Indictment for being a tramps, and threatening with firearms.

The defendant herein having been heretofore convicted of being a tramps carrying firearms and threatening to kill, was this day brought into court in custody of the sheriff, and informed by the court of the verdict of the jury, and inquired of if he had any thing to say why judgment should not be pronounced against him; and having nothing but what he hath already said:

It is therefore considered and adjudged by the court that the defendant John St. Clair, be imprisoned and confined in the penitentiary of the State, and kept at hard labor, but without any solitary confinement, for the period of two years, and that he pay the costs of this prosecution, for which execution is awarded.

The State of Ohio,

Vs, Ellis Miller

Brief on the motion for new trial,

In regard to the misconduct of the jury we say:

The affidavit of Mr,Fogle and Mr, Rittenhouse shows that there was no communication from the jury room,save a mere communication to Mr,Fogles family,which was in no way connected with the case.

The affidavit of Mr, Schurtzer shows that the only communication that was made orally was one from Schurtzer to Thomas,and that it in no way related to the case.

All that occurred after the jury were in their romm is shown by the affidavits above named. The evidence of the defense only shows that a paper was dropped,and some one talked.This is all explained,and shows that nothing to the prejudice of the defendant. took place.

----------X --------

J Miller

John Lloyd who is a cousin by marriage, testifies that he heard L,K,Drake one of the jurors,say at Reed and Buts livery stable,on the 6 or 7 day of the trial that he had known Miller for a long time and that he had never known any good of him &c,
It turns out that Lloyd is not only a man of bad reputation,but that his made up story does not fit the juror whom he tries to implicate,for the reaso that it is shown by the affidavits of both Drake and Reed that Drake was not at the livery stable after the secod day of the trial and then he went on a hasty errand,and did not talk about the case &c, But the important part of Drakes affidavit is that he did not know Miller at all and never saw him until the day the trial was called. So Lloyds made up story does not fit the juror at all,but it shows something of the character of the evidence that has been collected to impeach the integrity of the jury and obtain a new trial. Drake positively denies ever having the conversation with Lloyd,or of talking about the case.

In regard to the affidavit of Mr,and Mrs Herd who try to implicate J,P,Crowder,we call attention to the fact that Mrs,Herd does not claim to have had any talk with Mr,Crowder and all she shows is that she was present when her husband talked to him In the first place if all is true that is claimed by Herds it would not show any thing to the prejud ice of the defendant, But it is not all true. It is shown by the affidavits of Mr, Crowder and his brother-in-law John Smith taht Herd did take advantage of a kindness of Mr,Crowder to get an ppportunity to talk about the case and that he was promptly stopped by the juror. Mr, Crowder who is not impeached denies Herds statement,and Herd afterwards told Mrs, Cochran that he had been mistaken and that he had been talking to Mrs,Crowder and not to the juror.

It was impossible for Mr,Crowder to keep Herd from beginning his talk,but the prompt manner in which he surpressed him goes to show that the juror fully understood his duty and was doing it and that nothing to the prejudice of the defendant occurred by any thing that was said by Herd.

---------X---------

This brings us to the main question,to wit;was there such misconduct on the part of the juror Frank Schmits as should be grounds for a new trial, It is aaid that the reason that the court instructs the jury not to hold conversation about the case is that all the evidence that goes to them should go in the hearing of the court and that they should not after having been sworn listen to unsworn or irresponsible counsels, (See 2 0, S, 80,) In the case of Frank Schmits one peculiarity of the evidence is that in all the mass of affidavits from people of bad reputation there is no one that shows that Schmits recieved any information whatever from any one or that any thing was said to him that would or could possibly influence his conclusions as a juror;None of the parties that claim to have heard him speake about the case, can or do show that any one gave him any counsel,or information.

The affidavits of Hannawalt, Thompson and Long, are the anly ones given in the case as against Schmits, thaht are from persons of good reputation, and they may all be dismissed with the remark that they in no way show any prejudice to the defendantbut on the contrary, raise the question why, if Schmits was talking so freely about the case he did not say more to these men who can tell the truth? Why should he hunt up the biggest liars in the country to tell them that Miller ought to be hanged?

There is another peculiarity of the evidence given by the several witnesses against Schmidts, and that is they each one refrain from saying that they were talking to him or from giving the names of any one that did talk to him. Doubtless the reason they do not say that they talked to him is that they were afraid they might get into trouble, for talking to a ~~xix~~ juror.

Cyrus Harris says: Passing Whartons Boarding House and several persons were talking, they were strangers to me

Jacob Debolt says: Some person then and still unknown to affiant

Dick Harris Says: Heard Schmits talking to some person then and still unknown.

George Davis of Marysville says: A number of persons were standing around &c,

Robert Breaston is made to say: "In reply to what some one else said."

G,D,Davis uses the same words as Breaston," In reply to what some one else said"

Ed Walters and wife do not claim to have been talking to the juror but that he went out of his way to give them pain. and tell them that Mrs, Walters brother must hang.

In the conversation claimed to have been had at Fields corner near the drug store,all three of the witnesses,use precisely the same language,and yet Breaston swears he was not there,and did not see George Davis of Marysville on that day,and it is proven that the alledged G,D,Davis was at the time 40, miles away shearing sheep. how does it come that they use the same language as George Davis of Marysville?

Several of the persons that gave affidavits,say that the juror wore low light shoes,Breaston says the same thing and yet he says, in a leter affidavit that he did not,see any juror on that day, and was not in the court room. How does it come that the jurors dress was so particularly noticed,

No witness that tetifies against Mr, Schmit has a good reputation,It is true that some affidavits are filed sustaining them, but on the other hand ther are affidavits on file from good citizens that their reputation is not good.

And we ask the court most earnestly to consider the nature of the evidence introduced. Hundreds of people attemded the trial every day, and if the juror was talking, why did he not talk to some one that had character the could not be attacked.? Why was it that he went to meals with Mr,Gassiday and Mr,Schurtzer and was with them during the trail,boarded at the same boarding house,and yet never mentioned the meritd of the trial in their presence,why did he go b home to his brother and sister,and never say one word about the case,? Why did he say in the presence of the two jurors,when the man commenced to talk about the case, that,they were jurors and under instructions from the court not to talk about the case,and request the man to stop talking which he did?

There is an other and most important matter, to be considered and that is the affidavit of Mr, Schmits himself, he most earnestly denys talking about the case, and says he tried to do his duty.

He is a young man of character, and has sufficient intelligence to cause the proper officers to send in his name as a regular juror, He is wholly unimpeached and unimpaired, He has the best means of knowing what he said and did not say. Every one that gives testimony against him, say he was a stranger to them and they could easily be mistaken or imposed upon, they asked his name and were told, Did they learn the truth? If a new trial is granted what hope is there of justice for the great wrong that has benn The jury cannot be kept together, and as often as a verdict is rendered cannot they get the same same, testimony again.

There is another point in the case that we call attention of the court to and that is that, almost all the evidence has been directed against young Schmits, as the one most likely to assailed , and they all say he kept declaring during the trial that, Miller must hang, and yet when they went out to the jury room and took a vote, the jury stood 7 for first degree and three, for 2, degree, and two ~~for manslaughter~~ Blunk, and young Schmits was one of the three that voted for 2, degree. It would seem from the affidavits on file that Schmits would hasten to the jury room and be vehement for first degree, but we find that while a majority of the jury stand for first degree on the first ballot one of the most conservative men on the jury is young Schmits, Can the court find then that he has failed to give the defendant a fair trial. ?

Mr, Schmits was in the presence of the court for I6 days and his conduct came in part under the personal observation of the cour and we submit whether there was ny thing in his conduct to show that he was not doing his whole duty, as a juror

In the case of The State of Ohio, Vs, Isaac White tried by this court a question was raised far more important than the one at bar. Samuel Church was called as a juror and when asked if he had formed or expressed any opinion in the case said he had not. After the trial was over a motion was made for a new trial on the grounds that said Church had not answered truly when he said he had not formed an opinion in the case. Seven witnesses that were unimpeached swore that at the table while taking meals said Church had expressed an opinion that White ought to hang &c, Other witnesses swore to the same effect; but said Church made his affidavit that he had no such conversations, and this court held first, that there was such similarity in the affidavits of the witnesses that testified as to the conversation at the table that it raised a suspicion against them. Secondly that as the juror who appeared to be candid had made denial the court would take his statement, and overrule the motion for new trial. This case was taken to the ~~Supreme~~ ~~Court~~ Circuit Court and the ruling of this court was there affirmed.

In the case at bar there is not only a marked similarity in the language used by the witnesses, but they are all impeached to some extent.

We claim on the whole that the defendant has had a fair trial and that the motion for a new trial should be overruled

The State of Ohio, Paris Township, Union County Ohio.

An inquest by the undersigned, held on the 23" day of January A. D. 1890, in the Office of the Clerk of the Court, in the Court House in said township, in regard to the decease of Mrs. Emma Johnson, who was supposed to come to her death by violence.

The following is the testimony of the witnesses then and there examined before me: There was first read the ante-mortem statement of Mrs. Emma Johnson, by E. W. Porter, Prosecuting Attorney of Union County Ohio, which was as follows, towit:

"Mrs Emma Johnson being sworn makes oath: That on yesterday, January 16"- Thursday- 1890. I was on my way from my home to Henry Kennedy's at about four o'clock P. M., and when I was on the pike near Ellis Miller's house, he came out to the road and asked where Ellen and Donnie were. I said, they are up to Kennedy's. He said "yes" and got out his revolver and flourished it around, and I grabbed hold of his arm and found that had the revolver, and begged him not to kill me. He then slipped back a little and said, "you knowed where she was all the time". He said "I don't want to hurt you Em." I said, well for God's sake don't hurt me. He said "go here"- after I had started on- and I heard the report of the pistol and saw the flash, and I instantly felt numb all over and felt myself falling down, but did not know when I struck the pike. I soon knew I could not move a muscle, and the little shawl that was on my head blew over my face and nearly

smothered me. I heard Miller muttering as he left me, about what he had done, and could hear him walking back to the house. After a while I could hear him at my house quarrelling with Mr. Johnson, my husband, and that they were talking awfully loud and were swearing, and could almost hear what they were saying. Miller was eight or ten feet from me when he shot me in the neck on the left side at the back part of the big muscle near the spinal column. At the time he shot me he said nothing that I could distinguish. O yes! he said after he saw me fall; "there, I told them what I would do with them!" In the morning, at about 10 or 11 o'clock he was near his corn-crib, and he hollowed over to me, and wanted to know where Ellen and Dennie were. I says, I don't know where they are now, but they staid all night with us, and left about sun-up. He said, "you are a damned liar, you know all about!" I says I don't know, further than that they left my house. Then he left with a boy that looked about 10 or 12 years old. He was not satisfied, and I saw him coming, and he hollowed at me again and said, "come down here, I want to see you." I said I hear not him now as I am getting dinner, and I went in and shut the door, and I heard him still hollowing to me, and I went out again, and I went down to a log that lies between the garden and the yard and stood there and talked to him, while he stood at the lower end of the garden outside the fence. "He again said where is Ellen and Dennie? and called me a damned liar when I told him. I turned my back to him and started, but said to him, "Ellen said to me that she did

not intend you to see her any-more." He said, "there are some men and women in this country that are going to catch hell." This was in the presence of the boy—Jeff Mattox - who works at Figley's livery stable in Marysville. He then made some remark to the boy that made him break out into a big laugh.

I can not sign the above, because I am unable to move a muscle, but the above has been read to me in the presence of the following list of witnesses, and in their presence I pronounce all the above to be a correct statement as dictated by me.

I make this statement fully knowing my dangerous condition, and under a sense of impending death, and I make it having no hope or expectation of recovering from this wound, which I believe will soon cause my death.

Signed in the presence of Emma Johnson by us, and in the presence of each other, this 17th day of January A. D. 1890.

I had charge of Ellis Mills, the prisoner, when he had his preliminary examination before the Justice. The State of Ohio } In Union County
vs } Court of Common
Ellis Miller } Pleas

The State of Ohio Union County ss.
Jacob Fisk being first duly sworn
deposes and says as follows.
I am 53 years of age and for the
last fifteen years I have been a
resident of Union County Ohio
For the ten years immediately
preceding last April (1891) I was
a resident of Jackson Township
and County.
I spell my name Fisk but I am
frequently called Fisk. My name
has been on the Treasurers books as
Fisk while on the Auditors books it
was Fisk. my neighbors call me
by both names. I have been well
acquainted with the people of said
Jackson Township for more than
ten years and know that there is
no other Jacob Fisk living in
the Township or has been there
during the last ten years.
Last April just after the Spring
Election I moved just over the
line of Jackson Township into
Claybourne Township and Paint
I was told by one of the Trustees
of Jackson Township (I do not recall

that I might just as well go to
Marysville and serve as a juror
as any body and although he did
not say so into many words he
gave me to understand that
my name had been sent in to
serve as a juror. This was con-
trary to what I this I cannot give
the exact date.

I was served by the Sheriff with
a ~~Subpoena~~ Subpoena as a juror in this
case and in good faith appeared
under said Subpoena, and was
called and examined as a juror
and excused for cause

From the fact that I am called
Jacob Fisk so often I am satisfied
I was the real party intended as
a juror. a copy of the summons as
a juror on this action is hereto attached
marked "A."

I am so frequently called Jacob
Fisk that I answer to that name
as readily as to my real name
which as I have said I spell "Fist."

For the first of last April I was
a resident voter of Jackson
Township Yuba County and the
only person of the name of Jacob
Fisk or Jacob Fist in said
Township.

Further saith not.

Indictment for shooting at with Intent to Kill.

Entry.

This day came the Prosecuting Attorney, and the defendant being present in open court and by counsel, this cause came on for trial upon the plea of "not guilty" heretofore entered by the defendant in said cause; and thereupon came a jury, to-wit: — — — — —

who were duly impannelled and sworn to well and truly try, and true deliverance make, between the State of Ohio, and the prisoner at the bar, Edward Dusk, and thereupon the State introduced its evidence to the jury and rested its case.

And thereupon the defendant, Edward Dusk, (by his counsel) asked, and obtained leave to withdraw his plea of "not guilty" to said indictment, and to plead guilty to the second count of said indictment, and thereupon the defendant pleaded that he is guilty in manner and form as he stands charged in the second count in said indictment. And

the prosecuting attorney accepting said plea of guilty, by leave of the court entered a nolle prosequi on the first count of said indictment. And thereupon by the consent of the defendant, in open court, and on his motion, a juror is withdrawn from said panel, and the jury discharged from further consideration of said case.

And thereupon, the defendant being inquired of whether he had any thing to say why sentence should not be pronounced against him, upon his plea of guilty to the said second count of said indictment, and having nothing further to say why sentence should not be pronounced against him, the court order, adjudge, and sentence, the said defendant, Edward Durst, to be imprisoned and confined in the penitentiary of the State and kept at hard labor, but without any solitary confinement for the period of one year, and that he pay the costs of this prosecution, for which execution is awarded.

Motion for Speedy Trial

The State of Ohio Court of Common Pleas
vs Miami County
Frank Sommers Indictment –

The defendant moves the court to set aside the verdict of the jury against him in this case and grant him a new trial for the reasons following
1st Said verdict is against the weight of the evidence
2d The court erred in directing the jury as a point that the prosecuting Atty had not raised against the defendant therein which defts Counsel had no opportunity to speak with the jury &c – On the question of self defence the court charged the jury as to the defendants right when he was in imminent danger of great bodily harm. or in good faith suspend he was. having reasonable grounds for such belief, he might defend himself with a knife. but it must be danger of great bodily harm. not an ordinary assault & battery but some thing more than an ordinary assault & battery which the jury must judge."

This point had not been made & was stated by the court just at the close of the charge & as defendants Counsel believes caused the verdict of guilty

The said Harry Owens, moves the court to quash said indictment by reason of certain defects apparent on the face of the record in this to wit:

The knife mentioned in said indictment is not sufficiently described.

It does not appear from said indictment whether said knife was a bowie knife, dirk, or common pocket knife.

From any thing that does appear from said indictment the knife was only what is commonly called a pocket knife, and it does not appear whether the same was lawful or unlawful.

There is no sufficient discription of the weapon, named.
