### ***Sheriff's Office Investigating Fulton Creek Road Fatal Crash***

On Monday, May 29, 2023, at approximately 7:46 pm, the Union County Sheriff's Office received a 9-1-1 call reporting a serious injury crash in the 10000 block of Fulton Creek Road. Deputies and units from the Northern Union County Fire and EMS District, the Marysville Fire Department, and the Delaware County EMS responded to the scene and found a 2015 Audi A3 with heavy damage in a farm field. A passenger was extricated from the vehicle by Fire and EMS crews and was flown to the Ohio State University Wexner Medical Center by MedFlight with critical injuries. The driver was pronounced deceased at the scene and has been identified as Diana S. Corona Mejia, age 27 of Burlington, Kentucky. The Union County Coroner was called to the scene and transported the driver to the Montgomery County Coroner's Office for an autopsy.

The preliminary investigation has determined the Audi was driving northwest on Fulton Creek Road when the driver lost control, drove off the left side of the road, struck a tree, overturned, rolled across the right side of the road, and came to rest in a farm field. Excessive speed appears to be a factor in the crash. It is unknown at this time if alcohol and drugs are factors in the crash. The driver was wearing a seatbelt at the time of the crash. As of this morning, the passenger was listed in critical but stable condition at the OSU Wexner Medical Center. The crash remains under investigation by the Sheriff's Office, the Union County Coroner, and the Multi-County Crash Investigation Team.
