Miss Kathryn M. Moore
Peoria,
Ohio.

Dear Miss Moore:

The question of your eligibility to teach music has been referred to me. Enclosed you will find a folder giving requirements for the training necessary for music teachers. Your evaluation slip shows 65 hours of credit with 21 hours in education. This, according to law, would entitle you to take the teachers examination. The High School Standards, however, require four years for this type of work. Inasmuch as there are large numbers of fully trained teachers available it is not necessary, at this time, to employ those who have not met the full training requirements. The Department is not approving them for teaching positions.

Yours very truly,

Edith M. Keller
State Supervisor of Music

July 13, 1932

Mr. F. G. Bittikofer, Supt.
Marysville, Ohio

Dear Mr. Bittikofer:

In response to your letter of July 12, and in accordance with resolutions of your Board of Education accompanying your letter, I will at the proper time authorize the issue of an emergency county certificate to Mr. L. P. Reed for the year 1932-33.

By referring to the letter signed by the president and clerk of your board, however, I find that they have stipulated for the year 1932-34.

It must be understood, that this is for the year of 1932-33 only. Your copy of the board's letter should be corrected in this regard.

You, understand, of course, that it will not be possible for the Union County Board to actually issue an emergency certificate until school begins. At that time, I will be glad to respond to a request from Mr. Bittikofer, Secretary of the County Board, for permission to grant the certificate.

Yealey

I am sending a copy of this letter to Mr. Yealey so that he will understand the circumstances.

Very truly yours,

Frank E. Wilson, Supervisor,
Division of Publications.
