

# UNION COUNTY SHERIFF'S STAR

Ohioans are facing difficult times during the stay home order. We can't thank everyone enough for following this directive during the COVID-19 pandemic. This is helping prevent the spread to your family, friends and co-workers. "The fear I have when we have silent victories is that people will start to say that COVID-19 was never there to begin with or that there was never a threat," said Dr. Acton. "Please know that this battle is still ongoing. We are blessed that we had early mitigation, but we may need to stay there. There is no way out of this without what we're doing together. Please continue to stay home."

The Union County Sheriff's Office along with various agencies are continuing to urge Union County residents to continue what we are doing, social distancing, lessening your trips to the stores, washing your hands and wearing masks if you must go out. "Thank you for doing your part and please stay safe," said Sheriff Patton.

## IF YOU'RE HIGH-RISK

BE A GOOD NEIGHBOR TO HIGH-RISK PEOPLE, DO THEIR SHOPPING FOR THEM.

**IF YOU MUST GO OUT:**

- Only 1 person go out
- Get everything at one store
- Make a plan (and stick to it)
- Finish your shopping quickly

**LESSEN YOUR TRIPS:**

Ask about getting an extra supply of medications to have on hand  
Consider a mail-order option

Have some over-the-counter medicines to reduce fever and other cold/flu symptoms

Plan to buy groceries and supplies to keep you stocked up for a couple weeks.  
If possible, get groceries and other items delivered

**WHILE YOU'RE AT THE STORE:**

- Keep 6 feet between you and others when shopping and standing in line at checkout
- Use pick-up grocery options. Have someone put items in your car.
- Take cleaning wipes with you to wipe down grocery carts and gas pumps
- Use a credit or debit card. **avoid cash if possible**
- Use hand sanitizer until you can wash your hands
- If you see a friend, wave but **don't** stop and chat. **Don't** shake hands or hug.

**WASH YOUR HANDS**  
AFTER THESE TOUCH POINTS

- After you get home from your outing
- Before and after unpacking groceries
- Especially after you sneeze or cough

**GO SHOPPING AT A TIME THAT'S LESS BUSY.**

During the stay home order, stores have special hours for older adults.

# Public Safety Officers

The idea behind the Public Safety Officer (PSO) program was to cross train deputies in the skills needed to also be an emergency medical technician and firefighter. The deputies currently patrol the townships they are assigned with medical gear and firefighting equipment. The equipment includes turnout gear, a full medic bag; and an automatic external defibrillator. This allows the deputy to respond to the scene on any type of emergency and be trained to handle the situation. While the deputy obviously cannot fight a fire alone or transport a patient to the hospital, he can assist the regular medics and firemen. On various occasions these deputies have served as a third person who is needed on a fire truck or emergency squad out of the station.

The PSO also makes a determined effort to get to know the people of their township. This allows residents to feel the deputy is specifically looking out for their safety, which is an aspect of a current trend in law enforcement known as community policing. This means the deputies and the public work as a team to deter crime. Residents also like to see a familiar face patrolling. They take on a sense of ownership of the deputies and that helps break down the walls between citizens and deputies.

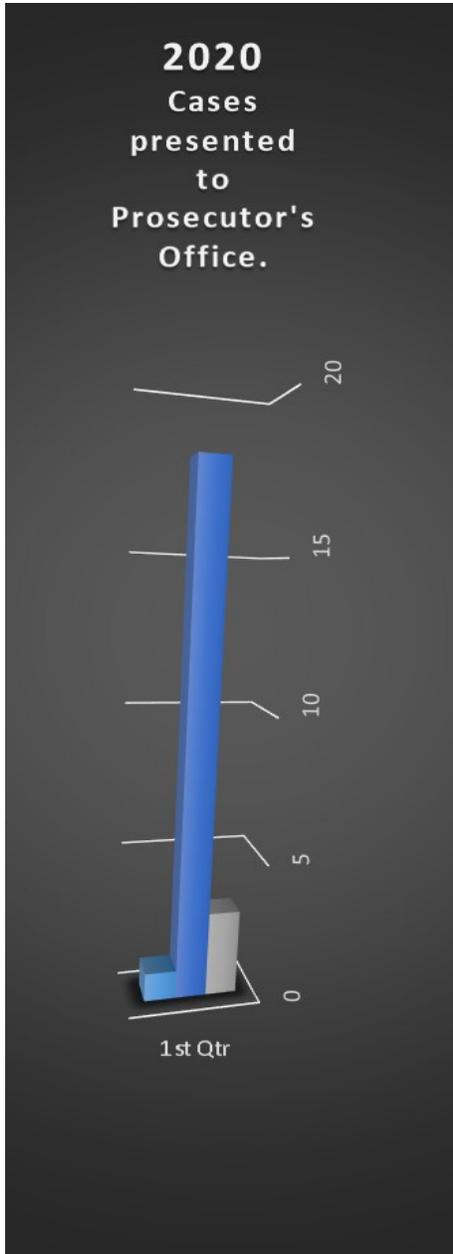

Deputy Matt Bebout, featured to the left, began working for the Union County Sheriff's Office in 2017 as a Public Safety Officer. In addition to being an OPOTA certified Law Enforcement Officer, Deputy Bebout is a Firefighter Level 2, EMT-Basic, a Certified Diver and certified in HazMat Operations/ Awareness.

Deputy Bebout is currently assigned to Liberty Township and Taylor Township.

## New CIT/CISM Deputy

In January, the Union County Sheriff's Office named Deputy Morgan Brown as the Crisis Intervention Team (CIT) & Critical Incident Stress Management (CISM) Coordinator. This position is grant funded and was created as part of the "Stepping Up Initiative". This initiative is a partnership of the Union County Sheriff's Office, Mental Health and Recovery Board of Union County (MHRBUC), and the Tri-County Regional Jail. The goal of the "Stepping Up Initiative" is to reduce the number of people with mental illnesses in jails.

As the CIT Coordinator, Deputy Brown will be able to provide annual CIT trainings to ensure that all staff has received basic CIT training. Dep. Brown will also be responsible for providing Advanced CIT training, which allows focus on more specialized groups (Autism, Veterans, Youth, etc.). Dep. Brown will be responsible for recording proper data from CIT reports that are completed after every interaction a Deputy has with someone believed to be having a mental health crisis. This data will be shared with the Mental health and Recovery Board of Union County. Having this data will provide UCSO and MHRBUC with guidance for training and equipment to help reduce the number of people with mental illness going to jail. Dep. Brown will also be working with first responders to help train on how to de-escalate scenarios related to mental illness and transporting individuals to Maryhaven (a behavioral health and addiction center in Union County) as opposed to jail.

The CISM portion of Deputy Brown's position is as a volunteer team member of the public safety and affiliate professionals serving regional fire, EMS, law enforcement, industry, educational, and other organizations involved in any type of critical incident. The CISM team was developed and has evolved into a process that helps people be resistant, to be resilient, and recover from critical incident stress. The CISM team can respond to a wide range of events: Line of duty death; multi-casualty incidents, violence to a child, incidents where responders know the victim, etc. Team members range from Deputy Sheriffs, Marysville Police Officers, Marysville Fire and EMS personnel, MHRBUC personnel, local clergy, and other local support groups. The CISM team can be quickly activated through the local Emergency Management Agency. **To Request CISM Services/Response call: 937-537-0141**
