Citizens of Union County, Ohio
Union County Commissioners

It is my pleasure to present Union County's Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2010. State law requires that every general-purpose local government publish a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year just ended.

The responsibility for both the accuracy of the presented data and the complete, fair presentation, including all disclosures, rests with the County Auditor. This report reflects the financial data that will enable the citizens of Union County (the "County") to gain a true understanding of Union County finances.

This CAFR conforms to accounting standards generally accepted in the United States of America (GAAP) as set forth by the Government Accounting Standards Board (GASB). This report contains basic and supplemental financial statements and other financial and statistical information, which provide a complete and full disclosure of all material financial aspects of the County.

As part of the preparation of the CAFR, the County subjects its financial statements to an annual audit. The annual audit serves to strengthen the County's accounting, internal controls, and budgetary controls. The Auditor of State's Office completed the audit and has issued an unqualified opinion on the County's financial statements for the year ended December 31, 2010. The independent accountant's report is located on pages 9-10 at the front of the financial section of this report.

In addition to meeting the requirements set forth in state statutes, the audit was also designed to meet requirements of the Federal Single Audit Act of 1996 and the related U.S. Office of Management and Budget's Circular A-133, Revised. United States of America generally accepted auditing standards and the standards set forth in the General Accounting Office's *Government Auditing Standards* were used by the auditors in conducting the engagement.

Management's discussion and analysis (MD&A) immediately follows the Independent Accountant's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government:

Formed on April 1, 1820, from portions of Delaware, Franklin, Madison, and Logan Counties together with a part of the old Indian Territory, Union County contains 277,760 acres lying in a nearly central position in the State of Ohio. Through the effort of Colonel James Curry, then a member of the State legislature, an act was passed January 10, 1820, entitled, "An act to erect the county of Union". The formation of fourteen townships and the selection of Marysville as the County Seat followed on May 15, 1821. A portion of the City of Dublin that is now wholly in a fifteenth township and five other municipalities are within the 434 square miles of the County that contained 52,300 people as of the 2010 census. The first census taken in 1830 revealed 3,192 settlers.

The County provides for its citizens with the powers conferred upon it by Ohio statutes. The elected three-member Board of County Commissioners functions as both the legislative and executive branches. Each Commissioner serves a term of four years. Other officials elected by the voters of Union County that manage various segments of the County's operations are the Auditor, who serves as the chief fiscal officer, Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Sheriff, a Common Pleas Court Judge, a Probate/Juvenile Court Judge, and a Municipal Court Judge.

The County's reporting entity has been defined in accordance with Governmental Accounting Standards Board (GASB) Statement 14, "The Financial Reporting Entity" as amended by GASB Statement 39, "Determining Whether Certain Organizations are Component Units". The financial statements in this report include the primary government, which is composed of all funds, agencies, boards, and commissions that make up the County's legal entity and the component units, which are legally separate organizations and are either financially dependent on the County or for which the County is financially accountable. The Union County Airport Authority and U-Co Industries have been included in the reporting entity as discretely presented component units.

The County Auditor serves as fiscal officer and the County Treasurer as the custodian of funds. The County is not financially accountable for the Union County General Health District, the Union County Soil and Water Conservation District, the Union County Council for Families, the Union County Joint Recreation Board, and the Central Ohio Youth Center. The activities of these organizations are reflected as agency funds within the basic financial statements. The County is associated with certain organizations that are defined as jointly governed organizations, joint ventures, and a group purchasing pool. A further discussion of these organizations is provided in Note 2, to the basic financial statements.

A complete discussion of the County's reporting entity is provided in Note 2 to the basic financial statements.

Information Useful in Assessing Union County's Economic Condition:

Local Economy:

Union County continues to be primarily an agricultural community, with 236,835 acres of its 277,760 total acreage being devoted to agricultural use. The County's acreage devoted to agricultural use in 2010 increased slightly from 2009.

Unemployment rates in Union County remained consistent at an average annual rate of 8.4% during 2010. However, these rates continually remain below the overall state and national rates, which were 10.1% and 9.6% respectively for 2010.

During 2010, Union County issued 316 residential permits for an estimated construction value of \$26 million. There were 118 commercial building permits issued at an estimated construction value of \$27 million.

In 2010 the Union County Engineer's Office received \$200,000 in State grant monies for its contribution to the Industrial Parkway Project. This project is a combined effort between the City of Dublin, the Mid-Ohio Regional Planning Commission, and the Ohio Department of Development. The estimated cost of the project was \$5.3 million. The County also has plans for its own improvements at the north end of the Industrial Parkway Project that will start in the spring of 2011. The County's projected cost is \$4.2 million with funding coming locally and from the Ohio Public Works Commission.

Long-term Planning:

The Commissioners recognize that Union County is one of the fastest growing counties in Ohio and have adopted a philosophy whereby growth will pay for growth. Therefore, as development occurs in the unincorporated areas of the County, much of the financial burden associated with infrastructure will be borne by the development and the residents that directly benefit. It is not anticipated that infrastructure costs will be borne by the County general fund.

With that said, the Commissioners do anticipate the need to continue to expand services as the County grows with services funded by user fees, the sales tax and incremental increases in the County real estate taxes.

A specific capital project that the Commissioners have envisioned is the development of a central sewer system for the area of Raymond and Peoria, Ohio. In late 2008, the Commissioners obtained approval for an Ohio Water Development Authority (OWDA) loan in the amount of \$502,590 to begin engineering services, land acquisition and legal costs associated with the development of a centralized sanitary sewer system and wastewater treatment plant. This project has urgency because the County is under an EPA advisory to address failing septic systems in that area of the County. The project will be funded using loans and assessed back to property owners through user fees, tap fees, and grants to help supplement their costs for those who are low to below average income.

Financial Information:

Accounting System. Union County's accounting system is maintained on a "fund" basis. Each fund is a distinct self-balancing entity. The basis of accounting and the various funds utilized by Union County are fully described in Note 2 to the basic financial statements. Local financial policies did not have a significant impact on the current period's financial statements.

Internal Controls. In developing the County's accounting system, much consideration was given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance is based on the assumption that the cost of internal accounting controls should not exceed the benefits to be derived from their implementation.

Budgetary Controls. According to the Ohio Revised Code, the County Commissioners may adopt a temporary appropriation measure on or about January 1. A permanent annual budget must be passed by April 1. All disbursements and transfers of cash between funds require appropriation authority. Budgets are controlled at the object level within a department and fund. The County Auditor's office is responsible for the auditing and analysis of all purchase orders and vouchers of the County. As purchase orders and vouchers are received, the amounts are encumbered to ensure the availability of funds. No expenditures may take place without the County Auditor certifying that funds are available or are in the process of being collected. The County uses a fully automated accounting system to ensure that financial statements are both accurate and reliable. Further discussion of the budgetary accounting system and its controls may be found in Note 2 to the basic financial statements.

Financial Condition. This is the eighth year the County has prepared financial statements following GASB Statement 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." GASB 34 created the following basic financial statements for reporting on the County's financial activities:

Government-wide financial statements: These statements are prepared on an accrual basis of accounting which is similar to the basis of accounting followed by businesses. The government-wide statements distinguish between those county activities that are governmental and those that are considered business-like.

Fund financial statements: These statements present information for individual major funds rather than by fund type. All nonmajor funds are combined. Governmental funds use the modified accrual basis of accounting and include reconciliation to the governmental activities accrual information presented in the government wide financial statements. Proprietary funds use the accrual basis of accounting.

Statement of budgetary comparisons: These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

Debt Administration:

Use of debt continues to be used to finance major projects in Union County. A complete discussion of debt and other long-term obligations is provided in Note 12 to the basic financial statements.

Awards and Acknowledgements:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Union County for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2009. This was the fourteenth consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the 2010 CAFR would not have been possible without the cooperation and assistance of my office staff. The guidance provided by the firm of Julian & Grube, Inc. is also acknowledged for their assistance in the compilation of this CAFR. Finally, credit also must be given to all of the department heads, the Union County Engineer's Office, and the staff of the Union County Chamber of Commerce for providing us with valuable information and statistical data.

Respectfully submitted,

Andrea L. Weaver
Union County Auditor

INDEPENDENT ACCOUNTANTS' REPORT

Union County
233 West Sixth Street
Marysville, Ohio 43040

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Union County, Ohio (the County), as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Memorial Hospital of Union County and Affiliates, a major fund, which represents ninety-seven percent, ninety-six percent, and ninety-nine percent, respectively, of the assets, net assets, and revenues for the business-type activities. We also did not audit the financial statements of U-Co Industries, Inc., one of the County's discretely presented component units which represents 5.2 percent of assets, 21.1 percent net assets or fund balances, and 31.48 percent of revenues, respectively of the aggregate discretely presented component unit and remaining fund information. Other auditors audited those financial statements. They have furnished their report thereon to us and we base our opinion, insofar as it relates to the amounts included for Memorial Hospital of Union County and Affiliates, and U-Co Industries, Inc., on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. The other auditors audited the financial statements of U-Co Industries, Inc., in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Union County, Ohio, as of December 31, 2010, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General, Motor Vehicle and Gas Tax, and County Board of Developmental Disabilities Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2011, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis and Schedules for infrastructure assets accounted for using the modified approach, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements taken as a whole. The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information provides additional analysis and are not a required part of the basic financial statements. The financial section's combining statements, individual fund statements and schedules are management's responsibility, and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. These statements and schedules were subject to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

The management's discussion and analysis of Union County's (the "County") financial performance provides an overall review of the County's financial activities for the year ended December 31, 2010. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2010 are as follows:

- The total net assets of the County increased \$8,481,435. Net assets of governmental activities increased \$5,674,002, which represents a 6.08% increase over 2009. Net assets of business-type activities increased \$2,807,433 or 6.06% from 2009.
- General revenues accounted for \$26,980,733 or 52.41% of total governmental activities revenue. Program specific revenues accounted for \$24,498,175 or 47.59% of total governmental activities revenue.
- The County had \$45,807,274 in expenses related to governmental activities; \$24,498,175 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$26,980,733 were adequate to provide for these programs.
- The general fund, the County's largest major governmental fund, had revenues and other financing sources of \$18,887,456 in 2010, an increase of \$867,151 or 4.81% from 2009 revenues. The general fund, had expenditures and other financing uses of \$17,753,482 in 2010, a decrease of \$1,631,676 or 8.42% from 2009. The net changes in revenues and expenditures contributed to the general fund balance increase of \$1,133,974 or 20.72% from 2009 to 2010.
- The Union County Board of Developmental Disabilities fund (County Board of DD fund), a major governmental fund, had revenues of \$9,455,572 in 2010, a decrease of \$13,757 or .15% from 2009 revenues. The County Board of DD fund, had expenditures of \$7,687,008 in 2010, an increase of \$483,926 or 6.72% from 2009 expenditures. The net changes in revenues and expenditures contributed to the County Board of DD fund balance increase of \$1,768,564 or 15.99% from 2009 to 2010.
- The Motor Vehicle and Gas Tax fund, a major governmental fund, had revenues and other financing sources of \$6,006,258 in 2010, an increase of \$114,643 or 1.95% from 2009 revenues. The Motor Vehicle and Gas Tax fund, had expenditures and other financing uses of \$6,046,772 in 2010, an increase of \$526,012 or 9.53% from 2009 expenditures. The net changes in revenues and expenditures contributed to the Motor Vehicle and Gas Tax fund balance decrease of \$40,514 or 2.33% from 2009 to 2010.
- Net assets for the business-type activities, which are made up of the sewer district, building and development and the Union County Memorial Hospital, increased in 2010 by \$2,807,433 or 6.06%.
- In the general fund, the actual revenues and other financing sources came in \$770,667 higher than the final budget and actual expenditures and financing uses were \$1,384,061 lower than the amount in the final budget. These variances are a result of the County's conservative budgeting process.

Using the Basic Financial Statements (BFS)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the County as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

UNION COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

The statement of net assets and statement of activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column. The County's governmental major funds are the general fund, the board of DD fund and the motor vehicle and gas tax fund.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

The statement of net assets and the statement of activities answer the question, "How did we do financially during 2010?" These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the County as a whole, the financial position of the County has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, and other factors.

In the statement of net assets and the statement of activities, the County is divided into two distinct kinds of activities:

Governmental activities - most of the County's programs and services are reported here including human services, health, public safety, public works and general government. These services are funded primarily by taxes and intergovernmental revenues including federal and state grants and other shared revenues.

Business-type activities - these services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided.

The County's statement of net assets and statement of activities can be found on pages 23-26 of this report.

Reporting the County's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds.

The County's major governmental funds are the general fund, County board of DD fund and motor vehicle and gas tax fund. The County's major enterprise fund is the Memorial Hospital fund. The analysis of the County's major governmental and proprietary funds begins on page 18.

UNION COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report. The basic governmental fund financial statements can be found on pages 27-32 and the budgetary statements for the general and major special revenue funds can be found on pages 33-35 of this report.

Proprietary Funds

The County maintains only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its sewer district, building and development and the Memorial Hospital operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County has no internal service funds. The basic proprietary fund financial statements can be found on pages 36-39 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Agency funds are the County's only fiduciary fund type. The basic fiduciary fund financial statement can be found on page 40 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements can be found on pages 41-90 of this report.

Over time, net assets can serve as a useful indicator of a government's financial position. At December 31, 2010, the County's assets exceeded liabilities by \$148,023,369. This amounts to \$98,873,740 in governmental activities and \$49,149,629 in business-type activities.

Capital assets reported on the government-wide statements represent the largest portion of the County's assets. At year-end, capital assets represented 55.03% of total governmental and business-type assets. Capital assets include land, buildings, improvements, furniture, equipment, furniture and fixtures, vehicles, construction in progress, infrastructure, water and sewer lines and property under capital lease. Capital assets, net of related debt to acquire the assets at December 31, 2010, were \$79,839,288. These capital assets are used to provide services to citizens and are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

As of December 31, 2010, the County is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. A portion of the County's governmental activities net assets, \$26,069,859 or 26.37%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of governmental activities unrestricted net assets of \$7,107,783 may be used to meet the government's ongoing obligations to citizens and creditors.

UNION COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

Governmental Activities

Governmental net assets increased by \$5,674,002 in 2010 from 2009.

Human services, represents costs associated with providing services for various State and locally mandated welfare programs. These programs include the board of development disabilities, children's services, and the department of jobs and family services for \$15,210,709 of expenses, or 33.21% of total governmental expenses of the County. These expenses were funded by \$823,824 in charges to users of services and \$7,363,520 in operating grants and contributions in 2010. General government expenses which includes legislative and executive and judicial programs, accounted for \$13,669,288 or 29.84% of total governmental expenses. General government expenses were covered by \$3,873,943 of direct charges to users and \$635,360 in operating grants and contributions in 2010.

The State and federal government contributed to the County revenues of \$15,668,879 in operating grants and contributions and \$1,824,731 in capital grants and contributions. These revenues are restricted to a particular program or purpose.

General revenues totaled \$26,980,733, and amounted to 52.41% of total revenues. These revenues primarily consist of property and sales tax revenue of \$20,192,016 or 74.84% of total general revenues in 2010. The other primary source of general revenues is grants and entitlements not restricted to specific programs, making up \$5,284,472, or 19.59% of the total.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2010 and 2009. That is, it identifies the cost of these services supported by general revenues (such as tax revenue and unrestricted state grants and entitlements). As can be seen in the graph below, the County is reliant upon general revenues to finance operations as program revenues are not sufficient to cover total expenses.

Business-Type Activities

The sanitary sewer district, building and development and Memorial Hospital are the County's business-type activities. These operations had program revenues of \$72,780,457, general revenues of \$2,592,590, and expenses of \$72,563,246 for 2010. The net assets of the business-type activities increased \$2,807,433 or 6.06% during 2010. The following graph illustrates the assets, liabilities and net assets of the County's business-type activities at December 31, 2010 and 2009:

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at year-end.

The County's governmental funds (as reported on the balance sheet on pages 27-28) reported a combined fund balance of \$30,189,574, which is \$4,289,584 greater than last year's total of \$25,899,990. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2010 for all major and non-major governmental funds.

Total	<u>\$ 18,862,456</u>	<u>\$ 18,020,305</u>	<u>4.67 %</u>

Tax revenue represents 59.14% of all general fund revenue. Fines and forfeitures increased 23.98% due to increases in Sheriff fines. The increase of intergovernmental revenue of 29.69% is due mainly to increases in EMA Grant revenues and PSO Stimulus revenues. The decrease in investment income of 23.29% is due to overall declines in investment income earnings due to record low interest rates. Other revenues decreased 13.61% due mainly to less Champaign County Jail reimbursements received and less other refunds and reimbursements. All other revenue remained comparable to 2009.

The table that follows assists in illustrating the expenditures of the general fund.

	<u>2010</u> <u>Amount</u>	<u>2009</u> <u>Amount</u>	<u>Percentage</u> <u>Change</u>

Total	<u>\$ 16,787,423</u>	<u>\$ 18,405,859</u>	<u>(8.79) %</u>

Total expenditures decreased \$1,618,436 or 8.79%. The decrease of public safety expenditures of 12.43% is due to decrease in sheriff, communications, community service and investigation expenditures. The decrease of health expenditures of 21.07% is due to decreases in general fund contributions to senior services administrative costs with the passage of the senior services restricted use sales tax in 2008. The decrease in economic development expenditures by 37.61% is due to a decrease in airport operating expenditures. All other expenditures remained comparable to 2009.

UNION COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

County Board of DD

The Union County Board of Developmental Disabilities fund (County Board of DD fund), a major governmental fund, had revenues of \$9,455,572 in 2010, a decrease of \$13,757 or .15% from 2009 revenues. The County Board of DD fund, had expenditures of \$7,687,008 in 2010, an increase of \$483,926 or 6.72% from 2009 expenditures. The net changes in revenues and expenditures contributed to the County Board of DD fund balance increase of \$1,768,564 or 15.99% from 2009 to 2010.

Motor Vehicle and Gas Tax

The Motor Vehicle and Gas Tax fund, a major governmental fund, had revenues and other financing sources of \$6,006,258 in 2010, an increase of \$114,643 or 1.95% from 2009 revenues. The Motor Vehicle and Gas Tax fund, had expenditures and other financing uses of \$6,046,772 in 2010, an increase of \$526,012 or 9.53% from 2009 expenditures. The net changes in revenues and expenditures contributed to the Motor Vehicle and Gas Tax fund balance decrease of \$40,514 or 2.33% from 2009 to 2010.

Budgeting Highlights - General Fund

The County's budgeting process is prescribed by the Ohio Revised Code (ORC). Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the ORC. Therefore, the County's plans or desires cannot be totally reflected in the original budget. If budgeted revenues are adjusted due to actual activity then the appropriations can be adjusted accordingly.

Budgetary information is presented for the general fund, county of DD and the motor vehicle and gas tax fund.

In the general fund, final budgeted revenues of \$17,745,183 were \$53,877 higher than original budgeted revenues of \$17,691,306. Actual revenues of \$18,515,850 exceeded final budgeted revenues by \$770,667.

Final budgeted expenditures and other financing uses of \$19,948,774 were \$321,200 higher than original budgeted expenditures and other financing uses of \$19,627,574. Actual expenditures and financing uses of \$18,563,514 were \$1,385,260 lower than final budgeted expenditures and financing uses.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements for business-type activities, but in more detail.

Capital Assets and Debt Administration

Capital Assets

At the end of 2010, the County had \$114,978,245 (net of accumulated depreciation) invested in land, improvements, buildings, equipment, furniture and fixtures, vehicles, construction in progress, property under capital lease, water and sewer lines and infrastructure. Of this total, \$74,160,271 was reported in governmental activities and \$40,817,974 was reported in business-type activities. The following table shows 2010 balances compared to 2009:

See Note 9 to the basic financial statements for detail on the County's capital assets.

The County's largest capital asset category is infrastructure which includes roads, bridges and culverts. These items are immovable and of value only to the County, however, the annual cost of purchasing these items is quite significant. The net book value of the County's infrastructure (cost less accumulated depreciation) represents approximately 74.90% of the County's total governmental capital assets.

The modified approach is used for reporting the Union County's infrastructure assets. The plan includes a ten year program for road repairs and improvements and an annual bridge evaluation in accordance with Ohio Department of Transportation requirements. Currently 95% of the County's roads have a numerical rating of 5 or higher as compared with a policy of at least 75% of the roads at 5 or higher. For bridges, 95% of the bridges met or exceeded the numerical rating of 5 as compared to a policy of 85%. Estimated expenditures for roads and bridges were \$8,280,426 for 2010. Actual expenditures for the year were \$7,458,087. For more information on the rating system and results, refer to required supplementary information beginning on pages 91-92 of this report.

Debt Administration

At December 31, 2010 the County had \$28,862,795 in general obligation bonds, \$2,385,000 in sales tax revenue bonds, \$1,002,109 in Hospital Facilities Revenue Bonds and \$3,728,047 in other long term obligations. Of this total, \$2,043,736 is due within one year and \$33,934,215 is due in more than one year.

UNION COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2010

The following table summarizes the bonds, notes and loans outstanding.

	Outstanding Debt, at Year End

Total	<u>\$ 9,303,167</u>	<u>\$ 26,674,784</u>	<u>\$ 9,239,961</u>	<u>\$ 26,639,783</u>

The County's voted legal debt margin was \$23,758,212 at December 31, 2010 and the unvoted legal debt margin was \$6,044,869 at December 31, 2010. See Note 12 to the basic financial statements for detail on governmental activities and business-type activities long-term obligations.

Economic Factors and Next Year's Budgets and Rates

The average unemployment rate in the County was 8.4% for 2010, consistent with the 8.4% average rate in 2009. This compares favorably to the State rate of 10.1% and to the national rate of 9.6%. Union County's strong industrial segment allows the County to enjoy the fourth lowest unemployment rate in Ohio.

Union County is primarily an agricultural community with 85% of its acreage devoted to agriculture. A strong manufacturing presence coexists, allowing for growth within the community. Estimated actual values were at \$3.51 billion for 2010. This has decreased by an average rate of 2.5% from 2009. The actual and assessed values are lower than prior years as tangible personal property is being phased out through 2008. For information on this reduction, refer to Note 6 of this report.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Honorable Andrea Weaver, Union County Auditor, 233 West Sixth Street, Marysville, Ohio 43040. Questions may also be e-mailed to auditor@co.union.oh.us or visit the Auditors link from the County's website: <http://www.co.union.oh.us/GD/Templates/Pages/UC/UCDetail.aspx?page=85>.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2010

Net change in fund balances - total governmental funds		\$	4,214,289
<i>Amounts reported for governmental activities in the statement of activities are different because:</i>			
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeds depreciation expense in the current period.			
Capital asset additions	\$	3,482,677	
Current year depreciation		(1,522,898)	
Total		1,959,779	1,959,779
Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.			
			(4,217)
Governmental funds report expenditures for inventory when purchased. However in the statement of activities, they are reported as an expense when consumed.			
			75,295
Proceeds of bonds are recorded as revenue in the funds, however in the statement of activities, they are not reported as revenue as they increase the liabilities on the statement of net assets.			
			(920,000)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.			
Property taxes		118,952	
Sales tax		66,753	
Intergovernmental revenues		(548,613)	
Special assessments		4,890	
Charges for services		4,190	
Rental income		5,203	
Other revenues		201	
Total		(348,424)	(348,424)
Repayments of bonds and notes are expenditures in the governmental funds, but the repayment reduces long-term liabilities on the statement of net assets.			
			856,794
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, interest is expensed when due. The following items resulted in less interest being recorded in the statement of activities:			
Decrease in accrued interest payable		37,867	
Amortization of bond issuance costs		(11,379)	
Amortization of bond premiums		5,821	
Amortization of deferred charges		(3,695)	
Total		28,614	28,614
Issuance costs on general obligation bonds are recognized as expenditures in the governmental funds, however, they are amortized over the life of the issuance in the statement of activities.			
			18,399
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.			
			(206,527)
Change in net assets of governmental activities		\$	5,674,002

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF THE COUNTY

Union County, Ohio (the "County"), was created in 1820. The County is governed by a Board of three commissioners elected by the voters of the County. Other officials elected by the voters of the County that are responsible for various aspects of the County's government are the Auditor, Treasurer, Recorder, Clerk of Courts, Coroner, Engineer, Prosecuting Attorney, Sheriff, a Common Pleas Court Judge, and a Probate and Juvenile Court Judge.

Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County, including each of these departments.

The reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements of the County are not misleading.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the County have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, to its governmental and business-type activities and its proprietary funds provided it does not conflict with or contradict GASB pronouncements. The County has the option to also apply FASB guidance issued after November 30, 1989 to its business-type activities and enterprise funds, subject to this same limitation. The County has elected not to apply this FASB guidance.

The most significant of the County's accounting policies are described below.

A. Reporting Entity

The County's reporting entity has been defined in accordance with GASB Statement No. 14, "The Financial Reporting Entity", as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units". The BFS include all funds, agencies, boards, commissions, and component units for which the County and the County Commissioners are "accountable". Accountability as defined in GASB Statement No. 14 and GASB Statement No. 39 was evaluated based on financial accountability, the nature and significance of the potential component unit's (PCU) relationship with the County and whether exclusion would cause the County's basic financial statements to be misleading or incomplete. Among the factors considered were separate legal standing; appointment of a voting majority of the PCU's Board; fiscal dependency and whether a benefit or burden relationship exists; imposition of will; and the nature and significance of the PCU's relationship with the County.

PRIMARY GOVERNMENT

The primary government consists of all funds, departments, boards and agencies that are not legally separate from the County. For Union County, this includes the Union County Board of Developmental Disabilities (DD); Mental Health and Recovery Board of Union County (MHRB); Union County Memorial Hospital (the "Hospital"); Union County Children's Services Board; and departments and activities that are directly operated by the elected County officials.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

A. Reporting Entity - (Continued)

Based on the foregoing criteria, the financial activities of the following PCU's have been reflected in the accompanying basic financial statements as follows:

COMPONENT UNITS

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt, or the levying of taxes.

DISCRETELY PRESENTED COMPONENT UNITS

The component unit columns in the financial statements present the financial data of the County's discretely presented component units, Union County Airport Authority and U-Co. Industries, Inc. They are reported separately to emphasize that they are legally separate from the County.

Union County Airport Authority - The Union County Airport Authority (the "Airport Authority") was established according to Section 308.03 of the Ohio Revised Code. The Airport Authority is governed by a six member Board of Trustees appointed by the Union County Commissioners. The County Commissioners budget funds for airport operations and are responsible for the debt and deficits of the Airport Authority. Due to the imposition of will exerted by the County Commissioners as well as the financial burden for the Airport Authority, the Airport Authority is presented separately as a component unit of Union County. The Airport Authority operates on a year ending December 31. The Airport Authority does not issue separate financial statements.

U-Co Industries, Inc. - U-Co Industries, Inc. (the "Industries") is a legally separate, not-for-profit corporation, served by a Board of Trustees appointed by the Union County Board of DD. The Industries, under a contractual agreement with the Union County Board of DD, provides sheltered employment for developmentally disabled or handicapped adults in Union County. The Union County Board of DD provides the Industries with staff to administer and supervise training programs, facilities, transportation, supplies, equipment and other funds as necessary for operation of the Industries. Based on the significant services and resources provided by the County to the Industries, the Industries is presented separately as a component unit of Union County. U-Co Industries operates on a fiscal year ending June 30. Separately issued financial statements can be obtained from U-Co Industries, Inc., 16900 Square Drive, Marysville, Ohio 43040.

As counties are structured in Ohio, the County Auditor and County Treasurer, respectively, serve as fiscal officer and custodian of funds for various agencies, Boards and commissions. As fiscal officer the County Auditor certifies the availability of cash and appropriations prior to the processing of payments and purchases. As the custodian of all public funds, the County Treasurer invests public monies held on deposit in the County Treasury.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

A. Reporting Entity - (Continued)

In the case of the separate agencies, Boards and commissions listed below, the County serves as fiscal agent and custodian, but is not accountable; therefore the operations of the following PCU's have been excluded from the County's BFS, but the funds held on behalf of these PCU's in the County Treasury are included in the agency funds within the BFS.

Union County General Health District
Union County Soil and Water Conservation District
The Union County Council for Families
Central Ohio Youth Center
Marysville/Union County Joint Recreation District

JOINTLY GOVERNED ORGANIZATIONS

Central Ohio Youth Center

The Central Ohio Youth Center is a jointly governed organization involving Union, Champaign, Delaware, and Madison Counties. The Center provides facilities for the training, treatment and rehabilitation of delinquent, dependent, abused or neglected children and was established under Section 2151.34 of the Ohio Revised Code. The operation of the Center is controlled by a joint Board of Trustees whose membership consists of two appointees of the Union County Commissioners, and one appointee from Champaign, Delaware and Madison Counties. Each county's ability to influence the operations of the Center is limited to their representation on the board of trustees. Appropriations are adopted by the joint board of trustees who exercise control over the operation, maintenance and construction of the Center. Union County serves as the fiscal agent. Each county is charged for its share of the operating costs of the Center based on the number of individuals from their County in attendance. In 2010, Union County contributed \$324,568 for the Center's operations which represents 19.45 percent of total contributions. Additional information may be obtained by writing to the Central Ohio Youth Center, 18100 St. Rt. 4, Marysville, Ohio 43040.

North Central Ohio Solid Waste Management District

Union County participates in a jointly governed solid waste management district, along with Allen, Champaign, Hardin, Madison and Shelby Counties. The District was established following the requirements of House Bill 592. The Board of Directors consists of County Commissioners from each County. Each county's ability to influence the operations of the District is limited to its representation on the Board of Directors. The original funding for the District was contributed by each county based on its population compared to the total population of all participating counties. For Union County, this represented 10 percent of total contributions. It is the intent of the District to be totally self-supporting and not require any funding from the participating counties. In 2010, no contribution was required of Union County. Allen County, being the largest of the six counties, is the fiscal agent of the District. Additional information may be obtained by writing to the North Central Ohio Solid Waste Management District, Suite 301, 212 N. Elizabeth St., Lima, Ohio 45801.

LUC Regional Planning Commission

Union County participates in the LUC Regional Planning Commission which is a statutorily created political subdivision of the State. The Commission is jointly governed among Logan, Union and Champaign Counties, and the cities of Bellefontaine, Marysville, and Urbana. Each member's control over the operation of the Commission is limited to its representation on the Board. The Commission makes studies, maps, plans, recommendations and reports concerning the physical, environmental, social, economic and governmental characteristics, functions and services of the entities involved. In 2010, Union County contributed \$23,169. Due to the 2010 census, Union County will become the fiscal agent in 2012. Additional information may be obtained by writing to the LUC Regional Planning Commission, P.O. Box 141, East Liberty, Ohio 43319.

Marysville/Union County Joint Recreation District

The Marysville/Union County Joint Recreation District is a jointly governed organization involving Union County, the City of Marysville and Paris Township. The District was established for the purpose of acquiring, developing, operating and maintaining a sports complex and bicycle/walking trail in Union County. The District's Board of Trustees consists of seven members, three appointed by the County Commissioners, three appointed by the Mayor of Marysville, and one appointed by the Paris Township Trustees. Each entity's ability to influence the operations of the District is limited to its representation on the Board of Trustees. In 2010, Union County contributed \$32,572 to the District's operations. Additional information may be obtained by writing to the Marysville/Union County Joint Recreation District, 125 E. 6th Street, Marysville, Ohio 43040.

Tri-County Corrections Board

The Tri-County Corrections Board is a joint venture for the establishment of a central jail facility for the use of Champaign, Madison, and Union Counties. The operation of the jail is controlled by a joint Board whose membership consists of the sheriff, one judge, and one commissioner from each of the participating counties. Each county's ability to influence the operations of the jail is limited to its representation on the Board. Champaign County has been appointed the fiscal agent for the joint venture. In 2010, Union County contributed \$1,293,191. Additional information may be obtained by writing to the Tri-County Corrections Board, 1512 U.S. Rt. 68, Urbana, Ohio 43078.

Marysville-Union County Port Authority

The Marysville-Union County Port Authority is a joint agreement between the City of Marysville, Ohio and Union County to promote transportation, economic development, housing, recreation, education, governmental operation, culture, research and the creation and preservation of jobs and employment opportunities. The City of Marysville Mayor (with the advice and consent of Council of the City) and the Union County Board of Commissioners appoint three members each, with a joint appointment from the City and County.

West Central Ohio Network

The West Central Ohio Network (West Con) is a jointly governed organization among Darke, Miami, Auglaize, Mercer, Logan, Shelby, Preble, Hardin and Union counties. West Con was created to serve as the administrator and fiscal agent of Supported Living funds for the Board of Developmental Disabilities (DD Board) of each of the participating counties. The degree of control exercised by any participating government is limited to its representation on the Board of Directors (the Board) of West Con. The Board consists of one delegate, who is the Superintendent, from each of the participating DD Boards. During 2010, the County contributed \$707,105 to West Con. Financial information can be obtained from West Con, Executive Director, 315 East Court Street, Sidney, Ohio 45365.

JOINT VENTURES

Health Partners, Ltd.

During 1996, the Hospital and two other area health care entities formed Health Partners, Ltd. of which the Hospital has a 33 1/3% ownership interest. This corporation was formed to provide management services to the clinic of a major area corporation. In 1996, the Hospital contributed \$100,000 to Health Partners through the Union County Hospital Association ("UCHA"). During 2010, the Hospital received distributions from Health Partners totaling \$194,450. Health Partners, Ltd. is considered an investment by the county as shown on note 4. Additional information may be obtained by writing to Health Partners, Ltd., 19900 St. Rt. 739, Marysville, Ohio 43040.

Marysville Ohio Surgery Center, LLC

During 2003, the Hospital and other area health providers formed Marysville Ohio Surgery Center, LLC, of which the Hospital has a 23.81 percent ownership interest. The organization was formed to promote health care and provide outpatient surgical services in the area serviced. During 2003, the Hospital contributed \$159,000 through UCHA. Marysville Ohio Surgery Center, LLC is considered an investment by the county as shown on note 4. During 2010, the Hospital received \$60,548.

Marysville Ohio Medical Properties, LLC

During 2003, the Hospital and other area health providers formed Marysville Ohio Medical Properties, LLC, of which the Hospital has a 25.97 percent ownership interest. The organization was formed as the property owner for the Marysville Ohio Surgery Center facility. During 2003, the Hospital contributed \$130,000 through UCHA. During 2010, the Hospital received \$32,468. Marysville Ohio Medical Properties, LLC is considered an investment by the county as shown on note 4.

INSURANCE PURCHASING POOLS

The County Risk Sharing Authority, Inc.

The County Risk Sharing Authority, Inc., (CORSA) is an Ohio not-for-profit corporation established by forty-six counties for establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management programs. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA. Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected Board of not more than nine trustees. Only County Commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the Board of Trustees.

The County Commissioners Association of Ohio Service Corporation

The County is participating in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The County Commissioners Association of Ohio Service Corporation (CCAOSC) was established through the County Commissioners Association of Ohio (CCAO) as a group purchasing pool. A group executive committee is responsible for calculating annual rate contributions and rebates, approving the selection of a third party administrator, reviewing and approving proposed third party fees, fees for risk management services and general management fees, determining ongoing eligibility of each participant, and performing any other acts and functions which may be delegated to it by the participating employers. The group executive committee consists of seven members. Two members are the president and treasurer of CCAOSC; the remaining five members are representatives of the participants. These five members are elected for the ensuing year by the participants at a meeting held in the month of December each year. No participant can have more than one member of the group executive committee in any year, and each elected member shall be a County Commissioner.

County Employee Benefits Consortium of Ohio

The County participates with the County Employee Benefits Consortium of Ohio, Inc. (CEBCO), an Ohio not-for-profit corporation with membership open to Ohio political subdivisions to collectively pool resources to purchase employee benefits. The County pays, on a monthly basis, the annual actuarially determined funding rate. Components of the funding rate include the claims fund contribution, incurred but not reported claims, a claim contingency reserve fund, as well as the fixed costs of the consortium.

The business and affairs of the consortium are managed by a board of not less than nine or more than fifteen directors that exercise all powers of the consortium. Two thirds of the directors are County Commissioners of member Counties and one third are employees of the member Counties. Each member of the consortium is entitled to one vote. At all times, one director is required to be a member of the Board of Directors of the CCAO and another is required to be a Board Member of the County Risk Sharing Authority, Inc. (CORSA).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

A. Reporting Entity - (Continued)

Union County Memorial Hospital applies the provisions of Governmental Accounting Standards Board Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", as amended. The Hospital has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB), including those issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

B. Basis of Presentation

Government-wide Financial Statements - The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government except for fiduciary funds. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. The policy of the County is to not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

C. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General - This is the primary operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

C. Fund Accounting - (Continued)

County Board of Developmental Disabilities (DD) - This fund accounts for the operation of a school and the costs of administering a workshop for the developmentally disabled. Revenue sources are a County-wide property tax levy and State and federal grants.

Motor Vehicle and Gas Tax - This fund accounts for revenues derived from the sale of motor vehicle licenses, gasoline taxes, interest, and a portion of the restricted sales tax. Expenditures are restricted by State law and sales tax ballot language to county road and bridge repair and improvement programs.

Other governmental funds of the County are used to account for (a) the accumulation of resources for, and payment of, general long-term debt principal, interest and related costs; (b) financial resources to be used for the acquisition, construction, or improvement of capital facilities other than those financed by proprietary funds; and (c) grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The County has presented the following major proprietary fund:

Memorial Hospital of Union County - This fund accounts for the operation of the Hospital. The cost of operating the Hospital is primarily financed through user patient services. Although not a legally separate entity, funds are not co-mingled with the County's treasury, but consolidated for annual reporting.

The other enterprise funds of the County are used to account for the sanitary sewer district and enterprise building and development. These funds are nonmajor funds whose activities have been aggregated and presented in a single column in the BFS.

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. The County has no trust funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary funds are agency funds which are used to account for property taxes, special assessments, and other "pass through" monies to be distributed to local governments other than the County.

D. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the County are included on the statement of net assets.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

D. Measurement Focus - (Continued)

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Agency funds do not report a measurement focus as they do not report operations.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the basic financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenues from sales taxes are recognized in the year in which the sales are made (See Note 7). Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 6). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from all other nonexchange transactions must also be available before it can be recognized.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

E. Basis of Accounting - (Continued)

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: sales tax, interest, federal and State grants and subsidies, State-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees and rentals.

Unearned Revenue and Deferred Revenue - Unearned revenue and deferred revenue arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2010, but which were levied to finance year 2011 operations, and other revenues received in advance of the year for which they were intended to finance, have been recorded as unearned revenue. Special assessments not received within the available period, grants and entitlements received before the eligibility requirements are met, and delinquent property taxes due at December 31, 2010, are recorded as deferred revenue on the governmental fund financial statements.

On governmental fund financial statements, receivables that will not be collected within the available period have been reported as deferred revenue.

Expense/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

F. Budgetary Data

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation resolution are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources, as certified.

All funds, other than agency funds, are legally required to be budgeted and appropriated. The level of budgetary control is at the object level within each department. Although the legal level of budgetary control was established at the object level within each department level of expenditures, the County has elected to present budgetary statement comparisons at the fund and function levels of expenditures included within the basic financial statements. Budgetary modifications at the legal level of budgetary control may only be made by resolution of the County Commissioners.

Budgetary information for the Memorial Hospital of Union County enterprise fund and U-Co Industries and Airport (component units) are not reported because they are not included in the entity for which the "appropriated budget" is adopted and they do not maintain separate budgetary records.

Tax Budget - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, as secretary of the County Budget Commission, by July 20 of each year, for the period January 1 to December 31 of the following year. The purpose of the tax budget is to reflect the need for existing (or increased) tax rates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

F. Budgetary Data - (Continued)

Estimated Resources - The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the County by September 1. As part of this certification, the County receives the official certificate of estimated resources, which states the projected revenue of each fund.

On or about January 1, the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments may be made during the year if the County Auditor determines that revenue to be collected will be greater than or less than the prior estimates and the Budget Commission finds the revised estimates to be reasonable. The amounts set forth in the budgetary statements represent estimates from the first (original budget) and final (final budget) amended certificates issued during 2010.

Appropriations - A temporary appropriations resolution to control expenditures may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriations resolution must be passed by April 1 of each year for the period January 1 to December 31. The appropriations resolution may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources, as certified.

The allocation of appropriations among departments and objects within a fund (the legal level of budgetary control) may be modified during the year by a resolution of the County Commissioners. Several supplemental appropriation resolutions were legally enacted by the County Commissioners during the year. In the budgetary statements, the original budgeted amounts represent the original budgeted appropriations that covered the entire year of 2010. The final budgeted figures reflect the original budgeted amounts plus all budgetary amendments and supplemental appropriations that were legally enacted during 2010.

Lapsing of Appropriations - At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

G. Cash and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the basic financial statements.

During 2010, investments were limited to the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts, such as nonnegotiable certificates of deposit, are reported at cost.

The County has invested funds in STAR Ohio during 2010. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's shares price which is the price the investment could be sold for on December 31, 2010.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Cash and Investments - (Continued)

Under existing Ohio statutes, all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during 2010 amounted to \$767,764 which includes \$654,981 assigned from other County funds.

Cash and cash equivalents that are held separately within departments of the County and by Memorial Hospital, or held separately for the County by fiscal agents and not held with the County Treasurer are recorded as "cash in segregated accounts" or "cash with fiscal and escrow agents", respectively (including restricted amounts).

Cash and cash equivalents of the Airport Authority (component unit) are held by the County Treasurer and are included in the County's cash management pool. They are recorded as "equity in pooled cash and cash equivalents".

Cash and cash equivalents of U-Co Industries (component unit) are held by the component unit and are recorded as "cash and cash equivalents in segregated accounts".

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents. Interest is distributed by the County Treasurer to the general fund; the motor vehicle gasoline tax, treasurer prepaid interest, federal CHIP, other enterprise funds, other capital project funds and the Airport Authority component unit. Interest revenue earned by these funds and the Airport Authority during 2010 amounted to \$832,738 and \$472, respectively. Interest was received directly by the Union County Memorial Hospital enterprise fund and U-Co Industries (component unit) in the amount of \$113,581 and \$8,900, respectively.

An analysis of the County's investment account at year end is provided in Note 4.

H. Inventories of Materials and Supplies

On government-wide and fund financial statements, purchased inventories are presented at the lower of cost or market. Inventories are recorded on a first-in, first-out basis. Inventories are accounted for using the purchase method.

On the fund financial statements, reported material and supplies inventory is equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

Inventory consists of expendable supplies held for consumption for the governmental funds and medical and office supplies and pharmaceutical products for the Hospital.

I. Capital Assets

Governmental capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets, but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net assets and in the respective funds.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

I. Capital Assets - (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of \$2,000, and \$1,500 for the Hospital. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of capital assets is also capitalized for the proprietary funds.

All reported capital assets are depreciated except for land, infrastructure and construction in process. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacements. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Land improvements	20 years	20 - 24 years
Buildings and improvements	6 - 40 years	6 - 50 years
Sewer lines	N/A	50 years
Equipment	5 - 10 years	5 - 10 years
Furniture and fixtures	10 years	10 years
Vehicles	5 - 8 years	5 - 8 years
Property under capital lease	N/A	5 - 15 years

The County's infrastructure consists of roads and bridges. County roads and bridges (infrastructure reported in the governmental activities column of the statement of net assets) are presented using the modified approach and therefore these assets are not depreciated. In addition, expenditures made by the County to preserve existing roads or bridges are expensed rather than capitalized. Only expenditures for additions or improvements are capitalized. Additional disclosures about the condition assessment and maintenance cost regarding the County's roads and bridges appear in the required supplementary information.

J. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits for all County departments including Union County Memorial Hospital, are accrued as a liability using the vesting method. An accrual for sick leave is made to the extent it includes those employees who are currently eligible to receive termination benefits, as well as those employees expected to become eligible in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the County's termination policy. The County records a liability for accumulated unused sick leave for employees who are at least forty-five years of age and having ten or more years of service with the County.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

K. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2010, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

On the fund financial statements, reported prepayments are equally offset by a fund balance reserve in the governmental funds which indicates that it does not constitute available spendable resources even though it is a component of net current assets.

L. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivable/payable". These amounts are eliminated in the governmental column on the statement of net assets.

M. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, long-term notes and loans are recognized as a liability in the fund financial statements when due.

N. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

During the normal course of operations, the County has numerous transactions between funds. Transfers represent movement of resources from a fund receiving revenue to a fund through which those resources will be expended and are recorded as other financing sources (uses) in governmental funds and as transfers in proprietary funds. Interfund transactions that would be treated as revenues and expenditures/expenses if they involved organizations external to the County are treated similarly when involving other funds of the County.

Outstanding balances between funds for goods and services rendered are reported as "due from/to other funds." These amounts are eliminated in the statement of net assets, except for any residual balances outstanding between the governmental activities and business-type activities, which are reported in the government-wide financial statements as "internal balances".

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

O. Fund Balance Reserves

Reserved fund balances indicate that a portion of fund equity is not available for current appropriation or use. The unreserved portions of fund equity reflected in the governmental funds are available for use within the specific purposes of the funds.

The County reports amounts representing encumbrances outstanding, prepayments, materials and supplies inventories, debt service and loans receivable.

P. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net assets restricted for other purposes consist primarily of programs to enhance the public safety and for general government operations.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Q. Unamortized Bond Issuance Costs/Bond Premium and Discount/Accounting Gain or Loss

On government-wide financial statements, issuance costs are deferred and amortized over the term of the bonds using the straight-line method. Unamortized bond issuance costs are recorded as a separate line item on the statement of net assets.

Bond premiums are deferred and amortized over the term of the bonds using the straight line method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds.

For advanced refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense. This accounting gain or loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as an addition to or reduction of the face amount of the new debt. On the governmental fund financial statements, issuance costs and bond premiums are recognized in the current period.

A reconciliation between the bonds face value and the amount reported on the statement of net assets is presented in Note 12.A.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County Commissioners and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2010.

S. Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

T. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services, license fees, and tap in fees from the sewer and building development departments.

Union County Memorial Hospital serves patients who generally reside in the local area. These services primarily are paid by third-party payors including Medicare, Medicaid, and commercial insurance carriers. Charges to patients are recorded as operating revenue at established billing rates as services are rendered. Allowances are currently provided for uncollectible accounts and for contractual adjustments, representing the difference between established billing rates and reimbursement rates paid by third-party payors. Estimates for contractual adjustments are recorded in the period in which services are provided and are based on preliminary estimates with the final adjustment made in the period in which settlement is made. The Hospital maintains a policy whereby patients in need of medical services are treated without regard to their ability to pay for such services (charity care). Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE

A. Deficit Fund Balances

Fund balances at December 31, 2010 included the following individual fund deficit:

<u>Nonmajor governmental fund</u>	<u>Deficit</u>
VOCA stimulus	\$ 878

This fund complied with Ohio State law, which does not permit a cash basis deficit at year end. The general fund is liable for any deficit in these funds and provides transfers when cash is required, not when accruals occur. The deficit fund balance in the nonmajor governmental funds is the result of recording adjustments for accrued liabilities. This deficit balance will be eliminated as resources become available to liquidate the accrued liabilities.

NOTE 3 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

B. Change in Accounting Principles

For fiscal year 2010, the County has implemented GASB Statement No. 51, "Accounting and Financial Reporting for Intangible Assets", GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments", and GASB Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies".

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the County.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the County.

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the County.

NOTE 4 - DEPOSITS AND INVESTMENTS

Primary Government

Monies held by the County are classified by State statute into two categories. Active monies are public monies determined to be necessary to meet current demand upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal or interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. Time certificates of deposit including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in items 1 or 2 above and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
9. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

A. Cash on Hand

At year end, the County had \$4,087 in undeposited cash on hand which is included on the financial statements of the County as part of "equity in pooled cash and cash equivalents".

B. Deposits with Financial Institutions

At December 31, 2010, the carrying amount of all County deposits was \$69,554,465. As of December 31, 2010, \$39,488,895 of the County's bank balance of \$70,195,628 was exposed to custodial risk as discussed below, while \$4,226,110 was covered by the FDIC and \$26,480,623 was covered by securities held by the pledging institution's trust department and in the County's name.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 4 - DEPOSITS AND INVESTMENTS - (Continued)

Custodial credit risk is the risk that, in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. As permitted by Ohio Revised Code, the remainders of the County's deposits are collateralized by a pool of eligible securities deposited with Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository. The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

C. Investments

As of December 31, 2010, the County had the following investments and maturities:

<u>Investment type</u>	<u>Fair Value</u>	<u>Investment Maturities</u>				
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>13 to 18 months</u>	<u>19 to 24 months</u>	<u>Greater than 24 months</u>
STAR Ohio	\$ 111,969	\$ 111,969	\$ -	\$ -	\$ -	\$ -
Investment in joint venture	630,407	-	-	-	-	630,407
Total	\$ 742,376	\$ 111,969	\$ -	\$ -	\$ -	\$ 630,407

Interest Rate Risk: The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. Interest rate risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The County's investment policy addresses interest rate risk by requiring the consideration of market conditions and cash flow requirements in determining the term of an investment.

Credit Risk: STAR Ohio carries a rating of AAAM by Standard & Poor's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service.

Concentration of Credit Risk: The County's investment policy addresses concentration of credit risk by requiring investments to be diversified to reduce the risk of loss resulting from over concentration of assets in a specific issue or specific class of securities. The following table includes the percentage of each investment type held by the County at December 31, 2010:

<u>Investment type</u>	<u>Fair Value</u>	<u>% of Total</u>
Investment in joint venture	\$ 630,407	84.92
STAR Ohio	111,969	15.08
Total	\$ 742,376	100.00

D. Reconciliation of Cash and Investments to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the note above to cash and investments as reported on the statement of net assets as of December 31, 2010:

<u>Cash and investments per note</u>	
Carrying amount of deposits	\$ 69,554,465
Cash on hand	4,087
Investments	<u>742,376</u>
Total	<u>\$ 70,300,928</u>
 <u>Cash and investments per statement of net assets</u>	
Governmental activities	\$ 28,946,386
Business-type activities	31,799,903
Component unit - Airport	431,833
Agency funds	<u>9,122,806</u>
Total	<u>\$ 70,300,928</u>

E. Component Unit

At December 31, 2010, the U-CO Industries component unit's bank balance was \$917,117, of which \$887,306 was covered by the FDIC.

The component unit's cash balance at December 31, 2010 is reported as "cash and cash equivalents in segregated accounts" on the statement of net assets.

NOTE 5 - INTERFUND TRANSACTIONS

- A.** Interfund loans receivable/payable at December 31, 2010 consisted of the following, as reported in the fund financial statements:

<u>Receivable fund:</u>	<u>Payable funds:</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	<u>\$285,478</u>

Interfund loans receivable/payable are short-term interfund loans, and are expected to be repaid in the subsequent fiscal year. Interfund loans receivable/payable between governmental funds are eliminated and are not reported on the government-wide statement of net assets.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 5 - INTERFUND TRANSACTIONS - (Continued)

- B.** Interfund transfers for the year ended December 31, 2010, consisted of the following, as reported on the fund financial statements:

Transfers to nonmajor governmental funds from:

General fund	\$ 956,667
Motor vehicle/gas tax	116,025
Sewer fund	<u>2,368</u>
Total	<u>\$ 1,075,060</u>

Transfers to general fund from:

Nonmajor governmental fund	<u>\$ 25,000</u>
Total	<u>\$ 25,000</u>

Transfers to motor vehicle/gas tax fund from:

General fund	<u>\$ 9,392</u>
Total	<u>\$ 9,392</u>

Transfers are used to (1) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. All transfers were in compliance with Ohio Revised Code Sections 5705.14, 5705.15, and 5705.16.

The transfer to the general fund is from the certificate of title administration fund, a nonmajor governmental fund. This transfer is allowable under Ohio Revised Code Section 325.33.

Interfund transfers between governmental funds are eliminated on the government-wide financial statements. Interfund transfers between governmental activities and business-type activities are reported as transfers on the statement of activities.

- C.** Due from/due to other funds consisted of the following at December 31, 2010, as reported on the fund financial statements:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General	Nonmajor governmental	\$ 50,000
Nonmajor governmental	Nonmajor governmental	<u>2,000</u>
Total		<u>\$ 52,000</u>

These loans are expected to be repaid in the next year. Due to/due from amounts between governmental funds are eliminated on the government-wide financial statements.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility located in the County. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2010 public utility property taxes became a lien December 31, 2009, are levied after October 1, 2010, and are collected in 2011 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

Tangible personal property tax revenues received in calendar year 2010 (other than public utility property) represent the collection of calendar year 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property taxes received from telephone companies in calendar year 2010 were levied after October 1, 2009, on the value as of December 31, 2009. Amounts paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semiannually. If paid annually, payment is due April 30; if paid semiannually, the first payment is due April 30, with the remainder payable by September 20.

House Bill No. 66 was signed into law on June 30, 2005. House Bill No. 66 phases out the tax on tangible personal property of general businesses, telephone and telecommunications companies, and railroads. The tax on general business and railroad property was eliminated in calendar year 2009, and the tax on telephone and telecommunications property will be eliminated by calendar year 2011. The tax is phased out by reducing the assessment rate on the property each year. The bill replaces the revenue lost by the County due to the phasing out of the tax. In calendar years 2009-2010, the County was fully reimbursed for the lost revenue. In calendar years 2011-2017, the reimbursements will be phased out.

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes, tangible personal property taxes and outstanding delinquencies which are measurable as of December 31, 2010 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by unearned revenue since the current taxes were not levied to finance 2010 operations and the collection of delinquent taxes has been offset by deferred revenue since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is deferred.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 6 - PROPERTY TAXES - (Continued)

The full tax rate for all County operations for the year ended December 31, 2010 was \$10.85 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2010 property tax receipts were based are as follows:

<u>Real Property</u>	
Residential	\$ 834,107,990
Agricultural	142,975,710
Commercial/Industrial/Mineral	251,853,540
<u>Public Utility</u>	
Real	273,620
Personal	<u>51,952,330</u>
Total Assessed Value	<u>\$ 1,281,163,190</u>

NOTE 7 - PERMISSIVE SALES AND USE TAX

The County Commissioners by resolution imposed a one percent tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property in the County, including motor vehicles not subject to the sales tax. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the taxes to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. A warrant payable to the County is to be made within five days of the certification.

In 2008, a supplemental sales tax increase of one quarter of one percent (.25%) was passed by ballot issue, effective July 1, 2008. Of the sales tax increase, 50% is allocated to the improvement and construction of county roads and bridges; and 50% for direct senior services including meals on wheels, home health care and transportation.

Proceeds of the tax are credited to the general fund, the motor vehicle/gas tax fund, and the senior services fund. On the governmental fund financial statements, only amounts that are measurable and available at year end are accrued as revenue. Sales and use tax revenue for 2010 amounted to \$7,354,644 for the general fund, \$938,747 for the motor vehicle/gas tax fund and \$938,747 for the senior services fund.

NOTE 8 - RECEIVABLES

Receivables at December 31, 2010, consisted of taxes, accounts (billings for user charged services), special assessments, accrued interest, loans and intergovernmental receivables arising from grants, notes entitlements and shared revenue. All intergovernmental receivables have been classified as "due from other governments" on the financial statements. Receivables have been recorded to the extent that they are measurable at December 31, 2010.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 10 - CAPITAL LEASES - LESSEE DISCLOSURE

The County has entered into capitalized leases for land, building, equipment, and furniture and fixtures. Each lease meets the criteria of a capital lease as defined by Statement of Financial Accounting Standards Board No. 13, "Accounting for Leases", which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. For governmental funds, new capital leases are reflected in the accounts "capital outlay" and "inception of capital lease" in the funds which will be making the lease payments. Capital lease payments are reflected as debt service expenditures in the financial statements for the governmental funds and as a reduction of the liability in the enterprise funds. The Memorial Hospital fund capital assets consisting of land, buildings, equipment, furniture and fixtures have been capitalized in the fund in the amount of \$4,179,702.

These amounts represent the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded in the enterprise funds. Principal payments in 2010 totaled \$11,322 in the Memorial Hospital fund.

As of December 31, 2010, there was no balance outstanding.

NOTE 11 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service, standard work week, and department policy. All accumulated, unused vacation time is paid upon separation from the County. County employees who have ten or more years of service are paid upon eligible retirement (under OPERS and STRS Ohio guidelines) for one-fourth of the value of their accumulated, unused sick leave up to a maximum of thirty days.

B. Employee Health Insurance

The County provides employee co-pay medical/surgical benefits through Anthem, a preferred provider organization (PPO) selected by the County Employees Benefits Consortium of Ohio (CEBCO). CEBCO's rates are tiered for single, two party, and family households. The County's portion is paid from the fund from which the employee's salaries are paid. Under the fully insured program, there is no deductible for PPO network providers, and a \$300/\$600 per year single/family deductible for non-network providers.

Union County Memorial Hospital provides medical, surgical, dental, and vision benefits through a self insurance program. Under the program, Hospital employees share in the cost of their insurance coverage. Their portion of the cost is determined by the plan selected, single or family, and the co-pay associated with that plan. Claims under the plan are administered by the Hospital's third-party administrator.

All general obligation bonds are supported by the full faith and credit of Union County. General obligation airport bonds and building renovation bonds are presented as a liability in the governmental type activities and are payable from unvoted property tax revenues to the extent that other resources are not available to meet annual principal and interest expenditures.

2009 various purpose refunding bonds

On June 1, 2009, the County issued general obligation bonds (2009 various purpose refunding bonds) to advance refund the callable portion of the of the 1998 building renovation bonds (callable principal \$1,765,000), to advance refund the callable portion of the 1998 sheriff facility bonds (callable principal \$1,745,000) and to provide funds to retire the Main Street bond anticipation note (\$3,000,000). The balance of the refunded 1998 building renovation bonds and the 1998 sheriff facility bonds at December 31, 2010 are \$1,490,000 and \$1,605,000, respectively.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 12 - LONG-TERM OBLIGATIONS - (Continued)

The issuance proceeds of \$3,545,100 were used to purchase securities which were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt.

The refunding issue is comprised of serial bonds, par value \$6,470,000. The bonds bear interest rates ranging from 2.25% to 4.50% and mature on December 1, 2024. These bonds are general obligation bonds for which the full faith and credit of the County is pledged for repayment.

The reacquisition price exceeded the net carrying amount of the old debt by \$35,100. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt. This advance refunding was undertaken to reduce total debt service payments over the next nine years by \$500,515 and resulted in an economic gain of \$343,300.

2002 London Avenue building bonds

The London Avenue Building sales tax receipt bonds require principal payments from December 1, 2005 through December 1, 2012. The bonds maturing after December 1, 2012 are subject to redemption at the option of the County, either in whole or in part, in such order as the County shall determine, on any date on or after December 1, 2012, at a redemption price equal to 100% of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

<u>Redemption Dates</u>	<u>Redemption Prices</u>
December 1, 2012 and thereafter	100 percent

Mental Health Recovery Board mortgage

The Mental Health and Recovery Board of Union County (ADAMH) entered into a mortgage loan agreement for the acquisition of housing for homeless and at risk of being homeless persons. The twenty-year mortgage loan is presented as a liability and is payable from un-voted property tax revenues to the extent that other resources, in the form of grants and rent charges, are not available to meet principal and interest expenditures. Principal and interest payments are reflected as principal retirement and interest expenditure in the ADAMH special revenue fund.

Compensated absences - The compensated absences liability will be paid from the fund from which the employees' salaries are paid. The fund primarily responsible for payment of compensated absences is the general fund for governmental activities.

2010 Central Ohio Youth Center general obligation bonds

During fiscal year 2010, the County issued bonds on behalf of COYC. The issuance proceeds of \$920,000 will be used to make various improvements to the COYC. The bonds bear interest rates ranging from 1.30% to 4.60%. The County has agreed to issue the bonds for the COYC; however, the relationship between the County and the COYC has remained unchanged. The County has no more fiscal control over the COYC than they have had in the past.

All general obligation bonds are supported by the full faith and credit of Union County. General obligation hospital bonds are presented as a liability in the business-type activities and are payable from unvoted property tax revenues to the extent that operating resources of the Hospital are not available to meet annual principal and interest expenditures.

The Memorial Hospital general obligation bonds include serial and term bonds. The term bonds have annual mandatory sinking fund redemption requirements and there are optional redemption provisions for the serial bonds. The term bonds mature on December 1, 2014 (\$1,850,000), 2019 (\$2,420,000), and 2024 (\$3,135,000) at a redemption price equal to 100% of the principal plus accrued interest to the redemption date. The serial bonds maturing on or after December 1, 2009, are subject to early redemption, at the sole option of the County. In 2005, \$8,195,000 was refunded by the 2005 bonds.

2003 Memorial Hospital bonds

The Memorial Hospital bonds require principal payments from December 1, 2004 through December 1, 2033. The bonds maturing after December 1, 2013 are subject to redemption at the option of the County, either in whole or in part, in such order as the County shall determine, on any date on or after December 1, 2013, at a redemption price equal to 100% of the principal amount redeemed plus, in each case, accrued interest to the date fixed for redemption.

2005 Memorial Hospital refunding bonds

The Union County Memorial Hospital refunding bonds, with an original issue of \$9,850,000, were issued to advance refund the Hospital's 1996 and 1999 general obligation bonds. The bonds are presented as a liability in the enterprise fund and are payable from un-voted property tax revenues to the extent that operating resources of the Hospital are not available to meet annual principal and interest expenditures. The refunding bonds defeased in-substance \$1,655,000 of the 1996 general obligation bonds and \$8,195,000 of the 1999 general obligations bonds. The aggregate reduction in debt service between the refunding and refunded debt is \$143,317 for the 1996 bonds and \$577,260 for the 1999 bonds. The present value of the combined annual savings created by this refunding amounts to \$361,839.

2007 Memorial Hospital refunding bonds

The Union County Memorial Hospital refunding bonds, with an original issue of \$9,750,000, were issued to advance refund the Hospital's 2003 general obligation bonds and pay off the Hospital's 2006 tax general obligation notes. The refunding bonds defeased in-substance \$4,360,000 of the 2003 general obligation bonds and paid off \$3,635,000 in tax general obligation notes.

2009 Memorial Hospital bonds

During 2009, the Union County Memorial Hospital issued \$4,000,000 of Build America Bonds. These bonds bear an interest rate of 4.72% and mature on January 1, 2015. The bonds were issued to finance the acquisition of property.

2010 Memorial Hospital facilities revenue bonds

During 2010, the Union County Memorial Hospital issued \$2,750,000 of Build America Bonds. These bonds bear an interest rate of 1.847%. At December 31, 2010, the hospital has drawn \$1,002,109 of the bonds with the remainder to be drawn in 2011. The bonds were issued to finance the acquisition of an electronic medical records system for the hospital.

NOTE 12 - LONG-TERM OBLIGATIONS - (Continued)

Compensated absences - The compensated absences liability will be paid from the fund from which the employees' salaries are paid. The funds primarily responsible for payment of compensated absences are the general fund (governmental activities) and Memorial Hospital fund (business-type activities).

Capital lease obligations - will be paid from the fund that maintains custody of the related assets. See Note 10 for more detail.

OWDA Loan

The County has entered into debt financing arrangements with the Ohio Water Development Authority (OWDA) to fund construction projects. The amounts due to the OWDA are payable from sewer revenues. The loan agreements function similar to a line-of-credit agreement. At December 31, 2010, the County has outstanding borrowings of \$458,679. The loan is not closed as of December 31, 2010, therefore, no amortization schedule is presented.

The County has pledged future sewer revenues to repay OWDA loans. The loans are payable solely from sewer fund revenues and are payable through 2014. Annual principal and interest payments on the loans are expected to require negative 154.58 percent of net revenues and 9.31 percent of total revenues. Principal and interest paid for the current year were \$25,130, total net revenues were negative \$16,257 and total revenues were \$269,883.

E. Legal Debt Margin

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors should not exceed one percent of the total assessed valuation of the County. The code further provides that the total voted and un-voted net debt of the County less the same exempt debt should not exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

NOTE 12 - LONG-TERM OBLIGATIONS - (Continued)

The effects of the debt limitations described above at December 31, 2010 are an overall debt limit of \$23,758,212 and an un-voted debt limit of \$6,044,869.

NOTE 13 - CONDUIT DEBT OBLIGATIONS

During 1999, the County served as the issuer of \$2,000,000 in Pleasant Valley Joint Fire District serial and term bonds. The proceeds were used by the Pleasant Valley Joint Fire District to fund the construction of a fire house. These bonds do not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit to taxing power of the County pledged to make repayment. As of December 31, 2010, \$1,190,000 of conduit debt remained outstanding.

NOTE 14 - FEDERAL FOOD STAMP PROGRAM

The County's Department of Jobs and Family Services distributes federal food stamps through the department as well as through contracting issuance centers to entitled recipients within Union County. The receipt and issuance of these stamps have the characteristics of federal "grants", however, the Department of Jobs and Family Services merely acts in an intermediary capacity.

In 2006, the Ohio Department of Jobs and Family Services implemented the "Direction Card". The Direction Card is used by beneficiaries to access their food stamp benefits. This is a "debit" type card that uses the software application known as the Electronic Payment Processing Information and Control System (EPPIC).

NOTE 15 - NET PATIENT SERVICE REVENUE

Union County Memorial Hospital provides to certain patients covered by various third party payor arrangements that provide for payments to the Hospital at amounts different than its established rates. Gross patient service revenue and the allowances to reconcile to net patient service revenue for the year ended December 31, 2010, are as follows:

Gross patient service revenue	<u>\$ 142,927,860</u>
Less third party allowances:	
Contractual allowances	(62,794,170)
Provision for bad debt	(4,919,808)

Boiler and Machinery

- \$100,000,000 each accident

Deductible: \$2,500 each on every loss and/or claim and or occurrence.

The Mental Health and Recovery Board has property and liability insurance with Philadelphia Insurance Company for eight complexes. Building and personal property coverage ranges from \$2,000 to \$810,000 with \$250 deductibles. Each complex has a \$1,000,000 general liability policy.

The Board of Developmental Disabilities has a professional liability insurance policy with coverage of \$1,000,000 per occurrence, and \$3,000,000 in the aggregate.

The Union County Airport Authority has a property insurance policy with CORSA and a liability insurance policy through Old Republic Insurance. The airport premises has a \$5,000,000 limit. Airport hangars have a \$1,000,000 limit.

For 2010, the County participated in the County Commissioners Association of Ohio Service Corporation, a worker's compensation group rating plan (the Plan), an insurance purchasing pool (See Note 2). The Plan is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers' compensation experience of the participating counties is calculated as one experience and a common premium rate is applied to all counties in the Plan. Each county pays its workers' compensation premium to the State based on the rate for the Plan rather than the County's individual rate. In order to allocate the savings derived by the formation of the Plan, and to maximize the number of participants in the Plan, the Plan's executive committee annually calculates the total savings which accrued to the Plan through its formation. This savings is then compared to the overall savings percentage of the Plan. The Plan's executive committee then collects rate contributions from or pays rate equalization rebates to the various participants. Participation in the Plan is limited to counties that can meet the Plan's selection criteria. The firm of Comp Management, Inc., provides administrative, cost control, and actuarial services to the Plan. Each year, the County pays an enrollment fee to the Plan to cover the costs of administering the program.

The County may withdraw from the Plan if written notice is provided sixty days prior to the prescribed application deadline of the Ohio Bureau of Workers' Compensation. However, the County is not relieved of the obligation to pay any amounts owed to the Plan prior to withdrawal, and any County leaving the Plan allows the representative of the Plan to access loss experience for three years following the last year of participation.

The Union County Memorial Hospital is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Union County Memorial Hospital self-insures for employee medical coverage up to \$50,000 per individual with stop loss policy for claims in excess of \$100,000 per employee or total claims in excess of \$3,968,000. Claims charged to operations when incurred were approximately \$4,002,000 and \$3,873,000 for the years ended December 31, 2010 and 2009 respectively. The Hospital also self-insures for worker's compensation. The Hospital has a \$500,000 per claim stop loss policy with a private insurance carrier for worker's compensation.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 17 - RISK MANAGEMENT - (Continued)

The Hospital is insured against medical malpractice claims under a claims-made-based policy. The policy covers claims resulting from accidents that occurred during the policy terms, regardless of when the claims are reported to the insurance carrier. Under the terms of the policy, The Hospital bears the risk of the ultimate costs of the individual claim exceeding \$1,000,000 or aggregate claims exceeding \$3,000,000 for claims asserted in the policy year. In addition, the Hospital has an umbrella policy with an additional \$5,000,000 in coverage.

The liability for unpaid claims costs is determined by actuarial estimates of the amounts needed to pay prior and current-year claims. The \$455,700 claims liability is reported as part of the accrued wages and benefits in the Memorial Hospital enterprise fund at December 31, 2010, and is based on the requirements of Governmental Accounting Standards Board Statement No. 30, which requires that a liability for claims be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Hospital's claims liability amount in 2010 and the prior two years are as follows:

	Balance at Beginning <u>of Year</u>	Current Year <u>Claims</u>	Claim <u>Payments</u>	Balance at End <u>of Year</u>
2008	\$ 395,460	\$ 3,801,050	\$ 3,787,000	\$ 409,510
2009	409,510	3,874,200	3,873,000	410,710

NOTE 18 - PENSION PLANS

A. Ohio Public Employees Retirement System

Plan Description - The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the Traditional Pension Plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan. While members in the State and local divisions may participate in all three plans, law enforcement (generally sheriffs, deputy sheriffs and township police) and public safety divisions exist only within the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 18 - PENSION PLANS - (Continued)

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For 2010, member and contribution rates were consistent across all three plans. While members in the State and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the Traditional Plan. The 2010 member contribution rates were 10.00% for members in State and local classifications. Public safety and law enforcement members contributed 10.5% and 11.1%, respectively. The County's contribution rate for 2010 was 14.00%, except for those plan members in law enforcement or public safety, for whom the County's contribution was 17.87% of covered payroll.

The County's contribution rate for pension benefits for members in the Traditional Plan for 2010 was 8.50% from January 1 through February 28, 2010 and 9.00% from March 1 through December 31, 2010. The County's contribution rate for pension benefits for members in the Combined Plan for 2010 was 9.27% from January 1 through February 28, 2010 and 9.77% from March 1 through December 31, 2010. For those plan members in law enforcement and public safety pension contributions were 12.37% from January 1 through February 28, 2010 and 12.87% from March 1 through December 31, 2010. The County's required contributions for pension obligations to the Traditional Pension and Combined Plans for the years ended December 31, 2010, 2009, and 2008 were \$4,432,249, \$4,061,434, and \$3,474,611, respectively; 97.40% has been contributed for 2010 and 100% has been contributed for 2009 and 2008. Contributions to the member-directed plan for 2010 were \$41,314 made by the County and \$29,510 made by the plan members.

B. State Teachers Retirement System

Plan Description - Certified teachers, employed by the school and Central Ohio Youth Center for Mental Retardation, and Developmental Disabilities, participate in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing multiple employer public employee retirement system administered by the State Teachers Retirement Board. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 18 - PENSION PLANS - (Continued)

The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code. A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For 2010, plan members were required to contribute 10.00% of their annual covered salaries. The County was required to contribute 14.00%; 13.00% was the portion used to fund pension obligations. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's required contributions for pension obligations to STRS Ohio for the years ended December 31, 2010, 2009, and 2008 were \$120,270, \$114,996, and \$111,111, respectively; 94.06% has been contributed for 2010 and 100 percent for 2009 and 2008.

NOTE 19 - POSTRETIREMENT BENEFIT PLANS

A. Ohio Public Employees Retirement

Plan Description - OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

To qualify for post-employment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have ten years or more of qualifying Ohio service credit. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the healthcare plan are presented separately in the OPERS financial report which may be obtained by writing to OPERS, Attention: Finance Director, 277 E. Town St., Columbus, OH 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The post-employment healthcare plan was established under, and is administrated in accordance with, Internal Revenue Code Section 401(h). State statute requires that public employers fund post-employment healthcare through contributions to OPERS. A portion of each employer's contribution to the Traditional or Combined Plans is set aside for the funding of post-employment health care.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 19 - POSTRETIREMENT BENEFIT PLANS - (Continued)

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2010, local government employers contributed 14.00% of covered payroll (17.87% for public safety and law enforcement). Each year the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for the funding of the postemployment health care benefits. The portion of employer contributions allocated to fund post-employment healthcare for members in the Traditional Plan for 2010 was 5.50% from January 1 through February 28, 2010 and 5.00% from March 1 through December 31, 2010. The portion of employer contributions allocated to fund post-employment healthcare for members in the Combined Plan for 2010 was 4.73% from January 1 through February 28, 2010 and 4.23% from March 1 through December 31, 2010.

The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the post-employment healthcare plan.

The County's contributions allocated to fund post-employment health care benefits for the years ended December 31, 2010, 2009, and 2008 were \$2,288,823, \$2,851,019, and \$3,285,872, respectively; 97.40% has been contributed for 2010 and 100% has been contributed for 2009 and 2008.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Board of Trustees on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates for state and local employers increased on January 1 of each year from 2006 to 2008. Rates for law and public safety employers increased over a six year period beginning on January 1, 2006, with a final rate increase on January 1, 2011. These rate increases allowed additional funds to be allocated to the health care plan.

B. State Teachers Retirement System

Plan Description - The County contributes to the cost sharing, multiple employer defined benefit Health Plan (the "Plan") administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1.00% of covered payroll to the Health Care Stabilization Fund. The County's contributions for health care for the years ended December 31, 2010, 2009, and 2008 were \$9,252, \$8,846, and \$3,644, respectively; 94.06% has been contributed for 2010 and 100 percent for 2009 and 2008.

NOTE 20 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of GAAP, the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements. The statement of revenue, expenditures and changes in fund balance - budget and actual (non-GAAP budgetary basis) presented for the general fund and major special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and the GAAP basis are that:

- (a) Revenues and other financing sources are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures and other financing uses are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis);
- (c) In order to determine compliance with Ohio law, and to reserve that portion of the applicable appropriation, total outstanding encumbrances (budget basis) are recorded as the equivalent of an expenditure, as opposed to a reservation of fund balance for that portion of outstanding encumbrances not already recognized as payables (GAAP basis);
- (d) Investments are reported at fair value (GAAP basis) rather than cost (budget basis); and,
- (e) Advances-in and advances-out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis for the general fund and major special revenue funds are as follows:

Net Change in Fund Balances

	Major Governmental Funds		
	General	County Board of DD	Motor Vehicle and Gas Tax
Budget basis	\$ (47,664)	\$ 1,388,051	\$ (151,770)
Net adjustment for revenue accruals	456,841	33,409	3,511
Net adjustment for expenditure accruals	(69,565)	330,684	(85,884)
Net adjustment for other financing sources/(uses) accruals	285,478	-	-
Encumbrances (budget basis)	508,884	16,420	193,629
GAAP basis	\$ 1,133,974	\$ 1,768,564	\$ (40,514)

NOTE 21 - RELATED PARTY TRANSACTIONS

During 2010, Union County provided facilities; certain equipment, transportation and salaries for administration, implementation and supervision of programs to U-Co Industries, Inc. U-Co Industries, Inc., a discretely presented component unit of Union County reported \$188,686 for such contributions. U-Co Industries, Inc. recorded non-operating revenues at cost or fair market value as applicable, to the extent the contribution is related to the vocational purpose of the workshop.

NOTE 21 - RELATED PARTY TRANSACTIONS - (Continued)

During 2010, the County provided the Union County YMCA with use of a County-owned gymnasium free of charge. The estimated value of rent is less than \$1,000 annually.

During 2010, the County provided rent-free office space to Children, Inc. Children, Inc. constructed a building on County-owned land, adjacent to the Union County DD Board. The value of annual rent is estimated at \$85,000.

During 2010, the County provided the Union County Council for Families and Children First with use of office space at the London Avenue facility free of charge. The estimated value of rent is less than \$4,860 annually.

NOTE 22 - CONTINGENT LIABILITIES

The County has received federal and State grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial. Several other claims and lawsuits are pending against the County. In the opinion of the County Prosecuting Attorney, any potential liability would not have a material effect on the financial statements. Union County Memorial Hospital is involved in various lawsuits and claims that arise in the normal course of business. In the opinion of management, these claims, individually and in aggregate, are not expected to result in a material adverse effect on the Hospital's financial position or results. Reimbursement for Medicare or Medicaid patients is subject to audit and final settlements by the respective intermediaries. Although these audits may result in some changes in these amounts, they are not expected to have a material effect on the financial statements.

NOTE 23 - U-CO INDUSTRIES, INC.

A. Summary of Significant Accounting Policies

U-CO Industries, Inc. (the "Organization") was organized to give the developmentally disabled citizens of Union County an opportunity for sheltered employment while educating and training these citizens for a position in the competitive job market. To ensure a full spectrum of employment opportunities for these citizens, U-CO industries, Inc. employs other disabled citizens that are not developmentally disabled. The Organization contracts with local businesses and federal agencies for various jobs that can be performed within the production capabilities of the Organization.

Basis of Presentation - The financial statements of the Organization have been prepared in accordance with Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-For-Profit Organizations." Under SFAS No. 117, the Organization is required to report, where applicable, information regarding its financial position and activities according to three classes of net assets: unrestricted net assets temporarily restricted net assets and permanently restricted net assets. When a restriction is met in the same reporting period, the support is recorded as unrestricted in the statement of activities and changes in net assets. The Organization currently has only unrestricted net assets.

Property and Equipment - Property and equipment are carried at cost less accumulated depreciation. Depreciation is provided over the statutory lives of the related assets as allowed by the Internal Revenue Service. Maintenance and repairs are charged to operations when incurred. Renewals and betterments of a nature considered to materially extend the useful lives of the assets are capitalized. When assets are retired or otherwise disposed of, the assets and related allowances for depreciation are eliminated from the accounts and any resulting gain or loss is reflected in income.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 23 - U-CO INDUSTRIES, INC. - (Continued)

Basis of Accounting - The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash Equivalents - For purposes of the statement of cash flows, the Organization considers amounts on hand, in demand deposits and certificates of deposit that are readily available to be cash and cash equivalents.

Accounts Receivable, trade - Accounts receivable consist of amounts due from customers for trade activities. The Organization provides for probable losses on accounts receivable using the allowance method. The Allowance is determined based on management's experience and collection efforts. The Organization had immaterial balances in the allowance of doubtful accounts as of June 30, 2010 and 2009.

Inventory - Inventory is stated at the lower of cost or market, determined on the first-in, first out (FIFO) method.

Property, Equipment and Depreciation - Property and equipment are stated at cost, if purchased, or at fair value if donated. Major expenditures for property and equipment which substantially increase useful lives of property and equipment are capitalized. Maintenance, repairs and minor renewals are expensed as incurred. Depreciation has been provided using the straight-line method over the estimated useful lives of the assets.

Donated Services - Donated services are recognized as support in accordance with SFAS No. 116, "Accounting for Contributions Received and Contribution Made," if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization.

Federal Income Tax - The Organization is tax exempt under Section 501(c)(3) of the Internal Revenue Code.

Accounting for Uncertainty in Income taxes - The Financial Accounting Standards Board ("FASB") has issued Interpretation No. 48 ("FIN 48"), which clarifies generally acceptable accounting principles for recognition, measurement, presentation and disclosure relating to uncertain tax positions. FIN 48 applies to business enterprises, not-for-profit entities, and pass-through entities, such as S corporations and limited liability companies. As permitted by FIN 48 (as amended), the Organization has elected to defer the application of FIN 48. For financial statements covering periods prior to fiscal year 2010, the Organization evaluates uncertain tax positions in accordance with existing generally accepted accounting principles and makes such accruals and disclosures as might be required there under. The Organization doesn't anticipate that the provisions of FIN 48 will have any significant impact on its financial statements.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and a liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition - Product revenue is recognized when the product is shipped and support when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of other assets is transferred to the organization and are measured at their fair values.

NOTE 23 - U-CO INDUSTRIES, INC. - (Continued)

Fair Value Measurements - The Financial Accounting Standards Board (“FASB”) has issued FAS 157, Fair Value Measurements, which establishes a single definition of fair value and a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. FASB Staff Position FAS 157-b delays the effective date of FAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis, to fiscal years beginning after November 15, 2008. As a result, the Organization has only partially adopted FAS 175 during 2010. Major categories of assets and liabilities that are measured at fair value for which the entity has not applied the provisions of Statement 157 consists of property and equipment.

B. Inventory

Inventory is comprised of the following as of June 30:

	<u>2010</u>	<u>2009</u>
Raw materials	\$ 364,076	\$ 329,738
Finished goods	170,320	77,805
Inventory obsolescence reserve	<u>(7,500)</u>	<u>(25,000)</u>
Total inventory	<u>\$ 526,896</u>	<u>\$ 382,543</u>

C. Note Payable

During the year ending June 30, 2008, the Organization purchased a new facility in Marysville, Ohio. The Organization was financed with a \$2.5 million bond through Union County that was purchased by Park National Bank. The total financing was reduced by a payment from the Union County Board of Developmental Disabilities (UCBDD) in December 2007. The mortgage note is payable in monthly installments of \$17,027, including interest at 5.08% as of June 30, 2009, through 2017. The building’s fair market value was estimated to approximate the note assumed. The note is secured by the land and building.

The minimum principal payments on the note payable at June 30, 2010 due in each of the next five years and thereafter are as follows:

<u>Year Ended</u> <u>December 31,</u>	<u>U-CO Industries Debt</u> <u>Principal</u>
2011	\$ 158,785
2012	167,042
2013	175,728

NOTE 23 - U-CO INDUSTRIES, INC. - (Continued)

D. Deferred Lease

As noted on the prior page UCBDD paid a portion of the loan with Park National Bank on behalf of the Organization. The payment is considered a prepaid lease payment by UCBDD. The lease payment will be amortized over ten years based on a ten year lease agreement between UCBDD and the Organization for usage of the new facility. The lease payment is amortized based on monthly installments of \$7,802 through 2017.

The lease payment amortization at June 30, 2010 in each of the next five years and thereafter is as follows:

<u>Year Ended</u> <u>December 31,</u>	<u>U-CO Industries Lease Payment</u>
	<u>Principal</u>
2011	\$ 93,634
2012	93,634
2013	93,634
2014	93,634
2015	93,634
Thereafter	234,082
Total	\$ 702,252

At December 31, 2010, the Union County's financial statements reflect the prepayment of the County's lease in the amount of \$655,435.

E. Related Party

The Organization has an ongoing contractual relationship with UCBDD. As part of that relationship, the Organization leases to UCBDD its adult training and day care facility on a year-to-year basis. The Organization also receives payments from UCBDD for utilities and janitorial services. The lease period ends January 31, 2011. The Organization received payments of \$103,442 and \$84,355 during the years ended June 30, 2010 and 2009, respectively.

Labor and rent donated by UCBDD are handled on an in-kind basis. The value of this in-kind support was calculated at \$188,186 and \$235,449 for the years ended June 30, 2010 and 2009, respectively, and is comprised of the following:

<u>Description</u>	<u>2010</u>	<u>2009</u>
In-kind labor	\$ 188,186	\$ 221,558
In-kind rent	-	13,891

NOTE 23 - U-CO INDUSTRIES, INC. - (Continued)

F. Concentration of Risk

The Organization provides services to businesses in Union County and Central Ohio. Due to the nature of the Organization's business and the specialization of its workforce, the Organization generally conducts most of its business with fewer than ten customers. Credit risk with respect to trade receivables consists of reliance on these businesses as the Organization extends credit to its customers in the ordinary course of its business. One customer in the automotive industry accounted for 99% of the Organization's sales, accounts receivable, and accounts payable for the years ended June 30, 2010 and 2009.

The Organization places its cash in accounts with financial institutions that are insured through the Federal Deposit Insurance Corporation up to \$100,000 as of June 30, 2009 and \$250,000 as of October 3, 2009. At June 30, 2010 and 2009 and at various times during the year the Organization had on deposit funds in excess of insured balances.

G. Board Designated Cash

Surplus cash has been presented on the statement of financial position as board designated. The Board has determined that this amount is not to fund current operation without the Board's specific approval. In the statement of activities and changes in net assets, transfers represent the change in surplus cash that the Board has designated as Board Designated.

H. Contingencies

During 1998, the Organization entered into an agreement with the Ohio Department of Developmental Disabilities for the funding of a facility in Marysville. The agreement was amended in June 2008 to assign the contract to the new Square Drive facility. The Organization becomes liable for the remaining obligation on a \$273,830 note, if, prior to the expiration of the fifteen year note term, the Organization ceases to use the facility for developmentally disabled services. The note obligation is reduced each month beginning October 31, 1998 by \$1,521 (the original principal divided by the total number of months). As of June 30, 2010 and 2009, the Organization was in compliance with the agreement and no obligation has been recorded in the financial statements. The remaining contingent obligation at June 30, 2010 and 2009 was \$59,329 and \$77,584, respectively.

NOTE 24 - UNION COUNTY AIRPORT AUTHORITY

The Union County Airport Authority (the "Airport Authority") was established according to Section 308.03 of the Ohio Revised Code. The Airport Authority is governed by a six member Board of Trustees appointed by the Union County Commissioners. The County Commissioners budget funds for airport operations and are responsible for the debt and deficits of the Airport Authority. Due to the imposition of will exerted by the County Commissioners as well as the financial burden for the Airport Authority, the Airport Authority is presented separately as a component unit of Union County. The Airport Authority operates on a year ending December 31. The Airport Authority does not issue separate financial statements.

UNION COUNTY, OHIO

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 24 - UNION COUNTY AIRPORT AUTHORITY - (Continued)

A. Basis of Accounting

The Airport Authority follows the accrual basis of accounting, whereby revenues and expenses are recognized in the period earned or incurred. The measurement focus is on determination of net income, financial position and cash flows. All transactions are accounted for in a single enterprise fund.

The financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental and financial reporting principles. The Airport Authority also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided it does not conflict with or contradict GASB pronouncements. The Airport Authority has the option to also apply FASB guidance issued after November 30, 1989 subject to this same limitation. The Airport Authority has elected not to apply this FASB guidance.

Equipment and Depreciation - Property, plant, and equipment are stated at historical cost (or estimated historical cost) and are updated for the cost of additions and retirements during the year. Depreciation is provided on a straight-line basis over the following estimated useful lives:

<u>Description</u>	<u>Useful Live (In Years)</u>
Land improvements	20
Buildings and improvements	6 - 40
Equipment	5 - 10

A summary of capital assets at December 31, 2010, follows:

Land and construction in progress	\$ 844,248
Depreciable capital assets, net	<u>2,160,297</u>
Net capital assets	<u>\$ 3,004,545</u>

B. Deposits with Financial Institutions

The Union County Treasurer holds the Airport Authority's cash as custodian for the Airport Authority. The Airport Authority's assets are held in the County's cash and investment pool and valued at the Treasurer's carrying amount.

Total Loans		<u>\$ 55,548</u>	<u>\$ -</u>	<u>\$ (27,212)</u>	<u>\$ 28,336</u>	<u>\$ 28,246</u>

The Airport Authority entered into a loan agreement with the County in 2003 with an issue cost of \$220,000. This loan has a 3.80% interest rate and matures in 2011. Principal and interest payments are reflected as principal retirement and interest expenditure in the Airport Authority fund.

The annual requirements to amortize Airport long-term obligations outstanding as of December 31, 2010, are as follows:

<u>Year Ended December 31,</u>	<u>Airport Authority</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2011	\$ 28,336	\$ 1,073	\$ 29,409

NOTE 1 - CONDITIONAL ASSESSMENT OF THE COUNTY'S INFRASTRUCTURE

The County reports its roads and bridges infrastructure assets using the modified approach. The following disclosures pertain to the condition assessment and budgeted versus actual expenditure in 2010 for the preservation of these assets.

The Union County Engineer has implemented a ten year program for road repairs and improvements. The plan changes based upon condition inspections, repair and improvement needs, and budget constraints. Factors considered when evaluating a roadway include time since last surface maintenance, current pavement condition, current and future traffic volume, traffic type, pavement width, geometrics, etc. A general overall pavement condition rating is assigned to sections of roadways as a result of annual visual observations. A numerical rating ranging from 0 to 9 is assigned, with 0 being the lowest ranking and 9 being the highest. The practice of the Union County Engineer is to maintain at least 75% of the mileage of the county highway system at an appraisal rating of 5 or more. The most recent assessment found that 95% of the County roads have a numerical rating of 5 or higher.

Each bridge is evaluated annually based on state law and in accordance with Ohio Department of Transportation (ODOT) requirements. Each bridge is given an ODOT sufficiency rating based upon bridge inspection rating factors. The practice of the Union County Engineer is to maintain a bridge system in the County where at least 85% of the structures have a bridge appraisal rating of 5 or more. The most recent inspections found that 95% of the County bridges have a numerical rating of 5 or higher.

The general overall ratings for roads and ODOT sufficiency ratings for centerline miles and bridges are as follows:

<u>Condition</u>	<u>Rating</u>
Failed	0
"Imminent" Failure	1
Critical	2
Serious	3

UNION COUNTY, OHIO

INDIVIDUAL FUND SCHEDULES
FUND DESCRIPTIONS - PROPRIETARY FUNDS

ENTERPRISE FUNDS

The enterprise funds are used to account for the financing of costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis that are financed or recovered primarily through user charges. The following is a description of the enterprise funds:

Major Enterprise Fund

Memorial Hospital of Union County

Although not a legally separate entity, funds are not co-mingled with the County's treasury but consolidated for annual reporting.

Nonmajor Enterprise Funds

Sanitary Sewer

To account for the operations of the sewer collection system within the County.

Building and Development

To account for fees collected from the general public for building and construction permits.

UNION COUNTY, OHIO

FUND DESCRIPTIONS - AGENCY FUNDS

The agency funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, and/or other governments. The following are the County's fiduciary funds:

Agency Funds

Agency funds are purely custodial (assets equal liabilities) and therefore do not involve the measurement of results of operation. The following are the County's agency funds:

Tax Collection

To account for the collection of various property taxes. These taxes are periodically distributed to local governments in the County including Union County itself.

Central Ohio Youth Center

To account for monies received and expended for a five county joint juvenile detention center for which the Union County Auditor served as fiscal agent.

Five County JDC Debt

To account for monies received and expended for the five county joint juvenile detention center's new construction and renovations.

General Health District

To account for the funds and sub-funds of the Board of Health for which the County Auditor serves as ex-officio fiscal agent.

Soil and Water Conservation District

To account for monies received and expended for the Soil and Water Conservation District for which the County Auditor serves as fiscal agent.

Marriage License

To account for monies collected on each marriage license to be used for a battered spouse program providing by Turing Point and Choices, Inc.

Indigent Counsel and Restitution

To account for court monies ordered reimbursed to the County or subdivision for attorney fees related to cases involving indigent clients.

Domestic Violence

To account for fees collected on each divorce and dissolution case to be used for a battered spouse program provided by Turning Point and Choices, Inc.

County Courts

To account for Clerk of Courts, Probate Court, and Juvenile Court receipts which are distributed to various agencies.

Alimony and Child Support

To account for the collection of alimony and child support payments and the distribution of such monies to the court designated agencies.

Payroll

To account for the payroll taxes and other related payroll deductions accumulated from all funds for distribution to the appropriate government unit and/or organization.

Joint Recreation Board

To account for receipts and expenditures associated with this joint activity among Union County, the City of Marysville and Paris township.

UNION COUNTY, OHIO

COMBINING STATEMENTS - FIDUCIARY FUNDS
(continued)

Housing Trust

To account for the increased funds collected by the Recorder's office in accordance with House Bill 95.

Union County Family and Children First

To account for the revenues and expenditures of the council that administers various social programs within the County.

Other Agency Funds

Smaller agency funds operated by the County funded by miscellaneous sources. These funds are listed as follows:

Medical and Dental Insurance
Ditch

IN FUND BALANCES OF AIRPORT AUTHORITY COMPONENT UNIT FUNDS
TO STATEMENT OF ACTIVITIES

Net Change in Airport Authority Fund Balances \$ (25,979)

Amounts reported for discretely presented component units on the statement of activities are different because:

Governmental type component unit funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays.

Capital asset additions	\$ 210,248	
Current year depreciation	<u>(185,290)</u>	
Total		24,958

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds

Intergovernmental revenues (11,675)

Repayment of bond principal is an expenditure in the governmental type component unit funds, but the repayment reduces long-term liabilities on the statement of activities.

Notes:

Property is assessed every year. The assessed value of real property (including public utility real property) is 35 percent of estimated true value. Personal property tax is assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. Other tangible personal property is assessed at 25 percent for everything except inventories, which are assessed at 23 percent. This is being phased out with a replacement amount provided by the State through 2010.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10%, 2-1/2%, and homestead exemptions before being billed.

For Darby Twp ,this is what is collected in district 7. For other districts in this Township, the rate is 1.60 with an additional 12.5 mills for the Pleasant Valley Fire District which started to be collected for this district in 1995 tax year.

* Also, please note that in 2006 tax rates for Claibourne, Jackson and York the rate does not include the 8.90 mills for the Northern Union County Fire District.

* For 2006 in Washington Township, the rate does not reflect the 4.50 mills for the Southeast Hardin/Northwest Union County Fire District.

The rates represented in this Table represent the original voted rates.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Union County. This process recognizes that, when considering the governments ability to issue and repay long term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the County's taxable assessed value.
