In The Matter of
The Estate Of
John Georges Mayer, Deceased.

Now Comes the undersigned Charley L. Mayer and Herman M. Mayer, Children and heirs of John Georges Mayer, deceased, who respectfully represent that the Appraisers of the personal estate of said decedent allowed the sum of $ 600. in money for the support of the widow Margaret Mayer one year from the death of decedent. That said sum is greatly in excess of the amount of money necessary for the support of said widow, in the style said decedent was accustomed to support her brfore his death. That said Widow Margaret Mayer, also has in her possession a buggy and harness a part of the property of said estate which she has concealed from the Administrator, and which should be appraised as part of his estate, That she also has in her possession poultry, and Chickens of the value of $20. that should be appraised as part of the assets of said estate.

That there are also all the household goods such as used by an ordinary family that she has concealed from the Administrator and that the same were not considered by the Appraisers of the personal property Not set off to her as Widow by said Appraisers of the personal property. These heirs therefor feel that said year allowance is unjust and inequitable.

Wherefor petitioners pray that said allowance may be reduced to the sum of $ 360. and that the Administrator of the estate of said John Georges Mayer, dec'd may be directed to apply the difference between said sum of $ 360 and the amount of said allowance to the payment of claims against said estate, Also that she be required to account for all the personal property of the deceased in her possession above set forth and that the same be administered according to law.
