

Union County Senior Services

Annual Report for 2022

Executive Summary

Union County Senior Services is a county government agency housed under the umbrella of Union County Human Services. Senior Services provides services to assist Union County seniors (aged 60 years or more) to live safely and independently in their own homes. Staffing specific to the Senior Services Department consists of one Supervisor and six Service Coordinators. The Senior Services staff are supported administratively by Union County Human Services.

Union County Senior Services is primarily funded by the Union County Sales and Use Tax Levy. The Union County Sales and Use Tax Levy is on the ballot every five years. The current funding cycle is July 1, 2023, through June 30, 2028. The language of the ballot states, *"A renewal of sales and use tax in the amount of one-quarter of one percent for the purpose of generating revenues to benefit the general fund to be allocated and split 50% for the improvement, construction, reconstructions, maintenance and repair of Union County roads and bridges and 50% for direct senior services including home delivered meals, home health care, transportation, and other senior services for a period of 5 years."* The amount of the Union County Sales and Use Tax Levy that was allocated to Union County Senior Services for the Union County budget year of 2022 equaled \$1,762,241, which equals 0.125% of the Union County Sales and Use Tax Levy (one-quarter of one percent in sales and use tax for the purpose of generating revenues to benefit the general fund to be allocated and split 50% between the Engineers and Senior Services). In addition to the Levy, Union County Senior Services also receives grants for specific purposes and receives a cost share from clients. In Union County budget year of 2022, Union

County Senior Services received grants from the Central Ohio Area Agency on Aging (COAAA), Ohio Department of Job and Family Services (ODJFS), and Union County Health District. Union County Senior Services receives cost shares from clients that receive in-home services. The rate of the cost share is based on a sliding fee schedule that is based on the client's income.

Services

Union County Senior Services received 385 of unduplicated referrals for services in 2022 (includes Adult Protective Services and Senior Services referrals). Adult Protective Services Awareness Month

A photograph of two women standing in the foreground, smiling at the camera. They are both wearing purple t-shirts and blue jeans. The woman on the left is wearing denim shorts and dark sneakers, while the woman on the right is wearing full-length jeans and brown shoes. They are standing in front of a large, open-sided pavilion where many other people are seated at long white tables. The background shows a parking lot with several cars and trees under a clear sky. The pavilion has a dark wooden roof structure.
