THE J. D. SMITH CO., Springfield, Ohio.

We the undersigned being mutually chosen and called upon by John Brown Reuben Brown Joshua Brown and Elizabeth Brown heirs and legatees of John Brown late of Union county Ohio Dec'd to divide a certain tract of land Situate in Wayne county Ohio (being the South west quarter of Section number twenty three (23) in Range number twelve (12) and the North west quarter of Section twenty six (26) in Section (16) in Range number twelve (12) adjoining lands with William Salsbury and others in accordance with the last will and testament of the said John Brown Deceased do hereby certify that we have met on the said premises and Smith as Surveyor being called to our assistance have Proceeded on the eighth and ninth days of May A D 1814 to divide said lands into lots as follows to wit

First Lot beginning at the North west corner of the said South west quarter of Section number twenty three (23) which said corner is marked A on the accompanying Plott and running from thence East along the line on the north side of said quarter Section forty chains and twenty (20) links to the north East corner of said quarter Section marked E on the Plott thence South along the line on the East side of said quarter Section twenty two (22) chains and fifty links to a Post marked F on the Plott thence west Parallel with the line on the north side of said quarter Section ~~forty~~ (40) chains and twenty five links to a corner in the line on the west side of said quarter Section marked B on the Plott thence north along the line on the west side of said quarter Section twenty two (22) chains and fifty links to the Place of beginning containing ninety acres and forty five ~~Hundredths~~ of an acre more or less

Second Lot beginning at the South west corner of the last described lot on which said corner is marked B

on the Platt and running from thence East along the line bounding the South side of the Lot first described forty (40) chains and twenty five links to a corner marked I on the Plat from thence South along the line bounding the East side of said tract of land twenty two (22) chains and fifty links to a corner marked H on the Platt from thence west Parallel with the line on the north side of said Lot forty chains and thirty links to a corner in the line on the west side of said tract of land which said corner is marked G on the Platt from thence north on the line on the west side of said tract of land twenty two (22) chains and fifty links to the Place of beginning containing ninety acres & Sixty two Hundredth of an acre more or less

Third Lot beginning at the South west corner of the Second Lot which corner is marked G on the Plat and running from thence East along the line bounding the South side of the Second Lot forty chains and thirty links to a corner marked H on the Platt from thence South along the line on the East side of said tract of land twelve chains and sixty links to a corner marked J on the Platt from thence west Parallel with the line bounding the South side of the Second Lot forty chains and thirty (30 links to a corner in the line on the west side of said tract of land which said corner is marked D on the Platt from thence north along the line on the west side of said tract of land twelve (12) chains and Sixty links to the Place of beginning containing fifty acres and seventy Seven Hundredths of an acre more or less

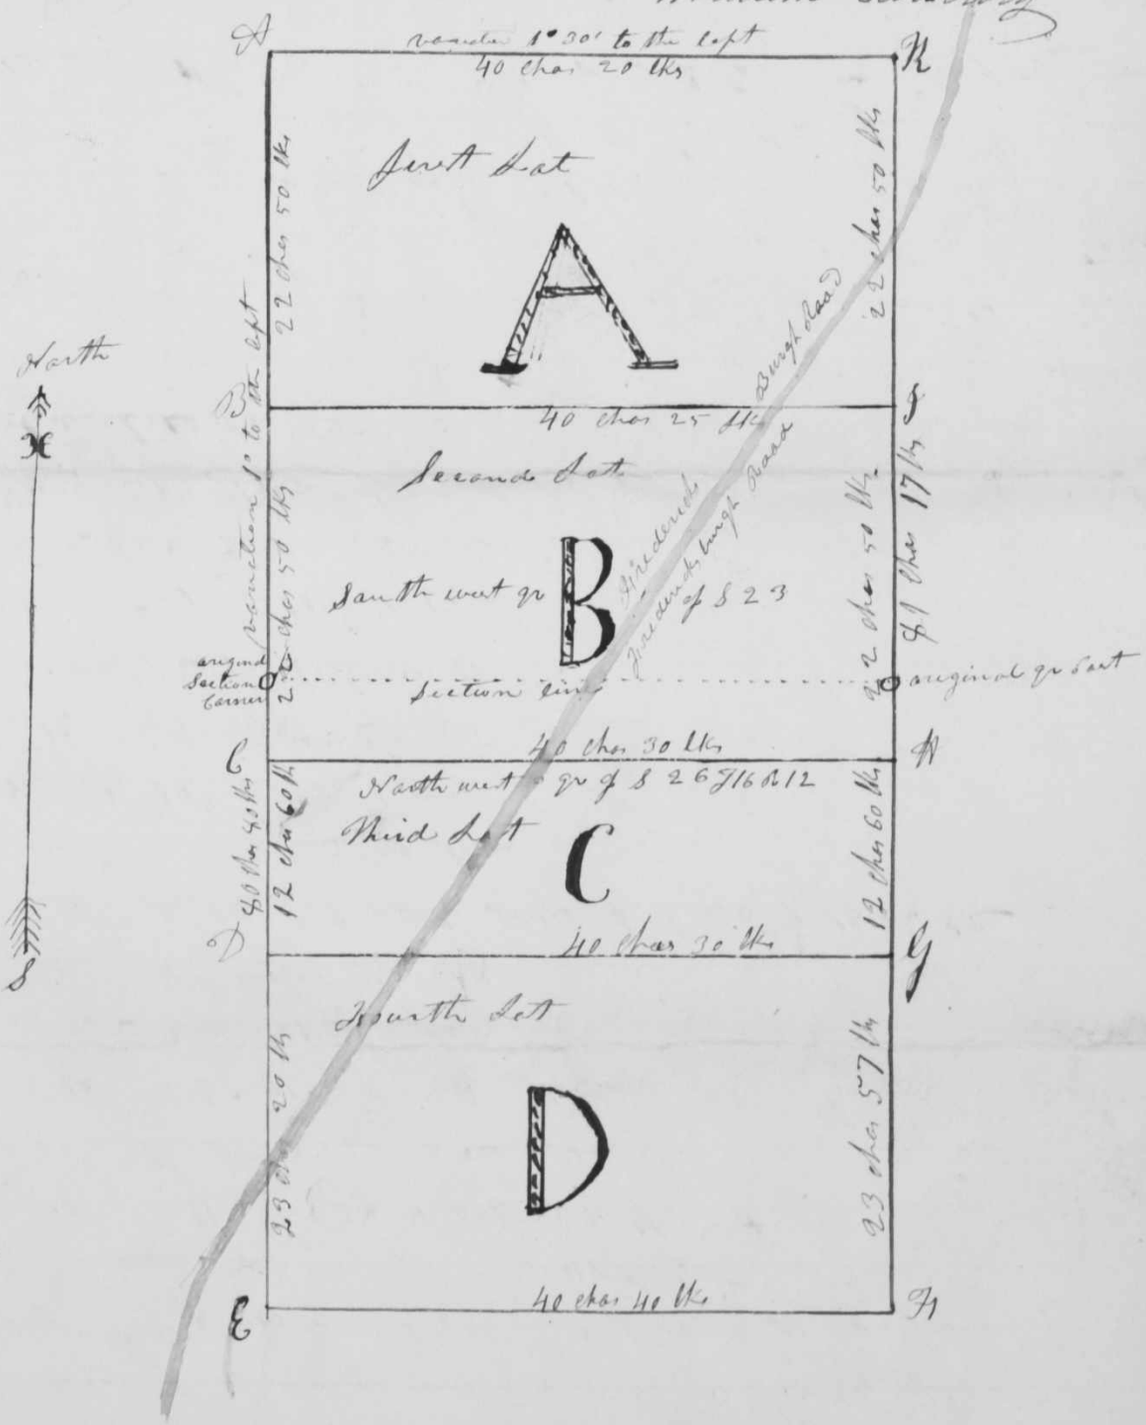

The fourth Lot beginning at the South west corner of the last described Lot which said corner is marked D on the Platt and running from thence East on the line bounding the South side of the third Lot forty chains and thirty links to a corner in the

line on the East Side of Said tract of land which Said corner is marked G on the Plat from thence South on the line on the East Side of Said tract of land twenty three (23) chains and fifty Seven (57) links to the South East corner of Said tract of land which Said corner is marked H on the Plat from thence west along the line on the South end of Said tract of land forty (40) chains and forty links to the South west corner of Said tract of land which Said corner is marked I on the Plat from thence north along the line on the west Side of Said tract of land twenty three (23) chains and twenty links to the Place of beginning containing ninety four acres and thirty three Hundredths of an acre more or less—being in the aggregate three Hundred twenty Six acres and Seventeen Hundredth of an acre including all of the Said four lots or Shares thus shewing an overplus of Six acres and Seventeen Hundredths in Said tract over and above the amount in acres named in the will aforesaid the greater part of which excess or overplus was Stricken off in the fourth lot for the reason that on Said fourth lot we found a number of large Bushy Pines which in our opinion rendered Said fourth lot of less value & therefore left Said fourth lot the largest in Size to make it equal

After Said lots were So divided as aforesaid and the lines Run & corners established the Said Reuben John and Joshua Brown being Present proceeded to Sit on the 9th day of May A D 1844 to Select & make choice of Said lots or Shares Respectively and Reuben Brown having the Preference of choice according to the Said will Selected and made choice of the first lot which lot is marked A on the Plat being the last furthest north in Said tract and containing ninety acres and forty five Hundredth of an acre

John Brown then Proceeded to make choice once Selected & made choice of the Second lot which Said Second lot

is marked B on the Plat and contains ninety (90) acres and sixty two Hundredths of an acre
The third lot was then left for and assigned to Elizabeth Brown which said third lot is marked C on the Plat and contains fifty acres and seventy seven Hundredths of an acre and the fourth lot in said tract was taken by Joshua Brown which said fourth lot is marked D on the Plat and contains ninety four acres and thirty three Hundredths of an acre Given under our hands Emanuel Brown
