on the 10th,day of July 1929;commencing at the beginning thereof at 10 o'clock A.M. and the first hearing thereon will be held at the office of theCounty Commissioners,Marysville,Ohio,on the 17th,day of July,1929 at 1o o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

To the Honorable Board of Commissioners of
Union County,Ohio.

We the undersigned citizens and tax payers of said county who are especially taxed for the proposed construction of the Blues Creek Ditch,hereby ask that the said proposed improvement be postponed for at least two years for the following reasons.

First;
That the estimate cost of said improvement will cost more than $20000.00,which will be assessed against the land owners along the line of the improvement.an amount considerable more than anticipated by the petitioners.

Second;
That if said improvement is done at this time it will create burdens upon the herein named tax payers,which together with what they are already required to meet,will subject them to great hardships and in some cases may cause a sacrafice of their homes.

Third;
If this improvement is postponed for a term of two years,the undersigned tax payers will undoubtedly be in a better condition to meet this assessment.

REQUESTS

Marysville,Ohio.July 17th,1929.

In the matter of the Blues Creek Ditch petitioned for by W.F.Anderson and others, we the undersigned interested land owners request a lateral to said ditch as follows;commencing at the outlet of the tile on the Willis Ditch in Taylor Township on the lands of Harvey Donohoe; thence with the open ditch through and along the lands of Harvey Donohoe,Maud Long,Arthur Hartshorn,Albert Phipps,Sarah Wialiams ,W.F.Anderson and others to Blues Creek.
We ask that this lateral be improved by cleaning out deepening,widening etc.

Harvey Donohoe.
J.J.Watts
S.G.Watts.
Burt Yearsley.
D.J.Sanderson.

Marysville,Ohio.July 17th,1929.

In the matter of the Blues Creek Ditch,we the undersigned interested land owners request a lateral to sais ditch,commencing at a junction of two branches of the Ballinger Ditch on the lands of Garfield Robinette lands,thence easterly with said ditch through and along the lands of said Robinette,James Fogle,Albert Martin,Howard McAdow and others to Blues Creek.

H.R.McAdow.

Marysville,Ohio.July 17th,1929

We the undersigned interested land owners,request a lateral to said Blues Creek, Commencing at the outlet of the tile on the Wolford Ditch;thence with the open part of the said ditch,through and along the lands of Rosa Scott,F.C.Groom,J.N.Collins and others to Blues Creek.

Ernest Wolford.

REQUESTS CONTINUED.

To the Board of Commissioners
Union County,Ohio.

Marysville,Ohio.July 17,1929.

In the matter pertaining to the cleaning out of Blues Creek,I will say that my lands drain into Grassy Brook Ditch No.1217;thence into Blues Creek
I will ask that the present improvement of Blues Creek which you are considering,be carried to at least one-half mile below the outlet of Grassy Brook,or far enough to give a good and sufficient outlet for said Grassy Brook.

Respectfully,
A.C.Wilcox.

County Auditor,
Marysville,Ohio.

Marysville,Ohio.Dec.9th,1930.

Dear Sir;
In regard to construction of the proposed Blues Creek Ditch,the acre of land across the creek will be a total loss because it will not be worth bridging for.We have farmed it and it has raised as much corn as any one acre on the farm,consider the damage $50.00
The water rushing down 8 miles so close to no outlet will possibly spread over about 5 acres of land if it backs up which is to be seen.

Yours truly,
Mrs.Clar Wykoff,
Marysville,Ohio.

IN THE MATTER OF THE BLUES CREEK DITCH NO.1231-FIRST HEARING.

Auditor's Office Union County Ohio.
Marysville,Ohio.July 17th,1929.
Commissioners Journal Vol 21.Page 182.

Pursuant to the view of same the Board of County Commissioners of Union County,Ohio, met this day in special session with the following members present;Messrs.Crandell,Staley and and Dillon present,after some discussion of the subject it was requested by some of the interested tax payers it would be conducive to the general health convenience and welfare of the general public to ask for some laterals on said ditch,and the said requests were granted and the time set for the view of same and hearing on same,August 9th,1929,for the viewing of said laterals,and set August 12th,1929 as the time for hearing on same,Mr.Crandell seconded the motion and on roll call the vote was as follows,Staley "aye",Dillon "aye" and Crandell "aye".

IN THE MATTER OF THE FIRST HEARING ON BLUES CREEK DITCH.

August 12th,1929.
Commissioners Journal Vol.21 Page 189.

Pursuant to adjournment of July 17th,1929,the Board of County Commissioners of Union County,Ohio,met this day for further consideration in the matter of the Blues Creek Ditch, and the view of the laterals that were requested after some discussion of said matter it was moved by MrCrandell that we grant Blues Blues Creek Ditch,along with the laterals No.one and two.the above was seconded by Mr.Dillon and on roll call the vote was follows..Staley "aye", Crandell "aye" and Crandell "aye".

SPECIFICATIONS.

The above improvement and the laterals shall be constructed on the lines as surveyed by the Engineer, and as described in his report and on the profile thereof which profile in its entirety is hereby made a part of these specifications.All stations are 100 feet in length.and at each station a numbered side stake is driven to the right or left of line at such convenient distances as the nature of the case requires.The distance direction of each stake is shown on the profile.These distances right or left are determined in the direction of the survey,i.e looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor unless authorized by these specifications,or on order by the Engineer

All deflections shall be made at points as shown on the profile,in easy curves,shifting center line of ditch at curve to distance proportionate to angle.No angle shall be made except at points designated on profile,and the ditch shall be made straight between angles.A wooden peg is driven to the lefel of the ground surface at the foot of each side stake,and the depths from each of said pegs as at first driven.and as shown by the profile will be the guide for contracting as to the depth of the ditch.All pegs are liable to be raised by the frost,or displaced by other natural causes,and the contractor is required to use due care to discover any such change of position and replace the pegs so moved to their original depths.and in case of his inability to do so he shall call the Engineer's attention thereto.

Each bidder will examine the location of the work and judge for himself as to all circumstances affecting it.

No information derived from official or other sources will relieve the contractor from fulfilling all the conditions of the contract.

RIGHT OF WAY-- The width of rightof way for constructing this improvement shall be 50 feet each sid of center line;but where the line of this improvement crosses,or follows along side of a public road or private driveway,the construction of the work must be so managed as not interfere with travel along said road or driveway.Contractors have the privilege of using the full roght Of way for depositing materials removed in construction,excepting in the case of roads or driveways as stated above.

Valuable timber,fences,growing crops,and other property within the right of way shall be preserved uninjured as far as possible by the contractor.

When in order to properly construct this improvement.it becomes necessary to remove any fences,the contractor will be required to remove said fences to the limits of the right of way, and leave the materials in good condition to be replaced by the landowner after the ditch is constructed.

GRUBBING & CLEARING--All timber,brush and other obstructions which fall within the space required for ditch banks made by new excavation shall be removed.All timber 4 inches in diameter at the stump,and standing within 20 feet of the edge of the bank slopes shall be cut off level with the ground surface.All down timber,logs and brush removed as above required,shall be piled at least 20 feet from embankment,and left in convenient shape for burning.

EXCAVATION---The ditch shall be excavated to the width in the bottom as shown by the profile,The bottom of the ditch shall be cut true and smooth,with uniform grades between changes,as shown by the profile.Ditch banks shall be cut to a regular straight slope from top to bottom,and not steeper in any part than designed by the profile. An excess slope on one bank sill not be allowed to affect a shortage in slope of opposite bank.The width of the ditch on top, as shown by the profile at eash station,is computed from the height of the peg at the station,and the widths so given are correct for that height only.

SPECIFICATIONS CONTINUED.

AMBANKMENT-- All materials obtained in excavation shall be distributed,and the surface shall be left as near level as practicable,the intention being to level the dirt as much as possible as it is being dug,excepting at such places where levees are required.

At all times the Engineer shall have the power to desiginate the places where openings must be lef to be left to allow laterals to empty.If at any place along the improvement the Engineer deems it advisable to place a part or all of the excavated material on either side of the improvement,same shall be done by the contractor.

Side slopes for embankment shall not be made steeper than that specified for the ditch at the same place.All earth or other materials obtained in the excavation must be removed to a distance of not less than 5 feet from edge of ditch on each side.

The old channel must be filled up level with embankment at all places where the said old channel lies wholly outside of the new ditch,and not exceeding thirty feet therefrom.

The term "old channel" as used in this paragraph is understood to mean the channel of ditch or stream which is cut off in making this improvement.No excavated materials shall be placed within the banks of the old channel except at cut-offs.At all culverts and bridge crossings of public roads,the excavated materials must be removed from between abutments.at all points where the ditches lies partly or wholly within the bounds of a dirt road,the excavated materials deposited within said bounds shall be placed along the center thereof so as to form a raod-bed,side slopes true and smooth,and not steeper than 2 feet horizontal to 1 vertical.And in case of Pikes or other gravel roads the materials may be placed along sides of road-bed in such shape to widen and improve thesame if approved by the Engineer.

OUTLETS-- Contractors will be required upon the completion of each Section, to remove all silt and other obstructions which may have collected in the bottom of the ditch on the next section below,after the same was completed and accepted to a distance of 500 feet below the upper end of saod lowersection.

REPAIRS****Each contractor will be required to keep his work in good repair until the same is fully completed and accepted by the Engineer:also all work and materials are to be at the risk of the contractor until accepted by the Engineer.

ESTIMATES---

Estimates shall be made as the work progresses;but proportionate estimates will not be made on any section unless the whole job amounts to mare than 1000 cubic yards.

Estimates will not be made until at least 25 per cent of the contract is completed in accordance with the specifications and the County Auditor will upon the presentation for not more than 75 per cent of the amount,and and the Treasurer will pay the same out of any funds in the treasury applicable to such purposes.Upon the completion of any section or contract, and the acceptance of the same by the Engineer,final estimates will be given.

REQUIREMENTS*

Each contractor will be required to furnish all labor and materials necessary to do all the work in a speedy and workmanlike manner,within the time specified in hsi contract.

No extra compensation will be allowed except for such work or materials as have herein specially provided for.Any contractor failing to fulfill his contract within the time specified, will thereby forfeit his contract and become liable on his bond for all damages or losses caused by reason of such failure,but the Commissioners may for good cause give further time to the contractor not to exceed 120 days,an extension of time by the Commissioners,as above set forth, will be made in writing,and copies thereof will be furnished by them to the contractor and Engineer.

SUPERVISION--

All the foregoing work shall be done under the immediate supervision and direction of the Engineer,and all work and materials shall be made to his satisfaction,and the Board of County Commissioners.When the term "Engineer" is used it is held to mean County Engineer of Union County,Ohio,or his Deputy.

The Engineer's decisions and directions and certifications on all matters pertaining to this work shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

All measurements of quantities and inspection of materials shall be made by the Engineer,and his measurements so made and his acceptance or rejection of materials shall be final and conclusive as between parties.Final examination for acceptance of completed contracts will be made within 10 days after date.The contractor shall have notified the Engineer in writing that his contract is completed.Any contractor causing examination as above described to be before any part of his work is finished will be charged with the Engineer's fees,and all other costs accruing therefrom and said fees and costs shall be deducted by the Engineer from the contract price on settlement.

BRIDGES--

Whenever it becomes necessary for the proper construction of this improvement to remove a county or private bridge,the same shall be done at the contractor's expense,and in a manner approved by the Engineer.

Should any of the parts be damaged in moving they shall be replaced at the expense of the contractor.All bridges shall be replaced in as good condition as when taken down,and to the satisfaction of the Engineer.

The contractor shall notify the Engineer of his situation of moving a county bridge at least 5 days before moving same.Therefore the Engineer and the contractor shall jointly examine the bridge to agree upon the condition of same before moving,and decide upon the best manner of moving same.

The contractor shall have permission to move a county bridge as soon as necessary for the proper construction of the improvement,provided said bridge shall not be out of use by the general public mare than 15 days.The County will consider itself damaged to the extent of 25 dollars per day for each day exceeding the above 15 days unless the Commissioners order that said bridge shall not be replaced.

The contractor shall replace all barricades necessary for proper protection of the public and shall be responsible for all damage that may occur due to hsi disobedience of this claim.

The contractor shall not transfer or assign this contract,or sub-let any part of the work without first securing the written consent of the Engineer and Commissioners.

TRENCH--The trench shall be of the following widths--From Station 464 to Station 380.00 10 Feet

From Station	380	to Station	295.00	9	feet
"	295	"	"	214.00	8	"
"	214	"	"	126.00	7	"
"	126	"	"	49.00	5	"
"	49	"	"	00.00	4	"

Said Section No.1 must be completed on or before the ist,day of October 1931.

Auditor's Vault Box No.511 BLUES CREEK DITCH NO.1231 Transcribed June 27,1946.

ESTIMATED COST.

SECTION NO.1.
Consisting of excavating & grubbing Open Ditch.

From Station 0.00 to Station 464		
55600 cu.yd excavation @ 30¢	$15575.80	
Grubbing	850.00	
Total		16125.80

Auditor's Vault Box.No.500 TOSSEY DITCH NO.1232 Transcribed July 12.1946

IN THE MATTER OF THE TOSSEY DITCH NO.1232-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 1st,1929.
Commissioners Journal Vol.21.Page 177.

The County Auditor this day delivered to the County Commissioners a copy of a ditch petition filed by Iro Tossey praying for the location and construction or re-construction of the following described ditch located in Millcreek Township,Union County,Ohio,commencing at the east side of the Watkins and New Claifornia Road and in the line of the Tossey Ditch in Millcreek Township,thence following the open part of said ditch crossing said road and onto the lands of Samuel Ebright, far enough to give a good and sufficient outlet for the lands drained therein,also for the repair of the tile part of said ditch,

The following is the nature of the work petitioned for,cleaning out,deepening and straightening and widening.

As provided by Section of the General Code of Ohio,we hereby fix the 26th,day of July 1929,at ten o'oclock A.M.as the time for the view of the said ditch beginning at the upper termini thereof,and continuing to the outlet or as far as petitioned for,and we also fix the 29th,day of July 1929,at ten o'clock A.M.at the office of the County Commissioners in Marysville as the place for the hearing on same.

On question of adoption of the foregoing the following vote was had,Mr.Crandell "aye", Mr.Cashell "aye" and Mr.Staley "aye".

COPY OF PETITION.

Marysville,Ohio.July 1,1929.

Petition for the construction of a single County Ditch located in Millcreek Township, Union County,Ohio.

To the Honorable Board of Commissioners
Union Count ,Ohio.

The undersign hereby petition your honorable body for the reconstruction of a Single County Ditch in Millcreek Township on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,tO-wit;

Commencing at the east side of the Watkins and New California Road and following the line of the Tossey Ditch in Millcreek Township;thence following the open part of said ditch crossing said road and onto the lands of Samuel Ebright,far enough to give a good and sufficient outlet for the l lands drained therein, also for the repair of the tile part of said ditch.

The following is the nature of the work petitioned for;cleaning out,deepening and widening etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damages by the construction of the proposed improvement.

Samuel Ebright	Marysville	James Ebright	Marysville
Martha Edwards	"	Harlan Gorden	Ostrander
Marion P.Haggard	Ostrander	Frank D.Henderson	Columbus
John Murphy	Ostrander	Chas,Owen	Marysville
M.Thomasia Sweeney	Amline	Frank Tossey	"
Iro Tossey	Marysville	Lemuel Tossey	"
Union County.			

Service of notice of Filing the petition shall be obtained;by

Iro Tossey,
Petitioner

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That we IroTossey,E.C.Low and F.M.Gilcrest are held and firmlu bound unto the State of Ohio,in the sum of Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 1st,day of July 1929.

The condition of the above obligation is such,that,whereas,on the 1st,day of July 1929 the above bound Iro Tossey filed his petition with the County Auditor of Union County Ohio,making application to the County Commissioners,praying for the reconstrution of a County Ditch petitioned for by Iro Tossey and others;

Commencing at the east side of the Watkins and New California Road and in the line of the Tossey Ditch in Millcreek Township;thence following the open part of said ditch crossing said road and onto the lands of Samuel Ebright far enough to give a good and sufficient outlet for the lands drained therein,also for the repair of the tile part of said ditch.

The following is the nature of the work petitioned for;cleaning out,deepening,widening etc.

Now if the said IromTossey will pay all costs,if the prayer of the petition is not granted or if for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

Iro Tossey.
E.C.Low.
F.M.Gilcrest.

Auditor's Vault Box No.500 TOSSEY DITCH NO.1232 Transcribed July 12,1946.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
July 1st,1929

Landowners affected by
Tossey Ditch No.1232

Iro Tossey has filed a petition requesting the improvement of a ditch beginning at the east side of the Watkins and New California Road and in the line of the Tossey ditch in Millcreek Township;thence following the open part of said ditch crossing said road onto the lands of Samuel Ebright,far enough to give a good and sufficient outlet for the lands drained therein,also for the repair of the tile part of sadd ditch.

The County Commissioners will view this proposed improvement on the 26th,day of July 1929,commencing at the beginning thereof at ten o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,at ten o'clock A.M. the 29th day of July 1929.

Applications for the granting of the above improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

REQUEST FOR EXTENSION

Marysville,Ohio.July29,1929.

To the Commissioners of Union County,

I hereby request that the Tossey ditch in Millcreek Township,be extended on and through the lands of Frank Harriott and Rollin Conklin or far enough to give a sufficient outlet.

Frank Harriott.

IN THE MATTER OF THE TOSSEY DITCH
NO.1232-FIRST HEARING.

County Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 29th,1929.
Commissioners Journal Vol.21.Page 187.

The Board of County Commissioners of Union County,Ohio,met this day in special session, with the following members present,Crandell,Cashell and Staley Commissioners and Eber N.Dillon clerk of said board present,for the first hearing on the Tossey Ditch No.1232,after some discussion of said matter it was moved by Mr.Crandell and seconded by Mr.Cashell that we adjourn said hearing until August 24th,1929,until the County Surveyor can make a report on the new terrotory that is to be taken in on the main ditch,and they also set the time for hearing on same August 26th ,1929 at 10:00 o'clock A.M.

On question of adoption of the foregoing the following vote was had,Staley "aye, Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE ADJOURNED MEETING
OF TOSSEY DITCH NO.1232.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.August 26th,1929.
Commissioners Journal Vol 21 Page 195.

Pursuant to adjournment of July 29th,the board of County Commissioners of Union County, Ohio,met this day for further consideration in the matter of the extensions of said Tossey Ditch No.1232,after some discussion on said matter it was moved by Mr.Cashell seconded by Mr. Crandell that it would be conducive to the general health condition and convenience of the public welfare that said extension and main ditch be granted,and on roll call the vote was as follows,Mr.Crandell "aye" and Cashell "aye".

And the County Surveyor Alvi Graham,is hereby directed to prepare and file with this board on or before the day of 1929,the necessary schedule of assessments.

SPECIFICATIONS

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 10 feet tothe right thereof and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth. All loose dirt over-hanging sods and roots and stumps,and debris of every kind must be removed form the ditch,even if they do dot come within the bounds herein, specified,and no branches or offsets are to be left in the sides of the ditch.

The trench shall be 3 feet wide on the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 15 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the samed lie within 20 feet of the bank slopes,and spread.leaving the surface in good condition for farming.

The right of way shall be 30 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber.floodwood,etc,shall be cleared away from the ditch banks to distance of 20 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers when work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not progressing properly.

The Engineers directions and decisions on all matters pertaining to the ditch,shall be final and conslusive,unless countermanded by a majority of the Board of County Commissioners.

Said Section No.1-2-3 must be completed on or before the 1st,day of April 1930.

Auditor's Vault Box No.521 KEZERTEE DITCH NO.1233 Transcribed July 19,1946.

IN THE MATTER OF THE KEZERTEE DITCH NO.1233-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 8,1929.
Commissioners Journal Vo.21.Page 180

The County Auditor this day delivered to the County Commissioners of Union County a copy of a ditch petition filed by Julius Kezertee praying for the location and construction of a ditch located in Taylor Township,Union County,Ohio,the description which is as follows;beginning at a stake in a basin on the lands of Julius Kezertee,and about 30 rods east of the lands of Ettie Hamilton, thence westerly crossing the lands of Julius Kezertee and the said Ettie Hamilton and Lewis I. Amrine,thence crossing crossing the gravel road and onto the lands of V.V.Shirk and R.D.Shirk.thence crossing the Marysville and Kenton State Road.

As provided by section of the G.G. of Ohio,we hereby fix the 31st,day of July 1929 at ten o'clock A.M.as the time for the view of said ditch,beginning at the upper terminus thereof and co continuing to the place petitioned for,and we also fix the 5th,day of August 1929,at ten o'clock A.M.at Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the following vote was had,Mr.Crandell "aye2, Mr.Cashell "aye" and Mr.Staley "aye".

COPY OF PETITION

To the Honorable Board of Commissioners
Union County,Ohio.

Marysville,Ohio,July 5,1929

The undersigned hereby petition your honorable body for the construction of a single county ditch on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the courese and termini of said proposed improvement,to-wit;
Commencing at a stake in a basin on the lands of Julius Kezertee,and about 30 rods east of the lands of Ettie Hamilton;thence westerly crossing the lands of Julius of Julius Kezertee and the said Ettie Hamilton.and Lewis I.Amrine;thence crossing the gravel road and onto and across the lands of V.V.& R.D.Shirk;thence crossing the Marysville and Kenton State Road.

The following is the nature of the work petitioned for;Improved by tiling,using tile of sufficient capacity to properly drain the land drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Service of Notice of Filing of Petition shall be obtained by mailing notices and publication as provided in Section 6447.

Julius Kezertee,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS:That we Julius Kezertee,Bert Hamilton and R.D.Shirk are held and firmly bound unto the State of Ohio, in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us thsi 1st,day of July 1929.

The condition of the above obligation is such,that,whereas, on the day of 19 the above bound Julius Kexertee and others filed his petition with the County Auditor of Union County,Ohio,making application to the Commissioners,praying for the reconstruction by tiling of a single county ditch in Taylor Township petitioned for by Julius Kezertee and others;

The following is the course and termini of said improvement,to-wit;
Commencing at a stake in a basin on the lands of Julius Kezertee,and about 30 rods east of the lands of Ettie Hamilton ;thence westerly crossing the lands of said Julius Kezertee and Ettie Hamilton and Lewis I.Amrine;thence crossing the gravel road and onto the lands of V.V.& R.D.shirk; thence crossing the Marysville and Kenton State Road.

Now,if the said Kezertee,Hamilton and Shirk will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation to be void;otherwise to remain in full force and virtue in law.

Julius Kezertee.
Bert Hamilton.
R.D.Shirk.

This Bond is hereby approved this day of 19

Auditor's Vault Box No.521 KEZERTEE DITCH NO.1233 Transcribed July 19,1946.

NOTICE TO LANDOWNERS

Landowners affected by
Kezertee Ditch No.1233.

Auditor's Office,July 10th,1929.

Julius Kezertee has filed a prtition with the County Auditor requesting the improvement of a ditch beginning at a stake on the lands of Julius Kezertee,and about 30 rods east of the lands of Ettie Hamilton;thence westerly crossing the lands of Julius Kezertee and the said Ettie Hamilton and Lewis I.Amrine,thence crossing the gravel road and onto the lands of V.V.Shirk thence crossing the Marysville and Kenton State Road.

The County Commissioners will view this proposed improvement on the 31st,day of July 1929;commencing at the beginning there of at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio, on the 5th,day of August 1929 at ten o'clock A.M.

Applications for the granting of the above improvement,remonstrances against or petitio for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of the ditch.

Respectfully,

Eber N.Dillon,Auditor.

REQUESTS

Marysville,Ohio.Sept.9,1929

To the Commissioners of
Union County,Ohio.

Gentlemen;

In the matter of the Kezertee Ditch in Taylor Township,we the undersigned interested landowners on said ditch request that said ditch be extended across the lands of Milliard Bonnett and the lands of M.L.Staley to a point about 10 or 20 rods north of the lands o: of said M.L.Bonnett.

M.L.Staley
M.C.Bonnett.

IN THE MATTER OF THE KEZERTEE DITCH NO.1233-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Aug,5th,1929
Commissioners Journal Vol.21 Page 188

Pursuant to mailing notices and the viewing of said ditch the Board of County Commissioners of Union County,met this day in special session for the first hearing on same after careful examination of the petition and found that it would be conducive to the general health convenience,and finding that all benefited land owners had been notified according to law it was moved by Mr.Cashell seconded by.Mr.Crandell that we grant said petition as asked,and on roll call the vote was as follows,Mr.Staley "aye",Cashell "aye" and Crandell "aye".

IN THE MATTER OF THE WOLF RUN
DITCH NO.1234-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 15,1929.
Commissioners Journal Vol.21 Page 182.

The County Auditor this day filed with the Board of County Commissioners a copy of a ditch petition filed by J.I.Myers,praying for the location and construction of a single county ditch,located in Dover Township,Union County,Ohio,the description of which is as follows, commencing at the outlet of the tile on the Wolf Run Ditch in Dover Township and on the north side of the Marysville and Delaware road;thence following said open ditch through and along the lands of Alice Finnin,R.J.& I Rowlands crossing under the C.C.C.& St.L.Railroad and the lands of Clark Rickard and others far enough to give a good and sufficient outlet for the lands drained therein.

As provided by Section of the General Code of Ohio,The County Commissioners hereby fix the 13th,day of August 1929.A.M.as the time for the view of same and also fix the 19th,day of August 1929,at ten o'clock A.M.at the office of the Commissioners,Marysville, as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye".

SPECIFICATIONS

OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 15 feet to the right thereof and straight,except at the angles,which shall be made in easy,rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to 1 perpindicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stale as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 20 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right of way shall be 35 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cleared away from the banks to distance of 20 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for same at the rate of the purchase bid.

The contractor will be required to use dump scrapers if work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

Said Section No.1 must be completed on or before the 14th,day of December 1929.

IN THE MATTER OF THE WOLF RUN DITCH
CONTRACT AND BOND OF OLIVER COWGILL.

Auditor's Office,Union County, Ohio.
Marysville,Ohio.Dec.9th,1929.
Commissioners Journal Vol.21 Page 215.

The said Oli ver Cowgill this day filed a copy of a contract and bond for the construction of Section No.1 of the Wolf Run Ditch No.1234 with the Board of County Commissioners for their approval,Contract,$396.00,Bond $477.00,Sureties ,Oliver Cowgill,Sherman Cowgill and Evah Winter.

CONTRACT FOR CONSTRUCTION OF SECTION NO.1.

Marysville,Ohio.November 16,1929

Section No.1-From Station 0.00 to Station 35.00-221.1 rods.

Excavation-Grugging etc.

It is hereby certified by Alvi Graham the duly appointed Engineer.of the said improvement that after legal notice of sale.he has this day sold to Oliver Cowgill contractor the work of constructing Section No.1 of said ditch for the sum of ($396.00) Three Hundred Dollars.which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County.on or before the ist.day of January 1930.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsman according to law.

And the said contractor shall further be liabel for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which ma may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer.

Oliver Cowgill, Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That Oliver Cowgill and Sherman Cowgill and Evah Winter as sureties,are held and bound unto the State of Ohio.fornthe use of Union County.in the penal sum of ($477.00)Four Hundred seventy seven Dollars.for the payment of which we jointly and severally bind ourselves by these presents this 16th,day of November 1930.

The condition of this obligation is such,that whereas the above bound has this day bid off the work of constructing Section No.1.of Wolf Run Ditch No.1234 and has entered into the above contract.subject to the approval of the Commissioners of Union County,Ohio.

Now.if the said contractor shall well and truly perform the obligations of said contract. and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void. otherwise to remain in full force and effect in law.

Oliver Cowgill
Sherman Cowgill
Evah Winter.

This Contract and Bond are hereby approved this 2nd.day of December 1929.

Auditor's Vault Box No.298. STIERHOFF DITCH NO.1235 Transcribed July 25,1946.

IN THE MATTER OF THE STIERHOFF DITCH NO.1235-FILING OF PETITTON.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 22,1929.
Commissioners Journal Vol.21 Page 184.

The County Auditor this day delivered to the Board of County Commissioners of Union County,Ohio,a copy of a ditch petition praying for the location and construction of a ditch located in Darby Township,Union County,Ohio,the description which is as follows,commencing at the outlet of the tile of the Stierhoff ditch on the west side of the Rausch Gravel road thence following the open part of said ditch westerly crossing the lands of George E.Eirich et al,J.M. Busnold,Henry Volrath,crossing the State Road and onto and across the lands of George H.and Carl Wolpert and others to Buck Run,or far enough to give a good and sufficient outlet for the lands drained therein.we also ask for a lateral commencing on the lands of August Busnold,at the outlet of two lines of tile 8 inch;thence following the open part of said ditch northerly through and along the lands of the said August Busnold,John M.Busnold and George E.Eirich et al to the Main Ditch.

As provided by Section 6444 G.C.of Ohio,the County Commissioners hereby fix the 17th.day of August 1929,at ten o'clock A.M.as the time for the view of same and we also fix the 20th,day of August 1929,at ten o'clock A.M.at the office of the County Commissioners,Marysville.Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows.Crandell "ave",Staley "aye" and Cashell "aye".

COPY OF PETITION

Marysville.Ohio.July 13.1929.

To the Honorable Board of County Commissioners.
Union County,Ohio.

We the undersigned hereby petition your honorable body for the reconstruction,etc.,of a Single County Ditch in Darby Township,Union County,Ohio,on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit: Commencing at the outlet of the tile on the Stierhoff Ditch on the west side of the Rausch Gravel Road:thence following the open part of said ditch westerly across the lands of George E. Eirich et al,J.M.Busnold,Henry Volrath,crossing the State Road.and onto and across the lands of George H.& Carl Wolpert and others to Buck Run or far enough to give a good and sufficient outlet for the lands drained therein.

Also for a lateral:commencing on the lands of August Busnold at the outlet of two lines of 8 inch tile: thence following the open part of said ditch northerly through and along the lands of sid August Busnold,John M.Busnold and George E.Eirich et al to the Main Ditch.

The following is the nature of the work petitioned for;We ask that this ditch be improved by cleaning out.deepening,widening etc.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Service of Notice of Filing the Petition shall be obtained by mailing notice and publication.

Fred Stierhoff,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS:That we Fred Stierhoff,August Bunsold,Mary Stierhoff and J.A.Yealey are held and firmly bound unto the State of Ohio,in the sum of ($200.00) two Hundred Dollars,to the payment of which sum we jointly and severally bind ourselves,our heirs,executors, and administrators.

Signed by us and dated this 13th,day of July 1929.

The condition of the above obligation is such,that,whereas,on the day of 19 the above bound Fred Stierhoff,Mary Stierhoff,August Bunsold and J.A.Yealey filed his petition with the Auditor of Union County,Ohio,making application to theCounty Commissioners,praying for the reconstruction of a Single County Ditch,located in Darby Township,Union County,Ohio, petitioned for by Fred Stierhoff and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of the tile on the Stierhoff Ditch on the west side of the Rausch Gravel Road:thence following the open part of said ditch westerly across the lands of Geo.E.Eirich et al,J.M.Bunsold,Henry Volrath,crossing the State Road,and onto and across the lands of Geo.H.& Carl Wolpert and others to Buck Run,or far enough to give a good and sufficient outlet for the lands drained therein.Also for a lateral commencing on the lands of August Bunsold at the outlet of two lines of 8 inch tile;thence following the open part of said ditch northerly through and along the lands of said August Bunsold,John M.Bunsold and George E. Eirich et al to the Main Ditch.

Now,if the said Fred Stierhoff et al will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void, otherwise to remain in full force and effect in law.

Fred Stierhoff,
Mary Stierhoff.
J.A.Yealey

The above bond is approved this 22nd,day of July 1929.

Eber N.Dillon,
County Auditor.

Auditor's Vault Box.No.298 STIERHOFF DITCH NO.1235 Transcribed July 25,1946.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
July 22,1929.

Landowners affected by

Stierhoff Ditch No.1235.

Fred Stierhoff has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Stierhoff Ditch on the west side of the Rausch Gravel Road,thence following the open part of said ditch westerly across the lands of G.E.Eirich et al,J.M.Bunsold,Henry Volrath,crossing the State Road,and onto the lands of G.H.& Carl Wolpert,and others to Buck Run,or far enough to give a good and sufficient outlet for the lands drained therein.We also ask for a lateral;commencing on the lands of August Bunsold at the outlet of of two lines of 8 inch tile,thence following the open part of said ditch northerly through and along the lands of said August Bunsold,John M.Bunsold and G.E.Eirich et al, to the Main Ditch.

The County Commissioners will view this proposed improvement on the 17th,day of August 1929,commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the Office of the County Commissioners,Marysville,Ohio,on the 20th,day of August 1929,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE STIERHOFF DITCH NO.1235.-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Aug.20,1929.
Commissioners Journal Vol.21.Page 193.

Pursuant to the view of the said Stierhoff Ditch No.1235,on the 22nd,day of August 1929, the County Commissioners of Union County,Ohio,met this day with the following members present, Crandell and Staley,Mr.Cashell not being present on roll call,after some discussion of said matter it was moved by Mr.Crandell that we grant said petition as read and Mr.Staley seconded the motion and on roll call the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye". (Mr.Cashell came in late)

IN THE MATTER OF THE PLANS AND SPECIFICATIONS OF THE STIERHOFF DITCH NO.1235.

Auditor's Office ,Union County,Ohio.
Marysville,Ohio.Sept.23,1929.
Commissioners Journal Vol.21.Page 199.

Alvi Graham County Surveyor this day filed the plans and specifications on the Stierhoff Ditch No.1235,and the County Commissioners have hereby set the 21st,day of October 1929, as the time for the final hearing on same at the office of the County Commissioners at their office in Marysville,Ohio.

IN THE MATTER OF THE STIERHOFF DITCH NO.1235-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Oct.14th,1929.
Commissioners Journal Vol.21.Page 202.

Pursuant to the first hearing on the 20th,day of August 1929,of the Stierhoff Ditch,the Board of County Commissioners of Union County,Ohio,met this day in special session with all of the members present,after some discussion in the said matter of the schedule of assessments filde by Alvi Graham,County Surveyor.it was moved by Mr.Cashell seconded by Mr.Crandell that we adopt the assessments as read by reducing the assessment of George E.Eirick and Emanuel Eirick 101.75 acre tract to 99.75 acres and assess same $25.00,and reduce the acreage of August Bunsold 84.75 acre tract to 78.75 and ssess same $200.00,and reduce John Henry Volrath 25 acre tract to 13 acres and assess same $30.00.

And the County Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in semi-annual installments.

On question of adoption of the foregoing the vote was as follows.Staley "aye",Crandell "aye" and Cashell "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF THE STIERHOFF DITCH.NO.1235.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Nov.4.1929
Commissioners Journal Vol.21.Page 206.

F.A.McAllister this day filed a contract and bond for the construction and completion of Section No.1 of the Stierhoff Ditch No.1235.

Contract,$1025.60,Bond the same,Sureties,F.A.McAllister,Mabel McAllister and Milo Strosnider.

Signed;
W.M.Staley
T.B.Cashell
G.W.Crandell
Commissioners of Union County,Ohio.

CONTRACT FOR CONSTRUCTION NO.1.

Section No1.--447 rods Marysville,Ohio.Oct.26,1929

Consisting of Excavating,Grubbing etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale.he has this day sold to F.A.McAllister the work of constructing Section No.1 of said ditch for the sum of ($1025.60) One Thousand twenty five and 60/100 Dollars. which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance to said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of January 1930.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the siad Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid,

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement.without the written consent of the Engineer.

Provided this contract shall be of no force until approved by the Commissioners of UnionCounty,Ohio.

F. A.McAllister,
Engineer Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($1026.00)One Thousand twenty six Dollars,for the payment of which we jointly and severally bund ourselves by these presents this 26th,day of October 1929.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1,of Stierhoff Ditch No.1235,and has entered into the above contract subject to the approval of the Commissioners of Uniom County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor a nd material and for all debts incureed for this section,then this obligation shall be void, otherwise to remain in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister
Milo Strosnider.

This Contract and Bond are hereby approved this 4th,day of November 1929.

IN THE MATTER OF THE MILLER JOINT DITCH.-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 19,1929.
Commissioners Journal Vol.21.Page 182.

The County Auditor this day delivered to the Joint Board of County Commissioners of Union and Champaign ,Messrs.Crandell,Cashell and Staley of Union County,and Evilsizer, Bowen and Hiffner of Champaign County a copy of a ditch petition filed by D.E.Miller praying for the location and construction of a ditch located in Union Township,Union County,and Rush Township.Champaign County.the following is thecourse and termini of said proposed improvement. to-wit;commencing at a stake about 20 rods west of the Irwin and Woodstock road in Champaign County near two lines of six inch tile;thence easterly and near said tile,crossing said Irwin and Woodstock road:thence across and onto the lands of David S.Miller:thence into Union County and onto the lands of Delphine Burnham to the outlet of the present ditch;thence with the open part of said ditch far enough to give a good and sufficient outlet for the lands draindd therein.

As provided by section of the G.C.of Ohio,we hereby fix the 10th,day of August 1929, at 10;00 A.M. as the time for the view of same and we also fix the 15th,day of August 1929,10;00 A.M.as the time for the hearing on same at the office of the Union County,Commissioners,Mr.Staley moved that Mr.Crandell act as chairman of the Joint Board,and on question of adoption of the foregoing the vote was as follows,Mr.Evilsizer "aye",Bowen "aye" and Hiffner "aye" and Mr. Cashell "aye",Mr.Crandell and Staley"aye".

COPY OF PETITION

To the Honorable Board of County Commissioners of Union and Champaign Counties,Ohio.

Marysville,Ohio.July 12,1929.

The undersigned hereby petition your honorable body for the reconstruction of a Joint County Ditch in Union Township,Union County,and Rush Township,Champaign County,Ohio,on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;

Commencing at a stake about 20 rods west of the Irwin and Woodstock Road in Champaign County and near the two lines of 6 inch tile;thence easterly and near said tile,crossing said Irwin and Woodstock road;thence onto and across the lands of D.E.Miller;thence into Union County and onto the lands of Delphine Burnham to the outlet of the present ditch;thence with the open part of said ditch far enough to give a good and sufficient outlet for the lands drained therein.

The is the following is the nature of the work petitioned for;We ask that the upper part of said ditch be constructed of tile of sufficient capacity as far as the outlet of the present tile,and that the opem part of siad ditch be improved by cleaning out,deepening widening,etc,.

Names and addresses,where known,of all owners of the land which will benefited or damaged by the construction of the proposed improvement.

Burnham Delphine	Marysville,).	Gilbert Harry N.	Mechanicsburg.O.
Miller D.E.	Irwin		

Service of Notice of Filing of Petition shall be obtained by mailing notices and publication as provided in Section 6447.

D.E.Miller.
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS:That we D.E.Miller,Charles E.Blain and W.W.Moehn are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves, our heirs,executors and administrators.

Signed by us and dated this 15th,day of July 1929.

The condition of the above obligation is such,that,whereas,on the 22 day of July 1929, the above bound D.E.Miller filed his petition with the County Auditor of Union County,Ohio, Making application to the County Commissioners.praying for the reconstruction of a Joint County Ditch located in Union Township,Union County and Rush Township,Champaign County,Ohio,petitioned for by D.E.Miller and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at a stake about 20 rods west of the Irwin and Woodstock road in Champaign County,and near two lines of 6 inch tile;thenceeasterly and near said tile,crossing said Irwin and Woodstock road;thence onto and across the lands of D.E.Miller;thence into Union County,and onto the lands of Delphine Burnham to the outlet of the present ditch;thence with the open part of said ditch far enough to give a good and sufficient outlet for the lands drained therein.

We also ask that the upper part of sid ditch be constructed of tile of sufficient capacity as far as the outlet of the present tile;and that the open part of said ditch be improved by cleaning out,deepening,wideening etc.

Now,if the said D.E.Miller,Chas,E.Blain and W.W.Moehn will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

D.E.Miller.
Chas.E.Blain.
W.W.Moehn.

The above bond is approved this 15th.day of August 1929.

Eber N.Dillon,
County Auditor.

Auditor's Vault Box No.503 MILLER JOINT DITCH Transcribed July 25,1946.

SPECIFICATIONS TILE DITCH

Said ditch and branches shall be constructed alon g the line as located by the stakes, and the center shall be 2 feet to the right thereof,and straight.except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smmoth and have a regilar grade.

The tile shall of full capacity and of the best quality.and shall be laid in a straight line(except at the angles),and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners,and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer.

SPECIFICATIONS CONTINUED.

After which the trench shall be so filled that the excavated earth will all settle on the line of the tile:and in all places it must be covered to a depth of at least 18 inches, except at the filters,as hereinafter specified.

At the Irwin and Woodstock road inlets shall be constructed as follows;over tile so as to drain the road ditches.

The tile shall be of the following sizes;

From Station 0.00 to Station 12.74 10 inch tile
" " 12.74 " " 16.78 12 " "
" " 16.78 " " 20.82 15 " "

12 inch tile are to be removed from station 16.78 to 20.82 and replaced at Station 12.74 to Station 16.78

All growing timber standing within 50 feet of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally accepted and completed.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is tot properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch, shall be final and conclusive,unles countermanded by a majority of the Board of Commissioners.

W.E.Griffith,
Deputy Surveyor.

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes,and the center shall be about 2 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to 1 perpindicular and must be true and smooth. All loose dirt over-hanging sods must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie wthin 20 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right way shall be 50 feet on each side of the ditch.Valuable timber,fences,growing cr crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,floodwood,etc,shall be cleared away from the ditch banks to a distance of 50 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

OBJECTION TO ASSESSMENT.

Eber N.Dillon, Columbus Ohio.Jan.13,1930
Union County,Auditor.

Dear Sir;

Your notice of January 2,1930,concerning proposed Miller Joint Ditch,reading as follows;Daniel Burnham, 35 acres $78.75
Delphine Burnham 15.10 acres 90.60
8.00 " 40.00 duly received.

Would say first of all,that I do not quite understand why a notice should be made out in the name of Daniel Burnham,as the transfer was made in August 1925,from the name of my grandfather to Delphine Burnham----5/8 so
Edna B.Pratt 3/8 and it now appears on the tax records of Union County, Your records must be in error somewhere.

From all the information I have been able to gather,have never felt that we are in need of this ditch,and so stated at the first hearing in connection with same,as did also Mr.Marble Burnham,who represented mu aunt at that time.We were given to understand that it could possibly be voted down after the hearing of the surveyor's report at the second hearing,This cost seems quite high,in anyevent,as I was fiven to understand that the cost to us would be slight,eventho the ditch shoul be allowed.

It now seems certain thar Marble Burnham will represent both my aunt and myself at the hearing on January 29th, and would ask that he be given every consideration.

Very truly yours.

Edna B.Pratt
Mrs.R.L.
216 Orchard Lane.

IN THE MATTER OF THE MILLER JOINT DITCH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.December 23,1929
Commissioners Journal Vol.21.Page 219.

Alvi Graham,County Surveyor this day filed his schedule of assessments on the said Miller Joint Ditch,and the County Commissioners set the day of January 1930,at the office of the Union County Commissioners,at ten o'clock A.M.as the time and place for the final hearing thereon.

IN THE MATTER OF THE MILLER JOINT DITCH-FINAL HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Jan.29,1930.
Commissioners Journal Vol.21.Page 229.

The Joint Board of County Commissioners of Union and Champaign Counties met this day in special session with the following members present;Crandell,Cashell and Staley of Union County,and Bowen and Hiffner Commissioners of Champaign County,and Eber N.Dillon Clerk of the Joint Board present (Mr.Evilsizer came in late)

Pursuant to the mailing of the notices and the filing of the schedule of assessments by the Union County Surveyor,the matterof the final hearing came on this day for further consideration,and after some discussion on the said matter it was proposed by the Champaign Commissioners to divide the assessment of $30.00 with Union County taking $10.00.

Mr.Staley moved the adoption of the above which was duly seconded by Mr.Heffner,and the Counter Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in 10 semi-annual installments.

On question of adoption of the foregoing the vote was as follows,Cashell"aye",Staley "aye" and Crandell "aye" andBowen "aye" and Heffner "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF WILLIAMS & MCINTIRE AND WALTER WALKE.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Feb.10,1930.
Commissioners Journal Vol.21.Page 231.

Williams & McIntire this day filed a copy of their contract and bond for the construction of Section No.1 of the Miller Joint Ditch.Contract,$363.38,Bond,$364.00. Sureties-Williams & McIntire and Walter Walke.

Section No.2.Walter Walke Contractor,Contract,$180.60,Bond,$194.00,Sureties Walter Walke,W.L.Williams and Williams & McIntire.

CONTRACT FOR CONSTRUCTING SECTION NO.1.

Section No.1. Marysville,Ohio.Feb.8,1929.

Furnishing and delivering tile.

It is hereby certified by Alvi Graham the duly appointed Engineer, of said improvement,that after legal notice of sale,he has this day sold to Willimas and McIntire Co.Contractor the work of constructing Section No.1 of said ditch for the sum of ($363.38)Threee Hundred sixty-eight and 38/100 Dollarswhich work the said contractor agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of March 1930.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named then the said work may be re-estimated and re-sold by the Engineer or completed by said Enginner at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The Contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no effect until approved by the Commissioners of Union County,Ohio.

The Williams McIntire Co.

Engineer Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That Williams & McIntire Co.-W.L.Williams,as principal and C.L.Williams and Walter Walke as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($364.00) Three Hundred sixty-four Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 8th,day of February 1930.

The condition of this obligation is such,that whereas the above bound Williams & McIntire Co.have this day bid off the work of constructing Section No.2.of Miller Joint Ditch and have entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and ma terial and for all debts incured for this section,thenthis obligation shall be void, otherwis to be in full force and effect in law.

SPECIFICATIONS

OPEN DITCH

Said ditch shall be constructed along the line as located by the stakes, and the center shall be about 15 feet to the left thereof and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line feet on each sideof the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth.All loose dirt over-hanging sods and roots and stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 4 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 10 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 10 feet of the bank slopes.

The right of way shall be 35 feet on each side of the ditch,Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

SPECIFICATIONS CONTINUED.

All fallen timber,flood-wood,etc,shall be cleared away from the ditch banks to a distance of 20 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers if work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Commissioners of Union County.

Said Section No.1.must be completed on or before the 1st,day of May 1930.

On question of approval the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye".

CONTRACT FOR SECTION NO.1.

Marysville,Ohio.Nov.25,1929.

From Station to0.00 to Station 156.50-948.5 rods

It is hereby certified by Alvi Graham the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to F.A.McAllister the work of constructing Section No.1 of said ditch for the sum of $2550.00 Twenty five Hundred fifty Dollars, which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County on or before the 1st,day of march 1929.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time named,thenthe said work may be re-estimated and re-sold by the Engineer or completed by the said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time afoersaid,

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

F.A.McAllister,
Engineer. Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That we F.A.McAllister as principal and E.E.Koffroth and M.L.Strosnider as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($2783.00*Twnnty six Hundred eighty three Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 25th,day of November 1929.

The condition of this obligation is such,that whereas the above bound has this day bid off the work of constructing Section No.1,of Bishop Extension Ditch No.1236 and has entered into the above contract subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

F.A.McAllister.
E.E.Koffroth.
M.L.Strosnider.

This Contract and Bond are hereby approved this 2nd,day of December 1929.

W.M.Staley.
T.B.Cashell.
G.W.Crandell.
Commissioners of Union County,Ohio.

CONTRACT FOR CONSTRUCTING SECTION NO2"?

Constructing Headwall-Furnishing material.

It is hereby certified by Alvi Graham the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to E.E.Kofforoth contractor the work of constructing Section No.2 of said ditch,for the sumof $83.50 Eighty three and 50/100 Dollars, which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptans of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of June 1929

And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liabele for all delays after the experation of the time named above for the completion of the work and for the payment of all damages which may ocfrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force until approved by the Commissioners of Union County,Ohio.

E.E.Koffroth.

Engineer Contractor

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That we E.E.Koffroth as principal and F.A.McAllister and N.W.Spratt as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($84.00) Eighty four Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 25th,day of November 1929.

The condition of the this obligation is such,that whereas the above bound E.E.Koffroth has this day bid off the work of constructing Section No.2 of Bishop Ditch No.1236,and has entered into the above contract,subject to the approval of the Commissioners of Union County.

Now.if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void.otherwise to be in full for force and effect in law.

E.E.Koffroth.
F.A.McAllister.
N.W.Spratt.

This Contract and Bond are hereby approved this 9th.day of December,1929.

W.M.Staley.
T.B.Cashell.
G.W.Crandell.
Commissioners of Union County,Ohio.

IN THE MATTER OF THE DRY RUN
JOINT DITCH-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.November 18,1929.
Commissioners Journal Vol.21 Page 210.

The County Auditor of Union County,Ohio,this day filed a copy of a dithc petition with the joint Board of County Commissioners of Union and Delaware Counties,praying for the location and construction of a joint county ditch located in Dover Township,Union County and Scioto Township,Delaware County,the description of the said ditch is as follows;commencing at the outlet of the tile on Dry Run Ditch in Dover township thence through and along the open part of said ditch through and along the lands of Thomas Perkins,Irvin and Myrtle Elliott,Bessie A.& Ruth Flemming and onto the lands of William Skinner passing into Delaware County and continuing across the lands of Skinner and the lands of Frederick Thompson and others far enough to give a good and sufficient outlet.

The Joint board have hereby set the tenth day of December for the view of said ditch beginning at the upper terminus thereof and continuing to the outlet,and have also set the 18th,day of December as the time for the first hearing on same at the office of the County Commissioners of Union County,Ohio.

The following is the nature of the work petitioned for,Cleaning out,deepening, widening.

It was moved by Mr.Cashell that Mr Crandell act as Chairman of the Joint Board seconded by Mr.Andrews,on question of adoption of the above the vote was as follows,Cowgill "aye",Gebhart "aye" andStaley "aye",Crandell "aye" and Cashell "aye" and Andrews "aye".

COPY OF PETITION.

Marysville,Ohio.Sept.14,1929.

Petition for the reconstruction of a Joint Ditch between Union and Delaware Counties. Dover and scioto Townships.

To the Honorable Board of County Commissioners,Union
and Delaware Counties,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a Joint County Ditch,known as Dry Run.,on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of the tile on the Dry Run Ditch in Dover Township;thence following the open part of said ditch through and along the lands of Thomas R.Perkins,Irvin and Myrtle Elliott,Bessie A.& Ruth E.Flemmi and onto the lands of William Skinner,passing into Delaware County,and continuing across said Skinner's Land and the lands of Frederick Thompson.and others far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Cleaning out,deepening,widening.

Names and addresses,where known of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Petitioners.

BOND OF PETIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we W.B.Davis,George W.Lowe and S.Wollam are held and firmly bound unto the State of Ohio,in the sum of ($300.00)Three Hundred Dollars,to the payment of which sum we jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this day of September 1929.

The condition of the above obligation is such,that,whereas, on the day of 19 ,the above bound W.B.Davis,George W.Lowe and S.Wollam filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the Reconstruction of a Joint County Ditch located in Dover and Scioto Townships,Union and Delaware Counties,petitioned for by W.B.Davis and others;The following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of the tile on the Dry Run Ditch in Dover Township,Union County;thence following the open part of said ditch through and along the lands of Thomas R.Perkins,Irvin and Myrtle Elliott,Bessie A.& Ruth E.Flemming, and onto the lands of William Skinner,passing into Delaware County,and continuing across the Skinner land and the lands of Frederick Thompson, and others to give a good and sufficient outlet.

Now,if the said W.B.Davis and others willmpay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void; otherwise to remain in full force and virtue in law.

W.B.Davis
Geo.W.Lowe
S.Wollam
Geo.B.Gregg,Jr.

The Above Bond is approved this day of 19

County Auditor.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
November 12th,1929.

Landowners affected by

Dry Run Joint Ditch.

W.B.Davis has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Dry Run Ditch in Dover Township thence following the open part of said ditch through and along the lands of Thos.R.Perkins,Irvin and Myrtle Elliott,Bessie A.& Ruth E.Flemming and onto the lands of William Skinner passing into Delaware County,and continuing across the said Skinner's lands and the lands of Frederick Thompson and others far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 10th,day of December 1929,commencing at the beginning thereon at ten o(clock A.M.and the first hearing there woll be held at the office of the County Commissioners,Marysville,Ohio,on the 18th,day of December 1929 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change of the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch,

Respectfully,

Eber N.Dillon.
County Auditor.

REQUESTS

To the Joint Board County Commissioners,
Union and Delaware Counties,Ohio.

Marysville,Ohio.Dec.12,1929.

In the matter of the Dry Run Ditch petitioned for by W.B.Davis,we request a lateral to aid ditch commencing on the lands of W.B.Davis;thence southerly across said lands crossing the McBride Road and onto the lands of Leonard Fogle to a 15 inch tile,thence to repair said tile to the outlet in the Main Ditch.

We ask that this part of siad ditch be constructed of tile of sufficient capacity to the 15inch tile,thence to repair said 15 inch tile to outlet.

W.B.Davis.

Marysville,Ohio.Dec.18.1929

To the Joint board of Commissioners of
Union and Delaware Counties,Ohio.

In the matter of the Dry Run Ditch petitioned for by W.B.Davis et al,we the undersigned request a lateral to said ditch,commencing at a point where the tile on the Fogle Ditch crosses onto the lands of Frank Freshwater,thence following the open part of said ditch or overflow along the line between the lands of said Freshwater and Ervin Elliott to the Main Ditch about 40 or 50 rods.

Irvin Elliott.

Auditor's Vault Box No.502. DRY RUN JOINT DITCH. Transcribed July 31,1946.

IN THE MATTER OF THE DRY RUN JOINT DITCH*-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.December 18th,1929.
Commissioners Journal Vol.21.Page 218.

The Joint Board of County Commissioners of Union and Delaware Counties,met this day in special session,with the following members present for the first hearing in the matter of Dry Run Ditch,Messrs.Crandell,Cashell and Staley of Union County and Andrews,Cowgill and Gebhart of Delaware County,after the reading the minutes of the preceeding meetings,the meeting was called to order by the chairman,Mr.Crandell and the petition was read by Mr.Graham and after some discussion there was two requests asked for by interested land owners,the first lateral and repairs that were asked for are as follows;Commencing on the lands of W.B.Davis southerly across said lands crossing the McBride Road and onto the lands of Leonard Fogle to a 15 inch tile,thence to repair said tile to the outlet in the Main Ditch,we ask that this part of said ditch be constructed of tile of sufficient capacity to the 15 inch tile,and then to repair the 15 inch tile to the outlet,Lateral No.2,commencing at the point where the tile on the Fogle Ditch crosses the lands of Frank Freshwater thence following the open part of said ditch or overflow along the line between the lands of said Freshwater and Irvin Elliott to the Main Ditch about 40 or 50 rods.

It was moved by Mr.Cashell that we grant said petition and laterals asked,seconded by Mr.Crandell,and the roll being called the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye" Andrews "aye",Cowgill "aye" and Gebhart "aye".

SPECIFICATIONS

Location

The above improvement and the laterals shall be constructed on the lines as surveyed by the Engineer,and as described in his report and on the profile thereof which profile in its entirety is hereby made a part of these specifications.All Stations are 160 feet in length,and at each station a numbered stake is driven to the right or left of line at such convenient distances as the nature of the case requires,Thendistance direction of each stake is shown on the profole.These distances,right or left,are determined in the direction of the survey,i.e. looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor unless authorized by these specifications,or on order by the Engineer.

All deflections shall be made at points as shown on the profile in easy curves,shifting ce center line of ditch at curve to a distance proportionate to angle,No angle shall be made except at points designated on profile,and the ditch shall be made straight between angles. A wooden peg is driven to the level of the ground surface at the foot of each side stake,and the depths from each said pegs as at first driven,and as shown by the profile will be the guide for contracting as to the depth of the ditch.All pegs are liable to be raised by the frost or displaced by other natural causes,and the contractor is required to use due care to discover any such change of position and replace the pegs so moved to their original depths,and in case of his inability to do so he shall call the Engineer's attention thereto.

Each bidder will examine the location of the work and judge for himself as to all circumstances affecting it.

No information derived from official,or other sources ,will relieve the contractor from fulfilling all conditions of the contract.

RIGHT-OF-WAY.

The width of right of way for constructing this improvement shall be 50 feet on each sude of the center line;but where the line of this improvement crosses,or follows along side a public road or private drive way,the construction of the work must be so managed as not to interfere with travel along said road or driveway,Contractors have the privilege of using the full right of way for depositing materials removed in construction,excepting in the case of roads or driveways as stated above.

Valuable timber,fences,growing crops,and other property within the right of way shall be preserved unjured as far as possible by the contractor.

When in order to properlymconstruct this improvement,itmbecomes necessary to remove fences the contractor will be required to remove said fences to the limits of the right of way,and leave the materials in good condition to be replaced by the landowner after the ditch is constructed.

GRUBBING.

All timber,brush and other obstructions which fall within the space required for ditch banks made by new excavation shall be removed.All timber 4 inches,or less in diameter at the stump and standing within 20 feet of the edge of the bank slopes shall be cut off level with the ground surface.

All down timber,logs and brush,removed as above required,shall be piled up on the out side of embankment,and left in convenient shape for burning.

EXCAVATION.

The ditch shall be excavated to the width in the bottom as shown by the profile.The bottom of the ditch shall be cut true and smooth,with uniform grades between changes,as shown by the profile.Ditch banks shall be cut to a regular straight slope from top to bottom,and not steeper in any part than designed by the profile.An excess slope on one bank will not be allowed to affect a shortage in slope of opposite side.The width of the ditch on top,as shown by the profi at each station,is computed from the height of the peg at the station and the widths so given are correct for that height only.

SPECIFICATIONS CONTINUED.

EMBANKMENT.

All materials obtained in excavation shall be distributed,and the surface shall be left as near level as practicable,the intention being to level as much as possible as it is being dug,excepting at such places where levees are required(see specifications for levees) At all times the Engineer shall have the power to designate the places where openings must be left to allow laterals to empty.If at any place along the improvement,The Engineer deems it advisable to place part or all of the excavated material on either side of the improvement,same shall be done by the contractor.Side slopes for embankment shall be not made steeper than that specified for the ditch at the same place.All earth or other materials obtained in excavation must be removed to a distance of not less than 5 feet from edge of ditch on each side.The old channel must be filled up level with embankment at all places where the said old channel lies wholly outside of the new ditch,and not exceeding 30 feet therefrom.The term old channelas used in this paragraph is understood to mean the channel of ditch,or stream which is cut off in making this improvement.No Excavated materials shall be placed within the banks of the old channel except at cut-offs.

At all culverts and bridges crossings of public roads the Excavated materials must be removed from between abutmants.At all points where the ditches lies partly or wholly within thenbounds of a dirt road,the excavated material deposited within said bounds shall be placed along the center thereof so as to form a roadbed,side slopes true and uniform,and not steeper than 2 feet horizontal to 1 foot vertical.And in case of pikes or other gravel roads,the materials may be placed along sides of road bed in such a shape to widen and improve the same if approved by the Engineer.

OUTLETS

Contractors will be required upon the completion of each section to remove all silt or or other obstructions which may have collected in the bottom of the ditch on the on the next section below after the same was completed and accepted to distance of about 500 feet below the upper end of said lower section.

REPAIRS

Each contractor will be requirea to keep his work in good repair until the same is fully completed and accepted by the Engineer;also all work and materials are to be at the risk of the contractor until accepted by the Engineer.

ESTIMATES

Estimates will be made as the work progresses;but proportionate estimates will not be made on any section unles the whole job amounts to more thae one thousand cubicyards. Estimates will not be made until at least 25 per cent of the contract is completed in accordance with the specifications,and the County Auditor will,upon the presentation of such estimate to draw his warrant on the Treasurer will pay the same out of any funds in the treasury applicable to such purposes.Upon the completion of and section or contract,and the acceptance of the same by the Engineer,final estimates will be given.

REQUIREMENTS

Each contractor will be required to furnish all labor and materials necessary,and do all work in a speedy and workmankike manner,within the time specified in his contract.No extrz compensation will be allwed except for such work and materials as have been herein specially provided for.Any Contractor failing to fulfill his contract within the time specified,will thereby forfeit his contract and become liable on his bond for all damages caused by reason of such failure,but the Commissioners may for good cause give further time to thhe contractor, not to exceed one hundred twenty days.an extension of time by the Commissioners,as bove set forth will be made in writing,and copies thereof will be furnished by them to the contractor and Engineer.

SUPERVISION

All the foregoing work shall be done under the immediate supervision and direction of the Engineer,and all work and materials shall be made to his satisfaction and the Board of County Commissioners.The Engineers decisions,directions and certificates on all matters pertaining to this work shall be final and conslusive unless countermanded by a majority of the Board of County Commissioners.All measurements of quanities and inspection of materials shall be made by the Engineer,and the measurements so made and his acceptance or rejection of materials shall be final and conclusive as between parties.Final examination for acceptamce of completed contracts will be made within 10 days after date.The contractor shall have notified the Engineer in writing that his contract is completed.Any contractor causing examination,as above described,to be made before any part of his work is completed will be charged with the Engineer's fees and costs shall be deducted by the Engineer from the contract price in settle ment.

BRIDGES

Whenever it becomes necessary for the proper construction for this improvement to remove a county or private bridge,the same shall be done at the contractors expense,and in a manner approved by the Engineer,Should any of the parts of the bridge be damaged in moving th ey shall be replaced at the expense of the contractor,All bridges shall be replaced in as good condition as when taken down,and to the satisfaction of the Engineer.

The contractor shall notify the Engineer of his intention of moving a county bridge at least 5 days before moving same.Therefore,the Engineer's and contractor shall jointly examine the bridge to agree upon the condition of same before moving and decide upon the best manner of moving same.

The contractor shall have permission to move a county bridge as soon as necessary for the proper construction of the improvement,provided said bridge shall not be out of use by the general public for more than 15 days.The County will consider itself damaged to the extent of 25 dollars per day for each day exceeding the 15 days unless the Commissioners order that said bridge shall not be replaced.

The contractor shall place all barricades necessary for the proper protection of the public and shall be responsible for all damage that may occur due to his disobedience of this claim.

The contractor shall not transfer or assign,or sub-let any part of the work without first securing the consent of the Engineer and Commissioners.

Engineer.

OBJECTIONS TO ASSESSMENTS

Marysville,Ohio.May 31st,1930.

Board of County Commissioners,
Union County,Ohio.

Gentlemen;

I hereby object to the assessment placed against my lands for the construction of the Dry Run Ditch for the reason that said assessment is in excess of the benefits derived.

Respectfully submitted. Mrs,Mary Spurgeon.

Marysville,Ohio,May 29,1930.

Board of County Commissioners,
Union County,Ohio.

Gentlemen;

I hereby object to the assessment placed against my lands for the construction of the Dry run Ditch for the reason that said assessment is in excess of the benefits derived.

Respectfully submitted, J.W.Edelblute.

Board of County Commissioners, June 3,1930.
Union County,Ohio.

Gentlemen;

I hereby ask for $50.00 damages to growing crops on account of the improvement of the Dry Run Ditch.

If the dirt from this ditch is placed on the north side of the ditch and no damages result to my growing crops,no damages will be asked.

Respectfully yours,
F.W.Freshwater.

Board of County Commissioners, May 31,1930.
UnionCounty,Ohio.

OBJECTIONS CONTINUED. May 31,1930.

Board of County Commissioners,
Union County,Ohio.

Gentlemen;
I hereby object to my assessment on the Dry Run Ditch for the reason that said assessment is in excess of the bendfits derived,also that the dirt removed from the ditch is not being spread as agreed the day for the first hearing.
I also ask for actual damage sustained by the loss of growing crops on account of this improvement.

Respectfully submitted,
Walter E.Fogle.

Board of County Commissioners, May 31,1930.
Union County,Ohio.

Gentlemen;
I hereby object to the assessment on the Dry Run Ditch for the reason that said assessment is in excess of the benefits derived.
I also object to the manner in which the dirt removed from the ditch is being placed.
I also ask for actual damage to growing crops caused by the construction of this improvement.

Respectfully submitted,
Erwin O.Elliott.

BOND OF PETIONERS

KNOW ALL MEN BY THESE PRESENTS?That we J.B.Johnston,Clara A.Johnston and F.H.Smart are held and firmly bound unto the State of Ohio, in the sum of ($400.00) Four Hundred Dollars, to the payment of which sum,well and truly to be made,we domhereby jointly and severally bind our selves,our heirs,executors and administrators.

Signed by us and dated this 13th,day of September 1929.

The condition of the above obligation is such,that,whereas,on the day of 19 the above named J.B.Johnston and F.H.Smart filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a single County Ditch in Liberty Township,Union County,Ohio,petitioned for by J.B/Johnston and others;The following is the course and termini of the proposed improvment,to-wit; Commencing at the outlet of the tile in Flat Branch Ditch in Liberty Township,at the west side of the Johnson Gravel Road,and on the lands of Harvey M.& Esther Wedding,thence with the open part of said ditch,crossing the lands of said Wedding,and Bernice & Atlanta Bushong,Thurman Skidmore,Francis H.Smart,J.W.& Laura Mullaney,Louise H.Beuchenstein,Marion Firestine,Albert A. Tait,J.B.& Clara Johnston,Charles Dienstberger,and others or far enough to give a good and sufficient outlet.

Now,if the said J.B.Johnston,Clara A.Johnston and F.H.Smart will pay all costs, if the prayer of the petition is not granted or if said petition is for any cause dismissed, then this obligation to be void;otherwise to remain in full force and virtue in law.

J.B.Johnston
Clara A.Johnston
F.H.Smart.

The above bond is approved this 2nd,day of December 19

Eber N.Dillon,
County Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
December 2nd,1929

Landowners affected by
Flat Branch Joint Ditch.

J.B.Johnston et al has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Flat Branch Ditch in Liberty, Township, at the west side of the Johnson Gravel Road,and on the lands of Harvey and Esther Wedding,thenc with the open part of said ditch crossing the lands of said Wedding,and Bernice & Atlanta Bushong,Thurman Skidmore,F.H.Smart,J.W.& Laura Mullaney.J.B.& Clara Johnston,M.M. Firestine,A.A.Tait.Chas.Dienstberger et al or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 28th,day of Dec. 1929;commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 31st,day of December 1929,at ten o'clock A.M.

Applications for the granting of the above improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and orering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE FLAT BRANCH JOINT DITCH-FIRST HEARING.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.December 3ist,1929.
Commissioners Journal Vol.21 Page222

SMART LATERAL (VOID)

Auditor's Vault Box No.399 FLAT BRANCH JOINT DITCH Transcribed Aug.15,1946.

DREDGE SPECIFICATIONS

The above improvement and laterals shall be constructed on the lines as surveyed by the Engineer and as described in his report and on the profile thereof,which profile in the entirety is hereby made a part of these specifications,All stations are 100 feet in length,and at such station is a numbered side stake driven to right or left line at such convenient distances as the nature of the case may be.The distance direction of each stake is shown on the profile. These distances right or left are determined in the direction of the survey,that is looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor u unless authorized by these specifications or on order of the Engineer.

All deflections shall be made at points as shown on the profile in easy curves shifting center line of dithh at curves to a distance proportionate to angle.No angle shall be made except at points designated on profile,and the ditch shall be made straight between angles.A wooded peg is driven to the level of the ground surface at the foot of each stake and the depths from each of said pegs as at first driven,and as shown by the profile will be the guide for constructing as to the depth of the ditch.All pegs are liable to be raised by the frost,or displaced by other natural causes,and the contractor is required to use due care to discover any such changes of position and replace the pegs so moved to their original deoths,and in case of his inability to do so he shall call the Engineer's attention thereto.

Eash bidder will examine the locatdon of the work and judge for himself as to all circumstances affecti it.

No information derived from official,or other sources will relieve the contractor from fulfilling all conditions of the contract.

RIGHT OF WAY--The width of rightofway for constructing this improvement shall be 50 feet each side of center line;but where the line of this improvement crosses or follows along side a public road or private driveway,the construction of the work must be so managed as not to interfere with travel along said road of driveway,

Contractors ha ve the privilege of using the full rightofway for depositing materials removed in constructing,excepting in the case of roads or driveways as stated above.

Valuable timber,fences,growing crops,and other property within the rightof way shall be preserved uninjured as far as possible by the contractor.

When in order to properly construct this improvement,it becomes necessary to remove any fences,the contractor will be required to remove said fences to the limit of the rightofway and leave the materials in good condition to be replaced by the landowner after the ditch is constructed.

GRUBBING AND CLEARING--All timber,brush,and other obstructions which fall within the space required for ditch banks made by new excavation shall be removed.All timber four inches or less in diameter at the stump,and standing within 20 feet of the edge of the bank slopes shall be cut off level eith the ground surface,and all removed at least 20 feet from the bank slopes,and shall be piled up on the outside of embankment and left in convenient shape for burning.

EXCAVATION--The ditch shall be excavated to the width in the bottom as shown by the profile. The bottom of the ditch shall be cut true and smooth,with uniform grades between changes,as shown by the profile.Ditch banks shall be cut out to a reguler straight slope from top to bottom, and not steeper ain any part than designed by the profile.An exgess slope on one bank will not be allowed to ofset a shortage in slope of opposite bank.The width on top,as shown by the profile ,at each station,is computed from the height of the peg at the station,and the widths so given are correct for that height only.

ENBANKMENT--All material obtained in excavation shall be distributed,and the surface shall be left as near level as possible,the intention being to level the dirt as much as possible as it is being dug,excepting at such places where levees are required.

At all times the Engineer shall have power to designate the places where openings must be left to allow laterals to empty. If at anynplace along the improvement the Engineer deems it advisable to place a part or all of the excavated material on either side of the improvement,same shall be done by the contractor.

Side slopes for embankment shall not be made steeper than specified for the ditch at the same place.All earth or other materials obtained in excavation must be removed to a distance of not less than 5 feet from edge of ditch on each side.

The old channel must be filled up level with embankment at all places where the said old channel lies wholly outside of the new ditch,and not exceeding 30 feet therefrom.The term old channel as used in this paragraph is understood to mean channel of dithh or stream which is cut off in making this improvement,No Excavated materials shall be placed within the banks of the old channel except at cut-offs.All culvert and bridge crossings of public roads,the excavated materials must be removed from between abutments.At all points where the ditches lies partly or wholly within the bounds of a dirt road,the excavated materials deposited within said bounds shall placed along the center thereof so as to form a roadbed,side slopes true and smooth,and not steeper than 2 feet horizontal to one vertical.And in case of pikes or other gravel roads materials may be placed along sides of road bed in such shape to widen and improve the same,if approved by the Engineer.

OUTLETS--Contractors will be required upon the completion of each section to remove all dirt or other obstructions which may have collected in the bottom of the ditch on the next section below,after the same was completed and accepted to a distance of 500 feet below the upper end of said lower Section.

REPAIRS--Eash contractor will be required to keep his work in good repair until the same is fully completed and accepted by the Engineer;also all work and materials are to be at the risk of the contractor until accepted by the Engineer.

ESTIMATES--Estimates shall be made as the work progresses;but proportionate estimates will not be made on any Section unless the whole job amounts to more than 1000 cubic yards. Estimates will not be made until at least 25 per cent of the contract is completed in accordance with the specifications,and the County Auditor will upon the presentation of such estimate draw his warrant on the Treasurer for not more than 75 per cent of the amount,and the Treasurer will pay the same out of the funds in the treasury applicable to such purposes.Upon the completion of any section or contract,and the acceptance of the same by the Engineer final estimates will be given.

REQUIREMENTS--Each contractor will be required to furnish all labor and materials necessary,and do all the work in a speedy and workmanlike manner,within the time specified in his contract.No extra compensation will be allowed except for such work and materials as have been herein specially provided for.Any contractor failing to fulfill his contract within the time specified,will thereby forfeit his contract and become liable on his bond for all damages or losses caused by reason of such failure,but the Commissioners may for good cause give further time to the contractor not to exceed 120 days,An extension of time by the Commissioners,as set forth will be made in writing,and copies thereof will be furnished by them to the contractor and Engineer.

SPECIFICATIONS CONTINUED.

SUPERVISION--All the foregoing work shall be done under the immediate supervision and direction of the Engineer,and all work and materials shall be made to the satisfaction and the Board of County Commissioners.When the term Engineer is used,it is held to mean County Surveyor of Union County,Ohio,or his deputy.

The Engineer's decisions and directions and certifications on all matters pertaining to this work shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

All measurements of quanities and inspection of materials shall be made by the Engineer, and his measurements so made and his acceptance or rejection of materials shall be final and conclusive as between parties.Final examination for acceptance of completed contracts will be made within 10 days after date.The contractor shall have notified the Engineer in writing that his contract is completed,Any contractor causing examination as above described to before any part of the work is finished will be charged with the Engineer's fees,and all other costs accruing therefrom and said fees and costs shall be deducted by the Engineer from the contract price on settlement.

BRIDGES--Whenever it becomes necessary for the proper construction of this improvement to remove a county or private bridge,the same shall be done at the contractor's expense,and in a manner approved by the Engineer.

Should any of the parts of the bridge be damages in moving they shall be replaced at the expense of the contractor.All bridges shall be replaced in as good condition as when taken down, and to the satisfaction of the Engineer.

The contractor shall notify the Engineer of his intentions of moving a county bridge at least 5 days before moving same.Therefore the Engineer and the contractor shall jointly examine the bridge to agree upon the condition of same before moving,and decide upon the best manner of moving same.

The contractor shall have permission to move a county bridge as soon as necessary for the proper construction of the improvement,provided said bridge shall not be out of use by the general public for more than 15 days.The County will consider itself damaged to the extent of 25 per day for each day exceeding the above 15 days unless the Commissioners order that said bridge shall not be replaced.

The contractor shall place barricades necessary for the proper protection of the public and shall be responsible for all damage that may occur due to his disobedience of this claim.

The contractor shall not transfer or assign this contract or sublet any part of the work without first securing the written consent of the Engineer and Commissioners.

TRENCH--The trench shall be of the following widths; Main Ditch

From Station	272.40	to Station	180.00	6	feet
"	"	180.00	"	"	121.00	5	"
"	"	121.00	"	"	45.00	4	"
"	"	45.00	"	"	0.00	3	"

The trench shall be 3 feet on all laterals.

TEAM CONTRACTORS--The above dredge specifications shall apply to any section where the work is done with teams and the contractor will be required to spread the excavated earth to the satisfaction of the Engineer.

All excavation must be removed with dump scrapers.

TIME--The Main Ditch and all laterals must be completed on or before the 1st,day of June 1931.

SPECIFICATIONS OF TILE DITCH

Said ditch and branches shall be constructed along the line as located by the stakes,and the center shall be feet to the left thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the botton at each stake as indicated by the profile;and the bottom shall be true and smmoth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints .Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and in all places it must be covered to a depth of at least inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

Lockwood	Lateral	From Station	0.00	to Station	20.25	8	inch	tile
"	"	"	20.25	"	23.25	12	"	"
Moore	"	"	0.00	"	7.00	16	"	"
Mullaney	" No.1.	"	0.00	"	8.60	8	"	"
"	" " 2.	"	0.00	"	6.95	8	"	"
"	" " "	"	6.95	"	7.20	12	"	"
Skidmore	"	"	0.00	"	9.14	8	"	"
"	" 50'	of 6" tile						
Mullaney	" 120'	" 12" "						

All growing timber standing within 25 feet of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

Concrete Inlets shall be constructed at the outlet of the road culvert on the Skidmore Lateral and the two Mullaney Laterals

Mullaney Lateral No.2. 120' of 6" and 139' of 8" tile to be used to connect present road tile ditches with Mullaney Lateral No.2.

Skidmore Lateral 150' of 6" tile in place to be taken up and relayed so as to drain Road culvert.

SPECIFICATIONS OF TILE DITCH CONTINUED.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of Commissioners.

The above specifications shall apply to the repair of the following tile ditches.

Robb Lateral	25 feet	18 inch tile
Blake "	300 "	14 " "
" "	275 "	12 " "

All repaired shall be covered to the level of the surrounding ground.

Alvi Graham,Co.Surveyor
Walter Griffith,Dep. "

ESTIMATED COST.

SECTION NO.1.
Consisting of excavating and grubbing Open Ditch;
From Station 0.00 to Station 271.40-Main Ditch
20600 cu.yd @ 35¢ $7210.00
Grubbing 490.00
Total $7700.00

SECTION NO.2.
Stubbs Lateral;

Consisting of excavating and grubbing Open Ditch;
From Station 0.00 to Station 76.85
4227 Cu.yd. Excavation @ 35¢ 1479.45
Grubbing 40.55
Total 1520.00

SECTION NO.3.
Roe Lateral
Consisting of excavating and grubbing Open Ditch.
From Station 0.00 to Station 22.25
1230 cu.yd.excavation @ 35¢ 430.50
Grubbing 9.50
Total 440.00

SECTION NO.4.
Lockwood Lateral-tile
Consisting of excavating,laying tile,refilling etc.
From Station 0.00 to Station 23.25
390 cu.yd excavation @ 40¢ 156.00

SECTION NO.5.Open Ditch
Consisting of excavation and grubbing Open Ditch.
From Station 23.25 to Station 95.50
Also cleaning out Open Ditch
From Station 23.25 to Road Culvert-Length 165 feet
4800 cu.yd excavation @ 35¢ 1680.00
Grubbing 20.00
Total 1700.00

SECTION NO.6.RICHARDSON LATERAL
Consisting of excavation and grubbing Open Ditch
From Station 0.00 to Station 91.75
8600 cu.yd @ 35¢ 2310.00
Grubbing 20.00
Total 2330.00

SECTION NO.7.SMART LATERAL
Consisting of excavating and grubbing Open Ditch
From Station 0.00 to Station 46.00
2370 cu.yd excavation @ 35¢ 829.50
Grubbing 40.50
Total 870.00

SECTION NO.8.MOORE LATERAL
Consisting of excavating tile ditch.
From Station to Station 7.00
" " 7 to Station 15.45-Open Ditch
152 cu.yd excavation @50¢ 76.00
562 " " " @ 35¢ 196.70
Grubbing 10.00
Total 282.70

SECTION NO.9.
Consisting of excavating,laying tile,refilling the following tile ditches and placing concrete Inlets;

Skidmore Lateral--From Station 0.00 to Station 9.14
150 feet 6 inch tile in place to be taken up and relayed to drain road culvert.

ESTIMATED COST CONTINUED.

MULLANEY LATERAL NO.1.

From Station 0.00 to Station 8.60

MULLANEY LATERAL NO.2.

From Station 0.00 to Station 7.20
Extending 8 inch tile in place to road culvert
Length 20 feet-20 feet from outlet
Proposed improvement and 8 inch tile in place
To be connected into a 12 inch tile.

BRANCH NO.1.
From Station 0.00 to Station 1.39

BRANCH NO.2. From Station 0.00 to Station 1.00,20 feet 6 inch tile
to be connected to Branch No.2.
390 cu.yd.excavation @ 50¢ $195.00
Concrete Inlets @ $4.00 12.00
Total $207.00

SECTION NO.10.
Consisting of excavating,capping open joints
replacing broken tile,refilling tile ditches,etc.

BLAKE LATERAL.
50 rod @ $4.00 200.00

RAPP LATERAL.
1 1/2 rod @ $5.00 7.50

OBJECTIONS TO ASSESSMENTS.

Auditors Office,
Union County,Ohio.

West Mansfield,Ohio.Oct.20,1930.

In regards to the Flat Branch Joint Ditch,I want to lay in my complaint,I think I am assessed entirely to much realy much to much for my 48 acres is not worth verymuch more than the assessment or I mean if it was put up for sale it would not bring a great amount more than that,I am no squealer on ditch but this is very unjust and ask for a reconsideration in this matter and ask for a lower assessment.

Yours,
Ebenezer Fry.

Mr.E.N.Dillon,
Auditor,Union County,
Marysville,Ohio.

Bellefontaine,Ohio.Oct.20,1930

Your card notice of ditch assessment,Flat Branch,dated September 29th,Laura McElroy et al.
I desire to object to the above assessment for the reason that the proposed improvement to said ditch will not be of any material benefit to our farm as the outlets are not deemed of sufficient size or depth to take care of the drainage that would naturally fall from the 88 acres as proposed.
If the above ditch is cleaned out to the necessary depth and the laterals properly constructed,one of which should extend through a small prpportion of our farm,I would not then object to a reasonable assessment.
I do not feel that the proposed improvement of the Flat Branch Ditch will benefit our farm as the water has no chance to get away without considerable extra expense on our part which I am not able to pay.

Yours truly,Laura McElroy
Per.C.H.McElroy.

To the Auditor and Commissioners of
Union County,Marysville,Ohio.

North Lewisburg,Ohio.Oct.16,1930

Dear Sirs;In Re,Flat Branch Ditch.

My assessment on 65 acres in Logan County is $87.82 which amount I think is to high as it is all water shed drainage and therefore derives no direct benefit.I dont understand why 481 cubic yards on my section of the ditch would cost .26.4 cents per cubic yard to excavate when on the second section west of my section 467 cubic yards cost only .14.3 cents per cubic yard.

Therefore I ask that the assessment on my 65 acres in Logan County be reduced to a more just and equitable basis.

Very truly yours,
Wm.F.Tehan

Elida,Ohio.Oct.21,1930.

Mr.Dillon,Auditor

Dear Sir;
We wrote a few lines from Lima,Ohio,yesterday,will write again mailed other in a local box you may not get it,asto the ditch assessment of Flat Branch I am assessed $1.20 on my six acres I'm willing to pay that,but I am not willing to pay more my land lays a long ways from it.

Respectfully,
Mary Lovett.

Mr.Eber N.Dillon and County Commissioners
Marysville,Ohio.

East Liberty,Ohio.Oct,17,1930

Gentlemen;
Your notice of assessment against Benjamin Prior on account of construction of the proposed Flat Branch Joint Ditch received.
I will say that the assessment of $51.22 for 115.47 is entirely too much,water course was changed in about 1912 by taking it across to Otter Creek.There about 15 acres still draining in the proposed ditch.

Yours very truly,

L.D.Prior

To the Honorable Joint Board of Commissioners of
Union and Logan Counties,Ohio.

East Liberty,Ohio.Oct.17,1930.

In the matter of the Flat Branch Joint Ditch Improvement.

Now comes L.W.Norviel,and hereby objects to his assessment for the reason that it is in excess of benefit he can obtain from said improvement.
Your petitioner further asks damages in the sum of One Hundred dollars($100.00).to his fences and bridge.
Your petitioner further asks damages in the sum of One Hundred Dollars($100.00),unless the material excavated be placed on the east side of said improvement,between stake No.41 and stake No.49 andon the west side from stake No.49 to the Denny Joint Road.

Respectfully submitted,
L.W.Norviel.

Joint Board of County Commissioners
Union and Logan Counties;

Marysville,Ohio.Oct.23.1930

Gentlemen;I hereby make claim for timber removed on account of the construction of the Flat Branch Joint Ditch in the amount of $100.00.

Respectfully yours,
C.M.Robb.

OBJECTIONS CONTINUED. Bellefontaine,Ohio.Oct.17,1930

County Commissioners,Union County,
Marysville,Ohio.

My Dear Sirs;
We received notice of hearing of Flat Branch Joint Ditch,and here in file claims for damage and objections to said assessment.Damages to fences and bridge,with cement butments and board floor $75.00.
Assessment-The assessment is to high in proportion to the benefit.Second,you have assessed me $2.00 more per acre than my neighbors who receive just as much benefit from said ditch as we do,therefore we claim the assessment is to high,is unjust,is unfair,Full amount of assessment $528.45

Very truly,
J.W.& Bess R.Denney.

IN THE MATTER OF THE FLAT BRANCH JOINT DITCH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Sept.29,1930.
Commissioners Journal.Vol.21.Page 283.

Alvi Graham,County Surveyor this day diled the plans,specifications,estimates etc,on the Flat Branch Joint Ditch,and the County Commissioners have set the 23rd,day of October 1930,at 10 O'clock A.M.at their office in Marysville,Ohio,as the time and place for the hearing on same.

IN THE MATTER OF THE FINAL HEARING ON THE FLAT BRANCH JOINT DITCH.

Auditor's Office,Union County,Ohio.
Marysville,Ohio,Oct.23,1930.
Commissioners Journal Vol.21.Page 288.

IN THE MATTER OF THE BEACH EXTENSION DITCH NO.1237-FILING OF PETITION.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Dec.23,1929.
Commissioners Journal Vol.21 Page 219.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by Mrs.Carry Coleman et al praying for the reconstruction of a single county ditch the description which is as follows;commencing at the outlet of a tile on the Beach Ex. Ditchon the lands of AnnaiMargaret Coleman,thence following the open part of said ditch across said Colemans and onto and across the lands of Isaac M.& Ella Scott,crossing the Watkins and Marysville gravel road,and onto the lands of and also across John K.Scheiderer,George Fred Scheiderer,and onto the lands of Clar Seigman and Mary Beecher or far enough to give a good and sufficient outlet for the lands drained therein..

The County Commissioners have hereby fixed the 15th,day of January 1930,at ten O'clock A.M. for the view of the said improvement,beginning at the upper terminus thereof,and they have also fixed the 20th,day of January 1930,at ten O'clock A.M. at their office in Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the following vote was had,Crandell "aye",Cashell "aye" and Staley "aye".

COPY OF PETITION

Marysville,Ohio.Nov.11,1929.

Petition for the reconstruction of a County Ditch.

To the Honorable Board of County Commissioners,
Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a County Ditch on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.The following is the course and termini of said proposed improvement,to-wit;commencing at the outlet of a tile on the Beach Extension Ditch on the lands of Anna Margaret Coleman, thence following the open part of said ditch across said Colemans lands and onto and across the lands of Isaac M.& Ella Scott,crossing the Watkins & Marysville Gravel Road and onto and across the lands of John K.Scheiderer,George Fred Scheiderer onto the lands of Clara Siegman and Mary Beecher or far enough tosecure a good and sufficient outlet.

The following is the nature of the work petitioned for;reconstructing by deepening,straightening, widening etc.also the tile in the upper part of said ditch to be repaired.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the proposed improvement.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS,That we Mrs Carrie Coleman,Leo L.Coleman and I.F.McCracken are held and firmly bound unto the State of Ohio,in the sum of Two Hundred fifty Dollars,($250.00) to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.
Signed by us and dated this day of 19

The condition of the above obligation is such,that,whereas,on the 11th,day of November 1929 the above bound Carrie Coleman,Leo L.Coleman and I.F McCracken filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction a County Ditch petitioned for by Carrie Coleman and Leo L.Coleman and others;the following is the course and termini of said proposed improvement,to-wit;commencing at the outlet of the tile on the Beach Ex.Ditch on the lands of Anna Margaret Coleman;

BOND OF PETITIONERS CONTINUED.

THENCE WITH THE OPEN PART OF SAID DITCH THROUGH THE LANDS OF SAID COLEMAN?AND ONTO THE lands of Isaac M.Scott and Ella Scott,crossing the Watkins and Marysville gravel road and onto the lands of John K.Scheiderer,George Fred Scheiderer,and on to the lands of Clara Seigman and Mary Beecher or far enough to give a good and sufficient outlet.

Now,if the said Carrie Coleman,Leo L.Coleman and I.F.McCracken will pay all costs,if the prayer of the petition is not granted or if for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

Mrs.Carrie A.Coleman
Leo L.Coleman.
I.F.McCracken.

NOTICE TO LANDOWNERS.

Auditor's Office Union County.
December 23rd,1929.

Landowners affected by
Beach Extension Ditch No.1237.

Mrs.Carrie Coleman et al has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a tile on the Beach Extension Ditch on the lands of Anna Margaret Coleman,thence with the open part of said ditch across said Colemans and onto and across the lands of Isaac Scott and Ella Scott,crossing the Watkins and Marysville gravel road,and onto and across the lands of John K.Scheiderer,George Fred Scheiderer, onto the lands of Clara Seigman and Mary Beecher or far enough to give a good and sufficient outlet for the lands drained therein.

The County Commissioners will view this proposed improvement on the 15th,day of January 1930,commencing at the beginning thereof at ten o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio, on the 20th,day of January 1930,at ten O'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon
County Auditor.

REQUEST.

To the Commissioners
Union County,Ohio.

Marysville,Ohio,Jan.20,1930

We the undersigned land owners interested in the Beach Extension Ditch;request that the storm sewers on said ditch under theN.Y.C.Ry.be enlarged so as to take care of the flood water from the lands above said Ry.

I.F.McCracken
Mrs Carrie A.Coleman
By R.J.C.

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as lacated by the stakes,and the center shall be about 12 feet to the left thereof and straight,except at the angles,which shall be made in easy rounding curves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 11 1/2 to 1 perpindicular and must be true and smooth. All loose dirt over-hanging or loose sods and roots,stumps,and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

SPECIFICATIONS CONTINUED.

The trench shall be 4 feet in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 20 feet of the bank slope,and spread,leaving the surface in good condition for farming.

The right of way shall be 35 feet on each side of the ditch.Valuable timber,fences,growing crops and other valuable property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc,shall be cl eared away from the ditch banks to a distance of 20 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in siad work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers if work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive,unless countermanded by a Majority of the Board of Commissioners.

Station 0.00-4.42-18 inch tile,in place shall be removed.

The tile ditch shall be repaired under the direction of the Engineer.Tile specifications on file in the County Surveyor's Office shall govern.

Said Section No.1 must be completed on or before the 1st,day of July 1930.

OBJECTIONS TO ASSESSMENTS.

October 14th,1930.

To the Honorable Board of Commissioners;

We the undersigned do assert that our assessment on the Beach Extension Ditch No.1237 is unjust as we are assessed $150.00 on 95 acres which is $1.58 pe acre,and is more than twice as much as some others are assessed,and we consider it too much for the benefits to be received.

I.M.Scott.
Ella Scott.

My farm consists of 3 tracts,one of 106.25 acres one of 42 acres and one of 22.25 acres. of the 42 acres 35 acres empty into the J.A.Coleman farm that leaves 7 acres to drain into the Beach Ditch.

John A.Schalip.

IN THE MATTER OF THE BEACH EXTENSION DITCH NO.1237.-first hearing.

Auditor's Office,Union County,Ohio. Marysville,Ohio.Jan.20,1930. Commissioners Journal Vol.21 Page 227.

The Board of County Commissioners of Union County,Ohio,met this day in special session with all the members present,after the reading the minutes of the preceeding meeting the following came up on this day for further consideration,pursuant to the mailing of notices and the view of said ditch,after some discussion on said matter it was moved by Mr.Cashell that we grant said ditch as petitioned for and all of its requests as asked for,the above was seconded by Mr. Crandell and the result of the vote was follows,Staley "aye",Cashell "aye" and Crandell "aye".

IN THE MATTER OF THE BEACH EXTENSION-FILING OF PLANS.

Auditors Office,Union County. Marysville,Ohio.Sept.22,1930 Commissioners Journal Vol 21 Page 282.

Alvi Graham,County Surveyor this day filed the plans and specifications and estimates on the Beach Extension Ditch No.1237,and the County Commissioners set the 20th,day of Octoner 1930,at ten o'clock at their office as the time and place for the hearing on same.

IN THE MATTER OF THE ADJOURNMENT OF THE BEACH EXTENSION DITCH.

Auditor's Vault Box No.500 CHARLEY SMITH DITCH NO.1238 Transcribed Aug.31,1946.

IN THE MATTER OF THE CHARLEY SMITH DITCH NO.1238-FILING OF PETITION.

Marysville,Ohio.Feb.10,1930
Commissioners Journal Vol 21 Page 232

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by Charley Smith,praying for the location and cconstruction of a single county ditch,located in York Township,Union County,Ohio,the description which is as follows; commencing at a stake in the basin on the lands of C.H.Smith;thence following the water course in a northeasterly direction crossing said Smith's land and the lands of Floyd C.Kerns,Ellen M. Stahl;thence onto the lands of C.S.Hamilton to the Powder Lick Run Ditch,we ask that the ditch be constructed of tile of sufficient capacity to properly drain the land drained therein.

As provided by Section 6442 G.C.we hereby fix the 5th,day of March 1930,at ten o'clock A.M. as the time for viewing of said ditch improvement commencing at the upper termini thereof and continuing to the outlet or as far as the petitioner has asked for,and we also fix the 10th,day of March 1930,at ten o'clock A.M.at the office of the Commissioners,in Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows,Staley "aye",Cashell "aye" and Crandell "aye".

COPY OF PETITION

Marysville,Ohio.Jan.7,1930

To the Honorable Board of County Commissioners
Union County,Ohio.

The undersigned hereby petition your honorable body for the construction of a single county ditch on the course hereinafter set forth.

The construction of the proposed is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;Commencing at a stake in a basin on the lands of C.H.Smith;thence following the watercourse in a North-easterly direction crossing said Smith lands and the lands of Floyd C.Kerns,Ellen M.Stahl; thence onto the lands of C.S.Hamilton to the Powder Lick Run Ditch

The following is the nature of the work petitioned for;We ask that this ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

C.H.Smith	Peoria	C.S.Hamilton	Peoria
F.C.Kerns	Marysville	Ellen Stahl	".
P.M.Fox	Peoria		

Service of notice of filing of petition shall be obtained by mailing notices and publication.

C.H.Smith,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS: That we C.H.Smith,C.S.Hamilton and T.B.Roahen are held and firmly bound unto the State of Ohio,in the sum of $200.00-Two Hundred Dollars,to the payment of which we jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 4th,day of February 1930.

The condition of the above obligation is such,that,whereas,on the 10th,day of February 1930,the above bound C.H.Smith filed his petition with the County Auditor of Union County, making application to the County Commissioners,praying for the construction of a Single County Ditch in York Township,petitione for by C.H.Smith and others.The following is the course and termini of said propo sed improvement,to-wit;Commencing at a stake in a basin on the lands of C.H.Smith;thence following the watercourse in a northeasterly direction,crossing said Smith lands and the lands of Floyd C.Kerns,Ellen M.Stahl;thence onto the lands of C.S.Hamilton to the Powder Lick.Run Ditch.

We ask that this ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

Now,if the said C.H.Smith,C.S.Hamilton and T.B.Roahen will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

C.H.Smith
C.S.Hamilton
T.B.Roahen

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Feb,11,1930

Landowners affected by

Charley Smith Ditch No.1238.

Chas.H.Smith has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake in a basin on the lands of C.H.Smith,thence following the watercourse in a northeasterly direction,crossing the said Smith lands and the lands of Floyd C.Kerns,Ellen M.Stahl;thence onto the lands of C.S.Hamilton to the Powder Lick Run Ditch.

We ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

The County Commissioners will view this proposed improvement on the 5th,day of March 1930, at ten o'clock A.M.and the first hearing thereon will be held at the commissioners office on March 10th,1930 at ten O'clock A.M.

Applications for the granting of the above improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners confirming the assessments and ordering the sale of said ditch.

Eber N.Dillon
County Auditor.

IN THE MATTER OF THE SMITH DITCH NO.1238-FIRST HEARING.

Marysville,Ohio.March 10,1930
Commissioners Journal Vol 21 Page 236

The Board of Commissioners of Union County,Ohio,met this day in special session for the first hearing in the matter of the Chas,Smith Ditch,located in York Township,Union County, ohio,the description of the said ditch is as follows;commencing at a stake in a basin on the lands of C.H.Smith;thence following the warercourse across the lands of said Smith in a northeasterly direction crossing the lands of Floyd C.KernsmEllen M.Stahl;thence onto the lands of C.S.Hamilton to Powder Lick Run Ditch,the following is the nature of the work petitioned for, we ask that said ditch be constructed of tile of sufficient capacity to properly drain the lands drained therein.

SPECIFICATIONS TILE DITCH

Said Ditch and its Branches shall be constructed along the line as located by the stakes, and the center shall be feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile

No tile shall be laid until they have been examined and approved by the Enginner or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile,and in all places it must be covered to a depth of at least 24 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes;

From Station	00.00	to Station	2.85	6 inch tile
" "	2.85	" "	12.00	8 " "
" "	12.00	" "	20.00	10 " "
" "	20.00	" "	26.20	12 " "

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened, and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile and to keep his Section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unles countermanded by a majority of the Board of County Commissioners.

Commissioners of Union County,Ohio.

Auditor's Vault Box No.503 ELLIOTT DITCH NO.1239 Transcribed Sept. 21,1946

IN THE MATTER OF THE ELLIOTT DITCH NO.1239-FILING OF PETITION.

Marysville,Ohio.April 7th,1930
Commissioners Journal Vol.21 Page 242.

The County Auditor this day delivered to the Board of County Commissioners a copy of a ditch petition filed by W.L.Elliott of York Township,Union County,Ohio,praying for the lacation and construction of a single county ditch,the following is the description of the said proposed improvement.commencing at the outlet of the tile on the Ogan Ditch No.567 on the lands of Charles Chandler;thence with the open part of the ditch across said lands,the Reed and Jolliff gravel road,or far enough to give a good and sufficient outlet,for the lands drained therein.

The following is the nature of the work petitioned for;reconstruction,deepening and wiedning.

The Board of County Commissioners have fixed the 30th,day of April 1930,as the time for the view of the proposed improvement,beginning at the upper terminus thereof and continuing as far as the petition calls for,and they have also fixed the 5th,day of May 1930,at ten o'clock A.M. at their office in Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows,Staley "aye",Crandell "aye" and Cashell "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we W.L.Elliott,E.E.Ledley and C.E.Crabtree are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum we jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 2nd,day of April 1930.

The condition of the above obligation is such,that,Whereas,on the day of April 1930 the above bound W.L.Elliott and Zadie Chandler filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a Single County Ditch,located in York Township,Union County,Ohio,petitione for by W.L.Elliott et al

The following is the course and termini of the proposed improvementm,to-wit;beginning at the outlet of the tile on the Ogan Ditch No.567 on the lands of Charles Chandler;thence with the open part of said ditch across said lands,the Reed and Jolliff Gravel Road,or far enough to give a good and sufficient outlet for the lands drained therein.

Now,if the said W.L.Elliottl,E.E.Ledley and C.E.Crabtree will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

W.L.Wlliott.
E.E.Ledley.
C.E.Crabtree.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
April 7th,1930.

Landowners affected by

Elliott Ditch No.1239.

W.L.Elliott has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Ogan Ditch No.567,on the lands of Charles Chandler;thence with the open part of said ditch across said lands,the Reed and Jolliff gravel Road.or far enough to give a good and sufficient outlet for the lands drained therein.

The County Commissioners will view this proposed improvement on the 30th,day of April 1930, Commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 5th,day of May 1930,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Eber N.Dillon,
County Auditor.

IN THE MATTER OF THE ELLIOTT DITCH NO.1239-FIRST HEARING.

Marysville,Ohio.May 5th,1930.
Commissioners Journal Vol.21 Page 249.

Pursuant to the view of said ditch,the Board of County Commissioners met this day for further consideration in the matter of the said ditch and after some discussion it was moved by Mr.Crandell and seconded by Mr.Cashell that we grant said petition as filed or far enough to give a good and sufficient outlet.

On question of adoption of the foregoing the vote was as follows,Staley "aye",Cashell "aye" and Crandell "aye".

SPECIFICATIONS

Said ditch shall be constructed along the line as located by the stakes,and the center
ll _e about 12 feet to the left thereof,and straight,except at the angles,which shall be made in easy,rounding
ves by shifting the center line on each side of the angles thereof.

The banks shall have a slope of 1 1/2 to one perpindicular and must be true and smooth. All loose dirt over-hanging or llose sods and roots and stumps,and debris of every kind must be removed from the ditch,even ifthey do not come within the bounds herein specified,and no branches or offsets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom,and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 20 feet of the bank slopes,and spread,leaving the surface in good condition for farming.

The right of way shall be 30 feet on each side of the ditch.Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood,etc.,shall be cleared away from the ditch banks to a distance of 20 feet there from.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed,and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Boart of County Commissioners.

Said Section No.1 must be completed on or before the 1st day of January 1931.

Headwall to be _' x 1 1/4' x 19' at Sta.2.52 or 6' x 1 1/4 x 12' at Sta.00

Alvi Graham,
Engineer.

ESTIMATED COST

Section No.1.

Consisting of excavating open ditch
From Station 00 to Station 19.00
870 Cu.yds of excavation @ 40¢ $348.00

Section No.2.

3.4 cu.yds (1-5 1/2 concrete) @ $15.00		51.00
Engineering	$21.00	
Commissioner's fees	60.00	81.00
Total		490.00

The above estimate is based on cleaning out open ditch from Station 00 to 19.00.

Section No.1.

Consisting of excavating open ditch from Sta.2.52 to Sta.19.00
716 cu.yds of excavation @ 40¢ $286.40

Section No.2.

Consisting of repairing 15" tile from Sta.00 to Sta.1.42
Removing headwall at Sta.1.42 excavating,placing 15" tile & filling tile ditch,85 cu.yds of excavation @ 50¢ $42.00
Filling tile ditch 15.00 57.50

Auditor's Vault Box No.503 ELLIOTT DITCH NO.1239 Transcribed Sept.23,1946.

Estimated cost continued.

Section No.3.

Consisting of constructing concrete headwall at Sta.2.52
5.3 cu.yds (1-5 1/2 concrete) @ $15.00 $79.50

Section No.4.

Consisting of furnishing and deliveringon line of ditch the following tile
150' of 15" tile @ $32.00 49.50
Engineering 21.00
Commissioner's fees 60.00 81.00
Total 553.90
The above estimate is based on using 15" tile from Sta.00 to Sta.2.52 and cleaning open ditch from Sta.2.52 to Sta.19.00

SPECIFICATIONS OPEN DITCH.

Said ditch shall be constructed along the line as located by the stakes.and the center shall be 15 feet to the right thereof and straight..except at the angles.shich shall be made in easy,rounding curves nv shifting the center line feet on each side of the angles thereof.

The banks shall have a slope of 1 1/2 horizontal to 1 perpindicular and must be true and smooth. All sods overhanging or loose dirt roots stumps.and debris of every kind must be removed from the ditch,even if they do not come within the bounds herein specified,and no branches or off-sets are to be left in the sides of the ditch.

The trench shall be 2 feet wide in the bottom.and excavated to the depth at each stake as shown by the profile.The bottom must be true and smooth and have a regular grade.All depths are to be measured from the plug stakes at the foot of the numbered stakes.

All excavated earth shall be removed at least 5 feet from the bank slope and deposited in the old channel and low places along the line of the ditch when the same lie within 25 feet of the bank slopes and spread.leaving the surface in good condition for farming.

The right of way shall be 35 feet on each side of the ditch.Valuable timber,fences, growing crops and other property within the right of way shall be preserved uninjured as far as possible.

All fallen timber,flood-wood etc.shall be cleared away from the ditch banks to distance of 20 feet therefrom.

The contractor will be required to remove all dirt washed from his section into the lower ones before his section is completed and accepted.and to keep his section in order until finally accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work.and a correwponding change will be made in the amount paid for the same at the rate of the purchase bid.

The contractor will be required to use dump scrapers if work is done with teams.

The Engineer shall have power to place laborers along the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch.ahall be final and conclusive unless countermanded by a majority of the Board of County Commisssioners.

A 7' x 14/4' x 12' extension shall be built on the left end of the present headwall.The extension shall be built at an angle of about45" with the face of the headwall in place.

The 15" & 20" tile ditches shall be repaired under the directions of the Engineer.

This said Section No.1 must be completed onnor before the 1st.day of January 1931.

OBJECTIONS TO ASSESSMENTS

October 23rd,1930.

Board of County Commissioners,
Union County,Ohio.

GENTLEMEN:

I hereby object to my assessment on the Taylor Ditch No.1240 for the reason that the assessment is in excess of the benefits derived.

Respectfully,
H.C.Patrick.

October 27th,1930.

Board of County Commissioners,
Union County,Ohio.

I hereby object to my assessment on account of the improvement of the Taylor Ditch No.1240 for the reason that the schedule of assessments shows more land drained than is actually drained into the ditch.

Respectfully.
H.A.Taylor.
A.M.Taylor.

Board of County Commissioners,
Union County,Ohio.

October 25th,1930

Gentlemen;

I hereby object to my assessment for the improvement of the Taylor Ditch No.1240 for the reason that the cost is excessive in view of the benefits derived.

I also object to the construction of this improvement for the reason that my bridge abutments would be undermined resulting in the destroying of my crossing.

O.Z.Taylor.

The Board of County Commissioners,
Union County,Ohio.

Gentlemen;

I hereby object to my assessment on account of the improvement of the Taylor Ditch No.1240 for the reason that the assessment is in excess of the benefits derived.

Also the schedule of assessments show that I drain 18.50 acres whereas only about 8 acres are drained therein.

Respectfully yours,
George Gamble.

IN THE MATTER OF THE FINAL HEARING ON THE TAYLOR DITCH #2-1240.

Marysville,Ohio.Oct.26,1930.
Commissioners Journal Vol.21 Page 289.

Pursuant to the first hearing on the Taylor Ditch No.1240,the 27th,day of October being set by the Board of Commissioners as the time for the final hearing on same and after some discussion on the said matter it was moved by Mr.Crandell that we approve the report of s assessments as amended,By reducing the following,G.M.Gambles 18.50 acre tract to 8 acres and assess same $10.00,Josepy and John Lowereduce the assessment on 24.60 acre tract and assess same $33.00.and reduce the acreage of Harry Taylor 54.15 to 50 acres drained and assess same $65.27,and drop O.Z.Taylor and Marie Taylor's 30 acre tract and also the assessmentand to end the improvement at stake #33.

The above was seconded by Mr.Staley and on question of adoption of the foregoing the vote was follows,Crandell "aye",Staley "aye".

W.M.Staley.
G.W.Crandell
Commissioners of Union County,Ohio.

Auditor's Vault Box No.503 HINKLE DITCH NO.1241. Transcribed Sept.28,1946.

IN THE MATTER OF THE HINKLE DITCH NO.1241-FILING OF PETITION.

Marysville,Ohio.Dec.15,1930
Commissioners Journal Vol.21 Page 299.

The County Auditor this day delivered to the County Commissioners a copy of a ditch petition filed by Christopher Hinkle praying for the location and construction of a single county ditch located in Jackson Township.Union County,Ohio,the location and description which is as follows,commencing on the line between the lands of Homer Fox and Christopher Hinkle and on the line of a ditch,thence following the said ditch or near thereto in a northeasterly direction,crossing said Hinkles land.and the unimproved road to 12 inch tile and there to terminate.We ask that said part of said tile ditch from the beginning to said 12 inch tile be improved by tile of sufficient capacity to properly drain the lands drained therein.

The County Commissioners have fixrd the 7th,day of January 1931 at ten o'clock A.M. as the view of the same and have also fixrd the 12th,day of January 1931 at ten o'clock A.M. at the office of the County Commissioners as the time and place for the hearing on same.

On question of adoption of the foregoing the vote was as follows;Crandell "aye" and Staley "aye".

COPY OF PETITION

Marysville,Ohio.Dec.10,1930.

To The Honorable Board of County Commissioners,
Union County,Ohio.

The undersigned hereby petion your honorable body for the reconstruction of a single county ditch,located in Jackson Township,Survey No.10196 etc.on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit:Commencing on the line between the lands of Homer S.Fox and Christopher Hinkle,and in the line of a tile ditch; thence following said ditch,or near thereto in a northeasterly direction,crossing said Hinkle's land and the unimproved road to a 12 inch tile and there to terminate.

We ask that this part of said ditch from the beginning to said 12 inch tile be improved by tile of sufficient capacity to properly drain the lands drained therein.

The following is the nature of the work petitioned for:Reconstruction.

Names and addresses,where known,of all owners of the land which the petitioner claims will benefited or damaged by the construction of the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notices.

Christopher Hinkle.
Petitioner.

BOND OF PETITIONER.

Know all men by these presents:That Christopher Hinkle,J.S.Kagay and Frank Collier are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 10th,day of December 1930.

The condition of the above obligation is such,that.whereas,on the day of 19 the above bound Christopher Hinkle filed his petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a single county ditch,located in Jackson Township,petitioned for by Christopher Hinkle et al: The following is the course and termini of said proposed improvement,to-wit;Commencing on the line between the lands of Homer S.Fox and Christopher Hinkle,and in the line of a tile ditch; thence following said ditch,or near thereto in a northeasterly direction crossing said Hinkle's land and the unimproved road to a 12 inch tile and there to terminate.

We ask that this part of said ditch,from the beginning to said 12 inch tile be improved by tile of sufficient capacity to properly drain the land drained therein.

Now,if the said Christopher Hinkle,J,S.Kagay and Frank Collier will pay all costs,if the prayer of the petition is not granted of if for any cause dismissed,then this obligation to be void:otherwise to remain in full force and virtue in law.

Christopher Hinkle.
J.S.Kagay.
Frank Collier.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
December 15th,1930.

Landowners affected by
Hinkle ditch No.1241.

Christopher Hinkle has filed a petition with the County Auditor requesting the improvement of a ditch,beginning on the line between the lands of Homer S.Fox and Christopher Hinkle,and the line of a tile ditch:thence following said tile ditch or near thereto in a northeasterly direction crossing said Hinkle's land and the unimproved road to a 12 inch tile and there to terminate.

We ask that this part of said ditch from the beginning to said 12 inch tile be improved by tile of sufficient capacity to properly drain the lands drained therein.

The Commissioners will view this proposed improvement on the 7th,day of January 1931; Commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County.Commissioners,Marysville,Ohio,on the 12th,day of January 1931,at ten o'clock A.M..

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully.
Eber N.Dillon
Auditor of Union County.

SPECIFICATIONS TILE DITCH.

Said ditch and branches shall be constructed along the line as located by the stakes, and the center shall be 2 feet to the left thereof.and straight .except at the angles.which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile:and the bottom shall be true and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line ,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let the dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer:after which the trench shall be so filled that the excavated earth will all settle on the line of the tile

The tile shall be of the following sizes;
From Station 23.00 to Station 12.00 8 inch tile
" " 12.00 " " 8.00 7 " "
" " 8.00 " " 0.00 6 " "

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions shall be final and conclusive on all matters pertaining to the ditch,unless countermanded by a majority of the Board of County Commissioners.

Alvi Graham,County Surveyor.
Walter Griffith,Deputy Surveyor.

IN THE MATTER OF THE GILCREST DITCH
#2-Petition No.1242-In Dover TOWNSHIP.

Marysville,Ohio,March 17th,1931
Commissioners Journal Vol.21,Page 322.

The Surveyor this day delivered to the County Commissioners a copy of a ditch petition filed by Wm.G.Hinderer,praying for the location and construction of a county ditch,located in Dover Township,in Union County,Ohio.The ;ocation and description which is as follows;At the outlet of the Gilcrist ditch on the lands of Lela & Freeman White thence following the line of the open part of said ditch along the lands between the lands of the said Lela and Freeman White and J.W. Janes;thence crossing the Marysville and Watkins road and the lands of J.W.Janes to Millcreek.

The County Commissioners have fixed the 9th,day of April 1931 at ten o'clock A.M.as the viewof same and have also fixed the 13th,day of April 1931 at ten o'clock at the office of the County Commissioners as the place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows; Crandell "aye",Cashell "aye" and Harmon "aye".

COPY OF PETITION

Marysville,Ohio.March 11,1931.

Petition for a Single County Ditch.

To the Nonorable Board of County Commissioners,
Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a single county ditch,located in Dover Township,V.M.9028 Union County,Ohio,on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit:Commencing at the outlet of the tile of the Gilcrest Ditch on the lands of Lela & Freeman White;thence following the line of the open part of said ditch along the lands between the lands of said Lela & Freeman White and J.W.Janes,crossing onto the lands of said J.W.Janes;thence crossing the Marysville & Watkins road and the lands of J.W.Janes to Mill Creek.

The following is the nature of the work petitioned for;cleaning out,deepening,widening, straightening and repairing tile.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Section No.1 From Station 0.00 to Station 29.40-178.2 Rods.
Excavating and Grubbing,etc.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has this sold to F.A.McAllister Contractor the work of constructing Section No.1 of said Ditch for the sum of ($345.00)Three hundred forty-five Dollsrs,which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of October 1931.

And it is further agreed and expressly understood that in case the said Contractor shall fail to complete said work by the time hereinbefore named, then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the Contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the Supervision of any part of the work of constructing said ditch improvement,without the written consent ofthe Engineer.

Provided this contract shall be of no force until approved by the Commissioners of Union County,Ohio.

Alvi Graham, Engineer. F.A.McAllister, Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and M.I.McAllister and Milo Strosnider as sureties,ar held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($435.00)Four Hundred thirty five Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 10th.day of July 1931.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1 of Gilcrist Ditch No.1242 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now if the said contractor shall well and truly perform the obligations of said contract,and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this Section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
Milo Strisnider.

This contract and bond are hereby approved this 20th,day of July 1931.

G.W.Crandell.
W.D.Harmon.
A.F.Elliott.
Commissioners of Union County,Ohio.

IN THE MATTER OF THE HANAWALT JOINT DITCH IMROVEMENT NO.2-FILING OF PETITION.

Marysville,Ohio,March 30th,1931.
Commissioners Journal Vol.21.Page 325.

The Surveyor this day delivered to the County Commissioners a copy of a petition for a ditch,filed by Claude Hutchinson,praying for the reconstruction of a Joint County Ditch V.M. Survey No.2989,known as the Hanawalt Joint Ditch No.704 in Millcreek Township in Delaware County,the location which is as follows;Commencing at the outlet of a 12 inch tile on the line between the lands of Charles Hagenlocker and the lands of Hubert and Claude Hutchinson;thence following following the open ditch or near there to in a northerly and easterly direction, across the lands of said Hubert and Claude Hutchinson into Delaware County;thence continuing across the said Hutchinson lands and onto the lands of Joseph Sipes

The County Commissioners have fixed the 24th,day of April 1931,as the view of same and have also fixed the 28th,day of April 1931,at ten o'clock A.M.at the office of the County Commissioners,Marysville,Ohio,as the place for the hearing thereon.

On question of adoption of the foregoing the vote was as follows;Crandell "aye",Cashell "aye" and Harmon "aye".

Be it known also that Claude Hutchinson,S.T.Hutchinson and Charles Hagenlocker filed Bond in the amount of $200.00,with the petition.

COPY OF PETITION.

Marysville,Ohio,March 25th,1931.

Petition for Reconstruction of a Joint County Ditch,located in Mill Creek Township,Union County andScioto Township,Delaware County.

To the Honorable Board of County Commissioners of
Union and Delaware Counties,Ohio.

The undersigned petition your honorable body for the Reconstruction of a Joint Ditch in V.M.Survey No.2989,known as the Hanawalt Joint Ditch No.704 in Union and Delaware Counties on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The followin is the course and termini of the proposed improvement,to-wit;Commencing at the outlet of a 12 inch tile on the line between the lands of Charles Hagenlocker and the lands of Hubert and Claude Hutchinson;thence following the open ditch or near there to in a northerly and easterly direction,across the lands of said Hubert and Claude Hutchinson into Delaware County;thence continuing across the said Hutchinson lands and onto the lands of Joseph Sipes.

The following is the nature of the work petitioned for;Toling with tile of sufficient capacity to the Delaware line and continuing with an open ditch far enough for a good and sufficient outlet.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the proposed improvement.

Hutchinson Hubert	"	Hutchinson Clyde	"
Liggett George A.	"	Mosley Paul J.et al	"
Whiteside Allen T.	"	Barger E.C.	"
Smart Daniel	"	Sipes Joseph	"

Service of notice of filing of petition shall be obtained by mailing notices and publication

Claude Hutchisson,
Petitioner.

BOND OF PETIONER

KNOW ALL MEN BY THESE PRESENTS:That we Claude Hutchisson,S.T.Hutchisson and Charles Hagenlocker are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves our heirs,executors and administrators.

Signed by us and dated this 25th,day of March 1931.

The condition of the above obligation is such,that,whereas,on the day of 19 the above bound Claude Hutchinson filed his application with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the Reconstruction of a Joint County Ditch,known as the Hanawalt Joint Ditch No.704,V.M. Survey No.2989 in Union and Delaware Counties,petitioned for by Claude Hutchisson and others;The following is the course and termini of said proposed improvement,to-wit;Commencing at the outlet of a 12 inch tile on tthe line between the lands of Charles Hagenlockerand Hubert and Claude Hutchisson;thence following the line of the open ditch,or near therto in a northerly and easterly direction across the said lands of said Hubert and Claud Hutchisson into Delaware County;thence condinuing across the said Hutchisson lands and onto the lands of Joseph Sipes.

The following is the nature of the work petitioned for;Tiling with tile of sufficient capa capacith to the Delawree County line and continuing with an open ditch far enough to give a good and sufficient outlet.

Now,if the said Claude Hutchisson and others will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

Auditor's Vault Box No.327 HANAWALT JOINT DITCH IMPROVEMENT NO.2. Transcribed Nov.23,1946.

NOTICE TO LANDOWNERS

Landowners affected by

Auditor's Iffice,Union County,Ohio.
Marysville,Ohio,March 31,1931.

Hanawalt Joint Ditch No.704.

Claude Hutchisson and others has filed a petition requesting the improvement of a ditch beginning at the outlet of a 12 inch tile on the line between the lands of Charles Hagenlocker and the lands of Hubert and Claude Hutchinson;thence following the line of the open ditch,or near thereto in a northerly and easterly direction,across the lands of said Hubert and Claud Hutchisson into Delaware County;thence continuing across the Hutchisson lands and onto the lands of Joseph Sipes.

The Commissioners will view the proposed improvement on the 24th,day of April 1931, Commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 28th,day of April 1931 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Morey Liggett,
County Auditor.

SPECIFICATIONS TILE DITCH

Said ditch and its branches shall be constructed along the line as located by the stakes, and the center shall be 6 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile

SPECIFICATIONS COUTINUED.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth w will all settle on the line of the tile;and in all places it must be covered to depth of at least inches ,except at the filters as hereinafter specified.

The tile shall be of the following sixes.

Form Station 00.00 to Station 15.43--15 inch tile
30 feet of 12 inch tile for repair of existing tile.
Headwall to be placed at outlet of tile at Station 16.80 on Proposal No.1.
Headwall to be placed at outlet of present tile on Proposal No.2.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut down even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile,the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters shall be final and conclusive, unless countermanded by a majority of the Board of County Commissioners.

IN THE MATTER OF THE VIEWING THE HANAWALT DITCH NO.704 V.M.Survey No.2989

Marysville,Ohio.April 24,1931
Commissioners Journal Vol.21.Page 330.

Pursuant to mailing notices of viewing said ditch to interested owners,be it known that the Commissioners of Union and Delaware Counties met at asJoint Board on this day on the lands of Charles Hagenlocker and Hubert Hutchisson and Claude Huthhisson for the purpose of viewing said ditch.

On orginazation of the Joint Board it was moved by Mr.Andrews,seconded by Mr.Gebhart that Mr Crandell be made Chairman of said Board.

Vote was as follows;Andrews "aye",Cowgill "aye",Gebhart "aye" Harmon "aye"Crandell "aye" Cashell "aye" and Harmon "aye".

IN THE MATTER OF THE FIRST HEARING OF THE HANAWALT JOINT DITCH.

Marysville,Ohio.April 28,1931
Commissioners Journal Vol.21.Page332.

The Joint Board of County Commissioners of Union and Delaware Counties met this day in special session with the following members present;for the first hearing on the Hanawalt Hoint Ditch;Messrs Crandell,Cashell and Harmon of Union County and Andrews,Gebhart and Cowgill of Delaware County.

After the reading the minutes of the preceeding,the meeting was called to order by the chairman Mr,Crandell,pursuant to the mailing of notices and viewing of the said ditch on the 24th,day of April 1931,the petition was read by Mr.Liggitt,and after some discussion there was two proposals made by interested parties,one group asking for open ditch and the other group asking for tile ditch.

After some discussion of said matter it was moved by Mr.Harmon that we grant said petition, and that the County Surveyor Mr.Graham make estimates of open and tile combined,the motion was duly seconded by Mr.Cowgill.

The following vote was had,Gebhart "aye",Cowgill "aye",Andrews "aye",Crandell "aye", Cashell "Aye" and Harmon "aye".

On motion of Mr.Gebhart that Alvi Graham be appointed as Surveyor on said ditch and that he file plans of the same with the Board,was duly seconded by Mr.Andrews,there was and unanimous vote of the Board

There being no further business it was moved to adjourn to August 20th,1931.

IN THE MATTER OF THE FINAL HEARING OF HANAWALT JOINT DITCH IMPROVEMENT NO.2.

Marysville,Ohio.Aug.20.1931
Commissioners Journal Vol.21.Page370

The Joint Board of County Commissioners of Union and Delaware Counties met this day in special session,with the following members present;Messrs Crandell,Elliott and Harmen of Union County and Cowgill,andrews and Gebhart of Delaware County.

After the reading of the minutes of the preceeding meeting the following proceedings were had.

Pursuant totthe mailing of notices of the final hearing on said ditch,the board met this day for consideration in the matter of assessments,after some discussion,it was moved by Mr. Andrews,seconded by Mr.Mr Harmon that we accept the Engineer's Proposal No.1 on said ditch as read.

The following vote was had,Crandell "aye",Elliott "aye" ,Harmon "aye",Andrews "aye", Gebhart "aye" and Cowgill "aye".

A motion was made by Cowgill,seconded by Elliott that we approve the assessments of Proposal No.1 on said ditch as read.(excepting that Paul Mosley of Union County and E.Barger of Delaware County land owners affected by said improvement be assessed $10.00 each) There were no objections filed.

Following is the vote had,Crandell "aye",Elliott "aye",Harmon "aye",Cowgill "aye".Andrews "aye" and Gebhart "aye".

FINAL HEARING CONTINUED.

A motion was then made by Mr.Harmon seconded by Mr.Cowgill that the 8th,day of September 1931, at 2 o'clock P.M.in the County Surveyor's Office at Marysville,Ohio,be set as the time and place for the sale of said improvement.

And also the County Auditor be directed to place the several assessments on a special duplicate and certify the same to the County Treasurer for collection in 10 semi-annual installments.

On question of adoption of the foregoing the vote was as follows,Crandell "aye" Harmon "aye".Elliott "aye",Cowgill "aye",Gebhart "aye".and Andrews "aye".

There being no further business it was moved by Mr.Gebhart seconded by Mr.Crandell that we adjourn.The vote was as follows;Crandell "aye",Harmon "aye",Elliott,"aye",Cowgill "aye" Andrews "aye" Gebhart "aye".

Petitioners.

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS,That we W.W.Kinney,D.B.Shoup and W.H.Treese are held and firmly bound unto the State of Ohio,in the sum of ($300.00) Three Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 29th,day of April 1931.

The condition of the above obligation is such,that,whereas,on the 4th,day of May 1931,the above bound W.W.Kinney and C.E.Griffith filed their petition with the County Auditor of Union County Ohio making application to the County Commissioners of Union County,praying for the re-construction of a Single County Ditch located in Claibourne Township,Union County,Ohio,V.M.Survey 7008 petitioned for by W.W.Kinney and others;the following is the course and termini of the proposed improvement,to-wit;Commencing at the outlet of the tile on the Grassy Branch Ditch No.79 at the line between the lands of M.M.& Mary M.Cameron and Ella I Smith;thence following the open part of said ditch crossing the lands of Ella I.Smith,J.P.Sidle,crossing the Snedeker Road,and onto and across the lands of R.F.Bell,Mildred and Minta Pritchard,Edmond Morrison,the Kinney Pike,

COPY OF BOND OF PETITIONERS CONTINUED.

AND ONTO AND Across the lands of Watt H.Treese,Ralph B.Dildine and others to Fulton Creek.

The following is the nature of the work petitioned for;Cleaning out,deepening,straightening, widening,etc.

Now,if the said W.W.Kinney,D.B.Shoup and W.H.Treese will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

W.W.Kinney
D.B.Shoup.
W.H.Treese.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Marysville,Ohio,May 6th.1931.

Landowners affected by

Grassy Branch Ditch No.Imp.No.2.

W.W.Kinney and others has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of the tile on the Grassy Branch Ditch No.79 at the line between the lands of M.M.& Mary Cameron and Ella I.Smith;thence with or following the open part of said ditch,crossing the said lands of Ella I.Smith,J.P.Sidle,crossing the Snedeker Road and onto and across the lands of R.F.Bell,Mildred and Minta Pritchard,Edmond Morrison,the Kinney Pike,and onto and across the lands of Watt H.Treese and Ralph B. Dildine and others to Fulton Creek.

The County Commissioners will view this proposed improvement on the 3rd,day of June 1931, commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 8th,day of June 1931 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,

Morey Liggett,
County Auditor.

IN THE MATTER OF THE FIRST HEARING ON GRASSY BRANCH DITCH IMPROVEMENT NO.2.-1243.

Marysville,Ohio,June 8,1931.
Commissioners Journal Vol.21.Page 345.

A number of land owners affected by the said improvement was present,and after a lengthy discussion it was moved by Mr.Crandell that the Surveyor,Mr.Graham be instructed to make a report of preliminary survey,on the 13th,day of June 1931,at ten o'clock A.M. in Commissioners office,and that said hearing be adjourned until the above mentioned date,which was duly seconded by Mr.Cashell.

On roll call the following vote was had,Crandell "aye",Cashell "aye" and Harmon "aye".

IN THE MATER OF THE PETITION FOR THE EXTENSION OF GRASSY RUN DITCH IMPROVEMENT NO.2.-1243.

Marysville,Ohio,June 13th,1931.
Commissioners Journal Vol.21Page 358.

On the findings of State Examiner H.C.Belt and Prosecuting Attorney,Gwynn Sanders that the petition of Mr.Cramer is irregular since Fulton Creek is not a tributary to Grassy Branch Ditch and therefore can not be made a part or extension of said Grassy Branch Ditch.A motion was offered by Mr.Harmon that said petition be denied,which was duly seconded by Mr.Crandell.

The following vote was had,Crandell "aye" and Harmon "aye".

Pursuant to adjournment of June 8th,1931,said matter came on this day for further consideration.Engineer Mr.Graham made his report on preliminary survey of said ditch and after some discussion,a motion was made by Mr.Crandell that the petition of W.W.Kinney et al be granted,also that the tile at upper end of siad ditch and head wall be repaired,which was duly seconded by Mr.Harmon.

The following vote was had;Crandell "aye" and Harmon "aye".

Auditor's Vault Box.No.514 ARGO DITCH NO?1244-Imp.N.2. Transcribed Nov,30,1946.

IN THE MATTER OF THE ARGO DITCH NO.1244.IMP.NO.2.-FILING OF PETITION.

Marysville,Ohio,Aug.31,1931
Commissioners Journal Vol.21.Page 372

The surveyor this day delivered to the County Commissioners a copy of a ditch petition filed by Kermit R.Bushong,praying for the location and construction of a county ditch located in Liberty Township,Union County,Ohio,the location and description which is as follows;at the outlet of the tile on the Argo and Rea or O'Brien ditches on the lands of Ray C.& Emma Mohn far enough to give a good and sufficient outlet for the lands drained therein,We ask that this di ditch be cleaned out,deepened,widened,etc,also the tile on the Argo and Rea ditches be repaired and put in good condition.

The County Commissioners have fixed the 24th,day of September 1931 at ten o'clock A.M. for the view of the same and have also fixed the 28th,day of September 1931 at ten o'clock A.M. at the office of the County Commissioners,Marysville,Ohio,as the time and place for the first hearing thereon.

On question of adoption of the foregoing the following vote was had,Crandell "aye" Harmon "aye" and Elliott "aye".

COPY OF PETITION.

Marysville,Ohio.August 31,1931

Petition for a Single County Ditch
located in V.M.S.No.3480,Liberty Township,Union County,Ohio.the reconstruction thereof,

To the Honorable Board of County Commissioners
of Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a Single County Ditch,on the course hereinafter set forth.

The construction of the proposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termino of the proposed improvement,to-wit;Commencing at the outlet of the tile on the Argo and Rea,or O'brien ditches on the lands of Ray C.& Emma Mohn;thence following the open part of said ditch on the lands of said Mohn far enough to give a good and sufficient outlet.for the lands drained therein.

The following is the nature of the work petitioned for;cleaning out,deepening,widening, etc,also the tile on the Argo and Rea ditches be repaired and put in good condition.

Names and addresses,where known,of all owners of the land which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notices and publication.

Kermit R.Bushong,
Petitioner.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we Kermit R.Bushong,E.J.Bushong and J.A.Yealey are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 31st,day of August 1931.

The condition of the above obligation is such,that,whereas,on the 31st,day of August the above bound Kermit R.Bushong filed his petition with the County Auditor of Union County,Ohio, making application to the County Commissioners of Union County,Ohio,praying for the reconstruction of a single count, ditch,located in V.M.S.Survey,Liberty Township,petitioned for by Kermit R.Bushong and others;the following is the course and termini of said proposed improvement,to-wit; Commencing at the outlet of the tile on the Argo and Rea,or O'Brien ditches on the lands of Raoy C.& Emma Mohn in Liberty Township;thence with the open part of said ditch on the said lands of Mohn far enough to give a good and sufficient outlet for the lands drained therein..We ask tha that this ditch be cleaned out,deepened,widened etc,also the tile on the Argo & Rea ditches be repaired and put in good condition.

Now,if the said Kermit R.BushongmE.J.Bushong abd J.A.Yealey will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

Kermit R.Bushong
E.J.Bushong.
J.A.Yealey.

Auditor's Vault Box.No.514 ARGO DITCH NO.1244;IMP.NO.2. Transcribed Dec.5,1946.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.

Landowners affected by Marysville,Ohio.Sept.1st.1931.

Argo Ditch No.1244 Imp.No.2

Kermit R.Bushong has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a tile on the Argo and Rea or O'Brien ditches on the lands of Ray C.Mohn in Liberty Township;thence following the line of said ditch on the lands of said Mohn far enough to give a good and sufficient outlet for the lands drained therein.

We ask that this ditch be cleaned out,deepened,widened,etc,.Also the tile on the Argo and Rea Ditches be repaired and put in good condition.

The County Commissioners will view this proposed improvement on the 24th,day of September 1931;commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 28th day of September 1931 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,

Morey Liggett.
County Auditor.

IN THE MATTER OF THE FIRST HEARING ON THE ARGO DITCH NO.1244-IMP.NO.2.

Marysvill,,Ohio.Sept.28,1931.
Commissioners Journal Vol.21.Page 380.

After some discussion of said matter,a motion was made by Mr.Harmon which was duly seconded by Mr.Elliott that said improvement be granted, and that the County Engineer,Mr.Graham be directed to establish grades and to proceed far enough below the 24 inch tile and head wall to obtain good and sufficient outlet also to make necessary repair and replacement of head wall and tile above said head wall on main ditch and laterals and also to deaden any brush and timber along line of said tile that in any way might cause any future obstruction of said tile

The following vote was had,Crandell "aye",Harmon "aye" and Elliott "aye".

OBJECTION TO ASSESSMENT

West Mansfield Ohio.July 13,1932.

Commissioners of Union Co.

Honorable Sirs;

Concerning Argo Run Ditch No.144,I am assessed $51.25,as the ditch is a damage to me,I am asking you to do away with the assessment and allow me $25.00 damages.

Yours truly,
Edwin and Eva Herd.

NOTE-- Edwin Herd farm was surveyed for watershed 1937 by Walter Griffith.
See Plot in "Gregg EXT.Ditch No.1255-18.20 Acres.
Argo Ditch Balance.

IN THE MATTER OF THE FINAL HEARING ON
ARGO DITCH NO.1244-IMP.NO.2.

Marysville,Ohio.July 16,1932.457
Commissioners Journal Vol.21 Page

A number of interested landowners being present,we had a lengthy discussion,there being no serious objections filed,a motion by Mr.Harmon which was duly seconded by Mr.Elliott,that we approve the assessments on said ditch as read (excepting that Don Burnis & Atlanta Bushong's assessment on 7 acres be decreased from $21.00 to $14.00)

On question of adoption of the foregoing the following vote was had,Harmon "aye",Elliott "aye".

A motion was then offered by Mr.Elliott seconded by Mr.Harmon that the 6th,day of August 1932, at 2 o'clock P.M.in the County Surveyor's office Marysville,Ohio,be set as the time and place for the sale of said improvement.

And also the County Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection in 10msemi-annual installments.

Vote was as follows;Harmon "aye" and Elliott "aye".

IN THE MATTER OF THE AWARDING THE CONTRACT OF ARGO DITCH 1244-IMP.NO.2.SECTION NO.1.

Marysville,Ohio.August 8th,1932.
Commissioners Journal Vol.21.Page 463.

After checking the bids on said improvement,a motion by Mr.Harmon to grant cleaning out of said Section No.1,to Edwin Herd,East Liberty,Ohio,at his bid of $155.00,which was duly seconded by Mr.Elliott.

On question of adoption of the foregoing the following vote was had;Harmon "aye" and Elliott "aye".

SECTION NO.2.

After checking the bids on said improvement,a motion by Mr.Elliott which was duly seconded by Mr.Harmon to grant putting in head wall of said Section No.2 to Thompson and Clark at their bid of $61.00

The following vote was had;Harmon "aye" and Elliott "aye".

IN THE MATTER OF THE SALE OF ARGO DITCH NO.1244-IMP.NO.2.

Pursuant to advertising in the local papers the following bids were received for the construction of said Improvement.

Bidder	Sec.No.1.	Sec.No.2.
E.M.Weston	$170.00	
Edwin Herd	155.00	
W.F.Luh		$69.50
Chas.Snyder		81.85
Edwin Herd		75.00
Thompson & Clark		61.00

IN THE MATTER OF THE CONTRACT AND BOND OF EDWIN HERD.

Marysville,Ohio.Aug.22,1932
Commissioners Journal Vo.21.Page 466

The above this day filed a copy of a contract and bond for the construction and completion of Section No.1 of Argo Ditch No.1244 IMP.No.2 in Liberty Township,Union County,Ohio. Contract $155.00,Bond $180.00,with Edwin Herd as principal and A.D.Orahood,Perry Phipps and J.B.Herd as sureties.

IN THE MATTER OF THE CONTRACT AND BOND OF THOMPSON & CLARK.

The above this day filed a copy of a Contract and Bond for the construction and completion of Section No.2 of Argo Ditch No.1244,IMP.NO.2 in Liberty Township,Union County,Ohio. Contract $61.00,Bond $101.00,with Thompson & Clark as principals and G.W.Moore,G.W.Easterday and as sureties.

CONTRACT FOR SECTION NO.1.

Marysville,Ohio.Aug.6,1932

Section No.1.From Station 0.00 to Station 24.00-146.6 rods
Excavating Open Ditch-taking up old tile-relaying iron culvert.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said Ditch Improvement,that after legal notice of sale,he has this day sold to Edwin Herd contractor the work of constructing Section No.1 of said ditch for the sum of ($155.00)One Hundred fifty five dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of October 1932.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work within the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment for all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which sahll transfer the supervision of any part of the construction said Ditch Improvement without the written consent of the Engineer.

Provided this contract shall be of no force until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer.

Edwin Herd, Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That Edwin Herd,A.D.Orahood and J.B.Herd as sureties, are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($180.00)One Hundred eighty Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 6th,day of August 1932.

The condition of the above obligation is such,that whereas the above bound Edwin Herd has this day bid off the work of constructing Section No.1 of Argo Ditch No.1244,and has entered into this contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incureed for this section,then this obligation sahll be void;otherwise to be in full force and effect in law.

OBJECTION TO ASSESSMENT

In the matter of the Wolf Run
Ditch No.1245

To the Honorable Board of County Commissioners
Union County,Ohio.

Whereas,your Honorable Board,through the County Surveyoe has seen fit to assess on account the undersign,of the repair of what is known as the Taylor lateral to Wolf Run Ditch No.1245 in Dover Township,Union County,Ohio,in the sum of $7.00 on two acres and $2.00 on one acre.

Therefore,the undersigned does hereby file their objections to said proposed assessments and ask damages for the following reasons; to-wit;

1.that the repair to said ditch was of no benefit to their lands for the reason that they had sufficient drainage and outlet.

2.That the said improvement was for the sole benefit of others than the undersigned.

3.That so far as the undersigned was concerned it was un-necessary to take up and replace the tile on their lands.

4.That the undersigned dit not have notice of the said improvement prior to the construction thereof or as to the assessments proposed.

The undersigned claims damages by reason of the construction of said ditch,for the reason that it was not necessary to repair the original ditch or the Taylor Lateral thereto and by reason of the repair their fences were damaged in the sum of $2.00 and their growing crops was damaged in the sum of $25.00 and they were damaged in the sum of $3.00 for labor in properly filling up the said ditches.

Wherefore,they ask that any proposed assessments on their be vacated and set aside and that they be allowed damages in the sum of $30.00.

B.F.Anthony
Annie Anthony.

State of Ohio
Union County,ss.

B.F.Anthony being duly sworn says that he and Anna Anthony are the owners of said premises and that he is duly authorized in the premises and that the facts stated and the allegations made and contained in the foregoing are true.

B.F.Anthony

Sworn to before me and signed in my presence this 7th,day of April 1933.

Milo L.Myers.
Notary Public.

Mr.Morey Liggett,Auditor of
Union County,Marysville,Ohio.

Marysville,Ohio.April 6,1933.

Dear Sir;

Referring to the notice sent to us in regard the repair-Taylor Lat.Wolf Run No.1245, and the assessment of $8.70 on same.

School property is exempt from taxes and road assessments.Is it not exempt from ditch assessments?

Our advisor from the State Department was in doubt on the subject and will advise us later but it will be to late to file within the time set in the notice card received from the surveyor,consequently this letter.

Yours truly,
Claude N.Strayer
Clerk of Board of Education. Dover
Rural Schools.

Auditor's Vault Box No.514 WADSWORTH DITCH NO.1245. Transcribed Dec.13,1946.

IN THE MATTER OF FILING PETITION FOR DRAINAGE OF A CERTAIN OPEN DITCH IN YORK TOWNSHIP.

Marysville,Ohio,July 25th,1932.
Commissioners Journal Vol.21.Page 459.

The Auditor this day delivered to the County Commissioners a copy of a petition filed by William P.Wadsworth,pray ing for the location and construction of a County Ditch in York Township,Union County,Ohio.The location and description as follows; starting at the highway;thence running in a westerly direction across the farm of the said Lee Shultz by cleaning out said open ditch across said farm;and thence continuing in a westerly direction across the lands owned by the undersigned where there is now located a part of said open ditch into which empties an 18 inch tile,by the replacement of the said tile and the improvement thereon;on the lands of of the said undersigned;and thence continuing the course of said ditch with the outlets,spurs and laterals in a westerly direction through the lands of Walter Farrington,Bert Shirk,Grant Jolliff,E.E.Flickenger,clarence Dardieu,Pearl Middlesworth,j.Winkle and Lee C.Shultz.

The County Commissioners have fixed the 20th,day of August 1932. at ten o'clock A.M.as the view of same and have also fixed the 22nd,day of August 1932,at ten o'clock A.M.at the office of the County Commissioners as the time and place for the first hearing thereon.

On question of adoption of the foregoing the vote was as follows;Harmon "aye" and Elliott "aye".

IN THE MATTER OF THE FIRST HEARING ON WADSWORTH DITCH NO.1245.

Marysville,Ohio.August 22,1932.
Commissioners Journal Vol.21.Page 465.

The County Commissioners having viewed the Wadsworth Ditch this 20th,day of August 1932,said matter came on this day for hearing.After a lengthy discussion of same,Mr.Milo Myers (Attorney representing Mr.Wadsworth) file a written application asking permission to amend said petition due to a misunderstanding in the termini of said ditch which after consideration was granted by the Board of Commissioners under Section 6445 General Code.On motion of Mr.Harmon,which was duly seconded by Mr.Elliott that said hearing be continued until ten o'clock A.M.Sept 6th,1932.

On question of adoption of the foregoing the following vote was had;Harmon "aye" and Elliott "aye".

IN THE MATTER OF APPLICATION TO AMEND PETITION OF WADSWORTH DITCH NO.1245 IN YORK TOWNSHIP.

Now comes William P.Wadsworth by Milo L.Myers,his attorney and files this his application herein,and asks your honorable Board that he be allowed to amend the petition filed herein,by him on the 20th,day of July 1932,so as to make the same fore definite and certain.

Signed;
William P.Wadsworth
Per.-Milo L.Myers.
His Attorney.

IN THE MATTER OF ENTRY TO AMEND PETITION ON WADSWORTH DITCH NO.1245 IN YORK TOWNSHIP.

This day came William P.Wadsworth by Milo L.Myers,his Attorney and files this his application herein asking for leave to amend petition filed herein on the 20th,day of July 1932, for the improvement of a certain ditch in York Township,Union County,Ohio/And on consideration thereof we do hereby allow and grand that said application and the amendment of said petition.

Signed;
W.D.Harmon.
A.F.Elliott.
Board of County Commissioners.

IN THE MATTER OF FILING AMENDED PETITION OF WADSWORTH DITCH NO.1245.YORK TOWNSHIP.

The Auditor this day delivered to the County commissioners a copy of Amended petition filed by William P.Wadsworth,praying for the location and construction of a certain ditch in York Township,Union County,Ohio,the location an description as follows;Starting said proposed at the west line of the lands owned by the undersigned at a point where the tile in a main line is now located on said lands at said west line;thence in an easterly direction through and across the lands owned by said undersigned,by replacement of tile to the lands owned by Lee Shultz;thence through and across said land in an open ditch and the improvement thereof for such a distance as may be necessary for an outlet with such spurs and laterals thereto as may be necessary.Thepetitioner further represents that in his opinion land owners will be benefited or damaged by the construction of the proposed improvement,viz;-William P.Wadsworth,West Mansfield,Ohio,Lee.C. Shultz,Richwood,Ohio,J.Winkle,Richwood,Ohio,Pearl Middlesworth,West Mansfield,Ohio,Clarence Bargdill,West Mansfield,Ohio,E.E.Flickinger,West Mansfield,Ohio,Grant Jolliff,West Mansfield, Ohio,Bert Shirk,Richwood,Ohio,Walter Farrington,Richwood,Ohio,Mrs,Nathaniel Brooks,West Mansfield,Ohio,L.Q.Sherman,Richwood,Ohio.

The County Commissioners in granting said amendment have continued said hearing until ten o'clock A.M.September 6th,1932 in the Commissioners office.

On question of adoption of the foregoing the following vote was had;Harmon "aye" and Elliott "aye".

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 27th,1932.

Landowners affected by
Open & Tile Ditch.

William P.Wadsworth has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the Highway,thence running in a westerly direction across the farm of Lee C.Shultz,by cleaning out said open ditch across said farm and thence continuing in a westerly direction across the lands owned by the undersigned,where there is now located a part fo the said open ditch into which empties an 18 inch tile,by the replacement of said tile and improvement thereon, on the lands of the undersigned and thence continuing the course of said ditch with the outlets,spurs and laterals in a westerly direction through the lands of Walter Farrington,Bert Shirk,Grant Jolliff, E.E.Flickenger,Clarence Dardieu,Pearl Middlesworth,J.Winkle,Lee C.Shultz and William P.Wadsworth.

NOTICE TO LANDOWNERS CONTINUED.

The County Commissioners will view this proposed improvement on the 20th,day of August 1932;commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 22nd,day of August 1932 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Morey Liggett,
County Auditor.

AMENDED NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
Marysville,Ohio.Aug.23,1932.

Landowners affected by Amended Petition.
Wadsworth Ditch No.1245.

William P.Wadsworth has filed a petition with the County Auditor requesting the improvment of a ditch,beginning at the west line of the lands owned by the undersigned at a point where the tile in a main line is now located on said lands at said west line;thence in an easterly direction through and across the lands owned by the undersigned,by replacement of tile to the lands owned by Lee C.Shultz,thence through and across the said lands in an open ditch and the improvement thereof for such a distance as may be necessary for an outlet,with such spurs and laterals thereto as may be necessary.

Signed;William P.Wadsworth the Petitioner.

The County Commissioners viewed this proposed improvement on the 20th day of August 1932; Commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the6th,day of September 1932 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time begore the final order of the Commissioners confirming,the assessments and ordering the sale of said ditch.

IN THE MATTER OF THE CONTINUANCE OF LST HEARING ON WADSWORTH DITCH NO.1245-YORK TOWNSHIP.

Marysville,Ohio.Sept.6,1932.
Commissioners Journal Vol.21.Page 469.

Pursuant to the continuance of August 22nd,1932,said matter came on this day for further consideration.Mr.Lee Shultz.Mr.Ahlfeld and Milo Myers,attorney representing Mr.Wadsworth,being pre present.Mr.Shltz requested tile to sufficiently drain the abandoned channel should the Board of Commissioners order a straightening of ditch through the lands of said Lee C.Shultz.Mr.Shultz a also petitioned for a lateral No.1.and that same be granted and become a part of the proposed improvement.

On motion of Mr.Harmon and duly seconded by Mr.Elliott that the foregoing requests be granted.

On question of adoption of the foregoing the following vote was had;Harmon "aye" and Elliott "aye".

After some consideration on motion of Mr.Elliott which was duly seconded by Mr.Harmon that the amended petition of Wadsworth Ditch No.1245,York Township,be granted,and that the County Engineer be instructed to proceed with the Engineering work determining a point of sufficient outlet east of the line of the Wadsworth lands,also that the Engineer estimate the cost of a sufficient headwall and spill basin at the end of the tile,and said Engineer is hereby directed to make a survey and file his report with this said Board.

On question of adoption of the foregoing the following vote was had;Har,on "aye" and Elliott "aye".

SPECIFICATIONS

The above improvement and laterals shall be constructed on the lines as surveyed by the Engineer,and as described in his report and on the profile ehereof,which profile in its entirety is hereby made a part of these specifications.All stations are 100 feet in length at eash Station a numbered side stake is driven to the right or left of line at such convenient distances as the nature of the case requires.The distance direction of each stake is shown on the profile.These distances right or left are determined in the direction of the survey,i.e looking down stream.

No deviation from the line of the ditch as surveyed and staked shall be made by the contractor unless authorized by the Engineer.

All deflections shall be made at points as shown on the profile,in easy curves,shifting center line of ditch at curve to a distance proportionate to angle.No angle shall be made except at points designated on profile,and the ditch shall be made straight between angles.A wooden peg is driven to the level of the ground at the foot of each side stake,and the depths from each of said pegs as at first driven, and as shown by the profile will be the guide for contracting as to the depth of the ditch.All pegs are liable to be raised by the frost,or displaced by other natural causes, and the contractor is required to use due cate to discover any such change of position and replace the pegs so moved to their original depths,and in case of his inability to do so he shall call the Engineer's attention thereto.

Each bidder will examine the location of the work and judge for himself as to all circumstances affecting it.

No information derived from official or other sourses will relieve the contractor from fulfilling all the conditions of the contract.

RIGHT OF WAY-The width fo right of way for constructing this improvement shall 50 feet w on each side of the ditch,but where the line of this improvement crosses or follows along side of a public road or private drive,the contractor must be so managed as not to interfere with travel along said road or driveway.Contractors have the privilege of using the full right of way for depositing materials removed in constructing,excepting in the case of roads or driveways as stated above.

Valuable timber,fences,growing crops and other property within the right of way shall be preserved uninjured as far as possible by the contractor.

When in order to properly construct this improvement it becomes necessary to remove any fences, the contractor will be required to remove said fences to the limits of the right of way, and leave the material in good condition to be replaced by the landowner after the ditch is constructed.

GRUBBING AND CLEARING--All timber and brush and other obstructions which fall within the space required for ditch banks made by new excavation shall be removed.All timber 4 inches or less in diameter at the stump ,and standing within 20 feet of the edge of the bank slopes shall be cut off level with the ground surface.All down timber,logs and brush removed as above required,shall be piled at least 20 feet from outside of embankment and left in convenient shape for burning.

EXCAVATION--The ditch shall be excavated to the width in the bottom as shown by the profile. The bottom of the ditch shall be cut true and smooth with uniform grades between changes as shown by the profile.Ditch banks shall be cut to a regilar straight slope from top to bottom, and not steeper in any part than designed by the profile.An excess slope on one bank will not be allowed to affect a shortage in slope of opposite bank.The width of the ditch on top,as shown by the profile at each station,is computed from the height of the peg at the station,and the widths so given are correct for that height only.

EMBANKMENT--All materials obtaine in excavating shall be distributed,and the surface shall be left as near level as practicable,the intention being to distribute the dirt as evenly as possible as it is being dug,but not required to spread so that it can be cultivated. Places where levees are required excepted.

At all times the Engineer shall have power to desiginate the places where openings must be left to allow laterals to empty.

If at any place along the improvement the Engineer deems it advisable to place a part or all of thenexcavated material on either side of the improvement,same shall be done by the contractor.

Side slopes for embankment shall not be made steeper than that specified for the ditch at the same place.All earth or other materials obtained in excavation must be removed to a distance of not less than 5 feet from edge of ditch on either side.

The old channel must be filled up level with embankment at all places where the said old channel lies wholly outside fo the new ditch,and not exceeding 30 feet therefrom.

The term "old Channel" as used in this paragraph is understood to mean the channel of ditch stream which is cur off in making this improvement.No excavated materials shall be placed within the banks of the old channel except at cutoffs.At all culvert and bridge crossings of public roads,the excavated materials must be removed from between abutments.At all points where the ditches lie partly or wholly within the bounds of a dirt road,ethe excavated materials deposited within said bounds shall be placed along the center thereof so as to form a road bed side slopes true and smooth,and not steeper than 2 feet horizontal to one vertical.And in case of improved roads the materials may be placed along sides of road bed in such shape to widen and improve the same if approved by the Engineer.

SPECIFICATIONS CONTINUED.

OUTLETS--Contractors will be required upon the complation of each Section to remove all silt or other obstructions which may have collected in the bottom of the ditch on the next Section below after the same was completed and accepted to a distance of 500 feet below the upper end of said lower Section.

REPAIRS--Each Contractorwill be required to keep his work in good repair until the same is fully completed and acceptedby the Engineer.

also all work and materials are to be at the risk of the contractor until accepted by the Engineer.

ESTIMATES--Estimates shall be made as the work progresses;but proportionate estimates will not be made on any Section unless the whole job amounts to more than 1000 cubic yards.

Estimates willnot be made until at least 25 per cent of the contract is completed in accordance with specifications and the County Auditor will upon the presentation of such estimate to draw him his warrant on the treasurer fro not more than 75 per cent of the amount and the treasurer will pay the same out of any funds in the treasury applicable to such purposes Upon the completion of any Section or contract,and the acceptance of the same by the Engineer,fina final estimates will be given.

REQUIREMENTS--Each contractor will be required to furnish all labor and materials necessary and do all the work in a speedy and workmanlile manner,within the time specified in his contract.

No. extra compensation will be allowed except for such work and materials as have been herein specifically provided for

Any contractor failing to fulfil his contract within the time specified,will thereby forfei his contract and become liable on his bond for all damages or losses caused by reason of such failure.

The trench shall be of the following widths;

From Station 3.89 to Station 16.00 3 feet.

Marysville,Ohio.Feb.27,1933. Commissioners Journal Vol.21.Page 517

On motion of Mr.Elliott and duly seconded by Mr.Rausch that said improvement be granted and the report of assessments of the Engineer be accepted and approved as read,with the following exceptions.

E.E.Flickinger acreage be increased from 10 acres to 30 acres and assessment be increased from 412.00 to $30.00 and add the following assessments;

Pearl Middlesworth 1 1/2 acres assessed $1.50,Clarence E.& Wilma Bargdill 4 acres assessed $4.00,James Winkle .75 acres assessed at $.75,total increase of assessments $24.25 which is to be prorated among all parties assessed.

FINAL HEARING CONTINUED.

On question of adoption of the foregoing the vote was as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

A motion was then made by Mr.Rausch that the 11th,day of March 1933 at Two o'clock P.M. in the office of the County Surveyor,Marysville be set as the time and place for the sale of said improvement and also the County Auditor be directed to place the severall assessments on a special duplicate and certify same to the County Treasurer for collestion on 10 semi-annual installments.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE AWARDING OF THE CONTRACTS OF WADSWORTH DITCH NO.1245.

Marysville,Ohio.March 13,1933.
Commissioners journal Vol.21.Page 521.

Pursuant to the sale of said ditch on Saturday March 11th,1933 at 2 P.M.the following awards were made at the following bids;

On the motion of MrHarmon,which was duly seconded by Mr.Elliott that we award Section No. 1 of said ditch to E.M.Weston of Richwood,Ohio,at his bid of $178.00 and that we also award Section No.3 to Thompson & Clark,Richwood,Ohio,at their bid of $63.55;and that Section No.2 be constructed by force account.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye".and Rausch "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF E.M.WESTON.

Marysville,Ohio.March 20,1933.
Commissioners Journal Vol.21 Page 523.

The said E.M.Weston thisnday filed a copy of a Contract and Bond for the construction and completion of Section No.1 of Wadsworth Ditch No.1245 with the Board of County Commissioners for their approval.Contract $178.00,Bond $209.00,E.M.Weston as principal and Ode Still and C.C.Lytle as sureties.

IN THE MATTER OF THE CONTRACT AND BOND OF THOMPSON AND CLARK

The said Clark & Thompson this day filed a copy of a Contract and Bond for the construction and completion of Section No.3 of the wadsworth Ditch No.1245 with the Board of County Commissioners for their approval.Contract $63.55,Bond $69.00,Thompson and Clark as principal andG.W.Moore and J.H. Clark as sureties.

-BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we William P.Wadsworth and United States Fidelity and Guarantee Company of Baltimore,Md.,are held and firmly bound unto the State of Ohio,in the sum of Two Hundred fifty and 00/100 Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administratots.

Signed by us and dated this 20th,day of July 1932.

The condition of the above obligation is such,that,whereas,on the 20th,day of July 1932 the above bound William P.Wadsworth filed his petition with the County Auditor of Union County, Ohio,making application to the County Commissioners,praying for the improvement of a certain open ditch and tile ditch on the lands of Lee.C.Shultz and William P.Wadsworth,et al,and located in York Township,Union County,Ohio.petitioned for by William P.Wadsworth and others;the following is the course and termini of said proposed improvement.to-wit;commencing at highway;thence in a westerly dire direction through the lands of Lee C.Shultz,William P.Wadsworth,et al.

Now,if the said William P.Wadsworth will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

William P.Wadsworth.
United States Fidelity &
Guarantee Company.
By.-Russell Banks
Attorney-In-fact.

OBJECTION TO ASSESSMENT.

Richwood,Ohio.Feb.24,1933.

Dear Sirs;

In regard to the cleaning out of the Wadsworth Ditch,you have assessed me with 20 acres,and I Have only 2 acres which empties in that ditch.I have 60 rod of 10 inch tile across my place,of a county ditch,which cost me $211.00. I have a 7 inch lateral from this county ditch which runs within a rod of the south east corner of the Wadsworth woods,also a lateral from that ditch, that runs within a few rods of the southwest corner of those same woods. The rest of my land drains through Shermans place.

Yours,
B.A.Shark.

In the matter of Mr.B.A.Sharks complaint of having but 2 acres instead of 20 acres draining into Wadsworth Ditch.

The Board of Commissioners find of his 52 1/2 acres,23 of same were assessed on the Cahill Ditch No.1098 and that he was allowed 9 1/4 acres drained by a tile extending through the lands of Carrie Shultz.This leaves 20 acres drained by the Wadsworth Ditch No.1245 therefore the Board does not change the 20 acres assessment on Wadsworth Ditch.

CONTRACT FOR SECTION NO.1.

Marysville,Ohio.March 11,1933.

Section No.1 From Station 3.89 to Station No.16.00
" " 9.43 " " " 13.18
Excavating O.D.Laying tile--refilling,etc.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvement,that after legal notice of sale,he has this da sold to E.M.Weston Contractor the work of constructing Section No.1 of said ditch for the sum of ($178.00)One Hundred seventy eight Dollars which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of June 1933.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the tine hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expirationf the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shallbe of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer

OBJECTION TO ASSESSMENT

March 15,1933.

Mr.Walter Griffith
County Surveyor,Union County,
Marysville,Ohio.

Dear Mr.Griffith;

I have your card dated Nov.14 relative to an assessment on account of construction of the repair of the Morris Extension Ditch No.618,showing that we are charged with $36.00.

I do not believe that very much water from our farm gets into this ditch,if I understand its location properly,as all of our farm is drained to good into a tile ditch running in a north-easterly direction and emptying in the Stoffer Rider landnear Fulton Creek.

I am quite sure that our tiling system which we put in about 18 years ago not only carries the warer from our farm to this above mentioned ditch,but a good share of water from the farm lying immediately south of ours and more recently owned by the First National Bank at Richwood.

I do not know that it will be possible for me to be at your office on the 27th,of March, but if I happen through Marysville before that date,I will stop and discuss it more fully with you.

Very truly yours

Thos.D.Phillips.

CONTRACT FOR CONSTRUCTION

Marysville,Ohio.May 12,1930.

TILE & REPAIR.

It is hereby certified by Alvi Graham the duly appointed Engineer,of said improvement, that after legal notice of sale,he has this day sold to Lewis Phelps contractor the work of construction of said ditch for the sum of ($800.00) Eight Hundred Dollars,which work the said contractor hereby agrees to complete according to specifications of the same underd the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County Ohio,on or before the 1st,day fo July 1930.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the contractor shall further be liable for all delays after the expiration of the time named above for the compl etion of the work and for the payment for all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the constructing said ditch improvement without the written consent of the Engineer.

Provided this contract shall of no force or effect until approved by the Commissioners of Union County,Ohio.

Alvi Graham,
Engineer

Lewis Phelps
Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That Lewis Phelps as principal and E.R.Hummel and Williams & McIntire as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($800.00) Eight Hundred Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 1st,day of April 1930.

The condition of the above obligation is such,that whereas the above bound Lewis Phelps has this day bid off the work of constructing Morris Extension ditch and has entered into the above contract,subject to the approval of the Commissioners,of Union County,Ohio.

Now,if the said contractor shall well and truly erform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

Lewis Phelps
E.R.Hummel.
Williams & McIntire.

This Contract and Bond are hereby approved this 12th,day of May 1930.

W.M.Staley.
T.B.Cashell
G.W.Crandell

IN THE MATTER OF REHEARING ON ASSESSMENTS OF C.&.S DITCH REPAIR NO.1011 PARIS TOWNSHIP. Marysville,Ohio.April 3,1933. Commissioners Journal Vol.21 Page 526.

Pursuant to the refiling of County Engineer's report on estimates and assessments of said ditch on March 13th,1933,said matter came on this day for further consideration,with only two interested free holders being present.After some discussion of same,there being no objections filed,on motion of Mr.Harmon,seconded by Mr.Rausch that the Engineer's report be accepted and approved as read.

And the Auditor is authorized and hereby directed to place the several assessments on a special duplicate and ce rtify same to the County Treasurer for collection.

The following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

CONTRACT OF CONTRACTOR.

Marysville,Ohio.Aug.8,1933.

Cleaning,deepening,widening,etc.

It is hereby certified by Wlater E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to E.M.Weston contractor the work of constructing said ditch for the sum of $121.00,One Hundred twenty-one Dollars,which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County on or before the 15th,day of September 1932.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time bereinbefore named,then the said work may be reestimated and resold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer. E.M.Weston, Contractor.

Auditor's Vault Box.No.404 C.&.S DITCH REPAIR NO.1011 Transcribed Dec.23,1946.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS: That E.M.Weston as principal and C.C.Lytle and Ode Still as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($121.00) One Hundred twent-one Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 8th,day of August 1931.

The condition of this obligation is such,that whereas the above bound E.M.Weston has this day bid off the work of constructing the C.&.S.Ditch and has entered into the above contract, subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages wich may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, other wise to be in full force and effect in law.

E.M.Weston.
C.C.Lytle.
Ode Still.

This Contract and Bond are hereby approved this 6th,day of September 1932.

W.D.Harmon.
A.F.Elliott.
Commissioners of Union County,Ohio.

IN THE MATTER OF THE CONTRACT AND BOND OF E.M.WESTON.

Marysville,Ohio.Sept.6,1932.
Commissioners Journal Vol.21 Page 469.

The above this day filed a copy of a contract and Bond for cleaning out,and deepening, and widening C.&.S.Ditch Contract $121.00,Bond $121.00 with E.M.Weston as principal and C.C.Lytle and Ode Still as sureties,which is hereby approved by the Board of County Commissioners

IN THE MATTER OF THE LIGGITT & LARCOMB JOINT COUNTY DITCH NO.843.

Marysville,Ohio,Nov.17,1932.
Commissioners Journal Vol.21.Page 491

The Boards of County Commissioners of Delaware and Union Counties,Ohio,met in special session, in the office of the Delaware County Commissioners,for a hearing on the estimated assessments,on the Liggitt & Larcomb Joint County Ditch No.843,said ditch located in Delaware and Union Counties,Ohio.

Members present,Messrs Harmon,Elliott and Raush of Union County and Messrs J.H.Andrews,T.E.Cowgill and E.E.Gephart of Delaware County.

Upon motion by Mr.Gephard and seconded by Mr.Harmon that Mr.Andrews be nominated as chairman of the Joint Board of Commissioners,for the Joint County Improvement.

Upon roll call the following vote resulted;Ayes Mr.Gephart and Mr.Cowgill of Delaware County and Mr.Harmon,Mr.Elliott and Mr.Rausch of Union County."Nays" none.Mr.Andrews not voting.Whereupon Mr.Andrews was declared slected Chairman of the Joint County Board.

The Chairman then called for nomination for Clerk of the Joint County Board.Whereupon Mr.Harmon made a motion that the Clerk of the Delaware County Board act as Clerk of the Joint County Board,seconded by Mr.Elliott.the following vote resulted on the action;"Ayes" Mr.Harmon, Mr.Elliott and Mr.Raush of Union County and Mr.Andrews, Mr.Cowgill and Mr.Gephart of Delaware County.Nays None.

The petition of the above named ditch was read.Mr.Larcomb and Mr.Ligett made an objection to their assessments and Mrs.Amelia E.Graham made an objection to her assessment,by letter.

Mr.Cowgill made a motion,that the estimated assemments on the Liggett-Larcomb Ditch No 843 repair,located in Delaware and Union Counties,Ohio,be approved as filed by the Ditch Supervisor Mr.Felkner,Mr.Harmon seconded the motion

Mr.Elliott offered an amendment to the motion as follows,That,the assessments on the Ben M.Rutan tract of $33.60 be reduced to $28.60,and,That,the assessment on the Delaware County Roads be increased to #3.00 and the assessment on the Union County Roads be increased to $5.05.

The following vote resulted on the assessment;"ayes" Mr.Harmon,Mr.Elliott and Mr.Raush of Union County and Mr.Andrews,Mr.Cowgill and Mr.Gephart of Delaware County.

Mr.Andrews called for a vote on the original motion and the following resulted,"ayes Andrews,Gephart and Cowgill of Delaware and Harmon,Elliott and Raush of Union County. Nays none

Mr.Gephart moved the Board adjourn,Mr.Harmon seconded the motion,and the following vote resulted.All "aye".

Attest;
Earl M.French
Clerk

Approved;
J.H.Andrews,
Chairman.

This is to certify,that,this is a true copy of the minutes of the Liggett-Larcomb Ditch Repair,located in Delaware and Union Counties,as spread on the Commissioners Journal pf the Delaware County Board of Commissioners.Vol.20,Page 462 dated Nov.17th,1932.

Earl M.French,
Clerk.

IN THE MATTER OF THE LIGGETT*LARCOMB JOINT COUNTY DITCH IN DELAWARE AND UNION COUNTIES,OHIO.

Office of the Delaware County
County Commissioners,Delaware,Ohio.
Oct.24.1932.

The Board of County Commissioners of Delaware County in regular session,on this date, after consulting the Board of County Commissioners of Union County,by telephone,passed the following RESOLUTION.

Union Co.Roads				2.05

SPECIFICATIONS Tile

The center line of the trench must be in line with the angle posts,except when the curves are necessary.Curves must be of sufficient radii to admit the tile so that no joint will be open more than one inch.The grade must be in straight lines from station to station.The trench must be dug to the depth indicated on the profile and wide enough to admit the tile without cramping them.After the tile have been accepted and the manner of laying them approved by the Engineer all the excavated earth must be placed over them and in no case less than 18 inches.

The contractor must set all traps as specified,tamping earth around same and cutting off sewer pipe leading to surface so as to place the grate at the elevation the Engineer may direct.

OPEN DITCH.

The ditch will be open from Station 0 to Station 16.

The open ditch is to be dug on straight lines from angle to angle,at which points regular curves must be made.

The bank slopes are to be 1 1/2 horizontal to one vertical,and must be straight from top to bottom.

The bottom is to be 4 feet wide from Station o to Station 16

All the excavated earth is to be moved at least 5 feet from the banks of the old ditch and spread not to exceed lo inches deep.

All side or lateral ditches must be left open.All brush must be cut down or grubbed 5 feet on each side of ditch.No flood wood,trash nor fallen timber must be left within 5 feet of the banks of the ditch.

All

IN THE MATTER OF THE REED DITCH
REPAIR NO.378.

Marysville,Ohio,Jan.23,1932.
Commissioners Journal Vol.21.Page 508.

Walter Griffith,County Engineer,this day filed his report on the Reed Ditch Repair No.378.On motion of Mr.Harmon which was duly seconded by Mr.Rausch,hereby fixed the 6th,day of February 1933 at ten o'clock A.M. in the office of the Commissioners as the time and place for the hearing on said matter.

IN THE MATTER OF THE HEARING ON ASSESSMENTS
OF THE REED DITCH REPAIR NO.378.

Marysville,Ohio,Feb.6th,1933.
Commissioners Journal Vo.21.Page 513.

On motion of Mr.Elliott which was duly seconded by Mr.Rausch,that said improvement is granted and the report of the schedule of assessments of the Engineer be approved,with the following exceptions;

That Harley Rizor's assessment on 52 acres be reduced from $32.76 to $29.60 and Mary A. Schertzer's assessment be reduced from $12.50 to $7.00 and Union County's assessment be increased from $9.34 to $18.10.

Mrs Schertzer and Harley Rizor are to furnish material and labor that may be necessary for the construction of an apron headwall ,install sewer at end of tile.Said sewer to be furnished by the County.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

Marysville,Ohio,Nov.29,1930.

To the County Surveyor,ditch Supervisor
for Union County,Ohio.

We,the undersigned,interested land owners request that the Open part of the Reed Ditch in Washington Township be cleaned out from the outlet of the tile part of said ditch to Rush Creek as a whole,under G.G.Section 6691 etc.

Signed;

Mary E,Schertzer — Ina H.Stephenson — L.G.Rockhold
Harley Rizor — C.E.Bonham — Elmer G.Jolliff.

IN THE MATTER OF THE REPAIRING
OF THE POUNDS COUNTY DITCH NO.483.

Marysville,Ohio.Jan.27,1933.

To the Board of County Commissioners

We,the undersigned taxpayers on the Pounds Ditch No.483,Millcreek Township,beg to report to to your Board that certain portions of the tile an Lateral No.1 of said ditch is broken down,and filled with roots from trees growing on the line of ditch.

We request that all trees which are injurious to the tile be removed and all broken tile be replaced.

We ask that your Board take immediate action in this matter in accordance with Section 6691,etc.

Signed;
Stephen Long.
Ostrander,Ohio.

County Surveyor's Office,
Marysville,Ohio.

To the Board of County Commissioners
Union County,Ohio.

Gentlemen;

In the matter of the Pounds Ditch repairing as petitioned for by Stephen Long and filed February 27th,1933,and as per your orders concerning the same,I proceeded on the 14th,day of April 1933 to examine said ditch.

I find the tile ditch on the lands of Stephen Long to be in good working condition with the exception of those between Station 22.40 to Station 22.80 and Station 26.00 to Station 26.50

The tile on the lands of Mary Schmidt are partly filled with roots,that is between Station 22.30 and 26.00.The tile on the lands of the Prudential Life Insurance Co. are in good working condition and do not need any repair.

I recomend the above findings be repaired by taking up,cleaning out,relaying tile,and grubbing all trees injurious to said ditch.

W.E.Griffith,
County Surveyor.

IN THE MATTER OF THE POUNDS DITCH REPAIR NO.483.

Marysville,Ohio.Feb.27,1933.
Commissioners Journal Vol 21.Page 518.

The BOard of County Commissioners received a communication from Stephen Long of Millcreek Township,stating the condition of the tile in certaon portions of Lateral No.1 of said ditch, and asking that all trees which are injurious to the tile be removed and all broken tile be replaced and ask that said Board take immediate action in this matter in accordance with Section No.6691,etc.

On motion of Mr.Harmon which was duly seconded by Mr.Elliott that the County Surveyor be instructed and is hereby directed to make the necessary repair in accordance with Section No 6691 and make assessments according to law.

The vote was as follows;Harmon "aye",/Elliott "aye" and Rausch "aye".

IN THE MATTER OF FILING ASSESSMENTS ON THE POUND DITCH REPAIR NO.483.

Marysville,Ohio.May 15,1933.
Commissioners Journal Vol.21.Page 537.

Pursuant to filing of petition February 27th,1933,by Stephen Long,Millcreek Township,. Be it known that Walter E.Griffith,County Ditch Supervisor,this day filed the plans and specifications for the Pounds Ditch Repair No.483 Lateral No.1,Millcreek Township,and the County Commissioners have hereby fixed the 5th day of June 1933 at ten o'clock A.M.in their office Marysville,Ohio,as the time and place for hearing on same.

IN THE MATTER OF HEARING ON ASSESSMENTS OF THE POUNDS DITCH REPAIR NO.483 LATERAL NO.1.

Marysville,Ohio.June 5th,1933.
Commissioners Journal Vol.21.Page 541.

Pursuant to the filing of the Engineer's report on said ditch May 15th,1933,said matter came on this day for hearing.A number of interested parties being present,after some discussion no objection being filed,on motion of Mr.Harmon seconded by Mr.Rausch that the Engineer's report be accepted and be approved as read,and that the county ditch Supervisor be authorized and is hereby directed to make the necessary repair to said ditch according to petition;also hereby direct the Auditor to place the several assessments on a special duplicate and certify same to the County Treasurer for collection as provided by law.

The vote was as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF EXTRA WORK TO BE DONE ON POUNDS DITCH NO.483-LATERAL NO.1.

Marysville,Ohio.Oct.30,1933.
Commissioners Journal Vol.21 Page 575.

Upon motion of Mr.harmon which was duly seconded by Mr.Elliottt that the County Surveyor .Walter Griffith be authorized and he is hereby directed to do the necessary extra work on the Pounds Ditch No.483 Lateral No.1 to the amount of $9.88 same to be assessed and prorated to the drainage district.

Upon question of adoption of the foregoing the following vote was had;Harmon "aye",Elliottt "aye" and Rausch "aye".

IN THE MATTER OF FOREMAN OR SMITH DITCH REPAIR NO.520-TAYLOR & YORK TOWNSHIP.

Marysville,Ohio,Feb,13,1933.
Commissioners Journal Vol.21 Page 515.

Walter Griffith,County Engineer,this day file his report on the Foreman or Smith Ditch Repair No.520.On motion of Mr.Rausch and duly seconded by Mr.Elliott hereby fixed the 6th,day of March at ten o'clock A.M. in the office of the County Commissioners as the time an place of hearing said matter.

On roll call the vote was as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

OBJECTION TO DITCH.

We the undersigned object to the repair of Foreman or Smith Ditch No.520,as it is of no benefit to us,and is a damage,unless the dirt is scattered evenly on the field,and not left along the bank of the ditch.

E.C.Chandler.
M.C.Chandler.

OBJECTION TO ASSESSMENTS.

March 4th,1933.

To the Board of County Commissioners,

We,the undersigned taxpayers object to the assessments for repair work on the Foreman Ditch No.520.Said assessments are exorbitant in view of the amount of work done.

IN THE MATTER OF THE CONTRACT AND BOND OF E.M.WESTON.

Marysville,Ohio.Nov.13,1933.
Commissioners Journal Vol.21 Page 578.

The above mentioned E.M.Weston this day file a copy of the contract and bond for the construction and completion of Section No.1 of Foreman or Smith Ditch Repair No.520,Contract $135.00,Bond $135.00,with E.M.Weston as principal and W.H.Taylor and H.C.Werner as sureties,And the same was approved by the County Commissioners.

CONTRACT FOR SECTION NO.2.

Marysville,Ohio.Nov.6,1933.

Station 00.00 to Station 18.00 Excavation,and leveling.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to E.M.Weston contractor the work of constructing Section No.2 of said ditch for the sum of ($135.00) One Hundred thirty-five Dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 6th,day of November 1933.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work within the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shll make no Sub-contracts which shall transfer the supervision of any part of the constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

E.M.Weston,
Contractor

Walter E.Griffith,
Engineer.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That E.M.Weston as principal and W.H.Taylor and H.C.Werner as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($135.00) One Hundred thirty-five Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 6th,day of November 1933.

The condition of this obligation is such,that whereas the above bound E.M.Weston has this day bid off the work of constructing Section No.2 of the Foreman or Smith Ditch No.520,and has entered into the above contract,subject to the approval of the Commissioners of Union County, Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete said work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

E.M.Weston
W.H.Taylor.

This contract and bond are hereby approved this 6th,day of November 1933.

W.D.Harmom.
A.F.Elliott.
W.J.Rausch.
Commissioners of Union County,Ohio.

Date April 15,1933.

County Surveyor's Office,
Marysville,Ohio.

To the Board of Commissioners
Union County,Ohio.

Gentlemen;

In the matter of the repairing of the Mosley Ditch as petitioned by M.L.Mosley and filed April 17th,1933, and as per your orders concerning same,I proceeded on the 21st,day of November 1933 to examine said ditch.

I find the tile ditch on the lands of Charles L.Perkins to be in good working condition.There several cottonwood trees near the line of the tile ditch but at present do not injure the flow of water.The tile on the lands of Mary M.Spurgeon,Martha & Anna Spurgeon are partly filled with roots from trees near the line of said ditch.

I recommend the above findings be repaired by taking up,cleaning out,relaying tile and grubbing all trees that are injurious to said ditch.

Walter Griffith,
Co.Engineer

IN THE MATTER OF HEARING ON ASSESSMENTS OF THE MOSLEY DITCH REPAIR NO.762.

Marysville,Ohio.March 5,1934. Commissioners Journal Vo.22.Page 21.

Pursuant to the filing of the Engineer's report on said ditch Febryary 5,1933,said matter came on this day for Hearing.A number of interested parties being present,after some discussion and no written objection being filed,a motion was made by Mr.Harmon seconded by Mr.Rausch,that the Engineer's report be accepted,and that where practical the trees along the line of the ditch be deadened instead of removed;and that the County Ditch Supervisor be authorized and is hereby directed to make the necessary repair by contract with the lowest responsible bidder,and that the Auditor be directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection as provided by law.

On Roll Call the following vote was had;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE CONTRACT AND BOND OF MOSLEY DITCH NO.762.

Marysville,Ohio.March 12,1934. Commissioners Journal Vol.22.Page 24.

M.L.Mosley this day filed a copy of a contract and bond for excavating,cleaning out, replacing broken tile and refilling tile ditch for the sum of $50.00.Amount of Bond $63.00 with M.L.Mosley as principal and W.F.Cody and Frank Galloway as sureties,which is hereby approved by the Board of County Commissioners.

CONTRACT OF CONTRACTOR

March 8,1934. Marysville,Ohio.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to M.L.Mosley contractor the work of constructing said ditch for the sum of ($50.00) Fifty Dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 15th,day of April 1934.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work within the time hereinbefore named,then the said work may be re-estimated and resold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer.

M.L.Mosley, Contractor

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That M.L.Mosley as principal and W.F.Cody and Frank W. Galloway as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($63.00) Sixty-three Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 8th,day of March 1934.

The condition of this obligation is such,that whereas the above bound M.L.Mosley has this day bid off the work of constructing said ditch,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

M.L.Mosley.
W.F.Cody
Frank W.Galloway.

This Contract and Bond are hereby approved this 12th,day of March 1934.

A.F.Elliott.
W.D.Harmom.
W.J.Rausch.
Commissioners of Union County,Ohio.

Auditor's Vault Box.No.514 CLARK DITCH REPAIR Transcribed Dec.28,1946.

To County Surveyor Marysville,Ohio.April 11,132
Union County,Ohio.

We the undersigned landowners of Jackson Township,parts of V.M.Surveys No.9942 & 9943, request the County Surveyor to make all the necessary repairs on the Clark Township Ditch,and assess the costs of said repair against the landowners according to benefits derived and the acres assessed.

IN THE MATTER OF THE CLARK DITCH REPAIR JACKSON TOWNSHIP.
Marysville,Ohio,Feb.13,1933.
Commissioners Journal Vol.21 Page 515.

Walter Griffith,County Surveyor,this day filed his report on the Clark Ditch Repair On motion of Mr.Elliott which was duly seconded by Mr.Harmon,hereby fixed the 6th,day of March 1933 at ten o'clock A.M.in the office of the County Commissioners as the time and place of hearing on said ditch.

On question of adoption of the foregoing the following vote was had;Harmon "aye", Elliott "aye" and Rausch "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS OF THE CLARK DITCH REPAIR IN JACKSON TWP.
Marysville,Ohio.March 6,1933.
Commissioners Journal Vol.21.Page 520.

On motion of Mr.Harmon which was duly seconded by Mr.Rausch,that said improvement be granted,and the report of the schedule of assessments of the County Engineer be approved with the following exceptions;

That Mrs.Eliza L.Ruth's assessment on 20 acres be reduced from $28.00 to $20.00,and the $8.00 reduction be prorated back through the drainage system.And the Auditor is directed to place the several assessments on a special and certify the same to the County Treasurer for collection.

On question of adoption of the foregoing the following vote was had;Harmon "aye", Elliott "aye" and Rausch "aye".

OBJECTION TO ASSESSMENT.

Richwood,Ohio.Feb.25,1933.

Auditor of Union County,Ohio.

In regard to ditch assessment we hereby put in claim that it is too high we signed contract to fix one place and that was all that was the matter with same the surveyor had the men to take up and break tile every 200 feet when it did not need to be done and that is to much for fix one place.

Yours,J.E.Sanders
Eliza Sanders.

OBJECTION TO ASSESSMENTS

Plain City,Ohio.March 8,1933

To the Union County Commissioners.

In regard to that Patch Ditch No.717 on H.Crottinger's place.We think that $24.50 is to h high,for the damage they done,they dug the ditch deeper than it needed,and piled the dirt up so high the water cant get through in this ditch and the water just stands all over the ground for about 4 acres,just a swamp and they cut down lots of trees that was not needed to be done and mashed the line fence and broke the posts off for about 20 rods,line fence betweeh us and Koerner

It looked like a cyclone after got through. Please notify the surveyor.

Viola Crotinger.

To the Board of County Commissioners
Union County,Ohio.

Gentlemen:

In the matter of the repairing of the Jones Ditch as requested by H.E.Leppert. and filed July 24th,1933,I proceeded as per your order concerning the same to repair said ditch.

The tile through the lands of Cephas Atkinson,and along Noteman Street were broken down or partly filled with roots from shrubs or small trees growing along the line of the ditch. All obstructions were removed,and the broken tile were replaced with first class new tile.

Respectfully submitted,
Walter E.Griffith,
County Surveyor.

OBJECTIONS TO ASSESSMENTS

PLAIN CITY?OHIO.May 29,1934.

Mr.Walter E.Griffith,Surveyor.
Marysville,Ohio.

Dear Sir:

In your note of assessment charges on the Jones Repair Ditch No.551,you charge to Lot No.2 in the Village of Plain City,O. $1.74 and a like assessment to all property holders coming in the Union County assessed area.Mr.Griffith this ditch was never petitioned for by any property holder of Plain City for repairs,but was done as a C.W.A.Project and we the undersigned hereby protest the payment of any or all these charges.

Yours very truly

Flora Blaney	M.E.Fravel	Josephine Sherwood	W.L.Blaney,Est.

REPLY TO ABOVE LETTER

Mr.M.E.Fravel
Plain City,Ohio.

Marysville,Ohio.June 1,1934.

Dear Sir;

The repair of Jones Ditch No.551 was not a C.W.A.Project:it being petitioned for by H.E.Leppert on July 11,1933.According to the ruling any project petitioned for prior to C.W.A. could not be taken for a C.W.A.project.

WEG/JG

Yours very truly

Plain City,Ohio.

Walter E.Griffith,Surveyor
Union County,Marysville,Ohio.

June 4,1934.

Dear Sir;

The Council of the Village of Plain City wishes to go on record as protesting the village portion of the assessment on the Jones Ditch No.551,whih amounts to $24.71.

This done by order of the Council of the Village of Plain City,Ohio,at their regular meeting held on Monday June 4,1934.

Signed;
R.N.Converse,Mayor.
H.B.Walker,Clerk.

Petitioner.

Auditor's Vault Box No.521 MILLCREEK OLD CHANNEL DITCH NO.1246 Transcribed Jan.3,1947.

BOND FILED WITH PETITION.

KNOW ALL MEN BY THESE PRESENTS:That we John M.Longbrake,P.D.Longbrake and Ulysses S.Brandt are held and firmly bound unto the State of Ohio,in the sum of ($400.00) Four Hundred Dollars, to the payment of which sum,well and truly made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 17th,day of July 1933.

The condition of the above obligation is such,that,whereas,on the 24th,day of July 1933, the above bound John M.Longbrake,Pearl D.Longbrake and Ulysses S.Brandt filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners, praying for the reconstruction of a single County Ditch,Paris Township,Union County,petitioned for by John M.Longbrake and others;the following is the course and termini of said proposed improvement,to-wit;Commencing at a stake on the east bank of the Old Channel of Mill Creek and in a line between the lands of Fred Kleiber and John M.Longbrake;thence following the water course of said channel or near thereto,through and along the lands of John M.Longbrake,A.C. Longbrake et al,D.G.Scott,F.M.Ruprecht,Ulysses S.Brandt to a place where the old channel enters Mill Creek Cut-off,No.156, constructed in 1884;thence following the channel of said creek through and along the lands of Ulysses S.Brandt,Frank Ruprecht and Valorus Turner,or far enough to give a good and sufficient outlet.We ask that this improvement be made by deepening,straightening and widening said channel sufficient to drain all lands affected by this project.Said improvement be made under G.C.6644,and under the National Recovery Act as passed by Congress June 13th,1933.

Now,if the said John M.Longbrake,P.D.Longbrake and Ulysses S.Brandt willmpay all costs if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

J.M.Longbrake.
P.D.Longbrake.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Marysville,Ohio.July 28th.1933.

Landowners affected by
Mill Creek Old Channel.

John M.Longbrake has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake on the east bank of Mill Creek old Channel and on the line between the lands of Fred Kleiber and John M.Longbrake;thence following the water course of said channel,or near thereto,through and along the lands of John M.Longbrake,A.C.Longbrake,D.G,Scott, F.M.Ruprecht & Ulysses S.Brandt to the point where where the old channel enters Mill Creek at the outlet of the Mill Creek Cut-off,No.156,constructed in 1884;thence following the shannel of said creek through and along the lands of said Ulysses S.Brandt,Frank Ruprecht and Valorus & Louisa Turner,or far enough for a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 22nd,day of August 1933;commencing at the beginning thereof at ten o'clock A.M. and the first hearing thereon will be held on the 28th,day of August 1933 at ten o'clock A.M.at the office of the County Commissioners, Marysville,Ohio, at ten o'clock A.M.

Respectfully,
Morey Liggett,
County Auditor.

REMONSTRANCE AGAINST DITCH.

We the undersigned,owners of real estate in Union County,Ohio,who will be assessed for any improvements made in what is known as the Old Channel of Mill Creek,in Paris Township,Union County,Ohio,do hereby file our remonstrance against the granting of said improvement for the following reasons,to-wit;

1. Said improvement is unnecessary.
2. Said improvement will not benefit the drainage of the surrounding territory.
3. Said improvement will not benefit the surrounding territory in comparison to the cost of the same.
4. Said improvement will not be permanent,as said channel will again fill up with silt and debris.

IN THE MATTER OF THE FIRST HEARING ON MILLCREEK OLD CHANNEL DITCH NO.1246.

Marysville,Ohio,August 28,1933.
Commissioners Journal Vol.21.Page 562.

Pursuant to viewing the Millcreek Old Channel Ditch No.1246 August 22nd,1933,said matter came on this day for further hearing.A large number of interested parties being present,after a lengthy discussion,each one taking the oppurtunity of expressing their views in the project,and a number of remonstrances against the granting of said improvement being filed,it was thought advisable of all present that all interested parties go and take actual view of said ditch and gather all information possible pertaining to same.

No further business on motion of Mr.Elliott,which was duly seconded by Mr.Rausch that we adjourn until September 25th,at ten o'clock A.M.1933.

The following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE ADJOURNED HEARING OF MILLCREEK OLD CHANNEL DITCH NO.1246. of AUGUST 28TH.1933.

Marysville,Ohio.Sept.25,1933.
Commissioners Journal Vol.21.Page 567

Pursuant to adjournment of August 28th,1933,said matter came this day for further considerat A large number of landowners affected being present,Attorney John Dailey representing a large number of interested parties affected by the said improvement gave a lengthy talk as also did Ulysses S.Brandt,one of the owners of real estate,along the said old channel.It was suggested by a majorith of those present that they be furnished an estimate of the probable cost of said improvement.After considering the discussion of the various ones present,and finding a number of new questions arising,on motion of Mr.Elliott,seconded by Mr.Harmon that we adjourn until October 2nd,1933,at ten o'clock A.M..

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE CONTINUED HEARING ON THE MILLCREEK OLD CHANNEL DITCH NO.1246.

Marysville,Ohio.Oct.2,1933.
Commissioners Journal Vol.21.Page 569.

Pursuant to the viewing of said ditch August 22nd,1933 and the adjournment of September 25th,1933,said matter came on this day for hearing,and after finding that said improvement was conducive to the public welfare,condition and health,motion was made by Mr.Elliott,seconded by Mr.Rausch,that the petition be granted,and that Walter Griffith,County Surveyor be appointed a as Engineer for the location and construction of said ditch,and that he is hereby authorized and directed to make a survey and file his report with this board.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE RE-HEARING ON MILLCREEK OLD CHANNEL DITCH NO.1246.

Marysville,Ohio.Sept.14,1936.
Commissioners Journal Vol.22.Page 346.

Mr.Harmon moved the adoption of the following resolution:
To the owners of land affected by the proposed improvement.
You,and each of youare hereby notified that the 24th,day of July,19,1933,the above named petitioner,John M.Longbrake,filed a petition for the reconstruction of Mill Creek Old Channel with the County Auditor of said County,the substance and prayer of which said petition is; that the construction of the improvement is necessary and will be conducive to the public welfare,and prays for the making of such improvement on the following course and termini to-wit:Commencing at a stake on the east bank of Mill Creek and in the line between the lands of Fred Kleiber and John M.Longbrakelthence following the watercourse of said channel or near thereto,through and along the lands of said John M.Longbrake,A.C.Longbrake,D,G.Scott,F.M.Ruprecht and Ulysses.S. Brandt to the point where the old channel enters Mill Creek at the outlet of Mill Creek Cut-off No.156,constructed in 1884;thence following the channel of said creek through and along the lands of Ulyssess S.Brandt,Frank Ruprecht and Valorus Turner,or far enough to give a good and sufficient outlet.
As it is claimed that the improvement will affect property owned by you,you are hereby notified that the Board of County Commissioners of said County have fixed the 5th,day of Oct. 1936,at ten o'clock A.M.at the office of the said Board,as the time and place for the re-hearing on the petition.
Mr.Rausch seconded the resolution and upon a call of the roll the commissioners voted as follows;Mr.Harmon ".Aye" and Mr.Rausch "aye".

Approved by Clifton L.Caryl,Prosecuting Attorney.

IN THE MATTER OF THE RE-HEARING ON MILLCREEK OLD CHANNEL DITCH NO.1246.

Marysville,Ohio.Oct.5,1936.
Commissioners Journal Vol.22.Page 353.

The notice,by publication of the hearing on the proposed reconstruction of Millcreek Old Channel Ditch No.1246,as petitioned for by John M.Longbrake,was read by the Clerk.

After receiving comments and objections by interested landowners,it was moved by Mr.Elliott and seconded by Mr.Rausch that the hearing be continued until Tuesday October 13th,1936,at ten o'clock A.M.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON MILLCREEK OLD CHANNEL DITCH NO.1246.

Marysville,Ohio.Oct.13,1936.
Commissioners Journal Vol22.Page 354.

It was moved by Mr.Harmon and seconded by Mr.Elliott that the hearing on Millcreek County Ditch No.1246 ,scheduled for this day be continued until Monday October 19th,1936 at ten o'clock A.M.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING AND REPORT OF ENGINEER ON MILLCREEK OLD CHANNEL NO.1246.

Marysville,Ohio.Oct.19,1936.
Commissioners Journal Vol.22.Page 358.

Engineer's Office,Marysville,Ohio.

To the Board of Commissioners of Union County,Ohio.

After making making the preliminary surveys and estimated of the aforesaid,I find the number of acres of land affected to be approximately 6,587 acres,and the cost of the improvement is estimated to be $14,780.96;also that (70) percent of the total cost will be assessed agsinst only (10) per cent of the lands affected and that will cause an assessment of $19.02 per acre on some lands which lie along the proposed improvement.

I am presenting this report to yoy for your consideration as to the relative value and costs of the proposed improvement,and the benefits to be derived if said improvement were to be made.

Respectfully submitted,

Walter E.Griffith,County Engineer.

The County Engineer presented a preliminary report of the costs of the improvement of Millcreek Old Channel Ditch No.1246,as petitioned for by John M.Longbrake and filed with the County Auditor July 24th,1933.

After careful and due consideration,Mr.Harmon moved the adoption of the following resolution;

WHEREAS,it is apparent that due to the contour of the lands affected by the proposed improvement,the cost will neccessarily be assessed against a small minority of land owners and will not materially benefit the greater part of the the drainage area,and

WHEREAS,it has been definately determined that in order to answer the prayer of the petition a large number of property owners will be affested and assessed and that said property owners were not notified of the date of the date of viewing and first hearing on the petition,and

WHEREAS,it is now estimated by the Board that the cost of the proposed improvement would exceed the benefits to be derived if the proposed improvement is constructed and that the proposed improvement would not materially conducive to public health and welfare,therefore be it

RESOLVED,by this Board of County Commissioners,after careful consideration of all evidence in the preliminary report of the County Engineer,as entered above,and of the comments and objections of interested land owners,that they rescind their action as of October 2nd,1933,entered In Commissioner's Journal No.21 Page 569,thereby causing such previous action to become null and void,and be it further

RESOLVEDby this Board of County Commissioners that the proposed improvement is not necessary and that it will not be conducive to the public welfare,and that the estimated cost of the proposed improvement will exceed the benefits to be derived if the proposed improvement is constructed and therefore that said petition be dismissed.

Mr.Elliott seconded the resolution and upon a call of the roll the Commissioners voted as follows;Mr.Harmon "aye",Mr.Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE COW RUN DITCH NO.1247-IMP.#2-FILING OF PETITION.

Marysville,Ohio.Sept.11,1933.
Commissioners Journal Vol.21.Page 564

The County Surveyor this day filed a copy of a ditch petition filed by J.F.Henthorn,praying for the construction and completion of a certain Single County Ditch located in Union and Paris Township,Union County,Ohio,the location and description which is as follows;Commencing at a stake in the line between the lands of J.F.& Carrie Henthorn & W.A.Vanderau;thence following the line of said ditch or near thereto through and alomg the lands of J.F.& Carrie Henthorn,W.A.Vanderau,Paul G.Boerger and Christopher G.& Elnor B.Nocol to Buck Run and there to terminate.

The following is the nature fo the work petitined for;Reconstructed by grubbing deepening, straightening sufficiently to drain all lands affected by this improvement.The County Commissioners have fixed the the 6th,day of October 1933 at ten o'clock A.M. as the view of the same and have also fixed the 9th,day of October 1933,at ten O'clock A.M.at the office of the County Commissioners,Marysville,Ohio ,as the time and place for the hearing on same.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

COPY OF PETITION.

Marysville,Ohio.Sept.11,1933.

Petition for the reconstruction of a single county ditch,known as the Cow Run Ditch No.115.

To the Honorable Board of Commissioners of
Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstructuon of a single county ditch located in Union and Paris Townships,V.M.S.No.12398 & 4071,on the course hereinafter set forth.

The construction of the proposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit;Commencing at a stake on the line between the lands of J.F.& Carrie Henthorn and W.A.Vanderau;thence following the line of said ditch,or near thereto through and along the lands of J.F.& Carrie Henthorn,W.C.Weimer & J.A.Coil,W.A.Vandereau.Paul G.Boerger,Christopher G.& Elnor B.Nicol to Buck Run and there to terminate.

The following is the nature of the work petitioned for;Reconstructed by grubbing, straightening,deepening-widening sufficiently to drain all lands affected by this improvement.

Names and addresses,where known,of all owners of the land which the petitoner claims will be benefited or damaged by the construction of the proposed improvement.

J.F.Henthorn,
Petitioner.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS:That we J.F.Henthorn,Christopher G.Nicol and F.B.Devine are held and firmly bound unto the State of Ohio,for the sum of ($250.00) Two Hundred fifty Dollars,to the payment of which sum,well and truly made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 11th,day of September 1933.

The condition of the above obligation is such,that,whereas,on the 11th,day of September 1933,the above J.F.Henthorn filed his petition with the County Auditor of Union County,Ohio, making application to the County Commissioners,praying for the construction of a single County ditch,known as Cow Run No.115 petitioned for by J.F.Henthorn and others;the following is the course and termini of the proposed improvement,to-wit;Commencing at a stake in the line between the lands of J.F.& Carrie Henthorn and W.A.Vanderau,Carl A.Boerger,Paul G.Boerger and Christopher G.& Elnora B.Nicol to Buck Run and there to terminate.

We ask that said ditch be reconstructed by Grubbing.straightening,deepening-widening sufficiently to drain all lands affected by this improvement.

Now,if the said J.F.Henthorn,Chris G.Nicol will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void; otherwise to remain in full force and virtue in law.

J.F.Henthorn
Chris G.Nicol
F.B.Devine

The above Bond is approved this 13th,day of February 1934.

Morey Liggett,
Co.Auditor.

Auditor's Vault Box.No.515 COW RUN DITCH NO.1247-IMP.#2. Transcribed Jan.4,1947.

NOTICE TO LANDOWNERS.

Landowners affected by
Cow Run Co.Ditch No.1247-Imp.No.2.

Auditor's Office,Union Co.Ohio.
Marysville,Ohio.Sept.14,1933.

J.F.Henthorn has file a petition with the County Auditor requestingnthe improvement of a ditch beginning at a stake on the line between the lands of J.F.& Carrie Henthorn and W.A.Vanderau;thence follosing the line of said ditch or near thereto through and along the lands of J.F.& Corrie Henthorn,W.A.Vanderau,Carl a Boerger,Paul G.Boerger, and Christopher G. and Elnora B.Nicolto Buck Run and there to terminate.

The County Commissioners will view this proposed improvement on the 6th,day of October 1933 at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio, on the 9th,day of October 1933. at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change of route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Morey Liggett
Col.Auditor.

OBJECTIONS TO IMPROVEMENT.

Marysville,Ohio.Feb.27,1934

I Willis F.Richman object to the construction of the proposed Cow Run Ditch,because said ditch drains only a small portion of my land,so I have shown in the diagram.most of my land drains into the Scheiderer Ditch and the Town Run,also I object to more taxes as I Have all that I can meet.now.

Willis F.Richman.

COMPLAINT ON COW RUN DITCH.

I am against this ditch at the present time due to the hard times and then se find that most of the water from this farm carries to Buck Run instead of this Cow Run.

Mrs Lucile O'Brien.

Mr.Liggett,
Auditor of Union County.

March 10.1934.

The Morelock estate objects to the construction of the proposed Cow Run Ditch since it will be of no benefit to said land,as planned.

Morelock Estate.
By--Annamary Morelock,Agent.

To the Board of Commissioners.

We the undersign do hereby object to the improvement of the Cow Run Ditch for the reason that we do not feel able to meet the obligation of the same the way times are at the present.

Yours very truly,
H.C.Weimer
J.A.Coil.

IN THE MATTER OF THE FIRST HEARING ON THE
COW RUN DITCH NO.1247-IMP.#2.

Marysville,Ohio.Oct.9,1933.
Commissioners Journal Vo.21.Page 571.

Pursuant to the viewing the Cow Run Ditch No.1247 Imp.No.2,October 6th,1933,said matter came on this day for hearing.A number of interested land owners being present and after a lengthy discussion,some objections being filed against the granting of said improvement, in order to file requests for laterals or extensions,a motion was made by Mr.Rausch which was duly seconded by Mr.Elliott to continue hearing until October 16th,1933 at ten o'clock A.M.

Upon call of the roll the vote was as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE CONTINUED HEARING ON
COW RUN DITCH NO.1247-IMP.#2.

Marysville,Ohio.Oct.16,1933.
Commissioners Journal Vol.21.Page 573.

Pursuant to the adjournment of October 9th,1933 said matter came on this day for further consideration.After a discussion of same ,a motion was made by Mr.Harmon seconded by Mr.Rausch that the petition be granted,and that the county Engineer is hereby directed to make a survey and file his report with this said board.

On question of adoption of the foregoing the following vote was had;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF FILING THE ENGINEER'S REPORT OF ASSESSMENTS ON COW RUN DITCH NO.1247-IMP.#2.

Marysville,Ohio,Feb.13,1934. Commissioners Journal Vol.22.Page 10.

The County Engineer,Walter Griffith,this day filed his report of assessments on Cow Run Ditch No.1247 Imp.No.2.On motion of Mr.Rausch,which was duly seconded by Mr.Harmon,hereby fixed the 12th,day of March 1934 at ten o'clock A.M.Eastern Standard time in the office of the Commissioners of Union County,Marysville,Ohio,as the time and place for the hearing on said ditch.

On question of adoption of the foregoing the following vote was had;Elliott "aye", Harmon "aye" and Rausch "aye".

REMONSTRANCE.

To the Board of County Commissioners,

We the Real Estate Owners,having and owning property a buddting on and which Cow Run passing through,do hereby ask your honorable Board to reconsider your previous action in reference to said improvement,and that on reconsideration thereof,you dismiss the petition and abandon the proposed improvement at this time.

For the reasons: That it is unnecessary,and by reason thereof the expense cannot at this time be met by already overtaxed farmers.

OBJECTIONS TO ASSESSMENTS

Mr.Morey Liggett,Auditor
of Union County,Ohio.

February 20,1934.

Dear Mr.Liggett;

Upon the advice of Mr.D.S.Jones,Assistant Director of the State Dept. of Public Welfare,Columbus,we are returning "Assessment on account of construction of proposed Cow Run Ditch."

Mr.Jones advises that the State does not pay assessments.

Very sincerely yours,
Ohio Reformatory of Women.
By-Loise M.Mittendorf,Supt.

Auditor of Union Co.Ohio.

Marysville,Ohio.March 10,1934.

In answer to your notification of my assessment to proposed construction of Cow Run Ditch am making the following objections.we have but 17 acres draining into said ditch,have noticed no difficulty in drainage,and in view of the fact that taxes and other expenses of the farmer are so hard to meet,am not in favor of project at this time.

Respectfully,
Thelma Tepper.
Orville Tepper.

March 10,1934.

Dear Sir;

The assessments you have against my farm are to high for the present time on the Cow Run Ditch.So I am opposed to it.

Alf Herchenhahn,Marysville,Ohio.

Mr.Morey Liggett,City.

Marysville,Ohio.March 2,1934.

Dear Sir;I wish to register an objection to the assessment on Cow Run Ditch.
I think the improvement is unwarranted and the assessment out of proportion to the amount of benefit received.

Very respectfully,
Edith O.Davis.

Auditor of Union County.

In answer to this notice on other side I think that it is unfair at this time.If we had as many acres as have been assessed on all of our county ditches we would have over 200 acres.I have not more than 5 acres draining into this ditch.If Mr Henthorn would cut a few of his willows the ditch would be alright.

Yours truly,
John A.& Lena Nicol.

Okmulgee,Okla.R.2.Feb.26,1934.

To County Commissioners.
Marysville,Ohio.

Gentlemen;My farther sent me a card from the Auditor's office,pertaining to cleaning out a ditch,known as Cow Run Ditch No.1247.

I wish to inform you gentlemen that I am not at all interested in cleaning out the ditch at this time.

My reason is a good one because I have not been able to keep the taxes paid up on the land and they surely come first.I thought everyone was having a struggle to pay their general taxes without encourageaing any extra assessments.

The hearing on this matter is set for March 12th,at ten o'clock,I wish for this letter to be read at the hearing,as my father might not be able to be there to represent me.

Yours respectfully,
J.F.Henthorn.

REPLY TO MR HENTHORN

Mr.J.F.Henthorn,
Okmullgee,Okla.

March 12th,1934.

Dear Sir;Your letter of Feb.26th,received and was read at the hearing on Cow Run Ditch No.1247 before the County Commissioners.The Board of Commissioners cannot understand why you should object to this improvement after you had signed and filed a petition for this improvement. The hearing to-day was adjourned until March 26th,1934 at ten A.M.

Yours very respectfully,
Clerk of Board of Co.Commissioners.

REPLY FROM MR HENTHORN. Okmulgee,Okla.March 22,1934.

Mr.Morey Liggett.
Marysville,Ohio.

Dear Sir;I wish to answer your letter of the 12th,as you say I signed up to clean out the Cow Run Ditch No.1247.I beg to differ with you gentlemen,I did not sign any petition to this effect, and am not in favor of same,and cannot pay any assessments if this project goes through.

Yours respectfully,
J.F.Henthorn.

The Auditor of Union County.

To whon it conserns--The Assessments and damage of the proposed Cow Run Ditch.

This stream drains through moderately hilly land,and the head of the stream is high which allows the water to attain a rapid speed,high water never lasting only a few hours at any time.Only at two points,one,where the natural water flow was changed to a higher point which slowed the stream down and,this with obstruction in the ditch was allowed to grow and form caused by overflow water..the next,overflow is my back water that is formed by Buck Run which is on a level with Cow Runman during heavy rains causes back water to form in Cow Run during the full time that Buck Run is on a rampage.

My farm has a high elevation and flood water never form,so benefits are of no more value to me than to owners of the land which furnishes and forms the waters that are the making of this stream.The stream that goes through my farm in a natural course does not form a flood water like where an unnatural flow of water was trying to be attained.I have always cut the brush and excavated in places myself so as to keep the stream under control and I never got any help in doing so.I do not get my work aon my farm by the construction of this ditch and it is not needed to give me dtainage for my land.If it is an improvement it cannot be seen when one strolls about on my farm and does not look over the fence.Therefore,I feel that my land should be assessed more like the land which heads the stream and does not get any improvement.

Signed;
W.A.Vanderau.

County Commissioners Marysville,Ohio.March 12,1934.
Union County,Ohio.

Dear Sirs:

In the matter of the Cow Run Ditch;this ditch is not a benefit to the land owned by the undersigned and the amount of land included in the benefits and assessed is morenthan it should possible drain into the improvement.

The records will show that this farm has been previously assessed for an improvement of the same nature draining in the opposite direction,being part of the same land now assessed in this improvement;it is impossible to drain in both directions.It will appear from a view of the land that not more than 25 acres could possible drain in the direction of this improvement.

It appears from the petition herein filed that the same does not meet with the requirement of the st statute,the petition not being filed by the owner of the land,or any person with an interest in the land,and as a matter of fact the owner of the land is not in favor of the improvement. Before the tenant has a right to file the petition under the stature he must have some interest in the land and he can not be heard to say he is authorized to sign for the real owner unless he has the authority duly desiginated by power of attorney,and as readily can be seen from the petition the owners name is not signed but the tenant,and later when this matter was called to the attention of the tenant he changed by the name by erasure and added the owners name without his knowledge or consent.

This alleged improvement will cost the alleged beneficiaries more than possible they are able to pay,or will be benefited.

The undersigned protests the assessment levied against the land in the amount and also as against the number of acres;also protests the petition for the reason that the same has not been filed in accordance with the statute and,under the statutes,the Commissioners have no jurisdiction to proceed under a void petition.

Mrs.Belle Dailey.

IN THE MATTER OF THE HEARING ON ASSESSMENTS OF COW RUN DITCH NO.1247-IMP.#2. Marysville,Ohio.March 12,1934.
Commissioners Journal Vol.22.Page 24.

Pursuant to adjournment of February 13th,1934,the Board of County Commissioners this day met for the purpose of considering the report and apportionment of the County Engineer in said matter.

A motion was made by Mr.Harmon,seconded by Mr.Rausch (Messrs Rausch,Elliott and Harmon each voting "aye" on roll call)that the meeting be adjourned to the Probate Court Room to accommodate the many landowners interested in said improvement;whereupon Mr.Elliott,the Chairman of the Board ordered the Clerk to read the exceptions and complaints against the improvement,also a remonstrance signed by 24 of the land owners.Several landowners spoke against the improvement and after some discussion,a motion was made by Mr.Harmon,seconded by Mr.Rausch that said matter be adjourned to ten o'clock A.M.March 26th,1934.

On question of adoption of the foregoing the following vote was had;Elliott "aye", Harmon "aye" and Rausch "aye".

(CONTINUED ON NEXT PAGE)

IN THE MATTER OF CONTINUED HEARING OF ASSESSMENTS OF THE COW RUN DITCH NO.1247 IMP.#2.UNION-PARIS-DARBY TOWNSHIPS

Marysville,Ohio.March 26,1934.
Commissioners Journal Vol.22.Page 28.

The continued hearing as adjourned for this date was opened.A letter from J.F.Henthorn Okmulgee,Oklahoma,under date of March 22nd,was read which stated that he had not signed or filed the petition as had been assumed.

Therefore be it resolved that said petition be dismissed because of definite proof that the petition was fraudulent and illegal;also be it further Resolved that the collecting of total costs amounting to $124,31 be referred to the Prosecuting Attorney of Union County.

Upon question of adoption of the foregoing the following vote was had;Elliott "aye", Harmon "aye" and Rausch "aye".

Auditor's Vault Box No.520 BROADWAY DITCH REPAIR NO.414. Transcribed Jan.6,1947.

IN THE MATTER OF THE BROADWAY DITCH REPAIR NO.414.

Marysville,Ohio.April 17,1933.
Commissioners Journal Vol.21.Page 529.

The County Engineer this day delivered to the Board of Commissioners a copy of a ditch petition filed by Mr.LeRoy Ferrell of Taylor Township stating the condition of said open ditch from the Wheelen & Green Gravel Road through the lands of Elizabeth and LeRoy Ferrell and the lands of A.B.& R.D.Green and John W.& Ida Wheelen to Millcreek,needs to be cleaned by grubbing and excavating open ditch,and ask that said board take immediate action in this matter in accordance with Section 6691 etc,G.C.

On motion of Mr.Rausch which was duly seconded by Mr.Harmon that the County Ditch Supervisor be instructed and is hereby directed to make the necessary repair in accordance with Section 6691 etc,G.C. and make report of assessments as required by law

The vote was as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

COPY OF PETITION

Marysville,Ohio.April 15,1933.

To the County Surveyor,Ditch Supervisor,
Union County,Ohio.

I,the undersigned interested landowner,on the Broadway County Ditch No.414,Taylor Township beg to report that the open ditch from the Wheelen & Green Gravel Road,through my lands and the lands of A.B.& R.D.Green and John W.& Ida M.Wheelen to Mill Creek needs to be cleaned by grubbing and excavating open ditch.

I ask that you take immediate action in this matter in accordance with Section 6691,etc.

Elizabeth Ferrell
Le Roy Ferrel.

On roll call each member voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

COPY OF ABOVE PETITION.

IN THE MATTER OF THE BROADWAY DITCH NO.414-REPAIR.

Marysville,Ohio.Feb.11,1935.

To the Board of County Commissioners,
Union County,Ohio.

I hereby request an extension on the improvement for cleaning out and repair of the Broadway Ditch No.414-Repair,in Taylor Township as requested and filed by Elizabeth and LeRoy Ferrel,April 15th,1933,as follows:

Beginning at a tile on the north side of the rightofway line of the Delaware and Bellefontaine Road,;thence following said tile ditch,through and across the lands of P.V.Burson to the outlet;thence following an open ditch through and across the lands of Said P.V.Burson, Esau Reed,J.S.& E.H.Baldwin,Jas.E.Anderson and William E.Barnett to the Wheelen & Green Gravel Road.

J.J.Watts
S.G.Watts.

OBJECTIONS

Marysville,Ohio.March 16,1935.

To the Engineer and Commissioners,

Gentlemen;

In reply to your notice of Ditch hearing the 18th,at ten o'clock,Allow me to say,this ditch has all the depth we could get at the railroad,and it makes a complete outlet, and has for years.

It is possible the open part may want cleaning,but the tiles are in a good grade and working all right.

These tile were not put in at the same time,and the two ditches have never been connected,they should be connected with a Y and a small header to prevent washing,this should have been done when the tile was put in to make it complete.This should have been done 10 years ago,but that nothing has nothing to do with the outlet.

This estimate you have will pay the entire bill,and money left.

The ditch has all the necessary points,extra grade and a complete outlet.

Simply connect the tile and clean out the ditch and charge it to the parties that get the benefit.

What does the petition call for? I am telling you members of the Board,the conditions, and will kindly ask you to see that it is done right.

You know this little finish work does not call for a ditch petition,and the reclean is only two or three days work for the right party,Water never stands to damage the crops.

Wishing you all continued success.

P.V.Burson.

To the Honorable Body of
County Commissioners.

Gents;

Dear Sirs;In regard to repairs of ditch No.414,I will say that I feel my assessment is excessive and if the crossing of this ditch is torn up it will necessitate a bridge which I dont need and which would cost not less than fifty dollars.Now I will say when we have a freshet this entire ditch is covered by the creek with back water,Any more ditch than is already thereis for others benefit not mine.In case I have to build a bridge and pay thirty five dollars assessment I will have to ask damages to the amount of eighty five dollars.

Now my crossing can be left just as it is and nobody damaged a cent.Please take into consideration the fall this ditch has from Greens lane to my crossing,the Surveyor can give you that to an inch,Trusting to your good judgement,I am,

Yours J.W.Wheelen.

IN THE MATTER OF THE HEARING ON BROADWAY DITCH REPAIR NO.414.

Marysville,Ohio.March 18,1935.
Commissioners Journal Vo.22.Page 189

A continuance of hearing s held on Jan.14th, and Feb,11th,1935.The County Surveyor presented the result of his survey containing the number of acres assessed and the apprtionment estimated cost of construction of said repair which was read by the Clerk to the interested persons present,from whom comments were received.

A motion was made by Mr.Rausch seconded by Mr.Elliott,to adjourn the hearing from 12;15 to 1;30 P.M.Upon a call of the roll the commissioners voted as follows;Elliott "aye"mRausch "aye" and Harmon "aye".

The meeting was again called to order by Chairman Elliott at the appointed time.After further discussion and comments if interested persons,it was moved by Mr.Elliott seconded by Mr.Harmon to adjourn the hearing on said ditch until 10;00A.M.March 25th,1935.

Upon roll call the commissioners voted as follows;Mr.Elliott "aye",Mr.Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON BROADWAY DITCH NO.414.

Marysville,Ohio.March 25,1935.
Commissioners Journal Vol.22,Page 173

A continuance of hearings held on Jan.14th,Feb.11th,and Feb.18th,1935.

It was moved by Mr.Harmon seconded by Mr.Rausch that the Engineer's report and estimated be accepted as read.Upon a call of the roll the Commissioners voted as follows;Elliott "aye", Harmon "aye" and Rausch "aye".

It was moved by Elliott and seconded by Mr.Rausch that the Erie Railroad Co,Esau and W.S.Reed

James E.Anderson and J.S.& E.H.Baldwin be permitted to make the excavation on their respective properties,as specified by the Engineer.Upon a call of the roll the commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

It was moved by Mr.Rausch and seconded by Mr.Elliott that the Engineer be ordered to advertise for and receive bids on Sections No.1 and 2.The date of sale to be April 6th,1935. at 2 o'clock P.M.Upon a call a call of the roll the Commissioners voted as follows;Elliott "aye", Harmon "aye" and Rausch "aye".

IN THE MATTER OF BIDS ON BROADWAY DITCH NO.414.

Marysville,Ohio.April 8th,1935.
Commissioners Journal Vol.22 Page 180

The following bids were received for the repair of Broadway Ditch No.414 which was sold February 6th,1935.

F.A.McAllister	$710.82
E.M.Weston	550.00

County Surveyor Griffith recommended that E.M.Weston be awarded the contract at his bid of $550.00.

It was moved by Mr.Elliot and seconded by Mr.Rausch that the bid of E.M.Weston be accepted if proper Bond is offered,accepted and filed according to the statute. On roll call the Commissioners voted as follows;Elliott "aye",Rausch "aye" and Harmon "aye".

CONTRACTORS BOND OF E M WESTON IN CONNECTION WITH BROADWAY DITCH REPAIR NO.414-SECTIONS NO.1 & 2.

Marysville,Ohio.April 18th,1935.
Commissioners Journal Vol.22.Page 184.

E.M.Weston whose bid of $550.00 for the repair of Broadway Ditch No.414 was accepted by the Board of County Commissioners at their meeting of April 8th,1935,presented his Contractors Bond in the amount of $765.00 with the United States Fidelity and Guarantee Co. of Baltimore,Md.

It was moved by Mr.Harmon and seconded by Mr.Rausch that said bond be accepted.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

CONTRACTORS CONTRACT FOR SECTION NO.1-2.

Marysville,Ohio.April 8th.1935

From Station 00.00 & 62.50 to Station 28.22 & 80.420171 & 108.6 rods.

Deepening-straightening-widening-spreading of material.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said Ditch improvement,that after legal notice of sale,he has this day sold to E.M.Weston Contractor the work of constructing Sections No.1 and 2 of said ditch for the sum of ($550.00) Five Hundred fifty Dollars,which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County on or before the 1st, day of July 1935.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the constructing said ditch improvement without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer.

E.M.Weston, Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That E.M.Weston as principal and United States Fidelity and Guaranttee Co.,Baltimore,Md. as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($765.00) Seven Hundred sixty five Dollars,for the payment of which we jointly and severally bind ourselves this 6th,day of April 1935.

The condition of the above obligation is such,that whereas the above bound E.M.Weston has this day bid off the work of constructing Sections No.1 and 2 of Broadway Ditch Repair 414 and has entered into this contract subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time fixed therein,and pay all damages incurred by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

E.M.Weston.
United States Fidelity & Guaranty Co.
By-Donald H.Williams
Attorney-in-fact.

This Contract and Bond are hereby approved this 15th,day of April 1935.

A.F.Elliott.
W.D.Harmon.
W.J.Rausch,Commissioners of Union County,Ohio.

IN THE MATTER OF THE BROADAWY DITCH REPAIR NO.414-SECTION NO.3.

Marysville,Ohio.Sept.21,1936.
Commissioners Journal Vol.22.Page 349.

Engineer's Office
Marysville,Ohio,Sept.18,1936.

In order to properly complete the work required,I find that it will be necessary to increase the estimated cost on the following items;

1.when excavating for the headwall we find that cribbing will have to be used in order to prevent the sides from caving into the trench.After the headwall has been constructed extra work will be necessary to make the backfill in order to prevent the water from washing around the ends of the headwall.The estimate of this extra work is $70.00.

2. First class tile will have to be used instead of second class tile in stock,and in order to in order to get proper coverage for all the laterals which will cross the open ditch it will be necessary to lower the grade line approximately one foot.The estimate for this extra work will be two Hundred dollars ($200.00)This makes the total amount for the extra work required to complete Section No.3,$270.00.

I present these requirements for extra work on the Broadway Ditch Repair to your Board for consideration and approval.

Respectfully submitted,
Walter E.Griffith
County Engineer.

It was moved by Mr.Elliott and seconded by Mr.Harmon that the above report be approved and that the Auditor be directed to make the addtional tax assessments,as submitted by the Engineer.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE BROADWAY DITCH NO.414.
REPORT OF ACTUAL CONSTRUCTION.

Marysville,Ohio.Dec.7,1936.
Commissioners Journal Vol.22.Page 377.

The County Engineer presented his report of the actual cost and assessments for the construction of Broadway Ditch No.414-Repair,Sectionsl,2 and 3,located in Taylor Township.

After the examination of the actual cost and assessments,it was moved by Mr.Rausch and seconded by Mr.Elliott that said report be approved and that the assessments be confirmed and that the County Auditor be directed to place the several assessments upon the tax duplicate and that the limitation on the period within which said assessments may be made shall not exceed five years.

Upon a call of the roll the Commisssioners voted as follows;Harmon "aye",Elliott,"aye" and Rausch "aye".

IN THE MATTER OF THE REPAIR OF THE MARRIOTT COUNTY DITCH NO.1206 CLAIBOURNE & JACKSON TOWNSHIPS.

Marysville,Ohio.Jan.15,1934.
Commissioners Journal Vo.21.Page 599.

Be it known that Mr.J.D.Hooper this day filed a petition for the repair of said ditch as follows;

I,the undersigned tax payer on the Marriott Ditch No.1206 located in Claibourne and Jackson Townships,beg to report that certain portions of the tile are filled with roots from trees growing along said ditch.I request that all trees that are injurious to the tile be removed;that the tile be taken up.cleamed out,relayed and all broken tile replaced.

I ask that your board take immediate action in this matter in accordance with Section no 6691 etc.

On motion of Mr.Elliott which was duly seconded by Mr.Rausch that the County Surveyor be instructed and is hereby directed to make the necessary repair in accordance with Section 6691 and make assessments according to law.

The vote was as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE MARRIOTT DITCH NO.1206-REPAIR-FILING OF PETITION.

Marysville,Ohio,July 6,1936.
Commissioners Journal Vo.22,Page 319.

County Auditor,Frank E.Smith,presented a petition,signed by J.D.Hooper and others for the cleaning out and repairing,as a unit,Marriott County Ditch No.1206,located in Claibourne and Jackson Townships,in accordance with Sections 6700 and 6701 of the General Code of Ohio, Said petitioners being the owners of two-thirds in amount of apportionment.It is requested that all trees which are injurious to the tile be removed and that the tile be taken up,cleaned, relaid and all broken tile replaced wherever necessary.

It was moved by Mr.Harmon and seconded by Mr.Elliott that the County Engineer be directed to prepare the estimated costs of repair for the consideration of the Commissioners.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

PETITION OF THE OWNERS OF TWO-THIRDS IN AMOUNT OF THE APPORTIONMENT.THAT THE WORK OF CLEANING OR REPAIRING BE DONE AS A UNIT.

To the Surveyor of said County;

Union County,Ohio.June 15,1936.

We,the undersigned owners of two-thirds in amount of the apportionment of the work to clean out or repair the Marriott County Ditch No.1206,hereby petition that the work be done as a unit in accordance with Sections 6700 and 6701 of the General Code.

Description of work required on the Mariott County Ditch No.1206,located in Claibourne and Jackson Townships,certain portionsof said tile ditch are filled with roots from trees growing along the line of tile;We ask that all trees which are injurious to the tile be removed;and that the tile be taken up,cleaned,relaid,and all broken tile be replaced. wherever necessary.

County Engineer's Office
Marysville,Ohio.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;

In the matter of repair of the Marriott Ditch No.1206,as requested by J.D.Hooper et al,and filed July 6th,1936,as per your orders concerning the same,I proceeded to examine said ditch on the 12th, of August 1936.

I find the following; The tile is broken down at several points along the entire line, trees and brush have grown over and near the tile.

At time of my examination of the tile the roots had not entered the tile to the extent that they need be removed and cleaned.

I recommend that said ditch be repaired by repacing all broken tile,cleaning at the Boundary Road,and deadening all trees over 5 inches in diameter within 20 feet of the line of tile,and thoroughly grubbing all brush and trees under 5 inches in diameter within 20 feet of the tile.

Respectfully submitted,
Walter E.Griffith,
Engineer.

SPECIFICATIONS

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with existing lines of tile, The property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

All trees over 5 inches in diameter shall be thoroughly deadened and all trees under 5 inches shall be grubed;also all brush.

IN THE MATTER OF THE ENGINEER'S REPORT ON MERRIOTT DITCH REPAIR-1206.

Marysville,Ohio.March 8,1937.
Commissioners Journal Vol.22.Page 414.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications for the proposed repair of Marriott Ditch No.1206,located in Claibourne and Jackson Townships and petitioned for by J.D.Hooper and others,in accordance with Sections 6700 and 6701 of the General Code of Ohio.Said petitioners being owners of two-thirds in amount of apportionment.

It was moved by Mr.Harmon and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the County Commissioners on Monday March 29th,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Sham "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON MARRIOTT DITCH REPAIR-No.1206.

Marysville,Ohio.March 29,1937.
Commissioners Journal Vol.22 Page 422.

The petition for the repair of Marriott Ditch No.1206,located in Claibourne and Jackson Townships;and petitioned for by J.D.Hooper et al was read by the Clerk.

The recommendation of the County Engineer and the result of the survey,containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

After receiving comments from the interested landowners and it being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits derived,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the report of the Engineer be accepted as submitted and that the Engineer be directed to proceed with the improvement by force account.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" Shaw "aye" and Hamilton "aye".

Auditor's Vault Box.No.296 MARRIOTT DITCH REPAIR NO.1206 Transcribed Jan.11,1947.

IN THE MATTER OF THE OTTAWA DITCH NO. 1248-FILING OF PETITION.

Marysville,Ohio.Jan.29,1934.
Commissioners Journal Vol.22,Page 4.

Lena Beem Gillilan filed a petition on January 24th,1934 with the County Auditor for the reconstruction of a single county ditch,Claibourne Township,known as the Ottawa Branch ditch No 239-V.M.Survey No.6228;commencing at a stake in the line of the 10 inch tile and in the lines between the lands of the Erie Railroad and Louis C.Beem;thence following the line of said tile etx,by repairing,taking up cleaningout,relaying and replacing all broken tile and the open ditch be cleaned out far enough to give a good and sufficient outlet.

It was moved by Mr.Rausch,seconded by Mr.Harmon that the County Commissioners view the proposed improvement at ten o'clock A.M.February 23rd,1934,and the first hearing thereon will be held at the office of the Commissioners at Marysville,on the 26th,day of February 1934.

On roll call each member voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

COPY OF PETITION

Marysville,Ohio,Dec.23,1933.

Petition for reconstruction of a single county ditch,Claibourne Township,known as the Ottawa Ditch,No.23 No.239-V.M.Survey No.6228-Ditch No.1248.

To the Honorable Board of County Commissioners,
Union County ?Ohio

The undersigned hereby petition your honorable body for the reconstruction of a single county ditch in Claibourne Township.on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said improvenent,to-wit;Commencing at a stake on the line of a 10 inch tile andnin the line betwwen the lands of Tne Erie Railroad and Louis C.Beem;thence following the line of said ditch through and across the lands of Louis C.Beem Albert W.Howison,Sanford H.Howison,Rebecca Howison,Mildred & W.H.Luellen,and Perry G Baker to the open ditch;thence following the line of the open ditch through and along the lands of Perry G.Baker,G.M.Fields,AnnieFields to OttawanRun Ditch;thence along said ditch through and along the lands of Annie Fields,Blanch Thompson and Frank K.McDaniel,or far enough for a good and sufficient outlet to said tile ditch.Also commencing at a stake on the line of a 15 inch tile and in the line between the lands of the Erie Railroad and Louis C.Beem;thence following the line of said tile ditch through and across the lands of Louis C.Beem and others to an open ditch,said tile following practically the same water course as the one described above.The outlets of the tile being at the same place.

The following os the nature of the work petitioned for;repairing both ditches by taking up cleaning out,relaying and replacing broken tile,and that the open ditch be cleaned out far enough for a good and sufficient outlet,and that the obstruction under the bridge on the Prospect and Richwood,State Route 47,be removed.

Names of all landowners,where known,who the petitoner claims will be benefited or damaged by the proposed improvement.

BOND OF PETIONERS

KNOW ALL MEN BY THESE PRESENTS:That we are held and firmly bound unto the State of Ohio,in th e sum of Three Hundred ($300.00) Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and admimistrators.

Signed by us and dated this day of 19

The condition of the above obligation is such,that,whereas, on the day of 19 the above bound filed petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a single county ditch,in Claibourne Township,V.M.Survey No.6228 petitioned for by and others;The following is the course and termini of the proposed improvement,to-wit; Commencing at a stake on the line of a 10 inch tile, and the line between the lands of the Erie Railroad and Louis C.Beem,Albert W.Howison,Rebecca Howison Mildred & W.H.Luellen and Perry G/Baker to the open ditch;thence following the line of the open ditch through and along the lands of Perry G.Baker,G.M.Fields,and Annie Fields to the Ottawa Run Ditch;thence along said open ditch through and along the lands of Annie Fields,Blanch Thompson and Frank K.McDaniel,or far enough for a good and sufficient outlet to said tile ditch.

Also-Commencing at a stake on the line of a 15 inch tile and in the line between the lands of the Erie Railroad and Louis C.Beem;thence following the line of said ditch through and across the lands of Louis C.Beem,and others to the open ditch.Said tile follows practically the same water course as the one described above.The outlets of both tile being at the same place.We ask that both ditches be repaired by taking up,cleaning out,relaying and replacing all broken tile,and the open ditch be cleaned out far enough to give a good and sufficient outlet,and that the obstruction under the b Prospect Road,State Route No.47,be removed.

Now if the said will pay all costs,if the prayer of the petition is not granted or if said petion is for any cause dismissed,then this obligation shall be void,otherwise to remain in full force and virtue in law.

Lena Beem Gillilan.
John R.Lamb.
Edith Howison Gast.

January The above bond is approved this 29th,day of January 1934.

Morey Liggett,
Co.Auditor

NOTICE TO LANDOWNERS

Auditor's Office,Union Co.Ohio.
January 30th,1934.

Landowners affected by
Ottawa Branch Ditch No.239 V.M.Survey No6228

Lena Beem Gillilan has filed a petition with the County Auditor requesting the improvment of a ditch beginning at a stake on the line of a 10 inch tile and the line between the lands of the Erie Railroad and Louis C.Beem;thence following the line of said ditch through and across the lands of Louis C.Beem,Wlbert W.Howison,Sanford H.Howison,Rebecca Howison,Mildred & W.H/Luellen and Perry G.Baker to the open ditch;thence following the line of the open ditch through and along the lands of Perry G.Baker,G.M.Fields,Annie Fields to Ottawa Run Ditch;thence along said ditch through and along the lands of Annie Fields,Blanch Thompson and Frank K.McDaniel,or far enough for a good and sufficient outlet to said tile ditch.Also-Commencing at a stake in the line of a 15 inch tile and in the line between the lands of the Erie Railroad and Louis C.Beem;thence following the line of said tile ditch through and across the lands of Louis C.Beem and others to an open ditch.Said ditch following practically the same water course as the one described above.The outlets of the tile being at the same place.

The following is the nature of the work petitioned for;Repair both ditches by taking up cleaning out,relaying and replacing all broken tile and that the open ditch be cleaned out far enough for a good and sufficient outlet.and that the obstruction under the bridge on the Prospect and Richwood Road,Route No.47, be removed.

The County Commissioners will view this proposed improvement on the 23rd,day of February 1934;commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at theoffice of the County Commissioners,Marysville,Ohio,on the 26th,day of February 1934,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Co.Auditor.

IN THE MATTER OF THE FIRST HEARING ON OTTAWA DITCH NO.1248.

Marysville,Ohio.Feb.26,1934.
Commissioners Journal Vol.21 Page 19.

The County Commissioners having viewed the the Ottawa Run Ditch on the 23rd,day of Feb. 1934,said matter came on this day for futther consideration.There being no objections filed,on motion of Mr.Harmon seconded by Mr.Rausch,that we grant said petition as read,and Wlater Griffith County Surveyor be appointed as Engineer for the location and construction of said ditch,and he is hereby directed to make a survey and file his report with this board.

On question of adoption of the foregoing the following vote was had;Elliott "aye",Harmon "aye" and Rausch "aye".

Auditor's Vault Box No.520 OTTAWA DITCH NO.1248. Transcribed Jan.13,1947.

REQUEST FOR IMPROVEMENT OF OTTAWA BRANCH NO 1155

Hon.Board of County Commissioners,
Marysville,Ohio.

Richwood,Ohio.Feb.4,1935.

I the undersigned taxpayer on the Ottawa Branch Ditch No.1248 in Claibourne Township, do hereby request that you grant the following application for the improvement by repairing the Ottawa Branch Ditch No.1155 as follows;Beginning at the outlet of a tile ditch into the said open ditch on the lines of the lands of the Mutual Benefit Life Insurance Company and the Northwestern Mutual Life Insurance Company,crossing the lands of the North Western Mutual Life Insurance Company,Ray Martin,George & Jennie Hageman to the proposed improvement No.1248.

Your petitioner asks that said ditch be improved by deepening,widening and such repair as may be necessary.

C.W.Parish.

OBJECTIONS TO ASSESSMENTS

Mr.Liggett,Audittor,

Richwood,Ohio,March 1,1935.

In regard to proposed Ottawa Branch Ditch No.1248,there has been a mistake in the last assessment notice sent me.All my land is not affected by this ditch.I have drawn a map of my farm showing you how it is drained.As you see by the map 35 acres drain into Rush Creek.The remaining 149 acres drain to the Ottowa Branch,I feel that I am assessed more than my share on this ditch according to the amount assessed on the land adjoining me.

This ditch will be of no special benefit to me.

Henry C.Foos.

Auditor of Union County.
Marysville,Ohio

Richwood,Ohio.Jan.28,1935.

Dear sir;the construction of Ottawa Branch Ditch No.1248 is unnecessary and i object to the construction and assessment.

Imogene Sayre.

OBJECTIONS CONTINUED.

Mr.Liggett; Richwood,Ohio.Jan.21,1935.

Dear Sir;Our farm is not drained by the Ottawa Branch;A tile runs through our farm west to east,and it branches a little south of the middle of the farm and wmpties in Pattens Run,when they cleaned Pattens Run they take all of aur land,I told them we had no land drained that way but they put me down for i/4 acre.Everybody knows I am right about this.

Respectfully,
Margaret Roberts.

Richwood,Ohio.Jan.21,1935

Morey Liggett,

Dear Sir;We object to said assessments on the 35,85 and 1.50 acres owned by Laura E.Slemmons.

Respectfully,
L.O.Slemmons.

Board of County Commissioners, Jan.31,1935.
Union County,Marysville,Ohio.

Gentlemen;

In connection with the Ottawa Branch Ditch No.1248,on which a hearing is to be held February 4,1935,concerning assessments for the construction:

The County Auditor,Mr.Morey Liggett,advises that the assessment levied against Erie Railroad Company is $5.64.Your attention is called to the fact that Erie Railroad Company was not listed as a benefitted property owner in the petition filed in tthis matter,and no notice was served on this company in connection therewith.

Your attention is also called to the fact that the Railroad Company has spent approximately $118.00 in making repairs to the ditch in connection with the drainage complaint of John R.Lamb,and we would therefore,ask that your Honorable Board cancel the assessment of $5.64 on the assessment roll against Erie Railroad Company.

Yours very truly,
A.B.Johnson
General Land and Tax Agent.

To the Commissioners of Richwood,Ohio.March 1,1935.
Union County,Ohio.

We the undersigned,do hereby object to the construction,of Ottawa Branch Ditch stopping on the land of Grover Fields,Farm,

We petition your Honorable body to continue Branch Ditch through the lands of F.K.McDaniel, W.L.Decker,Emery Taylor and on to the Delaware County line.

Honorably submitted,

Allen Howison	Ray Howison	Imogene Sayer
Laura E.Slemmons	C.O.Griffith	Harry Griffith
O.W.Howison	Orpha Johnson	C.S.Kirby
Jennie Hageman	George Hageman.	

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS OF OTTAWA BRANCH DITCH NO.1248. Marysville,Ohio,Jan.7,1935 Commissioners Journal Vol.22.Page 142.

Pursuant to orders of this Board of February 26th,1934,Walter Griffith this day filed his report,including the estimated cost and assessments,also plans and specifications for the improvement Ottawa Branch Ditch No.1248.Estimated cost $1801.90.

A motion was made by Mr.Harmon and seconded by Nr.Rausch that the hearing on assessments be Monday at ten o'clock,Feb,4th,1935,on roll call each member voted "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON OTTAWA BRANCH DITCH NO.1248. Marysville,Ohio.Feb.4,1935. Commissioners Journal Vol.22.Page 153.

Pursuant to January 7th,1935,said matter came for hearing,a number of persons interested were present and talked regarding assessment.

Mr.Charles Parish asked for the repair of Ottawa Branch No.1155 said application being as follows:Beginning at the outlet of a tile ditch No.1155 open ditch on the line of the lands of the Mutual Benefit Life Insurance Co.and the North Westerm Mutual Life Insurance Co.,crossing the lands of the North Western Mutual Life Insurance Co. in a siuth easterly direction and on the lands of George and Jennie Hageman to the proposed improvement No.1248.He asks that said open ditch be repaired by cleaning out,deepened,widened where necessary to give the tile a good sufficient outlet,at the beginning of said open ditch No.1155.also the headwall be repaired.

After some discussion a motion was made by Mr.Rausch and seconded by Mr.Harmon that we view the said proposed repair Friday February 8th,1935 and that hearing of assessments of improvement No.1248 be adjourned to ten A.M.Monday March 4th,1935.On roll call the vote was as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE REPAIR OF OTTAWA DITCH NO.1155. Marysville,Ohio,Feb,11,1935. Commissioners Journal Vol.22.Page 156.

Pursuant to February 4th,1935 we the Commissioners met on the line of the proposed repair and did view same on the 8th day of February and found said ditch needed to to be repaired as stated by Charles Parish application and request.

A motion was made by Mr.Harmon and seconded by Mr.Rausch that the County Surveyor is hereby directed to make a survey etc,and report same and assessments to this board on or before March 4th,1935.On roll call the vote was as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF BIDS FOR OTTAWA BRANCH DITCH NO.1248.

Marysville,Ohio.March 18,1935.
Commissioners Journal Vol.22,Page 169.

The following bids were submitted for theimprovement of Ottawa Branch Ditch No.1248.

1.F.A.McAllister	$835.00
2.F.B.Construction Co.	982.00
3.E.M.Weston	1000.00

County Surveyor Griffith recommended the bid of F.A.McAllister as being the lowest and best.

It was moved by Mr.Harmon and seconded by Mr.Rausch that the bid of F.A.McAllister be accepted if proper bond is offered,accepted and filed according to the statute.

Upon a call of the roll the commissioners voted as follows;Elliott "aye",Rausch "aye" and Harmon "aye".

IN THE MATTER OF THE BOND OF F.A.MCALLISTER.

Marysville,Ohio.March 25,1935.
Commissioners Journal Vol.22 Page 175.

F.A.McAllister,whose bid of $835.00 for the improvement of Ottawa Branch Ditch No.1248 was accepted by the board at their meeting of March 18th,1935,presented his bond in the amount of $1252.00 with Mabel I.McAllister and J.F.Rapp as sureties.

It was moved by Mr.Elliott and seconded by Mr.Rausch that said bond be accepted,Upon roll call the vote was as follows;Elliott "aye",Rausch "aye" and Harmon "aye".

REPORT ON ACTUAL COST.

Marysville,Ohio.Nov.20,1935.

To the Board of County Commissioners,
Union County,Ohio.

I hereby certify the actual cost of construction on the Ottawa Branch Ditch No.1248,Sections 1 and 2.

CONTRACT OF CONTRACTOR FOR SECTION NO.1

Marysville,Ohio.March 18,1935.

Section No.1 from Station 00 to Station 47.50-287.88 rods consisting of deepening,straightening, and widening.All excavated materials to be spread and the old channel to be filled.

It is hereby certified by Walter Griffith the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to F.A.McAllister the work of Constructing Section No.1 of said ditch for the sum of ($835.00) Eight Hundred thirty five Dollars,which work the said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of the Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of July 1935.

and it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and resold by the Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complet the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of construction of said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer.

F.A.McAllister Contractor

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I McAllister and J.F.Rapp as sureties,are held and bound unto the State of Ohio,for the use of Union county,in the penal sum of ($1352.00) Thirteen Hundred and thirty-two Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 18th,day of March 1935.

The condition of the above obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1 of Ottawa Ditch No.1248 and has entered into the above contract,subject to the approval of the Commissioners of Union County, Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
J.F.Rapp.

This contract and bond are hereby approved this 24th,day of March 1935.

A.F.Elliott.
W.D.Harmon.
W.J.Rausch
Commissioners of Union County,Ohio.

IN THE MATTER OF THE OTTAWA BRANCH DITCH NO.1155-REPAIR.SECTIONS-3 & 4.

Marysville,Ohio.April 22,1935.
Commissioners Journal Vol.22.Page 189

It was moved by Mr.Rausch and seconded by Mr Elliott that the following petition be accepted and the County Engineer be requested to make an investigation and file his report.

Richwood,Ohio.April 22,1934.

To Walter E.Griffith,Ditch Supervisor,
Union County,Ohio.

I,the undersigned taxpayer on the Ottawa Branch Ditch No.1248,in Claibourne Township, do hereby request that you grant the following application for repairing the Ottawa Branch Ditch No.1155 as follows;Beginning with said open ditch on the line of the lands of the Mutual Benefit Life Insurance Co.and the Northwestern Mutual Life Insurance Co.,crossing the lands of said Northwestern Life Insurance Co,in a southeasterly direction and onto the lands of George and Jennie Hageman to the proposed improvement No.1248.

I.ask that said open ditch be cleaned out,deepened and widened where necessary,to give the tile a good and sufficient outlet at the beginning of said open ditch,also the headwall to be repaired.

C.W.Parish
Mrs.Etta Allen
Henry C.Foos.

Upon a call the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye".and Rausch "aye".

IN THE MATTER OF THE ASSESSMENTS
ON OTTAWA BRANCH DITCH NO.1155
ENGINEER'S REPORT.

Marysville,Ohio.April 22,1935.
Commissioners Journal Vol.22,Page 189.

Walter E.Griffith,County Surveyor this day filed his report,including the estimated costs,assessments,plans and specifications for the improvement of Ottawa Branch Ditch 1155 Sections 3 & 4.

It was moved by Mr.Elliott and seconded by Mr.Harmon that a public hearing on assessments be held at the office of the Board on Monday May 6th,1935 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON THE
OTTAWA BRANCH DITCH NO.1155.

Marysville,Ohio.May 6,1935.
Commissioners Journal Vol.22.Page 193.

The County Surveyor presented his report of his survey containing the number of acres assessed and the apportionment estimated cost of construction of said repair,which was read by the Clerk to the interested persons present,from whom comments were received.

Acting favorably on objection of George and Jennie Hageman,the Commissioners agreed to reduce the amount of their estimated cost of $109.48 to 89.48 on Survey No.6307 containing 81.75 acres.

It was also agreed to reduce the amount of the estimated cost on the land of the North western Mutual Life Insurance Co.,Survey 6307 containing 93 acres,from 97.02 to 85.02.

It was further agreed that the amount of both reductions,totalling $32.00,be prorated and added to the estimated cost of construction to the remaining kand owners.

It was moved by Mr.Elliott and seconded by Mr.Harmon that the report and estimates of the Engineer,with the exception as entered above,be accepted as read and that the Engineer be requested to advertise for and receive bids on Section No.3.The date of sale to be May 18th,1935 at 2 o'clock P.M.and to proceed with Section No.4 by Force Account.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE BIDS ON SECTION NO.3
OTTAWA BRANCH DITCH REPAIR NO.1155.

Marysville,Ohio,May 20,1935.
Commissioners Journal Vol.22,Page 198

The following bid was received for the repair of the repair of Ottawa Ditch No.1155 Section No.3.--F.A.McAllister ,Richwood,Ohio. $472.00

County Surveyor,Walter E.Griffith recommended that Mr.McAllister be awarded the contract.

It was moved by Mr.Elliott and seconded By.Mr.Harmon that said proposal be accepted if proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE BOND OF F.A.MCALLISTERS
BOND FOR OTTAWA BRANCH DITCH REPAIR NO.1155.

Marysville,Ohio.June 3,1935.
Commissioners Journal Vol.22 Page 203.

F.A.McAllister,whose bid of $472.00 for the repair of Ottawa Ditch No.1155,Section No.3 was accepted at the meeting of the board on May 20th,1935,presented his contracttors bond in the amount of $472.00,with Mabel I.McAllister and J.F.Rapp as sureties.

It was moved by Mr.Harmon and seconded by Mr.Rausch that said bond be accepted.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

CONTRACT FOR SECTION NO.3.

Ottawa Branch No.1155 Repair-Sec.No.3 Marysville,Ohio.May 18,1935.
From Station No.00.00 to Station No.30.50-181.84 rods-Open Ditch.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to F.A.McAllister contractor the work of constructing said ditch for the sum of ($472.00) Four Hundred seventy two Dollars,which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 1st,day of August 1935.

And it is further agreed ans expressly understood that in case the said contractor shall fail to complete said work within the time hereinbefore named,then said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the constructing of said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissione of Union County,Ohio.

Walter E.Griffith,
Engineer.

F.A.McAllister,
Contractor

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I.McAllister and J.F.Rapp as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($473.00) Four Hundred seventy-three Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 21st,day of Mayn1935.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.3 of Ottawa Ditch No.1155,and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and material and for debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
J.F.Rapp.

This Contract and Bond are hereby approved this 3rd,day of June 1935.

A.F.Elliott.
W.D.Harmon.
W.J.Rausch.
Commissioners of Union County,Ohio.

ESTIMATED COST OF SECTION NO.3.

Section No.3.
Consisting of deepening-straightening-widening said open ditch from Station 00.00 to Station 30.40
All excavated materials to be spread and the old channel to be filled.

Engineer's Office
Marysville,Ohio.Sept.8,1936.

IN THE MATTER OF OTTAWA DITCH NO.1155
REPAIR SECTION NO.4.

To the Board of County Commissioners,
Union County,Ohio.

In order to properly locate the reinforced concrete headwall,I find that it will be necessary to add the following items which were not included in the estimated cost.

Increase the depth of the headwall 6 inches and the elevation of the top of the wall to be the same as planned;also place a stone rip-rap back of headwall in order to prevent the loose earth materials from washing.I estimate this extra work to cost $25.00.

After checking the grade of the present tile ditch I find that it will be necessary to reconstruct approximately 170 feet at the lower terminus of the ditch;also clean the bottom of the open ditch for a distance of 300 feet from the outlet of the tile.

The estimate for this extra work and for the tile furnished land owners along the ditch will be $275.00.The total amount for the extra work required being $300.00.

I am presenting these requirements for extra work to your Board for consideration and approval.

Respectfully submitted,
Walter E.Griffith,
Co.Engineer.

Auditor's Vault Box.No.514 CUMMINS COUNTY DITCH REPAIR NO.1036. Transcribed Jan.18,1947.

IN THE MATTER OF THE REPAIRING OF
CUMMINS COUNTY DITCH NO.1036.

Marysville,Ohio.March 26,1934.
Commissioners Journal Vo.22,Page 28.

The County ditch Supervisor,this day delivered to this Board of County Commissioners a copy of a request by C.R.Rinehart,stating the condition of the tile in certain portions of said ditch,and asking that said ditch be repaired by taking up,cleaning out,relaying and replacing all broken tile abd repairing headwall.

We ask that this Board take immediate action in thas matter in accordance with Section No.6691.

On motion of Mr.Harmon which was seconded by Mr.Elliott that the County Supervisor file his plans and estimates on said ditch at his earliest convenience.

The vote was as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

COPY OF REQUEST

In the matter of the repairing of
The Cummins County Ditch No.1036.

Marysville,Ohio.March 24,1934.

I,the undersign taxpayer on the Cummins County Ditch No.1036,Taylor Township,beg to report to your Board that said tile ditch through the lands of G.R.Rinehart is filled and broken down and that headwall at the outlet needs to be repaired.

I,request that said tile ditch be repaired by taking up,cleaning out,replacing broken tile and repairing the headwall.

I ask that your Board take immediate action in this matter in accordance with Section No.6691.

C.R.Rinehart.

County Surveyors Office,
Marysville,Ohio.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;

In the matter of the repairing of the Cummins County Ditch No.1036 as requested by C.R.Rinehart,and filed March 26th,1934,I proceeded as per your order concerning same,to examine said ditch.

Findings: 18' feet of tile and concrete wall of headwall have been damaged by a washout back of the headwall.The earth material has been washed from under the tile and headwall to such an extent that it will be necessary to remove the existing structure.All of the repair is located on the lands of C.R.Rinehart.

I recommend that an 18 in. x 18' feet corrugated iron pipe be placed at the outlet and that a concrete headwall be constructed according to the plans and specifications filed with this report.

Walter E.Griffith,
Co.Surveyor.

ESTIMATED COST

Consisting of placing 18'-18" Corrugated Iron Pipe at the outlet of 16" tile,and constructing a concrete headwall at the outlet of said pipe.

OBJECTIONS

Commissioners of Union County,Ohio.

Marysville,Ohio.May 17,1934.

Sirs;

I am not sure that I can meet with you on the hearing of the proposed improvement on what is known as the Cummins Ditch No.1036 in Taylor Township,so am writing my protest on said improvement.I think it very unjust to the taxpayers to think of such a thing at this time the condition our country is in,when we are having all we can do to make our simple tax,and are still paying on the dredging of Blues Creek.

I also think if this tile at the place where you are contemplating the improvement was cleaned out,where the roots have grown in it,it would work alright,That should have been looked after by the Commissioners and Surveyor when Blues Creek was dredged.

I have on tile out in my field,which was taken out by trappers,but I have the tile down there,and am ready to fix that when ever you Commissioners take care of the road water down here by me,I met with you once and ask you to look after it and one of you promised me to take care of it. in a few days,that was last November,and nothing was ever done.

OBJECTIONS CONTINUED.

About two weeks ago I saw the same man and he promised to be out in two days,but so far have seen nothing of any one.I will fix my tule whenever you fix this.It is a dangerous place for traffic too.

Again I ask you to take into consideration the interest of the already over burdened yaxpayers,and do not add more on to our taxes.Respectfully,

L.F.DeGood.

Marysville,Ohio.May 15,1934.

To the Union County Commissioners.

Sirs;

In regard to the assessment of the Cummins Ditch located in Taylor Township No.1036, I beg leave to most strenously object-the expense is too much,entirely,for the labor required to place the ditch in good working order.

You,who are the represenetives of the people of Union County,must consider well the interest of the already overburdened taxpayer.

It is almost impossible at this particular time when the owner of a few acres of land can scarcely meet the simple tax,to be burdened with unnecessary taxation.

Trusting that you will see the injustice of this assessment and arrange on a much better basis of economy.

Cora Marriott.

IN THE MATTER OF THE ENGINEER'S REPORT ON CUMMINS COUNTY DITCH REPAIR NO.1036.

Marysville,Ohio.April 30,1934.
Commissioners Journal Vol.22 Page 38

Pursuant to March 26,1934,Walter E.Griffith,County Ditch Suoervisor,this day his report on the repairing,etc,on the Cummins Ditch No.1036.

On motion of Mr.Rausch seconded by Mr.Harmon that the hearing the Engineer's report which includes the assessments,be adjourned to ten A.M.May 21,1934.

On roll call each member voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON CUMMINS DITCH REPAIR NO.1036.

Marysville,Ohio.May 21,1934.
Commissioners Journal Vol.22.Page 46.

Pursuant to the filing of the Engineer's report on said ditch April 30,1934,said matter came on this day for hearing.A number of interested parties being present,letters from L.F.Degood and Cora Merriott objecting to the expense were read,after which each was asked for remarks,after some discussion,a motion was made by Mr.Harmon seconded by Mr.Rausch that the Engineer's report be accepted and approved with the following changes the 18 inch corrugated pipe 18 feet long be shortened and not to be over 12 feet in length and shorter if possible,also to increase Union County's assessment $20.07 making the County's assessment $50.00 and said reduction to be prorated to the lands affected;and that the County Ditch Supervisor be authorized and hereby directed to make the necessary repair as per amended Engineer's report,by contract with the lowest responsible bidder,and that the Auditor is hereby directed to place the several assessments on a special duplicate and certify same to the County Treasurer for collection as provided by law for one year,except Leslie F.DeGood,C.R.Rinehart and the Prudential Insurance Co.which shall placed on the duplicate for two years.

On roll call the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE SUGAR RUN DITCH NO. 1249-Imp.No.3.-FILING OF PETITION.

Marysville,Ohio.Sept.4,1934.
Commissioners Journal Vol.22,Page 91.

Emmet Gamble,Charles O.Dixon and J.F.Gugle filed a petition on September 4th,1934,with the County Auditor for construction of a county Ditch,in Jerome Township and Millcreek,effecting the lands in said townships also Darby Township.

The gollowing is the course and termini of said proposed improvement,to-wit:Commencing at the west right-Of-Way line of the Delaware-London Federal Road No.42 at the outlet fo a standard concrete culvert,and on the land of William R.Fry now the north Western Mutual Life Insurance land,thence following the line of said open ditch or near thereto amd a northwesterly & thence southwesterly direction through and along the lands of said North Western Mutual Life Insurance Co.H.H.& F.W.Bouis,Chester Seigman,Grant Herriott and C.L.Thompson to the Watkins and new California county road;thence continuind with said ditch across said road;through and laong the lands of Chester,Charles W.Aukland,The North Western Mutual Life Insurance Co.,Justus F Gugel,Henry L. Stuart,Charles O.Dixon to the Columbus-Marysville Road No.310;thence continuing across said State Road and the lands of the Mutual Life Insurance Co. to the Taylor Road;thence if necessary for a good and sufficient outlet continuing across said Taylor Road,through and along the lands of Edward Lore,Anna Frederick,James E.Curry,Michael Porcchet,D.D.& Lula M.Ketch,Charles Armentrout and others to the /Delaware-London State Road No.42 and there to terminate.

Said improvement be made by cleaning out,deepening,straightening and widening so that all open tile ditches drained therein will have a good and sufficient outlet.

It was moved by Mr,Har,on seconded by Mr.Rausch that the County Commissioners view the proposed improvement at ten o'clock A.M.Tuesday October 2,1934,and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 8th,day of October 1934 at ten o'clock A.M.

On roll call each member voted as follows:Elliott "aye",Harmon "aye" and Rausch "aye".

COPY OF PETITION.

Marysville,Ohio.August 11,1934.

Petition for Reconstruction of a Singke County Ditch,beginning in Survey No.5611 in Jerome Township;thence into Millcreek Township;thence Jerome Township through Surveys Nos.5610-10620 3475-5i66 etc.

To the Honorable Board of County Commissioners,
Union County,Ohio.

The undersigned hereby petition your hanorable body for the reconstruction of a single county ditch effecting the lands in Jerome & Millcreek & Darby Townships,Union County,Ohio.See G.C.6444. on the course hereinafter set forth.

The constructmon of the proposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit:Commencing at the west rightofway line of the Delaware-London Federal Road No.42,at the outlet of a standard concrete culvert,and on the land of William R.Fry now the Northwestern Mutual Life Insurance Co.land; thence following the line of said open ditch,or near thereto in a northwesterly and thence a southwesterly direction through and along the lands of said Northwestern Mutual Life Insurance Co., H.N.& P.W.Bouic,Chester Seigman,Grant Herriott,and C.L.Thompson to the Watkins and New California county road;thence continuing with the line of said ditch across the said county road,through and along the lands of Chester Seigman,Charles W.Aukland,the New York Life Insurance Co.,Justis F.Gugle, Henry L.Stewart,Charles O.Dixon to the Columbus-Marysville State Road No.31;thence continuing across said State Road and the lands of the Mutual Life InsuranceCo.to the Taylor County Road;thence if necessary for a good and sufficient outlet continuing across said Taylor Road,through and along the lands of Edward Lore,Anna Frederick,James E.Curry,Michael Porchet,D.D.& Lula M.Ketch, Charles H.Armentrout and others to the Delaware-London State Road No.42 and there to terminate.

The following is the nature of the work petitioned for; We ask that this improvement be made by cleaning out,deepening,straightening and widening so that all open and tile ditches drained therein will have a good and sufficient outlet.

We ask if one or more laterals are requested under this petition,and the proposed improvement be granted,the contractor be required to complete the main ditch before work is started on lateral.

Names and addresses,where known,of all land owners which the petitioner claims will be benefited or damaged by the proposed improvement.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
September 11,1934.

Landowners affected by
Sugar Run County Ditch-Imp.No.3.

You are hereby notified,that Emmet Gamble and others have filed a petition with the County Auditor requesting the improvement of a county ditch in Jerome and Millcreek Townships:Beginning at the west rightofway of the Delaware- London Federal Road No.42 at the outlet of a standard concrete culvert,and on the land of William R.Fry,now the North Western Mutual Life Insurance Co. land;thence following the line of said open ditch,or near thereto,in a northwesterly and thence a south westerly direction through and along the lands of the said Northwestern Mutual Life Insurance Co.,H.N.& P.W. Bouis,Chester Seigman,Gramt Herriott and C.L.Thompson to the Watkins & California county road;thence continuing with the line of said ditch across said county road through and along the lands of Chester Seigman,Charles W.Aukland,The New York Life Insurance Co. J.F.Gugel,Henry L.Stewart,Charles O.Dixon to the Columbus-Marysville State Road No.31;thence continuing across said road and the land of the Mutual Life Insurance Co. to the Taylor County road;thence,if necessary,for a good and sufficient outlet,continuing across said Taylor Road, through and along the lands of Edward Lore,Anna Frederick,Chas. E.Curry,Michael Porchet,D.D.& Lula Ketch,Charles A Armentrout,and others to the Delaware-London State Road No.42 and there to terminate.

Following is the nature of the work petitioned for;Cleaning out,deepening,straightening, and widening so that all open and tile ditches draining therein will have a good and sufficient outlet.

We also ask,if one or more laterals are requested under this petition and the proposed improvement be granted,that the contractor be required to complete the main ditch before any work is started on any lateral.

The County Commissioners will view this proposed improvement on the 2nd,day of October 1934, commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 8th,day of October 1934 at ten o'clock A.M.

Applications for the granting of the proposed improvement,remonstrances against,or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Yours very truly,
Morey Liggett,
County Auditor.

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS:That we Emmett Gamble,Charles O.Dixon and J.F.Gugel as principals and Charles W.Aukland,Henson M.Bouis and L.Z.Rowling as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($600.00* Six Hundred Dollars to the payment of which sum, well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this da of August 1934.

The condition of the above obligation is such,that,whereas,on the day of August 1934, Emmet Gamble,Charles O.Dixon and J.F.Gugel,Chas.W.Aukland,Henson M.Bouis and L.Z.Rowling filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,pray ing for the reconstruction of a single county ditch effecting the lands of Jerome and Millcreek and Darby Townships,Union County,Ohio.(G.C.Sec.6444),petitioned for by Emmet Gamble,Charles O.Dixon and J.F.Gugel and others;The following is the course and termini of said proposed improvement,to-wit:Commencing at the west rightofway of the London-Delaware Federal Road No. 42 at the outlet of a standard concrete culvert and on the lands of William R.Fry,now the Northwestern Mutual Life Insurance Co. land;thence following the line of said open ditch or near thereto in a northwesterly and thence southwesterly direction,through and along the lands of the North Western Mutual Life Insurance Co.H.N.& P.W.Bouic,Chester Seigman,Grant Herriot, and C.L.Thompson to the Watkins-California County Road;thence continuing with the line of said ditch across said county road,through and along the lands of Chester Seigman,Charles W.Aukland,the New York life Insurance Coo.,Justus G.Gugel,Henry L.Stewart and Charles O.Dixon to the Columbus-Marysville State Road No.31;thence continuing across said State Road and the lands of the Mutual Life Insurance Co. to the Taylor County Road;thence if necessary for a good and sufficient outlet continuing across said Taylor Road,through and along the lands of Edward Lore,Anna Frederick,James E.Curry,Michael Porchet,D.D.& Lula M.Ketch,Charles H.Armentrout,and others to the Delaware-London State Road No.42 and there to terminate.

We ask that this improvement be made by cleaning out,deepening,straightening and widening so that all open and tile ditches drained therein will have a good and sufficient outlet.

We also ask if one or more laterals are requested under this petition and the proposed improvement be granted,that the contractor be required to complete the main ditch before work is started on any lateral.

Now,if the said petitioners and sureties will pay all costs,if the prayer of the petition is not granted of if said petition is for any cause dismissed,then this obligation shall be void, otherwise to remain in full force and virtue in law.

J.F.Gugel.
Charles O.Dixon.
Emmet Gamble.
Henson M.Bouis.
L.Z.Rowling.Charles W.Aukland.

The above Bond is hereby approved this 4th,day of September 1934.

Morey Liggett,
County Auditor.

REQUEST FOR A LATERAL

Marysville,Ohio.Oct.8,1934.

To the Board of Commissioners,
Union County,Ohio.

I,the undersigned landowner on the Ebright County Ditch No.189 lateral to the proposed Sugar Run Ditch Improvement, No.1249,request that a part of said Ebright open ditch be reconstructed-Beginning at the Watkins-California Gravel Road and follow the line of the present open ditchmor near thereto through the lands of Charles W,Aukland;thence to Sugar Run Ditch and there to terminate.

Charles W.Aukland.

IN THE MATTER OF THE FIRST HEARING ON SUGAR RUN DITCH IMP.NO.#3-IN JEROME & MILLCREEK TOWNSHIPS-NO.1249.

Marysville,Ohio.Oct.8,1934.
Commissioners Journal Vil.22.Page 104.

Pursuant to September 4,1934,this Board of County Commissioners with all members present did meet on October 2,1934,at the upper terminus of said proposed improvement,and heard all proofs affered.and proceeded along said line viewing same according to law,and having adjourned said matter until ten o'clock A.M. the 8th,day of October ,1934,the day fixed for the first hearing on said petition and on applications or remonstrances filed,said matter came on for further hearing, many persons interested being present,a motion was made by Mr.Harmon and seconded by Mr.Rausch that we adjourn said matter to the Probate Room to accommodate the crowd,on roll call the vote was all "aye".

The Clerk read the following application for a lateral to the proposed improvement, to the Board of Co missioners of Union County,Ohio,I,the undersigned landowner on the Ebright County Ditch No.189 lateral to the proposed Sugar Run Ditch Improvement,No,1249,request that a part of said Ebright open ditch be reconstructed;Beginning at the Watkins-California Gravel Road and follow the line of the present open ditch or near thereto through the lands of Charles W.Aukland; thence to Sugar Rum Ditch and there to terminate.

Signed,
Charles W.Aukland.

After calling upon each one present for remarks,Mr.Rausch made the motion which was seconded by Mr.Harmon,that we find the proposed improvement is necessary,and that it will be conducive to the public welfare,and that the prayer of the petition and the lateral be granted as asked for.

And we hereby order the County Auditor to enter this our finding in writing upon the Commissioners Journal,and we do further authorize the Auditor to enter upon said Journal an order directing the County Surveyor to go on the line as described,prepare the reports and schedules of all lots and lands,and of the estimated cost of locating and constructing said improvement in money according to the benefits which will result to each,and to perform such other duties as are requiredand to file his reports and schedules with the County Auditor on or before Monday December 17th,1934.

On roll call each member voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

REMONSTRANCE

To the Commissioners of Unuon County,Ohio.

We,the undersigned,owners of land,adjoining the brook,known as Sugar Run,in said County, ar that may be in any way affected by dredging or deepening or otherwise altering the same do respectfully present our remonstrance to the petition,now on file in your office asking for an improvement of said run and numbered 2149.

Our objections are based on the fact that the proposed improvement is not necessary for the entire line so considered;that the deposits of dredgings on the grass lands constitute a damage;that t a number of the abutting owners running water is necessary to the maintenance of live stock.It is also further objected to for the reason that the assessments are excessive.

We ask further to be heard orally at the final hearing.

IN THE MATTER OF THE ENGINEER'S REPORT ON SUGAR RUND DITCH IMP.NO.3-1249.

Marysville,Ohio.April 29,1935.
Commissioners Journal Vol.22 Page 190

Walter E.Griffith,County Surveyor,this day filed his report including the estimated casts, assessments,plans and specifications for the improvement of Sugar Run Ditch No.1249.

It was moved by Mr.Rausch and seconded by Mr.Elliott that a public hearing on assessments be held at the office of the Board on Tuesday May 28th,1935 at ten o'clock A.M.

Upon roll call the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "ay

IN THE MATTER OF THE HEARING ON SUGAR RUN DITCH NO.1249.

Marysville,Ohio,May 28,1935.
Commissioners Journal Vol.22,Page 201.

The Union County Board of Commissioners met this day in special session with the following members present;A.F.Elliott,F.D.Harmon and W.J.Rausch,with County Auditor Frank E.Smith acting as Clerk.

The meeting was called to order by Chairman Elliott at ten o'clock A.M.

It was moved by Mr.Harmon seconded by Mr.Rausch that,because of the limited seating facilities in the office of the Commissioners office,the meeting be held in the Porbate Court Room.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

A petition to the Board of Commissioners for the reconstruction of a single county Ditch beginning in Survey No.5611 in Jerome Township;thence into Millcreek Township;thence Jerome Township through Surveys No.5610-10620-5166 etc,dated August 11th,1934 filed September 4th 1934,and signed by Emmet Gamble and others,was read by the Clerk.

A.Surety Bond in the amount of $600.00 approved September 4th,1934,with Emmet Gamble and others as sureties and filed with the above mentioned petition,was also read by the Clerk.

At this time,the following request for an extension to Lateral No.1 was introduced and read by the Clerk.

To the Board of County Commissioners,
Union County,Ohio.

Marysville,Ohio,May 28,1935

I,the undersigned interested land owner on Sugar Rud Ditch No.1249,Lateral No.1,ask that the following request be granted as an extenwion to Lateral No.1.Beginning at the outlet of a County Ditch on the lands of Frank D.Henderson;thence following the line of said open ditch in a southwesterly direction to the California-Watkins Gravel Road and terminating at Station 00.00 on Lateral No.1.

I ask that the open ditch be cleaned out by deepening,straightening and widening so as to give a good and sufficient for said tile ditch.

Signed by,
H.H.Shreve.

It was moved by Mr.Harmon and seconded by Mr.Rausch,that the request for an extension to Lateral Nol,as read be granted as a part of the reconstruction of Sugar Run Ditch No.1249, and that the Engineer be instructed to make the necessary survey and to submit and file a revised report of apportionment estimated cost of construction.

Upon a call of the roll the Commissioners voted as follows:Elliott "aye",Harmon "aye" and Rausch "aye".

It was moved by Mr.Rausch and seconded by Mr.Elliott that,because of the necessary revision of costs and plans due to the appilcation for the above described extension,the meeting be adjourned and that the hearing be continued on June 25,1935 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATETTER OF THE HEARING ON SUGAR RUN DITCH NO.1249 AND LATERAL NO.1.

Marysville,Ohio.June 25,1935.
Commissioners Journal Vol.22 Page 209.

The Union County Board of Commissioners met this day in special session,with the followin g members present;A.F.Elliott,W,D.Harmon and W.J.Rausch with County Auditor Frank E.Smith acting as Clerk.

The meeting was called to order by Chairman Elliott at ten o'clock A.M.

It was moved moved by Mr.Harmon and seconded by Mr.Rausch that,because of the limited seated facilities in the office of the Commissionersmthe meeting be held in the Probate Court room.

Upon a call of the roll the commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

At the request of the Charman,Engineer Walter E.Griffith explained in detail the specifications of the project.

The Clerk read the names of those persons effected,the number of acres assessed and the apportionment estimated cost of construction of both the main ditch and Lateral No.1,during which reading all written complaints and requests for damages were read and oral objections and commendations received.

It was moved by Mr.Elliott and seconded by Mr.Harmon that the hearing be adjourned until 1;30 o'clock P.M.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

The Meeting was again called to order by Chairman Elliott at 1:30 P.M.

A remonstrance to the petition ,signed by John and Bertha Kain,Leo Wise Brown,H.L.Stewart and others,was read by the Clerk.

It was moved By,Mr.Rausch and seconded by Mr.Harmon that,in order that the Board of Commissioners may have an opprurtunity to review the several objections and to view the lands, bridges etc,involved in said objections so that more intelligent conslusions may be attained, the meeting be adjourned and that the hearing be continued on Tuesday,July 2,1935 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON SUGAR RUN DITCH NO.1249-SECTION NO.1.

Marysville,Ohio.July 2,1935.
Commissioners Journal Vol.22.Page 212.

The Union County Board of Commissioners met this day in special session,with the following members present:A.F.Elliott,W.D.Harmon and W.J.Rausch,with County Auditor Frank E.Smith acting as Clerk.

The meeting was called to order by Chairman Elliott.

It was moved by Mr.Rausch and seconded by Mr.Harmon that, because of the limited seating facilities in the office of the Commissioners,the meeting be helad in the Probate Court Room.

Upon a call of the roll the Commissioners vored as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

Comments from all persons present were invited by the Chairman.The Consensus of opinion seemed to be that the improvement was desired but that the estimated assessments were higher than had been anticipated.

Mr.Elliott moved and Mr.Rausch seconded that the estimated cost of excavation be reduced from.14 to .09 3/4 per cu.yd. and that the Engineer be directed to preparenew estimates and apportionment estimated cost of construction and that the Auditor be directed to notify each interested landowner of the amount of the new estimated assessment and that the hearing be adjourned until Monday,August 5,1935 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

NEW ESTIMATED COST.

Consisting of deepening,straightening and widening open ditch.

OBJECTIONS AND CLAIMS FOR DAMAGES

Commissioners of Union County. Marysville,Ohio.Aug.5,1935.

Gentlemen;

In regard to the proposed Sugar Run Ditch No1249 we are filing following statements and claims for damages.

As we have previously stated,it is our wish that a proper outlet be afforded for those above us;but we feel that such an aotlet could be furnished with less removal of dirt, especially from our part of the ditch than present plans call for.We believe that not even the petitioners anticipated a ditch of the proportions outlined and that they would be satisfied with a smaller ditch is granted as outlined,our fence removed,and the proposed changes be made in the channel we claim the following damages and ask compensation for the same.

Fifty dollars for replacing fence and damage to fence.
One Hundred Dollars for loss incidental to covering of alfalfa along the ditch.
Fifty dollars for damage from changing the channel.

Respectfully,
H.L.Stewart.

In the matter of the
proposed Sugar Run Ditch No.1249.

To the Commissioners of Union County;

The undersigned hereby objects to the assessments made in the Revised Estimate of the above proposed ditch for the reason that said estimates show following acreage as alledged to be drained by said ditch improvement;171 acres $100.82,72.60 acres 82.94,81.25 acres 38.32. a total of 324.85 acres/

Your objector says that said ditch does not drain 324,85 acres of said land and does not drain more than 269 acres and that the balance of said land is drained by an established ditch or water course and that before there is at least 55,85 acres of said lands,which receive no benefits that are assessed in said Revised Estimate.

The Virginia Joint Stock Land Bank of
Charleston,W.Va.

By--Cummins & Cummins
Irs Attorneys.

To The Union County Commissioners. Marysville,Ohio.May 16,1935.

I am asking for compensation to help on a bridge which will have to be built where I now have to cross is about 18 feet and is straight as the ditch will change and the bridge will be 32 or 34 feet and not be straight.it will cost around $75.00 or $80.00,am asking for $40.00. compensation.

Yours,
C.W.Aukland.

Marysville,Ohio.May 28,1935.

I Faye Bishop,desire to object to tje Board of Union County Commissioners on the amount of our assessment,$90.71 on 44.25 acres as being excessive for the benefits that may be derived.

Faye E.Bishop.

OBJECTIONS CONTINUED.

Mr.Frank E.Smith Marysville,Ohio.June 22,1935.
County Auditor,Marysville,Ohio.

Dear Sir;
We wish to object to our assessment on about 50 acres which drains into a tile ditch west of New California-Watkins road,we feel that this should not be assessed higher than balance of land which drains into this tile ditch.
Due to widening and deepening Sugar Run ditch it will destroy cement abutments to bridge across dithc for which we claim $50.00 damage.

Henson M.Bouic
Pearl W.Bouic.

Board of County Commissioners, Marysville,Ohio.May 23,1935.
Union County,Ohio.

Gentlemen;
According to notice given by the County Auditor for filing objections to assessments proposed,for the construction of Sugar Run Ditch No.1249,to be heard on May 28th,1935,I wish to object to the proposed assessment of $107.53 on my farm as unwarranted and unjust,according to benefits derived and the needs of the water course.

Most respectfully,
Leo Wise Brown.

Board of Union County Commissioners May 23,1935,Marysville,Ohio.
Union County,Ohio.

Gentlemen;
with reference to my assessment as proposed $312.50,on the improvement of Sugar Run Ditch No.1249,I wish to protest the same on the basis of unjustifiable cost for benefit to be derived,and also to file claim for damage of $100.00 for changing the course of said ditch on my land;thereby rendering worthless and unusable,approximately one fourth acre of land.

Most respectfully,
Charles Dixon.

Marysville,Ohio.May 27,1935.

Frank E.Smith,
Union County Auditor.

Dear Sir;
I wish to file a complaint against my assessments on Sugar Run Ditch on account of excessive amount of my assessment,and because I have been taxed for more acres than I drain into this ditch,I also claim damage of $100.00 for new bridge abutments which I shall have to construct.

J.F.Gugel.

Marysville,Ohio.June 6,1935.

Board of County Commissioners,
Union County,Ohio.

Gentlemen;
I hereby express my idea that my assessment on Sugar Run to be very excessive and that in the straightening and widening of said ditch I will suffer considerable crops damage,it will also mean the building of a new bridge.I therefore ask that I be reimbursed $70.00.

Respectfully,
Ralph J.Gooding.
Delaware,Ohio.

IN THE MATTER OF THE SUGAR RUN DITCH NO.1249-FINAL HEARING. Marysville,Ohio.August 5,1935.
Commissioners Journal Vol.22.Page 221.

It was moved by Mr.Rausch and seconded by Mr.Elliott that the Engineer's report on assessment s on Sugar Run Ditch No.1249 be approved with the following exceptions:The terminus be changed from Station 261.00 to Station 231.00 due to the fact that it appears that the cost ca caused by the work done between the two stations is in excess of the benefits.

Also the assessments on the followmg lands be changed as follows:Leo Wise Brown,reduce acres drained from 126.50 to 114.50,new assessment $71.50.
Charles O.Dixon,reduce assessment from $431.33 to $360.00.
Justice F.Gugle,reduce assessment from $220.50 to $132.50.
Reduce the assessment of Henry L.Stewart from $139.32 to $75.00.Mr.Stewart t assume all the grubbing on his lands according to specifications.
Add $100.00 to the Union County assessment for road benefits.
Also all assessments on lands draining into what is known as the Leo Rausch Ditch No.1215 (A tributary to Sugar Run Ditch No.1249)emptying into same on the lands of the Mutual Benefit Life Insurance Co. below Station No.231.00,be set aside because said lands are receiving no benefit by the Sugar Rin improvement.
Also that the shortage which was caused by lowering certain assessments be prorated back to the entire drainage district.
Also that the Engineer's report and assessments be approved on Lateral No.1,as requested by H.H.Shreve.
Also in the matter of claims for damages for the respective sums,as entered below,are hereby disallowed.

$200.00	H.L.Stewart	$40.00	C.W.Aukland	Charles Dixon	$100.00
50.00	Henson M.& Pearl W.Bouic	100.00	J.F.Gugel	Ralph J.Gooding	70.00
1500.00	John & Bertha M.Kain.				

Also that the Engineer be ordered to advertise for bids on Sugar Run Ditch No.1249 and Lateral No.1 and receive same on August 24,1935 at 2 o'clock P.M.
Upon roll call the Commissioners all voted "aye".

Auditor's Vault Box No.522 SUGAR RUN DITCH NO.1249 Transcribed Jan.27,1947.

IN THE MATTER OF THE BIDS RECEIVED IN SUGAR RUN DITCH NO.1249.

Marysville,Ohio.August 26.1935
Commissioners Journal Vol.22 Page 226.

The following bids were received on the Sugar Run Ditch No.1249 and Lateral No.1.which were sold August 24th,1935.

		Section No.1.	Section No.2.
F.B.Construction Co.	Hamilton.O.	$4293.93	$185.70
E.M.Weston	Richwood "	4673.00	309.00
C.P.Grindle	Akron "	4799.22	354.40

County Surveyor,Walter E.Griffith,recommended that the F.B.Construction Co.be awarded the contract at their bids of$4293.93 and $185.70 respectively.

It was moved by Mr.Harmon and seconded by Mr.Rausch that the proposal of the F.B.Construction Co.for Sections 1 and 2 as entered above,be accepted providing that a bond of the proper amount and approved surety is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" and Rausch "aye".

ON THE MATTER OF THE BOND OF THE F.B CONSTRUCTION CO.FOR CONSTRUCTING SUGAR RUN DITCH NO.1249.

Marysville,Ohio.September 3,1935.
Commissioners Journal Vol.22 Page 229.

The F.B.Construction Co.,whose bids of $4293.93 for Section No.1 and $185.70 for Section No.2 for the improvement of Sugar Run Ditch No.1249 were accepted at the meeting of the board on August 26,1935,presented their contractors bonds in the amounts of $4825.00 and $363.00 respectively,with the Ohio Casualty Insurance Co.as surety.

It was moved by Mr.Rausch and seconded by Mr.Harmon that sadd bonds be accepted and approved.

Upon a call of the roll the Commissioners voted as follows;Rausch "aye" and Harmon "aye".

CONTRACT FOR CONSTRUCTION OF SECTION NO.1.

Marysville,Ohio.August 24,1935.

Section No.1 from Station 0.00 to Station 231.00 M.D.1400 rods-Lateral No.1 from Station 0.00 to Station 4.28.

Auditor's Vault Box No.522 WILBER DITCH NO.1250 Transcribed Jan.30,1947.

Marysville,Ohio.July 15,1935.
Commissioners Journal Vol.22,Page 215.

IN THE MATTER OF THE WILBER DITCH NO.150.-FILING OF PETITION.

County Surveyor,Walter E.Griffith,presented a petition,signed by Ethel J.Townsend and Louis Lowe,for the reconstruction of the Wilber Ditch No.1250,located in Allen Township,Survey no.2981,as hereinafter set forth;Commencing at the line between the lands of Theodore Smith and Ethel Townsend and Lois Lowe and in the line of an open ditch;thence followng the line of said open ditch southeasterly across the lands of Ethel Townsend and Lois Lowe to the Wilber Gravel Road;thence crossing said road and the lands of Ethel Townsend and Lois Lowe to Buck Run and there to terminate.

The following is the nature of the work petitioned for;The reconstruction of Wilber Ditch No.1250 by excavating,deepening,straightening and widening said open ditch and spreading all excavated materials.

It was moved by Mr.Harmon and seconded by Mr.Rausch that the Commissioners view the proposed improvement on the 9th,day of August 1935;commencing at the beginning thereof at ten o'clock A.M. and that the first hearing thereon be held at the office of the Commissioners at Marysville,Ohio,on the 12th,day of August 1935,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

The petitioners filed with the petition a surety bond,in the amount of $200.00,with Ethel Townsend,Lois Lowe,W.H.Carlyl and O.R.Poling as sureties,payable to the State of Ohio and conditioned for the payment of all costs if thenpetition is not granted or if said petition is for any cause dismissed.

The above bond was approved the 15th,day of July 1935. by Frank E.Smith County Auditor.

COPY OF PETITION

Marysville,Ohio.June 3,1935.

Petition for the reconstruction of a single county ditch,located in Allen Township, Survey No.2981.

To the Honorable Board of Commissioners
Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction etc, of the Wilber County Ditch No.1250,by excavating,deepening etc, located in Allen Township.on the course hereinafter set forth.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement,to-wit;Commencing at the line between the lands of Ethel Townsend and Lois Lowe and in the line of an open ditch thence following the line of said open ditch southeasterly across the lands of Ethel Townsend and Lois Lowe to the Wilber Gravel Road;thence crossing said road and the lands of Ethel Townsend and Lois Lowe to Buck Run and there to terminate.

The following is the nature of the work petitioned for;The reconstruction of the Wilber Ditch No.1250 by excavating,deepenin,straighening and widening said open ditch and spreading all excavated materiasls.

Names and addresses,where known,of all landowners which the petitioners claims will be benefited or damages by the proposed improvement.

The following is the nature of the work petitioned for;thereconstruction of the Wilber Ditch No.1250 by excavating,deepening,straightening and widening said open ditch and spreading all excavated materials.

The County Commissioners will view the proposed improvement on the 9th,day of August 1935,co commencing at the beginning thereof, at ten o'clock A.M.The first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio.on the 12th,day ofAugust 1935 at ten o'clock A.M.

Frank E.Smith
Co.Auditor

REQUESTS

To the Board of County Commissioners,
Union County,Ohio.

Marysville,Ohio,Aug.19,1935.

Gentlemen;

I,the undersigned and interested land owner on the proposed Wilbur County Ditch,ask that the following extension be added to the proposed improvement.

Beginning at a 10 inch tile in the line between the lands of William P.Wadsworth and Mary J.Wilson(said tile being known as Elm Run Ditch No.317);thence followmg the line of said tile through and across the lands of Mary J.Wilson,the Rhulen Road to the lands of George Ream;thence continuing across the lands of said Ream and the lands of John L.Manahan to the Pottersburg & Allen Center Road and there to terminate.

I ask that said ditch of tile be repaired by excavating taking up,relaying,replacing broken tile wherever necessary.

George Ream
Mary J.Ream-By- G.C.Ream.

To the Board of Commissioners
Union County,Ohio.

Marysville,Ohio.Aug.19,1935.

Gentlemen;

I,the undersigned land owner on the Wilbur County Ditch,ask the following extension be added to the proposed improvement.

Beginning in the line of an 8 inch tile,and in line between the lands of Gladys Nelson Fox and Mae Wallace(said tile known as Epps Ditch No.428);thence following the line of said tile ditch through and across the lands of said Mae Wallace,Harold V.& Alcinda Smith,Gennesee National Bank & Trust Co.the Holycross & Epps Gravel Road to the lands of Lula Epps;thence continuing across said Epps' lands to the proposed Open Ditch improvement,and there to terminate.

I ask that said ditch of tile be repaired by excavating,taking up,relaying,and replacing broken tile wherever necessary.

Harold V.Smith.

Frank E.Smith
Marysville,Ohio,

Deer Park,Mich.

Dear Mr.Smith;

Your notice concerning the Wilbur Ditch cleaning out is at hand and I regret that I cannot be present at the hearing to protest against the improvement as it does not benefit me to any appreciable extent.However if the Commissioners see fit to grant the improvement,I would like to request that two large laterals be extended across my place to the west line or to the land of M.M.Myers.One near the back or north part of the farm and one near the front,The cost to be in with the improvement for which the taxes are to be assessed.

These laterals would make the ditch of some calue to me but I would certainly be greatly opposed to improvement unless these two laterals are granted.

Sincerely yours,

E.C.Welshimer.

IN THE MATTER OF THE FIRST HEARING ON WILBUR DITCH NO.1250.

Marysville,Ohio.August 12,1935.
Commissioners Journal Vol.22.Page 223.

A petition to the Board of Commissioners,signed by Ethel J.Townsend and Lois Lowe,for the reconstruction of a single counth ditch located in Allen Township,survey No.2981,known as the Wilbur Ditch No.1250,by excavating,deepening,straightening and widening said ditch spreading all excavated materials,was read by the Clerk.

A.Bond in the amount of $200.00,with Ethel J.Townsend,Lois Lowe,W.H.Caryl and O.R.Poling as sureties agreeing to pay all costs if the petition is not granted or if said petition is for any cause dismissed,and having presented with the petition and approved by the County Auditor,was read by the Clerk.

At the request of the Chairman ,objections and commendations were received.

Mr.Fred Smith made the request that said ditch ,if granted be continued into Buck Run to allow for a proper outlet.

Mr.W.S.Eakin made the request for an extension of Wilber Ditch to the upper terminus of the open ditch and also that the lower terminus be extended to allow a proper outlet into Buck Run.

It was moved by Mr.Harmon and seconded by Mr.Rausch that the Commissioners view the proposed extensions at ten o'clock A.M.August 17th,1935, and that the hearing be adjourned until ten o'clock A.M.Monday August 19th,1935.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

Marysville,Ohio.Aug.19,1935
Commissioners Journal Vol.22 Page 224.

IN THE MATTER OF THE SECOND HEARING ON WILBER DITCH NO.1250

The requests for extensions were read by the Clerk.

Mr.Smith later withdrew his request for an extension;It was moved by Mr.Harmon and seconded by Mr.Rausch that the hearing be adjourned until Tuesday /September 3rd,1935 at ten o'clock A.M.in order that the Board of Commissioners and the Engineer may have an opportunity to view the grounds and determinine the necessity of the proposed extension into Buck Run and that proper notices of the second hearing be sent to the land owners effected by the proposed improvement.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

REMONSTRANCE

Board of County Commissioners
Union County,Ohio.

Marysville,Ohio,Aug.31,1935.

Gentlemen;

We,the undersigned,property owners and affected by the above ditch,hereby file the following remonstrance to the granting of same for the following reasons,to-wit;

1;That our taxes and assessments at the present time are very heavy and burdensome and almost impossible to pay.

2: that said ditch is in no respects necessary and is not needed.

3:That the assessments which will be necessary to pay for the improvement and completion of said ditch will be excessive.

It is hereby our request and we demand that the petition filed herein be dismissed at the cost of the petitioner.

IN THE MATTER OF THE HEARING ON WILBER DITCH NO.1250.

Marysville,Ohio.Sept.3,1935.
Commissioners Journal Vol.22.Page 229.

Three remonstrances to the proposed extension of the Wilber Ditch No.1250 into Buck Run signed by Clara Lentz and others,were read by the Clerk.

Comments of the interested landowners present were invited by acting Chairman Harmon,after due consideration by the Commissioners the following decisions were rendered:That the request of Fred M.Smith for an extension into Buck Run be rejected on the principle that the cost would be excessive as to the benefits derived.

That the request of George Ream and Mary J.Wilson that the tile ditch known as Elm Run Ditch No.317 be repaired by excavating,taking up.relaying and replacing broken tile wherever necessary be granted.

That the oral request of W.S.Eakin be granted as follows:Commencing at the outlet of an 12 inch tile in Elm Run,near Pottersburg,on the lands of L.W.Shaw;thence running in a southerly direction crossing the lands of L.W.Shaw,Gennessee Natl.Bank and Trust Co. and the Columbus Mutual Life Insurance Co. to the Allen Center and Pottersburg road,and there to terminate.Said ditch to be improved by cleaning out,deepening,straightening andwidening wherever necessary.

That the request of the petitioners Ehel Townsend and Lois Lowe,as amended to provide for the removal of trees,grubbing etc, along the line of said Wilber Ditch No.1250,be granted. Said petitioners shall be given the privilege of doing their own work under the direction of the County Surveyor.

It was therefore moved by Mr,Harmon and seconded by Mr.Rausch that the County Surveyor be directed to make the necessary survey,prepare the specifications and estimated cost of construction and report to the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" and Rausch "aye".

Auditor's Vault Box No.522 WILBER DITCH NO.1250 Transcribed Jan.31,1947.

IN THE MATTER OF THE WILBER DITCH NO.1250-ENGINEERS REPORT.

Marysville,Ohio.Sept.21,1936.
Commissioners Journal Vol.22 Page 348.

County Engineer,Walter E.Griffith,this day filed his report including the estimated costs,assessments,plans and specifications for the improvement of the Wilber Ditch No.1250 Improvement No.2.

It was moved by Mr.Harmon and seconded by Mr.Rausch that a public hearing on assessments be held at the office of the Board of County Commissioners on Monday October 19th,1936 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Harmon "aye",Rausch "aye".

IN THE MATTER OF THE WILBER DITCH NO.1250-Hearing on ASSESSMENTS.

Marysville,Ohio.Oct.19,1936.
Commissioners Journal Vol.22 Page 358.

The original petition,bond,requests for extensions and objections were read by the Clerk.

The result of the Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said improvement was also read by the Clerk.

Comments from interested landowners were invited by the Chairman,There being no objections,it was moved by Mr.Harmon and seconded by Mr.Elliott that the Engineer's report be a accepted and the estimated assessments approved and that the Engineer be directed to proceed with the improvement by advertising for bids for the construction of Section No.1 by posting specifications in the usual public place and with Section No.2 by force account.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF BIDS FOR WILBER DITCH NO.1250-SECTION NO.1.

Marysville,Ohio.Nov.2,1936.
Commissioners Journal Vol.22.Page 363.

The following bid was received for the labor involved in the construction of Section No.1 of Wilber Ditch No.1250.

E.M.Weston $245.00

County Engineer,Walter E.Griffith,recommended the above bid as being the best.

It was moved by Mr.Elliott and seconded by Mr.Rausch that the bid of E.M.Weston be approved and accepted,providing that proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Elliott "aye". and Rausch "aye".

E.M.Weston,whose bid of $245.00 for labor involved in the construction of Section No.1 of Wilber Ditch No.1250 has been accepted by the Board of Commissioners,presented his contractors bond,in the amount of $248.40,with M.E.Thompson and Alta Rausch as sureties.

It was moved by Mr.Harmon and seconded by Mr.Elliott that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye", and Rausch "aye".

CONTRACTORS CONTRACT.

Marysville,Ohio.Nov.2,1936.
Section No.1.From Station 0.00 to Station 18.25-114.25-Open Ditch.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvement,that after legal notice of sale,he has this day sold to E.M.Weston the contractor the work of constructing Section No.1 of saod ditch for the sum of ($245.00)Two Hundred forty-five Dollars,which work said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 1st,day of December 1936.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,than the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

CONSTRACTORS CONTRACT CONTINUED.

And the contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complet the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing of said improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer. E.M.Weston, Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That E.M.Weston as principal and M.E.Thompson and Alta Rausch as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($248.50) Two Hundred forty eight and 50/100 Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 2nd,day of November 1936.

The condition of this obligation is such,that whereas the above bound E.M.Weston has this day bid off the work of Constructing Section No.1 of Wilber Ditch No.1250,and has entered and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the same within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

E.M.Weston
M.E.Thompson.
Alta Rausch.

This Contract and Bond are hereby approved this 2nd,day of November 1936.

W,D.Harmon.
A.F.Elliott
Commissioners of Union County.

IN THE MATTER OF THE MOFFITT DITCH REPAIR NO.449.

Marysville,Ohio,1934.May 7.
Commissioners Journal Vol.22 Page 41.

The County Ditch Supervisor this day delivered to this Board of County Commissioners a copy of a request of Lula May Peters,stating that the Moffitt County Ditch through the lands of Lula May Peters,the tile is filled and broken down,and that the headwall at the outlet needs to be repaired.

and requests that said tile ditch be repaired by taking up,cleaning out,relaying and replacing broken tile,and constructing a headwall and filling in that portion back of headwall which has washed out.

And ask that this Board take immediate action in this matter in accordance with Section No.6691,etc.

Motion by Rausch and seconded by Mr.Harmon that the county ditch supervisor file plans and estimates with this board.On roll call the vote was as follows;Elliott "aye",Rausch "aye" and Harmon "aye".

COPY OF REQUEST

IN THE MATTER OF THE REPAIRING OF MOFFITT DITCH NO.449

Marysville,Ohio.April 13,1934.

I,the undersigned taxpayer on the Moffitt Ditch No.449 Washington Township, beg to report to your Board that said tile ditch through the lands of Lula May Peters is filled and broken down and that the headwall at the outlet needs to be repaired.

I request that said tile ditch be repaired by taken up,cleaning out,relaying,replacing broken tile,and constructing a headwall and filling in that portion back of headwall which has washed out.

I ask that your board take immediate action in this matter in accordance with Section No.6691 etc.

Lula May Peters.

To the Board of County Commissioners.
Union County,Ohio.

Marysville,Ohio.
County Engineers Office.

Gentlemen;

As per your orders of May 7th,1934,I proceeded to examine said ditch.

Findings:

24 feet of tile and the concrete headwall have been damaged by a washout back of the headwall.

The earth materials have been washed from under the headwall and tile so that it is impossible to repair the existing structure.

All of the above repair work is located on the lands of Lula May Peters.

I recommend that a corrugated iron pipe 15 inch by 24 feet be placed at the outlet and that a concrete headwall be constructed according to the plans and specifications filed with this report.

Walter E.Griffith ,
County Surveyor.

ESTIMATED COST

Consisting of placing 15" -24' corrugated iron pipe at the outlet of 15" inch tile and constructing a concrete headwall at the outlet of said pipe.

IN THE MATTER OF THE MOFFETT DITCH REPAIR NO.449-Engineers report.

Marysville,Ohio,Oct.8,1934.
Commissioners Journal Vol.22 Page 105.

Pursuant to May 8th.1934,Walter E.Griffith,County Surveyor,this day filed his report with plans,specifications and assessments for repar of said ditch and headwall at the outlet of said Moffitt Ditch No.449,Estimated cost $130.87.

Motion by Mr.Harmon seconded by Mr.Rausch that the hearing on the Engineer's report which includes the assessments for repair be adjourned to ten o'clock A.M.October 1934.

Elliott "aye".Harmon "aye" and Rausch "aye".

Auditor's Vault Box No.521 MOFFETT DITCH REPAIR NO.449 Transcribed Jan.31,1947.

IN THE MATTER OF THE ENGINEER'S REPORT ON MOFFITT DITCH NO.449.

Marysville,Ohio.Oct.29,1934.
Commissioners Journal Vol.22 Page 113.

Pursuant to the filing of the Engineer8s report on said ditch ,October 8th,1934,said matter came on this day for hearing.A number of persons interested were present,tnose making remarks,Messrs.Baker,Bonham,Heenan and Mrs.Lula Peters,after some discussion a motion was made by Mr.Harmon seconded by Mr.Elliott that the original assessments be set aside, that the actual repair on said headwall at the time the Rocky Fork open ditch was cleaned out would have been approximately $60.00,and the County Commissioners assume $35.00 additional to their assessment on the $60,00 basis,and Lula May Peters to assume the balance on same basis providing her total assessment does not exceed her original assessment of $32.84,and that the county Surveyor is hereby directed to make a shedule of new assessments on the above basis and submit same for approval.The original assessments being $130.87.

On roll call the vote was as follows: Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE ASSESSMENTS OF MOFFITT DITCH NO.449.

Marysville,Ohio.Dec.3,1934
Commissioners Journal Vol.22 Page 127.

Pursuant to orders of this Board,October 29th,1934,Walter Gri ffith,County Surveyor, filed November 26th,1934,a revised list of assessments and actual cost of repair of said Moffitt Ditch No.449 as follows:

Labor		Actual Cost		Materials	
Common Labor	$38.70	38.70	Marion Sand & Gravel Co.	9.4 T.Gravel	7.05
Truck Drivers		14.16		7.5 " Sand	4.88
Rollin Still-Foreman		21.14	Richwood Lumber Co.	1 bbl.Cement	2.80
		73.00		Angle Bead	.90
			Union County	12.5 bbl.cement	29.25
				262 lbs steel	6.42
use of County Equip.				8 ft 15" Cor Pipe	12.00
					63.30
Truck No.5 Paul Leach-Driver,Hauling dirt 98 mi. @ 3¢		$2.94			
Truck No.7 W.R.Shirk Driver 12 hours @ 52¢		6.24			
Truck No.9 Elmer Harris Driver 4 hrs 1.02		4.08			
36 mi @ 3¢		1.08			
Form lumber		8.00			
		22.34	Engineering		7.00
Total cost					165.64

Thus the actual cost of $165.64 exceeded the Engineer's estimated cost ($130.87) in the amount of $34.77.Mrs.Lula Peters was present to-day and agreed to assume part of same or said $34.77 and the County Commissioners the balance,the Commissioners approving assessments as follows:

Name	Township	No.Survey	Acrs.in tract	Asrs.Assessed	Act.Cost
Andrew L.Baker	Washington		71.50	50.00	5.17
Pauline & Perry E.Bone			75.00	5.00	.25

Calvin Sewell			10.50	3.00	.59
Union County					77.58
Total					165.64

Moved by Mr.Harmon seconded by Mr.Rausch that the Auditor is hereby directed to place the above assessments on the tax duplicate to be collected in two semi-annual payments.

On roll call each member voted as follows:Elliott "aye" Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HATHAWAY DITCH REPAIR NO.958.

Marysville,Ohio,May 14,1934.
Commissioners Journal Vol.22 Page 42 3/4

The County Ditch Supervisor this day delivered to this Board of County Commissioners a copy of a requrst of the Mutual benefit Life Insurance Co.,stating the tile ditch through the lands of said Company is filled and broken down,and the headwall at the outlet needs repairing, and requests that said ditch be repaired by taking up,cleaning out,relaying,,replacing broken tile and constructing a headwall and filling that portion back of the headwall whish has washed away.

And ask that this Board take immediate action in this matter in accordance with Section Np.6691 etc.

Motion by Mr.Rausch and seconded by Mr.Harmon that the County ditch Supervisor file his plans and estimates with this board.

On roll call the following vote was had:Elliott "aye" Harmon "aye" and Rausch "aye".

COPY OF REQUEST.

IN THE MATTER OF THE REPAIRING OF THE HATHAWAY DITCH NO.958.

Marysville,Ohio.April 26,1934.

I,the undersign taxpayer on the Hathaway Ditch No.958,Union Township,Union County, Ohio,beg to report to your board that said tile ditch through the lands of the Mutual Benefit Life Insurance Company is filled and broken down and that the headwall needs to be repaired.

I request,that said ditch be repaired by taking up,cleaning out,relaying,replacing broken tile,and constructing a headwall and filling in that portion back of headwall which has washed away.

I ask that your Board take immediate action in this matter in accordane with Section No.6691 etc.

The Mutual Benefit Life Insurance Co.
By-Robert C.Thomson.
Asst.Treasurer.

County Surveyor's Office
Marysville,Ohio.

To the Board of County Commissioners,
Union County,Ohio.

In the matter of Repairing the Hathaway Ditfh No.958

Gentlemen:

As per your orders of May 14th,1934,I proceeded to examine said ditch.

Findings:

One hundred and fifty feet of tile ditch and concrete headwall have been damaged by a washout back of the headwall.

The earth materials have been washed from under the headwall,and tile so that it is impossible to repair the existing structure.

All the above repair is located on the lands of the Mutual Benefit Life Insurance Co.

I recommend that the one hundred and fifth feet of tile ditch be repaired by taking up and relocating 12 feet of 20 inch tile cast iron pipe at the outlet,and constructing a reinforced concrete headwall according to the plans and specifications filed with this report.

County Surveyor
Nov.23,1934.

ESTIMATED COST

Consisting of taking up,and relocating 150 feet 20 inch tile ditch.Also constructing a reinforced concrete headwall at the outlet of the tile ditch.

IN THE MATTER OF THE ENGINEER'S REPORT ON HATHAWAY DITCH NO.958.

Marysville,Ohio.Nov.26,1934.
Commissioners Journal Vol.22 Page 124.

Pursuant to May 14th,1934,Walter E.Griffith,County Surveyor,this day filed his report with plans,specifications and assessments for repair of said ditch and headwall at the outlet of said Hathaway Ditch No.958.Estimated Cost $291.64.

Motion by Mr.Harmon and seconded by Mr.Rausch that the hearing on the Engineer's report which i which includes the assessments,be adjourned to ten A.M.Monday December 10th,1934.

On roll call each member voted "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON HATHAWAY DITCH NO.958.

Marysville,Ohio,Dec.10,1934.
Commissioners Journal Vol.22.Page 131.

Pursuant to November 26th,said matter came on for hearing,but the County Surveyor having failed to send out notices to persons affected by said repair,a motion was made by Mr.Harmon and seconded by Mr.Rausch that said hearing be adjourned to ten A.M.Monday December 31,1934.

On roll call each member voted "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON HATHAWAY DITCH NO.958.

Monday Dec.31,1934.Marysville,Ohio.
Commissioners Journal Vol.22 Page 139

Pursuant to December loth,1934,said matter came on for hearing,a number of interested persons were present,and after some discussion,a motion was made by Mr.Harmon and seconded by Mr.Rausch that the Mutual Benefit Life Insurance Co.pay one half of the cost of the tile and all th e labor cost of the laying of tile,and Union County pay for the balance of tile;cost of headwall and engineering to be prorated among all landowners including the Mutual Benefit Life Insurance Co. and Union County.

The County Surveyor is hereby ordered to proceed with work by force account and to submit an itemized of the actual cost and assessments to this Board for approval.

On roll call each member voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HATHAWAY DITCH REPAIR NO.958.

Marysville,Ohio.Oct.14,1935
Commissioners Journal Vol.22 Page 289.

The County Surveyor reported on an unforseen sand bed in excavating for the footer it is necessary to use cribbing in order to obtain the proper depth.Also in making and examination of the tile ditch through the lands of Teh Mutual Benefit Life Insurance Co. it is found necessary to regrade approximately 206 feet of tile and that it wáll be necessary to borrow necessary excavated materials to properly construct the dyke back of the headwall and cover the tile to a depth of 20 inches.It is estimated that the extra work will cost apporximately $140.00.

It was moved by Mr.Elliott and seconded Rausch,under authority of Section6490,that the work proceed and be a part of the cost of the improvement.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

COPY OF ENGINEER'S LETTER.

To the Commissioners of Union County,Ohio.

Marysville,Ohio.Oct.14,1935.

In excavating for the footer of headwall on said Hathaway Ditch Repair,I find that it will be necessary to go through a sand bed in order to obtain the proper depth.

The tile ditch was examined throught the lands of the Mutual Benefit Life Insurance Co. and I find that approximately 206 feet of same should be taken up and regraded in order to secure the proper outlet for all lands affected;also that excavated materials will have to be borrowed and hauled to reconstrut the dyke back of the headwall and cover the tile to a depth of 20 inches.

I estimate the approximate cost for the extra work will be $140.00.

Respectfully submitted,
Walter E.Griffith.
Co.Engineer.

IN THE MATTER OF THE ENGINEER'S REPORT OF ACTUAL COST OF HATHAWAY DITCH NO.958.

Marysville,Ohio.Nov.18,1935.
Commissioners Journal Vol.22 Page 247.

The County Surveyor presented his report of the actual cost of Hathaway Ditch Repair No.958 as follows:

Actual cost ofConstruction	$413.61
Estimated cost of Construction	291.64
Extra work	121.97

It was moved by Mr.Elliott and seconded by Mr.Harmon that the report be accepted and that the extra work be made a part of the cost of the improvement.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

REPORT OF ACTUAL COST OF HATHAWAY DITCH NO.958.

Engineers Office,Nov.18,1935.
Marysville,Ohio.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;

I,hereby certify the following as being the actual costs of the reinforced headwall and the repair on the Hathaway County Ditch No.958 in Union Township.

Labor	$206.03	
Truck hire and hauling	45.74	
Materials & rental	176.90	
Engineering	10.50	
		$439.17
Credit for materials returned		25.56
Actual cost of construction		413.61
Estimated cost of "		291.64
Extra work		121.97

Note:

The extra work consisted of the following:

Excavation:

In excavation for the footer it was necessary to use cribbing in order to obtain the proper depth.

Headwall:

Estra work was required to reconstruct the dyke back of headwall.Excavated materials were borrowed to properly complete the dyke.

Tile Repair:

206 feet 20 inch tile were taken up regraded.Excavated materials were borrowed to cover the tile to a depth of 20 inches.

Relocation of tile:

Commencing at a stake located 206 feet above the concrete Headwall,the tile was laid along the following grade:

Sta.	Elevation
00.00	50.00
00.16	48.67
00.16-1.26	48.58
1.26 -2.60	47.66

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS:That we M.L.Staley,J.M.Lentz and E.A.Emmert are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and adminsitrators.

Signed by us and dated this 19th,day of August 1935.

The condition of the above obligation is such,that,whereas,on the 19th,day of August 1935, the above bound M.L.Staley,J.M.Lentz and E.A.Emmert filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a single county ditch ,located in Taylor Township,Union County,Ohio.,petitioned for by M.L.Staley and others;The following is the course and termini of the proposed improvement, to-wit;Commencing at the outlet of a 12 inch tile on the lands of M.L.& S.L.Staley,said tile known as Staley Ditch No.1205;thence with said open ditch in a southwesterly direction through and across the lands of said M.L.& S.L.Staley,Chas.W.Myrta Ferguson,The Bank of Marysville,across the Brown unimproved Road;thence through and across the lands of P.D.Lyon et al,Charles & Emma Watkins,and the lands of Leonard F.Griffin,Frieda Evans Et Al.and Opal B.Kennedy to Mill Creek, or far enough for a good and sufficient outlet. Now,if the said M.L.Staley,J.M.Lentz and E.A.Emmert will pay all costs,if the prayer of the petition is not granted or if said pettion is for any cause dismissed, then this obligation to be void;otherwise to remain in full force and affect and virtue in law.

M.L.Staley
J.M.Lentz
E.A.Emmert

The above bond is approved this 24th,day of Aug,1935
Frank E.Smith
Co.Auditor.

Auditor's Vault Box No.298 STALEY RUN DITCH NO.1251 Transcribed Feb.3,1947.

NOTICE TO LANDOWNERS

Audotor's Office,Union County,Ohio.
Sept.3,1935

Landowners affected by
Staley Run Ditch No.1251.

M.L.Staley has filed a petition with the County Auditor requesting the improvement of ditch beginning at the outlet of a 12 inch tile on the lands of M.L.& S.L.Staley,said tile known as Staley Ditch No.1205;thence with said open ditch in a southwestern direction through and across the lands of said M.L.& S.L.Staley,Chas.W.& Myrta Ferguson,The Bank of Marysville,across the Brown unimproved Road;thence through and across the lands of P.D.Lyon,Charles & Emma Watkins, and the land of Leonard F.Griffin,Freda Edwards et al,and Opal B.Kennedy to Mill Creek,or far enough for a good outlet.

The County Commissioners will view the proposed improvement on the 24th,day of September 1935;commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 30th,day of September 1935,at ten o'clock A.M.

Applications for the granting of the proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
County Auditor.

IN THE MATTER OF THE STALEY RUN DITCH NO.1251-FIRST HEARING.

Marysville,Ohio.Sept.30,1935.
Commissioners Journal Vol.22 Page 234.

A petition fo the Bard of County Commissioners,signed by M.L.Staley,for the reconstruction of a single county ditch located in Taylor Township,Survey No.4505 etc, and into Survey No4264, known as Staley Ditch No.1251 by cleaning out,deepening and widening,was read by the Clerk.

A bond,in the amount of $200.00 with M.L.Staley,J.M.Lentz and E.A.Emmert as sureties, agreeing to pay all costs if the petition is not granted or if said petition is for any cause dismissed,and having been presented with the petition and approved by the County Auditor,was read by the Clerk.

Comments from the interested landowners present were invited by the Chairman.

The Following requests were presented for extensions:

To the Board of Commissioners,
Union County,Ohio.

Sept.30,1935.

I,the undersigned interested landowner on the proposed Staley Run Ditch Improvement,No. 1251,request the following extension be made if the petition is granted;Commencing at a stake on the lands of Ralph L.& Marguerite Smith;thence following the natural watercourse on said land in a northerly direction to the Moore & Barbour Road;thence continuing across said road and the lanes of Isabelle Yost to an open ditch on the said Yost lands.

I request that tile of sufficient capacity be placed in this watercourse to drain the lands therein affected,and that a concrete headwall be placed at the outlet of proposed tile ditch.

Ralph L.Smith.

To the Board of Commissioners,
Union County,Ohio.

Sept.30,1935.

I,the undersigned interested landowner on the proposed Staley Run Ditch improvement,No. 1251,request the following extension be made if the said petition be granted.Commencing at the north line of the lands of the Bank of Marysvulle the center of an open ditch;thence following the line of said open ditch through and across said land,an unimproved road,to the lands of Charles & Emma Watkins;thence continuing through said Watkins' land,and the lands of Leonard F.Griffin,Anna M.Griffin and Opal B.Kennedy to Mill Creek there to terminate,or far enough for a good and sufficient outlet.

Bank of Marysville.
By.-J.M.Lentz.

To The County Commissioners,
Union County,Ohio.

Sept.30,1935.

I,the undersigned interested landowner on the proposed Staley Run Ditch No.1251,request the following extxnsion be made if the petition is granted;Commencing at the outlet of a 12 inch tile on the lands of Isabelle Brown Yost;thence following the line of said open ditch in a westerly direction through and across said lands,the Marysville-Kenton State Road,the lands of Charles W.& Myrtle H.Ferguson,and the lands of M.L.& S.L.Staley to the upper terminus of the open ditch proposed in petition;we also ask that a concrete headwall be placed at the outlet of th the 12 inch tile.

Isabelle Brown Yost,By.-Jesse Yost
Julius Kezerta Blaine Hall
Ralph L.Smith.

It was moved by Mr.Harmon and seconded by Mr.Rausch that the Commissioners view the proposed extensions at ten o'clock A.M.October 11th,1935,and that the hearing be adjourned until ten o'clock A.M.October 14th,1935.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON
STALEY RUN DITCH NO.1251.

Marysville,Ohio.Oct.14,1935.
Commissioners Journal Vol.22 Page238

The two requests for Laterals and an extension,as entered in the minutes of September 30th, 1935,were read by the Clerk.

Comments were invited of the interested landowners present by the Chairman.

After due consideration by the Board,it was moved by Mr.Harmon and seconded by Mr.Rausch:

That the request of the petitioner,M.L.Staley,for the reconstruction fo Staley Run Ditch No.1251 be granted.
That the request of Isabelle Brown Yost et al for a lateral be granted.

That the request of the Bank of Marysville for an extension to allow a sufficient out let be granted.
And,that the hearing be adjourned until 2 o'clock P.M.in order that Ralph L.Smith might be contacted and his desires determined in reference to his request for a lateral.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" Rausch Aye".
The meeting was again called to order at two o'clock P.M.

By the reason of the refusal of Mr.Smith to attend the afternoon meeting and his apparent lack of concern,it was moved by Mr.Elliott and seconded by Mr.Rausch that the request of Ralph L.Smith for a lateral be rejected,and that the County Surveyor be directed to make the necessary survey,prepare the specifications and estimated cost of construction,in accordance with the above decisions,and report to the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Elliott "aye",Harmon "aye" and Rausch "aye".

PETITION OF OBJECTION TO PROPOSED CONSTRUCTION OF STALEY RUN DITCH NO.1251

Oct.22,1936.

We the undersigned,do hereby believe that the assessments on the proposed Staley Run Ditch No.1251,are entirely too high for amount of acreage involved.

We further believe that the proposed ditch construction is not necessary at the present time as there is already an outlet sufficient to carry away the normal amount of water on these upland farms and money spent on such proposed construction of the said Staley Run Ditch No.1251,would be inadvisable.

We are,therefore,opposed to the construction of the Staley Run Ditch No.1251,further,because during high waters Mill Creek,said run backs up and overflows due to lack of proper outlet at creek,therefore retarding proper escape of water into Mill Creek which is then flooding stream outlet at creek.

We are,therefore,not in favor of the construction at present of said Staley Run Ditch No.1251,and do respectfully recommend that this proposed improvement be courteously dismissed.

Signed:

Charles Watkins	L.I.Amirine	John L.Laughrey	P.D.Lyon
Martha A.Keyes	Myrta H.Ferguson	C.W.Ferguson	Issabelle Yost
C.C.Laird	Julius Kezerta	W.C.Beauchamp	Sylvester Wilson
Leroy Wolford	N.Western Mut.Life Ins.Co.-Chas D.Green		J.C.Price
Ralph L.Smith	Blaine Hall & Ada Hall	Ray Wenger	

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON STALEY RUN DITCH NO.1251.

Marysville,Ohio.Oct.26,1936.
Commissioners Journal Vol.22 Page 361.

The original petition,bond,requests for extensions and objections were read by the Clerk.

Comments from interested landowners were invited by the Chairman.There being some objections to the estimated costs of the proposed improvement,it was moved by Mr.Elliott and seconded by Mr.Rausch that the hearing be adjourned until Monday November 9th,1936, at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Elliott "aye",Harmon "aye". and Rausch "aye".

OBJECTIONS TO ASSESSMENTS

Columbus,Ohio.Oct.5,1936.

Mr.Frank E.Smith,
Auditor Union County,
Marysville,Ohio.

Dear Mr.Smith;

Your card of October 2nd received in regard to the Staley Run Assessment of $9.93 on the Sarah E.Shaw estate.In reply will say that I am not in favor of this proposed assessment as I cannot see where there is any benefit to be gained by us in the proposed assessment for the construction of Staley Run,for our place.

As I cannot be present at the hearing I want to register a protest herewith.

Very truly yours,
Harry H.Shaw,Trustee.

OBJECTIONS TO ASSESSMENTS CONTINUED.

To Whom it may concern. Marysville,Ohio.Nov.17,1936.

In regard to the damage done by reopening of Staley-Lentz ditch,we will have 5 fences to be taken care of and a bridge will have to be made over ditch in woods.
Damage to us if we have to do all this repair would amount to $100.00.

Myrta Ferguson.
Charles W.Ferguson.

Marysville,Ohio.R.D.No.1
Oct.22,1936.

Mr.Frank E.Smith
Auditor of Union County,Ohio.

Dear Mr.Smith;
According to the report of the County Surveyor,the construction of the proposed Staley Run ditch No.1251 is to be taken as far as the north side of the lane bridge on the farm known as the Fredia G.Edwards farm.

Should such improvement be made,it will cause the volume of water,especially in flood season,to rush faster,thus flooding more terrotory and remaining flooded for a longer perion of time.
The point of completion of this project if made,would act as a fragile earth dam,thus causing a back wash against and around the abutments of the bridge now constructed,.This would in a short time weaken,and eventually cause a washing away of the driveway at both sides of the bridge.This in turn would necessitate condinued expense for repairs.

In addition to the continued damage which we believe will be experienced,we also think that the assessment as shown is excessive as compared to the amount of good we will derive from this proposed improvement.
Inasmuch as the outlet of the Staley Run fills up with every flood water of Mill Creek,we feel that the proposed project is inadvisable.
In view of the facts previously set forth and in case this project should be put through we feel it our right and duty to file damages in accordance with the results which may follow.

We therefore respectfully recommend that this porject be courteously dismissed.

Very Truly yours,

Frieda G.Edwards.

Note:
Unless this project can be extended to the land known as the Charles Kennedy farm,if said project is granted,we will be forced to file damages in the amount of $1500.00.

IN THE MATTER OF ASSESSMENTS ON STALEY RUN DITCH NO.1251. Marysville,Ohio.Nov.9,1936.
Commissioners Journal Vol.22.Page 366.

The minutes of the preceeding hearing,under date of October 26,1936 were read by the Clerk.
Comments were received by several interested landowners affected and the County Commissioners.It was therefore moved by Mr.Rausch and seconded by Mr.Elliott that the hearing be continued until Monday November 23,1936 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" ,Elliott "aye" and Rausch "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON STALEY RUN DITCH NO.1251. Marysville,Ohio.Nov.23,1936.
Commissioners Journal Vol.22.Page 372.

The minutes of the preceeding hearing,under date of November 9th,1936,wer read by the Clerk.
A request for damages by Myrta and Charles Ferguson were also read by the Clerk.
after due consideration the following decisions were made by the Board.

That the County furnish the necessary used planks and that Chas.Ferguson furnish the heavy timber for the construction of a private bridge across the improvement on the lands of said Ferguson,in liew of his request for damages.
That the proposed improvement be terminated below the lane on the lands of Fredia Edwards to Station 90.80.
That the limitation on the period within which assessments on the cost of the proposed improvement may be made shall not exceed five years.
That the oral request of M.L.Staley that the repair of approximately 150 feet of tile leadong into the lands of Leroy and Mary E.Wolford and others be taken up,repaired and replaced, be granted.
That the Engineer be directed to prepare a report on the oral request of Fredia Edwards for estimated costs on an open ditch.Lateral No.1,on the lands of said Fredia Edwards,Chas.and Emma Watkins,Harry H.Shaw,Trustee,John L.Laughrey and others.
That the estimated cost of excavation be reduced from 17¢ to 13¢ per cu.yd.

That the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits to be derived.
That the date of the sale of Section No.1 be set for Monday December 7th,1936;and that Section be constructed by force account.
It was moved by Mr.Elliott and seconded by Mr.Rausch that the Enfineer's report be accepted,that the estimated costs,as amended be approved and that the Engineer be directed to proceed with the improvement in accordance with the decisions as stated above.

Upon a call of the roll the Commissioners voted as follow s:Harmon "aye",Elliott "aye" and Rausch "aye".

In the matter of bids received for construction Section No.1 of Staley Run Ditch No.1251.

Marysville Ohio.December 7,1936.
Commissioners Journal Vol.22 Page 376.

To the Board of County Commissioners
Union County,Ohio.

The following are the bids received,December 7th.1936 at 2 P.M. on the Staley Run Ditch No.1251,Section No.1.

Estimate	$1154.40
Bidders;	
E.M.Weston	1030.00
F.A.McAllister	999.00

I recommend that the lowest bidder,F.A.McAllister be awarded the contract .

Walter E.Griffith,
County Engineer.

It was moved by Mr.Harmon and seconded by Mr.Elliott that the bid of F.A.McAllister be approved and accepted providing proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE BOND FOR SECTION NO.1 OF STALEY RUN DITCH NO.1251.

Marysville,Ohio.Dec.21,1936.
Commissioners Journal Vol.22 Page 383

F.A.McAllister,whose bid of $999.00 for the labor involved in the construction of Section No.1 of the Staley Run Ditch No.1251 was accepted by the Commissioners at their meeting of December 7th,1936,this day presented his contractors bond,in the amount of $1155.00,with Mabel I.McAllister and G.W.Hunt as sureties

It was moved by Mr.Harmon and seconded by Mr.Elliott that the bond be approved and accepted.

On roll call the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

CONTRACT OF CONTRACTOR

Marysville,Ohio.Dec.7,1936.

Section No.1 from Station 0.00 To Station 90.80-550.3 rods-Open Ditch.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvment,that after legal notice of sale,he has this day sold to F.A.McAllister contractor the work of constructing Section No.1 of said Ditch for the sum of ($999.00) Nine Hundred ninety nine Dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 1st,day of April 1937.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the siad work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the construction of said improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith,
Engineer.

F.A.McAllister,
Comtractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS;That F.A.McAllister as principal and Mabel I.McAllister and G.W.Hunt as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($1155.00)Eleven hundred fifty-five Dollars,for the payment of which we jointly and severally bind ourselves this 7th,day of December 1936.

The condition of this obligation is such,that whereas the above bound F.W.McAllister has this day bid off the work of constructing Section No.1 of Staley Run Ditch No.1251 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed herein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.

IN THE MATTER OF HEARING ON ASSESSMENTS Marysville,Ohio.Feb.1,1937
ON -EDWARDS LATERAL-STALEY RUN DITCH NO.1251 Commissioners Journal Vol.22 Page401

The minutes of the meeting under date of November 23rd,1936 containing the request of Fredia Edwards for a report on estimated costs pf Lateral No.1,were read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said improvement was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

After due consideration of comments and objections,the following decisions were made by the Board.

That the estimated assessment of Charles & Emma Watkins be reduced $5.00
That the assessment of Union County Be increased $5.00
That the Lateral be granted and constructed by force account.
That the final assessments be made on the basis of the actual cost of the improvement.
That the proposed improvement is necessary and will conducive to the public welfare and that the cost will be less than the benefits derived.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the report of the Engineer be accepted,that the amended costs,as amended,be approved and that the Engineer be directed to proceed with the improvement in accordance with the decisions as stated above.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE PLOTNER DITCH NO.741-FILING OF PETITION.

Marysville,Ohio.April 1,1935.
Commissioners Journal Vol.22 Page 176.

It was moved by Mr.Elliott and seconded by Mr.Rausch to accept the following petition:

Marysville,Ohio.March 25,1935.

We the undersigned interested landowners on the Plotner County Ditch No.741,York Township, beg to report that said ditch known,should be repaired through the following lands:Beginning at the intersection of said ditch with the Middlesworth Gravel Road;thence following the of tile through the lands of Roy C.& Bernice Temple to the open ditch;thence continuing with the open ditch through the lands of Roy C.& Bernice Temple and Hohn W.Hines to Bokes Creek and there to terminate.

We request that said ditch be repaired by taking up,cleaning out,relaying and relaying, replacing the opem tile.Also that the present tile ditch be extended to Bokes Creek and a headwall constructed at the outlet.

We ask that the Board take immediate action in this matter in accordance with Section 6691 etc.

Signed;
Roy C.Temple
Bernice Temple

Upon a call of the roll the Commissioners voted as follows:Elliott "aye",Harmon "aye" and Rausch "aye".

County Engineer's Office
Marysville,Ohio.March 2,1937.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen:

In the matter of the repair of the Plotner County Ditch No.741 York Township,Union County,Ohio.,and requested by Roy C.Temple et al. and filed April 1st,1936,in accordance with your orders,I proceeded to examine aforesaid ditch on October 5th,1936,and February 23rd,1937,

I respectfully submit the following report:

The tile is broken at some points and exposed where the soil has been washed away.

Teh outlet of this ditch is nearly 200 feet from its original location,due to the tile breaking and lack of earth materials over them.The open ditch below the tile on the land of John W.Hines is very winding shich causes a loss in the use of considerable land.

I recommend that the ditch be repaired either by extending the tile to the creek by placing it along the east side of the present open ditch and a pipe at the outlet,using riprap,and by relocating and replacing portions of the present tile and by concreting the necessary shallow portions,or by constructing a concrete headwall at the present outlet and cleaning out and straightening the open ditch,placing a conduit through the drive on the John W.Hines'land, and making repairs on the present tile as noted above.

Walter E.Griffith,
County Engineer.

ESTIMATED COST.

Proposal No.1.

Section No.1.

Consisting of furnishing and delivering first class tile along line of ditch and pipe outlet.

After receiving comments from the interested landowners and it being the opinion the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to public welfare and that the costs will be less than the bendfits to be derived,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the report of the Engineer be accepted, as submitted,and that the Engineer be directed to proceed with the improvement by advertising for bids on Section No.1,the date of sale to be May 3rd,1937 at two o'clock P.M.and farther Section No.2 be constructed by force account.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

Roy C.Temple & Bernice Temple,Pearl Middlesworth and C.E.& Wilma Bardgill requested that their assessment be prorated over a five year period and John W.Hines over a period of 3 years.

IN THE MATTER OF BIDS FOR FURNISHING TILE FOR PLOTNER DITCH NO.741.

Marysville,Ohio.May 3rd,1937.
Commissioners Journal Vol.22 Page 433.

To the Board of Commissioners of Union County May 3rd,1937.

Gentlemen:

I recommend that the Williams McIntire Co,Marysville,Ohio,be awarded the contract for furnishing tile on the Plotner Ditch No.741 at their bid of $273.00,which was the only bid receiv

Respectfully submitted,
Walter E.Griffith,
Engineer.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the bid of Williams McIntire Co.in the amount of $273.00,for furnishing tile for the repair of Plotner Ditch No.741,be approved and accepted,providing that proper bond is offered,accepted according to statute.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw Aye" and Hamilton "aye".

IN THE MATTER OF THE BOND OF WILLIAMS & MCINTIRE FOR FURNISHING TILE FOR PLOTNER DITCH NO.741.

Marysville,Ohio.May 10th,1937.
Commissioners Journal Vol.22 Page 435.

The Williams McIntire Co.whose bid of $273,00 for the furnishing tile for the repair of Plotner Ditch No.741,was accepted by the Commissioners at their meeting of May 3rd,1937,this day presented their contractors bond,in the amount of $281.00 with W.L.Williams,W.P.Hutchison and Emma A.Williams as sureties.

It was moved by Shaw and seconded by Hamilton that the bond be accepted and approved.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACT FOR FURNISHING TILE

Section Nol.-Main Ditch
800'-15" Tile-Lateral Ext.20'-6".

Marysville,Ohio,May 3,1937.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to The Williams McIntire Co. contractor the work of constructing Section No.1 of said ditch for the sum of ($273.00) Two hundred seventy three Dollars,which work the said contractor hereby agrees to complete according to specification of the same under the supervision of the Engineer and the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of June 1937.

And the said contractor shall further be liable for all delays after the expiration of time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts,which shall transfer the supervision of any part of the construction said improvement,without the consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

The Williams McIntire Co.
W.L.Williams.

Walter E.Griffith,
Engineer.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS.That The Williams McIntire Co.,W.L.Williams Sec. as principal and W.R.Hutchison and Emma L.Williams as sureties,are held and bound unto the State of Ohio, for the use of Union County,in the penal sum of ($281.10) Two hundred eighty one and 10/100 Dollars,for the payment of which we jointly and severally bind ourselves by these presents this day of May 1937.

The condition of this obligation is such that,whereas the above bound Williams McIntire Co. has this day bid off the work of constructing Section No.1 of Plotner Ditch No.741,and has entered into the above contract subject to the approval of the Commissioners of Union County,Ohio

Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time named within,and pay all damages which may occur by reason of a failure to complete the same as agrred upon in said contract,and pay for all labor and material and for all debts uncurred for this section,then this obligation shall be void,otherwise to be in full forde and effect in law.

The Williams McIntire Co.
W.L.Williams--W.P.Hutchison
Emma A.Williams

Frank E.Smith,
Co.Auditor.

Auditor's Vault Box No.515 MCMAHON DITCH NO.1252 Transcribed Feb.6,1947.

NOTICE TO LANDOWNERS

Auditor's Office,Oct.26,1935.
Union County.Ohio.

Landowners affected by
McMahon Ditch No.1252.

William L.Elliott has filed a petition with the County Auditor requesting the improvement of a ditch beginning in the center of an open ditch(Mcmahon) in the westerly of the lands of William L.Elliott;thence following the center of said open ditch in an easterly direction through the lands of said William L.Elliott and the lands of Rolla Doyle to Fulton Creek and there to terminate.

The County Commissioners will view this proposed improvement on the 15th,day of November 1935, commencing at the beginning thereof at ten o'clock A.M.and the first hearing will be held at the office of the county Commissioners,Marysville,Ohio,on the 18th,day of November 1935 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Co.Auditor.

IN THE MATTER OF THE MCMAHON DITCH NO.1252-FIRST HEARING.

Marysville,Ohio.Nov.18,1935.
Commissioners Journal Vol.22 Page 247.

A petition to the Board of Commissioners,signed by William L.Elliott,for the construction of a single county ditch,located in Claibourne Township,Survey No.7869,known as the McMahon Ditch No.1059,by straightening,deepening widening,etc,was read by the Clerk.

A bond in the amount of $200.00,with W.L.Elliote,J.T.Reed and C.E.Crabtree as sureties, agreeing to pay all costs if the petition is not granted or if any cause is dismissed,and having been presented with the petition and approved by the County Auditor,was read by the Clerk.

The following requests for an extension and two laterals were read by the Clerk:

To The Board of County Commissioners,
Union County,Ohio.

Marysville,Ohio.Nov.18,1935.

I hereby request a lateral to the proposed open ditch known as the McMahon Ditch No.1252 located in York and Claibourne Townships,and petitioned for by W.L.Elliott;also repair two 8 inch tile ditches on my lands.

Commencing at an 8 inch tile in the line between the lands of W.L.Elliott and Frances E.Robinson;thence following the line of tile in a northerly direction,through said Elliott's land to the outlet and there to terminate.Also Commencing at an 8 inch tile in the line between the lands of W.L.Elliott andJames F.& John H.Willison;thence following the line of tile in a north easterly direction through said Elliott's land to the outlet and there to terminate.the outlet of both 8 inch tile being at the same point.Also Commencing at the outlet of the two 8 inch tile on said lands;thence following the line of open ditch in a northerly direction,through the said lands to the proposed McMahon Ditch No.1252 and there to terminate.

I request tht the two 8 inch tile ditches be repaired wherever necessary;also improve the lateral form the outlet of the 8 inch tile to the McMahon Ditch by using tile of sufficient capacity to drain the lands drained therein affected.Also construct a reinforced concrete headwall at the outlet of tile.

W.L.Elliott.

Marysville,Nov.18,1935.

To The Board of Commissioners
Union County,Ohio.

I hereby request a lateral to the open ditch extension,known as the McMahon Ditch No. 1252.located in York and Claibourne Townships,and requested by Edgar H.McMahon,on November 15th,1935.

Commencing at the outlet of a 7 inch tile and 8 inch tile on the lands of F,& Robert W. Willison;thence following the line of the open ditch or near thereto,and in a northerly direction to the open ditch extension and there to terminate.

I ask that the lateral be improved by cleaning out,deepening,straightening and widening whereever necessary.

Belle Bumgartner Jones
Charles E.Jones.

To the Board of Commissioners,
Union County,Ohio.

Marysville,Ohio.Nov.12,1935

I hereby request an extension to the proposed improvement known as the McMahon Ditch JNo.1252,located in Claibourne and york Townships,and petitioned for by W.L.Elliott.

The following is the course and termini fo the proposed extension;

Commencing at the outlet of the 13-1/2 inch tile on the east side of the Osborne Gravel Road,and on the lands of Carrie Williams et al.thence following the line of said open ditch,or near thereto,in a northerly and easterly direction through said lands;thence continuing with said ditch through and across the lands of Edgar H.MaMahon,J.F.& K.H.Willison to point near where an open ditch joins from the south;thence continuing with said open ditch through and across said Willison's lands to the Roach and Lynn Gravel Road thence to the westerly line of the lands of W.L.Elliott and the upper terminus of the original petition.

I ask that the extension be improved from the outlet of tile on the Osborn Road to the lateral from the south,by using a tile of sufficient capacity to drain the lands therein affected;then improve the extension from the lateral to the Roach and Lyn Gravel Road by cleaning out,deepening,straightening and widening wherever necessary.

Also a lateral to the extension:Commencing at the outlet of an 8 inch tile in the line between the lands of John H.& Edgar H.McMahon,and J.F.& J.H.Willison;thence following the watercourse,or near thereto through and across the lands of said J.F.& J.H.Willison to the extension and there to terminate.

I ask that said lateral be improved with tile of sufficient capacity to drain the lands thereby affected.

Edgar H.McMahon.

Comments were invited of the landowners aggected by the Chairman.
After due consideration by the Board,it was moved by Mr.Harmon and seconded by Mr.Rausch

FORST HEARING CONTINUED.

That the original petition of W.L.Elliott and his request for lateral No.1 asking for new tile and the repair of two 8 inch tile ditches wherever necessary on the lands of said W.L. Elliott be granted.

That the request ofBelle Bumgartner Jones and Chas.E.Jones for Lateral No.2 be granted.

That the request of Edgar H.McMahon for an extension of the main ditch from the heading of the original petition of W.L.Elliott,up to the 13-1/2 inch tile on the Osborn Gravel Road,be granted,with the exception that the request of said Edgar H.McMahon for tile in the line of said ditch be rejected and ordered constructed as an open ditch,and that lateral No.3 be granted.

And that the Surveyor be directed to make the necessary survey,prepare the specifications and estimated cost of construction in accordance with the above decisions and report to the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows:Elliott "aye",Harmon "aye".and Rausch "aye"/

SPECIFICATIONS TILE DITCH.

Said and Branches No.1.and No.3 shall be constructed along the line as located by the stakes, and the center shall be 7' & 3' feet to the left thereof,and straight,except at the angles, which shal, be made in easy rounding curves.

The trench shall be excavated to the depth in the botton at each stake as indicated by the profile,and the bottom shall be true and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line ,ecept at the angles,and in the bottom of the trrnch in a workmanlike manner so as to make good joints.Any joints karge enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until esamined and approved by the Engineer;after the trench shall be so filled that the excavated earth will all settle on the line of tile;and in all places it must be covered to a depth of at least 15 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes:

Main Ditch From Station 0.00 to Station 5.00-18 inch
Lateral No 3. " " 0.00 " " 2.0008 2 Lateral No. 12.inch tile.

SPECIFICATIONS CONTINUED.

All growing timber standing wthin 20 feet of the line of tile must be thoroughlt deadened,and all brush or bushes within said limit must be cut off even with the surface of the ground and said contractor must construct the right of way, make all conndections with the present existing lines of tile,the propert to furnish the necessary tile,and to keep his section in order until finnally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have the power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County,Commissioners.

Open Ditch.

The trench shall be of the following widths:

From Station 5.00 to Station 39.00--2 feet
" " 39.00 " " 101.08 2 "

Side Slopes 5.00 " " 39.00 2: 1
39.00 " " 101.08 3 : 1

CLAIM FOR DAMAGE

To the Board of Commissioners.

The undersigned,Rolly H.Doyle says that he is the owner of lands near the lower part or outlet of the proposed improvement,that will not be benefited in any respect whatever by the said proposed improvement,but that instead his land will be subject to excavated material,which will benefit only the lands above,and that said excavated material will be piled and spread thereon to his damage in the sum of $50.00 for which he now claims an allowance by said Board.

Rolly H.Doyle.

IN THE REPORT OF ENGINEER ON MCMAHON DITCH NO.1252.

Marysville,Ohio.Nov.16,1936
Commissioners Journal Vol.22 Page 368

County Engineer,Walter E.Griffith,this day presented his report including the estimated costs,assessments,plans and specifications for the improvement of McMahon Ditch No.1252.

It was moved by Mr.Elliott and seconded by Mr.Harmon that a public hearing on assessments be held at the office of the Board of County Commissioners on Monday December 1936 at ten o'clock A.M.

On call of the roll the Commissioners voted as follows,Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON MCMAHON DITCH NO.1252

Marysville,Ohio.Dec.14,1936.
Commissioners Journal Vol.22 Page 379.

The original petition,bond,requests for laterals and extensions,as entered in the minutes of November 18th,1935,the number of acres and the amount assessed also objections to assessments and the request for damages as presented by Rolly H.Doyle in the amount of $50.00 was read by the Clerk.

After considerable discussion of the landowners affected,it was moved by Mr.Elliott and seconded by Mr.Rausch that the hearing be adjourned until Thursday,December 17th,1936, at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows; Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON MCMAHON DITCH NO.1252.

Marysville,Ohio.Dec.17,1936
Commissioners Journal Vol.22 Page 381

The minutes of the preceeding,under date of December 14th,1936,were read by the Clerk.

Comments from the effected landowners present were invited by the Chhairman.

It bing the opinion of the majority of those present that the proposed improvement was too large and that the estimated assessments wre too high,it was moved by Mr.Elliott and seconded by Mr.Rausch that the hearing be adjourned untol Thursday December 31st,1936,at ten o'clock A.M. in order that further consideration might be given to the proposed improvement.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF ASSESSMENTS ON MCMAHON DITCH NO.1252.

Marysville,Ohio.Dec.31,1936
Commissioners Journal Vol.22 Page 389

The minutes of the preceeding hearings on assessments,under dates of December 14th and 17th,1936 were read by the Clerk.

Further comments from the interested landowners were invited by the Chairman.

After careful consideration,it being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits to be derived,it was moved by Mr.Harmon and seconded by Mr.Elliott that the report of the Engineer be accepted,as submitted,excepting that the cost of excavation of Section No.3 be changed from 16 to 14¢ per yard,thus changing the total amount of said Section from $1310.96 to $1157.34 and that said Section be advertised and sold on Monday January 18th,1937 at three o'clock P.M.and further that Sectionsl,2 and 4 be constructed by force account.

HEARING ON ASSESSMENTS CONTINUED.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

It was further moved by Mr.Harmon and seconded by Mr.Elliot that the County Engineer be required to examine the county tile ditch which drains the lands of Rolly Doyle,Belle Jones and others as requested by Rolly Doyle and that he prepare plans and specifications of said ditch and report to the Board as soon as possible.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

IN THE MATTER OF BIDS ON MCMAHON DITCH NO.1252-SECTION NO.3.

Marysville,Ohio.Jan,25,1937.
Commissioners Journal Vol.22 Page 400.

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;

The sale of the McMahon Ditch No.1252,Section No.3,was held in the County Engineer's office Monday January 18th,1937 at two P.M.

Estimated Cost $1157.34

Bids received;

E.M.Weston	$950.00
F.A.McAllister	868.35

I recommend that F.A.McAllister be awarded the contract for the construction of Section No.3,of McMahon Ditch No.1252 as his bid is the lowest and best of those received.

Walter E.Griffith,Co.Engineer.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the bid of F.A.McAllister be approved and accepted,providing that proper bond is offered,accepted and filed,according to Statute.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF BOND OF F.A MCALLISTER FOR CONSTRUCTING SECTION NO.3,OF MCMAHON DITCH.

Marysville,Ohio.Feb.8,1937.
Commissioners Journal Vol.22 Page 404.

F.A.McAllister,whose bid of $868.35,for the labor of construction of Section No.3 of McMahon Ditch No.1252 was accepted by the Commissioners at their meeting held January 25th,1937,th this day presented his contractors Bond,in the amount of $1157.34,with Mabel I.McAllister and R.C.Peet as sureties.

It was moved by Mr.Harmon and seconded by Mr Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACT FOR SECTION NO.3.

Marysville,Ohio.Jan.18,1937.

Section No.3. From Sta.5.00 to Sta.101.08-582.30 rods
Lateral No.2 " " 6.00 " " 2.72 16.49 "

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to F.A.McAllister contractor the work of constructing Section No.3 of said ditch for the sum of ($868,35)Eight hundred sixty-eight and 35/100 Dollars,which the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st day of May 1937.

It is further agreed and expressly understood that in case the said contractor shall fail to complete said work within the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer. F.A.McAllister, Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mebel I.McAllister and R.C.Peet as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($1157.34(Eleven hundred fifty seven and 34/100 Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 30th,day of January 1937.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.3 of McMahon Ditch No.1252 and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to compete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void,other wise to be in full force and effect in law.

F.A.McAllister
Mabel I.McAllister
R.C.Peet

This contract and bond are hereby approved this 8th,day of February 1937.

W.D.Harmon
O.H.Shaw
Geo.R.Hamilton
Commissioners of Union County,Ohio.

Auditor's Vault Box No.515 MCMAHON DITCH NO.1252. Transcribed Feb.7,1947.

IN THE MATTER OF THE ENGINEER'S REPORT ON LATERAL TO MCMAHON DITCH NO.1252.

Marysville,Ohio.Feb.28,1938
Commissioners Journal Vol.22 Page 536.

The County Engineer,this day presented his report,including the estimated costs,assessments,plans and specifications for the repair of Lateral to McMahon Ditch No.1252,requested by Rolly Doyle on December 31st,1936.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that a public hearing on assessments be held at the office of the Commissioners on Monday March 28th,1938 at ten o'clock A.M.

Upon a call of the roll the commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

ON THE MATTE OF THE HEARING ON LATERAL TO MCMAHON DITCH NO.1252.

Marysville,Ohio.March 28,1938
Commissioners Journal Vol.22 Page 549.

The report of the Engineer,the estimated cost of construction were read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and that that the cost will be less than the benefits derived,it was moved by Mr.Harmon and seconded by Mr. Hamilton that the Engineer be directed to proceed with the repair,by force account,and that the cost be assessed according to the work found to be necessary.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

County Engineer's Office
Marysville,Ohio.Feb.12,1938.

To the Board of Commissioners,
Union County,Ohio.

Gentlemen;

In the matter of the repair of a lateral to the McMahon Ditch No.1252 as requested at the hearing on said ditch by Rollt Doyle;

Said lateral was constructed in the year 1894 as the Baker County Ditch No.407,consisting of 2200 feet of 8 inch tile and 300 feet of open ditch.

The tile of said ditch are filled and broken and second growth timber growing over the tile on the lands of Belle Jones to the extent of filling the tile with roots.

I recommend that the ditch be repaired by deadening all trees and grubbing the brush within 20 feet of the tile,taking up,cleaning and replacing all the tile filled with roots and replacing all broken tile.

Respectfully submitted,
Walter E.Griffith,
Engineer.

ESTIMATED COST OF LATERAL

Consisting of taking up,cleaning,replacing,furnishing new tile to replace broken tile, back fill and grubbing.

2200' 8" tile-400 cu.yd @ 50¢	$200.00	
30' 15" " 10 " " " 50¢	5.00	
Grubbing lump sum 686 ft (Jones farm)	25.00	
Est.Broken tile 200 feet @ $12.00	24.00	
Total		$254.00

Marysville,Ohio.Jan.30,1939

To the Board of Commissioners,
Union County,Ohio.

Gentlemen;

Since December 19,1938,the date of filing the final report of the actual cost of McMahon Ditch No.1252,the following errors in the apportionment have been called to my attention which I wish to adjust with your approval.

In the matter of apportioning of the actual cost,$49.46 on the lateral draining the lands of Jas.T.Cox,Edgar McMahon and Jas.F.& John H.Willison,the total cost was placed upon the two owners last named.Mr.Cox not having been assessed.

The actual cost as changed as follows;

Name	Survey	Acrs.in tract	Acrs.Assessed	Cost
Cox James T.	11346	74.10	18.00	12.20
McMahon Edgar	"	137.37	30.00	25.50
Willison James & John H.	"	25.13	1.00	11.06

Auditor's Vault Box No.515 MCMAHON DITCH NO.1252 Transcribed Feb.7,1947.

A

In the matter of the lateral,actual cost,requested by Rolly Doyle,I have learned that Mr. Jones expended $16.00 for labor for which credit was not given.The Following gives Belle B. Jones' land credit for this amount;

Doyle Rolly H.	11346	31.50	25.50	$13.58
Same	"	18.50	9.50	2.24
Jones Belle B.	"	20.50	20.50	3.50

Apportionment Sheet attached shows the totals with the above correction.

Respectfully submitted,
Walter E.Griffith,Co.Engineer.

IN THE MATTER OF CORRECTED COSTS ON MCMAHON DITCH NO.1252.

Marysville,Ohio.Feb.13,1939.
Commissioners Journal Vol.23 Page 60.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the Engineer's recommended changes in the actual cost of the McMahon Ditch No.1252 be approved.

Upon a call of the roll the Commissioners voted as follows;Shaw "aye",Spain "aye" and Hamilton "aye".

Auditor's Vault Box No.522 PERRY COUNTY DITCH NO.1253 Transcribed Feb.8,1947.

IN THE MATTER OF THE PERRY COUNTY DITCH NO.1253-IMP.NO.2-FILING OF PETITION

Marysville,Ohio.Feb.24,1936
Commissioners Journal Vol.22 Page 276
Jan,10,1936-date of Petition.

County Auditor,Frank E.Smith,persented a petition signed by Jesse Adams and others for the reconstruction of the Perry County Ditch,located in Claibourne Township,Survey No.6293, on the course hereinafter set forth.

Commencing in the line of tile in the Neel Run Ditch,No.248 and the line between the easterly right Of way of the Delaware and Richwood State Road No.37,and the lands of Jesse Adams; thence following the line of said ditch in a northeasterly direction across the lands of Jesse Adams and Olive N.Perry to the Neel Gravel Road;thence crossing said road and continuing easterly through the lands of Olive N.Perry to the north side of said Neel gravel road; thence crossing said road and continuing along the tile in a south and easterly direction through the land of David Cushman,Gladys Darling,Wm.& Ora Neel,W.O.& Elsie Dilsaver and William Neel to the Perry County Ditch No.1052;thence continuing northeasterly along the line of tile of said Perry Ditch and across the lands of William Neel,the Neel gravel road and Jesse & Mabel Adams to the outlet of tile;thence with the open ditch to Fulton Creek and there to terminate.

The following is the nature of the work petitioned for:We ask that the tile ditch be repaired by excavating,taking up,regrading and replacing broken tile wherever necessary;also clean out the open ditch from outlet of tile to Fulton Creek.

It was moved by Mr.Rausch and seconded by Mr.Elliott that the Commissioners view the proposed improvement on the 20th,day of March 1936,commencing at the beggining thereof,at ten o'clock A.M.and the first hearing thereon will be held at the Commissioners Office,Marysville, Ohio,on the23rd,day of March 1936,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Elliott "aye" and Rausch "aye".

The petitioners filed with the petition a bond,in the amount of $200.00,with Jesse Adams, Charles Bice,Olive N.Perry.W.O.& Elsie Dilsaver,Laura Cushman and F.Cushman as sureties,payable to the State of Ohio,and conditioned for the payment of all costs if the petition is not granted or if said petition is for any cause dismissed.

The above bond was approved the 24th,day of February 1936,by Frank E.Smith,County Auditor.

A list of the names and addresses,where known,of the landowners which the petitioners claims will be benefited or damaged by the proposed improvement.

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS,That Jesse Adams,Charles Bice,and Olive N.Perry as as principal and as sureties are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 1st,day of February,at Richwood ?Ohio,1936.

The condition of the above bond is such,tha,whereas, the the above bound Jesse Adams et al, filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners for the location and reconstruction of a single county ditch,Claibourne Township petitioned for by Jesse Adams and others.

Now if the said undersigned Bondsmen will pay all costs,if the prayer of the petition is not granted or i for any caused dismissed,then this obligation shall be void,otherwise to remain in full force and virtue in law.

Jesse Adams
Charles Bice
Olive N.Perry
Laura Cushman
Laura Cushman
T.Cushman

The above bond is approved this 24th,day of February 1936.

Frank E.Smith,
County Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
Feb.24,1936.

Landowners affected by
Perry County Ditch No.1253.

Jesse Adams and others has filed a petition with the County Auditor requesting the improvement of a ditch beginning in the line of tile in the Neel Run Ditch No.248,and the line between the easterly right-of-way of State Route No.37,and the lands of Jesse Adams;thence following the line of said ditch in a northeasterly direction across the lands of Jesse Adams et al to the Neel Gravel Road;thence crossing said road and continuing easterly through the lands of Olive N.Perry,et al to the Perry County Ditch No.1052;thence following northeasterly along the line of of tile of said ditch across the lands of Wm.Neel,the Neel gravel road and Jesse & Mabel Adams to the outlet of tile;thence with the open ditch to Fulton Creek and there to terminate.

The County Commissioners will view this proposed improvement on the 20th,day of March 1936;commencing at the beginning thereof at ten o'clock A.M.and the first herearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 23rd,day of March 1936 at ten o'clock A.M.

Auditor's Vault Box No. Perry County ditch No.1253 Transcribed Feb.10,1947.

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
County Auditor.

IN THE MATTER OF THE PERRY COUNTY DITCH NO.1253-FIRST HEARING.

Marysville,Ohio,March 23,1936
Commissioners Journal Vo.22 Page 285.

A petition fo the Board of Commissioners,signed by Jesse Adams and ôthers,for the reconstruction of a single county ditch,located in Claibourne Township Survey 6293,known as the Perry ditch,by excavating,taking up,regrading and replacing broken tile wherever necessary and to clean out the open ditch from outlet to Fulton Creek,was read by the Clerk.

A bond,in the amount of $200.00,with Jesse Adams,Charles Bice,Olive N.Perry,W.O.& Elsie Dilsaver,Laura Cushman and F.Cushman,as sureties,agreeing to pay all costs if the petition is not granted or if said petition is for any cause dismissed,and having been presented with the petition and approved by the County Auditor,was read by the Clerk.

The following request for a lateral was read by the Clerk.

To the Board of Commissioners,
Union County,Ohio.

Marysville,Ohio,March 23,1936.

Sirs:In the matter of the proposed improvement known as the Perry ditch in Claibourne Township,the undersignedasks for a lateral on the lands of Olove N.Perry,W.O.Dilsaver and Charles Bicein or near the line of the old channel paralelling the property lines of of the above name and the lands of Estella Neel.Said improvement to be made by tiling.

Signed;
W.O.Dilsaver.

The following objection was also read by the Clerk.

To the Board of County Commissioners,
Union County,Ohio.

Richwood,Ohio.March 21,1936.

Sirs:In the matter of the proposed improvement known as the Perry County Ditch in Claibourne Township,the undersigned is in favor of the improvement.
If the improvement is granted it will be necessary to fill over the tile at the junction of tiles on the lands of the subscriber hereto and he will object to the fill being made by scraping the soil from the land adjacent thereto.It is not the purpose to ask for damages at this time but to call attention to the fact that the undersigned will be damaged if the soil is removed from the line of the ditch.

Signed;
Charles Bice.

Comments from the landowners affected were invited by the Chairman.

After consideration by the Board,it was moved by Mr.Elliott and seconded by Mr.Rausch that the original petition and the reconstruction of all laterals of record of the Original Perry Ditch No.1052 be granted.
That the request of W.O.Dilsaver be granted.
That the objection of Charles Bice to the fill over the tile being made by scraping the soil from adjacent lands thereto,be complied with.
And that the County Engineer be directed to make the necessary survey,prepare the specifications and estimated costs of construction,in accordance with the above decisions and report the Board of Commissioners.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

SPECIFICATIONS TILE DITCH.

Auditor's Vault Box No.522 PERRY COUNTY DITCH NO.1253 Transcribed Feb.10,1947.

SPECIFICATIONS TILE DITCH.

Said Ditch and branches shall be constructed along the line as located by the stakes,and the center shall be 3 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through shall be covered with borken pieces of tile.

No tile shall be laid until examined by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer;after which they shall so filled that the excavated earty will all settle on the line of tile,and in all places it must be covered

The tile shall be of the following sizes:

Lateral No.1-Main Ditch from Station 0.00 to Station 10.80-6 inch tile

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush and bushes must be cut off even with the surface of the ground and said widths shall constitute the rightofway.

The contractor must be required to make all connections with existing lines of tile,the property owner to furnish the necessary tile and to keep his section in order until finally completed and accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shal have power to place laborers and material along the line of the ditch at the expense of the contractor whenever the work is not progressing properly.

The Engineer's decisions and directions on all matters pertaining to the ditch shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

IN THE MATTER OF THE ENGINEER'S REPORT ON PERRY DITCH NO.1253.

Marysville,Ohio.Feb.8,1937
Commissioners Journal Vol.22 Page 404.

County Engineer,Walter E.Griffith,this day presented his report including the esti mated costs,assessments,plams and specifications for the improvement of Perry County Ditch No.1253.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that a public hearing on assessments be held at the office of the Commissioners on Monday March 8,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON PERRY DITCH NO.1253.

Marysville,Ohio.March 8.1937.
Commissioners Journal Vol.22.Page 413.

The original petition for the reconstruction of the Perry County Ditch No.1253 located in Clai bourne Township,and petitioned for by Jesse Adams,was read by the Clerk.

The result of the County Engineer's report containing the number of acres assessed,and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

After receiving comments from interested landowners and it being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits derived,it was moved by Mr.Shaw and seconded by Mr.Hanilton that the report of the Engineer be accepted,as submitted,and that the Engineer be directed to proceed with the improvement by force account.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

Engineer's Office,Marysville,Ohio.

Auditor's Vault Box No.522 Adams Ditch No.1254 Transcribed Feb.10.1947.

IN THE MATTER OF THE ADAMS DITCH NO.1254-FILING OF PETITION.

Marysville,Ohio.March 30,1936.
Commissioners Journal Vol.22 Page 288.

Date of Petition-March 27,1936.

County Auditor,Frank E.Smith,presented a petition signed by Olive N.Perry,Clara Fryman and Jesse Adams for the reconstruction of the Adams County Ditch No.1254,located in Claibourne and Leesburg Townships,survey No.6293,on the course hereinafter set forth.

Commencing at a stake in the south line of the lands of Jesse & Mabel Adams;thence following the watercourse in a north easterly course or near thereto to a tile ditch;thence continuing along the line of tile and across the lands to the Marysville & Marion State Road;thence continuing across said road and the Adams land to the Neel Gravel Road;thence crossing siad road and continuing along the line of tile and in a northerly direction through and across the lands of Olive N.Perry to Fulton Creek and there to terminate.

The following is the nature of the work petitioned for:We ask that said tile ditch be reconstructed by using tile of sufficient capacity to properly drain the lands therein affected.

A list of names and addresses,whereknown of all owners of the land which the petitioners claims will be benefited or damaged by the construction of the proposed improvement.

Adams Jesse & Mabel	Richwood.	Cushman D.& L.A.	Richwood
Fryman Clara Rider	"	Gray Bernard C.&Dorthea	"
Perry Olive N.	"		

Service of notice of the filing of the petition shall be obtained by mailing notices and publication as provided by Section 6447.

Signed;
Olive N.Perry.
Clar Fryman
Jesse Adams,
Petitioners.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS,That we Olive N.Perry,Clara Fryman and Jesse Adams as sureties are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two hundred Dollars, to the payment of which sum,well and truly made,we do hereby jointly and severally bidd ourselves, our heirs,executors and administrators.

Signed by us and dated this 27th,day of March 1936.

The condition of the above obligation is such,that,whereas,on the day of March 1936, The above bound Olive N.Perry,Clara Fryman and Jesse Adams filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a single county ditch,located in Claibourne and Leesburg Townships,petitioned for by Olive N.Perry et al;Commencing at a stake in the south line of the lands of Jesse Adams & Mabel; thence following the watercourse in a northeasterly direction or near thereto to a tile ditch;thence continuir along the line of tile across said lands to the Marysville & Marion State Road;Thence continuing across said road and the Adams land to the Neel Gravel Road;thence across said road and continuing along the line of tile in a northerly direction through and across the lands of Olive N.Perry to Fulton Creek and there to terminate.We ask that said tile ditch be reconstructed by using tile of sufficient capacity to properly drain the lands drained therein affected.

Now,if the said Olove N.Perry et al will pay all costs if the prayer of the petition is not granted or if for any cause the said petition is dismissed,then this obligation to be void;otherwise to remain in full force and virtue in law.

Olive N.Perry
Clara Fryman.
Jesse Adams.
H.E.Leppert
A.M.Kagay

The above bond is approved this 30th,day of March 1936.

Frank E.Smith,
Co.Auditor.

It was moved by Mr.Harmon and seconded by Mr.Elliott that the Commissioners view the proposed imptovement on the 24th,day of April 1936,commencing at the beginning thereof,at ten o'clock A.M.and the first hearing thereon will be held on the 27th,day of April 1936,at the office of the County Commissioners,Marysville,Ohio,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

L

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
April 9.1936

Landowners affected by
Adams Ditch No.1254.

SPECIFICATIONS TILE DITCH

Said ditch and its branches shall be constructed along the line as located by the stakes and the center shall be three feet to the right thereof,and straight,except at the angles, which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and have a regular grade.

The tile shall of full capacity and of the best qualitymand shall be laid in a straight line,except at thr angles,and in the bottom of the trench in a workman like manner so as to make good joints;Any joints large enough to let dirt in must be covered wilth broken pieces of tile.

No tile shall be laid until examined by the Engineer and approved and the County Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer,after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and all places it must be covered at least 18 inches,exc except at the filters as hereinafter specified.

At Station 10.00,inlets shall be constructed as follows;Vit.T.S.P.shall be used having an upright 6 inches in diameter,using a 6 inch grate.

The tile shall be of the following sizes:

Main Ditch from Station 0.00 to Station 10.00-6 inch tile
" " " " 10.00 " " 25.50-8 " "
" " " " 25.50 " " 27.30 10 " "

SPECIFICATIONS TILE DITCH CONTINUED.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened, and all brush and bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor will be required to make all connections with present existing lines of tile, the property to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

ESTIMATED COST.

Section No.1.

Consisting of furnishing and delivering first class tile upon a unit basis. The probable maximum quanity required is as follows:

Station 0.00 to Station 10.00	1000'-6" tile	@ 5 1/2¢		$55.00

IN THE MATTER OF THE ENGINEER'S REPORT ON ADAMS DITCH NO.1254.

Marysville,Ohio.Feb.23,1937
Commissioners Journal Vol.22.Page 408

County Engineer,Walter E.Griffith,this day presented his report,including the assessments, estimated costs,plans and specifications for the proposed Adams Ditch No.1254 located in Claibourne and Leesburg Townships and petitioned for by Olive N.Perry et al.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the County Commissioners on Monday,March 22nd,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

HEARING ON ASSESSMENTS ON ADAMS DITCH NO.1254.

Marysville,Ohio.March 22,1937.
Commissioners Journal Vol.22 Page 420

It was moved by Mr.Harmon and seconded by Mr.Hamilton that the hearing on assessments on Adams County Ditch No.1254 be adjourned until Monday March 29th,1937 at ten o'clock A.M.in order that the County Engineer may check elevations on the lands of Jesse and Mabel Adams,at the latters request.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON ADAMS DITCH NO.1254.

Marysville,Ohio,March 29,1937.
Commissioners Journal Vol.22 Page 422

The petition for the construction of the Adams County Ditch No.1254,located in Claibourne and Leesburg Townships,and petitioned for by Olive N.Perry and others was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to public welfare and that the costs will be less than the benefits to be derived.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the report of the Engineer be accept as submitted,excepting that at the request of the State Highway Dept.the size of tile be changed as follows:

Station 2.00 to Station 10.5 from 6" to 8" tile
" 10.5 " " 25.73 " 8" " 10" "
" 25.73 " " 27.30 " 10" " 12" "

The State Highway Department agrees to assume the cost between the original estimate for tile and the cost of the tile as requested by furnishing and delivering 704 feet of 10 inch tile.

The Engineer is further directed to proceed with the proposed improvement by force account.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE GREGG EX.DITCH NO.1255
FILING OF PETITION

Marysville,Ohio.Aug.10,1936.
Commissioners Journal Vol.22 Page 380.

County Auditor,Frank E.Smith,presented a petition signed by George R.Mohn and J.E.Russell requesting the construction and reconstruction of a single county ditch,in Liberty Township, Survey No.3480,on the course hereinafter set forth.

Commencing at the outlet of a 10 inch tile.the lower terminus of the Gregg County Ditch No.927 and in a east line of George R.Mohn's 31 acre tract;thence following the natural water course in a northwesterly direction across said Mohn's lands and the lands of Edwin and Eva herd to the Argo County Ditch No.1244;thence northerly with said Argo Ditch No.1244,far enough for a good and sufficient outlet.

The following is the nature of the work petitioned for:to be constructed by using tile of sufficient capacity to drain the lands drained therein.and that the Argo ditch be straightened ,deepened,widened far enough for a good and sufficient outlet.

It was moved by Mr.Rausch and seconded by Mr.Elliott that the Commissioners view the proposed improvement on the 4th,day of September 1936,commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon to be held on the 8th,day of September 1936, at the office of the Commissioners,Marysville,Ohio,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Elliott "aye" and Rausch "aye".

Names and addresses.where known,of all owners of the land which the petitioners claim will be benefited or damaged by the proposed improvement.

Aug.13,1936.

George R.Mohn and J.E.Russell has filed a petition requesting the improvement of a ditch beginning at the outlet of a 10 inch tile,the lower terminus of the Gregg County Ditch No.927, and in the east line of George R.Mohn's 31 acre tract;thence following the natural watercourse in a northerly direction across said Mohn's land and the lands of Edwin & Eva Herd to the Argo County Ditch,far enough for a good and and sufficient outlet for said tile.

The County Commissioners will the this proposed improvement on the 4th,day of September 1936,commencing at the beginning thereof at ten o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 8th,day of September 1936 at ten o'clock A.M.

Application for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or terminus may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,Co.Auditor.

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS,That we George R.Mohn,J.B.Herd and T.F.Lockwood are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind our selves,our heirs,executors and administrators.

Signed by us and dated this 28th,day of July 1936.

The condition of the above obligation is such,that,whereas, on the day of the above bound George H.Mohn,J.B.Herd and T.F.Lockwood filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners,praying for the reconstruction of a county ditch located in V.M.S.No.3480,Liberty Township.petitioned for by George H.Mohn and J.E.Russell and others;

Now,if the said George H.Mohn and J.E.Russell will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation to be void,otherwise to remain in full force and virtue in law.

George R.Mohn.
J.B.Herd.
T.F.Lockwood.

The above bond is hereby approved this 10th,day of August 1936.

Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE FIRST HEARING
ON GREGG DITCH NO.1255.

Marysville,Ohio.Sept.8,1936.
Commissioners Journal Vol.22 Page 343.

A petition to the Board of County Commissioners,signed by Goerge H.Mohn and J.E.Russell for the construction and reconstructuon of a single county ditch in Liberty Township,Survey No.3480,by using tile of sufficient capacity to drain the lands drained therein,and that the Argo Ditch be straightened,deepened,widened far enough for a good and sufficent outlet.,was read by the Clerk.

A bond,in the amount of $200.00,with Gorge R.Mohn,J.B.Herd and T.F.Lockwood sureties, agreeing to pay all costs if the petition is not granted or if for anu cause the petition is dismissed, and having been presented with the petition and approved by the County Auditor, was read by the Clerk.

Auditor's Vault Box No.522 GREGG EX.DITCH NO.1255 Transcribed Feb.17,1947.

FIRST HEARING CONTINUED.

Mr.J.E.Russell requested that a lateral extending up to 100 feet into his lands and the main tile terminate with a suitable headwall be constructed.

There being no objections to the proposed improvement,it was moved by Mr.Harmon and seconded by Mr.Rausch that the petition,as presented,and Lateral No.1 and headwall as requested by Mr.Russell,be granted and that the Engineer be directed to make the necessary surveys,and prepare specifications and estimated cost of construction and report to the Board of Commissioners.
Upon a call of the roll the Commissioners voted as follows;Mr.Harmon "aye" and Mr.Rausch "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON GREGG DITCH NO.1255.

Marysville,Ohio.Feb.1,1937
Commissioners Journal Vol.22 Page 402.

County Enfineer,Walter E.Griffithe, this day presented his report,including the estimated costs,assessments,plans,specifications,for the proposed Gregg Extension Ditch No.1255.

It was moved by Mr.Harmon and seconded by Mr.Shaw that a public hearing be held at the office of the County Commissioners,on assessments on Tursday February 23rd,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON GREGG DITCH NO.1255.

Marysville,Ohio.Feb.23,1937.
Commissioners Journal Vol.22 Page 408.

Theoriginal petition signed by George R.Mohn and J.E Russell was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

After receiving from the interested landowners and it being the opinion of the commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived,it was moved by Mr.Harmon and seconded by Mr.Hamilton that the report of the Engineer be accepted as submitted,and that the Engineer be directed to proceed with the improvement by posting specifications of Sections No. 1,2 and 3 in the usual place of notice and that the date of sale be March 8th,1937 at ten o'clock A.M. and further that Section No.4 be constructed by force account.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

Auditor's Vault Box No.522 GREGG DITCH NO.1255 Transcribed Feb.20,1947.

INT THE MATTER OF BIDS ON
GREGG DITCH NO.1255.

Service of notice of filing of petition shall be obtained by mailing notices and publication as provided in Section No.6447.

Signed by.
Warren Braithwaite,
Petitioner.

It was moved by MrRausch and seconded by Mr.Elliott that the Commissioners view the proposed imptovement on the 13th,day of November 1936,beginning at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 16th,day of November 1936 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Elliott "aye" and Rausch "aye".

The petitioner filed with the bond in the amount of $200.00 with Warren Braithwaite,S.W. Hill and F.M.Mulvaine as sureties,payable to the State of Ohio and conditioned for the payment of all costs if the petition is not granted,or for any cause dismissed.

Said Bond was approved the 19th,day of October,1936 by Frank E.Smith,County Auditor

It was moved by Mr.Rausch and seconded by Mr.Elliott that the bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows.Harmon "aye",Elliott "aye" and Rausch "aye".

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
October 22 1936.

Landowners affected by
Mulvaine Extension Ditch No.1256.

Warren Braithwaite has filed a petition requesting the improvement of a ditch beginning at a stake in the line between tje lands of The Richwood Banking and Warren C.Braithwaite;thence with the line of a four or five inch tile across the lands of said Warren Braithwaite to the Bellefontaine and Delaware State Road;thence across said road and the lands of Howard Hall to a point at which the present tile has a diameter of 10 inches.

The County Commissioners will view this proposed imptovement on the 13th,day of November 1936,beginning at the upper terminis thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners at Marysville,Ohio,on the16th,day of November 1936 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,Co.Auditor.

IN THE MATTER OF THE MULVAINE DITCH NO.1256-FIRST HEARING.

Marysville,Ohio.November 16th1936.
Commissioners Journal Vol.22 Page 368.

A petition to the Board of County Commissioners,signed by Warren Braithwaite,for the construction of the Mulvaine Ditch Extension No.1256,located in Leesburg Township,Surveys No. 5630-3692,was read by the Clerk.

A bond in the amount of $200.00 with Warren Braithwaite,S.W.Hill andF.M.Mulvaine as sureties,agreeing to pay all costs if the petition is not granted or is for any cause dismissed and having been presented with the petition and approved by the County Auditor,was read by the Clerk.

Howard made the oral request that if the present 8 or 10 inch tile should be found insufficient for proper drainage that they be replaced with larger or additional tiling and that the main ditch be repaired to the outlet.

It was moved by Mr.Elliott and sevonded by Mr.Rausch,it being their opinion that the construction of the improvement is necessary and will be conducive to the public welfare,that the request of Mr.Hall and the prayer of the petition be granted and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Elliott "aye" and Rausch "aye".

Auditor's Vault Box No.522 Mulvaine Ditch No.1256 Transcribed Feb.20,1947.

SPECIFICATAIONS

Said ditch and branches shall be constructed along the line as located by the stakes,and the center shall be 3 feet to the right thereof,and straight,except at the angles, which shall be made in easy rounding curves.

The trench shall be excavated in the bottom to the depth at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints,and joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer,and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer after which the trench shall be so filled that the excavated earth will all settle on the line of the tile;and all places it must be covered at least 24 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes:

Main Ditch- from Station 34.00 to Station 60.15-14" tile
" " " " 24.00 " " 34.00 12" "
or as far above Station 24.00 as reclaimed 12" tile will extend.
Main Ditch From Station 0.00 to Station 12.00-7" tile

All growing timber standing within 20 feet of the line of tile must be thoughly deadened and all brush and bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor miust be required to make all connections with all existing lines of tile, the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and materials along the line of the ditch whenever the work is not properly progressing,at the expense of the contractor.

The Engineer's directions and decisions shall be final and conclusive on all matters unless countermanded by a majority of the County Commissioners.

IN THE MATTER OF THE ENGINEER'S REPORT ON MULVAINE DITCH NO.1256.

Marysville,Ohio,March 8,1937.
Commissioners Journal Vol.22 Page 414.

County Engineer,Walter E.Griffith,this day presented his report,including estimated costs,assessments plans and specifications for the proposed Mulvaine Ditch No.1256.located in Claibourne and Taylor Townships,and petitioned for by Warren Braithwaite.

It was moved by Mr.Hamilton and seconded by Mr.Harmon that a public hearing on assessments be held at the office of the County Commissioners on Monday April 5,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye". and Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON MULVAINE DITCH NO.1256.

Marysville,Ohio.April 5,1937.
Commissioners Journal Vo.22 Page 421.

The original petition for the construction of the Mulvaine County Ditch No.1256,located in Leesburg Township,and petitioned for by Warren Braithwaite was read by the Clerk.

The result of the County Engineer's survey,containing the estimated cost by Sections,the number of acres assessed,the apportionment estimated cost of construction of said improvement and objection to the amount of assessment by S.J.Elliott were also read by the Clerk.

HEARING ON ASSESSMENTS CONTINUED.

After receiving comments from the interested landowners,the following decisions were made.

That the Engineer survey the South West corner of the lands of Seldon Hill and that it be drained into the Mulvaine Ditch Extension if found practical and that the county cooperate as their interests appear.
That the Engineer recheck the estimates on the lands of James O'Briant.

That the Engineer advertise for bids on Section No.1 for 2615 feet of 16" tile,delivered at the improvement.The date of sale to be April 26,1937 at two o'clok P.M.

That Section No.2-A-B-C-D be constructed by force account.

That the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits to be derived.
It was moved by Mr.Shaw and seconded by Mr.Hamilton that the report of the Engineer be accepted as submitted,with the exceptions as entered above,and that be be directed to proceed with the construction of the improvement.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE SELDON HILL LATERAL TO MULVAINE DITCH NO.1256.

Marysville,Ohio.Feb.28,1938.
Commissioners Journal Vol.22 Page 536.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the Commissioners amend their resolution of February 21,1938 and hereby permit S.J.Elliott to drain into Seldon Hill Lateral of Mulvaine Ditch No.1256,for a period of one year,at which tile his drainage rights shall cease, he having agreed to take the water down the natural water course in a southwesterly direction.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE SELDON HILL LATERAL-MULVAINE DITCH NO.1256

Marysville,Ohio.Feb.21,1938.
Commissioners Journal Vol.22 Page 533

It was moved by Mr.Harmon and seconded by Mr.Shaw that S.J.Elliott,R.D.Marysville,Ohio, be notified that he has no drainage rights into Seldon Hill Lateral of Mulvaine Ditch No.1256 and that it will be necessary that he refrain from draining therein by tile or otherwise.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF BIDS FOR MULVAINE DITCH NO.1256-SECTION NO.1.

Marysville,Ohio.April 26,1937
Commissioners Journal Vol.22 Page 431.

To the Board of County Commissioners
Union County,Ohio.

April 26,1937

I hereby certify that the Williams McIntire Co.bid of $706.05,on the Mulvaine Ditch No 1256,Section No.1,was the lowest bid and that it be accepted.

Walter E.Griffith,
Co.Engineer.

It was moved by Mr.Shaw and seconded by Mr.Harmon that the bid of Williams & McIntire Co. be approved and accepted,providing that proper bond is offered,accepted and filed according to statute.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE BOND FOR SECTION NO.1 MULVAINE DITCH NO.1256.

Marysville,Ohio.May 3,1937.
Commissioners Journal Vol.22 Page 433

Williams & McIntire Co.whose bid of $706.05,for the furnishing tile,Section No.1.of Mulvaine Ditch No.1256,was accepted by the Commissioners at their meeting of April 26,1927, this day presented their constractors bond,in the amount of $720.00, with W.L.Williams,H.A. Dunfee and Emma H.Williams as sureties.
It was moved by Mr.Shaw and seconded by Mr.Hamilton that the bond be approved and accepted.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACT FOR SECTION NO.1.

Furnishing tile-158.5 rods.

Marysville,Ohio.April 26,1937.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to Williams & Mcintire Co.the work of constructing Section No.1 of said improvement for the sum of (706.25)Seven hundred six and 25/100 Dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County on or before the 1st,day of June 1947.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and resold by the Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.
The contractor will be required to give the work personal attention, and shall make no sub-contracts which shall transfer the supervision of any part of the work of contruting said ditch improvement,wwithout the written consent of the Engineer.
Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

The Williams McIntire Co.
W.L.Williams,Secy.

Walter E.Griffith,
Co.Engineer.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That the Williams & McIntire Co.as principal and H.A.Dunfee and Emma H.Williams as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($720.00) Seven hundred twenty Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 26th,day of April 1937.

The condition of this obligation is such,that whereas the above bound Williams McIntire Co. have this day bid off the work of constructing Section No.1 of Mulvaine Ditch No.1256,and has entered into the above contract,subject to the approval of the Commissioners of Union County, Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time as agreed upon,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

The Williams McIntire Co.
W.L.Williams
H.A.Dunfee
Emma H.Williams

This Contract and Bond are hereby approved this 3rd,day of May 1937.

W.D.Harmon.
O.H.Shaw.
Geo.B.Hamilton
Commissioners of Union County,Ohio.

Union County Engineer's Office
Marysville,Ohio,Nov.27,1937.

To the Board of Commissioners,
Union County,Ohio.

Gentlemen:

In the matter of the construction of the Mulvaine Extension Ditch No.1256,located in Leesburg Township,I herewith submit a report of the Actual Cost of the work done and apportioned to the lands that are benefited by the improvement.

Respectfully submitted,
Walter E.Griffith,

Signed by-
Almina Love,
Petitioner.
with

After conferring the Commissioners of Marion County,it was moved by Mr.Harmon and seconded by Mr.Shaw that the Commissioners of Marion and Union Counties view the proposed improvement on the 5th,day of May 1937,commencing at the upper terminus thereof,at ten o'clock A.M. and the first hearing thereon will be held at the office of the Union County Commissioners on the 12th,day of May 1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner filed with the petition a surety bond in the amount of $300.00,with C.W.Blue,Almina Love and L.L.Temple as sureties,payable to the State of Ohio,and conditioned for the payment of all costs if the petition is not granted or if said petition is for any cause dismissed.

Said bond was approved the 12th,day of April 1937,by Frank E.Smith,County Auditor.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the said bond be approved and accepted.

Upon a roll call the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

NOTICE TO LANDOWNERS

Auditor's Office Union County,Ohio.
April 19,1937.

To the landowners affected by the proposed reconstruction of the Blue Joint County Ditch No.1257.

You are hereby notified that Almina Love has filed a petition with the Union County Auditor requesting the reconstruction of a Joint County Ditch,located in Bowling Township,Marion County and Washington and Jackson Townships,Union County,Surveys Nos.12188-10408-9919,on the course hereinafter set forth;Commencing at the outlet of an 18 inch tile ditch on the Blue Joint Ditch No.622 and on the lands of Almina Love;thence following the line of the open ditch in a southeasterly direction,through the lands of Almina Love to the Eastman Gravel Road;thence continuing southeasterly across said road,the lands of Leonard L.and Bertha M.Temple,a Township Road, said Temple lands,and the lands of C.W.& Bertha R.Blue to the Eastman Gravel Road;thence continuing southwesterly across said road,the lands of Paul W.& Eva Sullivan,the Marion Essex & Byhalia State Road,the lands formerly owned by Granville H.Temple to Rush Creek and there to terminate.

Also make the necessary repairs to tile on the lands of Almina Love and place a reinforced concrete headwall at the outlet of said tile.

The following is the nature of the work petitioned for:Deepening.straightening and widening wherever necessary and spreading all excavated materiasl.

Cthe Commissioners of Marion and Unon Counties will view the proposed improvement on the 5th,day of May 1937,beginning at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon

NOTICE TO LANDOWNERS CONTINUED.

At ten o'clock A.M. and the first hearing thereon will be held at the office of the Union County Commissioners,on the 12th,day of May 1937,at ten o'clock A.M.

Respectfully,

Frank E.Smith,
Co.Auditor

Commissioners Journal Vol.22 Page 435.

Commissioners O.C.McCurdy,J.O.Weiss and L.C.Cusick of Marion County and W.D.Harmon, O.H.Shaw and George B.Hamilton of Union County, met in the office of the Union County commissioners,on May 5th,1937,to organize a Joint Board of Commissioners to conduct the proceedings in connection with the Blue Joint County Ditch No.1257 located in Marion and Union Counties.

It was moved by Mr.Mc Curdy and seconded by Mr.Weiss that W.D.Harmon be appointed President of said Joint Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Mr.McCurdy "aye",Mr.Weiss "aye" and Mr.Cusick "aye",Mr.Shaw "aye",and Mr.Hamilton "aye".

The Joint Board of Commissioners thereupon proceeded to view the said proposed improvement.

I,Frank E.Smith,Clerk of the Board of Union County Board of Commissioners,do hereby certify that the foregoing is taken and copied from the record and proceedings of said Board and that it is a true and correct copy thereof.

Frank E.Smith,
Clerk of the Board of County Commissioners.

IN THE MATTER OF THE BLUE JOINT COUNTY DITCH NO.1257-FIRST HEARING.

Marysville,Ohio.May 12,1937
Commissioners Journal Vol.22 Page 438.

The Joint Board of Commissioners of Marion and Union Counties met this day,in special session,with the following members present;J.O.Weiss,O.C.McCurdy,W.D.Harmon,O.H.Shaw and Geo. R.Hamilton with County Auditor Frank E.Smith acting as Clerk.

The petition to the Board of County Commissioners,signed by Almina Love,requesting the reconstruction of the Blue Joint County Ditch,located in Bowling Green Township,Marion County and Washington and Jackson Townships,Union County,was read by the Clerk.

A bond in the amount of $300.00,with C.W.Blue,Almina Love and L.L.Temple as sureties, agreeing to pay all costs if the petition is not granted or if for any the cause is dismissed and having been presented with the petition and appproved by the Union County Auditor,was also read by by the Clerk.

Henry Newton requested the repair of the lateral which affects the drainage of his lands.

Leonard L.Temple requested the repair of the 12 inch tile lateral on his lands and the reconstruction of curves on the lands of Chas.W.Blue so as to prevent washing of earth materials.

E.M.Hamilton requested the repair of the 6 inch tile on his lands.

Thomas Forrider requested the extension of the present tile ditch through the lands of Almina Love and Leonard L.Temple.

It being the opinion of the Joint Board of Commissioners that the proposed improvement is necessary and will conducive to thenpublic welfare,it was moved by Mr.McCurdy and seconded by Mr.Hamilton that the prayer of the petition be granted and that the requests of Henry W.Newton, Leonard L.Temple,Chas W.Blue, and E.M.Hamilton,as entered above,also be granted and that the request of Thomas Forrider be rejected,and further that the Union County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to the Joint Board of Commissioners.

Upon a call of the Roll the Commissioners voted as follows;Weiss "aye",McCurdy "aye", Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS ON BLUE JOINT COUNTY DITCH NO.1257

Marysville,Ohio.Jan.3,1938
Commissioners Journal Vol.22 Page 518

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications for the proposed improvement of the Blue Joint County Ditch No.1257.located in Bowling Green Township,Marion County and Jackson Township, Union County,and petitioned for by Almina Love.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the Commissioners on Wednesday February 2nd,1938 at ten o'clock A.M.

IN THE MATTER OF HEARING ON ASSESSMENTS ON BLUE JOINT COUNTY DITCH NO.1257.

Marysville,Ohio.Feb.2,1938
Commissioners Journal Vol.22 Page 526 1/2

The Joint Board of Commissioners of Marion and Union Counties met this day,in special session, with the following members present;O.C.McCurdy,J.O.Weiss,L.C Cussick,W.D.Harmon,O.H.Shaw and George R.Hamilton with County Auditor Frank E.Smith acting as Clerk.

The petition to the Joint Board of Commissioners,signed by Almina Love,requesting the reconstruction of the Blue Joint County Ditch,located in Bowling Green Township,Marion County and Jackson Township,Union County was read by the Clerk.

The result of the County Engineer's surveying containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

After receiving comments from interested landowners and it being the opinion of the Joint Board of Commissioners that the proposed improvement is necessary and that the costs will be less than the benefits to be derived,it was moved by Mr.Cussickand seconded by Mr.Weiss that the assessments be accepted and that the Engineer be directed to proceed with Section No.1 of the improvement by advertising for bids and with Section No.2 by force account.Said bids to be received in the office of the County Engineer until ten o'clock A.M.Feb.21,1938.

Upon a call of the roll the Commissioners voted as follows:McCurdy "aye",Weiss,"aye", Cussick "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF BIDS RECEIVED FOR BLUE JOINT COUNTY DITCH NO.1257.

Marysville,Ohio.Feb.21,1938.
Commissioners Journal Vol.22 Page 534.

The Joint Board of Commissioners of Marion and Union Counties met this day with the following members present;O.C.McCurdy,J.O.Weiss,L.C.Cussick,W.D.Harmon,O.H.Shaw and Geo.R.Hamilton, with County Auditor acting as clerk.

To the Joint Board of Commissioners.

In obedience to your direction and also in pursuance of the notice duly given as provided by law,bids for the reconstruction of the above named improvement were received by me as follows:

General Construction Co.	$1682.00
F.A.McAllister	1358.76
E.M.Weston & Son	1395.00
Geo.J.Igel & Co.	1654.33

I recommend the following bid as the best:

F.A.McAllister,Richwood,Ohio,$1358.76.

Signed.
Walter E.Griffith,Co.Engineer.

It was moved by Mr.Cussick and seconded by Mr.Hamilton that the bid of F.A.McAllister,in the amount of $1358.76,for the reconstruction of Section No.1 of Blue Joint County Ditch be approved and accepted,providing that proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows:McCurdy "aye",Weiss "aye", Cussick "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE BOND FOR THE CONSTRUCTION OF SECTION NO.1 OF BLUE JOINT COUNTY DITCH NO.1257.

Marysville,Ohio.Feb.28,1938.
Commissioners Journal Vol.22 Page 536.

F.A.McAlliste whose bid of $1358.76,for the reconstruction of Blue County Ditch was accepted by the Commissioners at their meeting of February 21,1938,this day presented his contractors bond,in the amount of $1939.55 with F.A.McAllister as principal and Mabel I.McAllister and R.C/Peet as sureties.

It was moved by Mr.harmon and seconded by Mr.Hamilton that the bond be approved and accepted

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACT FOR SECTION NO.1.

Section No.1 From Station 0.00 to Station 101.25-613.39-rods Open ditch.

Marysville,Ohio.Feb.21,1938

It is hereby certified by Wlater E.Griffith the duly appointed Engineer of the siad ditch improvement,that after legal notice of sale,he has this day sold to F.A.McAllister Contractor the work of constructing Section No.1 of said ditch for the sum of $1358.76-Thirteen Hundred fifty-eight and 76/100 Dollars,which work said contractor hereby agrees to complete according to specification of same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of July 1938.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the hereinbefore named,then the said work may be re-estimated and resold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the same within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of the constructuon of said ditch without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E,Griffith, Co.Engineer.

F.A.McAllister, Contractor

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I.McAllister and R.C.Peet as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($1939.55) Nineteen hundred thirty nine and 55/100 Dollars,for the payment of which we jointly and severally bind ourselves by these presents this day of February 1938.

The conditions of the above obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1 of said ditch,and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

BOND OF CONTRACTOR CONTINUED.

Now,if the said contractot shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complet the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
R.C.Peet.

This Contract and Bond are hereby approved this 28th,day of February 1938.

W.D.Harmon.
O.H.Shaw.
Geo.R.Hamilton.

IN THE MATTER OF THE BLAIN DITCH REPAIR NO.447-FILING OF PETITION.

Marysville,Ohio.March 29,1937
Commissioners Journal Vol 22 Page 421

County Auditor,Frank E.Smith,presented a petition,signed by Charley Daum and others for the cleaning out and repairing,as a unit,Blain Ditch No.447,located in Jackson Township,in accordance with Section 6700 and 6701 of the General Code of Ohio,Said petitioners being the owners of two-thirds of the amount of apportionment.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the County Surveyor be directed to make the necessary survey,prepare the estimated costs of repair and make the required report for the consideration of the Board of Commissioners.

COPY OF PETITION

To the County Engineer of
of Union County,Ohio.

Marysville,Ohio.March 20th,1937

We undersigned owners of twO-thirds in amount of the apportionment of the work to clean out or repair the Blain County Ditch No.447,Repair Ditch,hereby petition that the work be done as a unit in accordance with Sections 6700 and 6701 of the General Cosde of Ohio.

Beginning at the upper end of the Blain County Ditch No.447 on the lands of Mary M.Blain, Survey No.3473,Jackson Township;thence with said tile ditch in a northeasterly direction across said lands and the lands of Daisy Krouscup et al,the lands of Barbary Wottring,Jacob Schurch, Minnie C.Schurch and Delbert H.Lane to the outlet of a 12 inch tile;thence with the open ditch tp Rush Creek.

We ask that siad ditch be repaired by taking up,cleaning out and replacing the tile wherever filled or broken,and that all trees and brush obstructing the ditch, be deadened or grubbed and that said tile be extended to Rush Creek by using 14 inch tile,or tile of sufficient capacity to drain the lands drained therein.

Signed by-

Charley Daum — Barbara Wottering — Delbert H.Lane — Jacob Schurch
John W.Lane — Mary J.Lewis — Mary M.Lane.

County Engineer's Office
Marysville,Ohio,May 17,1937.

To the Board of Commissioners,
Union County,Ohio.

Gentlemen;

In the matter of the repair of the Blain County Ditch No.447,Jackson Township,Union County,Ohio,as requested by Delbert H.Lane and other land owners consisting of two-thirds in amount of the Apportionment,filed March 20,1937,and in accordance with your orders,I proceeded to survey and examine said ditch,April 13,1937,and report the following:

The tile is broken and filled at several points;trees are growing over and near the tile in several places,and the tile passes through a second growth woods the roots of which fill the tile on the lands of Daisy Krouskopf et al,and at the outlet the ditch is filled above the tile.

I recommend that the ditch be repaired by extending the tile to the creek,using 12 inch tile and placing a small header at the outlet;deadening all trees;grubbing the brush within 20 feet of the tile;taking up,cleaning and replacing all the filled tile with roots,and replacing tile in all broken places.

Respectfully submitted,
Walter E.Griffith,
Engineer.

SPECIFICATIONS*TILE DITCH._

Said ditch and branches shall be constructed along the line as located by the stakes and the center shall be 3 feet to the right thereof,and straight,except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated in the bottom to the depth at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let ditt through must be covered with broken pieces of tile. No tile shall be laid until they have been examined and approved by the Engineer or Commissioners;

SPECIFICATIONS CONTINUED.

And after being laid they must be left uncovered until examined and approved by the Engineer;after which the trench must be so filled that the excavated earth will all settle on the line of the tile; and in all places it must be covered at least 24 inches,except at the filters as hereinafter specified.

At Station 0.00 & Station 0.00-625',inlets sahll be constructed as follows,1 Vit."T" tile grate.

The tile shall be of the following sizes:

From Station 0.00 to Station 10.88-12 inch tile.

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS ON BLAIB DITCH #447.

Marysville,Ohio.June 14,1937.
Commissioners Journal Vol.22 Page 449.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications for the proposed repair of Blain Ditch No.447,located in Jackson Township and petitioned for by Charlie Daum et al.

It was moved by Mr.Harmon and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the County Commissioners on Monday July 12th,1937 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye".

OBJECTION TO ASSESSMENT

Richwood,Ohio.July 3,1937.

Dear Sir;I received a statement from you of an assessment against me of $4.28 on the Blaine County Ditch No.447.I cannot see where we have any water that empties into that ditch

Thenpetition was never brought to me to sign,I also saw Delbert Lane and he said you gave him all the names that had farms drained by said ditch & my name was not among them.

Please explain.

Mabel E.Marks.

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON BLAIN DITCH NO.447.

Marysville,Ohio.July 12,1937
Commissioners Journal Vol.22 Page 456.

The petition for the repair of Blain Ditch No.447 located in Jackson Township,and petitioned for by Charlie Daum et al,was read by the Clerk.

The recommendation of theCounty Engineer and the result of his survey,containing the number of acres assessed and apportionment estimated costs of construction of said proposed improvement was also read by the Clerk.

Mrs.Mary Blain,the only affected landowner present,objected to her estimated assessment but withdrew her objection after explanations were offered,.The written objection of Mabel E. Marks to her assessment was also read.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived,it was moved by Mr.Harmon and seconded by Mr.Shaw that the report of the Engineer be accepted as submitted and that the Engineer be directed to proceed with the improvement of Section No.2 and parts of B and C. of Section No.3 fy force account and that Section No.1 and part A of Section No.3 be advertised.The date of sale to be August 9,1937 at two o'clock P/M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" Shaw "aye" and Hamilton "aye".

Marysville,Ohio.August 9,1937
Commissioners Journal Vol.22 Page 464

To the Board of Commissioners,
Union County,Ohio.

Gentlemen:

In the matter of the Blain Ditch Repair and extension,No.447,sale on this day,August 9,I recommend that Section No.1 consisting of furnishing and delivering first class tile,be awarded to Williams & McIntire Co.at their bid of $442.24,the only bid received.

Walter E.Griffith,Co.Engineer.

It was moved by Mr.Shaw and seconded by Mr.Harmon that the bid of Williams & McIntire in the amount of $442.24 be approved and accepted,providing that bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaz "aye" and Hamilton "aye".

IN THE MATTER OF THE BOND OF WILLIAMS & MCINTIRE FOR TILE ON BLAIN DITCH NO.447.

Marysville,Ohio.August 16,1937.
Commissioners Journal Vol.22 Page 467.

Auditor's Vault Box No.523 SUGAR RUN DITCH NO.1258 Transcribed Feb.27,1947.

IN THE MATTER OF THE SUGAR RUN DITCH NO.1258-FILING OF PETITION.

Marysville,Ohio.August 2,1937
Commissioners Journal Vo.22 Page 461.

Date of Petition July 17,1937.

County Auditor,Frank E.Smith,presented a petition signed by Joe derio and alverio Derio requesting the reconstruction of a single county ditch,a northerly extension of Sugar Run Ditch No.515,located in Millcreek and Jerome Townships,beginning Survey No.5477 and1394 and extending into Survey No.5724,on the course hereinafter set forth.

Commencing at the outlet of an 18 inch tile known as Sugar Run Ditch No.515,and the two lines of 8 inch tile known as the Henderson Ditch No.278;thence with the open ditch in a southerly direction through and across the lands of Joe & Alverio Derio,The Virginia Joint Stock Land Bank and Ralph Gooding to Sugar Run Ditch No.1249,also the repair of the above named tile as far as they extend on the lands of Joe and alviro Derio.

The following is the nature of the work petitioned for;Reconstruction,cleaning out,deepening and widening of the present ditch,repairing tile by taking up,cleaning out and replacing broken tile and constructing the necessary retaining walls at the outlet of the tile.

A list of the names and addresses,where known,of all landowners which the petitioner claims will be benefited or damaged by the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notices and publication-Section 6447.

Signed.
Joe Derio
Alvera Derio,
Petitioners.

It was moved byMr.Hamilton and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 27th,day of August 1937,commencing at the beginning thereof,at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners on the 30th, day of August 1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Shaw "aye",Harmon "aye" and Hamilton "aye".

The petitioners filed with petition a surety bond in the amount of $200.00,with Joe Derio, E.B.Bumgarner and Elton M.Kile as sureties,payable to the State of Ohio, and petitioned for the payment of all costs if the petition is not granted.

Said bond was approved the 2nd,day of August 1937,by Frank E.Smith,County Auditor.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Shaw "aye",Harmon "aye" and Hamilton "aye".

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS:That we Joe Derio as principal and E.B.Bumgarner and Elton M.Kile as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hendred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 31st,day of Jily 1937.

The condition of the above obligation is such,that,whereas,on the 31st,day of July 1937, the above bound has filed his petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch,Jerome and Millcreek Townships,a northerly extension Sugar Run Ditch No.515,petitioned for by Joe and Alvera Derio et al the following being the course and termini of said proposed improvement,to-wit;Commencing at the outlet of an 18 inch tile known as the Henderson Ditch No.278;thence with the open ditch in a southerly direction through and across the lands of Joe and Alvera Derio,the Virginia Joint Stock Land Bank and ralph Gooding to Sugar Run No.1249.

Also,the repair of the above named tile as far as they extend on the lands of Joe and Alvera Derio.

We ask for the reconstruction and repairing tile by taking up,cleaning,replacing broken tile and constructing a necessary retaining retaining wall at the outlet of the tile.

Now,if the said sureties will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void,otherwise to be and remain in full force and virtue in law.

Joe Derio.
E.B.Bumgarner.
Elton M.Kile

The above bond is approved this 2nd,day of August 1937.

Frank E.Smith.
County Auditor

NOTICE TO LANDOWNERS

Landowners affected by
Sugar Run Branch Ditch No.1258.

Auditor's Office,Aug.9,1937.

Joe and Alvera Derio has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of an 18 inch tile known as Sugar Run Ditch No.515.and the two lines of 8 inch tile known as the Henderson Ditch No.278;thence with the open ditch through and a across the lands of Joe and Alvera Derio,the Virginia Joint Stock Land Bank and Ralph J.Gooding to Sugar Run Ditch No.1249.Also the repair of theabove named tile as far as they extend on the lands of Joe and Alvera Derio.

The Commissioners will view the proposed improvement on the 27th,day of August 1937, commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners on the 30th,day fo August 1937,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners ,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE SUGAR RUN BRANCH DITCH NO.1258-FIRST HEARING.

Marysville Ohio.Aug.30,1937.
Commissioners Journal Vol.22 Page 471.

The petition to the Board of Commissioners,signed by Joe and Alvera Derio,requestint the improvement of Sugar Run Branch Ditch No.1258,located in Jerome and Millcreek Townships,was read by the Clerk.

A bond in the amount of $200.00,with Joe Derio,E.B.Bumgarner and Elton M.Kile as sureties, agreeing to pay all costs if the petition is not granted or if said petition is for any cause dismissed and having been presented with the petition and approved by the County Auditor,was also read by the Clerk.

Comments from the interested landowners were invited by the Chairman.

It bing the opinion of the Commissioners that the proposed improvement is necessary and will conducive to the public welfare,it was maved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted,that the tile be examined with reference to condition and repair to the head of the original Sugar Run Ditch No.515 and that the County Engineer be directed to make the necessary surveys prepare specifications and estimated cost of construction and present his report to the Board of County Commissioners.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ASSESSMENTS ON SUGAR RUN BRANCH DITCH NO.1258 — Marysville,Ohio,Jan.27,1938 Commissioners Journal Vol.22 Page 523.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans,specifications for the proposed improvement Sugar Run Branch Ditch No. 1258.located in Jerome and Millcreek Townships,and petitioned for by Joe & Alvera Derio.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that a public hearing on assessments be held on Monday February 14th,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON SUGAR RUN DITCH NO.1258. — Marysville,Ohio.Feb.14,1938. Commissioners Journal Vol.22 Page 531

The petition for the improvement of Sugar Run Branch Ditch No.1258,located in Jerome and Millcreek Townships,and petitioned for by Joe and Alvera Derio was read by the Clerk.

The result of the Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

Because of objections to the number of acres assessed,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the hearing on assessments be adjourned until Monday March 7th,1938, in order that the records may be checked and adjustments made,if found necessary.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON SUGAR RUN BRANCH DITCH NO.1258. — Marysville,Ohio.March 7,1938. Commissioners Journal Vol.22 Page 539.

After consideration of number of acres being assess ed,by several landowners,it was moved by Mr.Hamilton and seconded by Mr.Harmon that the hearing on assessments be postponed until March 14th,1938 at ten o'clock A.M.in order that the drainage area may be more carefully viewed and investigated.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" and Hamilton "aye"

In the MATTER OF THE HEARING ON ASSESSMENTS ON SUGAR RUN BRANCH DITCH NO.1258. — Commissioners Journal Vol.22 Page 543 Marysville,Ohio.March 14,1938.

The minutes of the preceeding hearing ,under the date of March,7th,1938,were read by the Clerk.

The Commissioners after having reviewed and reinvestigated the drainage area,decided to reduce the number of acres assessed as follows;Fladt Cornelius & Loise from 51 acres to 42 acres and Johnston Lawrence & Rosanna from 72.60 to 48.60 acres.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,and that the costs will be less than the benefits to be derived,it was moved by Mr.Shaw and seconded by Mr.Hamilton that the assessments,after the correction of those entered above,be approved and that the County Engineer be directed to proceed with the improvement by advertising for bids.Said bids to be received in the office of the County Engineer until two o'clock P.M.March 28th,1938.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

OBJECTIONS

To the Board of Commissioners, Union County,Ohio. — Delaware,Ohio.

Gentlemen;

In regards to Sugar Run Branch Ditch No.1258,if your proposed cleanining project calls for removal of my bridge,that is serviceable and in good condition,that is located near Station No.23,I estimate that replacement of a longer bridge will cost me not less than $60.00,due to the fact that I can salvage some of the floor for the new bridge,I will be willing to compromise the expense and pau one third myself and the County the other two thirds or only $0.00,or if the County prefers they may supply steel stringers safe enough for such loads as may pass over the bridge and I will furnish the floor.Res

Respectfully,

Ralph J.Gooding.

Feb.2,1938.

OBJECTIONS CONTINUED.

Marysville,Ohio.Feb.11,1938.

Auditor's Office
Union County,Ohio.

Dear Sir;
In regard to the 72.60 acres 40% of the field empties in the Sugar Run Ditch below the proposed Sugar Run Branch No.1258.
In regard to the 171 acres there is 100 acres goes in tile ditches through the Tom Kilgore Ditch which empties into Mill Creek.
Therefore there is 190 acres that does not drain into the Sugar Run Branch No.1258.
The Sugar Run Branch Ditch No.1258 is on the land of Joe and Alvera Derio,if any widening of the ditch is necessary and crosses the survey line on our land we expect $500.00 damages.
The construction of Sugar Run Ditch No.1258 will not benefit our land at all.

Yours truly,
Lawrence and Rosanna M.Johnston.

IN THE MATEER OF BIDS RECEIVED FOR SUGAR RUN BRANCH DITCH NO.1258.

Marysville,Ohio.March 28,1938.
Commissioners Journal Vol.22 Page 548.

To the Board of Commissioners,
Union County,Ohio.

In obedience to your direction and also in pursuance of the notice duly given as provided by law, bids for the work of construction and furnishing materials for the above named improvement,bids were received by me as follows;

$630.03	George G.Ingle & Co.Inc.
651.75	F.A.McAllister
620.75	E,M.Weston & Son.

I recommend the following bid as the best: E.M.Weston And Son,Richwood,Ohio.

Walter E.Griffith,
Co.Engineer.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the bid of E.M.Weston and Son, in the amount of $620.75,for the improvement of Sugar Run Branch Ditch No.1258,be approved and accepted providing that proper is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE BOND OF THE CONTRACTOR.

E.M.Weston and Son whose bid of $620.75 for the improvement of Sugar Run Branch No.1258, was accepted by the Commissioners at their meeting of this date,this day presented his contractors bond in the amounty of$651.75,with E.M.Weston and Son as principal and Hazel R.Evans and Blanche Hostetter as sureties.
It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACT FOR SECTION NO.1.

Section No.1.From Station 0.00 to Station 28.30-17.2 rods
Open Ditch-Excavation 4345 cu.yd.

Marysville,Ohio.March 28,1938.

It is hereby certified by Wlater E.Griffith the duly appointed Engineer of said ditch improvement,that after legal notice of sale,he has this day sold to E.M.Weston and Son contractor the work of constructing Section No.1 of said ditch for the sum of $620.75 Dollars, which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 1st,day of June 1938.
And it is further agreed and expressly understood that in case the said contractor shall fail to complete the work within the time hereinbefore named,than the said work may be re-estimated and re-sold by the Engineer or completed by the said Engineer at the expense of the contractor and bondsmen according to law.
And the said Contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and pay for all damages which may accrue by reason of the failure to complete the same within the time aforesaid.
The contractor will be required to give the work personal attention and shall make no Sub-contracts which shall transfer the supervision of any part of the construction of said ditch without the written consent of the Engineer.
Provided this contract shall be of no force or effect until the approval of the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer. E.M.Weston and Son, Contractor

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:That E.M.Weston and Son as principal and Hazel R.Evans and Blanche Hostetter as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($651.75) Six hundred fifty-one and 75/100 Dollars.for the payment of which we jointly and severally bind ourselves this 28th,day of March 1938.
The condition of this obligation is such,that whereas the above bound E.M.Weston and Son has this day bid off the work of constructing Section No.1 of Sugar Run Branch Ditch No.1258 and has entered into the above contract subject to the approval of the Commissioners of Union County,Ohio.
Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the work as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

BOND OF CONTR ACTOR CONTINUED.

This contract and Bond are hereby approved this 28th,day of March 1938.

E.M.Weston
Hazel R.Evans.
Blanche Hostetter.

O.H.Shaw.
Geo.R.Hamilton

To the Board of County Commissioners,
Union County,Ohio.

County Engineer's Office
Marysville,Ohio.June 11,1938.

Gentlemen;

In the matter of the Sugar Run Branch Ditch No.1248, Jerome and Millcreek Townships, as petitioned by Joe and Alvera Derio;

Under Section No.2 of the Engineer's report estimate filed January 17th,1937,the sum of $334.32 was estimated to build a header at the outlet of the tile and to repair the tile emptying at the upper terminus of said open ditch.

Upon completion of Section No.1 the open ditch-it is found that the 18 inch tile is half full of mud fo a length of at least1700 feet as well as being broken at various points in said length and also find that the 1700 feet has a total fall of less than .8 of a foot There also exists a 12 inch tile draining from the north approximately 2000 feet in length which is entirely filled with mud.From the east there is a 12 inch tile which may require as much as 200 feet to be taken up,cleaned and relayed.

In view of the fact that $334.32 is not sufficient to make the proper repair,I wish to submit for your approval the following estimate of the work remaing to be done,and the apportionment of the estimated cost.

Auditor's Vault Box No.523 SUGAR RUN BRANCH DITCH NO.1258 Transcribed Feb.28,1947.

IN THE MATTER OF SECOND HEARING ON ASSESSMENTS ON SUGAR RUN BRANCH DITCH NO.1258.

Marysville,Ohio.June 13,1938
Commissioners Journal Vol.22 Page 572.

The County Engineer this day presented a revised apportionment estimated cost of construction of Section No.2 of Sugar Run Branch Ditch No 1258,a revision of estimates necessitated by unforseen conditions of tile in said section.

It was moved by Mr.Harmon and seconded by Mr.Shaw that a public hearing be held on assessments at the office of the Commissioners on the 5th,day of July 1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF SECOND HEARING ON ASSESSMENTS SUGAR RUN BRANCH DITCH NO.1258.

Marysville,Ohio.July 5,1938
Commissioners Journal Vol.22 Page 579.

The report of the Engineer on Section No.2 of Sugar Run Branch Ditch No.1258 and the revised apportionment estimated cost of construction was read by the Clerk.

There being no objections to the assessments and it being the opinion of the Commissioners that this portion of the improvement is conducive to the public welfare,and that the cost will be less than the benefits to be derived,it was moved by Mr.Hamilton and seconded by Mr,Shaw that the Engineer be directed to proceed by force account on the various branches of Section No.2,as estimated in his report.

Upon a call of the roll the Commissioners voted as follwws;Harmon "aye"Shaw "aye" and Hamilton "aye".

Engineer's Office ,Marysville,Ohio.
Dec.20,1938.

To the Board of Commissioners,
Union County,Ohio.

IN THE MATTER OF FULTON CREEK JOINT DITCH NO.1259-FILING OF PETITION.

Marysville,Ohio.Aug.2,1937
Commissioners Journal Vol.22 Page 462.

The Union County Board of Commissioners met this day in special session,with the following members present:W.D.Harmon,O.H.Shaw and Geo.R.Hamilton with County Auditor Frank E.Smith acting as Clerk.

County Auditor Frank E.Smith,presented a petition,signed by J.E.Cramer,Olive N.Perry and Clara Rider Fryman,requesting the improvement or reconstruction of a portion of Fulton Creek, through Claibourne and Leesburg Townships,Union County,Ohio,to the county line on the course hereinafter set forth.

Commencing at the outlet of two tile ditches which drain a portion of the village of Richwood,on the lands of Margaret E.Ross and otherslthence following the center line of Fulton Creek or near thereto, in a southerly direction through the lands of said Margaret Ross et al, Lewis J.& Flossie M.Lake,J.E.& Nina Cramer and Carl R.Randall to the Bethlehem and Claibourne County Road;thence with said creek across said road in a southerly direction;thence easterly through the lands of Carl R.Randall,J.E.Cramer,Clara Rider Fryman,Myrtle Waterman and the lands of the North Western Mutual Life Insurance Co. crossing the Marysville and Marion State Road;then onto the lands of Louisa Mather,D.A.& L.A.Cushman,Freeman & Charles E.Cushman,Ora J.Neel,R.D. Connell,to the lands of Fred Dilsaver;thence in a southerly direction across said Dilsavers lands;thence along the lands of Ora J.Neel,T.R.Hartman,Howard Mather,Jesse & Belle Adams, State of Ohio,(Emma Ewing),Clara E.Chidester and Alice E.Clark into Leesburg Township through the lands of said Clara E.Chidester and Alice C.Clark,H.M.Morrismand Berlin Forrider to the Union and Delaware County line,or far enough to drain all lands of said petitioners et al.

Walter Hartman asked for the extension of the proposed improvement or reconstruction of Fulton Creek,as petitioned for by J.E.Cramer and others,into Thompson Downship,Delaware County,and that the terminus of the said improvement be the Scioto River or far enough for a good and sufficient outlet for the lands drained therein.

The following is the nature of the work petitioned for:Reconstruction,straightening, cleaning,deepening,widening,etc,far enough for a good and sufficient outlet for the lands drained therein.

After conferring with the Commissioners of Delaware County,it was moved by Mr.Harmon and seconded by Mr.Hamilton that the Commissioners of Union and Delaware Counties view the proposed improvement on the 31st,dau of August 1937,commencing at the upper terminus,at ten o'clock A.M. and the first hearing thereon will be held at the Office of the Union County Commissioners, Marysville,Ohio,on the 7th,day of September 1937. at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioners filed with the petition a surety Bond in the amount of $500.00,with J.E. Cramer,L.J.Lake and C.R.Randall as sureties,payable to the State of Ohio and conditioned for the payment of all costs if the petition is not granted or if said petition is for any cause dismissed.

Said bond was approved the 3rd,day of August 1937 by Frank E.Smith,County Auditor.

It was moved by Mr.Shaw and seconded by Mr.Harmon that siad bond be approved and accepted.

Upon a call of the roll the Commisssiones voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF FIRST HEARING ON FULTON CREEK JOINT COUNTY DITCH?NO.1259.

Marysville,Ohio.Sept.7,1937.
Commissioners Journal Vol.22 Page 477

Commissioners T.E.Cowgill,F.Griffith and H.Lott of Delaware and W.D.Harmon,O.H.Shaw and Geo,R.Hamilton of Union County met at the upper terminus of the proposed improvement of Fulton Creek on the 31st,day of August 1937,to view the proposed improvement and to organize a joint Board of Commissioners to conduct the proceedings in connection therewith.

It was moved by Mr.Griffith and seconded by Mr.Lott that Mr.Harmon be appointed President of the Joint Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows:Cowgill "aye",Griffith "aye", Lott "aye" and Shaw "aye",Harmon "aye" and Hamilton "aye".

The Joint Board of Commissioners thereupon proceeded to the proposed improvement in accordance with their decision of August 3rd,1937.

All members were present of the Joint Board of Commissioners.

Because of inadequate seating facilities in the office of the office of the Commissioners,i it was moved by Mr.Hamilton and seconded by Mr.Shaw that the hearing be adjourned to the Common Pleas Court Room.

Upon a call of the roll ,all members voted "aye".

The petition to the Board of Commissioners,signed by J.E.Cramer,Olive N.Perry and Clara Rider Fryman,requesting the improvement of Fulton Creek to the Union and Delaware County line was read by the Clerk.

The request of Walter Hartman that the improvement of Fulton Creek,as petitioned for by J.E.Cramer et al,be extended through Thompson Township,Delaware County,to the Scioto River,was also read by the Clerk.

A bond in the amount of $500.00 ,with J.E.Cramer,L.J.Lake and C.R.Randall as sureties, conforming to all the of the provisions of Section No.6446 of the General Code,was also read by the Clerk.

Comments from the petitioners and any other interested landowners were invited by the Chairman.

Mr.Hillman of the Bureau of Agricultural Engineering,operating the C.C.C.Camp at Delaware outlinded the extent to which his Bureau would participate in the proposed improvement which included their offer to conduct the survey.

Remonstrances signed by Albert Johnson et al,Charles Bice et al,Robert Mathers et al,and I.M.Howison et al,were presented by Attorney Fred McAllister.

All comments having been received it was moved by Mr,Cowgill and seconded by Mr,H amilton that the hearing be adjourned and that the Commissioners meet in the office of the Commissioners for further consideration.

Upon a roll call all members voted "aye".

A motion was offered by Mr.Cowgill and seconded by Mr.Hamilton that the prayer of the petition and the request of Mr.Hartman for an extension,be granted and that the Engineer be directed to make the necessary survey as required by the petitions and that the survey be extended to the Osbourne Road in York Township,as requested by Carrie S.Williams et al

Upon a call of the Roll all members voted "aye".

FIRST HEARING CONTINUED.

The Commissioners having found for the improvement and ordered a survey,it was moved by Mr.Lott and seconded by Mr.Griffith that the Union County Engineer,Walter E.Griffith be desiginated as the Engineer on the project and further that he file a report of the estimated aggregate cost at a meeting of the Joint Board of Commissioners on Thursday October 21st,1937.
Upon a roll call all members voted "aye".

The Joint Board suggests that the County Engineer use,in so far as practical,the services of the Agricultural Bureau Engineering in making the required survey.

IN THE MATTER OF THE HEARING ON AGGREGATE COST OF FULTON CREEK DITCH NO.1259

Marysville,Ohio,March 19,1938.
Commissioners Journal Vol.22 Page 545.

The Joint Board of Commissioners met this day,in special session,with the following members present; T.E.Cowgill,F.Griffith and H,Lott,W.D.Harmon,O.H.Shaw and Geo.R.Hamilton with County Auditor Gtank E.Smith acting as Clerk.
The minutes of the preceeding meeting were read and approved by the Clerk.

County Engineer,Walter E.Griffith presented to the Board his preliminary plans and estimated aggregated cost ot the proposed improvement.Said plans and profile showed the approximate depth and a typical cross section of the proposed improvement.The Engineer explained to the Board and the enterested landowners present the type of construction,namely the depth of the ditch and the amount of yardage to 100 feet.He also stated that,in his opinion,the cost of the entire improvement would be approximately $100,000.00 and that the number of acres drained by the proposed improvement would be approximately 28,500 acres and in addition about 500 lots in Richwood and Claibourne.
Comments from the landowners present were invited by the Chairman.The consesus of opinion the cost of the improvement is necessary and desirable.
Therefore,it it being the opinion of the Joint Board of Commissioners that the proposed improvement is conducive to the public welfare,it was moved by Mr.Cowgill and seconded by Mr. Hamilton that the preliminary report of the Engineer be accepted and that he be directed to continue his survey and prepare the apportionment estimated cost of construction and report to this Joint Board on June 21st,1938.
Upon a call of the roll the Commissioners voted as follows;Cowgill "aye",Griffith "aye", Lott "aye",Harmon "aye",Shaw,"aye" and Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON FULTON CREEK DITCH NO.1259

Marysville,Ohio.June 20,1938.
Commissioners Journal Vol.22 Page 574.

The County Engineer reported that the apportionment estimated cost of construction of Joint County improvement of Fulton Creek,due June 21st,1938 was not completed.
After conferring with the Commissioners of Delaware County,it was moved by Mr.Hamilton and seconded by Mr.Harmon that the date for filing be extended to August 15th,1938.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON FULTON CREEK DITCH NO.1259.

Marysville,Ohio.August 25,1938.
Commissioners Journal Vol.22 Page 592.

The Joint Board of Commissioners of Delaware and Union Counties met this day in special session,with the following members present;T.E.Cowgill,G.Griffith,H.Lott,W.D.Harmon,Shaw,and Hamilton with County Auditor Frank E.Smith acting as Clerk.

County Engineer,Walter E.Griffith,this day presented his report,including the number acres assessed,apprortionment estimated cost of construction,plans and specifications on the proposed improvement of Fulton Creek as petitioned for by J.E.Cramer,Olive N.Perry and Clara Rider Fryman.
It was moved by Mr.Cowgill and seconded by Mr.Griffith that the report of the Engineer be accepted and that the public hearings on assessments be held in the office of the Union County Commissioners on the following dates,at ten o'clock A.M.September 27,1938-Claibourne Township, Village of Claibourne and village of Richwood.September 20,1938Leesburg and Taylor Townships, Union County,and Thompson Township,Delaware County.September 30,1938,Jackson,Washington and York Townships.
Upon a call of the roll the Commissioners voted as follows:Cowgill "aye",Griffith "aye", Lott "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

APPLICATION RESOLUTION.

A resolution authirizing the Joint Board of Commissioners of Delaware and Union Counties to file an application to the United States of America through the Federal Emergency Adminstration of Public Works for a grant to aid in financing the construction of Fulton Creek by grubbing,widening,deepening,straightening and spreading excavated materials and designating W.D.Harmon Chairman of the Board to furnish such information as the Government may request.

Mr.Hamilton moved the adoption of the following resolution:

(CONTINUED ON NEXT PAGE)

RESOLUTION CONTINUED.

BE IT RESOLVED,by the Joint Board of Commissioners of Delaware and Union Counties: Section 1.That W.D.Harmon,Chairman,be and he is authorized to execute and file the application on behalf of the Joint Board of Commissioners of Eleware and Union Counties to the United States of America for a grant to aid in financing the construction of Fulton Creel Drainage Project. Section 2.That W.D.Harmon,Chairman,be hereby authorized and directed to furnish such information as the United States of America through the Federal Emergency Administration of Public Works may reasonably request in connection with the application which is herein authorized to be filed.

Mr.Shaw seconded the resolution and upon roll call the Commissioners voted as follows: Cowgill "aye",Griffith "aye",Lott "aye",Harmon "aye",Shaw "aye".and Hamilton "aye".

APPLICATION FOR FEDERAL GRANT.

The Joint Board of Commissioners of Delaware and Union Counties(herein called the Applicant),hereby makes application to the United States of America through the Federal Emergency Anministration of Public Works (Herein called the Government),for a grant for the purpose of aiding and financing the construction of Fulton Creek by grubbing,widening,deepening, straightening and spreading ex cavated materials from the Osborne Road,York Township,Union County, southeasterly along the center line of Fulton Creek,or near thereto,to the outlet at Scioto River,Thompson Township,Delaware County,(herein called the Project),the total cost of which is estimated to be $111,364.45.

In the event this application is approved and the Government offers to assist in financing the construction of the project,the Apllicant,if it accepts such offer,will provide funds in the amount which,together with the grant,will,in the judgement of the Applicant and the Federal Emergency Administration of Public Works,be sufficient to construct the Project,such additional funds to be provided by the Applicant in an amount and in a manner satisfactory to the Applicant and the said Administrator.

It is expressly understood that if the Government makes the above requested grant,the applicant,is accepting such grant proceeds,in expending the same,and in carrying out the construction of the Project,will abide by all rules and regulations prescribed by the Government.

IN WITNESS WHEREOF,the Applicant has caused this application to be duly executed in its name,this 25th,day of August 1938.

Joint Board of Commissioners of Union & Delaware,Counties.
By--W.D.Harmon,Chairman.

IN THE MATTER OF HEARING ON ASSESSMENTS ON FULTON CREEK DITCH NO.1259.

Marysville,Ohio.Sept.20,1938
Commissioners Journal Vol.23 Page 3.

The Joint Board of Commissioners of Delaware and Union Counties met this day,in special session,with the following members present:H.Lott,T.E.Cowgill,F.Griffith,W.D.Harmon,Shaw and Geo.R.Hamilton with County Auditor Frank E.Smith acting as Clerk.

Because of inadequate seating facillities in the office of the Commissioners,it was found necessary that the hearing be adjourned to the Common Pleas Court Room.

In accordance with previous notices to all interested landowners,the hearing this day is scheduled for the special benefit of Leesburg and Taylor Townships,Union County,and Thompson Township Delaware County.

All previous meetings on the prposed improvement of Fulton Creekmwhichare a matter of record in the Journal of the Union County Commissioners,were read by the Clerk.

The Chairman of the Joint Board,Mr.Harmon,gave an explanation of the project among other things the probability of P.W.A.participation,the period of time over which the assessments may be extended and the possible reduction of assessments due to the sale of contract below the estima of the Engineer.

County Engineer,Walter E.Griffith,explained tha nature and extent of the proposed improvement,including the following;Length 17.59 miles,trench of the following widths;From Station 153 to 609 five feet,from Station 610 to 1082 nine feet.All excavated materials to be spread so as not to exceed a depth of 3 feet.All Side slopes to be 2 1/2 to 1 on the ditch side and 5 to 1 on the field side.

Comments were invited from the interested landowners by the Chairman,as their names were read by the Clerk.

After Comments had been received from a portion of the landowners,Mr.Hamilton offered the motion that the prayer of the petition and the requests for extensions be dismissed for the reason that the total estimated cost of the proposed improvement appears to exceed the benefits to be derived if said proposed improvement is constructed.There being no second to the motion the hearing was continued.

After all comments had been heard,it was moved by Cowgill and seconded by Mr.Lott that the hearing be continued on Tuesday September 27th,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Lott "aye".Cowgill "aye", Griffith "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

TUESDAY SEPTEMBER 27-1938.

IN THE MATTER OF CONTINUED HEARING ON ASSESSMENTS.

The Joint Board of Commissioners of Delaware and Union Counties,met this day, in special session with the following members present;H.Lott,T.E.Cowgill,F.Griffith,Harmon,Shaw and Geo.R.Hamilton,with County Auditor Frank E.Smith acting as Clerk.

In accordance with previous notices to all interested landowners,the hearing this day is scheduled for the special benefit of Claibourne Township and the villages of Claibourne and Richwood and Claibourne.

Comments from interested landowners were invited by the Chairman as their names were read by the Clerk.

After all names had been read and comments received,it was moved by Mr.Griffith and seconded by Mr.Hamilton that the hearing be continued on Friday September 30th,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Lott "aye" Cowgill "aye", Griffith "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

HEARING ON ASSESSMENTS CONTINUED.

After a complete discussion of the proposed improvement,a motion was offered by Mr.Hamilton and seconded by Mr.Lott that the original findings of the Joint Board of Commissioners,under date of September 7th,1937,with reference to the Joint County improvement of Fulton Creek be reviewed and reconsidered.

Upon a call of the roll all Commissioners voted "aye".

A motion was then offered by Mr.Hamilton and seconded by Mr.Griffith that the prayer of the petition for the improvement of Fulton Creek and the two requests for extensions be dismissed for the reason that the total estimated cost of the proposed improvement appears to exceed the benefits to be derived if said proposed improvement is constructed.

Upon a call of the roll the Commissioners voted as follows:Lott "aye",Cowgill "aye", Griffith "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

It was therefore moved by Mr.Cowgill and seconded by Mr.Lott that the hearing be concluded and that the Joint Board of Delaware and Union Counties be dismissed.

Upon a call of the roll the Commissioners voted as follows;Lott "aye",Cowgill "aye", Griffith "aye",Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF RUPRIGHT DITCH NO.1260-FILING OF PETITION.

Marysville,Ohio.Aug,9,1937
Commissioners Journal Vol.22 Page 465.

County Auditor,Frank E.Smith,presented a petition signed by Omar Elbin,requesting the reconstruction of Rupright Single County Ditch No.1260,located in Paris and Taylor Townships, Survey No.5186,on the course hereinafter set forth.

Commencing at the line between the lands of John M.C.Rupright and Herman J.Scheiderer and in the line of an open ditch;thence following said ditch in a southerly direction through and along the lands of John M.C.Rupright and Omar Elbin to Mill Creek.Also a lateral commencing at the westerly margin of the Marysville & Kenton State Road and on the lands of John M.C. Rupright and in the line of an open ditch;thence following said open ditch in a easterly direction to the junction of the main ditch.

The following is the nature of the work petitioned for;cleaning out,deepening,widening, straightening etc.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 4th,day of September 1937,commencing at the upper terminus thereof, at ten o'clock A.M.And the first hearing thereon will be held at the office of the Commissioners on the 13th,day of September 1937, at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner filed with the petition a surety bond,in the amount of $200.00 with Omar Elbin,John M.C.Rupright and Charles Elbin as sureties, payable to the State of Ohio,and conditioned for the payment of all costs if the petition is not granted of if said petition is for any cause dismissed.

Said bond was approved the 9th,day of August 1937,by Frank E.Smith,County Auditor.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

COPY OF PETITION.

Petition for the reconstruction of the Rupright Ditch 1198 located in Paris & Taylor Townships-Survey No.5186.

Omar Elbin,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS?That we Omar Elbin as principal,and John M.C.Rupright and Charles Elbin as sureties,are held and firmly bound unto the State of Ohio,in the sum of $200.00 Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio, this 9th,day of August 1937.

The condition of the above obligation is such,that,whereas, on the 9th,day of August 1937, the above bound filed their petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch,located in Paris Toenship,petitioned for by Omar Elbin and others;the following is the course and termini of said proposed improvement,to-wit-Commencing at a line between the lands of John M.C.Rupright and Herman J.Scheiderer and in the line of an open ditch;thence following said open ditch in a southerly direction through and along the lands of John M.C.Rupright and Omar Elbin to Millcreek.

Also a lateral-Commencing at the westerly margin of the Marysville and Kenton State Road and on the lands of John M.C. upright and in the line of an open ditch;thence following said open ditch in a westerly direction to the junction of the main ditch.

The following is the nature of the work petitioned for;cleaning out,deepening,widening straightening,etc.

Now if the said sureties will pay all costs,if the prayer of the petion is not granted or if for any cause said petition is dismissed,then this obligation shall be void,otherwise to and remain in full force and virtue in law.

Omar Elbin
John M.C.Rupright.
Charles Elbin.

The above bond is approved this 9th,day of August 1937. Frank E.Smith,Co.Auditor

Auditor's Vaul Box No.523 RUPRIGHT DITCH NO.1260 Transcribed March 5,1947.

NOTICE TO LANDOWNERS.

Auditor's Office
Marysville,Ohio,August 17,1937.

Landowners affected by
Rupright Ditch No.1260.

Omar Elbib has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the line between the lands of John M.C.Rupright and Herman J.Scheiderer and in the line of an open ditch;thence following said open ditch in a southerly direction through and along the lands of John M.C.Rupright and Omar Elbin to Mill Creek.Also a lateral commencing at the westerly margin of the Marysville and Kenton State Road and the lands of John M.C.Rupright and in the line of an open ditch in a westerly direction to the junction of the main ditch.

The County Commissioners will view the proposed improvement on the 4th,day of September 1937, commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 13th,day of September 1937 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE RUPRIGHT DITCH NO.1260-FIRST HEARING.

Marysville,Ohio.Sept.13,1937.
Commissioners Journal Vol.22 Page 480.

The petition to the Board of Commissioners,signed by Omar Elbin,requesting the improvment of Rupright Ditch No.1260.located in Paris and Taylor Townships,was read by the Clerk.

A bond,in the amout of $200.00.with Omar Elbin,John M.C.Rupright and Charles Elbin as sureties,conforming to all the provisions of Section No.6446 of the General Code,was also read by the Clerk.

Mr.J.M.Rupright,representing Herman J.Scheiderer,requested the extension of the ditch from the Rupright-Scheiderer line north to the township line road.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition and the extension be granted, and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to the Board of County Commissioners.

The Engineer is further directed to consult with Mr.Elbin in reference to the line of ditch as it approaches Mill Creek and to conduct the survey from the township line north to the end of tile.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON RUPRIGHT DITCH NO.1260.

Marysville,Ohio.Feb.28,1938. Commissioners Journal Vol.22 Page 536.

The petition for the improvement of Rupright Ditch No.1260,located in Paris and Taylor Townships, and petitioned for by Omar Elbin,was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of the construction of the proposed improvement was also read by the Clerk.

Comments from the interested landowners were invited by the Chairman.

Omar Elbin objected to the number of acres assessed.

Arline Bywater,Arthur and Lena Bywater and Asa C.Lee requested that the tile ditch be repaired on the lands of Mercy J.Lyons et al.

It was moved by Hamilton and seconded by Shaw that the meeting be adjourned until Monday March 7th,1938 at ten o'clock A.M.in order that the acreage of Mr.Elbin may be verified.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON RUPRIGHT DITCH NO.1260.

Marysville,Ohio.March 7,1938. Commissioners Journal Vol.22 Page 539.

The minutes of the preceeding meeting,under date of February 28,1938,were read by the Clerk.

The number of acres originally assessed on one tract of Omar Elbin was reduced from 13 acres t o 3 acres.

The Engineer was requested to investigate and repair,if necessary the tile ditch on the lands of Mercy J.Lyons et al,as requested by Arline Bywater et al.

It being the opinion of the Commissioners that the improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived, it was moved by Mr.Hamilton and seconded by Mr.Harmon that the assessments be approved and that the Engineer be directed to proceed with the improvement by advertising for bids.Said bids to be received in the office of the County Engineer untol ten o'clock A.M.March 21,1938.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye" and Harmon "aye".

IN THE MATTER OF BIDS RECEIVED FOR RUPRIGHT DITCH NO.1260.

Marysville,Ohio.March 21,1938 Commissioners Journal Vol.22 Page 546.

To the Board of County Commissioners,
Union County,Ohio.

In obedience to your direction and also in pursuance of the notice duly given as provided by law,bids for the reconstruction and furnishing materials for the above named improvement were received as follows:

$811.59	E.M.Weston & Son	Section 1-2
795.24	F.A.McAllister	" " "

I recommend the following bid as the best: F.A.McAllister,lowest responsible bidder.

Walter E.Griffith,County Engineer.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the bid of F.A.McAllisterin the amount of 795.24,for the construction of Sections 1 and 2 of the Rupright Ditch No.1260 be approved and accepted providing that proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE BOND OF F.A.MCALLISTER.

Marysville,Ohio.March 28.1938. Commissioners Journal Vol.22.Page 549.

F.A.McAllister whose bid of $725.24 for the improvement of Rupright Ditch No.1260 was accepted by the Commissioners at their meeting of March 21,1938,this day presented his contractors bond, in the amount of $911.35,with F.A.McAllister as principal and Mabel I.McAllister and J.F.Rapp as sureties.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

CONTRACTORS CONTRACT

Section Nol & No.2. Marysville,Ohio.March 21,1938.
Station 0.50 to 44.80
" 0.00 " 10.35--269.50 rods
Main ditch and Lateral No.-Excavation.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvment,that after legal notice of sale,he has this day sold to F.A.McAllister contractor the work of constructing Section No.1 and 2 of said improvement,for the sum of $725.24,Dollars, which work said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 1st day of June 1938.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the same within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the work of constructing said improvement without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer. F.A.McAllister, Contractor

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS,That F.A.McAllister as principal and Mabel I.McAllister and J.F.Rapp as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($911.35) Nine hundred and eleven and 24/100 Dollars,for the payment of which sum we jointly and severally bind ourselves by these presents this 28th,day of March 1938.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has this day bid off the work of constructing Section No.1 and 2 of said improvement,and has entered into the above contract,subject to the approval of the Commissioners of Union County, Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work within the time fixed therein,and pay for all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void, otherwise to be in full force and effect in law.

F.A.McAllister.
Mabel I.McAllister.
J.F.Rapp.

This Contract and Bond are hereby approved this 28th,day of March 1938.

W.D.Harmon.
O.H.Shaw.
Geo.R.Hamilton.
Commissioners of Union County,Ohio.

Engineer's Office,Marysville,Ohio.
Dec.7,1938.

To the Board of County Commissioners,
Union County,Ohio.

Auditor's Vault Box No.522 MILL CREEK NO.1261 Transcribed March 6,1947.

IN THE MATTER OF MILL CREEK IMPROVEMENT NO.1261-FILING OF PETITION.

Marysville,Ohio.Aug.23,1937.
Commissioners Journal Vol.22 Page 469.

DATE OF PETITION*July 31,1937.

County Auditor,Frank E.Smith,presented a petition,signed by Edward C.Radebaugh,requesting the improvement of a portion of Mill Creek in Liberty and Paris Townships on the course hereinafter set forth.

Commencing in the main channel of Mill Creek near the line of the Erie Railroad right of way and northerly line of the Edward C.Radebaugh;thence with the main channel of said creek in a southeasterly direction through and along the lands of said Radebaugh,Noel B.Montgomery,crossing the Wheeler and Green Gravel Road;thence along the lands of said Radebaugh,Paul & Helen Jewell, williard I.Hamilton et al into Taylor Township,through the lands of John W.& Ida F.Wheelen;thence southerly through the lands of F.D.Smith,Frank D.M.Wilson,John J.Shirk,Burl & Donna Bellville,and others, onto the lands of Opal B.Kennedy,crossing theCotton Slash County Road and said Kennedy land into Paris Township;thence continuingin a southerly direction through and along the lands of John S. & Ida M.Wise,Mary J.Henderson,Jennie Wile,Lawrence H.& Nattie J.Miller and others;thencein an easterly direction along the lands of George M.Wilber,Leroy F.& Jennie F.Augenstine and others, to the concrete dam on the lands of The Ohio Water Service Co. in the Corporation of the Village of Marysville,or far enough for a good and sufficient outlet.

The following is the nature of the work petirioned for:reconstruction by cleaningout.straightening, deepening and widening,etc. as provided in Section 6444 G.C.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

Service of notice of filing of the petition shall be obtained by mailing notices and publication as provided by G.C.Section No.6447.

Signed by-
Edward C.Radebaugh,
Petitioner.

Frank M.Rupprecht requested the extension of the proposed improvement of Mill Creek,as petitioned for by Edward C.Radebaugh,to the Hinton Road,in Dover Township,or far enough for a good and sufficient outlet for the lands drained therein.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that the Commissioners view the proposed improvement on the 21st,day of September 1937,commencing at the upper terminus thereof,at ten o'clocl A.M.and the first hearing thereon will be held at the office of the Commissioners, Marysville,Ohio,on the 28th,day of September 1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye",and Hamilton "aye".

The Petitioner filed with the petition a surety bond in the amount of $700.00,with Edward C.Radebaugh,M.C.O'Brien and F.T.McCurdy as sureties,payable to the State of Ohio,and conditioned for the payment of all costs if the petition is not granted or if said petition is for any cause dismissed.

Said Bond was approved the 23rd,day of August 1937,by Frank E.Smith,County Auditor.

It was moved by Mr.Hamilton and seconded by Mr.Harmon that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

Names and addresses of all landowners benefitted or damaged by the constructionof the proposed Improvement will be found in Box.522 Auditor's Vault.

NOTICE TO LANDOWNERS

You are hereby notified that Edaward C.Radebaugh has filed a prtition with the County Auditor requesting the improvementof a portion of Mill Creek in Liberty,Taylor and Paris Townships, on the course hereinafter set forth.

Commencing in the main channel of Mill Creek near the Erie Railroad right of way and northerly line of Edward C.Radebaufg;thence with the main channel of said creek in a southeasterly direction through and along the lands of said Edward C.Radebaugh,Noel B.Montgomery.crossing the Wheeler and Green County Road;thenc along the lands of Paul and Helen Jewell et al in to Taylor Township through and along the lands of Hohn & Ida Wheelen;thence southerly through the lands of F.D.Smith et al onto the lands of Opal B.Kennedy crossing the Cotton Slash Road and said Kennedy lands into Paris Township;thence continuing in a southerly direction through and along the lands of John S.& Ida M.Wise et al;thence in an easterly direction along the lands of George Wilber et al to the concrete dam on the lands of the Ohio Water Service Co. in the Corporation of the Village of Marysville,,or far enough for a good and sufficient outlet.

The following is the nature of the work petitioned for;reconstruction by widening,deepening and straightening etc, as provided for in Section 6444 of the General Code.

You are further notified that Frank M.Rupprecht has requested the extension of the proposed improvement of Mill Creekm as petitioned for by Edward C.Radebaugh,to the Hinton Mill Road in Dover Township or far anough for a good and sufficient for the lands drained therein.

The County Commissioners or legally appointed and qualified appointees will view the proposed improvement on the 21st,day of September 1937,commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville, on the28th,day of September 1937,at ten o'clock A.M.

Frank E.Smith
Co.Auditor.

Marysville,Ohio.Aug,26,1937.

Mr.Charles Handly,
Deputy Auditor,
Marysville,Ohio.

Dear Mr.Handly.

In reply to your request for an opinion as to whether the regular County Commissioners can act as sudh in a ditch hearing wherein one or more of them are interested,I have the following to say;

That under and by virtue of Section 6501 of the General Code of Ohio,

"it holds that where a County Commissioner or Commissioners are interested,as such Commissioners are interested in the improvement of any ditch or creek that the Aduitor shall notify the Judge of the Common Pleas Court who shall within ten days appoint as many disinterested freeholders of the County as may be necessary to take the place of such interested Commissioner or Commissioners.That such appointees shall not be related by blood or affinity to either of the interested Commissioners,and that they shall be sworn etc."

Continued on nest page.

LETTER OF WILLIAM PORTER CONTINUED.

Under Section 6442 of the General Code of Ohio the word improvement is defined in the third paragraph of said section and after reading said section I am of the opinion that the original County Commissioners have the power and the right to set the time and place for said hearing and to notify all interested parties and at the completion of this particular work their duties as Commissioners shall cease on the improvement and the new Commissioners will then function from that day on.

Respectfully submitted,
William J.Porter.

REQUEST TO THE COMMON PLEAS JUDGE.

Aug.31,1937.

Hon.R.L.Cameron,
Judge,Common Pleas Court,
Union County,Ohio.

Dear Judge Cameron;

In accordance with Section No.6501 of the General Code ,we wish to advise that two of the Union County Commissioners,namely Mr.Shaw and Mr.Hamilton,are financiallly interested in the proposed improvement of Mill Creek No.1261.We,therefore,respectfully ask that two freeholders be appointed to serve in the place of the two interested Commissioners.

The date of viewing has been set for September 21st, and the first hearing will be held on September 28.1937.

Yours very truly,

Frank E.Smith,Co.Auditor.

INNTHE COURT OF COMMON PLEAS,UNION COUNTY,OHIO.

IN THE MATTER OF THE PROPOSED IMPROVEMENT OF MILLCREEK. JOURNAL ENTRY. Commissioners No.1261

It being made to appear to the Court by Frank E.Smith,Auditor of Union County,Ohio, that O.H.Shaw and George R.Hamilton,two of the Commissioners of Union County,Ohio,are financially interested in the proposed improvement of Mill Creek,No.1261,and are,therefore, incompetent to serve in the hearings upon the same.

Therefore,I.Richard L.Cameron,Judge of the Court of Common Pleas,hereby appoint L.M. Fairbanks,whose Post Office address is Milford Center,Ohio,R.D.#1,and Jesse Ivan McAdow, whose Post Office address is Plain City,Ohio,R.D.#3,Two disinterested freeholders of the county, to take the place of such interested Commissioners under the provisions of Section No.6501 of the General Code of Ohio,who upon qualification by taking the oath therein provided shall perform all the duties of the disqualified Commissioners, and shll receive from the General Ditch Improvement Fund $5.00 per day as shown by the record for their services therein.

WITNESS my hand at Marysville,Ohio,this 10th,day of September 1937.

Richard L.Cameron,Judge.

IN THE MATTER OF MILL CREEK IMPROVEMENT -1261. Marysville,Ohio.Sept.22,1937. Commissioners Journal Vol.22 Page 483.

Commissioner W.D.Harmon and the legally appointed Commissioners,L.M.Fairbanks and Jesse I.McAdow met this day,in special session to record the proceedings had in the matter of the proppsed improvement of Mill Creek No.1261.

OATH OF FREEHOLDER TO TAKE THE PLACE OF INTERESTED COMMISSIONER. State of Ohio
Union County,ss.

I,L.M.Fairbanks,being a freeholder appointed by the Court of Common Pleas to act in the place of an interested Commissioner in the matter of the above entitled improvement,do hereby swear that I am not related by blood or marriage to either of the interested Commissioners,and that I will faithfully and impartially perform the duties of the Commissioners in the matter of said improvement to the best of my skill and ability.an this I do as I shall answer to God.

Signed--F.M.Fairbanks.

Sworn to before me and subscribed in my presence this 16th,day of September 1937.

Signed--W.P.Vollrath,Notary Public.

State of Ohio.
Union County,ss.

I,Jesse Ivan McAdow,being a freeholder appointed by the Court of Common Pleas to act in the place of an interested Commissioner in the matter of the above entitled improvement,do hereby swear that I am not related by blood or marriage to either of the Commissioners,and that I will faithfully and impartially perform the duties of the Commissioners in the matter of said improvement to the best of my skill,and this I do as I shall answer to God.

Signed--Jesse Ivan McAdow.

Sworn to before me and subscribed in my presence this 21st,day of September 1937.

Signed by--Beryl Morris,Clerk of Courts
Union County,Ohio.

REQUEST FOR A LATERAL

To the Board of Commissioners,
Union County,Ohio.

Marysville,Ohio.Sept.21,1937.

We,the undersigned,hereby ask your honorable board for the location and construction of a ditch lateral to the Mill Creek improvement as petitioned for by Edward C.Radebaugh and joining Mill Creek in Survey 5249 and extending into Survey 4265 on a course hereafter set forth.

REQUEST FOR LATERAL CONTINUED.

The construction of this improvement is necessary and conducive to the public welfare.
The following is the course and termini:Commencing 25 rods more or less,northeast and east of a point where the water enters the lands of Ruth and Orrin H.Shaw,being approximately 75 rods easterly from Mill Creek;thence southerly across the lands of said Ruth and Orrin Shaw and the lands of John J.Shirk to Mill Creek.
The following is the nature of the work petitioned for;Location and construction of an open ditch to provide a shorter and natural course for an outlet into Mill Creek.

Signed by-
John J.Shirk
Orrin H.Shaw.
Ruth A.Shaw.

VIEWING OF THE PROPOSED IMPROVEMENT
OF MILL CREEK NO.1261.

In accordance with the provisions of Section No.6450 of the General Code the Commissioners met at the upper terminus of the proposed improvement,as described in the petition,on the 21st, day of September 1937, at ten o'clock A.M.and proceeded with the viewing thereof,
It being impossible to complete the view,it was moved by Mr.McAdow and seconded by Mr. Fairbanks that said viewing be adjourned until the following day at 12:30 o'clock P.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",McAdow "aye" and Fairbanks "aye".

September 22,1937.

The Commissioners met at the appointed time and proceeded to complete the viewing of the proposed improvement.
It was therefore,moved by Mr.Harmon and seconded by Mr Fairbanks that the hearing be adjourned,to the office of the Commissioners,until Tuesday September 28,1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",McAdow "aye" and Fairbanks "aye".

REMONSTRANCE

To the Commissioners,
Union County,Ohio.

We the undersigned landowners proposed to be assessed for the above improvement hereby remonstrate against the said improvement and request the County Commissione5s of Union County,Ohio, to dismiss said petition for the following reasons,to-wit: 1st.That the costs of the proposed improvement will be greater than the benefits. 2nd.That the proposed improvement is not necessary.

IN THE MATTER OF THE HEARING ON
MILL CREEK DITCH NO.1261.

Marysville,Ohio.Sept.28,1937
Commissioners Journal Vol.22 Page 486.

Commissioners W.D.Harmon and the legally appointed Commissioners,L.M.Fairbanks and Ivan I,McAdow met this day,in special session,in the matter of the proposed improvement of Mill Creek No.1261.
Because of inadequate seating facillities in the office of the office of the Commissioners,it was moved by Mr.Harmon and seconded by Mr.Fairbanks that the hearing be adjourned to the Common Pleas Court Room.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",McAdow "aye" and Fairbanks "aye".
The petition to the Board of County Commissioners,signed by Edward C.Wadebaugh,requesting the improvement of Mill Creek No.1261 and the request of Frank M.Rupprecht for an extension to the Hinton Mill Road,in Dover Township,was read by the Clerk.

HEARING CONTINUED.

A bond in the amount of $700.00 with Edward C.Radebaugh,M.C.O'Brien and F.T.McCurdy as sureties,conforming to all the provisions of Section No.6446 of the General Code,was read by the Clerk.

The record of the proceedings as entered in the Journal of the Commissioners under date of September 22,1937 was also read by the Clerk.

Comments were invited of the interested landowners by the Chairman.

Remonstrances,signed by D.M.Lee,et al,Chas.D.Webb et al,F.L.Baldwin et al,Rilla D.Robb et al, and Daniel C.Longbrake et al,were presented by Attorney John Dailey.

All comments having been received,it was moved by Mr.McAdow and seconded by Mr.Fairbanks that the hearing be adjourned and that the Commissioners meet in the office of the Commissioners for further consideration at 1:30 o'clock P.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",McAdow "aye" and Fairbanks "aye".

The Commissioners having convened at the appointed time and after careful consideration,Mr. Fairbanks moved and seconded by Mr.McAdow the motion that the hearing be adjourned until Tuesday November 2,1937 at ten o'clock A.M.,in order that certain questions,now before the Attorney General,relative to drainage laws and the rights and authority of the Board of Commissioners may be definately defined.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",McAdow "aye" and Fairbanks "aye".

IN THE MATTER OF THE HEARING ON MILL CREEK NO.1261.

Marysville,Ohio.November 2,1937. Commissioners Journal Vol.22 Page 500.

Commissioners W.D.Harmon and the legally appointed Commissioners,L.M.Fairbanks and Jesse I. McAdow met this day,in special session,in the matter of the proposed improvement of Mill Creek No.1261.

The minutes of the previous hearing on the proposed improvement of Mill Creek No.1261,under date if September 28,1937,were read by the Clerk.

Because of the inability to secure an opinion from the Attorney General,as previously requested,relative to drainage laws and the rights and authority of the Board of Commissioners, it was moved by Mr.McAdow and seconded by Mr.Fairbanks that the hearing be adjourned until Tuesday January 4,1938,at ten o'clock A.M.

Upon a call of the Commissioners voted as follows;Harmon "aye",McAdow "aye" and Fairbanks "aye".

IN THE MATTER OF THE HEARING ON MILL CREEK NO.1261.

Marysville,Ohio.January 4,1938. Commissioners Journal Vol.22 Page 519.

Commissioners W.D.Harmon and the legally appointed Commissioners,L.M.Fairbanks and Jesse I McAdow,met this day,in special session,in the matter of the proposed improvement of Mill Creek No.1261.

Because of the inability to secure an opinion from the Attorney General,as previously requested,relative to drainage laws and the rights and authority of the Board of Commissioners, it was moved by Mr.Harmon and seconded by Mr.Fairbanks that the date set for hearing be postponed until Wednesday March 2,1938,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",McAdow "aye" and Fairbanks "aye".

IN THE MATTER OF THE HEARING ON MILL CREEK NO.1261.

Marysville,Ohio,March 2,1938. Commissioners Journal Vol.22 Page 537.

Commissioners W.D.Harmon and the legally appointed Commissioners,L.M.Fairbanks and Jesse I. McAdow,met this day,in special session,in the matter of the proposed improvement of Mill Creek No.1261.

The minutes of the preceeding meeting were read by the Clerk.

Comments were invited from the interested landowners by the Chairman.All of the landowners present expressed themselves as unfavorable to the proposed improvement.

After careful consideration it was the opinion of the Commissioners that the cost of construction would exceed the bebefits derived,therefore,it was moved by Mr.Fairbanks and seconded by Mr.McAdow that the prayer of the original petition,signed by Edward C.Radebaugh,for the improvement of Mill Creek No.1261 be dismissed.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",McAdow "aye",and Fairbanks "aye".

Acting upon the advice of the Prosecuting Attorney,based upon his opinion from the Attorney General that the Commissioners cannot consider the request for an extension of an improvement favorably after the original petition has been dismissed,it was moved by Mr.Harmon and seconded by Mr.McAdow that the request of Frank M.Rupprecht for an extension of the proposed Mill Creek improvement No.1261 to the Hinton Mill Road be dismissed.

Upon a call of the roll the Commissioners voted as follows;Mr.Harmon "aye".Mr.McAdow "aye" and Mr.Fairbanks "aye".

Service of notice of the filing of the petition shall be obtained by mailing notices and publication as provided by Section 6447 G.C.

Signed by-
Ada C.Skinner,Petitioner.

The petition states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that the Commissioners view the proposed improvemen on the 8th,day of October 1937,commencing at the upper terminus thereof,at ten o'clock A.M.and that the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 11th,day of October 1937,at ten o'clock A.M.
Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioners filed with the petition a surety bond in the amount of$35.00,with Ada C. Skinner,Ira C.Ebright and W A.Conklin as sureties, and conforming to all the provisions of Section No.6446 of the General Code.
It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we Ada C.Skinner as principal and Ira O.Ebright and W.A.Conklin as sureties,are held and firmly bound into the State of Ohio,in the sum of ($300.00)Three Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.
Signed by us and dated this 1st,day of September 1937.

The condition of the above obligation is such,that,whereas, on the 6th,day of September 1937 the above bound Ada C.Skinner filed her petition with the Auditor of Union County,Ohio. making application to the County Commissioners for the location and construction of a single county ditch,Millcreek Township,Union County,Ohio,petitioned for by Ada C.Skinner and others;the following being the course and termini of said proposed improvement,to-wit;Commencing at the outlet of a 12 inch tile on the lands of Ada C.Skinner;thence with the natural watercourse in an easterly and northerly direction through and along the lands of the said Ada C.Skinner,Odell E.Piersol,Ira O,& Millie Ebright,Malissa J.Spragg to the Watkins & Jerome Road;thence across said road through and along the lands of Charles S.& Susan E.Sheets and Marion E.Kirkland to the Ostrander & Jerome Road;thence across said road and through the lands of Fred V.& George A.Bouic,crossing the Long & Brown Road; thence continuing across said Bouics' land and the lands of Frank J.Bouic to Spring Run Ditch,or for a good and sufficient outlet.
Now,if the said Ada C.Skinner,Ira O.Ebright and W.L.Conklin will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void,otherwise it shall remain in full force and virtue in law.

Ada C.Skinner
Ira O.Ebright.
W.A.Conklin

The above bond is approved this 8th,day of September 1937.

Frank E.Smith,
County Auditor.

Auditot's Vault Box No.523. PIERSOL DITCH NO.1262 Transcribed March 8,1947.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
Sept.14,1937.

Landowners affected by
Pierson Ditch No.1262.

Ada C.Skinner has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the out let of a 12 inch tile an the lands of Ada C.Skinner;thence with the natural watercourse in an easterly and northerly direction,through and along the lands of the said Ada C.Skinner,Odell E.Piersol,Ira O.& Millie Ebright,Malissa J.Spragg to the Watkins and Jerome road;thence across said road,through and along the lands of Chas.S & Susan E.Sheets and Marion E.Kirkland to the Ostrander and Jerome road;thence across said road and through the lands of Fred V.& George Bouic,crossing the Brown and Long Road;thence continuing across said Bouic's land and the lands of Frank J Bouic to Spring Run Ditch,or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 8th,day of October 1937,beginning at the upper terminus thereof,at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissionerw,Marysville,Ohio,on the 11th,day of October 1937 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
County Auditor

IN THE MATTER OF THE FIRST HEARING ON PIERSOL DITCH NO.1262.

Marysville,Ohio.Oct.11,1937.
Commissioners Journal Vol.22 Page 491.

The petition to the Board of Commissioners,signed by Ada C.Skinner,requesting the improvement of Piersol Ditch No.1262,located in Mill Creek Township,was read by the Clerk.

A bond,in the amount of $340.00,with Ada C.Skinner,Ira O.Ebright and W.A.Conklin as sureties conforming to all the provisions of Section No.6446 of the General Code was also read by the Clerk.

Mr.Skinner representing Mrs.Ada C.Skinner,requested the examination and repair of a 12 inch tile extension on the lands of Ada C.Skinner.

Mr.Henry Conklin representing Malissa J.Spragg,requested a lateral beginning on the line of the Piersol Ditch and extending in a westerly direction and back of the barn and dwelling; thence in a northwesterly direction around the orchard to the road,and tile to be placed low enough to furnish drainage for the dwelling,if possible.

The County Engineer is hereby directed to examine the lateral affecting the lands of Robert e Farber for the purpose of making any necessary repairs.

The Engineer is further directed to make the lower terminus near an abandoned carp pond on the lands of Marion E.Kirkland.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Harmon and seconded by Mr.Shaw that the prayer of the petition,the extension,laterals and terminus,as entered above be granted and that that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to the Board of Commissioners by November 29,1937.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON PIERSOL DITCH NO.1262

Marysville,Ohio.Sept.6,1938.
Commissioners Journal Vol.22 Page 596.

County En gineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications for the proposed improvement of Pierson Ditch No.1262,lo located in Millcreek Township,and petitioned for by Ada C.Skinner.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the Commissioners on Monday Septemeber 26th,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON PIERSOL DITCH NO.1262.

Marysville,Ohio.Sept.26,1938.
Commissioners Journal Vol.23 Page 2.

The petition for the improvement of the Piersol Ditch No.1262,located in Millcreek Township,and petitioned for by Ada C.Skinner,was read by the Clerk.

The result of the County Engineer's report containing the number of acres assessed and the apportionment of estimated cost of construction of the proposed improvenent was also read by the Clerk.

Comments were invited from the interested landowners by the Chairman.

Mr.Kirkland stated that not over three acres drained into their ditch instead of five acres on which he is assessed.

James A.Edwards objected to the number of acres assessed.The Engineer is therefore directed to make a survey of Edwards land.

It being the opinion of the Commissioners that the improvement is necessary and will be conducive to the public welfare,,and that the costs will be less than the benefits to be derived, it was moved by Mr.Hamilton and seconded by Mr.Shaw that the assessments,after the correction of those entered above,if found to be in order,be approved and that the Engineer be directed to proceed with the improvement by advertising for bids,.Said bids to be received in the County Engineer's office until 2;00 oclock P.M.Saturday October 22,1938.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF BIDS RECEIVED FOR PIERSON DITCH NO.1262.

Marysville,Ohio.Oct.31,1938.

Auditor's Vault Box No.400 GRAUMAN DITCH NO.1263 Transcribed March 14,1947.

IN THE MATTER OF THE GRAUMAN DITCH NO.1263-FILING OF PETITION.

Marysville,Ohio.Oct.4,1937.
Commissioners Journal Vol.22 Page 488.

County Auditor,Frank E.Smith,presented a petition,signed by H.A.Jones,requesting the improvement of Grauman County Ditch No.1263,located in Allen Township,on the course hereinafter set forth;Commencing at the outlet of a 12 inch tile on the lands of Miss.H.A.Jones and in the center line of the Grauman Open Ditch;thence following the center line of said open ditch in a southwesterly direction through and across said lands of I.M.& M.G.Seitz,Nellie Starkey,the Milford and Amarine Mill Gravel Road to the lands of Frank & Meta Klein;thence through and across said Klein lands,the Milford & Amrine Mill Road,the lands of Nellie Starkey to Buck Run and there to terminate,or far enough for a good and sufficient outlet for said tile.

The following is the nature of the work petitioned for;We ask that said ditch of tile be repaird wherever necessary and that a reinforced concrete head wall be constructed at the outlet of said tile ditch,and the Main Ditch be reconstructed by cleaning out,straightening,deepening and widening to Buck Run or far enough for a good and sufficient outlet.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 29th,day of October 1937,commencing at the upper terminus thereof,at ten o'clock A.M.and that the first hearing thereon be held at the office of the Commissioners on the 1st,day of November 1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner filed with the petition a surety bond,in the amount of $200.00,with H.A.Jones, A.M.Kagay and J.S.Kagay as sureties,and conforming to all the provisions of Section No.6446 of the General Code.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

COPY OF PETITION

Petition for,

Marysville,Ohio.Oct.4,1937

The reconstruction of a single county ditch,in Allen Township,known as the Grauman Ditch No.899,beginning in Survey No.5006,ending in Survey No.5746,in Buck Run.

To the Board of Commissioners,
Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a county ditch in Allen Ditch in Allen Township,Union County,Ohio, on the course hereinafter set forth.

The construction of the proposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit;Commencing at the outlet of a 12 inch tile on the lands of Miss.H.A.Janes and the center line of the Grauman Open Ditch;thence following the center line of said open ditch in a southwesterly direction through and across said lands and the lands of I.M.& M.G.Seitz,Nellie Starkey,the Milford and Amrine Mill Road to the lands of Frank & Meta Klein;thence through and across said Klein lands, the Milford & Amrine Mill Road,the lands of Nellie Starkey to Buck Run,and there to terminate,or far enough to give a good and sufficient outlet.for said tile.

The following is the nature of the work petitioned for;We ask that said tile ditch be repaired whereve necessary and that a reinforced concrete headwall be constructed at the outlet of said tile ditch,and the Main Ditch be reconstructed by cleaning out,straightening,deepening and widening to Buck Run or far enough for a good and sufficient outlet.

Names and addresses,where known,which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notives and publication as provided in Section No.6447

Signed by-
H.A.Jones,
Petitioner.

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we H.A.Jones as principal and A.M.Kagay and J.S.Kagay as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jontly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 4th,day of October 1937.

The condition of the above obligation is such,that,whereas,on the 4th,day of October 1937, the above bound H.A.Jones,A.M.Kagay and J.S.Kagay filed her petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch in Allen Township,petitioned for by H.A.Jones and others;the following is the course and termini of the proposed improvement,to-wit;Commencing at the outlet of a 12 inch tile on the lands of Miss.H.A.Jones and in the center line of the Grauman Open Ditch;thence following the center line of said open ditch in a southwesterly direction through and across said lands of I.M.& M.G.Seitz,Nellie Starkey,the Milford & Amrine Mill Road to the lands of Frank & Meta Klein; thence through and across said Klein lands,the Milford & Amrine Mill Road,the lands of said Nellie Starkey to Byck Run,and there to terminate,or far enough to give a good and sufficient outlet, for said tile.We ask that said tile ditch be repaired wherever necessary and that a reinforced concrete headwall be constructed at the outlet of said tile ditch and the open ditch be re-constructed by cleaning out,straightening,deepening,and widening to Buck Run or far enough for a good and sufficient outlet.

BOND OF PETITIONER CONTINUED.

Now,if the said H.A.Jones,A.M.Kagay and J.S.Kagay will pay all costs,if the prayer of the petition of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void.otherwise to remain in full force and effect in law.

H.A.Jones.
A.M.Kagay.
J.S.Kagay.

The above bond is approved this 4th,day of October 1937.

Frank E.Smith.
County Auditor.

NOTICE TO LANDOWNERS.

Landowners affected by Grauman Ditch No.1263.

Auditor's Office,October 12,1937.

H.A.Jones has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a 12 inch tile on the lands of Miss.H.A.Jones and in the center line of the Grauman Open Ditch;thence following the center line of said open ditch in a southwesterly direction through and across said lands and the lands of I.M.& M.G.Seitz,Nellie Starkey,the Milford and Amrine Mill Gravel Road to the lands of Frank & Meta Klein;thence through and across said Klein lands,the Milford and Amrine Mill Gravel Road,the lands of Nellie Starkey to Buck Run and there to terminate,or far enough to give a good and sufficient outlet for said tile.

The County Commissioners will view the proposed improvement on the 29th,day of October 1937,beginning at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 1st,day of November 1937 at ten o'clock A.M.

Applications for the granting off the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sald of said ditch.

Respectfully,
Frank E.Smith.
County Auditor.

IN THE MATTER OF THE FIRST HEARING ON GRAUMAN DITCH NO.1263.

Marysville,Ohio.Nov.1,1937.
Commissioners Journal Vo.22 Page 499.

The petition to the Board of County Commissioners,signed by H.A.Jones,requesting the improvement of Grauman County Ditch No.1263,located in Allen Township,was read by the Clerk.

A bond,in the amount of $200.00,with H.A.Jones,A.M.Kagay and J.S.Kagay as sureties, conforming to the provisions of Section No.6446 of the General Code,was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

Mr.William P.Moder requested the repair and reconstruction,as may be determined necessary, of a lateral extending in a northwesterly direction through the lands of H.A.Jones and Ella Connolly and onto the lands of said Moder.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Shaw and seconded by Mr.Hamilton that the prayer of the petition and the request of the repair of the lateral,as entered above be granted and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to the Board of County Commissioners by December 20,1937.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye".and Hamilton "aye".

Auditor's Vault Box No.523 LEATHERWOOD DITCH NO.1264. Transcribed March 14,1947.

IN THE MATTER OF THE LEATHERWOOD DITCH NO.1264-FILING OF PETITION.

Marysville,Ohio.Oct.18,1937
Commissioners Journal Vol.22 Page 494.

County Auditor,Frank E.Smith,presented a petition,signed by Frank & D.H.Staley,requesting the improvement of Leatherwood County Ditch No.1264,located in York Township,on the course hereinafter set forth.

Commencing at the outlet of a 6 inch tile at the line between the lands of J.A.Wade, Frank and Dale H.Staley;thence with the line of tile of the Leatherwood Ditch No.217 in a northeasterly direction across the lands of said Staleys and Oliver C.Storms to the Lockwood and Tobey Gravel Road,the lower terminus of the tile ditch;thence with the open ditch in a northeasterly direction across the lands of Harmon P.& Flo C.Rheyne,Opal Irene Huston;thence across the York Center Raymond Road;the lands of Z.A.& A.S.Bulen,Martha L.Davis and others, or far enough for a good and sufficient outlet of a tile at the Lockwood and Tobey Road.

The following is the nature of the work petitioned for;reconstructing the old tile ditch by taking up the present tile,replacing with larger tile,using reclaimed tile farther up the ditch,and below the Lockwood & Tobey Road reconstructing the open ditch by straightening,deepening and widening far enough for a good and sufficient outlet for the tile.

Names and addresses.whereknown,of all landowners which the petitioners claims will be benefited or damaged by the construction of the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notices and provided by Section 6447.

Signed by.
Frank & D.H.Staley,
Petitioners.

The petitioners filed with the petition a surety bond,in the amount of $300.00,with Frank & D.H.Staley,R.N.McGinnis and E.J.Figley as sureties,conforming to all the provisions of Section No.6446 of the General Code.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

It was moved by Mr.Hamilton and seconded by Mr.Harmon that the Commissioners view the proposed improvement on the 13th,day of November 1937,commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners on the 15th,day of November 1937,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS,That,we Frank & D.H.Staley as principal and R.N.McGinnis and E.J.Figley as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($300.00)Three Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 18th,day of October 1937.

The condition of the above obligation is such, that,whereas,on the 18th,day of October 1937,the above bound Frank & D.H.Staley,R.N.McGinnis and E,J,Figley filed their petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch,the Leatherwood in York Township,Union County,Ohio.petitioned for by Frank & D.H.Staley and others.the following being the course and termini of said proposed improvement,to-wit;as described in prtition above.

Now,if the said sureties pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void,otherewise to remain in force and effect in law.

Frank & D.H.Staley
R.N.McGinnis
E,J,Figley.

The above bond is approved this 18th,day of October 1937.

Frank E.Smith,
County Auditor.

NOTICE TO LANDOWNERS

Landowners affected by.
Leatherwood Ditch No.1264.

Auditor's Office Oct.23,1937.

Frank & D.H.Staley has file a petition with the County Aduitor requesting the improvement of a ditch beginning at the outlet of a 6 inch tile at the line between the lands of J.A.Wade and Frank & D.H.Staley;thence with the line of the tile of the Leatherwood Ditch No.217 in a north easterly direction across the lands of said Staleys and oliver C.Storms to the Lockwood and Tobey Road,the lower terminus of the tile ditch;thence with the open ditch in a north easterly direction across the lands of Harmon P.& Flo C.Rheyne,Opal Irene Huston;thence across the York Center & Raymond Road,the lands of Z.A.& S.W.Bulen,Martha L.Davis and others,or far enough for a good and sufficient outlet of a tile ending at the Lockwood & Tobey Road.

NOTICE TO LANDOWNERS CONTINUED.

The County Commissioners will view this proposed improvement on the 13th,day of November 1937,commencing at the beginning thereof at teno'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 15th,day of November 1937,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,romonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
County Auditor.

IN THE MATTER OF THE FIRST HEARING ON LEATHERWOOD DITCH NO.1264.

Marysville,Ohio.Nov.15,1937
Commissioners Journal Vol.22 Page 504.

The petition to the County Commissioners,signed by Frank & D.H.Staley,requesting the improvement of Leatherwood Ditch No.1264,located in York Township was read by the Clerk.

A bond,in the amount of $300.00 with Frank & D.H.Staley as principals abd R.N.McGinnis, and E.J.Figley as sureties,conforming to the provisions of Section No.6446 of the General Code, was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Harmon and seconded by Mr.Shaw that the prayer of the petition be granted and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction,said survey to be to the York and Raymond Road,also to include an estimate on a headwall near the Lockwood and Tobey Gravel Road,the lower terminus of said tile section,and present his report to the Board of Commissioners by January 3rd,1938.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

OBJECTION.

To the Board of County Commissioners, Union County,Ohio.

Marysville,Ohio.May 23,1938.

Gentlemen;

We,the undersigned interesten land owners on the Leatherwood County Ditch No.1264, OBJECT TO SAID IMPROVEMENT FOR THE FOLLOWING REASONS:

That said improvement be terminated at the line between the lands of Martha L.Davis and James T.Cox which will give sufficient outlet for the lands,and we have at present sufficient outlet for our lands below that point.

Signed-
James T.Cox.
Mary A.Rosebrook
Benj.T.Smith.
Mary E.Smith.

Union County,Auditor.

Richwood,Ohio.Nov.3,1938

I object to the assessment on 50 acres on the Leatherwood Ditch No.1264.I have not 50 acres that drain in the ditch.I will say that there is near 38 acres to the best of view of my eyes.I have no survey or outfit.$164.99 is to much for what I will benefit by the ditch.

Yours respectfully,

James T.Cox.

OBJESTIONS CONTINUED.

To the Boa rd of County Commissioners,
Union County,Ohio.

Complaint of
L.T.Storms.

Now comes L.T.Storms and says that he is the present title holder of land standing of record in the name of Oliver C.Storms which are proposed to be assessed for construction or repair of the above named ditch.

For the complaint against said ditch that the cost of said ditch,as the same is now proposed to be constructed,will not be less than the benefits thereof;and he further says that the amounts proposed to be assessed against the lands standing in the name of Oliver C.Storms are not in proportion as said lands will be specially benefited by such improvement,but that a considerable portion of said assessments against said lands represent cost of construction or of materials from which the said lands will receive no benefit whatsoever or,at the most,very little benefit,contrary to the statute in such cases.

For more particular statement of his complaint,this complainant says that increase in the size or amount of drainage,as proposed,will be for the sole and only special benefit of lands lying above his tracts on said ditch,and that such proposed increase in size or manner of drainage is the basis of a considerable portion of the assessments on his lands,the same not representing any special benefits therefrom as required by General Code Section 6455.

Wherefore he complains against said ditch as at present proposed to be constructed,and further prays that assessment upon his lands shall be adjusted so that the same shall not represent cost without special benefit therefrom.

Wm.R.Cameron
Attorney for L.T.Storms.

IN THE MATTER OF THE ENGINEER'S REPORT
ON LEATHERWOOD DITCH NO.1264.

Marysville,Ohio.Jan.3,1938
Commissioners Journal Vol.22 Page 518

The Engineers report on estimated cost of Leatherwood Ditch No.1264,due on Nanuary 3rd, 1938,is hereby directed to be postponed until Monday February 14,1938.

REQUEST FOR AN EXTENSION

Richwood,Ohio.March 19,1938.
Commissioners Journal Vol.22 Page 549

Tomthe Board of County Commissioners,
Union County,Ohio.

Gentlemen;
In the matter of an extension to the Leatherwood Ditch No.1264.

I,the undersigned interested landowner on the Leatherwood County Ditch No.1264,located in York Township,request that said open ditch be extended from the York Center and Raymond Road which is the lower terminus of the ditch as granted,through the lands of Z.A.& S.W.Bulen, Martha L.Davis and others,far enough for a good and sufficient outlet for my lands.

Signed,
Martha L.Davis.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that the Engineer be directed to make the necessary survey.prepare plans and specifications and estimated costs of construction and consider said extension as a part of Leatherwood Ditch No.1264.

IN THE MATTER OF THE REPORT OF ENGINEER
ON LEATHERWOOD DITCH NO.1264.

Marysgille,Ohio.Sept.26,1938
Commissioners Journal Vol.23 Page 2.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated cost,assessments,plans and specifications for the proposed improvement of Leatherwood Ditch No. 1264.located in York Township,and petitioned for by Frank & D.H.Staley.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that a public hearing on assessments be held at the office of the County Commissioners on Monday October 17th,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON
LEATHERWOOD DITCH NO.1264.

Marysville Ohio.Oct.17,1938.
Commissioners Journal Vol.23 Page 11.

A petition to the Board of CountyCommissioners,signed by Frank & D.H.Staley,requesting the reconstruction of Leatherwood Ditch No.1264,located in York Township,was read by the Clerk.

A bond,in the amount of $300.00 with Frank and D.H.Staley as principals and E.J.Figley and R.N.McGinnis as sureties.conforming to all the provisions of Section 6446 of the General Code,was read by the Clerk.

Comments of interested landowners were invited by the Chairman.

Mr.Joseph A.Ralston requested the extension of a open ditch through his lands to Bokes Creek.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the request of Mr.Ralston be considered,and the Board of Union County Commissioners view said proposal,and the hearing on said ditch be continued Monday October 14th,1938.

Upon a call of the roll the Commissioners voted as follows:Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON LEATHERWOOD
DITCH NO.1264.

Marysville,Ohio.Oct.24,1938.
Commissioners Journal Vol.23 Page 18.

A petition to the Board of County Commissioners,signed by Frank and D.H.Staley,requesting the reconstruction of Leatherwood ditch No.1264,located in York Township,was read by the Clerk.

A bond,in the amount of $300.00 with Frank and D.H.Staley as principals and E.J.Figley and R.N.McGinnis as sureties,conforming to all the provisions of Section 6446 of the General Code, was read by the Clerk.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the improvement of Mr.Joseph A. Ralston on October 17th,1938,for a extension of an open ditch through his lands to Bokes Creek be accepted.

Upon a call of the roll the Commissioners voted as follows;Shaw "aye" and Hamilton "aye".

HEARING CONTINUED.

Comments of interested landowners were invited by the Chairman.

Herman P.Rhyen and Flo C.Rheyen requested the extension of a 15 inch tile,approximately 800 feet in length through their lands.It being the opinion of the Commissioners that the proposed improvement is necessary and conducive to the public welfare,it was moved by Mr.Shaw and seconded by Mr.Hamilton that said improvement be accepted.,and that the County Engineer be directed to make the necessary surveys and re-estimate the cost of construction,and that this hearing be adjourned until Wednesday November 9,1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye" and Mr.Shaw "aye".

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the following part of Frank and D.H.Staley's original petition be granted;beginning with an 8 inch tile from J.A.Wade's Line and continue with said ditch to where the two 8 inch tiles begin,and repair the original 2 lines of 8 inch tile where necessary,and that the extension requested by Mr.Ralston consisting of cleaning of the open ditch to Bokes Creek be granted,and that the County Engineer be directed to proceed with the improvement by advertising for bids,said bids to be received in the office of the County Engineer until Saturday November 26,1938 2:00 P.M.

IN THE MATTER OF BIDS RECEIVED FOR LEATHERWOOD DITCH NO.1264.

Marysville,Ohio.Nov.28,1938
Commissioners Journal Vol.23 Page 24.

To the Board of Commissioners;

Section No.1-Deepening-Straightening-Widening-		E.M.Weston & Son	$1235.00
" " 1 " " "		O.E.Lilley	1586.00
" " 1 " " "		F.A.McAllister	1399.00
" " 1 " " "		George Igel & Son	1366.93

IN THE MATTER OF BONDS FOR CONSTRUCTING LEATHERWOOD DITCH NO.1264.

Marysville,Ohio.Dec.5,1938.
Commissioners Journal Vol.23 Page 26.

E.M.Weston whose bid of $1235.00 for the construction of Section No.1,consisting of grubbing and excavation of Leatherwood Ditch No.1264,this day presented his contractors bond,in the amount of $1673.00.with E.M.Weston as principal and W.H.& Carrie Taylor as sureties.

Williams & McIntire Co.whose bid of $143.75,for the construction of Section No.2 for furnish ing tile,was this day presented in the amount of $200.00,with Williams & McIntire Co. as principal and Abner L.Herd and H.P.Hutchisson as sureties.

D.H.Staley whose bid of $91.00 for the construction of Section No.3 which consister of placing tile for the construction of Leatherwood Ditch No.1264,this day presented his contractors bond in the amount of $107.50,with D.H.Staley as principal and James L.Wade and E.V.Bosart as sureties.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bonds be approved and accepted this 5th,day of December 1938.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye" and Mr.Shaw "aye".

CONTRACT FOR SECTION NO.1

Section No.1. Nov.26,1938 Marysville,Ohio.

From Station 3825 to Station 38.25-155.60 rds.
Excavation & Grubbing.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to E.M.Weston and Son the work of constructing Section No.1 of said ditch for the sum of $1235,00,which worl the said contractor hereby agrees to complete according to specifications of same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the lst,day of March 1939.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time named hereinbefore then the said work may be re-estimated and re-sold by the Engineer or compelted by said Engineer at the expense of the contractor and Bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time agoresaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the construction of said ditch without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith,
Engineer

E.M.Weston & Sons
By-E.M.Weston
Contractors

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS,That E.M.Weston as principal and W.H.Taylor and Carrie E. Taylor as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($1673.00) Sixteen Hundred seventy-three Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 26th,day of November 1938.

The condition of this obligation is such,that whereas the above bound E.M.Weston has this day bid off the work of construction Section No.1 of said ditch,and has entered into this contract,subject to the approval of the Commissioners of Union County,Ohio.

IN THE MATTER OF THE WOOD DITCH REPAIR.NO.458.

Marysville,Ohio,Jan.24,1938.
Commissioners Journal Vol.22 Page 525.

Date of petition-Dec.27,1937.

County Auditor,Frank E.Smith,presented a petition,signed by Edna Baker,requesting the improvement of Lateral No.6 of Wood Ditch No.458,located in Claibourne Township,on the course hereinafter set forth.

Commencing at a line of an 8 inch tileand the northerly line to the lands of Edna Baker in the Village of Richwood,said tile known as Lateral No.6,to the Wood Ditch No.480;thence with said tile ditch in a southeasterly direction across said lands and a public alley;thence c continuing with said tile ditch across various lots east of said alley to the Main Ditch at Blagrove Street;thence continuing with the Main Ditch in a southeasterly direction as far as necessary for a good and sufficient outlet to the lands drained therein.

The following is the nature of the work petitioned for:That said tile be repaired by taking up,cleaning out,regrading and replacing broken tile wherever necessary.

The petition states that the construction of the improvement is necessary and will be conducive to the public welfare.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the23rd,day of February 1938,commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners on the 8th,day of March 1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitionerfor the repair of Wood Ditch No.458 filed with the petition a surety bond in the amount of $200.00,with Edna Baker as principal and T.P.Seig and R.W.Lenox as sureties, conforming to all the provisions of Section No.6446 of the General Code

It was moved by Mr.Harmon and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

Names and addresses,where known of all the landowners which the petitioner claims will be benefited or damaged by the constructmon of the proposed improvement

Respectfully.
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE FIRST HEARING ON WOOD DITCH REPAIR NO.548.

Marysville,Ohio.March 8,1938.
Commissioners Journal Vol.22 Page 541.

The petition for the improvement of Lateral No.6 to the Wood Ditch No.548 was read by the Clerk
The following requests of R.W.Lenox and D.F.Fish et al were also read by the Clerk.

Dear Sirs,
In regard to cleaning and repairing Lateral of Wood Ditch,I am in favor of going as far as necessary in order to get this lateral in condition that it will drain properly.

Yours truly,
R.W.Lenox.

To Union County Commissioners.

We the undersigned residents of East Blagrove Stree,Richwood,Ohio,ask that the Wood Ditch be repaired from a point near the School grounds running west along the North side of East Blagrove Street to Beatty Avenue,Richwood,Ohio,known as Wood Ditch No.458, Signed by-D.F.Fish,Mrs.H.Hall,J.B.Barker,J.L.Miller and W.J.Baker.

It was moved byMr Hamilton and seconded by Mr.Shaw that the prayer of the original petition be granted.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".
It was moved by Mr.Harmon and seconded by Mr.Shaw that the request of R.W.Lenox for an extension be granted.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".
It was moved by Mr.Shaw and seconded by Mr.Hamilton that the request of D.F.Fish et al be granted if found to be in order by the County Engineer.
Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".
It being the opinion of the Commissioners that the proposed improvements is necessary and conducive to the public welfare,the County Engineer is hereby directed to make the necessary surveys,prepare specifications and estimated cost of construction and present his report to this board.

County Engineer's Office.
Marysville,Ohio.April 8,1939

To the Board of County Commissioners,
Union County,Ohio.

Gentlemen;
In the matter of Wood County Ditch No.458,the repair of Lateral No.6 of the Wood County Ditch No.458,in the Village of Richwood,Claibourne Township,Union County,Ohio,as petitioned by Edna P.Baker and filed January 24th,1938;and in accordance with your orders,I proceeded to examine said ditch and report the following;
The particular lateral is filled with soil and roots beyond the point of serving as a drain.Growing trees are near the tile which should be deadened,grubbed,and at some points the trees are of value in which case the joints of the tile when repalced should be concreted.
The main tile ditch which is on the north side of Blagrove Street and requested to be repaired by D.F.Fish and others as a part of this project is thiught by the engineer to be in good condition.Inspection of this part can be made without additional cost at the time of the repair of the Original Lateral No.6.
I recommend that the Original Lateral No.6 be repaired by taking up,cleaning,replacing, concreting,where necessary,refilling, and deadening all valuable trees and grubbing all brush affecting the tile.

Respectfully submitted,
Walter E.Griffith,
Engineer.

SPECIFICATIONS TILE DITCH

Said ditch and Branches shall be constructed along the line as located by the stakes and the center shall be 3 feet to the right thereof,and straight except at the angles,which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stakes as indicated by the profile,and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,excapt at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let through must be covered with broken pieces of tile.

No tile shall be laid until examined and approved by the Engineer or Commissioners;and after being laid they shall be fastened and left uncovered until examined and approved by the Engineer.after which the trench shall be so filled that the excavated earth will all settle on the line of the tile,and in all palaces it must be covered at least 18 inches,except at the filters as hereinafter specified.

The tile shall be of the following sizes:

From Station 0.00 to Station 10.00 7 inch tile
" " 10.00 " " 22.00 8 " "
" " 22.00 " " 27.20 9 " "

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the right of way.

The contractor must be required to make all connections with present existing lines of tile, the property owner to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paid for the same at the rate of the purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch at the expense of the contractor whenever the work is not properly progressing.

The Engineers directions and conclusions on all matters pertaining to the ditch shall be final and conclusive unless countermanded by a majority of the Board of Commissioners.

ESTIMATED COST.

Section No.1.Consisting of the following:

(a) Taking up,cleaning,relaying,and backfilling all tile where filled with roots or silt to exceed one inch in depth.
520 feet.9" tile

OBJECTIONS TO ASSESSMENTS

Lancaster,Ohio.May 5,1939.

Mr.Frank E.Smith
Union County.
Marysville,Ohio.

Dear Sir;

Your card of April 12,1939 received relative to my assessment of $3.78 on Lot No.852 Richwood,Ohio,for Wood Ditch.I believe this in excess and I am filing my protest of same.

No doubt you know that about two years ago a lot almost across the street from Lot No.852 brought only five dollars at a tax sale.One across the alley from 852 brought only forty two dollars or near that.

Yours truly,
C.H.Temple.

OBJECTIONS CONTINUED.

I.consider the assessment on my vacant Lots for the Wood Ditch No.458 too high,and protest the same.

Mary M.Dixon.

Frank E.Smith. Richwood,Ohio.April 19,1939.

Dear Sir;We the undersigned do hereby protest the construction of the Wood Ditch No.548. In as much as said ditch would not benefit our property as far as we can see for the simple reason that the tile ditch leading from our property east was cut off and stopped up by the Richwood Clay Co. some several years back.

We remain respectfully,

Anson & Amanda Chapman.

To the Auditor and Commissionersof
Union County,Ohio.

We the undersigned,do protest the assessment levied for the cleaning and repairing of the Wood Ditch located in and near Richwood,Ohio.

1.Assessments are excessive.

2.Any stoppage that may have occured in their ditch has been caused by the crossing of same by the water and sewer installation in Richwood or growth of roots in alleys and streets.

3.Furthermore the ditch as viewed by commissioners was not to the best of my knowledge,the County Wood Ditch,but a lateral thereof,as I understand the tile that is stopped up on the Edna Baker tract is a lateral of the wood dotch and not a County Ditch.

4.Would suggest that the main ditch be uncovered at the crossings of the sewer lines recently installed and put in condition,if not in condition,which can be determined then.

Ora Heffner.
E.Heffner.

REQUEST

To the Board of Commissioners. Marysville,Ohio.June 24.1939.
Union County,Ohio.

Gentlemen;

We the undersigned interested landowners on the east side of Beatty Avenue,Village of Richwood,request that the Board of Commissioners reconsider their action on the Wodd Ditch No.458.Lateral No.6 and that the repair of said lateral be extended through the lands of Ora M.Heffner in order that we may properly benefit from the improvement for which we will be assessed.

Anna Mae Bown
Willis Beard.
Laura E.Beard.
Eliza M Peters.
Callie Cowgill.

IN THE MATTER OF ENGINEER'S REPORT ON ASSESSMENTS ON WOOD DITCH REPAIR NO.458.

Marysville,Ohio.April 10,1939
Commissioners Journal Vol.23 Page 84.

County Engineer,Walter E.Griffith,this day presented his report,including estimated costs, assessments,plans and specifications for the improvement of Lateral No.6 of the Wood Ditch No. 458,located in Claibourne Township as petitioned for by Edna Baker.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the final hearing on assessments be held at the office of the County Commissioners,on Monday May 9th,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON WOOD DITCH REPAIR NO.458.

Marysville,Ohio.May 8,1939.
Commissioners Journal Vol.23 Page 98.

The petition for the improvement of the Wood Ditch 458.Lateral No.6,located in Claibourne Township,and petitioned for by Edna P.Baker,was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of said proposed improvement was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and that that the cost will be less than the benefit to be derived,it was moved b y Mr.Spain and seconded by Mr.Shaw that the assessments be approved and that the Engineer be directed to proceed with the improvement by Force Account.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

ACTUAL COST

To the Board of County Commissioners, Marysville,Ohio.Nov.15,1939.
Union County,Ohio.

Gentlemen;

I hereby certify the following as the actual cost of construction of the Wood Ditch No. 458,Lateral No.6 in the Village of Richwood,Claibourne Township.

Section No.1.Consisting of taking up,cleaning,replacing,concreting where necessary,refilling and deadening all invaluable trees and grubbing all brush affecting the tile,from Station 0.00 to Station 27.20.

Materials	$22.52
Labor	66.60
Commissioners fees	60.00
Advertising	6.30
Engineering	24.48
Total Actual Cost.	179.90

IN THE MATTER OF THE TOBEY DITCH NO.1265-FILING OF PETITION.

Marysville,Ohio.April 11,1938.
Commissioners Journal Vol.22 Page 552.

Date of Petition-April 11,1938.

County Auditor,Frank E.Smith,this day presented a petition,signed by H.S.Smith,requesting the improvement of Tobey Ditch No.1265,located in Liberty and York Townships,on the course hereinafter set forth.

Beginning with a 12 inch tile on the lands of Hutson H.Smith;thence approximately seven rods west of the Lockwood and Tobey Gravel Road;thence with the line of tile known as the Tobey Ditch No.548 easterly across said road and the lands of Hutson H.Smith;thence southerly through and across the lands of Howe G.Davis to Liberty Township;thence continuing with said tile ditch throu and across the lands of Siddie H.Williams and T.B.Davis & Mary T.Davis to the outlet of said tile thence with the open ditch across the Tobwy Gravel Road;thence southerly across the lands ofC.W.F Faulkner,the Citizens Home and Savings Co. and others to Mill Creek or far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Reconstruction by straightening,deep deepening,widening the open ditch and the reconstruction of the tile ditch by taking up, cleaning,regrading,grubbing,replacing wi th larger tile,if necessary,and the construction of a satisfactory retaining wall at the outlet of said tile.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

It was moved by Mr.Shaw and seconded by Mr.Harmon that the Commissioners view the proposed improvement on the 5th,day of May 1938,commencing at the upper terminus thereof,at ten o'clock A.M.,and the first hearing thereon will be held at the office of the Commissioners on the 9th, day of May 1938. at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

Names and addresses,where known,of all landowners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Service of notice of filing of petition shall be obtained by mailing notices and publication as provided by Section 6447.

Signed by-
H.S.Smith,
Petitioner.

The petitioner for the improvement of the Tobey Ditch No.1265,filed with the petition a surety bond in the amount of $200.00,with H.S.Smith as principal and Fred Cahill,J.S.Robb and Jos.L.Mattison as sureties,conforming to all the provisions of Section 6446 of the General Code.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That we,H.S.Smith as principal and Fred Cahill,J.S.Robb and Jos.L.Mattison as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,truly and to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 11th,day of April 1938.

The condition of the above obligation is such,that,whereas,the above bound H.S.Smith filed his petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single County Ditch in York and Liberty Townships,petitioned for by H.S.Smith and others;the following is the course and termini as described in above petition.

Now,if the said H.S.Smith et al,will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void, otherwise to remain in full force and effect in law.

H.S.Smith.
Fred Cahill.
J.S.Robb.
Joe.L.Mattison.

The above bond is hereby approved this 11th,day of April 1938.

Frank E.Smith,
Co.Auditor.

Auditor's Vault Box No.52~~8~~3 TOBEY DITCH NO.1265 Transcribed March 22,1947.

NOTICE TO LANDOWNERS

Auditor's Office,April 23,1938
Union County,Ohio.

Landowners affected by
Tobey Ditch No.1265.

H.S.Smith et al,has filed a petition with the County Auditor requesting the improvement of a ditch beginning with the 12 inch tile on the lands of Hutson S.Smith and approximately seven rods west of the Lockwood & Tobey Gravel Road;thence with the line of tile known as the Tobey Ditch No.548 easterly across said road and the lands of H.S.Smith;thence southerly through and across the lands of Howe G.Davis to Liberty Township;thence continuing with said tile ditch through and across the lands of Siddie H.Williams and T.B.And Mary T.Davis to the outlet of said tile;thence with the open ditch across the Tobey Gravel Road;thence southerly across the lands of C.W.Faulkner,The Citizens Home and Savings Co.and others to Mill Creek,or far enough for a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 5th,day of May 1938, beginning at the upper terminus thereof,at ten o'clock A.M.and the first hearing thereon, will be held at the office of the Commissioners on the 9th,day of May 1938,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co. Auditor.

REQUESTS

To the Board of County Commissioners,
Union County,Ohio.

I the undersigned request a concrete headwall at lower termini of a 14 inch tile at the line of Herd and Fritchen,and an outlet for said tile by grubbing,cleaning and deepening and widening through the lands of Fritchen and the Citizens Savings & Loan to the Tobey Ditch,or until tile has a good outlet.

Ralph A.Herd.

County Board of Commissioners
Union County,Marysville,Ohio.

Elizabeth is praying for an extension of the H.S.Smith Ditch in Liberty Township, Union County.She is asking for a lateral starting from main ditch running westward to the County Pike,approximately 160 rods on line between Green Farm and J.L.Mattison farm.

Please furnish estimates on open ditch, and tile.

Hoping this will meet with your approval.

Yours respectfully,

Bert C.Miller.
Agent for Elizabeth Green.

IN THE MATTER OF THE FIRST HEARING ON TOBEY DITCH NO.1265.

Marysville,Ohio.May 9th,1938.
Commissioners Journal Vol.22 Page 562.

The petition to the Board of County Commissioners,signed by H.S.Smith,requesting the improvement of Tobey Ditch No.1265,located in York and Liberty Townships,was read by the Clerk.

A bond,in the amount of $200.00 with H.S.Smith as principal and Fred Cahill,J.S.Robb and J.L.Mattison as sureties,conforming to all the provisions of Section 6446 of the General Code was also read by the Clerk.

Comments were invited from interested landowners by the Chairman.

Mr.Ralph requested that his lateral be repaired,if necessary,and extended to the open ditch.

Mr.Fred Cahill requested that his ditch be examined and repaired,if necessary.

Mr.J.S.Robb requested that his lateral be repaired if necessary,and extended to the Open Ditch.

Mr.Frank Williams requested that his lateral be examined.

It being the opinion of the Commissioners that the proposed improvements are necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr. Harmon that the prayer of the petition and the several requests,as entered above,be granted and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction and report to this Board.

Upon a call of the roll the Commissioners voted as fillows:Harmon "aye",Shaw "aye" and Hamilton "aye".

This apportionment is made for the amoun t of the excavation on Proposal No.1 and the amount of the grubbing on Proposal No.2.
Therefore if Mr.Whitmer selects Proposal No.1 his apportionment will be reduced the amount of the difference in the two grubbing estimates or $33.00.
If he should select Proposal No.2 his apportionment will be reduces at least in accordance to the prorata reduction in the total excavation estimate.

IN THE MATTER OF THE ENGINEER'S REPORT ON TOBEY DITCH NO.1265.

Marysville,Ohio,Feb.13,1939.
Commissioners Journal Vol.23 Page 60.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications,for the proposed imptovements of Tobey Ditch No.1265.located in Liberty and York Townships,and petitioned for by H.S.Smith et al.

It was moved by Mr.Spain and seconded by Mr.Shaw that the final hearing on assessments be held at the office of the Commissioners on Monday March 14,1939 at ten o'clock A.M.
Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON TOBEY DITCH NO.1265.

Marysville,Ohio.March 14,1939.
Commissioners Journal Vol.23.Page 74.

The Union County Board of Commissioners met this day in special session,with the following members present;Geo.R.Hamilton,O.H.Shaw and Gail Spain,with Frank E.Smith County Auditor acting as Clerk.
The petition and bond were read by the Clerk.also the list of apportionments estimated by the County Engineer.
Comments were invited from all landowners present.
Mr.Howe Davis requested that the trees on his farm be cut to a distance of 30 feet from ditch.
Hutson Smith,C.W.Rea,Howe G.& Dale B.Davis objected to acreage assessment.

HEARING ON ASSESSMENTS CONTINUED.

After due consideratin and deliberation by the Commissioners,Mr.Hamilton offered a motion,seconded by Mr.Shaw,that,the assessments be accepted,including laterals.with the following exceptions;that the Engineer be instructed to stop construction at a point approximately 500' below the Bault Road and that all assessments be lowered accordingly,with the exception that,believing the lands of Joseph L.Mattison will be benefited to the amount now estimated, the apportionment on said land of $520.03 remain without change,the acreage be adjusted where necessary,and the apportionment for the County Roads not to be lowered.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

The Commissioners instructed the County Engineer,Walter E.Griffith, to proceed with the improvement and advertise for bids for said improvements to be sold on April 1st,1939 at two o'clock P.M.at the office of the County Engineer.

IN THE MATTER OF BIDS RECEIVED FOR TOBEY DITCH NO.1265.

Marysville,Ohio.April 3,1939.
Commissioners Journal Vol.23 Page 82.

To the Board of County Commissioners.

In obedience to your direction and also in pursuance of the notice duly given as provided by law,bids for the work of construction and furnishing materials for the above named improvement were received by me as follows:

Brindle C.	Excavation-M.D.	Section No.1		$1568.00

Auditor's Vault Box No.524 SHOEMAKER DITCH NO.1266 Transcribed March 27,1947.

IN THE MATTER OF THE SHOEMAKER DITCH NO.1266-FILING OF PETITION.

Marysville,Ohio.May 2,1938.
Commissioners Journal Vol.22 Page 559.

Date of PetitionApril 22.1938.

County Auditor,Frank E.Smith,presented a petition signed by Elizabeth Shoemaker and Eddie Puckett requesting the improvement of Shoemaker Ditch No.1266,located in Darby and Jerome Townships,on the course hereinafter set forth.

Commencing with an open ditch in the north line of Eddie & Martha Jane Puckett's 36.50 acre tract;thence with said open ditch in a southeasterly direction through said Puckett's land,the lands of Elizabeth Shoemaker to the Taylor Gravel Road,crossing said road;thence in a southerly and southwesterly direction through the lands of Lenabel A.Robinson and C.M.Andrews to Robinson Run or far enough for a good and sufficient outlet.

Also a Lateral Commencing the line of the present ditch in the north line of Eddie and Martha Jane Puckett's 25.03 acre tract;thence in a southwesterly and southerly direction across said Puckett's land,a township road and the lands of Elizabeth Shoemaker. to the main ditch.

The following is the nature of the wprkmpetitioned for;location,construction,tiling as far as the Taylor gravel road or as far as practical,construction of a concrete headwall at the outlet of tile,deepening.straightening and widening the open ditch below the tile far enough for a good and sufficient outlet for the tile.

The petitioner states that the construction of the improvement is necessary and will be conducive to the public welfare.

Names and addresses of all landowners which the petitioners claims will be benefited or damaged by the proposed improvement.

Service of notice shall be obtained by mailing notices and publication as provided bySec.6447

Signed by,
Elizabeth Shoemaker
Eddie Puckett,
Petitioners.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 27th,day of May 1938,at ten o'clock A.M.commencing at the upper terminus thereof,and the first hearing thereon will be held at the office of the Commissioners,on the 31st,day of May 1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hanilton "aye".

The petitioners for the improvement of the Shoemaker Ditch No.1266 filed with the petition a surety bond in the amount of $200.00,with Elizabeth Shoemaker as principal and Eddie Puckett and G.W.Holmes as sureties.conforming to all theprovisions of Section 6446 of the General Code.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the above bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONERS.

KNOW ALL MEN BY THESE PRESENTS,That we,Elizabeth Shoemaker as principal and Ed Strukenburg and G.W.Holmes as sureties,are held and firmly bound unto the State of Ohio,in the sum of $200.00 Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 22nd,day of April 1938.

The condition of the above obligation is such,that,whereas, on the 22nd,day of April 1938, the above bound Elizabeth Shoemaker and Eddie Puckett filed their petition with the County Aduitor of Union County,Ohio,making application to the Commissioners for the location and construction of a single county ditch,Darby and Jerome Townships petitioned for by Elizabeth et al.on the course as described in above petition.

Now if the said Elizabeth et al will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void;otherwise to remain in full force and effect in law.

Elizabeth Shoemaker.
Eddie Puckett.
Ed.Strunkenburg
G.W.Holmes.

The above bond is hereby approved this 2nd,day of May 1938.

Frank E.Smith,
Co.Auditor.

&NOTICE TO LANDOWNERS

Auditor's Office Union County,Ohio.
May 7,1938

Landowners affected by
Shoemaker Ditch No.1266.

Elizabeth Shoemaker has filed a petition with the County Aduitor requesting the improvement of a ditch beginning with an open ditch in the north line of Eddie & Martha Jane Puckett's 36.50 acre tract;thence with said open ditch in a southeasterly direction through said Puckett's land, the land of Elizabeth Shoemaker to the Taylor Gravel road;thence southerly and southwesterly direction,through the lands of Lenabel A.Robinson and C.M.Andrews to Robinson Run or far enough for a good and sufficient outlet.

Also a lateral commencing in the line of the present ditch in the north line of Eddie and Martha Jane Puckett's 25.03 acre tract;thence in a southessterly and southerly direction across said Puckett's land a towhship road and the lands of Elizabeth Shoemaker to the main ditch.

The Commissioners will view the proposed improvement on the 27th,day of May 1938 commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held on the 31st,day of May 1938,at the office of the Commissioners,Marysville,Ohio,at ten o'clock A.M.

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement, remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

OBJECTIONS

Frank E.Smith, Plain City,Ohio.May 24,1938

Dear Sir;
In repl to petition filed to assess me with a new ditch called the Shoemaker ditch.I wish to inform you that I object.I see no reason why I should be assessed with a new ditch,when I Have no water flowing into it.

Sarah J.Adams.

To the Commissioners Plain City,Ohio.R.R.1.May 31,1938
Union County,Ohio.

Sirs:
I object to the so called improvement of the Shoemaker Ditch No.1266 for the reason that my parcel of land drains into the Sugar Run at its terminal so I am not benefited at all therefore I remonstrate against said improvement.

Respectfully yours,
Peter Fosher.

To the Commissioners, Plain City,Ohio.
Union County,Ohio. Remonstrance against
Said Shoemaker Ditch No.1266.

Sirs:
I hereby remonstrate and object against the Shoemaker Ditch No.1266 for reason that my land that is effected by said proposed ditch is not tillable land is not cultivated being only pasture land therefore I receive no benefit from said so called improvement.

Yours respectfully submitted,
Jacob Fisher.

PETITION AGAINST PROPOSED SHOEMAKER DITCH NO.1266

TO WHOM IT MAY CONCERN.

We the following tax payers assessed upon the proposed Shoemaker Ditch No.1266 ask the Honorable Board of Union County Commissioners to dismiss said project on reason as petitioner originally has sold his farm and said party that purchased same does not desire said improvment,and furthermore that all others assessed on said ditch deem that the benefits that would be accomplished by said ditch would be only meager as by the high cost of assessment,so therefore we the undersigned ask that said porject known as Shoemaker Ditch No.1266 be dismissed without any further undertaking.

Dated this 18th,day of February 1929.

Signed by-

Eddie Puckett	Martha Jane Puckett
Jacob Fisher	John B.Collins
D.D.Ketch	Andrews & Robinson
Jay Patch	Ruth Patch

IN THE MATTER OF THE SHOEMAKER DITCH NO.1266-FIRST HEARING.

Marysville,Ohio.May 31,1938.
Commissioners Journal Vo.22 Page 568.

The petition to the Board of County Commissioners,signed by Elizabeth Shoemaker,requesting the improvement of Shoemaker Ditch No.1266,located in Darby and Jerome Townships.was read by the Clerk.

A bond,in the amount of $200.00,with Elizabeth Shoemaker as principal and Strukenburg and G.W.Holmes as sureties,conforming to all the provisions of Section 6446 of the General Code, was also read by the Clerk.

Comments were invited from the interested landowners,by the Chairman.

It being the opinion of the Commissioners that the improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted,and that the County Engineer be directed to make the necessary survey.prepare specifications and estimated cost of construction and further that he report on both an open ditch and tile ditch through the lands of Elizabeth Shoemaker to the Taylor road.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton Aye".

OBJECTIONS TO ASSESSMENTS.

To whom it may concern. Plain City,Ohio.Feb.9,1939.

Concerning the proposed so called Shoemaker Ditch No.1266,I have received my estimate cost of same and find that you have assessed me on two parts as follows namely;
70 acres-$95.13 and 5.80 acres-'.52 and I object to said assessment for the reason that some of this land drains the opposite direction and does not flow or empety into said proposed Shoemaker Ditch,so I protest against the present assessment.

Yours respectfully,
Jacob Fisher.

OBJECTIONS CONTINUED.

In reply to my cost on the proposed Shoemaker Ditch No.1266,I find my cost is far more than Mr.Shoemaker told me he thought it would be as he toled me he dit not think my cost would be over $50.00.I find my cost is estimated at $329.00,as the cost is far more than the benefit I would receive in a long life time,I hereby place my objections against the construction of said ditch.

Eddie Puckett.

IN THE MATTER OF THE HEARING ON ASSESSMENTS
ON SHOEMAKER DITCH NO.1266

Marysville,Ohio.Feb.27,1939
Commissioners Journal Vol.23 Page 66

The Petition and bond signed by Elizabeth and others was read by the Clerk.

List of assessments was read by the Clerk and comments from all affected landowners present were heard.

Written protests filed by Jacob Fisher and Eddie Pruckett and others,were read by the Clerk.

After hearing from all present and considering the case from all angles,a motion was made by Mr.Shaw and seconded by Mr.Shaw thatt the prayer of the petitioner be dismissed for the reason that the total estimated costs of the proposed improvement appears to be in excess of the benefits to be derived therefrom if said improvement is constructed.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

Marysville,Ohio. Feb.6,1939
Commissioners Journal Vol.23. Page 58.

IN THE MATTER OF THE REPORT OF ENGINEER
ON SHOEMAKER DITCH NO.1266

County Engineer,Walter E.Griffith,this day presented his report,including the estimated cost,assessments plans and assessments and specifications,for the proposed improvement of the Shoemaker Ditch No. 1266,located in Darby and Jerome Townships,and petitioned for by Elizabeth Shoemaker et al.

It was moved by Mr.Spain and seconded by Mr.Hamilton that the final hearing on assessments be held at the office of the Commissioners on Monday February 27th,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye".and Spain "aye".

Auditor's Vault Box No.523 LANDON PATTON DITCH NO.1267. Transcribed March 29,1947.

IN THE MATTER OF THE LANDON PATTON DITCH NO.1267-FILING OF PETITION.

Marysville,Ohio.May 16,1938
Commissioners Journal Vol.22 Page 564.

County Auditor.Frank E.Smith,this day,presented a petition,signed by Roy Hoffman requesting the improvement pf Patton Run Ditch No.1267,located in Claibourne and Jackson Townships, on the course hereinafter set forth.

Commencing at the outlet of a 15 inch tile known as the Piffner Ext.Ditch,No.945,and a 24 inch tile known as the Landon ditch No.1148 on the lands of Edgar E.Hoffman and near the west line of the lands of Christopher Hinkle;thence following the line of the Landon & Patton Run Ditch in a southeasterly direction through and across the land of said Hinkle,I.N.& Margaret Roberts;the Erie Railroad,Roy and Edgar Hoffman,Fred D.Bevis,Lena Bevis,Jesse F.Hoffman,the Boundary Road,Clement L.Holenbeck.Joe Patcha,the County Road,John M.& Louisa E.Scherger to the Union and Marion County Line,or far enough for a good and suffdient outlet.

The following is the nature of the work petitioned for:reconstruction by deepening,cleaning out,straightening and widening of the present open ditch,and repair the tile by taking up cleaning repalcing the broken tile to the upper lines of the lands of Edgar Hoffman,and construction of necessary retaining walls at outlet of tile.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the publis welfare.

Names of the landowners which the pettioner claims will be benefited or damages by the construction of the proposed improvement.

Service of notice of filing of the petition shall be obtained by mailing notices and publication as provided by Section 6447.

Signed by,
Roy Hoffman,
Petitioner.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 7th,day of June 1938,commencing at the upper terminus thereof,at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,on the 14th, day of June 1938,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner for the improvement of the Patton Run Ditch,filed with the petition a bond, in the amount of $350.00,with Roy Hoffman as principal and George Schlegel and Adele M.Kagay as sureties,conforming to all the provisions of Section No.6446,of the General Code.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we,Roy Hoffman as principal and George Schlegel and Adele M.Kagay as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($350.00) Three Hundred fifty Dollars,to the payment of which sum,well and truly to be made, we do hereby jointly and severally bind ourselves,our heirs,executors and administrators,

Signed by us and dated at Marysville,Ohio,this 14th,day of May 1938.

The condition of this obligation is such,that,whereas,the above bound Roy Hoffman et al, filed a petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch in Claibourne and Jackson Townships, petitioned for by Roy Hoffman on the course as described in the petition above.

Now,if the said Roy Hoffman et al,will pay all costs,if the prayer of the petition is not granted or if the petition is for any cause dismissed,then this obligation shall be void,otherwise to remain in full force and effect in law.

Roy Hoffman.
George Schlegel.
Adele M.Kagay

The above Bond is approved this 16th,day of May 1938.

Frank E.Smith.
Co.Auditor.

NOTICE TO LANDOWNERS

Landowners affected by Patton ditch No.1267.

Auditor's Office,May 21,1938.

Roy Hoffman has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a 15 inch tile known as the Piffiner Ditch No.945 and a 24 inch tile known as the Landon Run Ditch No.1148 on the lands of Edgar E.Hoffman and near the west line of the land of Christopher Hinkle,deceased;thence following the line of the Landon & Patton Run Ditch in a south and easterly direction through and across the lands of said Hinkle

NOTICE TO LANDOWNERS CONTINUED.

I.N.& Margaret Roberts,The Erie Railroad,Roy and Edgar Hoffman,Fred D.Bevis,Lena Bevis, Jesse F.Hoffman,The Boundary Road,Clement L.Holenback,Joe Pacha,The County Road,John M.& Louisa Scherger,R.H.Finefrock,to the Union and Marion County Line,or far enough to give a good and sufficient outlet.

The County Commissioners will view this proposed improvement on the 7th,day of May 1938, beginning at the upper terminus thereof,at ten o'clock A.M.and the first hearing thereon,will be held at the office of the Commissioners.Marysville,Ohio,on the 14th,day of May 1938,at ten o'clock A.M.

Applications for the granting of the above peoposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE PATTON DITCH NO.1267-FIRST HEARING.

Marysville,Ohio.June 14,1938.
Commissioners Journal Vol.22 Page 573.

The Union County Board of Commissioners met this day in special session,with the following members present:W.D.Harmon,O.H.Shaw and Geo.R.Hamilton,with County Auditor Frank E Smith acting as Clerk.

The petition to the Board of County Commissioners,signed by Roy Hoffman,requesting the improvement of Patton Run Ditch No.1267,located in Claibourne and Jackson Townships,was read by the Clerk.

A bond,in the amount of $350.00 with Roy Hoffman as principal and George Schlegel and Adele M.Kagay as sureties,conforming to all the provisions of Section No.6446 of the General Code,was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the petition be granted and that the Engineer be directed as follows;

Make the necessary surveys,prepare specifications and apportionment estimated cost of construction.

Proceed only far enough to give drainage relief to the petitioner.

Retain,as far as possible,the sodded banks and slopes of the present open ditch.

Repair the 10 inch tile and construct headwall entering into the lands of Edgar Hoffman.

Examine and,if necessary,repair the tile emptying into the open ditch at the headwall on the lands of Edgar Hoffman,as petitioned for.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

OBJECTIONS

Mr.Frank E.Smith, Richwood,Ohio.
Marysville,Ohio.

Dear Sir:
Received notice of assessment on Landon-Patton Ditch no.1267,75 acres-$75.00. Soneone has made a mistake in the amount of acres,there is only 12 acres of the farm draining into this ditch,so please rectify mistake.

Yours very truly,
Glen E.& Fred R.Lamb.

Now comes May Smeltzer and respectfully represents that she is the owner of real estate, located in Jackson Township,Union County,Ohio,and does hereby object to the assessments placed against said real estate,and the report of the Surveyor,in the matter of the Landon-Patton Run,being ditch No.1267.

Respectfully,
May Smeltzer.

Union County Commissioners, February 6,1939,Richwood,Ohio.

Damage to flood gaps,crops and shut up stock and to remove fence $75.00.

Yours truly,
Chas.Roberts.

Union County Aduitor, Richwood,Ohio.R.D.3.
Marysville,Ohio.

Gentlemen:
You are hereby notified that I,Edgar Hoffman a land owner of Jackson Township,Union County,Ohio,will be damaged by the cleaning of the Patton-Landon Run Ditch which starts on my farm to the extent of $50.00 as follows:
1st. Interference with crops.
2nd. About 80 rod of tempory fence will have to be removed in order to pasture stock.
3rd. Inconvenience during the time it takes to complete the project.

Respectfully submitted,
Edgar E.Hoffman

February 6,1939.

Union County Commissioners.

Damage to bridge,on crops and fence on my farm,Claim $75.00.

Fred D.Bevis.

IN THE MATTER OF THE REPORT OF ENGINEER ON PATTON DITCH NO.1267.EXTENSION OF TIME FOR FILING REPORT. Marysville,Ohio.Dec.27,1938. Commissioners Journal Vol.23 Page35

It being evident at this time that the Engineer's report on the estimated aggregate cost of improvement of the Patton Ditch No.1267,which was ordered to be presented to the Union County Board of Commissioners on December 27th,1938,cannot be completed on that date;It was moved by Mr.Hamilton and seconded by Mr.Shaw that the time be extended to January 6th,1939.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye" and Shaw "aye".

IN THE MATTER OF THE HEARING ON ENGINEER'S ON PATTON DITCH NO.1267. Marysville,Ohio.Jan.6,1939. Commissioners Journal Vol.23 Page 43.

The Union County Board of Commissioners met this day in special session,with the following members present;Geo.R.Hamilton,O.H.Shaw and Gail Spain with County Auditor Frank E.Smith acting as Clerk.
County Engineer,Walter B.Griffith,this day presented his report to the Union County Board of Commissioners,including estimated cost,assessments and plans,specifications for the improvement of Patton Run Ditch No.1267,located in Claibourne and Jackson Townships,and petitioned for by Roy Hoffman.
It was moved by Mr.Shaw and seconded by Mr.Spain that a public hearing on assessments be held at the office of the County Commissioners Monday February 6th,1939,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON PATTON RUN DITCH NO.1267. Marysville,Ohio.Feb.6,1939. Commissioners Journal Vol.23 Page 57

The petition and bond were read by the Clerk
List of assessed acres and amounts of apportionments were read by the Clerk and comments were heard from all present.
Requests for damages were presented in writing as follows:

Edgar Hoffman	$50.00
Charles Hoffman	75.00
Fred Bevis	75.00
May Smeltzer	Objection as to amount of assessment.

By unanimous consent the County Commissioners decided to disallow the foregoing damages.

After due consideration it was decided by the Commissioners to make the following reductions in assessments:John Lamb,75.00 acres from $15.00 to $3.50,May Smeltzer,60 acres from $42.00 to $36.00,I.N.& Margaret Roberts 254.00 acres from $285.00 to $238.91,Fred Bevis 100.00 acres from $152.70 to $134.85,Roy & Edgar Hoffman 159.51 acres from $199.54 to $173.78,Clement Hollenbeck 10.00 acrrs from$29.00 to $20.00,Union County to assume costs on above improvement below the East Boundary Road.

HEARING ON ASSESSMENTS CONTINUED.

These reductions being possible by a 1¢ per yard reduction in excavating costs on above acres.

It being the opinion of the Commissioners,that the proposed improvement is necessary and will conducive to the public welfare,and that the cost of same will be less than the benefits derived therefrom,it was moved by Mr.Shaw and seconded by Mr.Spain,that the Engineer's report on the assessments be approved with the exceptions as shown above;and that the Engineer be instructed to proceed with the improvement,said improvement to be terminated at the East Boundary Road, and therefore,no property below rhe East Boundary Road will be assessed.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

The Commissioners instructed the Engineer,Walter E.Griffith,to proceed withe improvement by advertising for bids on same,said bids to be received in the office of the Engineer until two o'clock P.M.February 25th,1939.

IN THE MATTER OF BIDS RECEIVED ON PATTON RUN DITCH NO.1267.

Marysville,Ohio.Feb.27,1939.
Commissioners Journal Vol.23 Page 68.

To the Board of Commissioners,
Union County,Ohio.

In obedience to your direction and also in pursuance of the notice duly given as provided by law,bids for the construction and furnishing materials for the above named improvement were received by me as follows:

Arthur Skinner	Excavation & Grubbing	$1501.03
F.A.McAllister	" "	1564.26
H.C.Willis	" "	1850.23

NOTE: Registered letter containing bid of George J.Igel & Co.,Inc.501 Eaton Ave.Columbus, Ohio,marked "Registered 2105" and "Bid on Landon-Patton Ditch to be opened February 25,1939" was not delivered because of the 8:03 A.M.Train being late and carriers made their deliveries before the distribution of that mail,and they make no deliveries on Saturday P.M.ffom that office,Acting County Prosecutor,Righard Thrall,ruled bid could not be accepted.

I recommend the following bid as the best:Arthur Skinner,Westchester,Ohio,(Hamilton Co.)

Signed-Walter E.Griffith,
Co.Engineer.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the bid of the responsible bidder, Arthur Skinner,,as recommended by County Engineer,Walter E.Griffith,for the construction of the Landon-Patton Run Ditch No.1267,be accepted.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF CONTRACT AND BOND FOR CONSTRUCTION OF LANDON PATTON DITCH NO.1267.

Marysville,Ohio.March 6,1939.
Commissioners Journal Vol.23 Page 70.

Arthur Skinner,whose bid of $1501.03 for the improvement of Section No.1 of Landon-Patton Run Ditch No.1267 was accepted by the Commissioners at their meeting of February 27th,1939,this day presented his contractors bond,in the amount of $2023.00,with Arthur Skinner as principal and Anna J.Skinner and Helen Skinner as sureties.

It was moved by Mr.Spain and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

CONTRACT FOR SECTION NO.1.

Section No.1

Marysvikle,Ohio.Feb.25,1939.

From Station No.0.00 to Station 87.00-527.3 rods.
Excavation & Grubbing.

It is hereby certified by Wlater E.Griffith the duly appointed Engineer of said Ditch improvement,that after legal notice of sale,he has this day sold to Arthur Skinner contractor the work of constructing Section No.1 of said Ditch for the sum of ($1501.03) Fifteen Hundred one and 03/100 Dollars,which work said contractor hereby agrees to complete according to specifications of same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,Ohio,on or before the 21st,day of June 1939.

And it also agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the construction of said ditch without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E Griffith, Engineer.

Arthur Skinner, Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS,That we,Arthur Skinner as principal and Anna J.Skinner and Helen Skinner as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($2023.00) Two Thousand twnety-three Dollars,for the payment of which sum we jointly and severally bind ourselves by these presents this 25th,day of February 1939.

The condition of this obligation is such,that whereas the above bound Arthur Skinner has this day bid off the work of constructing Section No.1 of said ditch,and has entered into the above contract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time named therein,and pay for all damages which may occur by reason of a failure to complete the work as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

Arthur Skinner.
Anna J.Skinner.
Helen Skinner.

This Contract and Bond are hereby approved this 6th,day of March 1939.

Geo.R.Hamilton.
O.H.Shaw.
Gail Spain.
Commissioners of Union County.

This to certify that Helen Skinner and Anna J.Skinner are liable and holders of property, this 2nd,day of March 1939.

W.K.Swan.
Co.Auditor,Hamilton Ohio.

Auditor's Vault Box No.523 Sullivan ditch No.1268 Transcribed April 2,1947.

IN THE MATTER OF SULLIVAN DITCH NO.1268-FILING OF PETITION.

Marysville,Ohio.August 1,1938.
Commissioners Journal Vol.22 Page 585.

Date of Petition,Aug,1,1938.

County Auditor,Frank E.Smith,this day presented a petition,signed by Stewart T.Smith, requesting the improvement of Sullivan Ditch No.1268,located in Dover Township,on the course hereinafter set forth.

COMMENCINGin the line of a 10 inch tile ditch,known as the Sullivan Ditch No.490,and the line between the lands of Stewart T.Smith and O.M.Amrine;thence following the line of said tile ditch in a southeasterly direction,through and across said Amrine's lands to the outlet;thence following the open ditch in a southerly direction to Blues Creek and there to terminate.

I ask that said ditch be improved as follows:Repairing the tile wherever necessary, cleaning the open ditch far enough for a good and sufficient outlet for tile and constructing a reinforced concrete headwall at the outlet of said tile.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

Names and addresses,where known,of all landowners which the petitioner claims will be benefited or damaged by the constructuion of the proposed improvement.

Amrine O.M.	Marysville,	Callicot Cyrus B.& Lucy A.	Marysville,
Cain Jesse F.Mrs.	"	John Carl & Fritz	"
Myers Ralph C.& Anna Mable	"	Smith Stewart T.	"
Spurgeon Mary M.	"		

Service of notice of the filing of the petition shall be obtained by mailing notices and publication as provided by Section 6447.

Signed by,
Stewart T.Smith,
Petitioner.

It was moved by Mr.Shaw and seconded by Mr.Harmon that the Commissioners view the proposed improvement on the 25th,day of August 1938,commencing at the upper terminus thereof,at ten o'closck A.M.and the first hearing thereon will be held at the office of the Commissioners on the the 29th,day of August 1939,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner for the Sullivan ditch No.1268 filed with the petition a surety bond in the amount of $200.00,with Stewart as principal and Gale W.Baldwin and Rae F.Johnson as sureties,conforming to all the provisions of Section No.6446 of the General Code.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That we,Stewart T.Smith as principal and Gale W.Baldwin and Rae F.Johnson as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the payment of which sum,well and truly to be made, we do hereby jointly and severally bind ourselves,our heirs,executors and adminsitrators.

Signed by us and dated at Marysville,Ohio,this 1st,day of August 1938.

The condition of the obligation is such,that,whereas,on the 1st,day of August 1938,the above bound Stewart T.Smith filed his petition with the Auditor of Unuon County,making application to the County Commissioners for the reconstruction of a single county ditch,known as the Sullivan Ditch No.490,Dover Township,petitioned for by Stewart T.Smith on the course as described in above petition.

Now,if the said Stewart T.Smith,Gale W.Baldwin and Rae F.Johnson will pay all costs if the prayer of the petition is not granted or if said petition is for any cause dismissed,then then this obligation shall be void;otherwise to remain in full force and effect in law.

Stewart T.Smith.
Gale W.Baldwin.
Rae.F.Johnson.

The above bond is approved this 1st,day of August 1938.

Frank E.Smith,
Co.Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
August 9.1938.

Landowners affected by
Sullivan Ditch No.1268

Stewart T.Smith has filed a petition with the County Aduitor requesting the improvement of a ditch beginning in the line of a 10 inch tile ditch ,known as the Sullivan Ditch No.490, and the line between the lands of Stewart T.Smoth and O.M.Amrine;thence following the line of said tile ditch in a southeasterly direction,through and across said Amrine's lands to the outlet;thence following the line of the open ditch in a southerly direction to Blues creek and there terminate.

The Commissioners will view this proposed imptovement on the 25th,day of August 1938, commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 29th,day of August 1938 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time begore the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,Co.Auditor.

Auditor's Vault Box No.523. SULLIVAN DITCH NO.1268 Transcribed April 2,1947.

IN THE MATTER OF THE FIRST HEARING ON SULLIVAN DITCH NO.1268.

Marysville,Ohio.Aug.25,1938.
Commissioners Journal Vo.22.Page 593.

The petition to the Board of County Commissioners,signed by Stewart T.Smith,requesting the improvement the Sullivan Ditch No.1268,located in Dover Township,was read by the Clerk.

A bond,in the amount of $200.00,with Stewart T.Smith as principal and Gale W.Baldwin and Rae F.Johnson as sureties,was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Harmon that the prayer of the petition be granted and that the Engineer be directed to make necessary surveys,prepare specifications and apportionment estimated cost of construction.

He is further instructed to interview O.M.Amrine and Stewart T.Smith in reference to drops in the line of tile and to examine the tile leading to the lands of C.B.& Lucy A.Callicot and report to the this Board by October 10,1938.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON SULLIVAN DITCH NO.1268.

Marysville,Ohio.Oct.11,1938.
Commissioners Journal Vol.23 Page 9.

It being evident,at this time,that the Engineers report on the estimated aggregate cost of the improvement of Sullivan Ditch No.1268 which was ordered to be presented to the Board of County Commissioners on October 11th,1938,cannot be completed on that date,it was moved by Mr, Shaw and seconded by Mr.Hamilton that the time be extended until December 19th,1938.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON SULLIVAN DITCH NO.1268.

Marysville,Ohio.Dec.19,1938.
Commissioners Journal Vol.23 Page 33.

The petition for the construction of Sullivan Ditch No.1268,located in Dover Township, and petitioned for by Stewart T.Smith and others was read by the Clerk.

A bond in the amount of $200.00,with Stewart T.Smith as principal and Gale W.Baldwin and Rae F.Johnson as sureties,conforming to all the provisions of Section 6446 of the General Code was also read by the Clerk.

The result of the County Engineer's report containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is conducive to the public welfare and that the costs will be less than the benefits to be derived,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the Engineer be directed to proceed with the improvement by advertising for bids for the reconstruction of said ditch and placing tile as follows:

Section No.1.Excavation for open ditch,Section No.2,excavation for tiled ditch and placing tile,Section No.3,furnishing common tile and Section No.4,construction of headwall.Said bids to be received in the office of the County Engineer until Saturday,December 31st1938 at two o'clock P.M.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye" and Shaw "aye".

Auditor's Vault Box No.524. BRAITHWAITE DITCH NO.1269 Transcribed April 4,1947.

IN THE MATTER OF THE BRAITHWAITE DITCH NO.1269-FILING OF PETITION.

Marysville,Ohio.Sept.6,1938.
Commissioners Journal Vol.22 Page 596.

Date of Petition Aug.30,1938.

County Auditor,Grank E.Smith,this day presented a petition,signed by Alice J.Wilkins,requesting the improvement of Braithwaite Ditch No.1269,in York Township,on the course hereinafter set forth.

Petition for the Reconstruction of the Braithwaite Ditch No.1077 Survey No.11346-12542 in Y York Township.

Commencing the line between the lands of Lovey Laughrey and Alice J.Wilkins and the line of the Braithwaite County Ditch No.1077;thence with said tile ditch in a northerly direction through and across the lands of Alice J.Wilkins to line between said lands of Lovey Laughrey; thence continuing with said tile ditch approximately seventy feet to the outlet.thence with the open ditch northwesterly through and across said Laughrey lands,the Richwood & Miller County Road to Fulton Creek and there terminate.

The Following is the nature of the work petitioned for:Repairing said tile ditch wherever necessary and reconstruction of the open ditch by grubbing,deepening,straightening and widening and spreading the excavated materials,and placing a reinforced concrete headwall at the outlet of the tile.

Names and addresses,where known,of all landowners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Bolenbaugh Bertha Mrs.	Richwood,Clinton St.	Doyle R.R.	Richwood R.1
Laughrey Lovey	Richwood R.1	Langstaff John E.	"
Linn Mae,Mrs.	"	N.W.Mut.Life Ins.Co.	"
Wilkins Alice J.Mrs	"	Williams Carrie.Mrs.	"
Willauer John O.	"		

Service of notice of the filing of the petition shall be obtained by mailing notices and publication as provided by Section 6447.

Signed by,
Alice J.Wilkins,
Petitioner.

It was moved by Mr.Shaw and seconded by Mr.Harmon that the Commissioners view the proposed improvement on the 29th,day of September 1938,commencing at the upper terminus thereof at ten o'clock A.M.and that the first hearing thereon will be held at the office of the Commissioners, on the 3rd,day of October 1938,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner for the improvement of the Braithwaiite Ditch No.1269 filed woth the petition a surety bond,in the amount of $200.00 with Alice J.Wilkins as principal and Edward E Watkins and Daisy W.Watkins as sureties conforming to all the provisions of Section No.6446 of the General Code of Ohio.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that said bond bond be approved and acce accepted.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we A lice J.Wilkins as principal and Edward E.Watkins and Daisy W.Watkins as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two hundred dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated this 3rd,day of September 1938,at Marysville,Ohio.

The condition of the above obligation is such,that,whereas,on the 6th,day of September 1938,the above bound Alice J.Watkins et al filed their petition with the Auditor of Union County, Ohio,making application to the County Commissioners for the reconstruction of a single county ditch,Braithwaite Ditch No.1077-Survey No.11346 and 12542,petitioned for by Alice J.Wilkins et al. on the course as described in above petition.

Now,if the said Alice J.Wilkins et al will pay all costs,if the prayer of the petition is not granted or if for any reason the petition is dismissed,then this obligation shall be void; otherwise it shall be and remain in full force and virtue in law.

Alice J.Wilkins.
Edward E.Watkins.
Daisy W.Watkins.

The above bond is approved this 6th, day of September 1938.

Frank E.Smith,
County Auditor.

NOTICE TO LANDOWNERS

County Auditor's Office.
Sept.9,1938.

Landowners affected by
Braithwaite Ditch No.1077.

Alice J.Wilkins has filed a petition with the County Auditor requesting the improvement of a ditch beginning in the line between the lands of Lovey Laughrey and Alice J.Wilkins and in the line of the Braithwaite County Ditch No.1077;thence with said tile ditch in a northerly direction through and across the lands of Alice J.Wilkins to a line between said lands and the lands of Lovey Laughrey;thence continuing with said tile ditch approximately 70 feet to the outlet;thence with the open ditch northwesterly through and across said Laughrey lands,the Richwood and Miller County Road to Fulton Creek and there terminate.

The County Commissioners will view this proposed improvement on the 29th day of September 1938,commencing at the upper terminus thereof at ten O'clock A.M.and the first hearing thereon, will be held at the office of the Commissioners,Marysville,Ohio,on the 3rd,day of October 1938 at ten o'clock A.M.

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frenk E.Smith.
Co.Auditor.

IN THE MATTER OF THE FIRST HEARING
ON BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Oct,3.1938.
Commissioners Journal Vol.23.Page 6.

The petition to the Board of County Commissioners,signed by Alcice J.Wilkins,requesting the improvement of the Braithwaite Ditch No.1269,located in York Township,was read by the Clerk.

A,bond in the amount of $200.00.with Alice J.Wilkins as principal and Edward E.Watkins and Daisy W.Watkins as sureties, conforming to all the provisions of Section 6446 of the General Code of Ohio.

Comments from the interested landowners were invited by the Charman.

The folllowing request was presented by Lovey Laughrey.

To the Commissioners, October 3,1938
Union County,Ohio.

We request that the said Braithwaite open ditch petitioned for by Alice J.Wilkins,if granted,be tiled with 16 inch tile to the Miller Road,beginning on the lands of Lovey Laughrey about 70 feet from the Wilkins line.

Signed by,
Lovey Laughrey.

It was moved by Mr.Harmon and seconded by Mr.Hamilton that the request for a lateral be acknowledged,pending a possible adjustment fo the cost of construction between Mrs.Wilkins and Mr.Doyle and that the Commissioners view said lateral on October 1938,18th,at ten o'clock A.M.and that the hearing be held October 10th,1938 at ten o'clock A.M.,providing they are not in agreement.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

It being the opinion of the Commissioners that the proposed improvement will be conducive to the puhlic welfare,a motion was offered by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted and that the Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction,Said estimate to include the cost of both open and a tile ditch on the lands of Lovey Laughrey,and further that the request of Mr.Donivan that the tile be repaired and cleaned out wherever necessary to the north line of the Losey farm,be complied with.

Upon a call of the roll the Commissioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

The hearing thereupon adjourned until Monday October 10th,1938,at ten o'clock A.M.

IN THE MATTER OF THE SECOND HEARING
ON BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Oct.10,1938.
Commissioners Journal Vol.23.Page 8.

The minutes of the preceeding were read by the Clerk.

Comments of interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the prayer of the petition be granted,and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction.Said estimates to include the cost of an open ditch and tile ditch on the lands of Lovey Laughrey,and further the request of Mr.Donivan that the tile be repaired and cleaned out wherever necessary to the north line of the Losey farm,be complied with,and the request of Rolly H.Doyle be dismissed,and the hearing on assessments be adjourned until Monday December 5th,1938.

Upon a call of the roll the Commisioners voted as follows:Harmon "aye",Shaw "aye" and Hamilton "aye".

Open ditch to be the same as in Proposal No 1 from Sta.1056 to Sta.14.14

SPECIFICATIONS

Said ditch and its branches shall be constructed along the line as located by the stakes and the center shall be 3 feet to the right thereof,asn straight,except at the angles, which shall be made in easy rounding curves.

The trench shall be excavated to the depth in the bottom at each stake as indicated by the profile;and the bottom shall be true and smooth and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the anglew,wnd in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let ditt through shall be covered with broken pieces of tile .

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners.and after being laid they shall be fastened and left uncovered until they have been examined and approved by the Engineer;after which the trench shall be so filled that the excavated earth will all settle on the line of the tile and ain all places must be covered.

The tile must be laid in true line and on fourth inch apart.

The tile shall be of the following sizes: Proposal No.2,from Station 0.00 to Station 12.51 16 inch tile.

At the outlet of each line of tile an iron pipe of the same lineal dimensions on the inside as the line of tile on the outside and 40 feet long shall be places in the trench is such manner as to receive the line of tile and not obstruct the flow of the water.

All growing timber standing within 20 feet of the line of the tile must be thoroughly deadened,and all brush and bushes within said limit must be cut off even with the surface of the ground and such widths shall constitute the right of way.

IN THE MATTER OF THE ENGINEERS REPORT ON BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Dec.5,1938.
Commissioners Journal Vol.23.Page 26.

It being evident at this time,that the Engineer's report on the estimated aggregate cost of the improvement of Braithwaite Ditch No.1269 which was oredred to be presented to the Board of Union County Commissioners on December 5,1938,cannot be completed on that date.It was moved by Mr.Hamilton and seconded by Mr.Shaw that the time be extended until December 27,1938.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye" and Shaw "aye".

IN THE MATTER OF THE ENGINEER'S REPORT OF BRAITHWAITE NO.1269

Marysville,Ohio.Dec.27,1938.
Commissioners Journal Vol.23.Page 36.

It being evident at this time,that the Engineer's report on the estimated aggregate cost of improvement of the Braithwaite Ditch No.1269,which was ordered presented to the Union County Board of Commissioners on December 27th,1938,cannot be completed on that date.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the time be extended until January 3,1939.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye" and Shaw "aye".

Marysville,Ohio.Jan.3,1939.
Commissioners Journal Vol.23.Page 39.

County Engineer Walter E.Griffith,this day presented his report,including the estimated cost assessments plans specifications for the improvement of Braithwaite Ditch No.1269,located in York Township and petitioned for by Alice J.Wilkins.

ENGINEERS REPORT CONTINUED.

It was moved by Mr.Hamilton and seconded by Mr.Spain that a public hearing on assessments be held at the office of the Commissioners Thursday January 26,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Jan.26.1939.
Commissioners Journal Vol.23 Page 53.

The Union County Board of Commissioners,met this day in special session,with the following members present.Geo.R.Hamilton,O.H.Shaw and Gail Spain,with County Aduitor Frank E.Smith acting as Clerk.

A petition for the reconstruction and improvement of the Braithwaite Ditch No.1269, located in York Township and petitioned for by Alice J.Wilkins,was read by the Clerk.

A bond in the amount of $200.00 with Alice J.Wilkins as principal and Edward E.Watkins and Daisy W.Watkins as sureties,conforming to all the provisions of Section 6446,of the General Code of Ohio,was also read by the Clerk.

The result of the County Engineer's report,containing the number of acres assessed,and the apportionment estimated cost of construction of the proposed improvement,was read by the Clerk.

Comments from interested landowners were invited by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is conducive to the public welfare,and that the costs will be less than the benefits to be derived,it was moved by Mr.Hamilton and seconded by Mr.Spain that the prayer of the original petitioner be granted.with a concrete headwall and open ditch on the Lovey Laughrey lands and continuing to Fulton Creek,and that the extension asked for by Mr.Donivan be dismissed,if and when,Mr.George Williams and Lovey Laughrey have made the necessary repairs and grubbing on the Williams,Lynn and Loughrey lands,to the satisfaction of the Board.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

The Commissioners instructed the County Engineer,Walter E.Griffith to proceed with said improvement and advertise for bids for said improvement,to be held on Saturday February 11.1939.

IN THE MATTER OF BIDS RECEIVED FOR BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Feb.13,1939.
Commissioners Journal Vol.23 Page 60.

To the Board of Commissioners,
Union County,Ohio.

In obedience to your direction and also in obedience of the notice duly given as provided by law,bids for the work of construction and furnishing materials for the above named improvement were received by me as follows:

E.M.Weston & Son	Section No.1-Excavation & Grubbing	$350.00
F.A.McAllister	" " 1 " " "	355.00

I recommend the following bid as the best,E.M.Weston & Son,Richwood,Ohio. $350.00.
Signed:Walter E.Griffith,Engineer.

It was moved by Mr.Spain and seconded by Mr.Shaw that the bid of the responsible bidder, E.M.Weston & Son,recommended by Walter E.Griffith,County Engineer,for the construction of the Braithwaite Ditch No.1269 be accepted.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE BOND OF E.M.WESTON & SON.

Marysville,Ohio.Feb.20,1939.
Commissioners Journal Vol.23 Pge.63.

E.M.Weston & Son,whose bid of $350.00 for the improvement of Section No.1 of Braithwaite Ditch No.1269 was accepted by the Commissioners at their meeting of February 13,1939,this day presented their contractors bond,in the amount of $359.38,With E.M.Weston as principal and C.S.Charles and Don Taylor as sureties.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

CONTRACT FOR SECTION NO.1.

Section No.1-From Station 0.70 to Sta.14.40-84 rods

Marysville,Ohio.Feb.11.1939.

Excavation.

It is hereby certified by Walter E.Griffith the duly appointed Engineer,that after legal notice of sale,he has this day sold to E.M.Weston & Son contractors the work of constructing Section No.1 of said ditch,for the sum of ($350.00)Three Hundred fifty Dollars,which work said contractors hereby agree to complete according to specifications of same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, on or before the 1st,day of April 1939.

And it is firther agreed and expressly understood that in case the said contractors shall fail to complete said work within the time hereinbefore named,then said work may be re-estimated and re-sold by the Engineer or completed by the said Engineer at the expense of the Contractors and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractors will be required to give the work personal attention,and shall make no Sub-contracts which shall transfer the supervision of any part of the constructiing said ditch without the written consent of the Engineer.

Provided this contract shall be of no effect until approved by the Commissioners of Union County,Ohio.

E.M.Weston & Sons.
Contractors.

Walter E.Griffith,
Engineer.

Auditor's Vault Box No.524 BRAITHWAITE DITCH NO.1269 Transcribed April 5,1947.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS,That we,E.M.Weston & Sons-by E.M.Weston,as principal and C.S.Charles and Don Taylor as sureties,are held and bound unto the State of Ohio,for the use of Union County,in the penal sum of ($358.38) Thre Hundred fifty-nine and 38/100 Dollars,for the payment of which sum we jointly and severally bind ourselves by these presents this 11th,day of February 1939.

The condition of the above obligation is such,that whereas the above bound E.M.Weston & Son have this day bid off the work of constructing Section No.1 of said ditch and has entered into the above contract subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and complete the work wthin the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract,and pay for all labor and materials and for all debts incurred for this Section,then this obligation shall be void,other wise to be in full force and effect in law.

E.M.Weston & Son.
E.M.Weston.

IN THE MATTER OF THE ENGINEERS REPORT ON ACTUAL COST OF BRAITHWAITE DITCH NO.1269.

Marysville,Ohio.Nov.1940
Commissioners Journal Vol.23 Page 307.

The County Engineer this day presented his report of the actual cost of Braithwaite Ditch No.1269.located in York Township.

After examination,it was moved by Mr.Spain and seconded by Mr.Hamilton that said report be approved,the assessments confirmed.and that the County Auditor be directed to place said assessments on the tax duplicate.

Upon a call of the roll the Commissioners voted as follows:Shaw "aye",Hamilton "aye" and Spain "aye".

Auditor's Vault Box No.520 GORDON TRI-COUNTY DITCH NO.825. Transcribed April 7,1947.

IN THE MATTER OF THE TRICOUNTY DITCH NO.825-FILING OF PETITION.

Marysville,Ohio.Jan.3,1938.
Commissioners Journal Vol.22 Page 518.

County Auditor Frank E.Smith,presented a petition,signed by Elton M.Kile,Frank et al for the cleaning out and repairing,as a unit,the Gordon Tei-County Ditch,in accordance with Sections 6700-6701 of the General Code;Said petitioners being the owners of two-thirds of the amount of apportionment.

It was moved by Mr.Shaw and seconded by Mr.Hamilton that the County Engineer be directed to make the necessary survey,prepare the estimated cost of repair and make the required report for the considerattion of the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye".and Hamilton "aye".

COPY OF PETITION.

Union County,Ohio

Marysville,Ohio.Dec.21,1938.

To the surveyor of said County/

We,the undersigned owners of two-thirds in amount of the apportionment of the work to clean out or repair the Gordon Tri-County Ditch,hereby petition that the work be done as a unit in accordance with Sections 6700 and 6701 of the General Code.

Beginning at the outlet of a 12 inch tile and the line between the lands of Fred Kile and Nannie B.Fry;thence with the center line of the Open ditch in a noetheasterly direction,through and across the lands of Fred Kile and William Fulk to the Fulk Road.Thence continuing in an easterly direction across said road,and the lands of William Fulk,Paul M.Williams and S.J.Weldon to the Columbus-Marysville Road;thence continuing in an easterly direction across said State Road,the lands of Charles L.Hall,the Highland & Croy Road,the lands of Charles W.Gordon,John A.Sensil and Mary Ann Pusecker to the line of Franklin & Union Counties;thence with said ditch far enough into Franklin County to drain the lands effected above.

OBJECTIONS TO ASSESSMENTS

Auditor of Union County. Dec.27,1938.

Kind Sir.

as to the Gordon Tr- County Ditch,I am assessed entirely to mush,the ditch dont go through my land,my water runs up hill to get in the ditch,it is not the water course for my water,I had to buy my outlet to this ditch and had to pay for it,the men on each side of the ditch refused to help me pay for my outlet,the man that damed up the ditch,and turned his hogs in to root up the ditch can clean it out and pay for the cost,I never would of signed the petition if I had known all that I do now,therefore I am under no obligation to pay for cleaning out the mans ditch that let his hogs root up the ditch and dam up the ditch for this man is one of the men that refused to help me pay for my outlet so therefore I Object.

Mrs.Glenna R.Wagner.
Plain City,Ohio.

Frank E.Smith, Plain City,Ohio.Jan.2,1939.
Auditor of Union County,Ohio.
Marysville,Ohio.

Dear Sir;I am writing to you pertaining to the Gordon Tri County Ditch No.825.I dont remember of ever signing the second petition,I am not interested in making the banks wider,also it will cost too much to do it considering the advantages gained by doing it that way.

I would rather have the money used to tile it,by doing it that way,I would consider someth worth while had been accomplished.

Yours truly,S.J.Weldon.

Mr.Frank E.Smith, London,Ohio,Dec.30,1938.
Auditor Union County,
Marysville,Ohio.

Dear Frank;

With reference to your notice of the meeting called for January 6th,pertaining to the Gordon Tri County Ditch,wherein Madison County has been assessed the sum of $8.00 for road benefits,I wish to advise that it is possible our Baard will not be present,but the Engineer and the Board as well,have concluded that if the assessment does not exceed $8.00,it will be agreeable.

With kind personal regards,I am,Very Truly yours
Robert K.Dixon,
Auditor,Madison County.

Auditor's Vault Box No.520 GORDON TRI COUNTY DITCH NO.825 Transcribed April 10th,1947.

IN THE MATTER OF THE ENGINEER'S REPORT ON GORDON TRI COUNTY DITCH NO.825.

Marysville,Ohio.Dec.12,1938.
Commissioners Journal Vol.23.Page 30.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated cost,assessments and plans and specifications for the cleaning out and repair of Gordon tri County Ditch,located in Union,Franklin and Madison Counties,and petitioned for by Elton M.Kile and Frank Carey and others.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that a public hearing on assessments be held at the office of the County Commissioners on Friday January 6th,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Shaw "aye" and Hamilton "aye".

IN THE MATTER OF THE ORGINAZATION OF A TRI COUNTY BOARD OF COMMISSIONERS.

Marysville,Ohio.Jan.6,1939.
Commissioners Journal Vol.23.Page 43.

This day a special meeting was held at the office of the Union County Commissioners for the orginazation of a Tri-County Board of Commissioners,regarding the above ditch,the following members were present:George C.Trabue,Harry Vigor and Charles Schneider of Franklin County and George R.Hamilton,O.H.Shaw and Gail Spain of Union County and members of Madison County Board having notified that they were unable to be present and that they would proceed without them.

It was moved by Mr.Trabue and seconded by Mr.Vigor that George R.Hamilton be appointed as Chairman and Frank E.Smith,Clerk of the Union County Board of Commissioners be appointed Clerk of the Gordon-Tri County Board meetings.

Upon a call of the roll the Commissioners voted as follows;Mr.Trabue "aye",Mr.Vigor "aye", Mr.Schneider "aye",Mr.Shaw "aye",Mr.Spain "aye" and Mr.Hamilton didenot vote.

It was moved by Mr.Trabue and seconded by Mr.Vigor that Walter E.Griffith,Union County Engineer be made Ditch Supervisor for the improvement of said Tri-County Ditch.

Upon a call of the roll the Commissioners voted as follows;Mr.Traube "aye",Mr.Vigor "aye", Mr.Schneider "aye",Mr.Hamilton "aye",Mr.Shaw "aye"and Mr.Spain "aye".

It being the opinion of the Tri-County Board of Commissioners that the proposed improvement will be conducive to the public welfare,a motion was made by Mr.Schneider and seconded by Mr. Vigor that the hearing on apportionments be held at the office of the Union County Board of Commissioners January 24th,1939 at ten o'clock A.M.,and that said improvement be completed by May 1st,1939,and that said meeting be adjourned until January 24th,1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Trabue "aye",Mr.Vigor "aye", Mr.Schneider "aye".Mr.Hamilton "aye",Mr.Shaw "aye",Mr.Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON GORDON TRI-COUNTY DITCH NO.825.

Marysville,Ohio.Jan.24,1939.
Commissioners Journal Vol.23.Page 52.

The Tri-County Board of Commissioners met this day in special session,with the following members present;Mr.George Trabue,Mr.Harry Vigor and Charles W.Schneider of Franklin County and Mr.Rodney Plymell,Mr,Cola Mink and Mr.R.A.Armstrong of Madison County and George R.Hamilton, Mr.O.H.Shaw and Mr.Gail Spain of Union County.

It was moved by Mr.Shaw and seconded by Mr.Trabue that the meeting be adjourned to the Common Pleas Court Room,where the minutes of the preceeding meeting were read and approved.

Upon a call of the roll the Commissioners all voted "aye".

The list of names and amounts of assessments were read by the Clerk,and comments by the landowners were heard.

Mr.John A.Sensil objected to the amount of assessed acreage.

Mr.H.Brown of the Engineer's office of Madison County,explained the procedure for obtaining CCC aid in making the proposed improvement.

Mr.Shaw offered a motion to confirm the assessments as read,after a reduction of John A.Sensils assessed acreage from 104.00 to 90 acres,and a reduction in the amount of assessment from $156.00 to $135.00.Mr.Spain seconded the motion and upon a roll call the Commissioners voted as follows; Mr.Traube "aye",Mr.Vigor "aye",Mr.Schneider "aye",Mr.Plymell "aye",Mr.Mink "aye",Mr.Armstrong "aye",Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Mr.Schneider moved,that,the joint Board of County Commissioners having agreed that the benefits from the project would be greater than the costs,the construction of the improvement,as petitioned be granted,with the cooperation of the CCC.

The motion was seconded by Mr.Vigor,and upon a rooo call the Commissioners voted as follows, Traube "aye",Vigor "aye",Schneider "aye",Plymell "aye",Armstrong "aye",Mink "aye",Hamilton "aye", Shaw "aye" and Spain "aye".

There being no further business it was moved by Mr.Mink and seconded by Mr.Armstrong,that the meeting be adjourned,and upon a call of the roll the Commissioners all voted "aye".

REQUEST FOR LATERAL

Marysville,Ohio.Jan.6,1939

The undersigned request a lateral to the Gordon Tri-County Ditch,the deepening,straightening and widening of a lateral,more specifically described as follows;Beginning at the outlet of a ten and 12 inch tike at the east line of the lands of Frank P.Carey;thence in an easterly direction across the lands of John H.Weaver,to the lands of Wm.M.Folk;thence across Folks lands in a southerly direction to and across the Fulk Road to the junction of the Gordon-Tri County Ditch.

Signed by,
Frank P.Carey
Herman Davis
N.C.McMillen.

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON CAREY LATERAL TO GORDON TRI COUNTY DITCH 825.

Marysville,Ohio. April 18,1939.
Commissioners Journal Vol.23 Page 90.

The preceeding minutes of the preceeding hearing,under date of January 24,1939,were read by the Clerk.
The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.
Comments were invited from interested landowners by the Chairman.

The Engineer is hereby directed to verify the number of acres assessed on Wm.M.Fulk for both the Gordon Tri County Ditch Repair and the Carey Lateral and make any necessary corrections.
It being the opinion of the Commissioners that the proposed improvement is necessary and that the costs will be less than the benefits to be derived,it wasmoved by Mr.Hamilton and seconded by Mr.Shaw that the report be approved and accepted as a part of the Gordon Tri County Ditch Repair and that the Engineer be directed to proceed with the improvement by force account in co-operation with the CCC.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye".and Spain "aye".

To the Board of County Commissioners,
Union County,Ohio.

Auditor's Vault Box No.520

Marysville,Ohio.May 23,1938.
Commissioners Journal Vol.22 Page 566.

IN THE MATTER OF THE LANGSTAFF
DITCH REPAIR NO.721.

County Auditor,Frank E.Smith,presented a petition,signed by Durward B.Shoup et al for the cleaning out and repairing,as a unit, the Langstaff Ditch No.721,located in Claibourne Township, in accordance with Sections Nos,6700 and 6701 of the General Code.Said petitioners being the owners of two-thirds of the amount of apportionment.

Commencing on the lands of Frank M.Brown in the Virginia Military Survey No.5809,Claibourne Township,with the line of an 8 inch tile known as the Lanfstaff ditch No.721;thence with said tile ditch easterly through and across the lands of J.C.& Minnie Langstaff,Etta M.McAllister to and across the Sandusky County Road;thence across the lands of Arnold & Luella Van Atta, North Western Mutual Life Insurance Co. tomand across the Bethelehem Claibourne County Road;thence northerly through the lands of Robert A Ports,Sr,and Mildred Prithhard Carroll to Grassy Branch, and there to terminate.

We ask that said ditch by taking up,cleaning out,furnishing and regrading all tile necessary and the construction of a headwall at the outlet.

Signed by-

Durward B,Shoup.
Leafy D.Davis.
Robert A.Ports,Sr.
Minnie Cameron.
Ettie McAllister.
Arnold Van Atta.
Mildred Prichard Carroll.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the County Engineer be directed to mal make the necessary survey,prepare the estimated cost of repair and make the required report for the consideration of the Board of Commissioners.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

To the Board of County Commissioners,
Union County Aohio.

County Engineer's Office.
Marysville Ohio.Feb.27,1939

In the matter of the repair of the Lanfstaff County Ditch,No.721,Claibourne Township,Union County,Ohio,as requested by Leafy D.Davis,Minnie Cameron and other landowners consisting of Two-thirds in amount of the apportionment,Filed May 23,1938,and in accordance with your orders.

I proceeded to survey and examine said ditch and report the following:

The tile at the outlet are broken and the earth washed from over them for a distance of 30 feet,the tile passing through a second growth woods on the lands of J.C.& M.Langstaff where trees are growing over the tile causing obstruction with roots.

I recommend that the tile be repaired by relocating approximately 125 feet of the ditch at the outlet;constructing a reinforced headwall (concrete),and borrowing dirt and filling back of new wall and the old ditch to the original land level.

I recommend on the lands of J.C.& M.Langstaff,all trees be deadened and all growth under five inches in diameter be grubbed to a distance of twenty feet from the line of tile,and the tile be examined for roots,and if any removed,and the broken tile be replaced with new.

Respectfully submitted,

County Engineer.

LANGSTAFF DITCH NO.714-REPAIR.

It is observed that above the point on the ditch where grubbing is necessary,the petition was signed by Leafy D.Davis whose name does not appear on the tax duplicate as a freeholder and whose land is drained by this ditch.It is certain,however,that the J.C.Langstaff farm of 81.75 acr acres whichshasidrained through this ditch,and above the point where grubbing is needed,is the residence and is said to have been purchased by Leafy D.Davis.

In view of the above,I have recommended that the grubbing and work on the J.C.& M. Langstaff tract,26.19 acres,be done.

In the event that the transfer of title is not made to Leafy D.Davis,and any objections is filed concerning the work above the land of Etta ?.McAllister,it would be best that this work be not done.

ESTIMATED COST.

Section No.1.

Consisting of furnishing all materials except Corr.I.P. to be secured from the County Highway Department-forming and 1 : mix concrete headwall at the outlet of the Langstaff tile ditch on the lands of Mildred Pritchard Carroll-excavating for wall and back fill-excavating for taking up and relaying to a new alignment 120 feet of the tile ditch-consisting of a 15 inch tile and a 10 inch tile.

IN THE MATTER OF THE ENGINEER'S REPORT ON LANGSTAFF DITCH NO.721.

Marysville,Ohio.Feb.27,1939.
Commissioners Journal Vol.23 Page 66.

County Engineer,Walter E.Griffith,this day presented his report on the final assessments, plands and specifications,etc,for the improvement of the Langstaff Ditch Repair No.721.

It was moved by Mr.Spain and seconded by Mr.Hamilton,that the final hearing on assessments be held at the office of the Commissioners on Monday March 27th,1939.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Sha w "aye" and Spain "aye".

OBJECTIONS TO ASSESSMENTS

Board of Union County Commissioners,
Marysville,Ohio.

Richwood,Ohio.March 27,1939

Sirs:

We object to our assessment on the said Langstaff Ditch Repair,Because we feel that it is unnecessary for a new cement headwall,as the old one is in fair conditttion.

Very truly,
Arnold Van Atta & Luella Mae Vam Atta.

Frank E.Smith,Auditor,
Marysville,Ohio.

Richwood,Ohio.April 12,1939.

Dear Sir;

In regard to our assessment on the Langstaff Ditch Repair No.721,in Claibourne-Leesburg Township, we hereby request you to enter our assessments on the tax duplicate.

Minnie Cameron Yearsley.
Arnold & Luella Mae Van Atta.

IN THE MATTER OF THE ENGINEERS REPORT ON ASSESSMENTS ON LANGSTAFF DITCH NO.721.

Marysville,Ohio,March 27,1939.
Commissioners Journal Vol.23.Page 78.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Engineer's report be accepted and that the Engineer be and is hereby ordered to proceed with the improvement.Sections (1) and (2) to be advertised and solld to the the lowest responsible bidder,and that Section No.3. consisting of tile,pipe,etc.,be constructed by force account.

Upon a call of the roll the Commissioners voted as follows:Hamilton "aye" and Shaw "aye".

The Commissioners instructed the Engineer,Walter E.Griffith to advertise for bids for said improvement to be sold April 15th,1939 at two o'clock P.M.at the office of the County Engineer.

IN THE MATTER OF BIDS RECEIVED FOR LANGSTAFF DITCH REPAIR NO.721.

Marysville,Ohio.April 17,1939.
Commissioners Journal Vo.23.Page 88.

To the Board of County Commissioners, April 15.1939.

Auditor's Vault Box No.524 RAMAGE EX.DITCH NO.1270 Transcribed April 21,1947.

IN THE MATTER OF THE RAMAGE EX. DITCH NO.1270-FILING OF PETITION.

Marysville,Ohio.Sept.12,1938
Commissioners Journal Vol.22.Page 598.
Date of PetitionAug.30.1938.

Frank E.Smith,County Auditor this day presented a petition,signed by J.T.Broughton, requesting the improvement of the Ramage Extension Ditch No.1270,located in York Township,on the course hereinafter set forth.

The petitioner states that the improvement of the proposed improvement is necessary and will be conducive to the public welfare

The following is the course and termini of the proposed improvement,to-wit;Commencing in the line of the Ramage Ex.Ditch No.798,at the line between the lands of John T.Broughton and Clarence and Leah Robertson;thence with the line of said tile ditch in a southeasterly direction across said Broughton' lands and the lands of Carolyn A.and Fred H.Davis to the putlet in the Richwood and York Center Road,said outlet approximately 8 feet south of center of road;thence with the open ditch in a southerly direction across said Richwood and York Center Road,the lands of Carolyn A.& Fred H.Davis and Edward H.& Ida M.Goodman to the outlet in Bokes Creek and there to terminate or far enough for a good and sufficient outlet.

The following is the nature of the work petitioned for;Repairing said tile ditch,constructing a reinforced concrete headwall at the outlet of tile and the open ditch be cleaned by excavating, deepening,straightening and widening where necessary.

Names and addresses,where known,which the petitioner claims will be benefited or damaged by the construction of the proposed imprivement.

Broughton J.T.	243 N.High St.Columbus	Davis Fred H.& Carolyn A.	Richwood
Farrington Walter & Mildred	W.Mansfield	Hill Asiel D.& Middred C.	"
Goodman Edward H.& Ida M.	Richwood	Ortman Eugene & Minnie	W.Mansfield
Price David W.	"	Robertson Clarence & Leah	Richwood
Rockhold L.G.	W.Mansfield		

Service of notice of filing of petition shall be obtained by mailing notices and publication as provided in Section 6447.

J.T.Broughton,
Petitioner.

It was moved by Mr.Harmon and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 8th,day of October 1938,commencing at the upper terminus at ten o'clock A.M.and the first hearing theron will be held at the office of the Commissioners on the 11th, day of October 1938 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye" and Hamilton "aye".

The petitioner for the extension of the Ramage Extension Ditch No.1270,filed with the petition,a surety Bond in the amount of $300.00,with J.T.Broughton as principal and E.L.Ayrns and Burt Driskell as sureties,conforming to all the provisions of Section No.6446 of the General Code.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be accepted and approved.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye",and Hamilton "aye".

NOTICE TO LANDOWNERS

Marysville Ohio.Additor's Office
Sept.16,1938.

Landowners affected by
Ramage Ex.Ditch No.1270.

J.T.Broughton has filed a petition with the County Auditor requesting the improvement the improvement of a ditch beginning in the line of the Ramage Ex.Ditch No.798,at the line between the lands of J.T.Broughton and Clarence and Leah Robertson;thence with the line of said tile ditch in a southeasterly direction across said Broughton's land and the lands of Carolyn A.& Fred H.Davis to the outlet in the Richwood and York Center Road,said outlet approximately 8 feet south of center of road;thence with the open ditch in a southerly direction across said road,the lands of Carolyn A.& Fred H.Davis and Edward H.& Ida Goodman to the outlet in Bokes Creek and there to terminate,or far enough to give a good and sufficient outlet.

The Commissioners will view this proposed improvement on the 8th,day of October 1938, commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 11th,day of October 1938 at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
County Auditor.

IN THE MATTER OF THE RAMAGE DITCH EX.NO.1270-FIRST HEARING.

Marysville,Ohio.Oct.11,1938.
Commissioners Journal Vol.23.Page 9.

The petition to the Board of Commissioners,signed by J.T.Broughton,requesting the improvement of Ramage Ex.Ditch No.1270,located in York Township,was read by the Clerk.

A bond,in the amount of $300.00 with J.T.Broughton as principal and E.L.Ayres and Burt Driskell as sureties,conforming to all the provisions of Section No.6446 of the General Code of the State of Ohio,was read by the Clerk.

Comments of the interested landowners was requested by the Chairman.

It being the opinion of the Commissioners that the proposed improvement is necessary and will conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr.Shawthat the prayer of the petition be granted and that the County Engineer be directed to make the necessary surveys,prepare specifications and estimated cost of construction,and file said report with this Board on December 5th,1938.

FIRST HEARING CONTINUED.

Upon a call of the roll the Commissioners voted as follows;Harmon "aye",Shaw "aye " and Hamilton "aye".

SPECIFICATIONS TILE DITCH.

Said Ditch and Branches shall be constructed along the line as located by the stakes,and the center shall be 3 feet to the right thereof,and straight,except at the angles, which shall be made in easy rounding curves.

The trench shall be excavated in the bottom at each stake as indicated by the profile,and th the bottom shall be true and have a regular grade.

The tile shall be of full capacity and of the best quality,and shall be laid in a straight line,except at the angles,and in the bottom of the trench in a workmanlike manner so as to make good joints.Any joints large enough to let dirt through must be covered with broken pieces of tile.

No tile shall be laid until they have been examined and approved by the Engineer or Commissioners.And after being laid they must be fastened and left uncovered until examined and approved by the Engineer.after which the trench shall be so filled so as the earth will all settle on the line of the tile.and in all places it must be covered to a depth of at least inches,except at the filters as hereafter specified.

The tile shall be of the following sizes:0.23.60 and 0.00 to 16 inch tile
Relocating present 16 inch tile.

At the outlet of each line of tile an iron pipe of the same linear measure on the inside as the line of tile on the outside and 30 feet long shall be placed in the trench in such manner as to receive the line of tile and not to obstruct the flow of the water.

All growing timber standing within 20 feet of the line of tile must be thoroughly deadened, and all brush or bushes within said limit must be cut off even with the surface of the ground and said widths shall constitute the roght of way.

The contractor must be required to make all connections with present existing line of tile. the property to furnish the necessary tile,and to keep his section in order until finally completed and accepted.

The Engineer and the Commissioners reserve the right to make any changes they may desire in said work,and a corresponding change will be made in the amount paidmfor at the rate of the purch purchase bid.

The Engineer shall have power to place laborers and material on the line of the ditch whenever the work is not properly progressing.

The Engineer's directions and decisions on all matters pertaining to the ditch,shall be final and conclusive,unless countermanded by a majority of the Board of County Commissioners.

CONTRACT OF CONTRACTOR.

Marysville,Ohio.Feb.25,1939.

Section No.1From Sta.0.00 to Sta.21.00-127.3 rods
Excavation & Grubbing.

It is hereby certified by Walter E.Griffith the duly appointed Engineer of said Ditch improvement,that after legal notice of sald,he has this sold to E.M.Weston and Son Contractors the work of constructing Section No.1 of said ditch for the sum of $350.00,which work said contractors hereby agree to complete according to specifications of same under the supervicion of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County, Ohio,on or before the 1st,day of June 1939.

And it is further agreed and expressly understood that in case the said contractor shall fail to complete said work by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer or completed by said Engineer at the expense of the contractor and bondsmen according to law.

And the said contractor shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention,and shall make no sub-contracts which shall transfer the supervision of any part of the work of constructing said ditch without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

Walter E.Griffith, Engineer.

E.M.Weston & Son.
E.M.Weston, Contractors.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That E.M.Weston & Son as principal and Everett Wheaton and C.S.Charles as sureties,are held and bound unto the State of Ohio,for the use of Union County, in the penal sum of ($361.00)mThree Hundred sixty-one Dollars,for the payment of which we jointly and severally bind ourselves by these presents this 25th,day of February 1939.

The condition of this obligation is such,that whereas the above named E.M.Weston & Son have this day bid off the work of constructing Section No.1 of said ditch,and have entered into the above contract subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of this contract, and complete the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon in said contract, and pay for all labor and material and for all debts incurred for this section,then this obligation shall be voud;otherwise to remain in full force and effect in law.

E.M.Weston.
Everett Wheaton.
C.S.Charles.

This Contract and Bond are hereby approved this 6th,day of March 1939.

Auditor's Vault Box No.524 ROBINSON RUN DITCH NO.1271. Transcribed April 25,1947.

IN THE MATTER OF THE ROBINSON RUN DITCH NO.1271-FILING OF PETITION.

Marysville,Ohio.Jan.16,1939
Commissioners Journal Vo.23 Page 48.

County Engineer,Walter E.Griffith presented a petition for the re-construction,straightening,deepening,widening of the Robinson Run Ditch,a single county ditch,located in Darby Township,signed by Agust K.Rausch and others.

To the Boa rd of County Commissioners,Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of a single coun county ditch,by straightening,deepening and widening on the course hereinafter set forth.

The construction of the prposed improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement,to-wit;Commencing with an open ditch at the southwest side of the Marysville-Plain City State Road,and on the lands of William J.Rausch in V.M.S.No.4067,Darby Township;thence with said open ditch in a south westerly direction,through and across the lands of said William J.Rausch and August K. Rausch;thence in a southerly and easterly direction with the original line of Robinson Run Ditch,through the lands of Phillip J.Rausch and others,crossing the Marysville-Unionville County Road;southeasterly to and across the Hawn County Road,to and across the Hagenderfer,to and across the Strunkenburg Road;thence esterly crossing the lands of Edward M.Strunkenburg to the Marysville and Plain City State Road,crossing said road;thence easterly and southerly condituing into Jerome Township,crossing said road;thence southerly and easterly crossing the lands of Wm.J.Davis,Charles Prough,and others,crossing the Marysville-Plain City State Road, Plain City and Delaware State Road,and continuing to Darby Creek in V.M.S.No.3682.

The following is the nature of the work petitioned for:Reconstruction by deepening, straightening,widening and removing obstructions by grubbing etc.

Signed:
August K.Rausch.
W.J.Rausch.
P.J.Rausch.
Chas.L.Rausch.
Theodore Blumenschine.
Petitioners.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the Commissioners view the propose improvement on the 15th,day of February 1939,commencing at the beginning thereof,at ten o'clock A.M.and the first hearing thereon to be held at the Office of the County Commissioners,Marysville Ohio,on the23rd,day of February 1939,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

The petitioners filed with the petition a surety bond in the amount of ($700.00) Seven Hundred Dollars,with August K.Rausch,W.J.Rausch,P.J.Rausch,Chas.L.Rausch,Theodore Blumenschine E.M.Rausch and Otto E.Rausch as sureties,payable to the State of Ohio and conditioned for the payment of all costs if the petition is not granted or if for any reason the petition is dismissed.

The above bond was approved the 16th,day of January 1939 by Frank E.Smith,County Auditor.

IN THE MATTER OF THHE FIRST HEARING ON ROBINSON RUN DITCH NO.1271.

Marysville,Ohio.Feb,23,1939.
Commissioners Journal Vol.23 Page 64.

The petition and bond for the reconstruction of Robinson Run Ditch No.1271 was resd by the Clerk.

William J.Rausch requested a lateral cleanout of the open ditch through the George Rausch land to be cleaned to the Blumenshine ditch or a 12 inch tile on the line between the lands of W.J. and George Rausch.

Comments from the interested landowners present were heard.

Objections in writing were presented by Martha Jane & Eddie Puckett and Mary E.Darnall.

The Commissioners by unanimous consent accepted the request of W.J.Rausch for a lateral and same hereafter becomes a part of the original petition.

It being the opinion of the Commissioners that the proposed improvement will be conducive to the public welfare,a motion was offered by Mr.Spain and seconded by Mr.Hamilton,that the prayer of the petitioners be granted with the following exceptions;that the termini of the said proposed improvement be changed,and said improvement be stopped at the Hawn Road or to a point that will give a good and sufficient outlet to the lands of the petitioners,and that the County Engineer,Walter E.Griffith,be instructed to make the necessary surveys,prepare specifications and estimated costs and to file his report on same with the Board of County Commissioners on the 24th,day of March 1939.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON ROBINSON RUN DITCH NO.1271.

Marysville,Ohio.July 31,1939.
Commissioners Journal Vol.23 Page 125.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments and plans and specifications for the proposed improvement of Robinson Run Ditch No.1271,located in Darby Township.

It was moved by Mr.Shaw and seconded by Mr.Spain that a public hearing be held on assessments in the office of the County Commissioners om Monday August 28th,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON ROBINSON RUN DITCH NO.1271.

Marysville,Ohio.Aug.28,1939.
Commissioners Journal Vol.23 Page 137.

The petition for the improvement of Robinson Run Ditch No.1271,located in Darby Township,and petitioned for by August K.Rausch et al was read by the Clerk.

The result of the County Engineer's Survey containing the number of acres assessed was also read by the Clerk.

After receiving comments and objections from interested landowners,the Commissioners,after conferring with the County Engineer,made the following decisions:

That the number of acres assessed against-
Edward G.Nicol be reduced 25 acres.
John L.Vollrath " " 20 "
R.L.& Edna Nicol " 14 "
Philip J.Rausch " 5 "
Otto E.Rausch " 3 "
and that the assessments be reduced accordingly.

That the Engineer recheck the number of acres assessed against John L.Nicol.

That the Engineer extend the lower terminus of the proposed improvement from Station 105 to Station No.134 and lower the grade line at Station 96 one foot and then meet the grade lineas shown on the proposed plan,above that point as soon as possible and practical.

That the estimated assessment against John L.Starr be increased $8.00 plus the extra acres, as determined by the Engineer,at $1.00 per acre.
That the estimated assessment against Charles L.Rausch be increased $30.00.
That the County share be increased $100.00.
That $100.00 be proportioned over the entire drainage district to assist in caring for the extra cost of $300.00,as estimated by the Engineer.
That the Engineer advertise for bids.The date of sale to be Monday September 17th,1939 at Two o'clock P.M.
That the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits to be derived.
It was moved by Mr.Spain and seconded by Mr.Hamilton that the Engineer's report be accepted, as submitted,with the exceptions and provisions as entered above,and that he be directed to proceed with the construction of the improvement.
Upon a call of the roll the Commissioners voted as follows:Hamilton "aye",Shaw "aye" and Spain "aye".

IN THE MATTER OF BIDS RECEIVED ON ROBINSON RUN DITCH NO.1271.

Marysville,Ohio.Sept.18,1939.
Commissioners Journal Vol.23 Page 145

In obedience to your direction and also in pursuance of the notice duly given as provided by law,bids for the work of construction and furnishing materials for the above named improvement were received by me as follows:

G.Everett Lnowlton & Son	Bellefontaine	Sec.l.	1897.00	Cert.Ch.	79.00
Same		Lat.l.	170.00		
E.M.Weston & Son	Richwood	Sec.l.	1800.00	Cur.	60.00

IN THE MATTER OF THE FULTON CREEK DITCH NO.1272-FILING OF PETITION.

County Auditor's Office,Feb.20,1939.
Commissioners Journal Vol.23,Page 63.

County Engineer,Walter E.Griffith,this day presented a petition for the reconstruction of Fulton Creek Survey No.7008 and continuing into survey 6293,of far enough for a good and sufficient outlet,signed by J.E.Cramer,Clara Rider Fryman and Arthur Waterman.

The following is the course and termini of said proposed improvement;Commencing on the lands of Lewis J.Lake at Station 670 shown on the drainage map of Fulton Creek about 850 feet north of the property line between the lands of Lewis J.Lake and J.E.& Nina Cramer;thence following the center line of Fulton Creek or near thereto,in a southerly direction through the lands of Lewis J.Lake,J.E.& Nina Cramer and Carl Randall to the Bethlehem-Claibourne County Road;thence with said Creek across said road in a southerly direction;thence easterly through the lands of said Carl Randall,J.E.Cramer,Clara Rider Fryman,Myrtle Waterman,James B.& Almira C. Cutler and D.A.& L.A.Cushman and crossing the Marysville-Marion State Road;thence onto the lands of D.A.& L.A.Cushman,or far enough for a good and sufficient outlet to the petitioners' land therein.

The following is the nature of the work petitioned for;Reconstruction,straightening, deepening and widening as provided by Section 6444 G.C.of Ohio.

A bond,with J.E.Cramer as principal and L.J.Lake and C.R.Randall as sureties,in the amount of $500.00 was filed according to law,with the County Auditor.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the County Commissioners view the proposed improvement on the 22nd,day of March 1939,and that the first hearing on same be held at the office of the County Commissioners on the 29th,day of March 1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

BOND OF PETITIONERS

KNOW ALL MEN BY THESE PRESENTS.That we,J.E.Cramer as principal and C.R.Randall and L.J. Lake as sureties,are held and firmly bound unto the State of Ohio,in the sum of $500.00 Five Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.
Signed by us and dated this 12th,day of October 1938,at Marysville,Ohio.

The condition of the above obligation is such,That,Whereas,on the 28th,day of October 1938,the above bound J.E.Cramer.L.J.Lake and C.R.Randall filed their petition with the Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of Fulton Creek,petitioned for by J.E.Cramer and others,the course and termini being described in the above named petition.
Now,if the said J.E.Cramer.L.J.Lake and C.R.Randall will pay all costs,if the prayer of the petition is not granted or if said petition is for any cause dismissed,then this obligation shall be void;otherwise it shall be and remain in full force and virtue in law.

J.E.Cramer.
L.J.Lake.
C.R.Randall.

The above is approved this 20th,day of February 1939.

Frank E.Smith.
Co.Auditor.

IN THE MATTER OF THE FIRST HEARING ON FULTON CREEK DITCH NO.1272.

Auditors Office,March 29,1939.
Commissioners Journal Vol.23.Page80

The Union County Commissioners met this day in special session,with the following Members present.Gor.R.Hamilton,O.H.Shaw and Gail Spein,with County Auditor acting as Clerk.

The meeting was called to order and adjourned to the Common Pleas Court Room for hearing

The Petition and Bond was read by the Clerk.The list of affected landowners was read and comments from all those peresent were heard by the Board.Mr.Owens of the State Conversation Department explained the purpose of their easements,etc.
After some discussion and due consideration,a motion was offered by Mr.Hamilton and seco by Mr.Shaw,that the Union County Prosecuting Attorney General be and is hereby instructed to obtain from the Attorney General of the State of Ohio,regarding the legality of ditch improvements on lands on which the Conservation Department of Ohio have easements.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

It was moved by Mr.Spain and seconded by Mr.Shaw that this first hearing on Fulton Creek improvement be adjourned until April 11th,1939 at ten o'clock A.M.so that the Board may obtain additional information regarding same.
Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Auditor's Office,April 11,1939.
Commissioners Journal Vol.23,Page 86.

The Union County Board of Commissioners met this day in special session,with the following members present;Geo.R.Hamilton,O.H.Shaw and Gail Spain,with County Auditor Frank E. Smith acting as Clerk.
The minutes of the preceeding meeting were read by the Clerk.

Comments were invited by the Chairman.

After some discussion it was moved by Mr.Sapin and seconded by Mr.Hamilton,that, it being the opinion of the Commissioners,that the proposed improvement is necessary and will be conducive to the public welfare,that the prayer of the petitioner be granted,with the following exceptions;that the termini of said improvement be changed to stop at a point approximately 350 fe feet east of State Route #4,and that the County Engineer,Walter E.Griffith,be and is hereby instructed to make the necessary surveys,prepare specifications and estimated costs and to file his report on same with this Board of County Commissioners on May 15th,1939,

HEARING CONTINUED.

Upon a call of the roll the Commissioners voted as follows:Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

EXTENSION OF TIME FOR ENGINEER'S REPORT.

Auditor's Office,May 15,1939.
Commissioners Journal Vol.23,Page 100

The Engineer,having reported that the report on the apportionment estimated cost of construction of Fulton Creek.due this day,is not completed,it was moved by Mr.Spain and seconded by Mr.Shaw that the time for filing be extended to Monday June 12th,1939.

Upon a call of the roll the Commissioners voted as follows:Mr.Hamilton "aye".Mr.Shaw "aye" and Mr.Spain "aye".

EXTENTION OF TIME FOR ENGINEER'S REPORT.

Auditor's Office.June 12,1939.
Commissioners Journal Vol.23,Page 109.

The Engineer.having stated that his report on the apportionment estimated cost of construction of Fulton Creek No.1272.due this day.is not completed.It was moved by Mr.Shaw and seconded by Mr.Spain that the time for fillig be extended to Monday August 14.1939.

Upon a call of the roll the Commissioners voted as follows:Mr.Hamilton "aye".Mr.Shaw "aye" and Mr.Spain "aye".

ENGINEER'S REPORT.

Auditors Office.August 28,1939.
Commissioners Journal Vol.23.Page 137.

County Engineer.Walter E.Griffith.this day presented his report.including the estimated costs.assessments and plans and specifications for the proposed improvement of Fulton Creek No. 1272.located in Claibourne Township.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the public hearing on assessments be held in the office of the County Commissioners on Wednesday September 27th,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Sapin "aye".

HEARING ON ASSESSMENTS.

Auditor's Office.Sept.27,1939.
Commissioners Journal Vol.23 Page 148.

The Union County Board of Commissioners met this day in special session,with the following members present;Geo.R.Hamilton,O.H.Shaw and Gail Spain with County Auditor Frank E.Smith acting as Clerk.

Because of inadequate seating facilities in the office of the County Commissioners,it was found necessary that the hearing on assessments for the improvement of Fulton Creek No. 1272 be adjourned to the Common Pleas Court Room.

The petition for the improvement of said creek.located in Claibourne Township.and petitioned for by J.E.Cramer.Clara Fider Fryman and Arthur Waterman was read by the Clerk.

The result of the County Engineer's survey containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk. Comments and objections from interested landowners were received by the Commissioners.

If the prayer of the petition is granted the County Engineer is hereby directed to recheck the number of acres assessed against Cromwell L.& Cora L.Diehl,Leesburg Township, H.B.Earick.Leesburg Township,and the land of Benny LeMay that lays across the road from David Pletcher.

The following claims for compensation and damages were received;

James B.& Almira C.Cutler	$200.00
Wm.H.& Rhoda Temple	40.00
George E.Sidle	No Amount

It was moved by Mr.Shaw and seconded by Mr.Spain that the hearing be adjourned until Saturday September 30,1939 at ten o'clock A.M.in order that the Commissioners might have additional time to study the testimony presented.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

HEARING ON ASSESSMENTS

Auditors Office.Sept.30,1939.
Commissioners Journal Vol.23 Page

The Union County Board of County Commissioners met this day in special session,with the following members present;Goeo,R.Hamilton,O.H.Shaw and L.G.Spain with County Auditor Frank E.Smith acting as Clerk.

After further study and discussion of the Engineer's report on estimated assessments for the Fulton Creek Improvement No.1272 no definite decision was attained.

It was,therefore,moved by Mr.Hamilton and seconded by Mr.Spain that the hearing be adjourned until Monday October 9th,k939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

HEARING ON ASSESSMENTS

Auditors Office,Oct.9,1947.
Commissioners Journal Vol.23 Page 153.

The minutes of the preceeding hearing,under date of September 30,1939,were read by the Clerk.

After having heard all the evidence offered in the proceedings.the Commissioners reviewed and reconsidered their former decision made by them under date of April 11th,1939,finding in of said improvement.

Believing that the cost of the proposed improvement will be greater than the bebefits which will be derived therefrom if constructed,a motion was offered by Mr.Spain and seconded by Mr.Shaw that their former order,finding in favor of said improvement,be set aside and that the prayer of the petition be dismissed at this,the final hearing.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

COMMON PLEAS COURT DECISION.

IN RE:Appeal of Ditch No.1272
(FULTON CREEK)

Case No.14951
Decision of the Court.
RENDERED:December 8,1939.

CAMERON?RICHARD L.JUDGE

At the final hearing on this ditch improvement,held upon October 9,1939,the County Commissioners reconsidered their former decision,finding in favor of the improvement,and passed the following resolution;

> "Believing that the cost of the proposed improvement will be greater than the benefits,which will be derived therefrom if constructed,a motion was offered by Mr.Spain and seconded by Mr.Shaw that their former order,finding in favor of said improvement,be set aside and that the prayer of the petition be dismissed at this,the final hearing".

Thereupon J.E.Cramer,one of the petioners,appealed from said order of dismissal and bond was properly given to perfect the appeal and all necessary steps taken to bring the matter before this court.

It is perhaps proper to say at the outset that in passing upon the question as to whether the action of the County Commissioners shall be sustained or overruled by this court,the Court is bound by the estimate of $12.857.00 filed by the County Engineer,even though the County Engineer himself upon the witness stand testified that he had estimated the cost of excavation at the twice the sum for which he believed the constract could be let,and that he had included in the costs of this improvement costs made upon a former ditch petitioned for.

The Statutory provision for the making of an estimate by the County Engineer seems to be for three purposes-the first of which is-that the County Commissioners may determine whether the benefits by the construction of the ditch improvement will exceed the cost Of said construction; that upon the estimates furnished,bids are invited,and the statute expressly provides that no bids,which cover the entire construction, can be in excess of the amount of the estimate,thus limiting the acceptance of bids to those within the estimate.If this estimate is made improperly it is still possible to sell the construction of the ditch at the full amount of the estimate, and,therefore, the Court must consider that as the cost of the improvement.TheThird purpose for which estimates are made is,that there may be set out the estimated assessments against the various land owners,and there is a provision in the statute that should the constract be for less than the estimate,then the assessments may be reduced.

However,for the purpose of the Court the assessments must be considered as estimated by the County Engineer.Thus the statutory provision for making an estimate loses all its value as far as the County Commissioners and the Court are concerned,unless it is made in substantial compliance with what the County Engineer believes to be the actual cost of construction.

The question then that is presented to the Court is whether the contemplated improvement will justify an expenditure of $12,857.00,because the benefits to be derived therefrom will be in excess of that amount.

In passing upon this question it is well to call attention to the following facts:

First,the testimony of the County Engineer disclosed that he considers the probable life of this improvement,or the term of years over which any benefit will be derived therefrom, to be from ten to fifteen years,and presumably thereafter the present condition would recur.

Next it is to be noted that the improvement does not extend far enough up stream toward the outlet of the sanitary sewer and the flood-water sewer from tne Village of Richwood to afford any better or improved outlet for these sewers,or for the open ditch draining the lands of Richwood,which enter Fulton Creek upon the lands of Margaret E.Ross,et al.,and,

Going down stream beyond the lower end of the contemplated improvement it is in evidence that there is a sharp turn in the channel of the stream,opposite what is known as the Walter Hartman farm,which forms,as the witnesses testified,a "bottleneck",and tends to hold back flood waters coming down from up stream.

The trial Court has gone twice upon the line of the stream,walking the entire course before hearing the evidence,and a portion of the course thereafter,and while it is evident that the petitioners for the stream are in greatly in need of some relief,yet the trial Court is convinced that the improvement,which is contemplated to be made by Fulton Creek No.1272,will not even grant to them the relief that they may desire.

Therefore,after a careful consideration of the testimony and of the facts revealed by the view, the Court is fully convinced that the County Commissioners were right in their finding that the cost of the improvement would be greater than the benefits which will be derived therefrom if constructed,and that,therefore,the petition should be dismissed and the improvement refused,and it is so ordered and judgement rendered against appellants for the costs on appeal.

Exceptions noted for appellants.

Richard L.Cameron,
Judge.

IN THE MATTER OF THE TEMPLE COUNTY DITCH NO.1273-FILING OF PETITION

Auditor's Office,March 20,1939.
Commissioners Journal Vol.23 Page 76.

County Auditor,Frank E.Smith,presented a petition,signed by Blanche Rockhold,for the construction of a single County ditch,located in Washington and Jackson Townships.

To the Board of Union County Commissioners,Union County,Ohio,the undersigned hereby petition your honorable body for the construction of a single county ditch,Washington and Jackson Townships,on a course hereinafter set forth.The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of the proposed improvement to-wit;Commencing at the outlet of a ten inch tile near the the south right of way line of the Marion-Essex Byhalia Road,State Road #739,and on the lands of Ida Hayes;thence following the center line of the open ditch,or near thereto in a southerly direction,through and across said lands to Rush Creek, or far enough to give a good and sufficient outlet.

The following is the nature of the work petitioned for;Location,construction,straightening, deepening and widening.Sec.6444

List of names and addresses of all parties benefited or damaged by the proposed improvement;

Fields Samuel W.	Lamue	Hayes Ida	Richwood.
Hough Ida	Richwood	Manley Samuel Ernest	"
Monson Florence	"	Rockhold Blanche	"
Temple David F.& Archie	"		

Signed by,
Blanche Rockhold,
Petitioner.

It was moved by Mr.Hamilton and seconded by Mr.Spain,that the Commissioners view the proposed improvement on the 12th,day of April 1939,at ten o'clock A.M.commencing at the upper terminus thereof,and the first hearing thereon will be held at the office of the Commissioners on the 17th,day of April 1939, at ten o'clock A.M.

Upon a call of the roll the Commissioners voted asmfollows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spa in "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we,Blanche Rockhold as principal and L.C.Rockhold and L.B.Rockhold as sureties,are held and bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars, to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves by these presents,signed by us and dated at Marysville,Ohio,this day of March 1939.

The condition of the above obligation is such,that,whereas, on the 15th,day of March,1939 the above bound Blanche Rockhold filed her petition with the Auditor of Union County,Ohio, making application to the County Commissioners for the location,construction,straightening, deepening and widening a ditch in Washington and Jackson Townships,petitioned for by Blanche Rockhold and others,on the course described in the petition named above.

Now,if the said Blanche Rockhold,L.C.Rockhold and L.B.Rockhold will pay all costs,if the prayer of the petition is not granted or if for any cause said petition is dismissed,then this obligation shall be void;otherwise it shall be and remain in full force and virtue in law.

Blanche Rockhold.
L.C.Rockhold.
L.B.Rockhold.

The above bond is approved this 20th, day of March 1939.
Frank E.Smith,Co.Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
March 21,1939.

Landowners affected by
Temple Ditch No.1273.

Blanche Rockhold has filed a petition with the County Auditor requesting the improvement of a ditch beginning at the outlet of a ten inch tile near the south right-of-way line of the Marion-Esses-Byhalia Road,State Road #739, and on the lands of Ida Hayes;thence following the center line of the open ditch,or near thereto,in a southerly direction,through and across said lands to Rush Creek,or far enough for a good and sufficient outlet.

The following is the nature of the work petitioned for;Location,construction,straightening, deepening and widening.

The County Commissioners will view the proposed improvement on the 12th,day of April 1939, Commencing at the upper terminus thereof at ten o'clock A.M.and the first herating thereon will be held at the office of the County Commissioners,Marysville,Ohio,on the 17th,day of April 1939,at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE TEMPLE COUNTY DITCH # 1273-FIRST HEARING.

Auditor's Office,April 17,1939.
Commissioners Journal Vol.23 Page 88.

The petition to the Board of County Commissioners,signed by Blanche Rockhold,requesting the improvement of Temple County Ditch No.1273,located in Washington and Jackson Townships,was read by the Clerk.

A bond in the amount of $200.00 with Blanche Rockhold as principal and L.C.Rockhold and L.B.Rockhold as sureties,conforming to all the provisions of Section 6446 of the General Code was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

Mr.Rockhold requested an extension of tile approximately one rod through the highway and onto the lands of Ida Hayes.

It being the opinion of the Commissioners that the proposed improvement is necessary and will be conducive to the public welfare,it was moved by Mr.Shaw and seconded by Mr. Spain that the prayer of the petition and the request of Mr.Rockhold be granted and that the Engineer be directed to make the necessary surveys,prepare specifications and apportionment estimated cost of construction and report to the Board by May 22,1939,Upon a call of the commissioners all voted "aye".

IN THE MATTER OF THE ENGINEER'S REPORT ON TEMPLE DITCH NO.1273.

Auditor's Office,May 22,1939.
Commissioners Journal Vol.23 Page 102.

The Engineer having stated that his report on the apportionment estimated cost of construction of Temple Ditch No.1273,due this day,is not completed,it was moved by Mr.Shaw and seconded by Mr.Spain that the time for filing be extended to Monday,June 5,1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Auditor's Office,June 5,1939.
Commissioners Journal Vol.23 Page106.

The Engineer having stated that his report on the apportionment estimated cost of construction of Temple Ditch No.1273,due this day,is not completed,it was moved by Mr.Spain and seconded by Mr.Shaw that the time for filing be extended to Monday June 26,1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Auditor's Office,July 3,1939.
Commissioners Journal Vol.23 Page 116.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments and plans and specifications for the proposed improvement of Temple Ditch No. 1273,located in Washington and Hackson Townships.

It was moved by Mr.Spain and seconded by Mr.Shaw that a public hearing be held on assessments in the office of the Commissioners on Monday,July 24,1939 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye".,Mr.Sahw "aye". and Mr.Spain "aye".

IN THE MATTER OF HEARING ON ASSESSMENTS ON TEMPLE DITCH NO.1273.

Auditor's Office,July 24,1947.
Commissioners Journal Vol.23 Page 122.

The petition for the improvement of Temple Ditch No.1273,located in Washington and Jackson Townships,and petitioned for by Blanche Rockhold,was read by the Clerk.

The result of the County Engineers survey,containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement,was also read by the Clerk.

Comments from interested landowners were invited by the Chairman following which it was agreed by those present and the Commissioners to extend the lower terminus of the proposed improvement from Station 10 to Station 12 and increase the yardage from 1246 to 1300 and further that the County assume the necessary additional cost of said extension,estimated at $8.10 as an additional benefit to the road.

It being the opinion of the Commissioners that the proposed improvement is necessary and that the cost will be less than the benefits to be derived,it was moved by Mr.Shaw and seconded by Mr.Spain that the assessments be approved and that the Engineer be directed to proceed with the improvement and the extension as entered above by advertising for bids.

Said bids to be received in the office of the County Engineer until two o'clock P.M. August 7,1939.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

IN THE MATTER OF BIDS RECEIVED FOR TEMPLE DITCH NO.1273.

Auditor's Office,Aug.7,1939.
Commissioners Journal Vol.23 Page 127.

In obedience to your direction and also in pursuance of the notice given as provided by law,bids for the work of construction for the abvoe named improvement were received by me as follows;

F.A.McAllister	Excavation	Section No.1.	$177.00
E.M.Weston & Son	"	" " "	179.00
Harry Williams	"	" " "	180.00

I recommend the following bid as the best,F.A.McAllister,$177.00.Estimated $195.00

Signed,
Walter E.Griffith,Co.Engineer.

It was moved by Mr.Spain and seconded by Mr.Hamilton that the bid of F.A.McAllister,in the amount of $177.00 for the excavation of Section No.1 of Temple Ditch No.1273,be approved and accepted provided that proper bond is offered and filed,according to statute.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".n

IN THE MATTER OF BOND OF CONTRACTOR F.A MCALLISTER.

Auditor's Office,August 14,1939.
Commissioners Journal Vol.23 Page 130.

F.A.McAllister,whose bidof $177.00 for the construction of Section No.1 of Temple Ditch No.1273 was acce accepted by the Commissioners at their meeting of August 7th,1939,this day presented his contractors bond in the amount of $195.00,with F.A.McAllister as principal and Mabel I,McAllister and A.L.Alkire as sureties.

It was moved by Mr.Hamilton and seconded by Mr.Spain that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

CONTRACT OF CONTRACTOR

Marys ville,Ohio.
August 7,1939.

It is hereby certified by Walter E.Griffith the dulyu appointed Engineer of said improvement,that after legal notice of sale,he has t his day sold to F.A.McAllister contractor the work of constructing Section No.1 of said ditch f or the sum of ($177.00)One Hundred seventy-seven Dollars,which work said contractor hereby agree to complete according to specifications of the same under the supervision of the Engineer a nd to the acceptance of said Engineer and the Commissioners of Union County,on of before the 1st,day of October 1939.

And it is further agreed and expressly understood that in case the said Contractor shall fail t o complete sa id work by the t ime hereinbefore named,then the said work may be re-estimated and re-s old by the Engineer a t the expense of the Contractor and Bondsmen according to law.

And the siad Contractor s hall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contra ctor will be required to give the work personal attention,and s hall make no sub-comtra cts which shall transfer the supervision of any part of the constructing said ditch improvement,without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners og Union County,Ohio.

Walter E.Griffith, Engineer.

F.A.McAllister, Contractor.

BOND OF CONTRACTOR

KNOW ALL MEN BY THESE PRESENTS:That F.A.McAllister as principal and Mabel I.McAllister and A.L.Alkire as sureties ,are held and bound unto the State of Ohio,in the penal sum of ($195.00)One Hundred ninety-five Dollars,for the payment of which we jointly and severally bind ourselves by these presents s this 7th,day of October 1939.

The condition of this obligation is such,that whereas the above bound F.A.McAllister has t his day bid off the work of sonstructing Section No.1 of T emple Ditch No.1273 and has entered into the above contract,subject to the approval of the Commissioners of Union County, Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and compelt the work within the time fixed therein and pay all damages which may occur by reason of a failure to compete the same as agreed upon in said contract,and pay for all labor and material and for all debts incurred for this section,then this obligation shall be void,otherwise to be in full force and effect in law.

F.A.McAllister
Mabel I.McAllister.
A.L.Alkire.

This contract and bond are hereby a pproved this 14th,day of August 1939.

Auditor's Vault Box No.524 KILE DITCH NO.1274. Transcribed July 11,1947.

IN THE MATTER OF THE KILE DITCH NO.1274-FILEING OF PETITION.

Auditor's Office,March 27,1939.
Commissioners Journal Vol.23.Page 79.

County Auditor,Frank E.Smith,presented a petition signed by Clarence Vowell et al,for the construction of a Single County Ditch,known as the Kile Ditch No.1274,located in Jerome Township,V.M.S.6595-6596-7073.

To the Board of County Commissioners,Union County,Ohio.

The undersigned hereby petition your honorable body for the reconstruction of the Kile Ditch No.339.The following is the course and termini of said proposed improvement,to-wit;

Commencing at a stake in the center line of the Kile open ditch and in the line between the lands of Albert E.Warner & Clarence Vowell;thence following the center line of said ditch or near thereto in an easterly direction through and across the lands of Clarence Vowell,Nancy Fogle, Minnie Creviston and J.F.Wagoner to the Columbus-Marysville State Road,U.S.Route 33;thence crossing said road and continuing through and across the lands of John F.& Glenna R.Wagoner,Willimm F. Justice,George Grewell and C.R.& B.C.Shipe to Indian Run and there terminate,of far enough for an outlet for the lands drained therein.
The following is the nature of the work petitioned for;Straightening,deepening,widening,etc.

The petitioners state that the construction of the proposed improved is necessary and will be conducive to the public welfare.

Names of all landowners which the petitioner claims will be bendfited or damaged by the construction of the proposed improvement.

Bishop Faye E.	Brooks Glennie	Cary Frank	McMillen Norval C.
McKitrickL.W.& O.L	Rile Mary W.	Cooper Chas F.& Louise	Cary Frank P.
Schreck John E.& Bertha	Creviston Minnie	Shrover Geo.	Davis Herman & Susan J.
Stewart Bessie R.	Fulk Wm.L.	Shipe C.R.& B.C.	Fogle Nancy J.
Vowell Clarence	Grewell George	Wilcox Ethel,Life	
Justice William F.	Weaver John H.	Kile Elton M.	Weldon S.J.
Keagy Nancy J.	Wagner John F.& Glenna R	Lane George E.	Wagner William
Mitchell Sarah	Warner Albert E.	Mosier Lula,Estate	McAdow Ivan & Elizana

Service of notice of the filing of the petition shall be obtained by mailing notices and publication.

Signed;
Clarence Vowell,
Petitioner.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that the Commissioners view the proposed improvement on the 20th,day of April 1939,commencing at the beginning thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the County Commissioners on April 24th,1939,at ten o'clock A.M.

Upon a callof the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

BOND OF PETITIONER

KNOW ALL MEN BY THESE PRESENTS,That we,Clarence Vowell as principal and Elton M.Kile and Frank Cary as sureties,are held and bound unto the State of Ohio,in the sum of $300.00,Three Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 22nd,day of March 1939.

The condition of the above obligation is such,that,whereas,on the 27th,day of March 1939, the above bound Clarence Vowell,Elton M.Kile and Frank Cary filed their petition with the County Auditor of Union County,Ohio,making application to the County Commissioners for the reconstruction of a single county ditch,Kile ditch No.339 petitioned for by Clarence Vowell et al.,on the course described in the above petition.

Now,if the said Clarence Vowell and Elton M.Kile and Frank Cary will pay all costs if the prayer of the petition is not granted or if for any cause the petition is dismissed,then this obligation shall be void;otherwise it shall be and remain in full force and virtue in law.

Clarence Vowell.
Elton M.Kile.
Frank Cary.

The above bond is approved this 27th,day of March 1939.

Frank E.Smith,
Co.Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Union County,Ohio.
March 29,1939

Landowners affected by
Kile Ditch No.1274.

Clarence Vowell has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stake in the center line of the Kile open ditch and in the line between the lands of albert Warner & Clarence Vowell;thence following the center line of said ditch or near thereto and in an easterly direction through and across the lands of Clarence Vowell,Nancy Fogle,Minnie Creviston and J.F.Wagoner to the Columbus-Marysville State Road,U.S.Route 33;thence crossing said road and continuing through and across the lands of John F.& Glenna Wagoner,William F.Justice.George Grewell and C.R.B.C.Shipe to Indian Run and there to terminate or far enough for an outlet for the lands drainde therein.
The following is the nature of the work petitioned for;straightening,deepening widening etc.
The County Commissioners will view this proposed improvement on the 20th day of April 1939 commencing at the upper terminus thereof at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commisioners on the 24th,day fo April 1939,at ten o'clock A.M.

(CONTINUED ON NEXT PAGE)

NOTICE TO LANDOWNERS CONTINUED.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF THE KILE DITCH NO. 1274-FIRST HEARING.

Auditor's Office,April 24,1939.
Commissioners Journal Vol.23.Page 92.

The petition to the Board of County Commissioners,signed by Clarence Vowell,requesting the improvement of the Kile Ditch No.1274,located in Jerome Township,was read by the Clerk.

A bond,in the amount of $300.00,with Clarence Vowell as principal and Elton M.Kile and Frank Cary as sureties,conforming to all the provisions of Section No.6446 of the General Code of Ohio,was also read by the Clerk.

Comments from interested landowners were invited by the Chairman.

Elton M.Kile requested the extension of the proposed improvement to the N.Y.C.R.R.

It being the opinion of the Commissioners that the proposed imptovement is necessary and will be conducive to the public welfare,it was moved by Mr.Hamilton and seconded by Mr. Shaw that the prayer of the petition and the request of Mr.Kile be granted and that the Engineer be directed to make the necessary surveys,prepare specifications and apportionment estimated cost of construction and report to the Board on or before the 29th,day of May 1939.

The Engineer is further directed to contact the C.C.C.Authorities and secure their co-opera in the proposed improvement,if possible.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye".Mr.Shaw "aye" and Mr.Spain "aye".

Jan.8,1940.

IN THE MATTER OF THE ENGINEERS REPORT ON KILE DITCH NO.1274.

Auditor's Office,Union County,Ohio.
Commissioners Journal Vol.23 Page 190.

County Engineer,Walter E.Griffith,this day presented his report,including the estimated costs,assessments,plans and specifications for thenproposed improvement of Kile Ditch No.1274, located in Jerome Township.

It was moved by Mr.Hamilton and seconded by Mr.Spain that a public hearing on assessments he held in the office of the County Commissioners on Monday January 29,1940 at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye" Mr.Shaw "aye" and Mr.Spain "aye".

OBJECTIONS TO ASSESSMENTS

To the Board of Commissioners, Plain City,Ohio,Jan 23,1940
Union County,Ohio.

The undersigned begs to place with you my objections to assessments made against me on the Kile Ditch on the grounds that the 15 acres assessed $27.67 drains directly into Indian Run,and that part of the 50.50 acres drains directly into Indian Run,and therefore should not be assessed on the Kile Ditch.

W.F.Justice.

Frank E.Smith, Kileville,Ohio.Jan.,27,1940.
Auditor,Union County,Ohio.

I hereby want to file objections to an assessment of $84.91 against 19.10 acres of ground in the proposed construction of the Kile Ditch No.1274.

Respectfully,
Elton M.Kile.

OBJECTIONS TO ASSESSMENTS CONTINUED.

Kileville,Ohio.Jan.27,1940

Frank Smith,
Auditor ,Union County,Ohio.

I hereby want to file objection to an assessment of $108.30 against 32.87 acres of land in the proposed construction of Kile Ditch No.1274.

Respectfully,
Fay Mosuer.

Frank E.Smith, Jan.29,1940
Auditor,Union County,Ohio.

We hereby enter our objections to amount of assessments for construction of the Kile Ditch No.1274 on tracts of land listed as follows;

Nancy Fogle	27 acres	84.67
Same	25.00	74.08
John F.& Glenna Wagner	50.00	134.08

Elton M.Kile,Agent

IN THE MATTER OF THE HEARING ON ASSESSMENTS ON KILE DITCH NO.1274.

Auditor's Office Jan.29,1940.
Commissioners Journal Vol.23 Page 199.

The minutes of the preceeding meeting and the petition for the improvement of Kile Ditch No.1274 were read by the Clerk.

The result of the County Engineers report,containing the number of acres assessed and the apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having heard and carefully considered all of the evidence offered in the proceedings the Commissioners rendered the following decisions;

That the County Engineer contact the owners and recheck or resurvey,if necessary,the number of acres assessed against the following;Fay E.Bishop,Frank P.Carey,William F.Justice, George Shover,and Bessie R.Stewart and report the findings to the Board of Commissioners.

That the removal of hedge,and the charge of $74.55 therefor,on the lands of Minnie Creviston be eliminated unless requested by her.

That an additional amount of $442.00 be charged to Union County for the cost of setting the ditch approximately 10 feet left of the present center line,from Sta.10.77 to sta.24 and right from Sta.24.41 to Sta.39.65 and that the amount be prorated to reduce the assessment of other landowners.

That the Engineer advertise for bids.The date of sale to be Tuesday February 13th,1940 at two o'clock P.M.

That the proposed improvement is necessary and will be conducive to the public welfare and that the costs will be less than the benefits to be derived.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the report of the Engineer be accepted,as submitted withe the exceptions and provisions as entered above,and that he be directe to proceed with the construction of the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton,Mr.Shaw "aye". and Mr.Spain "aye".

IN THE MATTER OF BIDS RECEIVED FOR KILE DITCH NO.1274

Auditor's Office,Feb,13,1940.
Commissioners Journal Vol.23.Page 208.

To the Board of County Commissioners.

In obedience to your direction and also inpursuance of the notice duly given as provided by law,bids for the work of construction and furnishing materials for the above named improvement were received by me as follows;

		Bid	Guarantee
G.Everett Knowlton & Son	Excavation -Grubbing	1867.00	60.00
E.M.Weston & Son	" "	1994.00	60.00
Arthur Skinner	" "	1970.00	75.00
F.A.McAllister	" "	2299.00	75.00
Geo.J.Igle & Co.	" "	2284.55	70.00
H.W.Holt	" "	2201.57	Bond

I recommend the following bids as the best:G.Everett Knowlton & Son.
Walter E.Griffith,Engineer.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the bid of G.Everett Knowlton & Son Bellefontaine,Ohio,on the amount of $1867.00 for the excavation and grubbing of Kile Ditch No.1274 be approved and accepted,provided that proper bond is offered,accepted and filed according to statute.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw Aye",Mr.Hamilton "aye" and Mr.Spain "aye".

IN THE MATTER OF THE BOND OF CONTRACTOR OF KILE DITCH NO.1274.

Auditor's Office,Feb.19,1947
Commissioners journal Vol.23 Page 212

G.Everett Knowlton & Son,whose bid of $1867.00 for the construction of Kile Ditch No.1274 was accepted by the Board of Commissioners at their meeting of February 13th,1940,this day presented his contractors bond,in the amount of $1867.00 with G.Everett Knowlton & Son as principal and the United States Fidelity & Guarnty Company as surety.

It was moved by Mr.Hamilton and seconded by Mr.Shaw that said bond be approved and accepted.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Auditor's Vault Box No.524 KILE DITCH NO.1274 Transcribed July 14,1947.

CONTRACT OF CONTRACTOR

Marysville,Ohio,Feb.13,1940

Section No.1
From Sta.0.00 to Sta.165.85-1005.2 rods
Excavation & Grubbing.

It is hereby certified by Walter E.Griffith,the duly appointed Engineer of said improvement, that after legal notice of sale,he has this day sold to G.Everett Knowlton & Son the work of constructing Section No.of said ditch for the sum of ($1867.00) One thousand eighty hundred sixty-seven Dollars,which work the said contractor hereby agrees to complete according to specifications of the same under the supervision of the Engineer and to the acceptance of said Engineer and the Commissioners of Union County,on or before the 1st day of May 1940.

And it is further agreed and wxpressly undrstood that in case the said contractor shall fail to complete the same by the time hereinbefore named,then the said work may be re-estimated and re-sold by the Engineer at the expense of the contractor and bondsmen according to law.

And the said contractors shall further be liable for all delays after the expiration of the time named above for the completion of the work and for the payment of all damages which may accrue by reason of the failure to complete the work within the time aforesaid.

The contractor will be required to give the work personal attention, and shall make no sub-contracts which shall transfer the supervision of any part of the constructing of said ditch, without the written consent of the Engineer.

Provided this contract shall be of no force or effect until approved by the Commissioners of Union County,Ohio.

G.Everett Knowlton & Son
Walter E.Griffith, By-G.Everett Knowlton,
Engineer. Contractor.

BOND OF CONTRACTOR.

KNOW ALL MEN BY THESE PRESENTS:Tha t G.Everett Knowlton & Son as principal and The United States Fidelity & Guaranty Co. as sureties,are held and bound unto the State of Ohio,in the penal sum of ($1867.00) One thousand eight hundred sixty seven Dollars,for the payment of which we jointly and severally bind ourselves by these presents this day of February 1940.

The condition of this obligation is such,that whereas the above bound G.Everett Knowlton & Son have this day bid off the work of constructing Section No.1 of Kule Ditch No.1274 and have entered into the above constract,subject to the approval of the Commissioners of Union County,Ohio.

Now,if the said contractor shall well and truly perform the obligations of said contract, and compelte the work within the time fixed therein,and pay all damages which may occur by reason of a failure to complete the same as agreed upon insaid contract,and pay for all labor and materials and for all debts incurred for this section,then this obligation shall be void;otherwise to be in full force and effect in law.

G.Everett Knowlton, & Son.
By-G.Everett Knowlton.
The United States Fidelity & Guaranty Co.
By-Henry W.Eaton.
Attorney in Fact.

This contract and Bond are hereby approved this 19th,day of February 1940.
O.H.Shaw.
Gor.R.Hamilton
Union County Commissioners.

Auditor's Vault Box No.524 OHNSMAN DITCH NO.1275 Transcribed July 16,1947.

IN THE MATTER OF THE OHNSMAN DITCH NO.1275-FILING OF PETITION.

Auditor's Office,April 3,1939.
Commissioners Journal Vol.23 Page 82.

County Auditor,Frank E.Smith,presented a petition,signed by Albert C.Ohnsman,for a single county ditch,in Union Township,Union County,Ohio.

To the Board of County Commissioners,

The undersigned hereby petition your honorable body for the construction of a single county ditch,and location thereof (Sec.6444)

The following is the course and termini of said proposed improvement,to-wit:Commencing at a stake in a pond on the lands of Albert C.Ohnsman-said stake bears west approximately 20 rods from the land of the lands of Eliza J.Boylan and north approximately 30 rods from the north rightof way line of the P.C.C.& St.Louis R.R.;thence with the natural watercourse in a southerly direction across said lands and the said railroad to the said Eliza J.Boylan's lands; thence continuing in a southerly and easterly direction across the Boylan lands and the Verne Howard lands to Hay Run County Ditch,and others and there to terminate.

The following is the nature of the work petitioned for;Said ditch be constructed by using tole of sufficient capacity to drain the lands affected by this improvement

The petitioners state that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

Names of all landowners which the petitioner claims will be damaged or benefited by the construction of the proposed improvement.

Eliza J.Boylan	(Dr.John Boylan)	Milford Center
Howard Verne		" "
Ohnsman Albert C.		" "
P.C.C. & St.L.R.R.		

Service of notice of filing of petition shall be obtained by mailing notices and pyblication

Albert C.Ohnsman,
Petitioner.

The petitioner filed with the petition a bond in the amount of $200.00,with Albert C. Ohnsman as principal and Walter Besgrove and Elmer J.Ohnsman as sureties,payable to the Stte of Ohio and conditioned for the payment of all costs if the petition is not granted or if for any cause the petition is dismissed.

The above bond was approved by County Auditor,Frank E.Smith,April 4th,1939.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That,we,Albert C.Ohnsman as principal and Elmer J.Ohnsman and Walter Besgrovenas sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00) Two Hundred Dollars,to the pay ment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 3rd,day of April 1939.

The condition of the above obligation is such,that,Whereas, on the 3rd,day of April 1939, the above bound Albert C.Ohnsman filed his petition with the Auditor of Union County,making application to the County Commissioners for the location and construction of a single County ditch petitioned for by Albert C.Ohnsman on the course as described in the petition named above.

Now,if the said Albert C.Ohnsman,Walter Besgrove and Elmer J.Ohnsman will pay all costs if the prayer of the petition is not granted or if for any cause the petition is dismissed,then this obligation shall be void;otherwise to be and remain in full force and virtue in law.

Albert C.Ohnsman.
Wlater Besgrove.
Elmer J.Ohnsman.

The above Bond is approved this 4th,day of April 1939.

Frank E.Smith,
Co.Auditor.

NOTICE TO LANDOWNERS.

Auditor's Office,Union County,Ohio.
April 4,1939.

Landowners affected by

Ohnsman Ditch No.1275.

Albert C.Ohnsman has filed a petition with the County Auditor requesting the improvement of a ditch beginning at a stske in a pond on the lands of Albert C.Ohnsman-said stake bears west approximately 20 rods from the lane on the lands of Eliza J.Boylan and north approximately 30 rods from the north right-of-way line of the P.C.C. & St.L.R.R.;thence with the natural water course in a southerly direction across said lands and the said railroad to the said Eliza J. Boylan's lands;thence continuing in a southerly and easterly direction across the Boylan lands and the Verne Howard lands to Hay Run Ditch and there to terminate.

The following is the nature of the work petitioned for; said ditch be constructed by using tile of sufficient capacity to drain the lands affected by this improvement.

The County Commissioners will view this proposed improvement on the 27th,day of April 1939,;Commencing at the upper terminus thereof at ten o'clock A.M,and the first hearing thereon will be held at the office of the Commissioners,Marysville,Ohio,on the 1st,day of May 1939. at ten o'clock A.M.

Applications for the granting of the above proposed improvement,remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners,confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

IN THE MATTEER OF THE OHNSMAN DITCH NO.1275-FIRST HEARING.

Auditor's Office,May 1,1939.
Commissioners Journal Vol.23.Page 95.

The petition to the Board of Commissioners,signed by Albert C.Ohnsman,requesting the improvement of Ohnsman Ditch No.1275,located in Union Township,was read by the Clerk.

A bond in the amount of $200.00,with Albert C.Ohnsman as principal and Walter Besgrove and Elmer J.Ohnsman as sureties,conforming to all the provisions of Section 6446 of the General Code of Ohio,was also read by the Clerk.

At the suggestion of the P.C.C.& St.L.R.R.represenative,it was moved by Mr.Hamilton and seconded by Mr.Shaw that the hearing be adjourned until Monday May 29th,1939 at ten o'clock A.M.,in order that they may secure an estimated cost of their portion of the proposed improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",?r.Shaw "aye" and Mr.Spain "aye".

IN THE MATTER OF THE ADJOURNED HEARING ON OHNSMAN DITCH NO.1275.

Auditor's Office,May 29,1939.
Commissioners Journal Vol.23 Page 104.

The minutes of the preceeding hearing,under date of May 1st,1939,were read by the Clerk.

The Commissioners having viewed the proposed improvement of Ohnsman Ditch No.1275,found that,in their opinion,it was not necessary and would not be conducive to the public welfare. Mr.Ohnsman,the petitioner also requested that the petition be withdrawn.

It was therefore moved by Mr,Hamilton and seconded by Mr.Shaw that said petition be dismissed.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".

Mr.Frank E.Smith,
County Auditor,Union County,
Marysville,Ohio.

Columbus Ohio,May 20,1939.

Dear Sir;

With to the petition for the Ohnsman Ditch No.1275 petitioned for by Albert C. Ohnsman and on which preliminary hearing was held May 1,1939,.This hearing having been adjourned to May 29,in order to allow Commissiones to gather some additional information.

At the hearing on May 1st, the Commissioners asked the Railroad Company to advise them whether or not they would be willing to assume the cost of that portion of the ditch on the right-of-way including the cost of pipe under the track.Will you please advise the Commissioners that this will be satisfactory,The Railroad Company assumingmthe cost on the right-of -way in liev of their regular assessment,it being understood that no further assessments will be made against this Company.

Yours trulyJ.L.Cranwell.
Division Engineer

Mr.J.L.Cranwell,Div.Eng.
Pennsylvania R.R.Company.
Columbus,Ohio.

June 2,1939.

Dear Sir;

We wish to advise you that the petition for the improvement of the Ohnsman Ditch No. 1275 was dismissed by the County Commissioners at the hearing under date of May 29,1939.

It was the decision of the Commissioners that the proposed improvement would not be conducive to the public welfare.

Mr.Albert C.Ohnsman,the petitioner,was also in favor of the dismissal and will assume all costs of the proceedings to date.

Yours very truly,
Frank E.Smith,
Co.Auditor.

IN THE MATTER OF HEARING ON ASSESSMENTS ON TILTON DITCH NO.1276

Auditor's Office,Feb.5,1940.
Commissioners Journal Vol.23 Page 205.

The petition for the improvement of Tilton Ditch No.1276,located in York Township and petitioned for by C.W.Rea was read by the Clerk.

The result of the Engineer's report containing the number of acres assessed and apportionment estimated cost of construction of the proposed improvement was also read by the Clerk.

After having herard and carefully considered all of the evidnece offered in the proceedings the Commissioners rendered the following decisions;

That the estimated cost of construction on 66 acres,13 acres and 43 acres belonging to Guy & Nellie McMahan be reduced 6.06 and .59 and 1.96 respectively.

That the estimated cost of construction on 80 acres belonging to Gilbert McGinnis be reduced 21.17.

That the total amount of the above reductions in estimated assessments be prorated to landowners in the drainage district.

That the Engineer be directed to advertise for bids on Section No.1 and that portion of Section No.2 pertaining to the construction of a reinforced concrete headwall at station 0.68.The date of sale to be Monday February 19,1940 at two o'clock R.M.

That the balance of the proposed improvement be constructed by force account.

That the proposed improvement is necessary and will be conducive to the public welfare and that the cost will be less than the benefits derived.

It was moved by Mr.Hamilton and seconded by Mr.Spain that the report of the Engineer be accepted as submitted,with the exceptions and provisions as entered above and that he be directed to proceed with the construction of the improvement.

Upon a call of the roll the Commissioners voted as follows;Mr.Shaw "aye",Mr.Hamilton "aye".Mr.Spain "aye".

IN THE MATTER OF BIDS RECEIVED ON TILTON DITCH NO.1276.

Auditor's Office,Feb.19,1940.
Commissioners Journal Vol.23 Page 212.

To the Board of County Commissioners,

In obedience to your direction and also in pursuance of the notice given as provided by law,bids for the work of construction and furnishing materials for the above improvement were received by me as follows;

Arthur Skinner	Excavation & Mat.	Sec.No.1	619.00	Ch.	21.00
F.A.McAllister	" "	" "	585.00	"	18.00

Auditor's Vault B0x No.524 SOUTHARD EX.DITCH NO.1277 Transcribed July 17 1947.

IN THE MATTER OF THE SOUTHARD EX.DITCH NO.1277-FILING OF PETITION.

Auditor's Office,May 29,1939.
Commissioners Journal Vol.23 Page 105.

The Union County Board of Commissioners met this day in special session,with the following members present,Gow.R.Hamilton ,O.H.Shaw and L.G.Spain,with County Auditor Frank E.Smith acting as Clerk.

County Auditor,Frank E.Smith,this day presented a petition,signed by George M.Wilbur,requesting the improvement of Southard Extension Ditch No.1277,located in Paris Township,on the course hereinafter set forth.

Commencing at a stake in the center of an open ditch and on the line between the lands of John L.Barker and George M.Wilbur;thence with the center line of said ditch,or near thereto, in a northerly direction along said lands to the Marysville to Peoria Gravel Road;thence continuing across said road and the lands of George M.Wilbur to Otter Run and there terminate.

The following is the nature of the work petitioned for;Construction of an open ditch by grubbing,deepening,straightening and widening (Section 6444)as far as the Marysville and Peoria Road and there said construction to terminate.

The petitioner states that the construction of the proposed improvement is necessary and will be conducive to the public welfare.

Names of all the landowners which the petitioner claims will be benefited or damaged by the construction of the proposed improvement.

Amrine Louis	Amrine Otto	Amrine Porter	Armstead Robert
Barker John L.	Barnes Charles	Crabb Hattie	Fair Dean A.
Grow C.& L.A.	Herd Glen	Hoover Franklin & Lucy	Erich John V.
McDaniel Clarence W.	Moore Minnie	Streng John	Turner Frances M.
Russ Effie D.	Robinson John W.	Vandereau Philip	Douglas Cecil & Cecil
Wilbur George M.	Col.Mut,Life Ins.Co.	Cary Jas.	Cary E.P.&C.A.
Gray John J.& Sarah A.	Reeder Eva M.	Vaughn Laura L.	

Service of notice of filing of petition shall be obtained by mailing notices and publication as provided in Section 6447.

George M.Wilbur,
Petitioner.

It was moved by Mr.Shaw and seconded by Mr.Spain that the Commissioners view the proposed improvement on the 22nd,day of June 1939,commencing at the upper terminus thereof at ten o'clock A.M. and the first hearing thereon will be held at the office of the County Commissioners,on the 26th,day of June 1939,at ten o'clock A.M.

Upon a call of the roll the Commissioners voted as follows;Mr.Spain "aye" and Mr.Shaw "aye". Mr.Hamilton "aye".

The petitioner for the improvement of Southard Extension Ditch No.1277,filed with the petition a bond in the amount of $200.00,with George Wilbur as principal and J.S.Kagay and E.H.Erb as sureties,conforming to all the provisions of Section No.6446 of the General Code.

It was moved by Mr.Spain and seconded by Mr.Shaw the bond be approved and accepted.

BOND OF PETITIONER.

KNOW ALL MEN BY THESE PRESENTS,That we,George M.Wilbur and J.S.Kagay and E.H.Erb as sureties,are held and firmly bound unto the State of Ohio,in the sum of ($200.00)Two Hundred Dollars,to the payment of which sum,well and truly to be made,we do hereby jointly and severally bind ourselves,our heirs,executors and administrators.

Signed by us and dated at Marysville,Ohio,this 20th,day of April 1939.

The condition of the above obligation is such,that,Whereas,on the day of the above bound George M.Wilbur filed his application with the Auditor of UnionCounty,Ohio, making application to the Commissioners for the construction of a single county ditch,Paris Township,Extension to Southard Ditch No.1097,petitioned for by George M.Wilbur,on the course as described in the petition named above.

Now,if the said George M.Wilbur will pay all costs,if the prayer of the petition is not granted or if for any cause the petition is dismissed,then this obligation shall be void;otherwise it shall be and remain in full force and virtue in law.

George M.Wilbur.
J.S.Kagay.
E.H.Erb.

The above bond is approved this 31st,day of May 1939.

Frank E.Smith,
Co.Auditor.

NOTICE TO LANDOWNERS

Auditor's Office,Marysville,Ohio.
June 2,1939.

Landowners affected by
Southard Es.Ditch No.1277.

George M.Wilbur has filed a petition with the Auditor of Union County requesting the improvement of a ditch beginning at a stake in the center line of the open ditch and on the line between the lands of John L.Barker and George M.Wilbur;thence with the center line of said ditch,or near thereto,in a northerly direction along said lands to the Marysville to Peoria Gravel Road.Thence continuing across said road and the lands of George M.Wilbur to Otter Run and there terminate.

The following is the nature of the work petitioned for;Construction of an open ditch by grubbing,deepening,straightening and widening (Sec.6444) as far as the Marysville and Peoria road and there said construction to terminate.

The County Commissioners will view the proposed improvement on the 22nd,day of June 1939,beginning at the upper terminus thereof,at ten o'clock A.M.and the first hearing thereon will be held at the office of the Commissioners,on the 26th,day of June 1939 at ten o'clock A.M.

Applications for the granting and remonstrances against or petition for any change in the route or termini may be filed at any time before the final order of the County Commissioners, confirming the assessments and ordering the sale of said ditch.

Respectfully,
Frank E.Smith,
Co.Auditor.

Auditor's Vault Box No.524 SOUTHARD EX.DITCH NO.1277 Transcribed July 17,1947.

REMONSTRANCE

To the Bord of Commissioners,
Union County,Ohio.

Marysville,Ohio,June 12,1939.

In the matter of the proposed improvement of the Southard Extension Ditch No.1277 in Paris Township.

Gentlemen;
We the undersigned and interested landowners on the Southard Extension Ditch no.1277 object to the proposed improved for the following reasons;

1.Our lands drain properly and additional drainage is not necessary

2.The proposed improvement directly benefits only one landowner.

3. the Benefits will be less than the assessments.

IN THE MATTER OF SOUTHARD EX.DITCH NO.1277-FIRST HEARING

Auditor's Office,June 26,1939.
Commissioners Journal Vol.23 Page 113.

The petition to the Board of County Commissioners,signed by George M.Wilbur,requesting the improvement of the Southard Extension Ditch No.1277,located in Paris Township,was read by the Clerk.

The bond,in the amount of $200.00,with George M.Wilbur as principal and J.S.Kagay and E.H.Erb as sureties,conforming to all the provisions of Section No.6446 of the General Code was also read by the Clerk.

A remonstrance,signed by John L.Barker and 18 other interested landowners, was presented to the Board.

Comments from the landowners present were invited by the Chairman,all of whom opposed the proposed improvement.

The Commissioners found,that in their opinion,the proposed improvement was not necessry and would not be conducive to the public welfare.

Therefore it was moved by Mr.Spain and seconded by Mr.Shaw that the petition be dismissed.

Upon a call of the roll the Commissioners voted as follows;Mr.Hamilton "aye",Mr.Shaw "aye" and Mr.Spain "aye".
