To the Honorable

The Probate Judge, within and for the
County of Union and State of Ohio.

In the Matter of the Assignment
of
Viola Snodgrass for the benefit of creditors.

The undersigned E. P. Southwick of the said County, of Union, respectfully represents that he has been duly appointed and qualified as the assignee in the above case and that he has caused an inventory and appraisement of the Estate and effect of said Viola Snodgrass to be duly made.

He further represents that a large portion of said assets consists of a stock of Millener goods, ribbons & etc, that would be in danger of being sold for much less than their value if put up at Public Auction. That the said goods are not in the condition for presenting by the ordinary consumer, but require to be trimmed and done upon before ready for wear, so that their sale at Public Auction would be doubtful.

The said E. P. Southwick further represents that he believes said goods can be sold at Private sale for near their true value by his selling the whole bulk and giving an opportunity for another party to start a millener store, that he has a purchaser in view in that way.

He further represents that it would be greatly to the benefit of creditors if said property could be sold at once at Private Sale, the same is costing rent of room and the expense and delay and danger of a public auction would thus be avoid and said goods converted

 In the Matter of the Assignment
 of Christopher Cliphart to James Williams for the
 benefit of Creditors.

The said James Williams assignee
 being first duly sworn deposes and says that in his
 opinion it will be better for the Creditors of the said Estate
 and to the interest of all concerned to sell the wheat and
 oats assigned to affiant at Private Sale for the reason
 that said grain is stacked in three different places and
 with other parties, now wishing to thresh and if said
 wheat and oats are not soon threshed it will spoil in
 the stack and when threshed, there is no sufficient place
 of storage and there is danger of the same being
 injured and damaged and probably lost to said Estate.
 The affiant in threshing said
 grain now can haul directly to market and sell for
 cash and for sale and thus save handling and
 danger of loss.

Affiant asks order to sell said
 wheat and at private sale now for cash, and that the
 remainder of said property be sold on a credit of six months
