A MESSAGE FROM SHERIFF PATTON

The pandemic has created countless challenges to many organizations throughout the world and the staff members here at the Union County Sheriff's Office have confronted these encounters head-on, providing the continued service our community deserves. In 2021, there have been various tribulations from hiring, overdose deaths and the continued struggles with mental health here in Union County.

Hiring has been a considerable challenge, it's important we find the right fit for this office and our community. In conjunction with filling new positions, we have also had openings from lateral transfers,

promotions, retirements, terminations, and resignations. This movement within the agency can make it challenging, but exciting because of the growth and leadership our staff desire.

Our staff continues to work together to meet the ongoing demands of the pandemic, while working to strengthen the service we provide to the Citizens of Union County. In 2020, at the height of the pandemic, the county had a hiring freeze to assess the true significance of how the pandemic would affect the county. In 2021, the Commissioners' awarded our office two (2) new positions; one (1) School Resource Officer (SRO) for the Dublin Schools located in Union County and one (1) Assistant Communications Director and mid-2021 they awarded us two (2) additional deputy positions.

With agencies throughout the United States having the same hiring challenges, we had to think outside the box and consider what we have to offer applicants other agencies may lack and use this to attract candidates. We began utilizing our website and social media networks for advertising, in conjunction with traveling to various academies to recruit their cadets. Throughout 2021, we visited various peace officer training academies speaking to cadets about the opportunities in Union County, as well as what career paths our Sheriff's Office has to offer a newly hired Deputy Sheriff.

Although we continue to battle these hiring adversities, we have hired great people to serve this community. As your Sheriff, I will make sure we continue to do our due diligence in finding the right fit for not only this agency, but for the community we serve.

The pandemic has been difficult these past couple of years and as a society we have endured many ups and downs. Our office has continued to build many relationships throughout the county to better serve our community. We continue to work diligently in the battle against drugs, partnering with various agencies to make up our Multi Agency Drug Enforcement (M.A.D.E.) Taskforce. We have continued our working relationship with the Union County Mental Health and Recovery Board, to better train our staff and provide more services to those in crisis. Below are areas of concern in Union County we will be focusing on in 2022:

- 1) our total of overdose deaths increased from nine in 2020, to twelve in 2021. Working together is the key for all of us to address the drug use in our county!! Heroin, Fentanyl, Cocaine, Methamphetamine, over the counter and prescription medication have been found in combination in these overdoses.
- 2) our total mental health crisis calls have decreased in 2021, but we have had more suicide deaths in 2021. In 2020, we had eight and 2021 we had eleven. We need to work together to address the mental health crisis in our county!! Our Mental Health and Recovery Board, Dr. Phil and his staff are working tirelessly to help provide resources and funding for our community, through Prevention, Education and community involvement. By partnering together, we can help those struggling with mental health challenges.

We have some of the most dedicated staff working in conjunction with all our partnering agencies addressing these matters. As I mentioned earlier, working together is a must, many hands supporting those in need will preserve our collective efforts to help save lives!!

I hope you find this annual report beneficial and informative.

Respectfully submitted,

Malcum J. "Jamie" Patton

Sheriff Wolfe, age 59, had been elected for a second term of office in January 1982. He was retired from the Ohio State Highway Patrol and was active in many community organizations. HISTORY OF THE SHERIFF

The Office of Sheriff is one of antiquity. It is the oldest law enforcement office known within the common-law system and it has always been accorded great dignity and high trust. For the most part, the Office of Sheriff evolved of necessity. Were it not for laws which require enforcing, there would have been no necessity for the Sheriff. There would have been no need for the development of police administration, criminology, criminalists, etc. This is not the case, however. Man learned quite early that all is not orderly in the universe. All times and all places have generated those who covet the property of their neighbors and who are willing to expropriate this property by any means. As such, man's quest for equity and order gave birth to the Office of Sheriff, the history of which begins in the Old Testament and continues through the annals of Judeo-Christian tradition. Indeed, there is no honorable law enforcement authority in Anglo-American law as ancient as that of the County Sheriff. And today, as in the past, the County Sheriff is a peace officer entrusted with the maintenance of law and order and the preservation of domestic tranquility.

Sheriffs have served and protected the English-speaking peoples for a thousand years. The Office of Sheriff and the law enforcement, judicial, and correctional functions he performs are more than 1000 years old. The Office of Sheriff dates back at least to the reign of Alfred the Great of England, and some scholars even argue that the Office of Sheriff was first created during the Roman occupation of England.

Around 500 AD, Germanic tribes from Europe (called the Anglo-Saxons) began an invasion of Celtic England which eventually led over the centuries to the consolidation of Anglo-Saxon England as a unified kingdom under Alfred the Great, late in the 9th Century. Alfred divided England into geographic units called "shires", or counties.

In 1066, William the Conqueror defeated the Anglo-Saxons and instituted his own Norman government in England. Both under the Anglo-Saxons and under the Normans, the King of England appointed a representative called a "reeve" to act on behalf of the king in each shire or county. The "shire reeve" or King's representative in each county became the "Sheriff" as the English language changed over the years. The shire reeve, or Sheriff, was the chief law enforcement officer of each county in the year 1000 AD. He still has the same function in Ohio in the year 2000 AD.

The concepts of "county" and "Sheriff" were essentially the same as they had been during the previous 900 years of English legal history. Because of the English heritage of the American colonies, the new United States adopted the English law and legal institutions as its owner.

Clearly, the Sheriff is the only viable officer remaining of the ancient offices and his contemporary responsibility as conservator of the peace has been influenced greatly by modern society. As the crossbow gave way to the primitive flintlock, the Sheriff is not unaccustomed to change. But now, perhaps more than ever before in history, law enforcement is faced with complex, moving, rapid changes in methodology, technology, and social attitudes. As Thomas Jefferson wrote in his THE VALUE OF CONSTITUTIONS, "the Office of Sheriff is the most important of all the executive offices of the county."

The office of Sheriff is certainly significant and was in fact the first county office established in the United States. Some very outstanding Americans have held the office of County Sheriff from the earliest days down to our present era. George Washington's father was an early Sheriff in Colonial Virginia. The history of the position and functions of a Sheriff, prior to establishment of the position in America, can reportedly be traced to provisions of the Magna Carta in England, in the year 1215.

INTRODUCING NEW BICYCLE PATROL UNIT

The Union County Sheriff's Office would like to introduce the new Bicycle Patrol Unit within the Patrol Division. In July, four Public Safety Officers (PSO) assigned to Jerome and Millcreek Townships attended a week-long training that provided them with the necessary skills, confidence, and knowledge to safely patrol our neighborhoods on bicycles. The training included bicycle safety, handling, basic road riding skills, slow speed riding skills, riding up and down steps, and how to quickly mount and dismount from the bicycle in emergency situations.

Due to the residential and business growth, as well as having a metro park within Jerome Township, Sheriff Jamie Patton seized an opportunity to provide an additional service to the citizens. The program provides the PSO an opportunity to respond to calls quicker and perform their duties in areas which may not be readily accessible to a traditional patrol vehicle.

The Bicycle Patrol Unit will not replace the traditional patrol vehicles but will enhance and augment the patrol capabilities of the Sheriff's Office within the business and residential areas.

Pictured below are Union County Sheriff's Office Public Safety Officers, Dep. Jordan Shoemaker, Dep. Zach Schnarre, Dep. Wyatt Payton, and Dep. Alex Wargo, that recently became certified as an IPMBA Police Cyclist after completing the International Police Mountain Bike Association Bicycle Patrol Course in Delaware, OH.

DIVERSITY AND LEADERSHIP TRAINING

During the month of July, the entire staff at the Union County Sheriff's Office participated in training to gain a better understanding of diversity issues in our community and to learn positive ways that law enforcement can interact with diverse racial and ethnic populations. The training was led by Mr. John Duffy of Dublin, Ohio. Duffy, a retired senior staff member from Honda of America, has a passion for diversity awareness and leadership. Recognizing the leadership roll the Sheriff's Office fills in our community, Detective Shawn Golden put together a training plan and facilitated the training. "Now, more than ever, we need to embrace the challenges in our community and develop racial and ethnic competency," said Golden.

Duffy shared a personal and powerful perspective during the training. In March, 1996, he was racially profiled by law enforcement and was detained in handcuffs for a crime he didn't commit. He happened to be in the wrong

place, at the wrong time, and fit the description of a person sought by law enforcement. In addition to helping staff members develop a foundational understanding of diversity issues and their impact on law enforcement credibility, Duffy stressed the importance of embracing the leadership role that members of the Sheriff's Office have in our community

Duffy's presentation reinforced the importance of showing respect for everyone, building relationships, actively listening to others, and understanding how our perceptions influence our thinking. He challenged the attendees to rise to the occasion and be a positive change agent during these difficult times in our nation.

"This was an excellent training opportunity for our staff that will help us every day in our work as law enforcement servants," said Union County Sheriff Jamie Patton.

COMMUNICIATIONS DIVISION

The Communications Division currently has 13 full-time civilian communications officers. This division is responsible for receiving and dispatching calls for service (including 9-1-1 calls), as well as dispatching for nine (9) Fire and EMS Departments. The dispatchers on duty must monitor multiple phone lines (which include eight 9-1-1 lines), multiple radio frequencies, Law Enforcement Automatic Data System (LEADS)

computer, weather and tornado sirens, and greet the general public.

The Union County Sheriff's Office operates the sole Public Safety Answering Point (PSAP) in Union County. 911 calls placed in Union

County (except in the Village of Plain City and the Dublin annexed areas in southeastern Union County) are answered by Union County dispatchers.

In 2021, the Communications Division upgraded radio consoles to integrate a direct communication with the State of Ohio Multi-Agency Radio Communications System (MARCS).

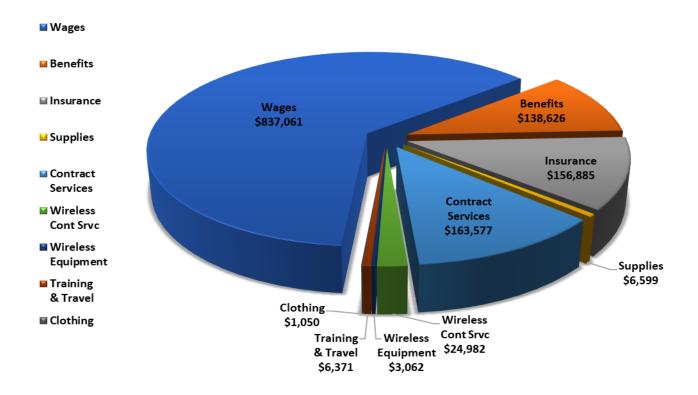

The Wireless Government Assistance Fund (WGAF) accounts for approximately 7% of 911 funding in Union County, the remaining 93% of funding for the UCSO PSAP is generated by the Union County Public Safety Communications Levy.

911 Expenditures for the year 2021 are expressed in the chart below:

On November 2, 2021, the Union County Public Safety Communications Levy Renewal passed, allowing the Communications Division to continue providing quality 911 services to the citizens of Union County.

CRISIS INTERVENTION TRAINING

On July 14, 2021, members of the Union County Sheriff's Office Communications Division, completed Crisis Intervention Training. This crisis intervention program presented by the Ohio Crisis Intervention Team, helps teach Law Enforcement Officers and Dispatchers techniques for de-escalating persons believed to be having a mental health crisis. Across the country, Crisis Intervention Team (CIT) programs have been developed to help direct persons with mental illness into treatment instead of inappropriate incarceration.

The Union County Sheriff's Office has included CIT training in our mandatory training matrix for all Deputies and Dispatchers to complete.

If you or someone you know is experiencing a mental health crisis, call the Crisis Help Line (24/7) at 1-800-731-5577, Text 4help to 85511, walk in to Maryhaven at the Mills Center at 715 S. Plum St., Marysville, OR in the event of a crisis emergency, call 9-1-1 for an urgent response by a trained CIT Deputy.

PUBLIC SAFETY OFFICERS (PSO)

The Public Safety Officers (PSO) are deputies cross-trained in the skills needed to also be an emergency medical technician and firefighter. The deputies patrol their assigned townships in cruisers equipped with medical gear and firefighter equipment. This allows the deputy to respond as a first responder to any type of emergency. While the deputy obviously cannot fight a fire alone or transport a patient to the hospital, they can assist the regular medics and fireperson. On various occasions, these PSO deputies have served as a third trained person who is needed on a fire truck or emergency squad out of the station. This position has been part of the Union County Sheriff's Office team since 1998.

In 2021, there were six (6) PSO's.

- EMS Runs that PSO's were dispatched to = 253
- Fire Runs that PSO's were dispatched to = 82

Average response time for deputies (regular deputies and PSO's) dispatched on EMS calls where EMS reports were taken = 4.6 minutes and the average on scene time prior to EMS = 2.6 minutes.

DOG WARDEN

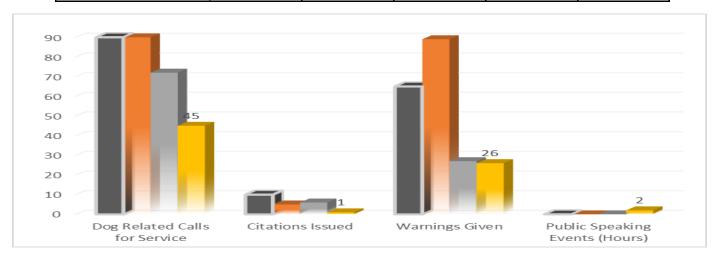

In November of 2018, the Dog Warden authority was transferred from the Union County Board of Commissioners to the Union County Sheriff. The 130th Ohio General Assembly changed Chapter 955 of the Ohio Revised Code (ORC) to allow Counties in the State of Ohio to put the Dog Warden responsibilities under the County Sheriff; this change in the law became effective on September 20, 2013.

The Sheriff's Office works directly with the Union County Auditor's Office on issuing dog licenses. Both offices work on enforcement and education of the Public, on the importance of licensing your dog.

According to Chapter 955 of the Ohio Revised Code, a dog license is required for all dogs over three months of age. In 2013, multi-year dog license became available. Dog owners now have an option to obtain a One-year license (\$18), Three-year license (\$54) or a Permanent, non-transferable dog license (\$180). There are penalty fees assessed when renewing a yearly dog license after January 31st of the current year. For more information or to obtain a dog license, please contact the Union County Auditor's Office at (937) 645-3003 or by visiting www.doglicenses.us/OH/Union. Residents may contact the Union County Sheriff's Office at (937) 642-4110, 24 hours a day 7 days a week, to speak with someone about dogs running at large or any other dog related concerns. Any information, such as the dog owner's name and address, dog's name or a description of the dog would be very helpful information to have when calling.

SUPPORT SERVICES DIVISION

The Support Services Division is a division within the Union County Sheriff's Office responsible for community education, including but not limited to, school resource officers (SRO)/Drug Abuse Resistance Education (DARE), crime prevention programs, project lifesaver, drug take back, community events and festivals, and UCSO fundraisers. In addition this Division oversees the special deputy bureau, including the Volunteers in Police Services (VIPS); all agency training to include Continued Professional Training (CPT), annual qualifications, and re-certifications.

2021 brought some challenges and opportunities for the Support Services Division. With numerous Covid-19 protocol restrictions, the SROs were able to continue their DARE curriculum with the continued support and flexibility of the schools and their administrators. The SROs assisted in several school drills to better prepare for emergencies such as fire drills and lockdowns.

The UCSO partnered with the Dublin City Schools to provide an additional SRO for two of their schools located within Union County. This assigned SRO works at Abraham Depp Elementary and Eversole Run Middle Schools in Jerome Township. In addition to this newly appointed SRO, the Sheriff's Office has SROs at Fairbanks and the North Union schools.

Each spring and fall, area law enforcement agencies partner with the Drug Enforcement Administration, Memorial Health, and the Union County Drug Free Coalition to provide area residents with an opportunity to properly dispose of prescription medications. In 2021, a total of 412.9 pounds of prescription drugs off were taken off the streets for safe disposal. However, throughout the year residents also have the ability to utilize drug drop off boxes located in local law enforcement agencies through out the county. Drug Drop Off Boxes can be located at Marysville Division of Police, Plain City Police Department, Richwood Police Department and the Union County Sheriff's Office.

The Deputy assigned as the CIT/CISM coordinator was able to conduct trainings thru-out 2021. In July of 2021, UCSO hosted an 8-hour CIT training for Communications Officers (dispatchers). This training provided the Communications officers with the tools to better de-escalate stressful situations while still getting the much needed resources sent to the scene. In October, a 40-hour training was provided for area law enforcement and first responders. Agencies attended from Union County, Logan County, and Champaign County. In August 2021, our CIT/CISM Coordinator, along with members from the Union County Mental Health Recover Board (UCMHRB), attended an international training held in Arizona. The team presented workshops to various groups on our tracking and reporting mechanism that Union County uses for our Crisis Intervention calls. The training was very well received.

Support Services held a couple of fund-raising events in 2021, our annual Safe Heroes Golf outing and the annual Turkey Shoot both are community favorites for the Citizens of Union County as well as the staff at the UCSO. Proceeds from these events assist with purchases for our Community Outreach programs and other community events, such as Steam Threshers, Union County Fair, the All Ohio Balloon Festival, and the Richwood Fair.

Wrapping up 2021, we were able to hold a traditional Shop With a Hero event in December. With the assistance of local law enforcement and our fire fighter partners. This event impacted numerous families in Union County. The event has been successful each and every year, growing by leaps and bounds! This event wouldn't be possible without the partnerships with Meijer and Walmart, as well as the various volunteers from all of our first responders in Union County. Thank you!

Our VIPS (Volunteers in Police Services) donated a total of 710.5 hours for 2021. These men and women volunteer their valuable time to provide assistance during our special events and with special projects. We can't thank them enough for their support and dedication to the Union County Sheriff's Office!

2021 NOTABLES

2021 has been a busy year of recruiting for the UCSO, we have had considerable challenges filling open deputy sheriff positions, so we began traveling throughout Ohio visiting various academies. Our challenges are not unusual from the challenges <u>all</u> law enforcement agencies are facing throughout the country. In today's climate, recruiting for law enforcement officers is critical for a safe thriving community. We continue to search for the best candidates for <u>all</u> of our open positions, it's important to maintain good customer service for those who live, work, and play in union county. The UCSO will continue to do our due diligence to find the best fit for this office and to those we serve.

The Union County Sheriff's Office had five (5) resignations in 2021. We hired five (5) Deputies and four (4) Dispatchers. Moving into 2022, we will continue to search for replacement positions; four (4) Deputy positions, one (1) Dispatcher position and continue searching for qualified candidates for the open Assistant Communications Director, a new position budgeted for 2021.
