Held February 22 *19*38

The Union County Board of Education met in Special session with members Sidle, Curry, Prickett and Wiley answering to the roll call. The purpose of the meeting was to confer with the Dover Rural Board of Education in regard to their school situation.a nd to transact such other business as may come before it.

Mr. Rittenhouse of the Dover Board of Education stated that the Dover Board of Education had not changed its opinion but that some people who had signed a petition to transfer their district to Delaware County had expressed opposition and wanted the school kept if possible. Some sentiment was shown by members of the Dover board to be willing to combine with Millcreek. Mr. Strayer clerk of the Dover board of education pointed out certain technical errors in the petition presented to the County Board which would probably cause it to become unapproveable.

It was finally decided for the County Board to call in the Milcreek board of education and confer with them. Then later if it was thought advisable to call both boards into a conference.

A bill was presented by Miss Marcella Russell for services as office help for the following months, October, November, December, January at $30.00 per month, the same rate as had been paid for previous work.

Moved by Mr. Prickett and seconded by Mr. Curry that the above bill for office help be allowed. Roll Call; Prickett, yea. Curry yea. Sidle,yea. Wiley yea. Four yea.

A special meeting on Thursday Feb. 24 at 1 P. M. for the purpose of conferring with the boards of education from Allen, Liberty, Taylor and Peoria Special and Mr. Dietrich Director of Education was called.

8-37-4 THE COL. B. B. MFG. CO.

Held Feb. 24 *19*38

The Union County Board of Education met in special session with members Wiley, Sidle, Curry and Prickett present and answering the roll call. The purpose of this meeting was to confer with the boards of education from Allen, Liberty, Taylor and Peoria Special and Director of Education E. N. Dietrich.

Mr. Heimlich of the Liberty Schools presented a proposed plan of consolidation which had previously been discussed at a joint meeting of these boards. The proposed plan was to form one district from the territory of these four districts. One plan called for a continuation of the high schools in their respective buildings under one board of education and one school head. Another plan called for Junio High at Allen and Broadway ahd a Senior High at Raymond with the inter building transportation necessary. Another plan suggested was that the Liberty building could care for the upper six grades if certain improvements could be made including the placing of a basement under the auditorium.

Discussion and questions followed. Mr. Dietrich talked over the plan for larger schools and stated that the Department would approve any one of these plans adopted as the plan of the County Board of Education.

Members of the Peoria board of Education objected to the plan of eliminating their board of education. They voiced the opinion that their grade center would soon be lost. They however would guarantee they said to send their high school pupils to the new district if formed.

The State Director informed the board that it was necessary to formulate a plan before April 1 and send it to the Department for approval.

Moved by Prickett and seconded by Sidle that we adjourn. Carried.

RECORD OF PROCEEDINGS

Minutes of Special *Meeting*

8-37-4 THE COL. B. B. MFG. CO.

Held April 27, *19* 38

The County Board of Education met in special session with all members present. Roll Call: Mr. Wiley, here; Mr. Curry, here; Mr. Sidle, here; Mr. Prickett, here; Mr. Spain, here. The purpose of the meeting was to hold a public hearing on a plan of organization for the Union County Public School system as provided in Sec. 7600-3 and to transact such other business as may come before it.

The following boards of education and other interested parties appeared before the County Board at this hearing: Taylor Rural, Jackson Rural, Dover Rural, Allen Rural, Chuckery Rural, Darby Rural, Union Rural, and Pike Township Rural, Madison County.

At each hearing the plan as outlined in the meeting of April 1, 1938 was discussed with the respective board and other interested parties. Allen Rural, Dover Rural, Jackson Rural, and Taylor Rural through action of the State Department of Education had their certificate of grade of the high school revoked and thus under Sec. 7595-1C would not participate in the State Public School Fund for high school purposes and in as much as the County Board of Education is powerless in the matter of causing a local board to comply with the requirements of the state, the matter of what disposition could be made of the high school pupils of these districts was discussed. A large delegation from the Allen Rural district was present and protested the proposed loss of their high school.

The hearing upon the disposition of the Chuckery Special school district was discussed at length with a large delegation from that district present. The discussion centered around a petition to transfer a portion of this district to the Union Rural district and a small portion to the Pike Township Rural district of Madison County. The basis for the petitions being certain resolutions made by the Chuckery Board of Education to combine the entire district with the Darby Rural district.

After all the hearings had been concluded the question of the plan of organization was now called for consideration. The following is the plan to be submitted to the State Department of Education for its approval for the school year 1938-39.

I. Resolved that the following districts remain unchanged for the school year 1938-39: Claibourne-Richwood, Leesburg-Magnetic, York, Washington, Millcreek, Liberty, Jerome Rural, Jerome Special, Peoria Special, and Union Rural. To the County Board of Education
Union County, Ohio, June 1938.

"Under date of December 20, 1938 the Attorney General submitted to the Department of Education an opinion - No. 3434 - with regard to the future application of the sections of the Foundation Program Law which pertain to district reorganization - namely sections 7600-1 to 7600-8 of the General Code.

Briefly summarizing the opinion, the Attorney General holds that in each county the plan of district organization adopted in 1938 by the county board of education and approved by the Director of Education continues in force after January 1, 1939; that after January 1, 1939 a county board of education may modify or change its last plan of organization by following the procedure set forth in Sections 7600-1, 7600-2, 7600-3, 7600-4, 7600-5, and 7600-7;

and that if any proposed change in district lines is not in accordance with the existing plan of district organization, then such plan must be modified before the change in boundary lines may legally be made."

The remainder of the above is on file in the county office.

The program of reorganization was briefly discussed by the board, and it was the opinion of the board members that we should await the action of the present session of the legislature and further proceedings of the State Department of Education before proceeding to modify the 1938 district organization plan.

The clerk presented a copy of an office card which it is contemplated that we use in making up an office file for each pupil in the county system. Each member agreed it would be a very satisfactory procedure and instructed the clerk to proceed as he saw fit in establishing this record system.

The reading committee, consisting of C. H. Heimlich, Chairman, Sewell Cameron, Mary Orahood, Bertha Pullins, Ruth Weller, Erna Scheiderer, and Mary Glick, which was selected last fall, had reported to the clerk that after examining <u>all</u> readers submitted by the textbook companies, in order to be able to competently recommend readers for adoption for grades 1-6, and after having used these books in their own classrooms, their unanimous decision was as follows:

Grades 1-3	Grades 4-6
Row Peterson's "Alice and Jerry" series	Lyons and Carnahan's
Pre-Primer--"Rides and Slides"	"Guidance in Reading" series
Primer--"Day In and Day Out"	Fourth--"Then and Now"
First--"Round About"	Fifth--"Widening Trails"
Second--"Friendly Village"	Sixth--"Roads of Progress"
Third--"If I Were Going"	

After discussing the advantages of adopting these books as basic readers for all of the county schools, it was moved by Mr. Prickett, seconded by Mr. Sweeney, that Row Peterson's "Alice and Jerry" series be adopted in grades 1-3 and that Lyons and Carnahan's "Guidance In Reading" series be adopted in grades 4-6 and, that as near as possible, all boards of education of the county schools should put these adoptions into effect this fall. The clerk reported that the following amounts were paid to her for the last 2 years:

1937-38--Salary $455.00 Mileage $284.94
1938-39--Salary $485.00 (Est.) Mileage $274.00 (Est.)

The matter was discussed and it was decided to postpone action until it could be determined if the board could legally hire at a straight salary which would include mileage. The clerk was instructed to write to Mr. Garrison for information.

The clerk reported that all schools will remain the same so far as the State Department is concerned for the school year 1939-40. Temporary charters have been given to Dover, Allen and Taylor. Grade schools at Jerome Special, Jackson, and Irwin have been approved for 3 teacher participation in the foundation fund. Peoria Special was so low in enrollment they could not qualify; this only means the state pays on a 2 teacher basis and the district must furnish more in order to hold 3 teachers. The department expects to rigidly inspect all the county high schools next fall, as well as conduct a survey of certain districts.

It was moved by Mr. Spain, seconded by Mr. Sidle, that we adjourn. Roll Call: Mr. Spain, yea; Mr. Sidle, yea; Mr. Prickett, yea; Mr. Sweeney, yea; Mr. Wiley, yea.

SPECIAL MEETING

September 8, 1939

The Union County Board of Education met in Special session on September 8, 1939, with all members present. Roll Call: Mr. Wiley, here; Mr. Sidle, here; Mr. Prickett, here; Mr. Spain, here; Mr. Sweeney, here.

Mr. Wiley, president of the county board of education, stated that the purpose of the meeting was to hear the request of several Amish parents, residing in the Chuckery-Darby school district, for their children to be excused from attending school.

Ten Amish people; Mr. Zimmerman, Mr. Strunkenburg, and Mr. Vollrath, members of the Chuckery-Darby Board of Education; Superintendent Zwayer of the Chuckery-Darby school; Mr. C. C. Crabbe, legal representative and former Attorney General; Mr. Frank Riley, Richwood hardware merchant; Dr. Conrad of Magnetic Springs, Dr. Holmes of Plain City and Prosecuting Attorney, Wm. J. Porter, were present.

Mr. Crabbe, legal consul for the Amish people, stated his clients were not asking to be permanently dismissed from the school, but only to be excused at certain busy times of the year; however, it had been the previous contention of these people when they had talked with various members of the county board of education that they were asking for a permanent dismissal at the age of 16 years.

Superintendent Zwayer spoke from the school's side of the situation, and explained various factors involved. He stated that he had excused boys from these families for such farm work upon their request.

Dr. J. F. Conrad from Magnetic Springs, stated that he was in accord with the Amish, in that if they wanted their children out after they had reached the age of 16 years and were through the eighth grade, that they be allowed to stay out until the busy season was over.

Mr. Frank Riley, Richwood hardware merchant and member of the Claibourne-Richwood board of education, stated that he had had many business dealings with the Amish and that everyone had always paid what they owed him. It was his contention that they were educated sufficiently to carry on the business of the farm.

Dr. Holmes from Plain City, stated that the Amish were very devoted to their homes and their religion.

Prosecuting Attorney, Wm. J. Porter, stated that there was no place in the law whereby these pupils could be permanently excused. He contended that the attorney general's opinion regarding work on a farm, which had been cited by Mr. Crabbe, was just one man's opinion with which he greatly disagreed. He stated that, of course, there could be no discrimination between the Amish and any other group of people. Upon being asked, he stated that he would consider 30 days to be an unreasonable length of time to excuse any child for work.

Mr. Crabbe pointed out that the county board of education had the legal right to establish rules and regulations concerning pupils being excused for home work. Mr. Crabbe also stated that he would advise these Amish people to send their children to school immediately following the end of their excused period.

Mr. Wiley suggested that the board discuss this matter and arrive at some conclusion.

After a thorough discussion, it was moved by Mr. Sidle, seconded by Mr. Prickett, that any farm boy or girl at least 16 years of age working at home, upon written request of the parent to the local superintendent of schools, be excused not to exceed 30 days during the school year of 1939-40 for the purpose of doing seasonable work on the parent's farm when deemed necessary. Roll Call: Mr. Sidle, yea; Mr. Prickett, yea; Mr. Spain, yea; Mr. Sweeney, yea; Mr. Wiley, yea.

Gale W. Baldwin
Marysville, Ohio

Dear Gale:

Was over to see you this morning, but you had gone to Richwood.

In regard to new member of the Board. I have talked with Clarence E. Dutton and believe he would take it if the Board would meet at night. Have also contacted R. Glen Reed, local funeral director, and he would accept. Charles E. Moran would accept the position. I think Union Township should have a representative on the Board, for one reason it is the second largest district under the Board's control.

Please give the matter due consideration.

Sincerely yours,

(Signed) John H. DeVoss

It was moved by Mr. Spain, seconded by Mr. Sweeney, that the regular meetings of the County Board of Education for the year 1940, be held as here-to-for, on the third Wednesday of the odd months at 9.30 A. M. Roll Call: Mr. Spain, yea; Mr. Sweeney, yea; Mr. Wiley, yea.

The clerk reported on a poll taken in the various schools concerning the testbooks where a change was most needed. It was suggested that a three year program might be arranged, whereby a heavy load would not be inflicted on the schools any year. The following program was suggested: 1940--History; 1941--Hygiene and English; 1942--Arithmetic and Geography.

The clerk reported there was some dissatisfaction among the high school tuition pupils attending Jerome Township Rural from Jerome Special Rural. It is rumored that the Dublin Board of Education has been endeavoring to secure these pupils in order to raise their A.D.A. The loss of these pupils would seriously endanger the Jerome Township Rural High School. As future plans for Jerome Township Rural, Millcreek Rural and Jerome Special Rural are closely allied, it was suggested that the clerk try and obtain the sentiments of as many people in these districts as possible.

It was moved by Mr. Spain, seconded by Mr. Sweeney, that we adjourn. Roll Call: Mr. Spain, yea; Mr. Sweeney, yea; Mr. Wiley, yea.

June 6, 1940

The Union County Board of Education met in special session with Mr. Wiley presiding. Roll Call: Mr. Wiley, here; Mr. Sidle, here; Mr. Spain, here; Mr. Sweeney, here; Mr. Moran, here.

Mr. Wiley stated that the purpose of the meeting was to hold a public hearing on a petition presented by electors in the Shawnee Hills section of the Jerome Special School District for transfer to the Powell, Liberty Township School District, Delaware County, Ohio; and to transact such other business as may come before the Board at this time.

The clerk was requested to read the petition and various parties present were asked to discuss the petition. Those speaking on the petition were: Superintendent Gibson of the Powell School District, Mrs. Harold Bowshier, R. B. Bidwell, Mrs. Ethel L. Glick, E. D. McGurer.

Several members of the Jerome Special School District were present for this hearing.

It was stated to those present that the Jerome Special School District being a centralized district, it was not mandatory upon the County Board to make the transfer as requested; however, every opportunity to present their reasons for such a request was given the petitioners.

It was pointed out to the petitioners that the petition did not meet all legal requirements, including coinciding of the description on said petition with that of the map of the territory as presented. Other legal points were sighted in a letter from the Prosecuting Attorney, William J. Porter.

After all the discussion was closed, it was moved by Mr. Spain, seconded by Mr. Sidle, that the petition be rejected. Roll Call: Mr. Spain, yea; Mr. Sidle, yea; Mr. Sweeney, yea; Mr. Moran, yea; Mr. Wiley, yea.

Held December 17, 1941

The Union County Board of Education met in Special Session with Mr. Wiley presiding. Roll Call: Mr. Wiley, here; Mr. Sidle, here; Mr. Spain, here; Mr. Sweeney, here; Mr. Moran, here.

The meeting was called for the purpose of hearing a petition presented by Mr. L. H. Collins of Broadway, to transfer 75 20/acres of land from the Liberty Rural School District to the Taylor Rural School District, and to transact such other business as may come before the board.

The petition of Mr. Collins was read in which he requested transfer of this land for the following reasons:

1. The said farm being located in the northeast corner of Liberty Township.

2. The school bus from Liberty Township would be required to make an extra drive of about two and one half miles each day just for one family, the regular trips of the Taylor Township bus goes each day directly past the said farm and could pick up the scholars without any extra drive.

Mr. Collins being present, stated that the school bus of the Taylor Rural School District made regular trips past this farm and that the statements made in the two reasons listed above were correct.

It was moved by Mr. Spain, seconded by Mr. Sweeney, that the farm of Mr. L. H. Collins consisting of 75 20/acres of land, now located in the Liberty Rural School District be transferred to the Taylor Rural School District because the regular bus from the Taylor Rural District passed this farm and because it would require an extended drive of the Liberty Rural bus partly over the highway now traveled by the said Taylor Rural school bus. County Board of Education,
Marysville, Ohio.

Honorable Members,

We the undersigned being the sole owners of a nineteen acre farm in York township do hereby file a partition to the county board of education to have our land transferred to Taylor Township for school purposes.

Broadway has always been our social and trading center and we feel that this change would add greatly to the advantages of our three children.

Then too the Taylor bus has to drive only one half mile off his regular route while the York driver has to drive three times this distance.

The enclosed rough drawing will give you an idea of the location of the farm.

We shall be very grateful for youre consideration regarding this matter.

Very sincerely

Mr. and Mrs. Reuben Wilcox"

The Union County Board of Education
Marysville, Ohio

Gentlemen:

We, the undersigned, representing one hundred per cent of the landowners of a block of 60 acres of land now in the Allen Rural school district, do ask that this land be transferred to the Liberty Rural school district.

This land lies contiguous to the land of the Liberty Rural school district.

Children from the home on this land have gone to the Liberty Rural school for many years.

This land lies on the regular and shortest Liberty Rural school bus route in that territory. The Allen Rural school bus does not travel the road past this home. To reach this home, the Allen Rural school bus would have to travel eight extra miles per school day.

Respectfully yours,

(Signed) Laura Husted Mullaney

It was the opinion of the board that all transfers would have to conform to the new law which provides for a county plan to be presented every two years. Therefore, this petition would be considered when that plan was up for adoption.

Mr. Sidle who has been a member of the county board of education for twenty years was extended greetings and best wishes as he finishes his term of service as a member of the county board. RECORD OF PROCEEDINGS

Minutes of *Meeting*

Held ..... *19* .....

The report given by the County Superintendent on the teacher situation showed thirty-one vacancies to date and that in most cases a substantial increase in salaries was not enough to hold teachers and attract other teachers and that reliable reports show living costs have increased twenty-five percent over the year 1939 and that increases of that amount seem entirely justifiable.

Reports completed and forwarded to the State Department of Education are the Annual Statistical, Transportation, Schools to be Approved, and the Attendance Officer's. Work on the Annual Financial Report has already begun.

After further discussion of the school difficulties for the coming year, it was decided to hold a special meeting the very last of August in order to take care of any pressing matters that might come before the board at that time.

It was moved by Mr. Wood, seconded by Mr. Smith, that the meeting adjourn. Roll Call: Mr. Wood, Yea: Mr. Smith, Yea: Mr. Moran, Yea: Mr. Wiley, Yea:

The Superintendent reported the time for the Annual Meeting of Boards of Education is Friday, February 23, at 1:30 P.M.

Report on the Emergency

Schools have missed from four to ten or eleven days due to road conditions. These days may be declared emergency days and not made up. The decision in this case rests with the local boards.

The following suggested recommendations were presented and the County Superintendent was instructed to mail such to the various boards and local superintendents.

1. Days missed because of drifts and ice be declared emergencies by the local Board of Education on the promise that certain provisions be followed.

2. Each teacher survey her courses and determine with the assistance of the local superintendent what accelerations and added emphasis to give the most important parts of each subject field.

3. That the pupils and parents be urged to give their full cooperation in assuming added assignments for the remainder of the year.

4. The critical farm labor problem justifies every effort to avoid extending the school term into the summer later than the usual closing time.

5. The pupil is always the loser, therefore under the war circumstances it is his obligation to help himself by more careful application.

6. School attendance must be regular every day. Parents can help eliminate the loss to their child caused by irregular attendance.

School Legislation

Legislation proposed on schools includes increase of State funds to total more than the regular and special session appropriated. Also a revision in the teacher retirement laws to provide for larger retirement allowances.

The county unit of transportation proposal was not presented to the legislature.

The County Superintendent reported that school levies in Claibourne-Richwood, Leesburg-Magnetic, and Dover carried by good margins. The bond issue in Union carried by 75 percent. The Chuckery-Darby bond issue lost due to a number of factors, principal among which was the fact no good organized effort was made in its behalf. Levies and bond issues do not carry unless a genuine effort is made for them.

It was moved by Mr. Smith, seconded by Mr. Moran that the meeting be adjourned. Roll Call: Mr. Smith, Yea; Mr. Moran, Yea; Mr. Wood, Yea; Mr. Sweeney, Yea.

The Board discussed the action of Dover Local and Allen Local Boards. It was believed from the reports received that both boards would send their high school pupils to other high schools and expected to maintain an eight year elementary school. There were reports of rumors that petitions were in circulation in the Allen district but just what these petitions requested or if they were to eventually be presented to the County Board was not known at this time. Some reports that surrounding districts might be attempting to persuade pupils in these two districts to attend such schools in surrounding districts was reported, however there was no substantiating evidence to this effect.

A report was given by the County Superintendent as to the amount of surplus commodities which has already been distributed to the schools this year. A report was also given on the probable teacher shortage with which boards would be confronted.

It was moved by Mr. Smith and seconded by Mr. Wood that the Annual County Teachers' Meeting be held in Richwood, Friday, March 19, 1948, and that all schools in the County be dismissed for that day. Roll Call: Mr. Smith, Yea; Mr. Wood; Yea; Mr. Moran, Yea; Mr. Sweeney, Yea.

SPECIAL MEETING
March 28, 1950.

The Union County Board of Education met in special session with Mr. Wood presiding. Roll Call: Mr. Wood, present; Mr. Smith, present; Mr. Sweeney, present; Mr. Gorton, present; Mr. Gray, present.

The purpose of this meeting was to hold a hearing on the petition of residents of Shawnee Hills, Delaware County, Ohio requesting transfer of the Village from the Jerome Special Local School District, Union County, Ohio to the Franklin County School District.

Mr. Lester J. Stern, attorney of Columbus represented the petitioners to transfer territory known as Shawnee Hills Village, Delaware County from Jerome Special School District, Union County, Ohio to the Board of Education of Franklin County, Ohio, Dublin School District.

Mr. Stern called on each of about fifteen petitioners present to state their reasons for this request. Statements made were:

Lester Hawkins - Circulated petition, one child - no toilets at Jerome Special.
Beatrice - Two children attending Dublin - formerly sent child to Jerome Special - no washroom.
Dorothy Starbuck - 1 boy going to Dublin - teacher going to put child back at Jerome so sent to Dublin.

Thelma -Three children - two go to Jerome. Don't like outside toilets. Drinking water not fit to drink. Milk bad.
Emma - No children going to school. Hallways fire hazard.
George Strain Jr. - No Children. Outside toilets.
Paul Aldrich - One boy in school at Dublin - outside toilets, teacher for each grade at Dublin.
Chas. Rea - One child going to Dublin, lack of sanitary conditions, lack of extra curricular activities.
Chas. Mathias - Two children going to Dublin. Had gone to Jerome - spent more money for clothes while going to Jerome.
George Strain, Mayor of Village - No children going to school. Building at Jerome not proper type. Antiquated.
Austin Chamberlain - One girl goes to Dublin. Not adequate fire protection.
Mrs. Chamberlain - Two grades to a room not adequate.
Mrs. Huff - One girl in first grade in Jerome. Physical Education not adequate at Jerome.

After each had spoken, Mr. Luther Liggett, Prosecuting Attorney of Union County was asked as to his opinion on the legality of the petition. He read from an opinion of the Attorney General that the territory transferred must be contiguous to the territory to which it would be annexed and in his opinion this was not true for the Village of Shawnee Hills, Delaware County, Ohio as petitioned.

The petitioners and Mr. Stern then left the meeting. After discussion it was moved by Mr. Sweeney and seconded by Mr. Gray that the following resolution be adopted:

General Code of Ohio
Under Section 4831 -13 the Union County Board of Education objects to the petition to transfer the Village of Shawnee Hills, Delaware County, Ohio from the Jerome Special Local School District, Union County, Ohio to the Board of Education of Franklin County, Ohio, Dublin School District.

1. The petition does not meet the legal requirements of contiguous territory to the Franklin County School District.
2. The approval of this petition would seriously interfere with the study and plans now under consideration for the Local Districts of Jerome Special Local, Jerome Local, Millcreek Local all of Union County and Scioto Local and Concord Local of Delaware County. Roll Call: Mr. Sweeney, Yea; Mr. Gray, Yea; Mr. Smith, Yea; Mr. Gorton, Yea; Mr. Wood, Yea.

Supt. Fisher of the Claibourne-Richwood Schools explained the reason for the petition was to clear up the attendance of children living on the west side of the road, said road being the dividing line between districts.

Some of the petitioners spoke briefly on the request. Mr. McMahon, President of the York board spoke on behalf of his board and said the loss of territory was a financial problem for his district. After other discussion, Mr. Gray asked if the boards could not mediate the matter since a Webb family from Claibourne-Richwood attended the York School. It was generally agreed that both boards release the pupils of each area for a two year period.

F. L. and Zonna Inskeep were present and their petition to transfer their farm from the Jackson Local to the Claibourne-Richwood Local school district was read. The reasons for the request were discussed and it was moved by Mr. Sweeney and seconded by Mr. Gray.

He stated his report on the proposed district was ready for typing but that he discouraged going over county lines and he preferred to see Marysville return to the county system and a new district created to include all of this territory. He urges Exempted Villages be abolished. He claimed his visit with the Marysville Exempted Village board gave him the impression this board would petition to rejoin the county. He was asked if there were any guarantees it would stay in the county system, he answered this would all have to depend upon faith in their word. He told of various reorganizations due solely to his work and exhibited two maps of of other counties. It was tentatively planned to hold a special county board meeting to discuss further these suggestions.

The County Superintendent reported upon the hearings scheduled for Monday, January 22 for the boards of Taylor, Jerome and Millcreek with the State High School Charter Board.

Some discussion followed on reorganization problems in Jerome Special as well as the four districts north which have been considering a new district.

Mr. Norris, President of the Jerome Special Board, had requested a meeting of his board with the County Board and the following members were present: Mr. Schott, Mr. Allonier, Mr. Thompson, Mr. Norris and Mr. Cosgray, clerk. They presented the matter of having the Jerome Special District transferred to the Franklin County District and then attached to the Washington District of Franklin County. They discussed their meeting with the Assistant Director and what they had been informed were the problems involved. Some time was spent in discussing the entire situation. They believe the Shawnee Hills part would be lost next year if all the district was not put in the above district. SPECIAL MEETING
February 13, 1952.

The Union County Board of Education met in special session with Mr. Gray presiding. Roll Call: Mr. Gray, present; Mr. Smith, present; Mr. Gorton, present; Mr. Coons, present; Mr. Swartz, present.

The decision of the Court of Appeals is recorded as follows:
"Upon the issues joined, finding in favor of plaintiffs and against the defendants and adjudge that order of injunction issue as prayed for in the petition.

Further adjudged that defendants pay the costs both in the Court and the Common Pleas Court.

The signers of the so-called affidavits had the legal right to withdraw their signatures from the remonstrance but the so-called affidavits did not purport to and did not have the effect of doing this. The affidavits simply charge misrepresentations in the securing of signatures to the remonstrance but did not ask that the signatures be considered as withdrawn from the remonstrance for that reason or any other reason.

To be effective a withdrawal from a remonstrance must be clear and unequivocal."

The following letter from the Prosecuting Attorney Liggett was received:

February 11th, 1952.

Mr. Gale Baldwin
County Board of Education
Court House
Marysville, Ohio.

Dear Sir:

Due to the decision of the Court of Appeals concerning the Northwestern School District which was handed down February 7th, 1952, it appears that your Board's action in the consolidation was not effective. This means that the Boards' of Education which were consolidated are still in effect and should operate their respective school districts.

I suggest you inform the members of the Boards' of Education of Liberty Local School District, the Peoria Special District and the York Local School District that they must operate their schools and should immediately meet and make arrangements for schools for the children in the districts.

If I can be of any help in this matter, please call on me.

Very truly yours,

Luther L. Liggett
Prosecuting Attorney

June 9, 1953.

Union County Bd. of Education,
Union County, Ohio.

Gentlemen:

Referring to petition signed by Delmar Smith and others, asking that certain farms in Leesburg Twp. be transferred from the Leesburg-Magnetic school district to the Marysville Exempted Village School System, the Leesburg Magnetic School Board has passed a resolution asking the County Board, <u>not</u>, to grant said petition.

The Leesburg-Magnetic School Board feels that they are providing adequate Educational opportunities for the students involved in the petition, and that losing the above mentioned territory and attendance would seriously

handicap the Leesburg Magnetic School System.

It is also known by the Leesburg Magnetic Board that part of the signers of the said petition are indifferent toward attending the Marysville School and would be satisfied to remain in the Leesburg Magnetic District.

STRAYER PETITION

A petition was received on April 1 from Mr. Strayer asking for the transfer of certain territory from the Jerome-Millcreek district as follows:

RECORD OF PROCEEDINGS

Minutes of *Meeting*

8-37-4 THE COL. B. B. MFG. CO.

Held 19

PETITION

To the Union County Board of Education, Marysville, O.

"Now comes the undersigned persons who respectfully represent to the Union County Board of Education that they are electors in the area marked in ink on the map and attached to this petition and made a part hereof, and petition said Union County Board of Education that a tract shown on the aforementioned map now comprising a part of the Jerome-Millcreek School District, be transferred to the adjoining county school district known as the Jonathan Alder School District.

Your petitioners further represent that the area requested to be transferred is contiguous to territory now in the Jonathan Alder School District and that it would be to the best interests of the children residing in this area to have the territory transferred as requested."

Signed by Keith H. Strayer and twenty-three others.

Since the petition specifies the transfer of territory to the Jonathan Alder School District and not to the Madison County District, and since the law provides only for a transfer of territory from a local district to an adjoining County District (Sec. 3311.231 R. C.), this is not a valid petition and therefore may be disregarded by this Board. The County Prosecutor agrees that this is not a valid petition for the same reason. The wording of the present petition is almost identical with that in one presented in 1956 asking for the transfer of the Jerome-Millcreek district to Jonathan Alder. That petition was rejected then upon the advice of the County Prosecutor.
Moved by Mr. Allen, seconded by Mr. Burroughs, that the petition of Keith H. Strayer and twenty-three others asking the transfer of a part of the Jerome-Millcreek Local School District to "the adjoining county school district known as the Jonathan Alder School District" be rejected, since it does not request the transfer of the territory to any correctly specified county district, as provided in Sec. 3311.231 of the Revised Code of Ohio.

The vote was: Mr. Allen, Yea; Mr. Burroughs, Yea; Mr. Gorton, Yea; Mr. Gray, Yea; Mr. Coons, Yea.

CONSOLIDATION

Moved by Mr. Gorton seconded by Mr. Allen, that the Union County Board of Education approves the adoption of the following resolution, and that the Clerk be instructed to proceed with the action necessary to put the proposal on the ballot at the general election in November 1958:

"Be it resolved that, in accordance with the provisions of R. C. 3311.26 a new local school district be and the same is hereby created to be known hereinafter as the Darby Valley Local School District.

Such local district is created out of the present local districts known as Chuckery-Darby Local, Jerome-Millcreek Local and Union Local, in their entirety, as delineated on the attached map.

Be it further resolved that the Clerk of this Board shall transmit a copy of this resolution to each Local board whose boundaries are affected and to the State Board of Education.

By action of the Union County Board of Education on April 22, 1958.

The vote was: Mr. Allen, Yea; Mr. Burroughs, Yea; Mr. Gorton, Yea; Mr. Gray, Yea; Mr. Coons, Yea.

Adjourned

EMPLOYMENT OF MRS. OPAL DALEY will have to reconsidered. After having considered the matter of going on the County Board payroll as a special instructor, Mrs. Opal Daley objected to the idea, since her contract with the County Board would be for but one year, whereas her contract with the Jerome-Millcreek Board was for a five-year term. Her point is well taken and it appears that she should continue in the employ of the Jerome-Millcreek Board. Therefore, the action of this Board, taken at the last meeting, employing her should be rescinded. Moved by Mr. Allen, seconded by Mr. Gray, that the action taken at the July meeting employing Mrs. Opal Daley as a special instructor, be rescinded. The vote was Mr. Allen, Yea; Mr. Burroughs, Yea; Mr. Gorton, Yea; Mr. Gray, Yea; Mr. Coons, absent.

MRS. RUTH STEIGER may be employed by this Board as a special art instructor and assigned to the Jerome-Millcreek school under the same plan that Mrs. Daley was to have been employed. The amount saved the Jerome-Millcreek Board is not as great as it would have been with Mrs. Daley, but it is substantial. Mr. Steiger has agreed to the proposition, since her contract with Jerome-Millcreek was for but one year anyway. Moved by Mr. Gorton, seconded by Mr. Gray, that Mrs. Ruth Steiger be employed by this Board as a special art instructor, for a period of nine (9) months, beginning on September 1, 1958, at a salary of $50.60 per month, plus a travel allowance of $16.40 per month, conditioned upon the approval of a supplementary budget request by the State Board. Vote was Mr. Allen, Yea; Mr. Burroughs, Yea; Mr. Gorton, Yea; Mr. Gray, Yea; Mr. Coons, Absent.

PERMISSION TO ATTEND the annual meeting of the National County and Rural Area Superintendents at Minneapolis on October 12-15, with expenses paid from the Service Fund. Estimated cost is about $288. It was moved by Mr. Gorton seconded by Mr. Allen, that the Superintendent and Supervisor be authorized to attend the annual meeting of the National County and Rural Area Superintendents at Minneapolis on October 12-15, 1958, with expenses to be paid from the Service Fund. CONSOLIDATION

in the north end of the county is very much in the air. On January 6 a meeting of the four boards in the north end was held in the County office. The sentiment of this meeting seemed that a four district consolidation is the most desirable thing, with a consolidation of Leesburg-Magnetic,Northwestern and Washington-York as the next best.

A second joint meeting is to be held on February 10 and in the meantime each Board will attempt to determine the attitude of their people on the matter.

3A Resolution WHEREAS, it is a fact that there is a very definite move toward consolidation of four local districts in northern Union County, and whereas, any action which would tend to force the Leesburg-Magnetic district into an immediate consolidation with another district, either within or outside Union County, might jeopardize this proposed four district consolidation, therefore Be it resolved, that this Board respectfully petition the State Board of Education to defer the revocation of the charter of the Leesburg-Magnetic Local District for one year.

SUPERINTENDENT
reported on the Atlantic City convention of the AASA.

DARBY VALLEY
consolidation was discussed. A joint meeting of the Chuckery-Darby, Jerome-Millcreek and Union Boards, with the County Board, is being planned in the near future. March 8 was tentatively set as the date of the meeting.

A MEETING
of the local boards, county board and candidates for State Representative of Madison, Union and Champaign Counties is being planned to be held in the Jonathan Alder High School on March 23 at 7:30 P.M. CREATION OF A NEW DISTRCT
in the north end of the county was discussed with the members of the Leesburg-Magnetic, Northwestern and Washington York boards who were visitors at the meeting. It was determined that there is a strong sentiment in favor of a three district consolidation in that area, if, as it is now shown, Richwood is not interest in becoming a part of a possible four way consolidation.
Moved by Mr. Gray, seconded by Mr. Allen, that the following resolution be adopted by this Board.
"Be it resolved that the local school districts known as Leesburg-Magnetic, Northwestern and Washington-York be, and the same are hereby dissolved under the provisions of Sec. 3311.26 R.C. of Ohio. Further, be it resolved that, in accordance with the provisions of the same section of law a new local district be, and the same is hereby created to be known hereafter temporarily as the North Union Local District, Union County, Ohio. This district to consist of the former districts known as Leesburg-Magnetic, Northwestern and Washington-York in their entirety.

CONSOLIDATION in the north end of the county is in a hazy condition. It is hard to tell what the sentiment is in that territory. I talked to the Broadway School Club last week and the rather small crowd there seemed to be in favor. The failure of the Logan County proposal will probably bring about a number of counter proposals if the North Union is defeated. It may even have quite a bearing on the outcome of the vote on June 28.

Moved by Mr.Allen, seconded by Mr.Gray, that this Board recommend, and urge the adoption by the local Boards of Education,a regulation that first grade pupils must be six years of age by September 15 of the year in which they enter school; this regulation to become effective not later than the beginning of the 1962-63 school year.

CONSOLIDATION in the north end of the county was then discussed at considerable length with the following persons from the Northwestern district:Mr.Huey, Mr.Ridge,Mr.Thornton,Mr.Schmidt,Mr.Greene and Mr.Mosher.

It was their contention that the County Board should take some definite action looking to a consolidation of the four districts in the north end of the county. They urged the County Board to see that the proposal be placed on the ballot in the November 1961 ballot.

The County Board was of the opinion that a publicity campaign precede any action of this sort, and that the move toward it should originate with the people of the districts involved. There was general agreement on this idea.

The conclusion reached was that the County Office prepare factual material on the proposed consolidation and take steps to see that it be put before the people. It was also agreed that the Northwestern and Washington-York Boards arrange a meeting of the two to talk over the matter of consolidation of the four districts, and that an opinion poll be conducted in the four districts to determine the feeling of the people toward a four-district consolidation. Following this determination of opinion the County Board would then take what action seemed to be indicated.

DISCUSSION ON CONSOLIDATION

followed.

A meeting of the officers and directors of the Richwood Chamber of Commerce and the members of the County Board was reported. General idea of the Richwood group is that they oppose consolidation into a four way district, with control of the new district in the hands of a new board. However, they do favor annexation of the territory to the Richwood district, with control remaining in the hands of the Richwood board.

The feeling of the County Board is still in the direction of a new four-district consolidation in the north end of the county. While no action was taken to effect such a move, it seemed to be the consensus of opinion among the Board members that such action should be taken in the May meeting of this Board.

ADJOURNMENT

Moved by Mr.Burroughs, seconded by Mr.Gray, that this meeting be adjourned.
Roll call:Mr.Allen yea,Mr.Burroughs yea,Mr.Coons yea,Mr.Gray yea,Mr.Gorton yea.

The Board,therefore, directed the Superintendent to convey this opinion to the four local boards either by letter or conference. An effort is also to be made to publicise the report of the Survey Team as much as possible, and to urge the local districts to take the initiative in proposing a reorganization.

RECORD OF PROCEEDINGS

Minutes of SPECIAL *Meeting*

8-37-4 THE COL. B. B. MFG. CO.

Held October 11, *19* 62.

SPECIAL MEETING

of the Union County Board of Education was held on the above date, with the Co.Sup't. H.R.Fisher acting as ~~########~~ moderator of the meeting, after being presented by Mr.Perry Allen,V.Pres. of the County Board.

PRESENT

at the meeting were the members of the Union County Board of Education, the Marysville Board of Education and the Northwestern Board of Education.

THE REASON

for the meeting was to discuss the report of the Survey Team which recommended annexation of the Northwestern district to the Marysville district.

Using the attached list of questions as the basis for discussion, the entire matter of annexation was freely discussed. The County Board expressed themselves as being interested only in a school district orgahization which whuld give the best educational opportunity ~~for~~ the greatest number of pupils, regardless of whether it would be in a county system or a village system.

They also touched on the possibility of developing an area vocational school and a better adult education program, if the merger is accomplished.

The Marysville Board indicated that they are in favor of the annexation and would accept the N~o~rthwestern district if a move is made to annex it.

The Northwestern Board, as a Board, is in favor of the annexation and it is their belief that a majority of their people are in favor of it also. However, they that there are a great many people in the district who think they want to vote on the proposition, even tho they do favor the proposal. Because of this line of thot, they were unwilling to say definitely that the County Board should initiate annexation procedures.

AGREEMENT ON ACTION

To get some positive action, they agreed that it would be a good plan to get signatures on a petition to the Northwestern Board requesting the County Board to start annexation proceedings. With this petition in hand, the Northwestern Board would then be in position to ask the County Board to make the annexation.

ADJOURNED

With this line of action agreed upon, the meeting adjourned.

It was reported that the matter had been explained to the Raymond and Broadway School Clubs, and that apparently it is the feeling of the people of the district that annexation should occur.

An opinion poll was taken in the Northwestern district,which resulted in about 615 names being signed to the poll which requested the Northwestern Board to request the County Board to take annexation action.

A letter from the Northwestern Board of Education, reading as follows, was presented to the County Board on this date:

LEESBURG-MAGNETIC new building dedication is to be held on Sunday,March 3. It was announced that all Board members are invited to attend.

CONSOLIDATION in the north end of the county was then up for discussion. A delegation of sixteen people from the Washington-York district were present at the meeting.

Joe Wedding,President of the Washington-York Board, spoke concerning a petition to the Washington-York Board which requested that Board to request the County Board to annex the district to the Marysville district. The petition was signed by 340 persons. No formal request was received from the Washington-York Board requesting any action by the County Board.

After the propositio n of annexation of the Washington-York district to Marysville, and the proposal to consolidate the three local districts in the north end of the county had been spoken to by various persons in the delegation, the principal speakers being Mr.Foreman,Mr.Michaels,Mr.Foos and Mr.Harter, it became apparent that there was no unanimity of opinion about what should be done.

After considerable consideration by the Board, it was decided that the next move should be to urge the three local boards in the north end of the county to get together for a discussion of the school consolidation or annexation problem in that area and return later to the County Board with a concrete proposal, upon which the majority of the people in that area could agree.

RICHWOOD REQUEST

Union County Board of Education
Marysville, Ohio

Gentlemen:

The Richwood Board of Education has studied the School Reorganization Problem for many months. During that time the members of the Board and the Richwood Public has considered many factors relating to the school problems of Union County and Ohio in general.

At the regular meeting of the Richwood Board on February 18th, as at most of the meetings during the past two years, the school district reorganization problem was discussed at length. The culmination of this discussion resulted in the following resolution:

> The Richwood Board of Education requests the Union County Board of Education to further implement the recommendations of the O.S.U. School Survey by forming a consolidation of the Leesberg-Magnetic, Washington-York and Richwood Districts, at the earliest possible time.

This motion was made by Wasserbeck, the second was by Hoffman and the motion received the unanimous approval of the entire Richwood Board.

It is hoped that this resolution will make clear the position of the Richwood Board and will reflect some of the urgency which they feel about this matter.

Sincerely yours,

C W Holcomb, M.D.

Roll call:Mr.Allen yea,Mr.Burroughs yea,Mr.Coons yea,Mr.Gray yea,Mr.Gorton yea. Motion carried.

CONSOLIDATION DISCUSSION

then followed.

Of the sixteen persons present, representing the three ~~Boards~~ Districts in the north end of the county, fifteen of them were decidedly of the opinion that a consolidation of the three districts was what the people of their districts wanted. They were unanimous that immediate steps should be taken to create a new district, and it was their opinion that no petition for a referendum would be presented. They agreed that eventually a single county district would probably be the organization effected, and that the creation of a new district would be a step in that direction. Mr.Wedding was the only dissented from this idea of consolidation into a new district. He favors annexation of the Washington-York district to Marysville, with the probable ultimate result that the entire north end would be forced into it also.

Generally the members of the County Board believed that the people of the districts involved should be given a chance to vote on consolidation, but they are afraid that if a consolidation resolution were adopted there would not be enough demand for a referendum to force the proposal to the ballot.

After considerable discussion of the matter, in which the County Board was urged in no uncertain terms to adopt a resolution creating a new district, Mr.Gray moved to adopt a resolution to create a new district, but it died for lack of a second.

Gentlemen:

At the regular meeting of the Leesburg-Magnetic Board of Education on April 25th, the question of the School Consolidation was brought up, as it has been many times in past meetings. After a lengthy discussion, the majority of the members of our board adopted the following resolution:

> The Leesburg-Magnetic Board of Education request the Union County Board of Education to form a consolidation of the Richwood Districts, Washington-York and Leesburg-Magnetic District, at the earliest possible time.

This motion was made by Lloyd Moore, the second was by Max Robinson and the motion carried by a majority of the Board.

Gentlemen:

It is with a twinge of sadness that I write this letter bringing to an end my services on the County Board of Education. One would be devoid of feeling, who would come to a time like this without regrets at the ending of friendships, associations and duties, which it has been my lot to share with you, for the past several years.

May I say that I have enjoyed my duties with Mr. Fisher and the members of the board and feel that in our actions as a board we have acted , as far as our knowledge, with the best interests of the schools of Union County at heart.

May I assure you that the schools of the County whether they be many or few, will continue to hold an important place in my thinking.

I sincerely hope that my sucessor will enjoy his associations and duties as I have, and that you will continue as a board to work for the best interests of the Union Countyo Schools.

Respectfully,

C. W. Burroughs

They maintained that the petition requesting transfer of a part of the Washington-York district to Hardin County expressed the true feelings of a majority of the people in the district,and that to form a new consolidated district at this time would in effect be denying the people of the district their right to a fair vote on the matter of transfer.

After considerable discussion on the matter, in which it became apparent that the County Board was divided on the issue, it was

8. All Courthouse employees are getting a cost-of-living increase of about 3% more or less. The Auditor's office would like any adjustments we have in mind for the County Office Employees to go into effect as of January 1973, if possible, because middle-of-year adjustments are harder to work into the computer method of bookkeeping. For this reason I have figured the anticipated increases in the proposed budget to begin as of January 1973. The secretary's salary would increase to $5600.00 and the superintendent's salary would move to $17,000.00 now instead of going into effect August 1, 1973. This could be done by amending the October 3, 1972 motion to read "as of January 1973" and deleting "as of August 1, 1973."

9. Motion by Dr. Drake and seconded by Mr. Gorton to make salary adjustments as suggested to become effective as of January 1973. Mr. Gorton, yea; Dr. Drake, yea; Mr. Schacherbauer, yea; Mr. Weaver, yea and Mr. Coons, yea. The motion carried.

Many school boards over the country are now providing MD cards for all county school employees and board members. The MD card is one's personal Medical History on microfilm. It saves the doctor time-time that he might need to save your life because it contains one's medical warnings and health insurance information. The American College of Emergency Physicians recommends that everyone carry a medical history card at all times. The cost is $5.00 per card. It might be money well spent?(Discussion)

6. Resolution
Mr. Gorton moved the following resolution:
Whereas, the law (Sections 3313.671 and 4701.13 Ohio Revised Code) requires that school enterers and new students at their time of initial entry into school in any given year be immunized against the various named diseases, or be in the process of getting these immunizations (diptheria, tetanus, pertussis) five doses of Trivalent Oral Polio Vaccine, and immunization against measles, rubella and mumps.);
Whereas, for children attending the pre-school conferences for new children the nurse can complete the immunization record quite satisfactorily; however, children entering school either first entry who do not attend pre-school conferences or transfer students in higher grades may or may not have had proper immunization, and once these children are in school it is very difficult to get the necessary information to evaluate the immunization status to the letter of the law.
Whereas, Records confirm that parental apathy, in varying degrees, continues to be evident and the data being sufficiently alarming to warrant the recent action by the State Board of education, which, hopefully, will assist the school districts in obtaining maximum compliance;
Therefore, be it resolved that the County Board of Education, in cooperation with the law and with the Union County Health Officials, request each school district to resolve that a complete immunization record be an absolute requirement to entering school. Mr. Weaver seconded the resolution. The vote resulted as follows: Mr. Weaver, yea; Mr. Gorton, yea; Mr. Schacherbauer, yea; Mr. Coons, yea and Dr. Drake, absent. Motion carried.
