Mr. Warren Sutton  
Union County Auditor  
Court House  
Marysville, Ohio 43040

Dear Mr. Sutton:

Mr. Donald Eastman requested that his property located in a Marysville School District island within North Union School District territory, be transferred to North Union School District.

Union County Superintendent James W. Wright, North Union Local Superintendent Dr. Richard Coulter and Marysville School Superintendent LeRoy Williams met to consider Mr. Eastman's request. It was unanimously agreed to ask the county auditor to transfer Mr. Eastman's property taxes. This action would partially eliminate the island district and permit the Eastman children to attend school with their friends. The assistant prosecutor, Larry Schneider, was asked for an opinion concerning this matter. He concurred with this agreement.

Therefore, we respectfully request that Mr. Eastman's school taxes be assigned to the North Union School District.

Sincerely,

Dr. Richard L. Coulter  
North Union Local School Superintendent

#### Policy of County Board

The Board of Education of the Union County School District assigns the responsibility of placement of all handicapped children of compulsory school age residing within its boundaries to the Local Superintendent of Schools.

When the proposed placement of the handicapped child is with an agency other than the Local School District the placement decision shall be made in consultation with the administrator of the appropriate agency.

The Local School District in providing special education or related services to handicapped children or suspected handicapped children residing within its boundaries shall accord to those suspected handicapped children or the parents of those suspected handicapped children all provisions of due process and procedural safeguards in accordance with Standards for Due Process and Procedural Safeguards for Handicapped Children and Youth adopted by the State Board of Education which became effective August 28, 1976.

The Local Schools in cooperation with the appropriate County Office Service Staff shall operate a program of identification, evaluation, placement and periodic review of all handicapped children or suspected handicapped children residing within its district in accordance with the Standards for Due Process and Procedural Safeguards for Handicapped Children and Youth (EDb-215-17) adopted by the State Board of Education which became effective August 28, 1976.

The County Board and Local School District will implement procedures to protect the confidentiality of all personally identifiable data of handicapped children or suspected handicapped children at collection, storage, disclosure and destruction of safeguards for Handicapped Children and Youth adopted by the State Board of Education which became effective August 28, 1976.

Procedures for implementing the above policy will be developed by the Administrative personnel of the Union County Board of Education and the Local School Districts and be located in the office of the County Superintendent, Local Superintendent, and Principal of each school district.

#### Fairbanks Local

WHEREAS Federal and State laws require that a Board of Education provide educational and training programs for all pupils who are of compulsory school age regardless of their physical or mental capacities; and to insure that procedures for providing these programs are in accordance with Federal and State laws; with Ohio Department of Education Regulations; and with sound educational judgements; the foregoing policy is hereby established.

1. The procedure to be followed in nominating pupils for testing for exclusion under Section 3321.05 of the Ohio Revised Code is:

- a. Recommendation of the classroom teacher
- b. Request of the parents
- c. Recommendation of the building principal
- d. Recommendation of the guidance counselor
- e. Recommendations of the school psychologist

Upon the written recommendation of any of the above, except b, the building principal shall contact the pupil's parents, explain the reasons for the recommendation, and request that the parents give their approval for the necessary tests and evaluations needed to comply with 3321.05 of the revised code.

2. After written permission to proceed with the necessary testing is obtained from the parents, and before testing shall begin, the building principal or his representative will contact the Administrator of the County Mental Retardation Program conducting T.M.R. Programs to inquire if the County Board of Mental Retardation will accept the pupil into the program upon establishment of the pupil's eligibility.

3. Testing of the pupil shall be done by qualified public school psychologists. If no qualified public school psychologist is employed, a qualified psychologist outside the school shall be employed to administer the necessary evaluations. The cost of such testing and evaluation shall be paid by the Fairbanks Board of Education.

4. After a child of compulsory school age has been tested for exclusion under Section 3321.05 of the Ohio Revised Code and found to be eligible, no request to the Superintendent of Public Instruction for a determination of exclusion shall be made until the school psychologist, or other qualified psychologist, has designed an educational or training program for the child.

5. The responsibility for providing a program for educating and training a pupil, of compulsory school age who has been excluded from attendance in the public schools under Section 3321.05 of the Ohio Revised Code, rests with the local board of education.

6. No pupil of compulsory school age residing in the Fairbanks School District shall be entered into a training program outside the jurisdiction of Fairbanks Board of Education unless written contracts between the training institutions and the Fairbanks Board of Education have been properly concluded: or the training program or institution is a part of the public school cooperative programs in special education and vocational education; or the pupil is enrolled in non-public school meeting the requirement of the Ohio Department of Education.

7. A pupil, of compulsory school age who has been excluded from the public schools under Section 3321.05 of the Ohio Revised Code, may not be reentered in the public schools unless the initial order excluding him has been rescinded by the Superintendent of the Local School District. Parents of a pupil who has been excluded may request that their child be reevaluated to determine if the child is eligible for reinstatement into the public schools.

8. Pupils of compulsory school age who do not qualify for exclusion from the public schools under Section 3321.05 of the revised code, but whose mental and physical capabilities qualify him for special education services, and for whom a program of education and training is not provided within the public schools, may be entered into programs outside the public schools and tuition contracts entered into as provided under Section 3313.88 of the Ohio Revised Code. However, no placement shall be made unless the parent or guardian of the child requests in writing to the Superintendent of the Local School that their child be placed in such a training program. No placement shall be made until the pupil has been tested and otherwise evaluated to determine if the program into which the pupil will be placed will meet the educational needs of the pupil. The school psychologist shall make such evaluations.

9. If a pupil of compulsory school age for which the Fairbanks Board of Education has responsibility to provide educational and training programs is excluded by training institutions in which the pupil has been placed in accordance with this policy; is withdrawn by actions of the parents; or is otherwise withdrawn from the educational or training program; the pupil shall be entered into another program of training that best meets his needs as soon as possible.

10. In making decisions of reentry into the public schools of children whose exclusion under section 3321.05 of the Revised Code has been rescinded; or of children who have been returned to the public schools by training programs outside the school as provided by 3313.88, and this policy; the welfare of the child shall be paramount; however, the affect upon the teacher and pupils of the program into which the pupil will be reentered must be considered.

11. The administration is hereby authorized to administer this policy by making such rules and regulations and by establishing such procedures as necessary to fulfill the intend of this policy.

WHEREAS Federal and State laws require that a Board of Education provide educational and training programs for all pupils who are of compulsory school age regardless of their physical or mental capacities; and to insure that procedures for providing these programs are in accordance with Federal and State laws; with Ohio Department of Education Regulations; and with sound educational judgements; the foregoing policy is hereby established.

- 1) Referral form completed by school personnel and processed as deemed warranted
- 2) Building principal notifies parents of request for evaluation in person, by phone, or by letter, and attempts to secure written parent permission for psychological assessment. At this time, he must provide the parent with:
  - a) concise description of the pupil's problem and reason the school wants psychological evaluation done.
  - b) name of person providing evaluative info (School Psychologist)
  - c) general description of assessment tests and instruments to be used with the pupil
  - d) description of possible special education program placement assessment may indicate
  - e) statement of parents' rights
    - (1) right to refuse or give permission for the psychological assessment and/or special program placement
    - (2) right to conference regarding any aspect of assessment procedure, and right to review all relevant information in pupil's school record
    - (3) right to obtain an outside evaluation of the child
    - (4) right to be informed of evaluation results
- 3) One of three things happen next:
  - a) either permission for testing is received, and psych. schedules testing within 30 days, informing parent of proposed testing date.
  - b) or parent refuses permission to test. An in-person conference will then be necessary to make another attempt at securing permission. If this fails, and the school personnel feel that an evaluation is imperative, due process calls for an impartial hearing.
  - c) or parent does not respond to requests for evaluation. Attempts are made to reach parents through another letter or phone call. If still no response within 30 days, school may proceed with the evaluation, sending a letter of prior notice to parents.
- 4) Within 15 days after completion of evaluation, parents will receive by certified mail, or personally in a conference, a description of the proposed individual educational plan (I.E.P.), the method by which it was developed, and a statement of why the proposed placement is the least restrictive option for the child. Parent may sign approval of the I.E.P., and placement, or may object to the placement. If parents do object to the placement, a description of the review procedure must be presented to parents, as well as a declaration that the child's educational placement will not be changed until resolution of parents' objections.

- 5) Twelve months after a child's placement into a special education program, and during each calendar year thereafter (as long as the child is in special education), the school district shall conduct a review of the child's individual educational plan I.E.P.). Parents must be notified of this review 15 days prior to its undertaking, be invited to participate, and informed of the results 15 days or less after the review has been completed. The review will be completed by the special education teacher, through an individual assessment (testing) of each child enrolled in his/her class at the onset of the school year, followed by appropriate revisions of the child's educational plan. An educational plan for each child must include:
- a) a statement of the present levels of educational performance of the child;
  - b) a statement of annual goals, including short-term instructional objectives;
  - c) a statement of the specific educational services to be provided to the child, and the extent to which such child will be able to participate in regular educational programs;
  - d) the projected date for initiation and anticipated duration of such services, and evaluation procedures and schedules for determining whether instructional objectives are being achieved.
- 6) Testing of the pupil shall be done by qualified public school psychologists. If no qualified public school psychologist is employed, a qualified psychologist outside the school shall be employed to administer the necessary evaluations. The cost of such testing and evaluation shall be paid by the North Union Board of Education
- 7) No pupil of compulsory school age residing in the North Union School District shall be entered into a training program outside the jurisdiction of North Union Board of Education unless written contracts between the training institutions and the North Union Board of Education have been properly concluded; or the training program or institution is a part of the public school cooperative programs in special education and vocational education; or the pupil is enrolled in a non-public school meeting the requirement of the Ohio Department of Education.
- 8) The parents of a pupil who has been enrolled in a special class may request that their child be reevaluated to determine if the child is eligible for re-instatement into the regular program.
- 9) Pupils of compulsory school age who do not qualify for North Union special programs, but whose mental and physical capabilities qualify him for special education services, and for whom a program of education and training is not provided within the public schools, may be entered into programs outside the public schools and tuition contracts entered into as provided under Section 3313.88 of the Ohio Revised Code. No placement shall be made until the pupil has been tested and otherwise evaluated to determine if the program into which the pupil will be placed will meet the educational needs of the pupil. The school psychologist shall make such evaluations.

#### Resolution

WHEREAS, Columbus Technical Institute has been providing off-campus instruction to the residents of Union County for several years, and

WHEREAS, the Attorney General's office, through Opinion No. 87-051, indicates that there is no legal basis for Columbus Technical Institute to continue this service because the territory is not included as part of the official district of Columbus Technical Institute, and

WHEREAS, the Ohio Board of Regents' staff has indicated that state subsidies will no longer be available to financially support these classes beginning with the academic year 1979-80, and

WHEREAS, the Board of Trustees of Columbus Technical Institute has indicated that they cannot continue to offer these courses without state subsidies and has indicated through its resolution of October 18, 1978, its willingness to have the Ohio Board of Regents dissolve its district and its charter to be replaced by a larger technical college district, including the Counties of Delaware, Franklin,

Madison and Union,

NOW, THEREFORE:

BE IT RESOLVED: that the Union County Board of Education believes it is desirable to continue and expand the courses offered by Columbus Technical Institute to the residents of our area, and

BE IT FURTHER RESOLVED: that the Union County Board of Education hereby requests the Ohio Board of Regents to create a technical college district comprising the whole territory of Delaware, Franklin, Madison and Union Counties, and to grant a charter to the Columbus Technical Institute to operate in this district, and

BE IT FURTHER RESOLVED: that the Union County Board of Education will participate in the caucus for the selection of the appropriate number of trustees to govern the district as called for in Section 3357.05 of the Ohio Revised Code, and

BE IT FINALLY RESOLVED: that the clerk-treasurer of the board is hereby authorized and instructed to forward a copy of this resolution to the president of Columbus Technical Institute and to the Vice-Chancellor for Two-Year Campuses of the Ohio Board of Regents.

The Union County Board of Education met in special session on June 9, 1980 with the following members present: Mr. Coons, Mr. Payne and Mr. Weaver. The purpose of the meeting was to employ a supervisor.

The Superintendent gave each member the credentials of Mr. Neal Handler and a discussion of his qualifications followed. Mr. Payne was concerned about the training of Mr. Handler-which is all in the secondary area with the exception of his counseling. In obtaining a counselor certificate you receive training on all grade levels.

The Superintendent report to the board with approval of both local superintendents, that unlike in the past we would be employing someone to work in the area of curriculum rather than general supervision. But after we get our course of studies up to par then the position would return to general supervision. By this time the superintendent stated that Mr. Handler should have gained the experience necessary to satisfy our concerns.

Mr. Weaver moved. Seconded by Mr. Payne to employ Mr. Neal Handler for a two year period as supervisor of the Union County Schools. Salary to be \$19,809. for 12 months.

Roll Call:

Mr. Coons, yes; Mr. Payne, yes; Mr. Weaver, yes.

Mr. Gorton entered the meeting at this time and was informed as to what had transpired.

The Union County Board of Education met in special joint session May 19, 1992 with the Delaware County Board of Education. The meeting was called to discuss the possibility of consolidating the two boards. The session was held in the 911 office with all members were present.

The discussion on consolidating the two county boards began with the following questions:

1. What are the advantages and disadvantages of consolidating the two boards?
2. How would the board members be appointed and elected?
3. Would all contracts be honored?
4. When would the consolidation become effective?

The Delaware County Board Members stated that they were in favor of the consolidation but had not had sufficient time to discuss the idea. They asked the Union County Board for a sixty (60) day delay to explore the merger further. At the end of the sixty (60) day period, the two boards will meet together to make a decision.
